## C. of C. to Investigate Possibility of Securing Pier

The directors of the Carpinteria Valley Chamber of Commerce held their regular monthly meeting in the Justice Court chambers on Wednesday evening and discussed the possibility of securing a pier for Carpinteria. A committee composed of C. A. Sawyer, chairman; Cliff Benedict, E. D. Solari, Percy Houts, Jr., L. R. Carter and Tom Dinsmore was appointed to investigate the proceedings necessary to secure this much needed improvement for Carpinteria, and the approximate cost of such a project. It is believed that if quick action could be taken on the matter that there is a possibility of securing government aid in the form of PWA or WPA grant. The proposed pier would be located one block west of Linden Avenue on the ground belonging to the County and platted as the foot of Elm Street.

The matter of a zoning ordinance to cover Carpinteria was again brought up and a committee will be appointed to go further into the matter.

A letter from Mrs. P. H. Gordon in regard to the planting of flowers along the Highway next spring was read and will be referred to the Garden Club. The directors voted to allow \$30.00 to the Womens Auxiliary to the Fire Department to cover the cost of 300 miniature crates containing lemonettes which will be given as favors when the organization entertains delegates to the convention in Santa Barbara next month with a luncheon to be held here in the Veteran's Memorial Building.

Other matters discussed included the advisability of securing a double stop sign at the intersection of Linden Avenue and State Highway 150 and the secretary was instructed to write to the proper authorities in regard to this matter. He was also instructed to advise the Highway Department that it was agreeable with the Chamber of Commerce for them to remove the old sign over the highway at their convenience. The directors also decided to contact the recently appointed County publicity agent in regard to pro-

## FARM BUREAU OPPOSES SINGLE TAX MEASURE

An increase of three times the present tax rate to owners of farm property faces California agriculture if the initiative calling for the adoption of Single Tax and elimination of Sales Tax and other use taxes carries in November.

This startling statement was made today by Frank G. Doty, State Director of the Santa Barbara County Farm Bureau based on irrefutable evidence compiled by Dr. Don T. Ellsworth, Tax expert for the California Farm Bureau Federation and pioneer in the fight against imposition of Single Tax.

Not only does the proposed Single Tax initiative call for the elimination of the Sales Tax, Doty said, but it also eliminates the auto-in-lieu tax, use tax, and private car tax.

"Under Single Tax, as proposed in the initiative which now has qualified for the November ballot," said Doty, "our present tax rate on land would jump from an average of 4.93 to 13.87 per cent. This would mean wholesale foreclosures of farm properties by the state for inability to pay taxes.

"In addition, loss of the Sales Tax revenue and that derived from other sources named in the Single Tax initiative, would mean the shutting down of schools in California as the funds derived from the Sales Tax now are being used to maintain the state's public educational system."

The California Farm Bureau Federation, Doty said, which has consistently opposed Single Tax, now is affiliated with the State-Wide Council Against Single Tax in combatting the initiative.

Doty said the fundamentals embodied in Single Tax, evolved by

## CAMPAIGN OFFICE OPENED IN S. B. BY HARRY E. FRYER

Harry E. Fryer, candidate for Sheriff, has opened campaign headquarters at 607 State Street in Santa Barbara, and is launching an intensive campaign to be carried out between now and the August 30th primary election. Carpinteria residents are invited to stop in and get acquainted with Mr. Fryer and his platform which carries several projects of vital interest to Carpinteria.

## LOCAL TEAM DEFEATED IN SPELLING BEE

The Carpinteria Chronicle spelling team, composed of three members of the team which met the Altrusa Club, Barny Kathman, Mrs. Hugo and Mrs. Ford Kline; and G. E. Hatton and Mrs. Ann Wayne-fleet, failed to break the winning streak of the Jack Martin team in the weekly spelling match held Wednesday evening over the News Press Station, KTMS.

The local team lost by a score of nine to six and the Jack Rose Bowl round of the match was the blow that spelled disaster to the Carpinterians. All words in this round had been selected from the map of Santa Barbara and the local team was unable to cope with these Spanish names and missed three words in this round.

## CAR OVERTURNS NEAR CARPINTERIA

Willie Rives of Burbank, Calif., escaped injury Sunday morning when a light coupe he was driving overturned in a ditch at Sandylands Dunes. Rives was traveling south on Padero Lane and failed to make a turn with the result that he landed in the ditch. Although he was not injured the car was badly damaged.

## PENSION PLAN TO BE DISCUSSED HERE TONIGHT

Although there is some question as to whether the \$30.00 a week pension plan will appear on the November ballot, a mass meeting will be held tonight at 7:30 in the Methodist Church in Carpinteria at which time details of the plan will be explained by speakers from the Hollywood Office of the proponents of the plan.

Preceding the discussion of the plan community singing will be led by Wallace Blair of Santa Barbara.

The Supreme Court of the State has ordered briefs filed in the action taken by a Los Angeles man who asked that the plan be removed from the ballot on technicalities and a decision in the matter will be rendered September 3.

## Main Events of Santa Barbara Fiesta Listed

Given below are the main events of the Fiesta Program in Santa Barbara which opened yesterday and continues to Sunday.

### COUNTY HAS HIGH TAX RATE ON OIL PRODUCED

Records in the office of County Assessor Tomlinson show that Santa Barbara County has the highest tax rate per barrel of oil levied by any of the four major producing counties of Southern California which include Los Angeles County, Orange County, Kern County and Santa Barbara County. The rate in this county is 3 3/4 cents per barrel; in Los Angeles 2 1/2 cents; in Orange County, 2 3/4 cents; and in Kern County 2 1/4 cents.

This rate brings in many thousands of dollars to the County, the Ellwood Oil Company alone having paid some \$116,000.00 during the past fiscal year. This method of taxation eliminates any possibility of oil companies failing to pay their fair share of taxes through concealed assets that might escape the attention of the assessor, since it is no easy matter to locate all of the taxable property of large concerns.

### VIVIAN BOTELLO CALLED BY DEATH

Friends of Vivian Botello, daughter of Mr. and Mrs. M. A. Botello of Carpinteria, were grieved to learn of her death which occurred shortly after 7:00 o'clock Wednesday evening at the family home near here. She had attended the local schools and was well known throughout the valley. She had been in failing health for some time following a serious illness some time ago.

Funeral arrangements are in charge of Martin J. Haider and the time of the services will be announced later.

Cotton Week will be observed at the 1939 World's Fair of the West next May 29 to June 3, with a cotton carnival, fashion shows and a Cotton Ball as the climax.

## Carpinteria Lions Club Assists in Fiesta Parade

It wasn't an invasion of the Mexican Army yesterday noon although it did look like it for a little while. It was merely the Carpinteria Lion's Club division in the Fiesta Parade awaiting transportation to Santa Barbara. This is the first time in several years that Carpinteria has been officially represented in the parade, the local Lion's club agreeing to supply the group representing the Mexican or Spanish soldiers pre-

## Seaside Employees to Hold Annual Picnic Here Sunday

The Seaside Oil Company Employees will practically take over the State Beach Park and the Cerca del Mar Club House on Sunday when their annual picnic and barbecue will be held in Carpinteria. G. D. McPhee and F. E. McClaren are in charge of games and entertainment and have arranged for the use of the Clubhouse for badminton, ping pong and dancing during the day. In addition a full program of outdoor sports has been arranged which includes: Horseshoes for men; three-legged race for boys, shoe or obstacle race for boys under 12;

nail driving contest for women; egg race for women; rolling pin throwing contest for women; sack race for girls under 12; backward race for girls under 12; dart games for everybody; tug-of-war for men; soft ball for men and volleyball. Prizes will be awarded to the winners of the various events.

The barbecue will be prepared and served at the tables in the picnic grounds and preparations are being made to care for one of the largest crowds ever to attend this annual event which is proving more popular each year.

ceding General Fremont.

Carpinteria generally has acquired the Fiesta spirit and most places of business were closed yesterday afternoon during the parade in Santa Barbara and a number of local citizens appeared decked out in typical Spanish costumes.

A number of Carpinteria people also entered the riders division of the parade.

### WE BEG YOUR PARDON

An editorial carried in a recent issue of the Santa Maria Times states that "Carpinteria papers" have endorsed Sheriff Ross for re-election. We beg to inform the Times that the Chronicle has not endorsed any candidate for any office so far in this year's campaign, with the exception of Dr. Walter Scott Franklin, candidate for lieutenant-governor.

We might further add that should we decide to endorse any of the candidates, and this is something we seldom do, we would not endorse Sheriff Ross. Personally, we have nothing against Ross, who as far as we know is an honorable and upright man and no doubt is himself an efficient officer. However, it is an impossibility for the Sheriff to handle all the work connected with his office and since it is his responsibility to delegate this work to paid deputies, it would seem that he has been unfortunate in choosing some of these men. At least that is the opinion of many residents in this area who have seen the deputies assigned to patrol duty here during the past few years, in action, or perhaps we should say inaction.

It is probable that some of our local citizens might feel differently if someone had impressed upon the Sheriff's deputies that shouting at persons who may have found it necessary to exercise their rights and call for assistance is not conducive to getting votes.

## The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

### CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"Hear me speedily, O Lord: . . . cause me to hear thy loving-kindness in the morning: for in thee do I trust: cause me to know the way wherein I should walk; for I lift up my soul unto thee." These words of the Psalmist constitute the Golden Text in the Lesson-Sermon on "Soul" on Sunday in all Churches of Christ, Scientist.

The Lesson-Sermon includes other passages from the Psalms: "LORD, thou hast been our dwell-

ing place in all generations. . . Let thy work appeal unto thy servants, and thy glory unto all their children. . . And let the beauty of the LORD our God be upon us"; and these words of Isaiah: "I will greatly rejoice in the LORD, my soul shall be joyful in my God; for he hath clothed me with the garments of salvation, he hath covered me with the robe of righteousness, as a bridegroom decketh himself with ornaments, and as a bride adorneth herself with her jewels."

Among the selections from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is the statement: "The recipe for beauty is to have less illusion and more Soul, to retreat from the belief of pain or pleasure in the body into the unchanging calm and glorious freedom of spiritual harmony."

## POLITICS -- Day by Day

### Monday

Candidates for other offices than that of governor are apparently saving their remaining rounds of ammunition for one final round just before the primary since, political releases received over the week-end were mainly devoted to the highest office of the State.

George Hatfield, Republican candidate for governor, states that California's Taxes can be reduced \$25,000,000 a year without impairing or curtailing any of the essential functions of the state government and pledges himself to make this reduction by recommending cutting of sales tax from 3 to 2½ or two per cents and the reduction of state income tax, especially for the lowered salaried.

Governor Merriam, also recognizing the vote-getting possibilities of a platform that calls for reduction of taxes, announces that he will recommend a reduction in taxes to the next legislature and that such reduction is possible since his administration has wiped out some \$30,000,000 of indebtedness inherited from the previous administration.

Both of the Republican camps are claiming increased support for their candidates and judging from present indications the votes for Hatfield and Merriam are pretty evenly divided with Merriam having a little the edge over Hatfield, which is more or less to be expected since he is the incumbent.

Regardless of which of these two candidates carry the Republican banner in the November election, it would seem that there is little question but what Dr. Walter Scott Franklin will be the running mate for the office of Lieutenant-Governor. Franklin's sane views on the various problems confronting the state are winning more friends each day. Franklin states that "We must have industrial peace in California, instead of labor wars and industrial turmoil, if we are to achieve business recovery and create jobs for our jobless workers," and states that he will appoint a Senate Labor and Capital Committee truly representative of workers and employers and will exert his efforts to aid in the enactment of legislation which will permit the substitution of mediation for strikes and lockouts.

Of the many Democratic candidates for governor only one has been heard from so far this week and that is the Olson Camp. A sheet entitled the Democratic Leader and published in Los Angeles is devoted to news of Olson's progress and predicts that he will receive the nomination on the Progressive ticket as well as on the Democratic ticket.

A temporary armistice seems to be in effect among the Democratic candidates for U. S. Senator, no releases having been received from headquarters of these candidates for several days. Ray L. Riley, Republican candidate for this office, emphasizes the need for additional Federal aid in caring for the aged and unemployed, stating that California has become an oasis in the unemployment desert and a mecca for destitute victims of unfortunate times and that the same rule of thumb used on other states should not apply to California.

As we have stated before we do not care for mud-slinging, retorts.

Youth Fellowship Meeting at 6:30 P. M. at the Circa del Mar at the Beach. Subject, "What Have I a Right to Expect of God?" Leader, Jack Hoffman.

Public cordially invited to these services.

Regardless of the party or candidate indulging in such methods, so we have thrown a release attacking the ethical position of Carl S. Kegley, candidate for Attorney General in the wastebasket. The material was purportedly a copy of a Court Decision, but we questioned the reliability since the envelope and stationery used gave not the slightest hint of the party responsible for its release, which is a good index to the character of the person indulging in 'poison pen' tactics.

### Tuesday

Everything still fairly quiet on the political front. Contrary to rumor that several of the Democratic candidates for governor plan to withdraw, they all seem to be in the race. Herbert C. Legg, Democratic candidate makes a blistering attack on the inadequacy of the present old age pension in California pointing out that there are a great number of persons too old for WPA work and too young to receive old age pensions under the present age requirements.

Earl Warren, candidate for Attorney General, continues to receive endorsements from many powerful groups. And while on the subject of Warren's campaign this week's bouquet of poison ivy goes to the person or persons responsible for the lowest of tricks we have yet encountered in this year's campaign. We refer to the bogus release sent out by someone of Warren's opponents with the obvious intention of antagonizing many voters by stating that Warren would seek the repeal of the law permitting pari-mutual betting in California.

A group of Southern California Publishers are campaigning strongly for the election of Al Snyder, San Fernando publisher, to the office of State Controller. Snyder is a Democrat and if the State should go Democratic his chances should be pretty good.

### Thursday

From San Francisco comes word that one of the largest Republican Clubs in California, the Republican Central Club of San Francisco, has given its blessing to George J. Hatfield for governor; Dr. Walter Scott Franklin for lieutenant governor, and Ray L. Riley for United States Senator.

Another unmarked envelope from McAdoo's headquarters contains several releases. One is a copy of a speech in which McAdoo makes the statement, "The New Deal is building our institutions on a solid rock against which no economic earthquake can again prevail." Of course a rock foundation is alright but it should be larger than the structure it supports and about the only way sufficient rock could be obtained would be to collect the millstones that the "New Deal" has hung around the necks of small and medium sized business men.

James W. Mellen, one of McAdoo's opponents in the race, charges that Treasury agents meddled and hampered the Senate Slush Fund investigation of the alleged "shake-down" among jobholders in the office of the Federal Collector of Internal Revenue at San Francisco for funds to support the campaign of McAdoo.

Still another candidate out for McAdoo's job is heard from in the person of Sheridan Downey. His headquarters in Los Angeles state that polls show Downey leading McAdoo by more than two to one in Los Angeles and that a \$5,000 cash wager that McAdoo will not carry Los Angeles county in the

August 30 primary has been posted with a Spring Street betting Commissioner with no takers.

It was quite amusing to find Governor Merriam and Senator McAdoo riding side by side in the Fiesta Parade this afternoon and was a smart trick on the part of someone since it was not possible to tell how little applause was meant for "Dear Mac" and how much for the Governor. The announcer on the public address system in the 500 block on State street apparently failed to recognize McAdoo until someone nudged his elbow since he introduced the Governor and was about to proceed to the next division of the parade when he belatedly introduced the Senator. Probably an oversight, but he also failed to recognize Lieutenant-Governor Hatfield who was riding in another division of the parade.

### CARPINTERIANS ESCAPE INJURY IN S. B. CRASH

John Nieves of the Catlin ranch, his wife and three children narrowly escaped serious injury Saturday night in a collision between the Nieves car and the one driven by George A. Tepper of South Pasadena at the intersection of Quinientos and Milpaes Streets in Santa Barbara. Tepper was held by Santa Barbara police on a charge of drunk driving following reports of police that he failed to make the boulevard stop at Milpaes and turned into the path of the other machine.

### GRAVESIDE RITES CONDUCTED FOR ESTHER McCAFFERTY

Graveside services were conducted Saturday afternoon at 4:00 P. M. for Esther McCafferty, who passed away Friday morning in a Santa Barbara Hospital after a brief illness.

The deceased had been a resident of Carpinteria for the past seven months and was a native of Anderson County, Texas. Surviving relatives include three brothers, Gene and Lawrence of Carpinteria and Edwin of Palestine, Texas and two sisters, Mrs. Eunice Williams of Frankston, Texas and Mrs. Aubrey Whitehead of Centralia, Ill.

### PUBLIC UTILITY VALUATION FOR COUNTY GIVEN

Sacramento—A valuation of \$990,403,660 has been placed on public utility property throughout California in a report submitted to the State Board of Equalization by A. G. Mott, director of the Board's valuation division.

While the value of tangible property represents a slight increase over the total assessment roll of the previous year, the roll to be submitted to counties for assessment purposes shows a reduction inasmuch as \$11,668,530, representing the value of the rolling stock of private car companies and previously included in the local rolls, now is subject to state taxes only under the Private Car Tax Act of 1937.

As a result of this change, it was explained, the value of tangible public utility property subject to local taxation was placed at \$939,104,700 as compared with \$948,651,280 for 1937. The intangible property was listed at \$39,630,430 as compared with \$55,094,920 the previous year.

In Santa Barbara County the 1937 values included intangible property, \$368,800; tangible property, \$9,547,370, as compared with 1938, intangible property, \$433,440; tangible property, \$9,061,440.

**ACCIDENTS WITH DOMESTIC ANIMALS**

Every driver who strikes a domestic animal and knows that he has either killed or injured same, is obligated to stop and take reasonable steps to locate and notify the owner of the accident, furnish his name and address to such property owner or his representative, according to Bruce Murchison, attorney for the Southern California Division of the National Automobile Club. The law applies to dogs and other domestic animals and death of the animal is not necessary in order to have the statute apply. Failure to comply with the law, may involve imprisonment.

## GARDEN PARTY DRAWS MANY OUT-OF-TOWN GUESTS

The annual garden party of the Carpinteria Woman's Club which was held last Thursday, Aug. 4th at the home of Mrs. Adrian G. Wood, attracted a large number of guests, many of them from out of town. Bridge tables were set under the trees and on the terrace and tea was served from the pergola in the patio at the close of the afternoon with the club president, Mrs. Joseph H. Hendy, Mrs. Wood, Dr. Genevieve Shorkley and Mrs. W. Guy Stockton at the tables. The executive board of the club acted as hostesses for the party, with Mrs. Percy Houts, Jr., as general chairman.

Santa Barbara guests included Princess Zalte-Zalesky, Mrs. Horace V. Beeks, Mrs. Minnie M. Stevens, Mrs. E. J. Clizbe, Mrs. R. C. Westwick, Mrs. Louis Miratti, Jr., Mrs. Stanley Belford, Mrs. W. B. McArthur, Mrs. N. A. Walker, Mrs. K. W. Tower, Mrs. LeRoy S. Pinkham, Mrs. C. C. Christiansen, Mrs. Fred Tisdell, Mrs. Berger Anderson, Mrs. Howard Frost, Mrs. Edward J. Trevey, Mrs. F. E. # EAST

It's A SIMPLE MATTER to see twice as much when you go East. Here's how:

1. Study the map. It shows Southern Pacific's FOUR SCENIC ROUTES.
2. Choose two routes over which you wish to travel.
3. Then go East on one Route and come back on an entirely different SP Route. You see twice as much and, in nearly every case, it costs NO MORE RAIL FARE.

#### LIQUOR LAW ENFORCED

Activities of the State Board of Equalization for the first half of the year in enforcing the Alcoholic Beverage Control Act, resulted in the arrest of 453 persons who paid fines totaling \$16,600, while an additional \$3,238 in fines was suspended.

The report shows 25 persons were jailed as well as fined, 30 were given alternative jail sentences. Thirty types of violations were reported, sales to minors leading with 65 arrests.

Among other penalties the board suspended 158 licenses for varying periods and revoked 36 others.

Officers confiscated a total of 80,963 gallons of illicit liquor of all types.

"The generally fine cooperation of local peace officers in enforcing the Alcoholic Beverage Control Act is highly appreciated by the board," said William G. Bonelli, member from this district.

#### FAMED CAGE GAME RE-STAGED

A return engagement of the famous Stanford - University of Southern California game of last winter which ended with U.S.C. scoring a basket in the final second of play to defeat Stanford 49 to 48, will be seen in the new Paramount picture, "Campus Confessions." The game was replayed before the cameras for the picture which introduces "Hank" Luisetti Stanford All-American ace, to the screen.

#### CAUTION BEAR CREEK DRIVERS

Motorists are cautioned by the San Jose Office of the National Automobile Club not to use the Bear Creek Road between Los Gatos-Santa Cruz Highway and Boulder Creek. The road is in fair condition from the Los Gatos

Frances Farmer and Akim Tamiroff working in heavy Russian clothes in front of a lighted fireplace on Hollywood's hottest day this season, for scenes in 'Escape From Yesterday' Anna May Wong has had her name written in Chinese on the doors of her town car.

Irene Dunne off for an extended motor trip before starting work in her next Paramount assignment, 'Invitation to Happiness.' The picture will be produced and directed by Wesley Ruggles, when he returns from his European vacation. Ray Milland is back in Hollywood following a vacation at a dude ranch in Wyoming, where he went following the completion of 'Men With Wings.' Louise Campbell, who plays in that picture with Ray and Fred MacMurray, has set her marriage date to Horace McMahon for October. Eleanor Whitney at the Jack Benny home, recuperating from a tonsilectomy. She's staying there with Mary Livingstone's sister while Jack and Mary are vacationing in Seattle. George Burns and Gracie Allen leave the end of the week for Honolulu, where they will vacation for a month before resuming their Paramount contract. The Bing Crosbys have moved to their ranch near Rancho Santa Fe so that Bing can be near the Del Mar race track while the racing season is on down there.

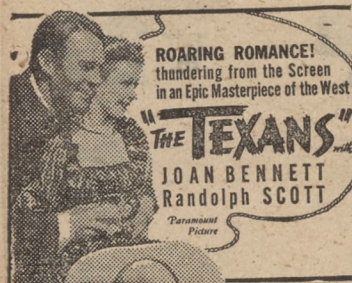

Frances Dee and Joel McCrea have taken the Harold Lloyd beach home at Santa Monica for the remainder of the summer months. Gail Patrick has had to postpone plans she had for a vacation in Alabama, upon completion of 'King of Alcatraz,' because of her next assignment with Randy Scott in 'Disbarred.' To really avoid the rush of Christmas buying and giving, Claudette Colbert has several things already selected and wrapped. She's working on her list between scenes of 'Zaza' her current picture with Herbert Marshall.

## "SIESTA TIME" OPENS AT LOBERO

The romantic youthful lead of "Siesta Time" is Homer Gayne of Los Angeles and Hollywood, well known stage and radio singer. During the drive for the restoration of the Santa Ynez mission he was heard as the "Travelling Troubadour" and also sang two years ago in the fiesta play at Lobero.

Mr. Gayne has an interesting background. After studying languages through high school and college, a few years ago he was the singing juvenile lead in the first Japanese presentation of a Japanese opera in the Hollywood Bowl. He translated the opera "Iris" by Mascagni for the Euterpe opera reading club in Los Angeles and also the Mexican music drama "Tonatiuh" an aztec opera in which he sang the tenor role at the Biltmore theatre. Mr. Gayne says he just accidentally fell into music through his study of languages. He is a lyric writer, and last year twelve of his songs were sold to Fox and Universal.

On radio Mr. Gayne has sung on the Milnor Hour, and with the Paul Taylor chorus with Grace

Moore, Bing Crosby, Marian Talley and others.

Playing opposite him as "Carmelita" will be Anita Deardorf, well known for her work with the Community Arts plays in Santa Barbara and with the producer, Henry Duffy.

"Siesta Time," written for Santa Barbara's fiesta, will be seen at Lobero on Wed., Thurs., Fri., and Sat. nights, Aug. 10, 11, 12 and 13, and there will also be a matinee on Saturday.

## LOTTE LEHMANN TO BE HEARD ON AUGUST 20TH

Truly festival in the brilliancy and diversity of its offerings is the second event of the Summer Festival Series scheduled for the Santa Barbara County Bowl on the Riviera Saturday evening,

Joan Bennett and Randolph Scott in "The Texans" now playing at the Fox Arlington Theatre. Also on the same program, "Bulldog Drummond in Africa." Added, latest "March of Time."

August 20. The opening overture by a symphony orchestra from Los Angeles will be "Dvorak's 'Carnival.'" Rock Ferris, young American pianist, will follow, playing the Grieg Concerto. Wagner and Strauss will be represented in the numbers offered by Mme. Lotte Lehmann of the Metropolitan Opera company. To round out a 'delightful and highly artistic evening the San Francisco Grand Opera ballet will appear twice.

Mme. Lehmann will make her reappearance before a Santa Barbara audience when she sings "Elsa's Dream" from Lohengrin. She also will be heard in three exquisite Strauss songs, "Allerseelen," "Morgan" and "Zueignung."

The first program offering of the San Francisco Grand Opera ballet will be "Sketches," a divertissement ballet, with music from "Faust"; and Schubert's "Rosamunde", a dance from Tchaikowsky "Nutcracker Suite", and an original Russian number.

### ANNUAL DOG SHOW TO BE HELD AT HOPE RANCH

Santa Barbara's 13th Annual Dog Show will be a one-day, outdoor event on the spacious Hope Ranch polo field Sunday, Aug. 21.

The outdoor shows held under the auspices of the Santa Barbara Kennel club and the American Kennel club, when it is affiliated, have been very popular in years past. This year's committee believes that a great number of California dog owners will enter their dogs for the fine prizes for which Santa Barbara shows are noted, when it is known that the dog may compete with only one day on the bench and that in an airy tent with ample space for exercising. Entry blanks are ready for distribution at the dog show headquarters, 1012 State street. Entries close at midnight, Aug. 15.

In charge of the show are Mrs. Sidney F. Hecker, Jr., president of the Santa Barbara club; Earl Armstrong, vice president; Sidney F. Hecker, Jr., secretary and treasurer and Harold S. Chase and Silsby Spalding, directors.

### FIESTA FAREWELL SHOW AT GRANADA

Special announcement was made regarding the gala Fiesta Farewell Midnight Show at the Granada Theater, Santa Barbara, Saturday night, August 13th, at the close of the three day Fiesta celebration.

This show will commence at 11:30 p. m., after the close of the regular evening performance.

The special attraction is a major studio preview of one of the largest feature pictures of the Warner Bros. 1938-39 season of greater movie hits.

The preview is reported to contain six of the industry's biggest stars in a powerful dramatic story with considerable comedy relief.

An elaborate program of short subjects, especially selected for Fi-

### FARM BUREAU CONFERENCE TO BE HELD IN SOUTH

Breaking a twenty-year precedent governing the holding of regional Farm Bureau meetings, eight southern California counties, comprising regions number one and two in the California Farm Bureau Federation, will stage a joint conference, Saturday, August 13, at Huntington Beach.

The meeting, said Mr. Doty, State Director of the Santa Barbara County Farm Bureau, will draw Farm Bureau officials and members from San Bernardino, Orange, Riverside, San Diego, Imperial, Santa Barbara, Ventura, and Los Angeles Counties, and a record-breaking attendance is anticipated.

In addition to representatives of County Farm Bureaus, County Farm Advisors, county Home Demonstration Agents, County Home Department Chairmen, and chairmen of various farm commodity groups also will take part in the meeting, which is to be held in Memorial Hall, Civic Center, Huntington Beach.

Featuring the day's program which begins at 9:30 a. m. with commodity conferences, will be addresses by Mrs. T. M. Sims, of Fresno, chairman of the Farm Home Department of the California Farm Bureau Association, and E. C. Kimball, of Ventura, vice president of the Federation.

Presiding over the conference will be W. F. Eldridge, of Corona, and J. P. Butler, of Chatsworth, directors, respectively, of regions number one and two in the state Farm Bureau, and members of the organizations board of directors.

"The August 13 meeting," said Mr. Doty, "is unusually important because recommendations and program adopted will be forwarded

esta time, will augment the showing of the preview, and regular Granada prices are to be charged.

to the annual convention of the California Farm Bureau Federation to be held in November; and to the annual convention of the American Farm Bureau Federation, scheduled for December."

Mr. Doty said the American Farm Bureau Federation, patterning after the methods employed by the California Farm Bureau Federation, has just created the appointment of nation-wide committees, representative of 40 state Farm Bureau Federations, covering many of the activities and commodities for which the organization has built legislative and other programs.

Among the crop committees are: cotton; livestock; dairy products; poultry; field crops; fresh fruits and vegetables; and canned fruit and vegetables.

Activities include: organization; Associated Women; rural youth; cooperative buying and selling; group medicine; and many other phases of Farm Bureau work.

The Santa Barbara County Farm Bureau has received word from Alex. Johnson, of Berkeley, secretary, California Farm Bureau Federation, saying the next annual convention of the state organization would be held in Sacramento, November 13-17; to be followed by the annual convention of the American Farm Bureau Federation, in New Orleans, December 12-14.

**BONELLI FAVORS STRICT LIQUOR LAW ENFORCEMENT**

Unsolicited endorsements from every section of Southern California for William G. Bonelli to succeed himself as Fourth District member of the State Board of Equalization, may be attributed to Mr. Bonelli's firm pronouncement of strict law enforcement.

This is the opinion of shrewd political observers who are aware of the concerted action in every one of the eight counties making up the Fourth District, to elect Mr. Bonelli at the primaries.

Industry and labor, merchants and housewife, by their resolutions and endorsements are backing Mr. Bonelli's program of law enforcement.

Mr. Bonelli has shown no favors in the matter of liquor industry or in the many matters which are handled by the Board. There are regulations governing the industry and Mr. Bonelli insists on their strict observance.

Just a few days ago, reports Mr. Bonelli's headquarters, more than 55,000 retailers in organizations engaged in many lines of business in the eight counties comprising the Fourth District, unqualifiedly

**REUNION PLANNED BY NINETY-FIRST DIVISION IN L. A.**

A nation-wide effort to locate former members of the famous "Powder River" Ninety-first Division, A. E. F., is being made by members of the Ninety-first Division, A. E. F. 1938 Reunion Corporation of Los Angeles. Composed of members of the Ninety-first Division Post of the American Legion and the Ninety-first Division Association of that city, the group has undertaken the huge task of staging the Division's largest National Reunion during the National Convention of the American Legion in September.

Headquarters under the active supervision of A. F. Purcell, Executive Vice chairman, have been established at the Hayward Hotel in Los Angeles. Former members of the Division will be sent full information and an outline of the plans if they will contact that office.

endorsed Mr. Bonelli. His law enforcement program has met with the approval of a great majority of the citizenry and his election to the office he now holds is generally conceded by them.

*... the Cleanliness of a Natural Gas Community*

The stars seem closer in Southern California! There is no smoke-laden atmosphere to dim them. Skies are smokeless because the prevailing fuel is natural gas. And gas burns clean. It provides the intense energy needed to keep industry humming and to make homes more livable, yet it leaves no residue of any kind. Because of its controllability, too,

it is the cleanest fuel for cooking. With gas, you have exact adjustment of heat—you avoid boilovers and excess steam.

Have you examined recently the marvelous convenience features of the new gas appliances? Drop in at a dealer's or the gas company, today! Ask about the very liberal terms. SOUTHERN COUNTIES GAS COMPANY
