

THREE MORE ISSUES

There will be only three more issues of *El Gaucho* published this semester. Among the more important announcements to be run are Registration Changes, Round-up of sports highlights, and Programs of events for the fall semester.

The last issue will be put out on May 19. Persons who intend to place announcements or notices in the paper before that date must submit the same by the May 16 deadline, or before.

Also, students who are interested in working on the *El Gaucho* staff in the fall are asked to contact the editor on or before May 19.

AUTHOR SPEAKS TODAY

Mark Harris To Be Featured In Tues. Lecture, The Higher Rage

Mark Harris, a popular novelist, essayist, reviewer, playwright and author of numerous magazine articles, will appear in the University Lecture Series today at 4 P.M. in the classroom building lecture hall. The public is invited to attend.

Harris, who also holds the rank of assistant professor of language arts at San Francisco State College, will present a reading entitled "The Higher Rage."

Novels

A native of New York State, the visiting lecturer worked as a newspaper reporter for several years before attending Denver University, where he earned both his B.A. and M.A. degrees. His Ph.D. in American civilization

was awarded by the University of Minnesota.

Harris' first novel, "Trumpet to the World," was published in 1946 by Reynal & Hitchcock. Since his first book, he has published six more, including such titles as "City of Discontent," "The Southpaw," "Bang the Drum Slowly" and "Wake Up, Stupid." His articles and stories have appeared in "Esquire," "Sports Illustrated," "The Saturday Review," "Mademoiselle" and "The American Scholar."

Harris spent one year as a teacher at the University of Hiroshima under the Fulbright program. He is now attached to the Actor's Workshop of San Francisco as resident playwright under a Ford Foundation grant.

MARK HARRIS

Olympic Gymnasts Appear In Friday Night Exhibition

On Friday Robertson Gymnasium will be the site of a gymnastic meet of champions. Two of the champions were members of the United States Olympic gymnastic team that competed in Rome.

For anybody unacquainted with gymnastic competition, Friday night's exhibition will be an event that he will never forget. The skill, grace, poise, nerve and sheer strength of the competitors is a sight the likes of which is rarely seen in the Santa Barbara area.

Many people have heard of such stunts as the flying cross, the iron cross and giant swings on the horizontal bar, but how many people can say that they have seen these stunts performed much less say that they have seen them performed by champions?

The competitors will exhibit stunts in tumbling, free exercise, on the side horse, the parallel bars, the rings both still and flying, the trampoline, high bar and the long horse.

There will be ten competitors composed of Olympic, international, national, collegiate and Pacific coast champions.

The exhibition is slated to begin at 8 on Friday evening in Robertson gymnasium. The tickets will be \$1.00 for general admission and 50 cents for students.

Panel Reviews Piel's Talk On Abundance

On April 5 a lecture was delivered on this campus by Girard Piel, editor and publisher of "Scientific American" since 1946. The topic of that discussion was, "Economics of Abundance."

This Friday evening, at 8 P.M. in the classroom auditorium, there will be a panel discussion centering around the topic of Mr. Piel's lecture. The public is invited without charge.

A portion of Piel's lecture will be replayed on tape, after which there will be a series of comments from the panelists. A period of questioning from the floor will follow.

The panel talks are being presented by the International Relations Club in conjunction with the Santa Barbara chapter of the American Association for the United Nations. These organizations feel that Mr. Piel's views on the crises of expanding technology need to be emphasized. In sponsoring the Friday night event, they intend to increase public awareness of the forewarnings stated by Mr. Piel.

The panelists will be Felice Bloom, Sam McPheters, and Phil Schott, all students at UCSB. Moderator will be Dr. John Wilkinson of the UCSB department of philosophy.

Ed Note: A review of Piel's talk was printed in an earlier issue of *El Gaucho*. Interested persons are invited to read that article in the *El Gaucho* office.

Applications For Diving Course Due By May 12

A three week course in the use of self-contained underwater breathing apparatus will be offered on this campus starting June 19. Applications must be filed by May 12. Forms and information are available from P. Adams, 2112 Biological Sciences Building, Ext. 3220.

Concert Given Next Week

The Affiliates of Music at UCSB have announced that a scholarship concert for the purpose of raising funds for music scholarships will be given in the San Marcos High School auditorium on Sunday, May 21, at 8:30 P.M.

Student choral groups participating will include the University Chorus, under the direction of Carl Zytowski, the Men's Glee Club, also directed by Zytowski, the UCSB Chamber Singers, directed by Miss Dorothy Westra, and the Modern Choral, directed by Professor Van Christy.

Tickets will be available at the door. General admission \$1.50; students, 75 cents.

The next meeting of the Rally Committee will be held tomorrow at 4 P.M. in the huddle. This will probably be the last meeting of the group this year so all committee members are urged to attend.

Fingarette Lectures On Rationality, Causality

Dr. Herbert Fingarette, associate professor of philosophy at UCSB recently delivered a lecture on "Rationality and Causality" on the University's Los Angeles campus. The philosopher's talk was part of the "Human Behavior" series at UCLA.

A.S. SIGN-UPS OPEN

Sign-ups for Associated Students committee and board chairmanships will open Monday, May 8. Sign-up sheets will be placed in the AS office.

Committee and Board chairmanships include a whole spectrum of experience and responsibility from social areas to areas of finance and business.

Students are encouraged to participate in student government and express themselves through these chairmanships.

AWARD BANQUET SET FOR MAY 18, TICKETS ON SALE

Tickets go on sale Monday, May 8, for the Associated Students Awards Banquet, which will take place May 18 in Ortega Dining Commons at 6:30 P.M.

All students are invited to attend the banquet in honor of outstanding students on campus. This is the first time the A.S. awards have been presented at a banquet. In the past the presentations were made at an assembly.

Some of the awards to be presented are the La Cumbre Honor Copy, A.W.S. and A.M.S. awards, Honor Keys and the Max Caulk award. The Honor Copy is presented to the senior who has been most outstanding in leadership, scholarship and service over a four-year period.

A.W.S. and A.M.S. awards are presented to the outstanding man and woman of either junior or senior status for their contributions in the areas of leadership, scholarship and service for this school year. The outstanding

Final Faculty Recital Planned

The concluding faculty recital of the Spring season will be presented by Clayton Wilson, oboist and Irving Easley, pianist at 8:30 P.M. on Wednesday, May 17. This event, to be held in the campus auditorium, is open to the public without charge.

The program will be one of contemporary music. An unusual aspect of this recital is that it includes some music for oboe alone and some for piano solo.

The program is as follows:

- Sonata for oboe and piano (1958) Roger Chapman
- Maestoso ma non troppo lento
- Adagio
- Allegro molto
- Improvisation for oboe and piano (1957) Matyas Seiber
- Sonatine pour hautbois et piano (1946).....Antonio Szalowski
- Three Impromptus, Op. 17 (1952) P. Racine Fricker
- Allegro
- Delicato flessibile
- Vivo
- Suite for oboe solo (1958) Egon Wellesz
- Comodo
- Lento
- Giacoso
- Duo for oboe and piano (1947) Kent Kennan
- Dance
- Air
- Fugato

Dole Painting Exhibited At Brooklyn Museum

Santa Barbara artist William Dole, associate professor and chairman of the art department at UCSB has had one of his water colors, "Hay-barn," included in the 21st International Water Color Biennial at the Brooklyn Museum.

The exhibition was organized by Hertha Wegener, the museum's assistant curator in charge of paintings and sculpture, and contains representative selections from Germany, England and the United States.

UCSB Coed Named Miss Santa Barbara

Miss Deanne Mistretta, a Freshman at UCSB and a member of Kappa Alpha Theta sorority, was named as "Miss Santa Barbara" last Saturday night. The final judging was held in the Lobero Theatre, capping off the series of activities centered around the Miss Santa Barbara Pageant for 1961.

Miss Mistretta will journey to Santa Cruz in June where she will be in competition with representatives of other cities in the state for the title, "Miss California." The winner of this contest will be the state's nominee for the coveted Miss America award.

Any persons who hold complimentary ticket orders for performances of "Othello" are asked to pick up the tickets in the Arts and Lectures office, immediately. Tickets for the May 10-13 and May 16-20 showings are practically sold out. For this reason, the Arts and Lectures Committee requests that comps be accounted for, in order that unwanted tickets may be sold.

APPLICATIONS FOR SR. CLASS COUNCIL

Interviews will be given for the selection of members of Senior Class Council on May 15 and 16. Applications, which may be picked up in the A.S. Office, must be filled out before the interview. The time and place of the interviews will be designated on the application form.

Four dates have been secured on the 1961-62 ACB calendar by the Senior Class. The council members will initiate and plan the activities for these dates. They will serve as liaisons to other members of the class to encourage interest and participation in class activities and will also work in conjunction with the committee for alumni affairs.

Much can be and needs to be done to establish class unity and traditions. An imaginative and working council could help realize the potential which lies in class activities.

TRAGEDY 'OTHELLO' BEGINS NINE-NIGHT RUN TOMORROW

The clashing of swords will ring out in the Little Theatre as the UCSB drama department unfolds the famous Shakespearean tragedy *Othello*, opening tomorrow night at 8:30 for a nine-night run. Dr. Stanley Glenn will direct the immortal tale of the valiant Moor, his love for Desdemona and his struggle of emotion when he suspects a loss of reputation.

Starring in the title role will be Herb Bernau, who portrayed Jack Tanner in *Shaw's Man and Superman* last December. Mary Fraga, who recently appeared as Polly in *The Boy Friend*, will play opposite Mr. Bernau, as the sweet and innocent Desdemona.

Add Tim Aarset as the crafty Iago, Terry Phillips, as the loyal Cassio, Dianne Pippin, as the faithful Emilia, and Louise Raymond as Cassio's mistress Bianca, and the stage is set for the moving drama.

Supporting the six main characters will be Gene Seaman as Barbatio, Jon Benning as Roderigo, Dave Bodlak as the Duke of Venice, Kent Brown as Montavano, Bill Black as Lodovico, and Fred Witt as Gratiano. Others in the cast include Paul Daurer, John Fox, William Arnett, Henry Linn, Jack Bannon, Joe Buelna, Jerry Patch, Bill Harrison, John Little and Leroy Bailey.

Music for the show has been written by Professor Roger Chapman of the UCSB Music Department and recorded by the UCSB Woodwind Quintet. Dr. Chapman has contributed to past UCSB shows, *Antigone and Beggar on Horseback*, and has also written "Music for two Cellos" which was presented at the Festival of Contemporary Music last year.

Richard West, a student at UCSB, has designed the costumes for the tragic drama. All have been styled after the fashion of the period.

Dr. Glenn, who has directed *Rose Tattoo, Sea Gull, and Man and Superman* in the past two years, and now brings the Shakespearean play to life on the UCSB stage, urges all to get their tickets early, as a complete sellout for each performance is expected. Besides some six hundred season ticket holders, about two hundred county high school students are expected to attend, as well as numerous campus students who have been assigned to view the play for class. One

night, Friday, May 12, has been reserved entirely for the high school students who will be participating in the first Tri-County Drama Festival.

Tickets for the performances, May 10-13 and May 16-20, may be obtained from the University Extension.

ALL STAR GAME TODAY
The RHA sponsored All Star Baseball Game between the best Greek players and the best RHA players is set for today, at 3:30 P.M. in the field behind Robertson Gym. Come see this thrilling game and support your team.

ART STUDENT TO ATTEND YALE GRAD SCHOOL IN FALL

Richard Serra, a student at UCSB majoring in English, has been admitted to the Yale Graduate School of Art. He will begin attendance in the fall of this year.

Serra has been working in the field of art at UCSB since the fall of 1959. Under such instructors as William Ptansynski, Howard Warsaw and Thomas Cornell, he has developed his prime interest in figure studies. His work in the disciplines of drawing, painting and etching has been responsible for Serra's acceptance into the Yale grad school.

When asked how he felt about the appointment, Serra answered, "Boy, am I happy." He will be in residence for three years.

AFFILIATES OF ATHLETICS FORMS ON UCSB CAMPUS

Intercollegiate athletics at UCSB have been promised a significant community-wide "helping hand" with the formation of an organization of prominent local citizens whose purpose will be to aid the university sports program.

Named the Affiliates of Athletics at UCSB, the group elected officers and named its organizational meeting.

Norm Bacon was elected chairman of the Affiliates for Athletics. Other officers include Bill Hurst, vice chairman; Jerry Harwin, treasurer; and UCSB Director of Athletics "Doc" Kelliher, secretary.

The new group will be a division of the main Affiliates of the University of California, Santa Barbara, which was organized last October. Sports booster groups already in operation — such as the UCSB Hoop Club, Gridiron Club, Track Club and Baseball Club — will continue to function within the main framework of the Affiliates for Athletics.

Named to head committees were Dr. George Flynn, the Century Club; Jerry Harwin, chairman of the finance and budget committee; and Phil Patton, News-Press sports editor, publicity chairman.

In addition to these officers and committee heads, other Affiliates for Athletics charter members include Charles Ott Jr., Elmer Fredericks, Bob Kelly, Will Gahagan, Caesar Uyesaka, Jim Campbell, Fred Popkin, Marshall Booher, Al Watkins, Dick La Pina, Russ Erickson, Fred Slavin, Pat Connolly, Charlie Sands, James P. Jordano and Steve Moreno.

Lecturer Warns Of Rash Views On Communist China's Status

Last Thursday evening at the Lobero Theatre Mr. Frank Pestana, a Hollywood attorney who travelled through China for six weeks in 1959, discussed the progress which that country has made under the present Communist government. He maintained that much of the information which we receive about China is misleading, and that we must view the condition of the people in historical perspective, rather than contrast their economy with more highly-developed Western economies.

Many facets of the Chinese society were discussed by Pestana (with the aid of numerous slides), although he attempted to stress "the typical, rather than the atypical." Apparently among the former were tremendous building and reclamation programs; for example, housing and dam-building projects. Perhaps most impressive, at least in terms of sheer effort, was a tree-planting project designed to cut down soil erosion.

At one point in the lecture, Pestana remarked that the people of China did not wear uniforms of blue cotton, as is commonly supposed. When the government first established itself it ran off huge amounts of cloth and dyed it a uniform color for the sake of economy, but this practice was discontinued when clothing production began to approximate demand.

Pestana said that his chief criticism of the Chinese government concerned the court system, in which he missed the writ of *habeas corpus* and the right of the accused to confront his accuser. In answer to a question after the lecture, he commented that it was of course true that the Chinese do not have free elections; however, at the same time he noted that suffrage was restricted considerably in the first years after the American Revolution, concluding that we should not judge too quickly. He seemed to approve of the two-year moratorium on the death penalty in China, which is designed to give condemned individuals the opportunity to prove themselves worthy of rehabilitation.

Noted Economist To Give Lecture On Monetary Policy Tomorrow

Dr. Walter A. Norton, a specialist in monetary and banking theory, will deliver a lecture on "Gold and Monetary Policy" tomorrow at 4 P.M. in the classroom building lecture hall. Admission is free to the public.

The well-known economist is a professor of economics at the University of Wisconsin.

KELLEY SPEAKS ON CAMPUS GROWTH

Dr. Robert L. Kelley, assistant to the chancellor at the University of California, Santa Barbara, addressed the Ojai Valley Business and Professional Men's Association Wednesday, May 3, at a luncheon meeting in the Firebird Restaurant.

Kelley, whose specialty is campus development, talked about the growth of the UCSB campus, showed slides of new buildings, and answered questions regarding future development of the local University plant.

Gold Problem

In his talk Norton will discuss fiscal policies with particular reference to the changing gold situation of the U.S.

Author of numerous books and professional articles on tariffs and tariff theory, money, banking, taxation and unemployment insurance, Norton has been associated with the University of Wisconsin since 1925. He holds the Ph.D. from that institution and two additional degrees from the University of Michigan.

RHA Election Date Set

RHA elections will continue today, May 9. The polls will be set up outside Ortega and De la Guerra Dining Commons, and students can vote at noon or evening.

AIR FORCE CAPTAINS ON CAMPUS THURS.

Captain Arthur E. Johnson and Captain Winnifred Springer, Air Force officer selection representatives, will visit the UCSB campus on Thursday, May 11, to discuss the Air Force Officer Training School program with interested students.

In making the announcement of the visit, Master Sergeant Robert C. Burkhardt, local Air Force recruiter, explained that the Officer Training School program offers both male and female college graduates the opportunity to obtain commissions as Air Force second lieutenants by completing a three-month training course.

The officers will be available from 10 A.M. to 3 P.M. at the student union for personal interview.

Information concerning the various Air Force programs and qualification requirements may be obtained through the local Air Force recruiting office at Room 11, Post Office Building, Santa Barbara, or by telephoning WO 2-0790.

AWS BANQUET HONORS OUTSTANDING STUDENTS

At the AWS Banquet held on April 26, Dean Bowers presented awards to the top senior women. These women were chosen on the basis of their overall service to the school and scholastic achievement. The Top Senior Women are Frances Cartwright, Roz Rubidoux Clark, Nadine Hume, Marilyn Jacobs, Doris Sonnie and Kay Hubbell.

Frances Cartwright has an overall average of 3.1 and her major is combined social science. She has been vice-president of a hall, president of a hall, orientation chairman for AWS, a member of the Chancellor's Committee for School Affairs, a member of Spurs, President of Chimes, Recording Secretary for Crown and Scepter, a member of Cal Club and a Resident Assistant.

Roz Rubidoux Clark is an early childhood education major, with an overall average of 3.6. Roz has been president of a hall, a member of AWS Board, Sophomore Council, Frosh Camp, president of

Spurs, secretary of Chimes, president of AWS, on Legislative Council, Activities Control Board, a member of Kappa Delta Pi and Delta Phi Epsilon (E C E Honorary), chairman of Cal Club, and a member of Crown and Scepter.

Nadine Hume has been chairman for Tri-County Playday, president of PE Club, a member of CHAPTER, music technician for Aquacade, a member of Spurs, and Chimes and treasurer for Crown and Scepter. Nadine is a PE major with an overall average of 3.24.

Kay Hubbell has a 3.09 average and has majored in field biology. She has been a member of Spurs, Interfaith Council, vice-president of AWS, member of AWS Board, president of AWS, Women's Glee Club, scholarship chairman for Delta Gamma, a member of Beta Beta Beta, on Activities Control Board and Legislative Council.

Marilyn Jacobs has major

L&M UNLOCKS CAMPUS OPINION

#6 in a series of polls conducted by L&M student representatives in over 100 colleges throughout the nation.

Pack or Box

Light up an L&M, and answer these questions. Then compare your answers with those of 1,383 other college students (at bottom of page).

Question #1: As a college student, do you believe that you are taking the best advantage of your educational opportunities?

Answer: Yes _____ No _____

Question #2: Some college men are wearing trimmed beards. Do you think most girls will be attracted to men with trimmed beards?

Answer: Yes _____ No _____

Question #3: Do you think that American colleges tend to overemphasize football and other sports to the detriment of the status of academic accomplishments?

Answer: Yes _____ No _____

Question #4: How many cigarettes do you smoke a day, on the average?

Answer: Less than 8 _____ 8-12 _____ 13-17 _____
18-22 _____ Over 22 _____

UNLOCK A NEW WORLD OF FRESH SMOKING PLEASURE

Start Fresh with L&M... Stay Fresh with L&M...

L&M Campus Opinion Answers:

Answer, Question #1: Yes 36% - No 64%
Answer, Question #2: Yes 10% - No 90%
Answer, Question #3: Yes 34% - No 66%
Answer, Question #4: Less than 8, 20% - 8-12, 18% - 13-17, 19% - 18-22, 28% - Over 22, 15%

The more you smoke, the more you appreciate today's L&M. You start fresh with L&M, and you stay fresh with L&M. Do away with dried-out taste for good. The secret? Flavor Seal... L&M's special way of moisturizing tobacco to seal in natural tobacco freshness... natural tobacco goodness. Get fresh-tasting—best-tasting L&M.

The L&M Campus Opinion Poll was taken at over 100 colleges where L&M has student representatives, and may not be a statistically random selection of all undergraduate schools. ©1961 Liggett & Myers Tobacco Co.

Published semi-weekly every Tuesday and Friday during the school year, except during vacations and exam periods, by the Associated Students, University of California, Santa Barbara. Printed in Goleta by the Goleta Gazette. Entered as second-class matter on November 10, 1954, at the post office at Goleta, California, under the Act of March 3, 1879.

Page 2 Tuesday, May 9, 1961 El Gaucho

Sociology 131 Views Suburbs

Sociology students, under the guidance of Dr. Peter Etzkorn, are conducting a class project in conjunction with their Urban Society course, Sociology 131.

This project is concerned with the El Encanto housing tract in Goleta, and the results will attempt to show the leisure and mobility trends of the people living in a suburban situation.

For this study, the class of 25 students has been divided into three groups — data gathering, question and formulation and interviewing. The first two of these groups have completed their work, and this week the interviewers will be questioning the families of the tract.

PLANS FOR NEW DORM UNIT, OTHER BUILDINGS REVEALED

Plans for a men's residence hall with two eight-story towers at UCSB were revealed publicly by Charles Luckman, supervising architect and master planner for PE Club, president of a hall, RHA Women's Representative, on Sophomore Council, a member of Chimes, on Legislative Council (she received an award for being 1 of the 10 most valuable people on Legislative Council), president of RHA, in Aquacade, stage manager for the Dance Concert, on the Administrative Committee on Living Accommodations and a member of Cal Club.

Doris Sonnie has been vice-president of Spurs, social chairman for Panhellenic, rush chairman for Delta Gamma, a member of Chimes, Kappa Delta Pi, Delta Phi Epsilon, president of Crown and Scepter, and a member of Cal Club. Doris has maintained a 3.48 average and has majored in Early Childhood Education.

These women were awarded silver plates, courtesy of Mr. Stanley Lowry of the Santa Barbara Chamber of Commerce.

The structure to give a monolithic appearance, he explained.

Small Units

In addition to conserving valuable land area, Luckman emphasized that this plan follows Chancellor Gould's hope that campus residence halls could provide for separate units of 25 students each. There will be 25 students on each floor with a combination of rooms for one, two, four and six students. Lounge areas on each floor will provide a cohesive and friendly atmosphere for this small community unit of college men.

Luckman described other buildings either under construction or in the final planning stages, including the 900-capacity lecture hall now being built near the future main entrance to the campus. His designers, said Luckman, have devised a new lighting arrangement to give this unusual circular building a delicate floating effect at night.

Radioactivity

Also under construction is classroom building no. 2, which will include a lecture hall for 120 and a digital computer. Expansion of De la Guerra Commons will feature small dining rooms for special student-faculty functions. A development of 250 one or two bedroom apartments for married students is scheduled for early construction. An architectural rendering of the central laboratory for radioactive materials was also described.

Human Scale

Chancellor Gould, in welcoming the group, told the visitors that in all of the physical planning of the campus, the "human scale" will be kept uppermost. "When we have 15,000 students they are going to be able to go about this campus without being overwhelmed by the buildings around them. I appreciate that our architect is sensitive to this and also appreciate the intellectual and academic concepts so vital to our growth," Gould said.

History Club To Meet Wed.

The new doctorate program as well as general graduate work in history at UCSB will be the format of the last meeting of the History Club and Phi Alpha Theta to be held Wednesday evening at 8 P.M. in the classroom building auditorium (C1004).

Mike Kovar and Gerry Mullin, graduates in history and scheduled to receive their M.A. degrees in history in June, will speak on the pros and cons of graduate studies

HENRY V

There will be three showings of the film "Henry V" on May 14-2-30 5-00, and 7-30.

in history at UCSB as well as what undergraduates should prepare for with graduate school in mind.

Dr. Wilbur R. Jacobs, chairman of the Department of History, will then give the details on the Ph.D. program in history, which will begin here next September. A question and answer period will follow.

GEOLOGISTS HAVE FUN TOO

by Jean McIlvain

It has come to our attention that the geology department periodically sponsors field trips. An account of the most recent (which seems to have been quite a blowout) was given us by one of the members of the expedition.

The expedition left Wednesday, April 12, for Los Padres Forest, where the sedimentary rock strata are completely overturned. Making camp in the area (which is rangeland), the campers awoke the next morning with cows staring down at them. Torrore Webb chased a bull out of camp with a skillet. And later, two herpetologists bagged a defunct horned toad — found squashed on the road.

That day the expedition visited a borax mine, then bussed on up to the Kern

River area, noting rock faults as they went along. The next morning the whole group was served rice cakes because Dr. Webb overestimated the appetites of his own cooking party. After breakfast they explored Pack Saddle Cave. Off the main chamber there is a side passage that leads to some small but interesting passageways and caves, accessible via stomach (one paid of Roty shoes now have suede toes.)

Those who have quails about sustaining injuries while scrabbling around geological formations should not worry too much. The professors are willing and able to bear all casualties back to camp. One girl sprained her ankle, and Dr. Weaver gallantly carried her all the way to the bus.

Gravel Sandwiches

That afternoon the expedition went swimming at Valley Wells, near Trona. While playing King of the Castle on a large inner tube, Dr. Weaver was "bitten" on the scalp (a wound requiring three stitches and a tetanus shot).

Camp was made that night in the desert. The head of one of the cooking parties generously donated one whole egg to the other for breakfast; in return a peanut butter sandwich was proffered to him. Knowing his friends well, he opened it and found it to be liberally garnished with desert gravel.

Sweet Dreams

As camp was broken that morning, one of the herpetologists noted a cute baby sidewinder near a spot where one of the sleeping bags had been.

Later that day, while waiting at a road crossing (after dislodging the bus from a bump in the dirt road), the intrepid geology enthusiasts were met by a member of the Navy's illustrious Shore Patrol. He informed them that the sagebrush between them and their destination was classified and that they would have to take the long way around. Being good Americans (and because the S.P. followed them) they complied with their government's wishes.

After this episode they went mineral collecting at some mines north of Trona and thence to the last camp of the trip. Sunday morning, after doing a little more collecting, they barreled home.

There seems to be more than one way to take a study break.

Sensitive Question

"Reapportionment of legislatures," Dr. Baker writes in his conclusions, "an extremely sensitive political question in most jurisdictions, not only frequently depends upon constitutional change for a meaningful solution but in turn conditions the likelihood of general and comprehensive structural revision needed in many other spheres. How adequately constitutions accommodate themselves to the needs of a changing society may well depend on an effective resolution of the central question of reapportioning legislative power."

This publication includes a comprehensive appendix which lists the essential elements of each state's basis of representation and apportionment process. The total number of seats in each house plus any unique characteristics of the process are also included.

Annual Event Attended By 350 Women Students

Three hundred fifty women students attended a very enjoyable evening last Wednesday night at the AWS Installation Banquet held at San Marcos High School. The theme of the evening was "Horizons Unlimited" with the color theme of blue, pink and turquoise carried out on the programs and table decorations.

The special guests of the AWS were Dean Bowers, Dean Wheeler, Mrs. Trudeau, Mrs. Engle, Mrs. Hubbell and Dr. Elmott. Kay Hubbell, AWS president, opened the banquet with the invocation. After dinner this year's AWS Board was introduced and so were the guests of honor. Elsa-Karen Johnson, the new AWS president, gave a report of her trip to the Intercollegiate Association of Women Students Convention in Wisconsin. Following the Convention report, the speaker for the evening, Dr. Elmott, a counselor for the Santa Barbara Schools, gave his talk.

Entertainment for the evening was provided by Mary Fraga, accompanied by Nancy Bender.

The evening was concluded when next year's AWS officers were installed. This year's AWS officers, Kay Hubbell — president, Jean Christian — 1st vice-president, Mary Leinster — 2nd vice-president, Lynne Peterson — secretary and Andra Goble — treasurer, installed the new AWS officers: Elsa-Karen Johnson — president, Mary

FALL POSITION NOW OPEN FOR EL GAUCHO EDITOR

El Gaucho will need an editor for the fall semester of the 1961-62 school year. Applications are now being accepted for this position by the Press Control Board.

The duties of editor do not necessarily require that the applicant be experienced in journalism. However, those who are considering the post

Gifted Student Subject Of Panel On Saturday

A panel discussion on above-average students, their present position, potential and needs, in the public school system will be presented at a luncheon Saturday, May 13, at 12:30 P.M. in the Mar Monte Hotel. The public is invited. The price is \$1.95, tip and tax included.

Sponsored by the American Association of University Women, the panel will include Dr. Ruth Martinson, who has conducted a survey on "The Gifted Child" for the California State Legislature, Dr. Thelma Damgaard of the Santa Barbara School System, and Dr. Louis Walton of UCSB.

Reservations may be made by calling the Mar Monte Hotel by May 11.

Leinster — 1st vice-president, Marianne Kinney — 2nd vice-president, Nancy Brooks — secretary and Susan Hawes — treasurer.

should plan to spend one week or more prior to the September registration preparing for the technical problems in store.

Applicants must meet the standard requirements of academic qualification that apply to all extracurricular participation. These requirements will be considered by PCB.

Formal application consists of a written letter of self-introduction in which the applicant is to state the reasons for which he or she feels qualified for the position.

Interested students are welcome to discuss the matter of El Gaucho editorship with Phil Schott, present editor. Press Control Board will make its final decision by May 19. Application deadline is May 15.

Cotton Attends Psych Association Meeting

Dr. John W. Cotton, associate professor of psychology at UCSB, is in Chicago this week-end participating in the meeting of the Midwestern Psychological Association.

A member of the association's Executive Council, he will take part in the business meetings of the association. He is also presenting a research paper on experiments performed in collaboration with Dr. W. F. Hill of Northwestern University.

RED CHINA AND UN TOPIC OF HSU TALK

Dr. Immanuel C. Y. Hsu will lead a discussion on "Communist China and the UN" tomorrow evening at 7 in the Santa Cruz Lounge.

This discussion is the last of a series on Contemporary America sponsored by Crown and Scepter. All those interested are welcome to attend.

GERMAN FILM TO BE SHOWN FRIDAY

"Berliner Ballade," a film completely in German with no subtitles, will be shown Friday at 4 P.M. in the classroom building lecture hall. This film, made in 1948, won an award at the Cannes Film Festival. All interested students are invited to attend.

Student Summer Help Available

help this summer? If so, there is a UCSB student ready to solve your problem, reports Mrs. Joanne Carr, of the UCSB Placement Office.

Over 300 students have already filed for summer work. The majority of this group are looking for jobs in or near the Santa Barbara area. Some will be attending summer session and are looking for part-time employment; others are seeking full-time summer jobs.

Students are qualified to do various types of work. Some have had experience in work involving chemistry,

physics, mathematics, drafting, art design, stenography, and selling. Others are available for room work, dishwashing, clerking and gardening. Others help out with domestic chores in private homes for room and board.

University students are also qualified to supervise children in camps or playgrounds or tutor youngsters. Jobs in service stations, janitorial duties, and warehouse work are also desired.

If a university student can meet your need for the summer, you, in turn, will have the opportunity to help a young man or woman meet college expenses. Many of these students receive little or no outside financial support and depend upon the money they earn during the summer to balance budgets for the school year.

Employers are urged to place listings for either part-time or full-time summer employment with the UCSB Placement Office; call Mrs. Carr, 7-5611, ext. 2144.

Associate Prof Writes Booklet

A 70-page booklet, dealing with the vital and timely problems of legislative reapportionment and the impact of state constitutions on legislative representation has been written by Dr. Gordon E. Baker, associate professor of political science at UCSB.

Entitled "State Constitutions: Reapportionment," this monograph is one of a series on state constitutional studies, written by various prominent political scientists and published by the National Municipal League. It is designed to inform state legislators, other office holders, civic groups, students of government, as well as the general public about specific issues involving state constitutions.

Dr. Baker initially points out what these fundamental laws say about allocation and reallocation of legislative seats. He also devotes considerable attention to various proposals, ideas, and actual experiments of some states as to what constitutions "should" say about reapportionment and redistricting of the legislative branch. The political scientist finally discusses some of the crucial obstacles to change and probes possible remedies and reform.

"Reapportionment of legislatures," Dr. Baker writes in his conclusions, "an extremely sensitive political question in most jurisdictions, not only frequently depends upon constitutional change for a meaningful solution but in turn conditions the likelihood of general and comprehensive structural revision needed in many other spheres. How adequately constitutions accommodate themselves to the needs of a changing society may well depend on an effective resolution of the central question of reapportioning legislative power."

This publication includes a comprehensive appendix which lists the essential elements of each state's basis of representation and apportionment process. The total number of seats in each house plus any unique characteristics of the process are also included.

EL GAUCHO FORUM

Editor, El Gaucho:

Though Mrs. Livingston's ability as a film critic is not in doubt, one wonders why she bothered to point out the "glaring" inconsistencies of the three films from the U.W.F. series "Eight Steps to World Peace." Surely he realizes that these films were meant to be nothing more than easily digestible material for the public at large. It is quite obvious that these films are inadequate and the most convincing argument is Mr. Livingston's blundering evaluation of the possibilities of world government.

I suggest it is not a truism

that sovereign nations will refuse under any circumstances, to give up a part of their sovereignty. To accept this as a truism is to accept as fact that no form of world government will find international appeal. Since there has been no serious discussion of this problem on an international level, I fail to see why Mr. Livingston can be so conclusive in his convictions.

As for his curious assertion that effective law must be based on a common heritage, I should remind him that law itself is a common heritage of mankind.

GAUCHOS LAG IN CCAA TRACK MEET

Fresno State Lives Up To Pre-Meet Predictions - Pallante, Kirkpatrick Star

Outstanding performances by Gauchos trackmen Tony Pallante and Phil Kirkpatrick were not enough last Saturday afternoon on the campus oval as the Fresno State Bulldogs overwhelmed their California Collegiate Athletic Association rivals to re-capture the league crown after a two-year break in their reign.

Outscoring the other six contesting schools by totaling 66 points, 18½ points more than runner-up Long Beach State, the Raisin City wrecking crew amassed points in nearly every event to gain the honors.

The winners gathered in a total of 18 points on fourth and fifth place finishes alone to insure the victory.

For the Gauchos, Pallante got off his all-time best toss of 215 ft. 8 in. to win the javelin toss. His throw was nearly 13 feet better than the runner-up in the competition. Pallante's toss was certainly a "come-through" performance and possibly the outstanding effort of the afternoon. Previous to the CCAA meet, his best throw was 196 ft. ¾ in.

Kirkpatrick, the Gauchos' best in the broad jump this year, won the league crown on his final leap, going 23 ft. 4¾ in. for the Laurels. Gauchos Olympian and All-American track selection in 1960 Henk Visser, could do no better than a third place in the event, with a pulled muscle in the 100 yard dash competition limiting the "Flying Dutchman's" broad jump efforts to only two jumps.

Other Gauchos mishaps that contributed to the 1960 CCAA Conference Champions' defeat include the tough luck involved in springtime ace Dave Boraker's pulling up lame about 20 yards out of the starting blocks with another muscle pull, eliminating him from the 220 yard dash competition where he was picked to stop Los Angeles State's Joe Womack from copping a double win in the sprints.

Timber topper Joe Taylor suffered bad luck in both the hurdle events when he hit the

first two hurdles in the 120 and had to scratch from the 220 low hurdle race, one in the finish by Long Beach State's Gary Patterson. Taylor also had a good strong second place finish going in the 220 lows when he hit the final barrier and had to settle for a fourth when he broke his stride and lost ground.

Kirkpatrick also came in for the injury routine when he suffered an injured knee on his final broad jump leap

Diamondmen Drop L.A. St. Series, 2 And 1

Coach Dave Gorrie's baseball team traveled to the LA State campus last weekend for a three game stint and won one and dropped two, picking up their win via an excellent pitching chore by lefthander Dan Mulvey of the Gauchos in the second game of Saturday's doubleheader.

Friday's game saw the Gauchos dropping a 4-1 decision to the Diablos.

On Saturday the Gauchos dropped the first game of the doubleheader 10-7, and picked up a win in the second game in a dual of two-hitters that saw the Gauchos picking up a run in the eighth inning to win it 1-0.

Gauchos Dan Mulvey and Dan Reuter both had no-hitters going for the first six innings.

The split gives the Gauchos a 4-12 conference record and a 15-15 record for the season. Jim Winn, Gauchos first baseman and leading hitter, picked up two hits each of the first two ballgames and went hitless in the final game which ended his hitting streak of 21 straight games. In picking up four hits Winn maintained his contender's position among the league's leading hitters with an average of .435.

Next Saturday the Gauchos travel to San Fernando Valley State to finish the season with a final league doubleheader.

and had to scratch from the 220 low hurdle race, one in the finish by Long Beach State's Gary Patterson. Taylor also had a good strong second place finish going in the 220 lows when he hit the final barrier and had to settle for a fourth when he broke his stride and lost ground.

The Gauchos did manage to pick up enough points to finish fourth with 32 markers, behind Long Beach and Los Angeles State. Had the locals not been plagued by bad luck and injuries, they could have garnered a solid second place finish.

The UCSB squad's chances of beating Fresno would have been slight however, due to the surprising depth the winners displayed in the competition. The Bulldogs' ballity to place in nearly every event was the deciding factor in their win. They picked up only 19 points on first place finishes but 47 additional points on second through fifth place finishes. The pre-meet predictions had the winners pegged as needing not only front line strength but the depth necessary for additional, meet deciding points.

FINAL TEAM SCORING

Fresno State	66
Long Beach State	47½
Los Angeles State	44
UCSB	32

Gymnasts Here Friday

Pictured above is Larry Banner, Olympic team high point man in the 1960 Rome contests. Banner is but one of the many U.S. medalists who will be on campus this Friday night at 8 P.M. in Robertson Gym. The exhibition to be staged by the gymnasts is being sponsored by the Intercollegiate Athletic Commission in order to raise funds for the Grants-In Aid program at UCSB.

Gauchos Bow To San Diego St.

San Diego State captured the CCAA tennis championship at the UCSB courts last weekend, finishing with 10 wins and no losses in the final standings.

Rawson Lloyd of Cal Poly was the individual singles champion, defeating runnerup Lee Reid of UCSB, 6-4, 6-3. Lloyd finished with a 10-0 mark and Reid with an 3-2 count.

Doubles champions were Al Harris and Jim Mitchell of Los Angeles State, who defeated Gary Bunker and Bobby Ray of San Diego State 6-3 in a pro set.

Second singles winner was Wayne Martin of L.A. State, undefeated in the meet, and third singles went to Tom Turner of San Diego State who defeated Lloyd Roth of UCSB in a pro set playoff.

Terry Crest of Fresno State was fourth singles winner, and fifth singles was won after a three-way playoff by Bob Farrow of UCSB.

The Gauchos finished the season 12-2, and 6-4 in the league.

FINAL LEAGUE STANDINGS:

	Won	Lost
San Diego State	10	0
LA State	8	2
UCSB	6	4
Fresno State	4	6
Cal Poly	2	8
Long Beach	0	10

Tankmen Set New Marks In Downing UCR

The Gauchos swim team closes out the season by traveling to Claremont next weekend to defend their NAA District 3 swimming championship. The Gauchos will have a very difficult time retaining their NAA championship, since Cal Tech won the SCIAAC swim championship last week and the two runnersup Oxy and Redlands are also entered in the meet.

Two school records fell as the UCSB swimming team scarcely defeated the UC Riverside tankmen in a dual meet last weekend.

The Gauchos 400 yard medley relay team of Smith, Lindenbaum, Petterson and Filer erased the old mark of 4:26.5 which was held by the team of Smith, Francis, Hodgert, and Soth set last year, by 10 seconds with a time of 4:16.8. Senior Don Smith, swimming his last dual meet for the Gauchos, lowered his own record in the 200 yard backstroke by 3.1 seconds with a new time of 2:30.5.

The meet was one of the most thrilling that has ever been seen in the UCSB pool. The meet went down to the last event, the 400 yard freestyle relay. UCSB only led by two points going into the relay; the UCR relay team took a commanding lead by the time Rick Petterson, the Gauchos' CCAA 100 freestyle champion, came to the blocks. Petterson, who was trailing by over half a lap turned in the excellent time of 50.3 for his 100 to touch out the UCR anchor man by less than a foot to win the relay and the meet for the Gauchos.
