NUMBER 32

## Fire Prevention Week To Be Observed With Programs

The week of October 9th to 15th, inclusive, has been designated as Fire Prevention Week and fitting programs have been planned in its observance by Arthur Koehler, Fire Marshal of the Carpinteria Fire District.

Through the co-operation of the Santa Barbara Fire Department two films, "Sounding the Alarm" and "The Bad Master" were shown at the Carpinteria Lion's club meeting in the Veteran's Memorial building last night, and Ray Allen, Fire Marshal of Santa Barbara, was the guest speaker of the evening taking as his subject, "The History and Purpose of Fire Prevention Week."

On Tuesday, October 11th, the films will be shown to pupils of schools and Ray Allen will again speak on the same subject. Fire drills will also be held in all schools within the Carpinteria Fire district during the week.

### Inspection Tour

Also as a part of the observance of Fire Prevention Week, Koehler will make an inspection tour of the business district of Carpinteria and will point out fire hazards to the owner or occupant of the buildings and make suggestions as to how they can be eliminated. The Carpinteria Fire Department is asking co-operation of all residents in eliminating fire hazards, basing their request on the fact that a prevented fire saves a great deal of property loss and possibly a life or lives.

## MOTORISTS WARNED FIRE HAZARDS STILL SERIOUS

September brought the close of the official summer season but it did not bring the end of the danger season from forest fires. This is impressively brought to the attention of motorists by recent devastating blazes in several Southern California mountain areas.

After the long dry summer the fire menace is greater. Now is the time to redouble protective efforts for the safety of forest cover, is the warning sent out by the outing

## SEVERAL MOTOR ACCIDENTS OCCUR OVER WEEK-END

Several Carpinterians were involved in a series of accidents over the week-end but none of them received serious injuries.

Phillip Kathman, son of Mr. and Mrs. Barney Kathman received slight bruises and abrasions when he was caught on the bumper of a car driven by Whitey Goubert who was backing out of the driveway at the Kathman home.

Alfred Doze of Carpinteria was treated for cuts on the face and body bruises received when the car driven by John Minyard of Carpinteria collided with one operated by Harry Charles Woods of Los Angeles on the Casitas road two and a half miles east of Carpinteria during a heavy fog.

Although both cars were badly damaged in a collision at the corner of Seventh Street and Maple avenues Sunday afternoon, the drivers of the two vehicles, Louis Gann and Beverly Snow, escaped injury. The two sons of Mrs. Lee Griffiths of Fellows, passengers in the Gann car were treated for minor cuts and bruises.

## FATHER OF LOCAL RESIDENT PASSES

Graveside services were conducted yesterday morning at 10:30 in the Carpinteria cemetery for Henry E. Walter, retired resident of Santa Barbara since 1909, who died Monday night at a Santa Barbara hospital.

Born in Wimbledon, Surrey county, England, he had been a resident of the United States since he was four years old. He is survived by his wife, Mrs. Lora Walter, who resides in Santa Barbara; two daughters, Mrs. Myron Robertson of Carpinteria, and Mrs. George Whipple of Santa Barbara.

bureau of the Automobile Club of Southern California. Hunters, fishermen, campers, tourists and all who have reason to pass through the wild country are urged to be constantly on guard against fire.

## TICKETS FOR C. OF C. DINNER ON SALE

Arrangements for the Chamber of Commerce semi-annual dinner scheduled for Wednesday, October 26th, in the Veteran's Memorial building are going forward and tickets are being distributed to members of the organization by Jack Wullbrandt.

Dr. J. B. Lape, chairman of the dinner, has announced that the dinner will be prepared and served by the ladies of the Methodist church and that turkey with all the trimmings, will be the main feature of the menu. Arrangements are also being made to secure an excellent program of entertainment which will be announced in the near future.

## ANNUAL CITRUS DINNER HELD ON WEDNESDAY

A number of Carpinteria citrus growers and packing house officials attended the annual dinner meeting of the citrus department of the county farm bureau which was held at El Paseo Wednesday evening. The principle speaker of the evening was Ivan G. McDaniels, legal advisor for the Agricultural Producers committee of California, who roundly denounced the National Labor Relations board, in discussing labor problems bearing on the citrus industry.

During the evening the citrus group elected the following to serve as its board of directors for the coming year:

Harlan Henderson of the Carpinteria Mutual association; Gordon Bailard of the Johnston Fruit company; Carl Levine and James Marchiando of the Goleta Lemop association and Francis Greer of the Carpinteria Lemon association.

Among those who attended from Carpinteria were: Donald Butler, Tyree Abbott, W. H. Yule, Harry Russell, Stanley Shepard, E. D. Solari, Percy Houts, Jr., Mr. and Mrs. Hugh Thurmond, Mr. and Mrs. Harold Cadwell, Mr. and Mrs. Orin Hales, Mr. and Mrs. J. H. Shepard and John Henry Shepard, Jr., Mr. and Mrs. Dave Safwenberg and Mr. and Mrs. Ed Bailard.

## Participation Campaign for New Church to Open Monday

### STATE PARK STORY BRINGS LETTER OF APPRECIATION

The following letter was recently received by the Chronicle in regard to the article published on the History of the late Beach Park from Mrs. W. K. Hicks of Berkeley, Calif., at whose request this information was secured: "My Dear Mrs. Waynflete:

We are definitely told in the old "copy books" that "Nothing is impossible to him who wills," but, for once, I have recognized an impossibility. That is telling you in any measurable manner how very much I appreciate what you have done in connection with our history of your beach. It simply cannot be told, but my thanks are unbounded.

The history of each of the 72 State Parks is being prepared under direction of Dr. Vernon Audrey Neasham, a graduate in history of Stanford University, with two degrees from U. of California. He checks every monograph and (Continued on page 8)

### S. B. ATTORNEY ADDRESSES MEN'S FELLOWSHIP CLUB

Members of the Men's Fellowship club of the Community church heard Hugh M. Lindsay of Santa Barbara talk on "John Muir and California Forests" including readings from some of Muir's works at their dinner meeting Monday evening. Hosts were James A. Lewis, Harry James, Kenneth Bates and Harry Ingerson.

Attending were Rev. Deane F. Babbitt, Del Kent, G. A. Senteney, W. H. James, Art Longmire, S. C. Snow, Dr. J. B. Lape, Thomas M. Riley, Carey Demaree, O. M. Humphrey, F. L. Smith, W. W. Humphrey, W. C. Connell, George Boverson, E. D. Solari, Roy Beckstead, A. M. Clark, M. W. Robertson, S. C. Maddox, C. C. Whitcomb, D. I. Jamerson, W. C. Tobey, Chester Richardson, W. E. Truhitte, Tom Mayfield, W. L. Dowling, Frank Roberts, Robert Orrill, J. C. Furby, Albert Coles, Merle Shride, M. F. Lewis, O. W. Davidson, Bud Davidson.

Monday will see the start of the participation campaign of the Community church for the funds for construction of a new church home on the lots on Montecito Road adjoining the Woman's club house which were presented to the church by Mr. and Mrs. A. G. Woods.

The plans prepared by Winsor Soule and John Frederic Murphy, architects of Santa Barbara, have been approved by the congregation and placed in the hands of the building committee composed of E. D. Solari, Merton F. Lewis, Mrs. C. C. Heltman, Mrs. A. G. Wood and John B. Hudson, for further action.

A series of letters and a prospectus containing architects sketch of the building and floor plans have been prepared and mailed to Carpinteria valley residents, and the drive for funds will be in charge of Delphin F. Kent who will be assisted by twenty-six two men teams. Pledge cards have been prepared and arrangements have been made whereby those who wish to assist the church financially in the construction of the church may pay the amounts pledged over a twenty-seven month period.

The cost of the building is estimated at \$45,000 but actual construction, regardless of amounts pledged, will not be started until 50 per cent of the total cost is on deposit in the bank.

The architects' drawing of the exterior together with a description will be found on page one of this issue and the floor plan and description will be found on page 10.

The pastor's letter addressed to Carpinteria Valley residents which is contained in the prospectus reads as follows:

"There is a tide in the affairs of men, which, if taken at the flood, leads on to fortune." Friends, that time has come for this church. Presented herewith are the plans for a magnificent new building that will be adequate to our needs and an honor to our cause. As Henry Ward Beecher has well said, "The Church is not a gallery for the exhibition of eminent Christians, but a school for the education of imperfect ones." Be-

Community Church for Carpinteria  
Winsor Soule & John Frederic Murphy Architects Santa Barbara

Above is the architect's sketch of the exterior of the proposed new Community Church which follows the early Spanish California architecture. The exterior walls will be plastered and the roof surfaces covered with Mission tile.

## Arrangements Complete for New Girl Scout Clubhouse

Plans for the new Girl Scout house, made a possibility by the promise of the administration tent of the grammar school as soon as the new building is completed, were discussed at the meeting of the Girl Scout committee at the home of Mrs. H. B. Franklin Monday afternoon. It is planned to move the building to a site at the Boy Scout headquarters on Casitas road.

Following the meeting the Scout leaders joined the committee for tea. Attending were the Scout

commissioner, Mrs. Helen Murphy, Staff Director Meryl Adams and Field Captain Elaine DuPuy of Santa Barbara; Mrs. L. K. Hebel, Mrs. Chester Miller, Mrs. Stanley Shepard, Mrs. Franklin, Mrs. Marc Latham, Mrs. Donald Bailard, Mrs. G. H. Coshow, Mrs. John E. Rock, Mrs. E. D. Solari, Mrs. Joseph Schweizer, Mrs. Merle Staub, Mrs. David Safwenberg, Mrs. William Page, Miss Vivian Rodriguez, Miss Elizabeth Platt, Miss Rosemary Carton and Miss Ellyne Mallery.

### RESUSCITATOR WOULD PROVE WORTH

The fire demonstration held last week in Santa Barbara which featured as part of the program a demonstration of a resuscitator in treating the victim of electric shock, calls to mind some time ago several Carpinteria organizations were discussing the raising of funds for the purpose of purchasing such a piece of equipment for use in the Carpinteria valley.

Apparently under pressure of various other civic activities this matter has slipped from mind but after seeing the resuscitator demonstrated and observing the ease with which it can be operated by a layman we feel that it would be well if the matter was revived and an attempt made to raise funds for the purchase of this valuable piece of equipment.

A resuscitator is invaluable in the treatment of victims of electric shock, drowning, and all types of asphyxia and the speed with which the apparatus can be placed in use is of paramount importance.

While there have been but few occasions during the past few years when such a piece of equipment was needed there is the ever-present possibility of immediate call for a resuscitator and should only one life be saved through its use it would well earn its purchase price which, we understand, is between four and five hundred dollars.

### WORTHY OF YOUR SUPPORT

Carpinteria has shown remarkable progress during the past few years in providing buildings to care for the social and educational needs of the community. The Carpinteria high school, although constructed some time ago, is an edifice of which the valley can well be proud. Likewise is the Aliso school built more recently. Shortly the community will be able to boast of a splendid new grammar school which is now in the course of construction. The Veterans' Memorial building which houses the Fire Department, American Legion and Auxiliary, library, and Justice Court, has proven to be a popular social center and meeting place for various organizations.

And now Carpinteria residents are given the opportunity to assist in providing for the third vital need of every community, a modern Church home to care for the spiritual needs of the men, women and children. On Monday a drive will be launched to raise funds for the construction of a \$45,000 Community Church building and the assistance of all residents of the valley is needed in making possible this much needed addition to our community.

With other nations torn by strife and with youth facing ever increasing temptations that were not placed in the paths of their elders it is more important than ever that the influence of the church should play a leading role in the life of the community and this can only be accomplished by providing a building adequate to the needs of the men and women and particularly the young people of the Valley. With this

## The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

### CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord." This passage from Jeremiah is the Golden Text of the Christian Science Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The question, "Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon.

One of the Bible selections includes the verses from Luke: "And behold, men brought in a bed a

man which was taken with a palsy: . . . And when he saw their faith, he said unto him, Man, thy sins are forgiven thee. . . . What reason ye in your hearts? Whether it is easier to say, Thy sins be forgiven thee; or to say Rise up and walk? But ye may know that the Son of man hath power upon earth to forgive sins, (he said unto the sick of the palsy,) I say unto thee, Arise, and take up thy couch, and go into thine house. And immediately he rose before them, and took up that whereon he lay, and departed to his own house, glorifying God."

The Lesson-Sermon presents also these words from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The supremacy of Spirit was the foundation on which Jesus built. . . . Jesus established in the Christian era the precedent for all Christianity, theology, and healing."

### THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.  
"SANCTUARY DAY" will be observed at the Eleven o'clock Morning worship, launching in a spirit of prayer and praise the Financial Campaign for the New

Community Church Building. Dr. Philip F. Payne, long associated with Missionary work in the State of California, will preach upon "The Man With Talents." To the measure in which a man is gifted, to that same measure is he accountable. No one is left empty-handed.

Music by the choir and the men's chorus will consist of "Father in Heaven" by Handel and "He Plans My Life," by D. B. Towner. Selections by Mrs. Wilbur Humphrey, pianist, will be Prelude: "Pastorale," Scarlatti-Tausig Offertory, "Adagio" by Beethoven, and Postlude, "Fantasia" by Bach. The Church, as the "Creator of Ideals in the Present, and the Torchbearer of Tomorrow's Progress," opens its doors to the Service of "this broad humanity."

Presenting the first unit of a new study, "Science and Religion," Melvin Hoffman will direct Youth Fellowship at 6:30 in the Chapel. This is the first real scientific age in the history of the race. Young people of the valley will get a bird's eye view of its relationship to man.

### \* \* \* \* \* Behind The Scenes In \* \* \* \* \* American Business \* \* \* \* \*

By John Craddock  
BUSINESS—Virtually unnoticed last month because of complete domination of the news by the European crisis, business in America has quietly been staging a steady upward climb from the spring's low levels. Steel mill operations have returned to 46.7 per cent of capacity, and steel men look for a rate of 60 per cent before the end of October. Sales managers say incoming orders from wholesalers and retailers to manufacturers reflect confidence that consumer purchasing power will continue to gain. Study of the Federal Reserve Board's business summary for August, reported last week, indicates that for September the board's index of nation wide industrial production rose above 90 for the first time in 11 months. Based on 1923-25 as 100, such index figure would compare with 88 in August, 83 in July and 76 in May.

THINGS TO WATCH FOR—Tooth cleanser in liquid form. . . . Vegetable ice creams, developed by a New Jersey dairy; its line will soon include tomato, spinach, pea and lima bean ice cream. . . . Increase of armament purchases by U. . . Government as result of war scare. . . . A carbon monoxide detector being offered by an insurance company; simple to install, the device is said by experts to guard against accidents resulting from breathing enough of the fatal gas while driving to cause headaches and excessive fatigue. . . . A paint-stripping tool that works like a fountain pen; it will lay single, double or triple lines of uniform weight and thickness at any desired spacing by a simple adjustment of guides. . . . Another movie like the hit, "Mr. Deeds Goes to Town; if produced, it may be called, "Mr. Smith Goes to Washington."

REAL HIGH COST LIVING—Americans who grouse about the high cost of living, ought to live in Germany awhile. Latest reports from that country show some startlingly high prices for certain foods. A few typical examples are, per pound: beef tenderloin, 68 cents; hamburger, 33 cents; chicken, 45 cents; butter 58 cents; coffee, \$1.08; sugar, 14 cents; a dozen eggs, 60 cents. These prices are for the German worker whose basic wage is between \$17.50 and \$26.50 for a 44-hour week.

in mind it is to be hoped that the entire Carpinteria Valley will join in the effort to fill this need and to complete the three-fold object of caring for social, educational and spiritual needs of the community.

### NEWSPAPER WEEK AGAIN

And so by proclamation of Governor Frank F. Merriam this is "Newspaper Week." In past years we have devoted editorials to setting forth the aims and editorial policy of the paper, but this year we are going to let you in on a few facts that probably never occur to the average reader or merchant in the community in an endeavor to show you why, aside from editorial policies, the Chronicle merits your support.

How many realize that if through some unforeseen circumstance it became necessary to replace every stick of type, equipment, etc. used in publishing this paper it would cost approximately \$7,500, at the least?

How many merchants realize that in the editor's family there are three adults and two children and that in the shop foreman's family there are two adults and one child of high school age and that as far as is possible the needs of these five adults and three children are purchased in the community?

How many organizations have ever stopped to figure, that based on an advertising rate of 30c an inch, the Chronicle gives hundreds of dollars in publicity in assisting various community enterprises?

How many individuals, subscribers or non-subscribers, realize that no place else could they secure a publication bearing news of more interest than the local happenings of their community, with an 8-page colored comic section thrown in for good measure, for 5 cents a week, than they can by subscribing to the Chronicle?

Now that we have pointed out these things we hope that the next time out-of-town printing or advertising salesmen approach the merchants with what may or may not appear to be a bargain that they will stop and consider how much chance there is of the money spent with an out of town concern finding its way back into their tills as against the fact that money spent with the Chronicle stays in the community.

And we hope that those organizations which we are always willing to assist in every possible way with publicity will see fit to have their printing done in Carpinteria and some day that they will get out of the habit of endeavoring to have their printing done free of charge on equipment that has been paid for by the taxpayers of which we are one.

And last but not least, we hope that some of the residents of the valley will realize that running a paper is no cinch, that we have a family to support and an investment to keep up, and that they don't make us feel a bit better when they happily commend us on some article in the paper when we know blamed well that they had to borrow their neighbor's paper in order to read it.

# THE WEEK'S SPORTS

## Warriors Defeat Moorepark Play Santa Paula Tomorrow

The Carpinteria Warriors will endeavor to repeat their performance of last week of defeating the Moorepark eleven by a 39-0 score when they meet the Santa Paula eleven on the local field tomorrow afternoon. However, it is expected that the Santa Paula boys will offer tougher competition than the Warriors experienced last Friday since they are considerably heavier and have more material to draw from than did Moorepark.

Cheered on by a Carpinteria rooting section which outdid itself, the Warriors chalked up six points within the first two minutes of play and added another 7 points in the second quarter. Following the half the Moorepark lads came back with renewed vigor and held the Warriors scoreless during the third quarter. The local squad promptly retaliated in the last quarter by hanging up four touchdowns.

Clyde Smith accounted for two touchdowns, one on an 8 yard end-run and the second on a punt which he received and carried 66 yards down the field and over the goal line. Philip Olds added to the score on a reverse play which was good for fifteen yards. Olds tossed a pass to Babcock which was good

for 30 yards and another tally. One of the most spectacular plays of the game came when Gordy Milne intercepted a pass and crossed the goal line after galloping 40 yards down the field. The last touchdown of the game was scored in the last few minutes of play by Bernard Snow, who intercepted a pass on the Moorepark 10 yard line and carried the ball into the end-zone, after Coach Staub had sent in a squad of third-stringers. Three extra points were gained on conversions by Olds who kicked for one point and by passes into the end zone received by Gordy Milne and Carl McIntyre.

### Starting line-up for Saturday

The starting line-up for the Santa Paula game on Saturday has been announced by Coach Merle Staub as follows: L.E., Carl McIntyre; L.T., George Schmitz; L.G., George Miller; C., Montie Ramey; R.G., Art Moralis; R.T., Webster Beckstead; R.E., Tony Rodriguez; Q., Jack Kendrick; L.H., Gordy Milne (Capt.); R.H., Jimmie Reid; F., Philip Olds.

Coach Staub is being assisted in grooming the Warriors by Al Young, former State College Varsity star.

## GAUCHOS DEFEAT GREELY STATE PLAY SFU TONIGHT

SANTA BARBARA—Bolstered by a 13-0 defeat of Greeley State College in Colorado Friday night, the Santa Barbara State Gauchos start work this week in preparation for a night meeting with the tough San Francisco University Don on Friday, October 7.

The Green and White of Santa Barbara flashed all over the field last week in the final quarter of the Colorado clash, as a new scoring combination developed in the passing of Forrest Gardenhire to Larry Pickens. Both the Gaucho tallies came via this route, with the defensive play of Pickens, giant Los Angeles Negro end, adding to his claim to fame.

Coach Spud Harder will drill his boys in scrimmages this week to iron out the final rough spots. In general, however, the Headman is satisfied with the early season play of his lads. The main difficulty encountered in the last battle was the handicap faced by the Gauchos in playing at a much higher altitude than they were accustomed to.

The ground attack last week availed little against the Greeley Bears, although the altitude conditions had much to do with its failure. All of the appreciable gains came from the aerial route. Harder will stress his ground play this week, but will also add a little polish to the tossing department. The Santa Barbara coach is still experimenting with his men to find the best working combination. The sterling defensive work of George Valos at guard and Blynn Wilson at center will probably win these boys the nod as regular starters, as will the all-around ability demonstrated by Larry Pickens and Bill Jessup at ends.

The Gauchos will travel north as decided underdogs against U.S.F., but will be able to supply plenty of fight when they take the field against the Dons.

The "Gayway Gallop" is a new dance created by Betty Shayne and Dan Hector in honor of the fun zone at the California World's Fair opening next February 18.

## FINAL DATE SET FOR JOINT FILING UNDER CONSERVATION PROGRAM

October 15, 1938, has been set as the final date for filing a request for combination of separately owned tracts of land into one farm under the Agricultural Conservation Program, reports W. N. Hollister, President of the Santa Barbara County Agricultural Conservation Association. All farmers who are interested should make such a request to the County Committee, through the local office, Room 11, Post Office Building, Santa Barbara, California.

Planting of the 25-acre mesmebryanthemum "Persian Rug" on Treasure Island for the 1939 World's Fair of the West, has been finished and most of the plants are in bloom.

## NIGHT CLASS IN PIANO STUDY TO OPEN MONDAY

Music lovers of the Carpinteria Valley will be interested to learn that Will Headley, pianist, of Wardhome, Carpinteria, will open a class in piano at the Carpinteria Union High School on Monday evening, Oct. 10th, at 7:00 o'clock, under the auspices of the W. P. A. adult education program.

The classes will be held on every second Monday succeeding the opening class and will take the form of lecture-recital. The aim of the course is to enable people to derive more pleasure from hearing

the great music of the world by knowing what to listen for and by learning some general facts about the history and development of music mainly by repeated hearing of representative works. The class will be informally conducted and the public is cordially invited.

For those who are interested in furthering their musical education or in brushing up on their music, a class in piano playing is to be offered which will meet more frequently. Those who are interested in this phase of the course will meet after Monday night's class to decide on the schedule.

## MRS. MIX VANDEMARK GIVEN SURPRISE HOUSEWARMING

Mrs. Tarry T. Wall arranged a surprise house warming for her daughter, Mrs. Mix VanDeMark last Friday evening, the guests bringing Mrs. VanDeMark a gift of linen for her new home.

Guests included Mrs. Anna McGreel, Mrs. James A. Lewis, Mrs. H. L. Beckstead, Mrs. Leonard Kirkes, Mrs. Frank Bradley, Mrs. J. C. Bailard, Mrs. Lloyd Hales, Mrs. Frank Burbridge, Mrs. Orrin Phillips, Mrs. Robert Young, Mrs. C. O. Anderson, Mrs. L. K. Hebel, Mrs. Chester Miller, Mrs. A. E. Southworth, Mrs. David Safwenberg, Mrs. Randall Curtis, Mrs. E. D. Solari, Mrs. Porter Wall and Mrs. Oscar Nelson of Santa Barbara, and Mrs. Fred Hansen of Montecito.

## FAMILY DINNER GIVEN BY MR. AND MRS. HOWARD MAYS

Mr. and Mrs. Howard Mays entertained at a family dinner Sunday in honor of the birthday of her father, Judge William H. Hazlett, of San Pedro. Other guests were Mrs. Hazlett, Mr. and Mrs. Chas. Sullivan of South Pasadena, Mr. and Mrs. N. K. Hazlett and three children of Los Angeles. The children, Ann, Jane and Tommy Hazlett remained to spend several days at the Mays home.

## POTLUCK BRIDGE CLUB ENTERTAINED BY MRS. J. V. VAN METER

Members of the pot luck bridge club met with Mrs. J. V. Van Meter Monday evening, including Mrs. F. L. Smith, Mrs. J. B. Lape, Dr. Genevieve Shorkley, Mrs. Robert Orrill, Mrs. Ethel Mays who took the place of Mrs. B. E. Clark, Mrs. Alice Thurmond who substituted for Mrs. Gerald Hatton and Mrs. Guy Stockton who played for Mrs. John C. Furby.

## MANY SOCIAL AFFAIRS GIVEN FOR VISITORS

Many social affairs have been given for Mrs. Ethel Mays of San Rafael who has been the guest of Dr. and Mrs. J. B. Lape while her daughter, Miss Eloise Mays, has been attending a conference of supervisors in Los Angeles. Mrs. Lloyd Tennyson entertained at breakfast Tuesday morning, and Dr. and Mrs. Lape entertained Mrs. Mays and Mr. and Mrs. Fred Hunstable of Santa Barbara at El Cortijo Tuesday evening.

Miss Mays joined her mother Wednesday afternoon and both were guests at a dinner at the home of Mrs. Robert Bailard that evening. Attending were members of the teaching staff of the grammar school when Miss Mays was here, including Mrs. Mary Rys-trum, Mrs. Ruth Stombs, Mrs. Dorothy Smith, Miss Vivian Rodriguez

and Marilyn Cravens, also Mrs. Bailard's mother, Mrs. T. H. Gooding.

## ANNUAL BIRTHDAY TEA GIVEN BY WOMAN'S ASSOCIATION

The annual birthday tea of the Woman's association of the Community church drew a good attendance Wednesday afternoon. The guests were received by a committee composed of the president, Dr. Genevieve Shorkley, Mrs. W. Guy Stockton, Mrs. Wade Hamilton, Mrs. J. C. Furby, Mrs. O. L. Lyman, Mrs. J. A. Lewis, Mrs. D. L. Jamerson and Miss Minnie Merrihew. Large baskets of dahlias were around the room and the tea table was centered with begonias. Mrs. Jamerson and Mrs. Stockton poured.

During the afternoon a program of music was given, including violin solos by Fred Greenough, accompanied by Mrs. Charles E. Neuman; accordion solo by Mary Alice Hebel, piano solo by Jean O'Banion, violin solo by Margaret Russell, accompanied by Jean O'Banion; songs by Joyce and Carolyn Humphrey accompanied by their mother, Mrs. W. W. Humphrey, and a piano solo by Mrs. Humphrey.

Other committees who assisted at the tea were: Invitations, Mrs. J. B. Lape, Mrs. Lucie Treloar; flowers, Miss Minnie Merrihew, Mrs. A. G. Wood, Mrs. D. A. Carton; program, Mrs. Charles Curtis, Mrs. C. C. Heltman, Mrs. Albert Jarvis; tea, Mrs. John Hudson, Mrs. Clarence Sawyer, Mrs. Charles Curtis, Mrs. Phil Doerr, Mrs. M. F. Lewis, Mrs. C. C. Whitcomb and Mrs. C. R. Vaughan

## MEMBERS OF CSF NAMED

Members of the California Scholarship federation for the first semester of the current year have been announced from the high school office as follows: Margaret Anderson, Ethel Babcock, Laurence Bailard, Webster Beckstead, Anna Lee Drake, Mary Alice Hebel, Beverly Humphrey, Barbara Lyman, Masaye Ota, Mary Tada, Martha Thurmond, Helen Young, Patty Demaree and Mary Shepard.

## MOTORISTS WARNED TO RENEW DRIVER'S LICENSES

Motorists possessing operator's licenses that expire before Decem-

ber 31, 1938, are advised to renew them as soon as possible to avoid the rush and congestion prevalent during the license renewal period beginning January 3, 1939, advises the License Department of the National Automobile Club. Driver's licenses are renewable thirty days before expiration.

## NEW CUESTA GRADE ALIGNMENT IN USE

Traffic is using the new alignment on Cuesta Grade in its entirety, reports the touring bureau of the Automobile Club of Southern California. It is hard surfaced with the exception of a short gravel stretch near the point where the new alignment begins at the San Luis Obispo end. Traffic is using the two inside lanes, as the outer ones are not yet surfaced. There is no interference with travel excepting when heavy highway equipment crosses the road or shoulders are being scraped.

Dr. and Mrs. R. T. Hoag of Ventura will be luncheon guests of Dr. and Mrs. J. B. Lape.

Mrs. Arthur Olinger and Mrs. Jessie Fowler of Reedley were guests of Mr. and Mrs. R. J. Ogan during the past week.

L. R. Carter left Wednesday morning with several deputies from the sheriff's office to accompany three prisoners to San Quentin.

A. E. Southworth left Thursday morning to attend a meeting of officials of California Co-operative California schools which is being held in Pasadena.

Mrs. Bertha S. Marcellus, of South Gate, and Mrs. John A. Saxon of South Pasadena, spent Thursday with Dr. and Mrs. J. B. Lape. Mrs. Marcellus is Mrs. Lape's mother and Mrs. Saxon is her cousin.

Mr. and Mrs. Milton F. Gann of Fellows are visiting at the home of their son, W. Lewis Gann and family. They were accompanied here Sunday by Miss Erlene Gann and Mrs. Lee Griffith and two sons, who returned Sunday evening.

Mr. and Mrs. Ralph Wood (Mrs. Dora Folkner) have returned to their home on Casitas road after living for some time in Glendale.

Mr. and Mrs. John M. Williamson have returned to their home

on Foothill road after spending Dr. and Mrs. Henry T. Babcock of Eagle Rock arrived Monday to visit their daughter, Mrs. Deane F. Babbitt and family.

Mrs. Ray Barrett will arrive tomorrow to spend the week-end with her mother, Mrs. J. F. Tubbs.

The summer visiting relatives in Mr. Williamson's former home in Scotland and touring the British Isles.

Among those from Carpinteria who attended the U.S.C.-Oregon State game in Los Angeles last Saturday were: Merle Staub, Frank Wyckoff and Mr. and Mrs. George Boverson.

Mr. and Mrs. Harris Hebel have been visiting his parents, Mr. and Mrs. Frank Hebel, coming from the Canal Zone where he is stationed with the army.

Mr. and Mrs. Oren E. Hales have returned from Palo Alto where they visited their son Nat Hales, who is attending Stanford, and Mrs. Hales.

## Cleaner School Buildings, too in Natural Gas Communities

An important point! For the welfare of youth is affected in some degree, at least, by its surroundings. Happily, everyone in this region gets the benefit of clean air and sootless buildings. And one big reason is the cleanliness of the popular fuel, natural gas. In factories and in homes, it gives the intense, economical heat required, without smoke. No other form of energy can do the job with the same cleanliness and economy.

For utmost satisfaction gas should be used in equipment that provides up-to-date, scientific improvements. See for yourself how desirable the new appliances are—drop in at a dealer's or the gas company. And ask about the easy terms. SOUTHERN COUNTIES GAS CO.

COOKING • REFRIGERATION • WATER-HEATING • HOUSE-HEATING

Above is the floor plan of the proposed new Community Church. The nave of the Church will seat 200, with an additional 40 seats in the balcony over the Narthex; the Parish Hall will accommodate 250 for meetings and 185 for parish suppers; the Sunday School is accommodated in six classrooms provided at the west side of the Parish Hall, as well as a large double primary room in the south wing; social and administrative activities will be cared for in the parlor; pastor's study and business office, also located in the south wing.

**GOVERNOR MERRIAM DESIGNATES WEEK AS NEWSPAPER WEEK**

As a power for good and a bulwark against evil the newspaper has ever been the friend and servant of the people.

The people's confidence in the integrity of the news and the honesty of the editorial opinions expressed, have made the freedom of the press possible and kept it intact through all the years that the United States Constitution and that of the State of California have guided their destinies.

As guardian of the freedom of our people, the editor and his staff of trained professional and technical associates gather and disseminate the news of the day and, in turn interpret its relationship and effect upon the general trend of events. Thus, the newspapers mold public opinion and become an agency of civic and spiritual progress.

In view of these sentiments and in recognition of the faithful performance of their duty to the public they serve, now, therefore, I, Frank F. Merriam, Governor of the State of California, do hereby proclaim the period beginning with the 2nd of October, 1938 as "Newspaper Week" in California.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this twenty-seventh day of September, A. D., one thousand nine hundred and thirty-eight.

Frank F. Merriam,  
Governor of California.

Attest: Frank C. Jordan, Secretary of State.

By: Chas. J. Hagerty, Deputy.

## Your Hollywood Correspondent Reports . . .

It was Paramount night at the Drake Hotel in Chicago when George Raft, George Burns and Gracie Allen, Frances Farmer and Leif Erikson all met at the dinner hour in the hotel's dining room. Raft is East for the World's series. George and Gracie for a brief vacation, and Miss Farmer and Leif Erikson left, following completion of their roles in "Escape from Yesterday," for stage work in Chicago. Bob (The Arkansas Traveler) Burns and his wife are back in town, following a fishing trip off the coast of Ensenada. Louise Campbell, next to be seen in Paramount's "Men With Wings," was still indefinite about a date for her marriage to Horace McMahon when she left Hollywood for a vacation in Chicago.

When "Artists and Models Abroad" is completed Jack Benny will get the first print of a sneak preview at his home. He has a promise to that effect from Director Mitchell Leisen. Gladys Swarthout was welcomed back to Hollywood and Paramount by her many friends. She starts work soon in "Ambush." Gail Patrick is checking with Paramount daily to find the preview date of her latest picture, "Disbarred." She plans to leave immediately after the preview for a New York vacation. Her secretary, Jean Edwards, will accompany her. Intimates predict that the Martha Raye-David Rose nuptials will take place before she starts work in October in "Never Say Die." When Dorothy Lamour completes her role opposite Lloyd Nolan in "St. Louis Blues," she and her mother will vacation in Northern California.

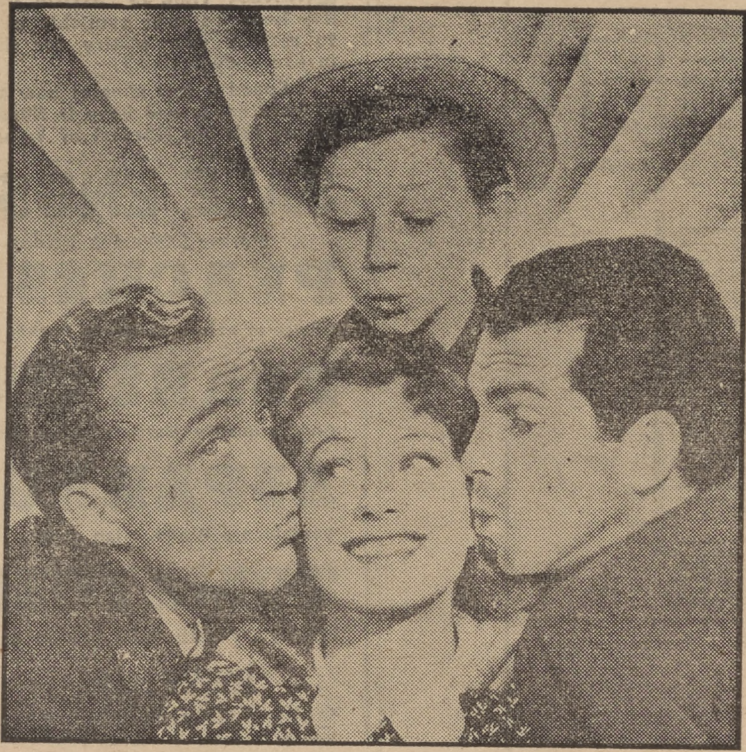

Mrs. Ken Dolan (Shirley Ross) and her new husband are back in town, following a wedding trip in Nevada and Northern California. They will take a longer trip, following the preview of Shirley's two latest pictures, "Paris Honeymoon" and "Thanks for the Memory." Joel McCrea and Frances Dee return to Hollywood early next week when Joel is scheduled to start working with Ellen Drew in Cecil B. DeMille's "Union Pacific." Mary Boland back in Hollywood, following a European vacation, to start work in a picture with Charlie Ruggles, reports that she waited to do her fall shopping in this country—likes American clothes best.

## CARPINTERIA MAN FAVORS 3 AND 4 ON NOV. BALLOT

Propositions 3 and 4 on next month's ballot would protect California from the evils of traffic revenue diversion, and at the same time would insure maximum benefit from their proper use, according to Ed Fitzsimonds of Carpinteria.

Tax diversion, Fitzsimonds pointed out, has paralyzed traffic projects in states where it has occurred, and at the same time has caused a reduction in the allotment of federal funds for those states. Proposition 3 would permanently forestall such diversion, reserving gasoline and motor vehicle revenues for state highway maintenance, development and administration, including support for the State Highway Patrol.

Coordination of highway units of the state government, as ef-

A scene from "Sing You Sinners" featuring Bing Crosby and Fred McMurry playing at the Fox Arlington Theatre. Also on the same program "Time Out for Murder."

Mickey Rooney and Freddie Bartholomew as they will appear in "Lord Jeff" which opens a three day engagement at the California Theatre Saturday. James Cagney, Pat O'Brien and Marie Wilson will be seen in the companion feature "Boy Meets Girl" adapted from the stage success of the same title.

## ALL-CALIFORNIA CAST FEATURED IN "SOLILOQUY"

"Southern California is the best place in the world to cast a play," declares John Cameron, who with Homer Curran and N. H. Rappaport, is producing Victor Victor's new play, "Soliloquy," which Santa Barbara will see for the first time on the night of October 7.

"There are more actors—good, well-trained men and women who know their footlights perfectly—to be found on the West Coast than in any other section of the country. As it was necessary for us to sign

affected by Proposition 4, would free the Highway Patrol from clerical duties that now occupy the majority of its personnel, and would release members for duty patrolling highways, with a consequent increase in traffic safety, Fitzsimonds declared.

a cast for "Soliloquy" we decided to produce it first out in California, rather than in New York."

With John Beal in the featured role, supported by Helen Craig and Clarence Derwent, Cameron feels that his declaration concerning the casting problem is well answered. He believes, as do Messrs Curran and Rappaport that he has the ideal actors for the parts.

Cameron also says that he will have a surprise in store for Santa Barbara in the work of Eugene Schulz-Breiden, famed European director, who is staging "Soliloquy."

"Schulz-Breiden," he says, "is the Frank Capra of the stage. He disdains all ancient, hide-bound customs of the theatre, bringing to his staging that humanness, and attention to small details so necessary in making a play interesting. He utilizes the speed and tempo of film direction, combining these with the modern handling of actors in the flesh.

Play-actor John Beal and lovely Helen Craig, who will be seen here in the unusual drama, "Soliloquy," next Friday and Saturday at the Lobero theater. Young Beal will enact the role of a dual personality, in which his thoughts are spoken aloud as asides to the audience.

**IN TUNE WITH FALL . . .** This sleekly tailored, three-piece natural and brown herringbone tweed ensemble, should strike responsive chord among feminine stylists. Big alligator bag, with three-inch letter monogram, is newest style note this season.

## WOMEN IN THE NEWS

By LEONE BAXTER

Current economic conditions are putting a reverse angle on a marital problem that was given great attention by the lavender and lace writers of a few decades ago, when romance was the literary touchstone and the realistic novel a rarity.

The popular plot revolved around the woman whose husband "grew away from her". You remember the story: She stayed home, pattering with pans and brooms and treating the children's colds, while her husband's stimulating contacts in the world of business brought about a mental and cultural transition that eventually led him to look upon the faithful but unemancipated Little Woman with a bilious eye—and to seek instead the companionship of ladies of wit and sparkle, and otherwise gaily feminine, if unfettered, qualities.

Invariably, however, just before it was too late the novelist brought the recreant benedict to realize that the quiet homebody was the Real Woman, after all, and that all is not gold that titters.

Comes now the Department of Education of Minnesota, with a survey of the status of 20,000 boys and girls one year after graduation from high school. Of this group, 36 per cent of the girls were continuing their education, while but 29 per cent of the boys were going on to college.

There, it seems, rises a threat to domestic tranquility which the sentimental fictionists of yore might have attacked with gusto! While the boy-friend plugs away in factory, store or office, the girl-friend is acquiring collegiate polish and erudition! By the time he has developed the ability to provide beefsteak and tickets to the neighborhood movie she has soared to the level where people order pate de fois gras with the correct accent and discuss only neosurrealist art and the Little Theater movement.

No doubt the resourceful old-time novelist would come up with a soul-satisfying solution — after 380 pages of bitter struggle against Fate with a capital "F". But

## BURDETTE WHITE RECEIVES DEGREE AT U. OF C.

**BERKELEY**—Following the end of Summer Session on the Berkeley campus, the Regents of the University of California granted certificates and degrees to students who completed their work during the summer. Among those who received recognition of the fulfillment of their academic obligations was Burdette E. White of Carpinteria, who received the degree of Bachelor of Science from the College of Agriculture.

## Want Ads In The Chronicle Bring Results.

in real life—in this day as in that—such worrisome plots have a way of resolving of their own accord into reasonably happy endings.

Women long since have taken the calamity novelist's stock-in-trade away from him by keeping pace with their husband's intellectual mountain climbing, through the stimulation of club, welfare, educational and social activities outside of the home.

And as far as the modern maiden is concerned, there is little doubt that the wise college girl will discover that the acumen of the male mind may be sharpened quite as keenly on the whetstone of business experience as on a college curriculum. Also that beefsteak and the neighborhood movie are not to be sneezed at—not in these times.

## FORMER RESIDENT TELLS OF EASTERN HURRICANE

Friends of Helen Hebel Smith have received her account of the hurricane which swept the eastern coast last week, written from Springfield, Mass., where she is teaching this year. She was at the school when the storm broke, and describes it as follows: "It came in characteristic hurricane fashion, a terrific blow then a short lull. During one of these lulls I made a dash for my car which was parked in front of the school building, but was caught in one of the gales (the paper said it was a 60-mile gale.) But I made it and held on

to the car to await another lull so I could open the door. Everyone was anxious to get home, so where a tree fell in front of a car we just jumped curb and went through people's lawns. The wind and rain were terrific. I reached my garage and thought I would start for the hotel across the street and duck into doorways when the blow came. When I reached the corner drugstore all the windows and the glass door were gone. I put my head down, waded the street river and ran for the entrance. It had taken me more than an hour to drive 20 blocks. This morning the sun is shining and drying up the streets. Trees are down so that every street is blocked except the main ones, which were cleared dur-

ing the night." She adds: "The second day I lived in Santa Barbara they had an earthquake, the second day of school here they have a hurricane. How do you figure that out?"

# University Bulletin on Equity In Lemon Pooling Available

BERKELEY—The maintenance of substantial equity in the pooling of lemons, a question which has concerned the growers and marketing agencies alike, has been made the subject of a bulletin from the Giannini Foundation of Agricultural Economics of the University of California. The bulletin, which is numbered 619, and may be obtained from the offices of the Foundation here, is from the pen of Prof. H. R. Wellman, associate professor of agricultural economics, and M. D. Street, research assistant on the Foundation.

The bulletin deals with the method of handling lemons, grade pools, size pools, time pools, color pools, and by-product pools, and gives a summary of the findings in each pooling study. Certain vital computations of pool returns and methods of calculating adjustments are tabulated in the bulletin.

The study was undertaken at the request of the board of directors of the Santa Paula Citrus Fruit Association, who desired an analysis made of their pooling operations that would serve as a guide to the members in determining what, if any, changes should be made in the pooling system then employed. The report is designed to be of value to all persons interested in the pooling of lemons. Some parts of it will also be of use to those interested in the pooling of other agricultural products.

Because of the prospective increase in lemon production, the pooling problems which arise from deterioration in quality and shrinkage of lemons in storage and from sending of merchantable lemons to the products plants are likely to become acute. Under such situations certain adjustments not now employed will be needed if substantial equity between growers is to be maintained.

## EIGHTH BIRTHDAY CELEBRATED MANY YEARS LATER

Bob Bailard entertained at a party celebrating his eighth birthday last Thursday evening, when all his cousins were guests. Of course Bob's eighth birthday has been past for several years, but

## CLASSIFIED

FOR SALE—used water pipe; sizes 2 to 8 inches. See George Thompson, 731 East Haley, Santa Barbara. 10-7-2tp

NO DIFFERENCE what kind of property you have I can sell it. Especially am I in need of small parcels of land, citrus properties & ranches. HOWARD C. GATES, Granada Theatre Bldg. Phone 23571, Santa Barbara.

the fact that he had the measles on that date and he could have no party then has rankled through the years and he celebrated at this time in real style. His guests were all his cousins who came in response to gay little invitations dressed as they would have dressed for that occasion. Children's games were played and the parents came in to see the guests seated at a big table with circus decorations. Many presents were received by the host.

Assisting in preparations were Mrs. Bailard and her mother, Mrs. T. H. Gooding. The guests included Mr. and Mrs. Willis Bailard of Montecito, Mr. and Mrs. W. W. Phelps and Miss Ellen Bailard of Santa Paula, Mr. and Mrs. George Humphreys, Mr. and Mrs. Donald Bailard, Mr. and Mrs. Gordon Bailard, Mr. and Mrs. Beverly Bailard, Mr. and Mrs. Bailard Franklin, Mr. and Mrs. A. W. Horton, Mr. and Mrs. Neil Bailard, Mr. and Mrs. Harlin Henderson, Mr. and Mrs. J. C. Bailard and Miss Betty Franklin.

## TEST OF ORCHARD THERMOMETERS SET FOR NEXT WEEK

Although weather cold enough to warrant careful watching of orchard thermometers is not expected for some time yet arrangements have been made to check all thermometers so that they will be absolutely accurate when that time comes according to a communication addressed to all citrus growers by J. L. Scott, Emergency assistant county agent of the United States Department of Agriculture which reads as follows:

To All Citrus Growers: Dear Friends:

You are advised that all orchard thermometers will be tested on Wednesday, October 12, at Santa Paula. If you bring your thermometers to your local packing houses, or this office, a representative from this office will take the thermometers to Santa Paula, and bring them back for you. As there will be many thermometers there, be sure and have yours marked with your name and address. Please send them in as soon as possible so we may make them ready for shipment.

Very sincerely yours, J. L. Scott.

Emergency Assistant County Agent, U.S.D.A.

## State Park Story

(Continued from page 1) no unsubstantiated facts are admitted. The story of nine of the parks, including Carpinteria Beach, is being written by Don Morton, Vice President of the California Young Writers League.

We are agreed upon the fact that the history of Carpinteria Beach State Park is certainly at the top in interest. When we consider that Cabrillo gave the spot such prominence in 1542, that Portola's party in 1769 named it, that "the wheel tracks of the early stages did not survive the next

high tide," and so many other readily found facts to give it fame, then to have the foundation of our story made so sound by your splendid assistance is just too much

This history is already put in monograph form and in due time a copy will be sent to the Custodian of the Park. If it is at all possible I shall inform you when this is done, and in a small degree thus repay my indebtedness to you, for I know you will enjoy reading it.

And again permit me to say Thank You! a thousand times over.

Most sincerely,  
Laura M. Hicks (Mrs. W. K.)  
2546 Etna St., Berkeley, Cal."

## (Continued from page 1) PARTICIPATION CAMPAIGN

cause the Christian life is a growing life, we dare not hesitate. We cannot expect to draw and hold our boys and girls unless we are willing to make sacrifices for them. We cannot find the "Way, the Truth, and the Light" except we exalt the Lord of Life.

Before we were born the Church gave to our parents ideals of life and love that have made our homes places of strength and beauty. It is the conservator of the values of the past, the creator of ideals in the present, and the torchbearer of tomorrow's progress. Surely this is the time of our greatest strength and opportunity. "Thus saith the Lord of Hosts, consider your ways and build the house and I will take pleasure in it and I will be glorified." Trusting God, "let us arise and build."

Your Pastor,  
Deane Francis Babbitt

IT'S **OK** TO READ IN BED

### IF YOU HAVE PLENTY OF LIGHT

Contrary to popular belief, it is not harmful to read in bed, if you do it right. With proper posture—the head and shoulders comfortably propped up—and adequate light, it can be one of our most harmless pleasures. Good light contributes to our comfort, our relaxation, and our ease. See the modern reading lamps at your electrical dealer's today. Look for the lamps with the special diffusing bowl under the shade.
