## DRIVE FOR \$5,000 IS STARTED FOR IMPROVEMENTS ON ATHLETIC FIELD

### SOPHOMORE DAY OBSERVED WITH FINE PROGRAM

By Marie Cochran

Another class day has come and gone, leaving with the students a wonder that Fanchon and Marco have not taken advantage of the local talent which class days bring out. The sophomores once more used an orchestra, dancers and all the rest of the paraphernalia of revues. At that, however, the two remaining classes will have to exercise a great deal of ingenuity in bettering their program.

The introduction was made by three young ladies and three young men, singing an announcement and eulogy to the sophomores. The six young people were Dorothea Peterson, Betty Procter, Anita Cochran, Chester Tubbs, Ned Porter and Martin Bredstein. The curtain opened to disclose a cabaret scene with four couples dancing to the music of Wes Dickenson's orchestra.

#### Smoothness Marks Program

Regular Cinderella ballroom style featured the rest of the program, each number swinging out into the empty space before the tables with professional smoothness. Carmie Janssens and Ella Cornwall, looking as though they had strolled from the sister act in "Show of Shows," did two clever dances, the best of the two being a tap dance. The Revellettes came on next, singing, "If I Can't Have You," and "Love Ain't Nothing But the Blues."

With the next bit, the audience was divided half and half, half being in Holland watching a Dutch dance and the other half in New York with the people in the cabaret—at least they might

### Have You Noticed?

Lew Goodfield's trench coat?

Charlie Van Winkle taking a bath in public?

That Wes Dickenson, Harry Denno, and Jimmy Ruiz are beginning to become enthused over their trip to the Orient with Vic Janssens and George Phillips?

Poison oak behind Franklin Anderson's ear?

That Elwood Grady is already developing a bald spot?

Ned Porter's Ford, Aristotle II.

"Luke" Trimble seeking someone to darn his socks?

Mrs. Croswell's three curls? Ice in the pool in the quad?

### ALPHA PHI GAMMA CONVENES HERE

### ANNUAL MEET OF ALUMNI IS HELD IN L. A.

The southern section of the college alumni association held its annual meeting during the holidays at the Ambassador Hotel in Los Angeles. Carl Wirths was reelected president and Lewis Peters was reelected treasurer. Miss Elma Moxley is the new secretary, and Miss Helen Barber is the new vice president.

Dr. Braden, president emeritus of California Christian College, was the principal speaker of the meeting with a talk on "Personality of Teachers."

A male quartet composed of Lewis Peters, James Dinwiddie, Carl Wirths, and Bobbie Armstrong, sang two numbers, "Bells of St. Mary's" and "The Pagan Love Song," the latter in honor of Mrs. Miller Abraham. Miss Alvin sang several songs, the music and words of which were written by an alumnus, Bill Hartshorn.

For a wedding present, Mrs. Abraham was presented with a hand beaten silver punchbowl. The bowl, presented by Carl Wirths, was made by the president himself.

A committee for the placement of State College graduates in Southern California schools has been formed by the alumni branch. Through the cooperation of Mrs. Abraham, registrar, the committee acquaints the college graduates with positions open, and efforts are made to place the graduates.

Over 25 men were present for the meeting, which was the largest number of males ever to attend.

### YOUNG WRITERS HOLD REGIONAL MEETING HERE

Pi chapter of Alpha Phi Gamma, national honorary co-educational journalism fraternity, played host last week-end to delegates from four other chapters at the second annual convention of the western branch. Delegates from Fresno State College, Redlands University, Southwestern University, and the alumni chapter in Los Angeles met with local members.

Next year's convention city will be Fresno, it was decided. Howard Potter of Fresno was reelected western vice-president, and Jack Smith of Southwestern was reelected western secretary. Smith was formerly a student at this college.

The convention opened with a banquet in the home economics hall Friday evening, at which time Dean Ashworth gave a humorous reading. A dance was held after the banquet.

Saturday morning the convention continued with an assembly of delegates in the auditorium. President Phelps welcomed the delegates, and Howard Potter replied. The feature of the morning's session was a talk by Lynn Simpson, managing editor of the Daily News, on "The Transition Period in Journalism."

Mr. Simpson spoke of the growing importance of journalism fraternities and mentioned the great-

(Continued on Page 2, Col. 5)

### ORCHESTRA IN PROGRAM OVER LOCAL RADIO

Under the direction of Mr. Clifford Leedy, the newly organized college orchestra gave a program over radio station KDB Wednesday night.

The program opened with selections from Victor Herbert's "The Fortune Teller," which was followed by Monti's "Czardas." Mrs. Madeline Ambrose sang a vocal solo. The orchestra played "Reve Angelique" by Rubinstein.

A vocal trio, Mary Louise Dye, Inez Cash, and Margaret Barnett, sang the next number, which was followed by a piano solo by Anita Cochran and a violin solo by Ruth Hurst. The orchestra next played "Agnus Dei" by Bizit and "Caprice Vennois" by Kreisler. A trio composed of Inez Cash, violin; Bruce Tomlinson, cello; and Mrs. Helen Barnett, piano, played the next selection. The orchestra concluded the program by playing the college "Alma Mater."

### Journalism Society Takes In 5 Pledges

Five members have been initiated into Alpha Phi Gamma, national journalism fraternity. They are Dorothea Peterson, Katherine Bishop, editor of La Cumbre; Allan Ottley, editor of the Eagle; Sam Williams, business manager of the Eagle; Dean William Ashworth, associate member.

Marie Cochran, president, was in charge of the initiation. Members included Dora Woods, Doris Rodehaver, Marjorie Holmes, Lucille Powers, Dorothy Cronise, Emily Wood, and Franklin Anderson.

### TRACK, DRAIN, BLEACHERS WILL BE BUILT

A movement whereby \$5,000 will be raised to make improvements on Phelps Field was started yesterday morning with a program in the auditorium. Nearly half of that amount is now assured with the pledging of ten dollars each by about 250 students.

Students who were not in the assembly but who are willing to contribute are expected to swell the amount to about \$3,000. Now that the drive is off to a flying start and a substantial sum assured, alumni members who have promised their backing will soon be rallying round with their support.

Without a good athletic field, teams of the Southern Conference will not consent to come to Santa Barbara for competition with the Roadrunners. When the field is completed the students will see such teams as Occidental, Whittier, Pomona, Caltech and Redlands, in Santa Barbara competing in football, track, and baseball.

#### Where Money Goes

The money will go to make further excavations on the field, complete the laying of the drain, to install bleachers on the hillside and to build a track. The completion of the field will rank it as one of the best in Southern California.

Night football is being seriously considered, Coach Davis told the students in the assembly.

The program was in the form of a radio broadcast over the new public address system presented by Major Fleischman. The stage was made to represent a fraternity room with pennants and athletic equipment conspicuously displayed. "Red" Gillum was the announcer.

The program opened with songs and cheers led by George Greenough, the songs being accompanied on the piano by Virginia Weber. President Phelps gave a little of the history of the athletic field. Coach Davis then told of the future in athletics for the college. Musical members over the "radio" interspersed the talks.

#### Dinner Planned

The primary department of the college elementary school is holding a benefit dinner January 24 at 6:30 p. m. in the new dining hall. The dinner is fifty cents a plate and tickets may be secured from any primary teacher. According to those in charge there will be a fine program after the dinner.

## A HEART TO HEART TALK WITH THE EDITOR

TWO great developments in Roadrunner athletics have been made this semester under our capable coaching staff of Davis and Trimble. The first is the acquisition of the Flying "A" studio for a basketball court, and its size, location, and advantages for the spectators rank it as the leading basketball pavilion in Santa Barbara. Coach Davis worked on that studio proposition for nearly a year before he secured it, and then all during the Christmas holidays he and Coach Trimble, with very little assistance from the students, installed equipment, painted and smoothed the floor, and made everything ready for games at the opening of the year. The new court is a fine addition to the college, and gives many townspeople the opportunity of seeing Roadrunner teams in action. This Friday the frosh play a game with the Independent Athletic Club of Oxnard, and a three game program enlivened with boxing bouts is the dish for tomorrow night. What a program, and how!

Another notable step in putting the college on a high athletic plane is the movement toward student pledging, which will make it possible to prepare the track on Phelps Field for the track season. Prospects look bright in this sport this year, but unless the field is in some semblance of its proper condition, track will fizzle out. We will not be able to invite Southern Conference teams, which all have fine fields, to a contest in Santa Barbara if shotputters have to cut down the shrubbery before they can do their heaving, and sprinters have to dodge around piles of earth in their dashes. There is no doubt but that Phelps Field has all the elements of being one of the ideal sites for athletic contests. At little expense bleachers can be constructed on the hillsides, but unless we first prepare the field for track and later, baseball, we can not expect to see any fans, and will not even be able to schedule meets here. If all of us pledge ourselves to just ten dollars, payable in five installments before the summer vacation, we can make our athletic field something of which the college and the town can be distinctly proud.

It is not an uncommon occurrence for students at the big universities to build improvements through pledges. One man we have in mind pledged \$150 toward the construction of the stadium at Illinois, graduated before its completion, and HAS NEVER EVEN SAT IN IT! That's loyalty to his school, but he feels that it gave him something with which he can earn a living the rest of his life. And we certainly aren't paying too much for our education at this state college that we cannot reimburse it to some small extent by pledging at least ten dollars toward fixing up what will soon be one of the college's proudest possessions. Pledging ten dollars means that we can pay it in five installments of two dollars each, or fifteen dollars in installments of three dollars each, which is no more than many students pay for fraternity or sorority fees. If we put aside eight or twelve cents a day we will have more than our monthly payments on the pledges. Speaking of a few pennies like that shows how easy the payments will come.

Supporters of the college down town have helped old State more than most of us realize, but they have finally decided that they will do nothing further until we HELP OURSELVES! And it is only right that they should feel that way. This is our school,

## BIRDS-I-VIEW

By Larry Parma

Being an optimistic fellow and a dopestor of the first water, I have it all figured out that the varsity will trounce Whittier tomorrow night. Hark ye, hark ye, listen, learn, and laugh. Cal Christian beat the boys by forty points, more or less, mostly more. Then Oxy did the same thing, only the winning margin was exactly sixteen points. And again last Saturday the team was nosed out by two digits. Take and figure out how much the winning margin was decreased each time. It comes out fifty-six and fourteen and seven tenths per cent. Construct a graph and draw straight lines, and what do you get? Damned if I know. All you can see though is that the line intersects the game axis on the winning side of the graph. Which may not be the way Prof. Peters teaches math, but then it gives you the answer you want. And when the lads do win I can holler, "Told you so! Told you so!"

If as big a crowd comes out to see Whittier play as they did for U. S. C., then basketball can be considered to be on a firm basis. It would be a nice thing though if it would get hat Saturday so the Flying "A" would warm up. The glass roof enables it to keep the sun's heat inside the building long into the night. When the sun is out.

One semester of hopeful waiting has passed and still State is not in the Southern Conference. Hal Davis, however, plans to keep on living up to conference rulings on eligibility until they say either, "Come into our arms" or "Never darken our doorway again." According to Davis practically all the coaches are in favor of State's entering, with Oxy, Caltech and Whittier especially cordial.

When any one points disparagingly to the score Cal Christian ran up against the Roadrunners, heed him not, but show him the score of the U. C. L. A.-Stanford game: U. C. 60, Stanford 30. Then whistle blithely and go on your way carolling "Singing in the Rain."

## Sorority Gives Shower

Miss Zoella Gabbert and Mrs. Walker Gabbert entertained in honor of Mrs. Loraine Duval (Mary Ellen Chapman) with a linen shower last Saturday afternoon at the home of Mrs. Gabbert.

Mrs. Duval was the first president of Alpha Theta Chi. In addition to the members those present included Miss Ann Hamilton, Mrs. Boyd Gabbert, and Mrs. Percy.

our Alma Mater, to whom we sing in fervent praise, and to rally round the standard of old State in her time of need is our noblest duty.

After we have done something, after we have taken the initiative, after we have lent a hand to the college in return for a head, then will the outside supporters, the commercial men and the alumni, put their shoulders to our problem and shove it on to success. Let us start the stone rolling, gathering lucrative moss as it goes, until we can point with pride to the end of its course—AN ATHLETIC FIELD WORTHY OF SANTA BARBARA

## Two 1929 Graduates Tell of Engagement

Miss Elsie Thompson, a graduate with the 1929 class, has announced her engagement to Leroy Rundell, a former student here. Miss Thompson is teaching at Pasadena, while Rundell is attending U. S. C.

Miss Katherine Lee King, another 1929 graduate from the home economics department, is engaged to Jerry Arnold, according to word received here by Mrs. Miller Abraham, registrar. Miss King is teaching in Claremont, and her home is at Whittier. Arnold is studying at the University of Arizona. While in school here Miss King was a member of Kappa Omicron Phi and Kappa Omicron Iota, the home economics groups.

## Tau Omegas Present Gift To Roy Soules

Tau Omega Fraternity members have presented Roy L. Soules, former advisor to the organization, with a set of silver salt shakers as a token of appreciation of the work done by Soules for the group.

Soules was advisor to the group since its organization some years ago. His outside work keeps him too busy to take the position again this year. The shakers were made of sterling silver and had the fraternity crest on each. Dr. Charles Jacobs, dean of the upper division, is the present fraternity advisor.

FIVE DOLLARS will buy you a super cord. Where? Harry C. Smith's, 721 State St. For further particulars turn to page 4, columns 4 and 5.—Adv.

## Phelps To Work On Financial Problem

President Clarence L. Phelps has been named as a representative of the seven state colleges in California to work with the legislative committee of the state council of education in an effort to find a better means of financing state colleges, it was learned recently. Mr. Phelps worked on the same problem two years ago. He is representing state colleges at San Diego, Santa Barbara, Fresno, Chico, Humboldt, San Francisco and San Jose.

## Rotary to Lunch Here

Future developments planned for the college will be told members of the local Rotary Club at their luncheon in the school dining hall January 24 by L. Deming Tilton, President Clarence Phelps announced yesterday. A large chart showing the proposed buildings and other improvements is being drawn for clearer illustration by Mr. Tilton.

## YOUNG WRITERS HOLD REGIONAL MEETING HERE

er number of college graduates finding their way into the newspaper profession. "Writing ability I would place far down the list of requisites for a good reporter, Mr. Simpson said, "placing ahead of it tact, conscientiousness, personality, and above all, a 'nose of news.' It is much easier to find someone who can write the news than to find someone who can get it."

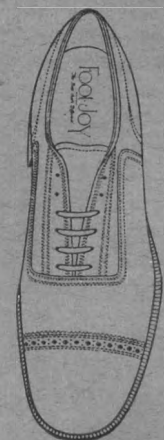

Robert Smith, former manager of the Eagle, spoke on the value of a journalism fraternity. After a short business program, lunch was had at El Paseo, where further business was transacted. A trip through the courthouse, followed by a tea at the home of Mrs. Ashworth, continued the convention.

## Rod Show Sings

The class in world literature, under Dean Ashworth, was entertained last Friday morning by Roderick Show with a group of cowboy songs and ballads. Mr. Show has made a study of these western ditties and sang several just as the cowboys do, without accompaniment.

## CAFETERIA COFFEE SHOP MAY SERVE AFTER DANCE PARTIES

### Delta Phi Deltans Pledge New Members

Margaret Baylor Inn last Saturday evening was the scene of both a pledging ceremony and a formal initiation conducted by the local chapter of Delta Phi Delta, national honorary art fraternity. The new pledges to the organization are Ellen Van Vorhees and Fred Greenough, while Katherine Bishop is the new member.

Directly following the ceremonies a formal banquet was held in the private hall downstairs. In the absence of Mrs. Mary E. T. Crosswell, fraternity sponsor, who was detained in her home by a severe cold, the inspirational address of the evening was delivered by Mrs. Isabel Fish, honorary member of the organization. Maud Robinson, as president of the fraternity, gave the welcome and Katherine Bishop, on behalf of the new member and pledges, gave the response. Favors in the form of small original etchings made by Marian Hebert, were given to each member and guest present as a souvenir of the occasion.

Those present included Mrs. Isabel Fish, Miss Camp, Mrs. Ruth Doolittle, Marian Hebert, Clara Fraga, Elizabeth Foster, Maurine Crowthers, Ida Vizzolini, Maud Robinson, Lyllis Blackie, Emily Wood, Katherine Bishop, Ellen Van Vorhees, Fred Greenough, Neal McKay and Charles Huber.

### SOPHOMORE DAY OBSERVED WITH FINE PROGRAM

have been in New York. Elizabeth Schauer, as the Dutch boy and Jean Neilson as the girl, made a pleasing picture.

The sophomores remembered "Sunny Side Up" in their entertainment with Chester Tubbs, Martin Bredstein and Ned Porter singing and characterizing "Picking Petals Off the Daisies." They were followed by two good numbers played by the orchestra, "Chant of the Jungle" and "China Boy."

#### Bathtub Scene

A fair number was the sextette singing "Every Now and Then." The grand finale was centered around the "bathtub" tenor, Charles Van Winkle, who featured, rather realistically, "Singing in the Bathtub." The ensemble included a short, too-short, dance by Miss Janssens and Miss Cornwall, and group singing of the introduction song, a parody on "Singing in the Bathtub."

It was a well-worked out program. How much credit is due to Miss Anita Cochran, who was chairman, and how much to the orchestra and how much to the rest of the cast is a problem for a greater mathematician than we profess to be. At any rate, the entire group is eligible for much praise. Vic Janssens and several members of his orchestra assisted.

By Helen Cooley

"If the students are willing to give their patronage to the coffee shop after the dances, toasted sandwiches, waffles, milkshakes, and hot coffee will be served," reports Miss Churchill, who is in charge of the new dining room.

The coffee shop which is a new addition to the school cafeteria was opened last Tuesday and will be open at all hours during the day. The students may buy hot coffee, sandwiches, and milkshakes and probably sundaes.

Breakfast served in the new dining room is one of the most attractive added features. Later on Miss Churchill expects to serve afternoon tea. Up until now luncheon and dinners have been served not only to college students but also outsiders. There are a few outsiders who have the record of having had dinner in the college cafeteria for the last four years; this shows the excellent standard the cafeteria has set up and maintained.

Three rooms make up the new dining room. The faculty room is furnished with dark tables and chairs with colorful vases on the tables and bright drapes of orange and black in the windows. The members of the faculty are served by students who are working in the cafeteria.

#### Room For Younger Children

A smaller room near the coffee shop is used by the elementary students, the older students helping themselves and the younger being served a special luncheon which is prepared with the idea of giving them the most nourishing food.

The room is large enough that four hundred students may easily be held.

There are forty girls and boys working in the cafeteria. The girls have special uniforms, the dresses being tan with the aprons, caps and cuffs on the sleeves pleated in a green material. The boys are called the "bus" boys and who have the duty of clearing the table and saving the students from clearing off their own tables are to wear white coats. Up until now there has only been one unit of helpers, but the second unit of service has just been put in.

#### Kitchen Interesting

The kitchen is one of the most interesting parts of the whole building. The two tables from which the food is served are covered with a German silver top, each costing \$2000, while the kitchen table made of the same material is worth \$200. There is a small room built with a cooling system where the fruit and vegetables are kept, while another room is used for a store room. Two huge Frigidaires are in the kitchen, a big range, electric ovens, electric dish washer, electric beating machine, and a hot and cold oven where bread or biscuits may be left at the right temperature to raise. These time-saving devices rate the kitchen

### 1913 Graduate Head At Ames University

Dr. P. Mabel Nelson, a graduate of the college in 1913, is now head of the home economics department at Ames University, Ames, Iowa, according to word received here by Mrs. Jane Miller Abraham, registrar. Miss Nelson, who learned her first home economics at this college, later received her doctor's degree from Yale.

Miss Nelson's home economics department at Ames has recently been accorded the honor of granting a Ph.D. in nutrition. She is one of the leading women in home economics in the country, according to Mrs. Abraham.

### Date Set For Annual Pan-Hellenic Dance

Saturday, January 25 is the date that has been set for the Pan-Hellenic formal which is to take place at the Samarkand Hotel.

Committees have been chosen by Mildred Wright, president of the inter-sorority council, and Dean Mildred C. Pyle. The program chairman is Jean Neilson; invitation chairman, Zoella Gabbert; arrangements chairman, Genevieve Schmidt; decorations chairman, Dorothy Curtis.

#### Stage Decorated

The Associated Women Students, combining with the Men's Club, has decided to prepare the stage in the auditorium every time an assembly is held, according to announcement by Elizabeth Peacock, president of the women. Virginia Weber has been chosen to head the committee in charge. Pennants and other decorations will be placed around the stage.

#### Peterson New Prexy

Miss Viola Peterson was elected president of Phi Kappa Gamma Sorority at a meeting at the home of Miss Mildred Wright on Moreno Road. Other new officers are Miss Emma Osner, vice president; Miss Doris Stanley, treasurer; Miss Helen Cooley, secretary, Pan-Hellenic representative, and rush captain.

among the most modern and best in any large college.

There are two steam tables from which the students are served which saves times and keeps the students from waiting long.

A special lunch is served for 35 cents but students may buy anything they want.

The new dining room is an attractive addition to our college and should be well patronized.

Miss Churchill is manager of the new dining room with Miss Leach, a former State College student, as assistant manager.

## THREE CAGE TILTS TO DELIGHT FANS

Three dishes of hot basketball and two small bowls of boxing will be served for the consumption of local sports fans at the Flying "A" tomorrow night beginning at 6:30 o'clock. In the preliminary cage tilt, the local high school lightweights will play the Lancaster midgets, followed by a game between the heavyweights of both schools. The Roadrunners will tangle with Whittier in the main event.

During the halves, entertainment will be furnished by two boxing bouts. Francis "Frenchy" Williams will meet George Greenough, and Cecil Hickman will oppose Myron Catchpole.

The college game will bring to Santa Barbara one of the tough teams of the Southern Conference. Playing U. S. C. in an early season game, the Poets held the Trojans to a ten point victory, and look sufficiently strong to give the Roadrunners a strong tiff.

Unable to break into the win column in a major tilt so far this season, the Davismen are determined to snatch a victory from Whittier this Saturday.

Three games in one night is a big treat, and a large crowd of local followers is expected to be on hand.

### Plans Are Made For Revival of Debating

Plans for a revival of debating in this school are under way, according to Miss Mabel Tucker, who has just been appointed to supervise the organization of a proposed team by Harold Jones, manager of dramatics and debate. A meeting of all students interested will be held next week.

For some years the college has not had a debating team, and, it is felt, there is need for such a team. Debating would afford a new point of contact with other colleges and would also give practice in this type of public speaking. Debates among the students will be held this year in preparation for a team for intercollegiate competition next year, Miss Tucker has announced.

### Helen King Assists On La Cumbre Staff

Miss Helen King, a freshman, has been appointed assistant advertising manager of La Cumbre to assist Virgil Gillum, business manager, it was learned yesterday. Miss King is well qualified for the position, having had plenty of good experience, according to Gillum.

Miss King served last year as advertising manager of the annual at Notre Dame high school for girls here in the city.

## BOXING BOUTS FOR SATURDAY PLANNED

By Gibby Martin

One championship was decided and another left hanging fire in the title bouts at the Flying "A" studio last Saturday night. "Army" Kessler's superior reach spelled defeat for "Portales" Foss in the heavyweight final. Foss showed a world of scrap and superior form, but was unable to penetrate Kessler's long-armed defense to land any telling blows. The lightweight titular contest was the bright spot of the evening with "Dizzy" Hill and "Speed" Hobbs fighting a draw. Hobbs started out like a whirlwind, boxing Hill off his feet in the first two rounds to run up a good lead. The third round "Hill" staged a comeback with a flock of stinging wallops that had the speed merchant groggy to earn an even break. This battle will be re-fought in the near future.

Two more bouts are on the card for tomorrow night to provide divertisement for basketball fans.

Myron Catchpole and "Cece" Hickman are slated to meet to decide the welterweight crown. Catchpole is a clever boxer with not much of a punch and is quite likely to run off with the decision. However the writer's

## Trimble Announces Wrestling Tourney

The resping of huge, hairy bodies on canvas mats, the soft crackling of wrenched joints, and the sharp rip of overstretched skin emanating from the gym during the seventh hour on Mondays, Wednesdays, and Fridays portend a bone crushing wrestling tournament, which has just been announced by Coach Luke Trimble.

The mat jousts will take place during the first of next semester, according to present plans. The tournament will be conducted upon the lines of the recent boxing tourney, the weight classes being the same.

Two maulers who look good in practice are George Barth and Gates Foss in the heavyweight class. The rest of the men seem to be on a par as to experience, Coach Trimble says.

money in on the slugging stevedore from Pedro, who packs a hefty wallop in both mits and is something of a boxer besides.

The other match will bring together "Scarooee Squirt" Greenough and "Frenchy" Williams in the middleweight semi-final. Both men are classy and fast on their feet with "Scarooee's" novel stance usually confusing his opponents for the first two rounds. The winner of this bout will meet "Sabertooth" Haberek for the title at some future date.

## ROADRUNNERS DROP DENTAL BATTLE 23-21

By Larry Parma

One bad flaw in the officiating of the State-Southern California Dental College game last Saturday at the premier of the Flying "A" gym cost the Roadrunners a tie game. As it was the molar maulers walked off the floor with a 23-21 victory. That flaw came about the middle of the first half. Just as State scored a basket, time out was called by Southern California. The referee, however, did not understand this, disallowed the basket, and ruined the chances of the Olive and White.

The locals have only themselves to blame for their beating though. Starting off in fine form, they allowed no doubt as to which was the better team and soon ran up a seven to two lead. Then they didn't seem to be able to sink their shots. Flurries of fast breaking in tosses went astray and several set-ups failed to register, which all goes to explain why the Trojans led 11-7 at the half.

### Teams Fight Evenly

For the next half the two quintets battled on even terms with the Roadrunners trailing by five or six points most of the time. With only five minutes left to go the Staters started to rally, bringing the spectators to their feet as they closed up to within two points, only to have the stalling and dilly-dallying of the southerners bring their efforts to nothing.

It was a fast game all the way through, but State seemed unable to keep up good basketball all during the game. Bad passes, and untimely dribbling were frequent by both teams.

In the second game of the evening the Recreation Center team lost to the Hollywood Y. M. C. A. five by a 29-19 score. This was another fast encounter. The Center started slowly and were completely outclassed by the Club. As the game progressed they improved, their short passing game

## Net Tournament Will Be Continued Today

Starting today play will be resumed on the first collegiate mid-winter tennis tournament, which up until now has been practically postponed on account of rain.

Most of the first round matches, however, have been run off, there being only two left to play. These two first round matches must be played over the week-end. This will leave next week for the second and third round matches, and perhaps the quarter finals. The semis can be played over next week-end with the finals coming the first part of the following week.

## Women Study Swimming

Six of the women out for swimming are now working on the senior Red Cross Life Saving Tests and hope to complete them by the end of the year. The six women are: Mildred Smythe, Miriam Smythe, Margaret Webster, Louise Dunham, Arleen Klett, and Ellen Kimberly, head of swimming.

## Archers In Tourney

The women's archery tournament is now in progress. The tournament consists of six divisions of classes and some of the women have completed the sixth and have advanced to the fifth. Captains of the class teams are: Upperclass, Margaret Webster; sophomore class, Ellen Kimberly, and freshman class, C. Miller.

## Announcing

## The Chord of Cords...

A Symphony of Style

Ten reasons why the "COLLEGIAN CORD" is the greatest pant value in the city:

- 1—23-inch bottoms and 2-inch cuffs.
- 2—Side pencil pocket.
- 3—Belt tunnels.
- 4—Super quality corduroy.
- 5—Extra large pockets.
- 6—Collegiate cut.
- 7—Desired light shades.
- 8—Well tailored & a perfect fit.
- 9—Slanting front pockets.
- 10—A very low price for such a remarkable cord.

Men's Wear

721 STATE STREET

working perfectly till they overhauled their rivals in the second half. Hollywood came through with a slashing attack that netted ten points and sewed up the game.

The largest crowd in the history of basketball in this section witnessed the game.
