NUMBER 33

2,000 Persons Expected to Attend Barbecue at Cerca Del Mar Sunday

AFFAIR GIVEN TO RAISE NEW CHURCH FUNDS

Barbecue Starts at 12:00; Program and Dancing to Be Features of the Day

The first annual barbecue of St. Joseph's Catholic Church will be held Sunday, October 7, at Cerca Del Mar. The event will be held as a benefit to raise funds for the erection of the new church on West 7th Street.

A large attendance is anticipated and preparations are being made for 2,000 people. One item alone for the feast consists of 1,000 pounds of steaks. A number of experienced chefs will be employed to barbecue the meat.

The barbecue will start promptly at noon and continue until all are served. After the barbecue games, dancing and entertainment will be enjoyed.

The entertainment program is in charge of Mrs. L. K. Hebel and numbers will consist of solos by Mrs. Henley and Miss Katherine Osterman of Santa Barbara; Spanish dances in costume and solos by Maxine Dally of Santa Barbara; Spanish dances in puppets of Miss Gladys Bauhaus. During the barbecue the guests will be entertained by the Guadalupano Orchestra. The Rosita Club dance orchestra of Santa Barbara will furnish the music for dancing.

Mr. and Mrs. L. Buell are acting as chairmen of the affair, assisted by all of the members of the parish; among them being: Mr. and Mrs. Chas. Rodriguez, Mrs. W. Wilson, Miss Mary McKenna, Mrs. F. Shepard, Mrs. Mae Barrack, Mary Shepard, Mrs. R. Bates, Mrs. J. Lobero, Mr. and Mrs. H. Supple, Mrs. L. Hebel, Miss Moralis, Mr. and Mrs. Frank Shepard, D. Lube, Mr. and Mrs. Tom Savage, Wyllie Wilson, Martin Tomkins, Mr. and Mrs. George De Troy, Mr. and Mrs. M. A. Botello, Mr. and Mrs. J. Osterman and many other members of the Church.

CONCERT AT HIGH SCHOOL FRIDAY NIGHT

A concert will be given in the High School Auditorium tomorrow night at 8:00 o'clock by Roderick White and the Santa Barbara Community Orchestra. A small admission will be charged, the proceeds to be divided between Carpinteria and Santa Barbara. The funds received by Carpinteria will be used towards buying uniforms for the school band.

The program to be presented is as follows:
Coronation March.....Meyerbeer
Three Dances from the Bartered Bride.....Smetana
Pouka; Furiant; Danse ses Comedians
Violin Solos by Roderick White; Mrs. Grace Kaplin, accompanist.
Andante.....D'Ambrosio
Romance Andalaise.....Sarasate
Lesghinka.....Rubenstein
Moto Perpetuo.....Sinding
On the Volga.....Akiemko
Contra Dance.....Beethoven
Vision d'Amour.....Frml
Dance or the Buffons.....
.....Rimsky-Korsakov
Tone Poem—Finlandia.....Sibelius

LIONS CLUB TO HAVE LADIES' NIGHT ON NOVEMBER FIRST

At their regular meeting last Thursday, members of the Lions club set Nov. 1 as the date for the next ladies' night, when members of Ojai and other visitors from the district will be present. The Shorkley string trio played several selections, and John B. Hudson told of his recent eastern trip.

Coming Events

FRIDAY, Oct. 5—
8:00 p.m. Concert by the Santa Barbara Community Orchestra at the high school auditorium.
Afternoon: Football game. Carpinteria vs. St. Clair at Carpinteria.

SUNDAY, Oct. 7—
Benefit Barbecue at Cerca del Mar to raise funds for new Catholic Church.

MONDAY, Oct. 8—
Stated meeting of F & A M at Masonic Hall.

TUESDAY, Oct. 9—
Regular meeting Vallecito Chapter of Eastern Star.

WEDNESDAY, Oct. 10—
Mass meeting for re-organization of Chamber of Commerce.

THURSDAY, Oct. 11—
Lion's club meeting at grammar school 6:30.

CHICKEN THIEF ATTENTION

If the person that took a dozen or so of Ed Bailard's chickens this week lives in this community he should beware as he is likely to find himself bald-headed quite suddenly if he ate any of the stolen fowls and we understand that the owner of the chickens will look with a great deal of suspicion on anyone that suddenly loses their hair in the next few weeks.

This story reminds us of the old nursery tale. "This is the cat, that ate the rat that ate the malt in the house that Jack built." It seems that Bailard was troubled with rodents and secured some thallium grain from the county agricultural office and put about the premises. It looked just like any other kind of grain to a flock of his chickens and they partook thereof. Result was that a number of them died very pronto and a dozen or so didn't feel so good so they were put in a pen by themselves. The next morning when Bailard went out to count up the fatalities of the night the chickens, feet and feathers, were gone.

Now thallium, if it doesn't kill the consumer pronto, is a slow acting poison and causes animals or humans to lose their hair, so if the thief has feasted on any of the chickens he will no doubt be very sick or bald-headed in the near future as the flesh or fowls or animals that have eaten the poison has the same effect as the poison. Also if the chickens don't die whoever has them in their possession had better manufacture them some red-flannels as their feathers will all come out and cold weather isn't very far away.

So if you see any nudist chickens or newly bald-headed persons in the community you can draw your own conclusions.

Bean Harvest in Valley Now in Full Swing; Many Persons Are Given Work

SIX CARS OF GREEN LIMAS SHIPPED TO DATE

Both Dry and Green Bean Houses Running Large Crews; Common Dry Limas Bring Best Price in Years

The bean harvest of the Carpinteria Valley, both green and dried, is now in full swing with both of the packing houses now in operation.

The Miller and Humphrey's plant has been in operation for several weeks and will ship their sixth car of green lima's today. An average of 18 persons are employed in the packing house with about 60 pickers in the field.

The Carpinteria Co-operative Vegetable Growers started work on green lima's last week and will ship their second car today. Their crew consists of an average of 10 women and 4 men and two picking crews of 35 and 25.

The harvesting of dry limas is progressing rapidly, several threshing crews being at work at various points in the valley. Both Henry Berrien Fish Seed House and the S. P. Milling Co. are working full crews, one house being reported as having 60 and the other 40 persons at work at present.

Prices on green lima's are reported at \$3.25 to \$3.50 on the eastern markets and are bringing a much better price than the eastern offerings which are reported to be of inferior quality.

The price of dry limas is reported to be better than for several years. Common limas are bringing 6 cents a pound. Fordhams have shown little increase and have been contracted at 8 and 9 cents per pound.

The bean harvest is giving employment to many persons, mostly local, and according to reports able-bodied persons out of work are hard to find in the community at present.

WHITE ELEPHANT PARTY
A White Elephant party will be given at the Woman's Club House Saturday afternoon by the Vallecito Chapter of the Eastern Star, for members and their friends. Contract and auction bridge will be played during the afternoon.

Non-Partisan Club to Support Merriam for Governor Organized

MEMBERS OF BOTH PARTIES ACTIVE IN WORK

Executive Committee Meets Tonight to Lay Plans for Intensive Campaign

Monday afternoon at a meeting in the building owned by Charlie Batsch on the Coast Highway, a "Non-Partisan Merriam for Governor Club" was organized. Present at the meeting were members of both of the major political parties who indicated their willingness to join forces to combat the dangers to which the election of Sinclair as Governor would expose the State.

Officers and executive committee as follows were chosen: President, Charlie Batsch; Vice President, Dr. Raimers; Secretary-Treasurer, Merton Lewis; Executive Committee, E. C. Bailard, C. B. Franklin, John F. Rock, Frank Wymond, Cecil Thomas, Nelson Smith, John Hudson, Howe Deadrick, Mrs. Marcus Cravens and Dr. Genevieve Shorkley.

Headquarters of the club are located in the building just beyond Charlie's and Pearl's. The telephone number is 4411 and the office is open during business hours and in the evening for the distribution of literature, stickers, buttons, window cards and for the signing up of new members. Persons who have not yet signed the membership rolls being circulated are urged to come into the headquarters at once and do so.

A meeting of the officers and executive committee has been called for tonight at 7:30. At this time plans will be made for several large rallies in the near future and for the appearance of speakers of prominence at these meetings.

Particular attention is called to the fact that the club is entirely non-partisan and is open to all persons, regardless of their political affiliation, interested in the welfare of California. No membership fee is required.

SCHOOL MEN ATTEND FRATERNITY MEETING

A joint meeting of Eta Alumni of Phi Delta Kappa, national educational fraternity, and a State Regional Committee for the Reorganization of Secondary Education was held at Buellton last Saturday evening. As a majority of the administrators and educational leaders throughout the three counties of Ventura, Santa Barbara and San Luis Obispo are members of both organizations, the fraternity has announced that their particular objectives for the coming year will be an evaluation and suggested reorganization of the secondary school program.

Phi Delta Kappa officers for this year are: President, Jess M. Hawley, Carpinteria; Vice-President, C. E. Teach, San Luis Obispo and Secretary-Treasurer, I. A. Mather, Carpinteria. Among the administrators present at the meeting were: Santa Barbara: Harvey Holt, Raymond Hutchings, Samuel Welday, Roy Eichelberger, William Scalapino and Leonard Bowman; Santa Maria: Arnold Bowhay; San Luis Obispo: W. D. Banlister; Ventura: J. H. Pendleton; Carpinteria: Jess M. Hawley; Santa Paula: Freeman Eakin; Saticoy: L. E. Stewart; Cambria: Allen T. Doggett; Lompoc: Roy Hull. Class-room teachers were represented by the following: Atascadero: Robert Perry, J. J. Pryde; Carpinteria: I. A. Mather, Fred Greenough; Santa Barbara: George Browne, Rene LeFevre, Glenn Wallace, Wiley Towner, Francis Noel, Claude Baker; San Luis Obispo: Lawrence Griffin; Santa Maria: Fred Wesson; Ventura: W. C. Quandt, V. R. Spencer and J. T. Light.

The members of the second grade class have as their unit of work in social studies a farm project. The pupils of this class decided that they would like to have a real farm. A section of ground was fenced in and the ground and building will soon be worked by the members of the class.

The Stanford work book in spelling has been adopted for all grades from the fourth through the eighth this year. These work books are recognized as the finest device on the market for the improvement of spelling. Ten boys and girls of these grades find the study of spelling more interesting and more effective than methods used last year.

The Junior High School tag football team was defeated by the Goleta Grammar School by a score of 19-0. The local boys are looking forward to a return game to be played next Thursday at Goleta.

The New Aliso School Building being constructed on the new sight has been moving along exceptionally well this week. The S.E.R.A. sent forty men to the job on Monday, the payroll amounting to three hundred and twenty dollars per day or a total of sixteen hundred dollars for the week. Mr. Vern Nidever, foreman one the job stated that at this rate of progress it should not be very long before the building would be ready for occupancy. He stated that the building will be ready for the stucco and plastering this coming Monday.

CONTINENTAL FEATURES BIG ANNUAL CANNED FOODS SALE

This week-end the Continental Store will feature its big annual Canned Foods Sale.

Mr. Sally Maddox, Manager, says "At this time, more than ever before, such a sale should meet with the favor of our patrons as food prices are definitely on the upward trend and still higher prices are predicted before winter. This season's canning has just now come into the market so the purchaser will be assured of obtaining foods that are fresh.

"We have selected for this sale many items in the canned foods line which are timely and seasonable and all special prices will be plainly marked for the convenience of shoppers in our store."

Attention is called to the fact that this store will be closed on Sundays.

CONGRATULATIONS CARPINTERIA

At a meeting last week a small group of enterprising citizens cleared the way for the formation of a new and active Chamber of Commerce.

A great deal of credit is due the organization known as the "Carpinterians" for the work they did and the things they accomplished during the time they functioned; a time during which the Chamber of Commerce was inactive. They are to be complimented upon their action last week in turning over their assets and membership to the new organization which will take definite shape next week.

A Chamber of Commerce is the accepted civic organization everywhere and such a body in Carpinteria will no doubt be able to accomplish more for the good of the town than any group under another name no matter how interested or active that group might be.

With the meeting to be held next Wednesday night and the election of a new Board of Directors the slate should be wiped clean of past mistakes or misunderstandings. The organization should receive the whole-hearted support of the town. It should work for the greatest good of the greatest number. Petty differences or personal axes to be ground should have no place in the new organization.

Carpinteria has everything in its favor. A delightful climate, winter or summer, excellent schools, the ocean at her front door and a rich farming and citrus country at her back. There is lots of room for growth and the very real job of selling Carpinteria to the world, not only as a playground but as a delightful place to make ones home, is waiting to be tackled as times get back to normal, and no organization is better fitted to carry on this work than a Chamber of Commerce.

THE COLONEL'S LADY AND ROSIE O'GRADY

"The colonel's lady and Rosie O'Grady are sisters under the skin." We might change it to read "Dyed-in-the-wool Republicans and old line Democrats are Americans under the skin."

The organization here this week of a non-partisan Merriam-for-Governor Club has brought about something that many persons never expected to see; staunch members of both the Republican and Democratic parties banded together in a common cause. It only goes to prove that above everything else they are Americans first and Republicans and Democrats second.

While the very foundation of this country is threatened with destruction by radical elements, all true Americans are joining together to combat these forces that are seeking to place a dreamer and a theorist in the Governor's chair of this State.

Only too well do thinking people realize that the rest of the United States are watching California to see which way the wind is blowing. It is up to the people of this state to stamp out the spark of radicalism in its infancy by electing Merriam Governor of this state. Otherwise the spark may be fanned into an all-devouring flame sweeping across the country taking everything before it that it has taken this nation nearly two centuries to build.

SCHOOL DAYS

By DWIG

STAMP COLLECTOR'S COLUMN

By DEBE

Last Minute News—The Post Office department announces a special sheet of six of the one-cent Yosemite National Park stamps. It is issued as a souvenir of the trans-Mississippi Philatelic Exposition and convention at Omaha, Neb., Oct. 8 to 14. First day covers will probably be available on the first day of the conventions opening.

Those of you who still wish to secure the Official Cacheted Souvenir covers of the Byrd Antarctic Expedition, II, can still do so. Address your envelope the way you wish to have it mailed via the South Pole Post Office but do not stamp. Enclose this letter together with 53c in money order or cash in another envelope addressed to "Byrd Antarctic Expedition, Cover Bureau, in care of Postmaster, Washington, D. C." Place a three cent stamp on the outer letter and mail it.

This mail service closes November 1, 1934, so you must not wait too long if you wish to have one of these covers.

I might add that the 50c is to cover the cost of handling the covers.

Imperforate stamps cost the U. S. government considerably more to manufacture than do perforate stamps. It cost the post office department \$60 per million for the perforated varieties of the Century of Progress stamps. The imperforates cost \$315 per million stamps.

Hence the reason of so few imperforate stamps being turned out.

With the arrival of the Wednesday mail, I received a first day cover from Mesa Verde National Park, Colo. It is of the four-cent denomination and is printed in brown. The Cliff Palace, one of the prominent ruins along the Mesa Verde, was used as the subject of this stamp.

The seven-cent National Parks stamp which was put on sale at Acadia National Park, Bar Harbor, Maine, Tuesday, October 2, 1934, is to be black in color.

DINNER PARTY HONORS BIRTHDAY

Mrs. John S. Catlin and Mr. and Mrs. William Newman entertained at dinner Saturday evening in honor of Mr. Catlin's birthday, and the birthday of one of the guests, W. D. Bilsborough. Other guests were: Mrs. Bilsborough, Mr. and Mrs. Victor Peterson, Mr. and Mrs. W. D. Hayes, Mr. and Mrs. Will Smith, Mrs. Julia Smith, Mr. and Mrs. Will Beisell, Mr. and Mrs. Robert Caie, Mr. and Mrs. J. O. Knight, Mrs. Kate Morrison and Mrs. Annabelle Spinney, all of Santa Barbara.

The Last Word

By ANN
her column

I don't think there is much use in writing this column this week or for putting out a paper for that matter. In fact I believe I should have had a banner saying "Business in Carpinteria at Standstill." I went down the street shortly before noon and from every doorway came sounds resembling a riot in full swing. Wild yells accompanying a stentorian voice which droned "XYZ at bat; third inning; ball one, strike two; PDQ hits a homer" voice drowned by yells and so on into the afternoon.

No one cares whether I get waited on. Well I didn't want anything anyway. I foresaw just such a state of affairs and laid in a supply of food yesterday.

No Sinclair hasn't been elected; it's

just the World's Series or it should be called the World's Serious from the way it is received.

I'll go get the mail now, at least that's one place where all will be quiet. But alas, as I approached the P. O. my hopes were dashed to earth. The car of the rural carrier in front the P. O. was also emitting wild yells, etc. I entered the P. O. and my ears were assailed by yells, scores and the protests of a large box of baby chicks that were quite certain that "home was never like this."

That finished it. I'm closing up my typewriter and going to L. A. And if anyone listens in to the USC-Washington game Saturday, that yelp in high C that sounds like "EEEE" is probably me.

BABBLINGS

By A. BROOK

Today we are taking up a subject that is of considerable importance to the nation and the world in general and we hope you will bear it in mind after reading this exhaustive brochure on the matter. (We are completely exhausted after writing it.) The topic is gum and the results from its use as this writer has noted throughout the United States and parts of Canada.

In the first place gum chewing is a habit similar to the Sunday paper, Mae West, Arthur Brisbane and Saturday night benders. Personally we see nothing wrong in its use but we do take exception to the promiscuous manner in which the public as a whole disposes of the residue. It's nothing unusual to find great hunks of it stuck under tables, chairs, bed-rails, window sills, piano keyboards and a thousand other places. Now we don't mind this sticking under business but we do object to it being placed on top of the aforementioned articles. To find a nice juicy morsel stuck to the seat of one's trousers is most annoying. Even worse is stepping on some and trying to negotiate the Missouri Waltz on a polished dance floor. One foot is as unruly as wild steer while the other stays put as firm and solid as the rock of Gibraltar. Really it's most embarrassing.

We have been unofficially informed, and these figures are not to be quoted, that the per capita daily consumption of the jaw exerciser averages about one cent per person. A population of 120 million makes this run into the vast sum of one-million two-hundred thousand dollars per day. For a whole

year the sum would be greater than the national war debt all of which gives one an idea how the wealth of the nation is being rapidly expended. Not only is the gum chewing habit putting us in the poorhouse, but we who have studied the situation can see that eventually the entire earth's surface will be nothing but a thick layer of chewed up gum . . . and won't that be nice.

The further we get into our subject matter the situation as a whole becomes darker and we shudder to think of the ultimate end. With this in view we feel that it would be best to leave the matter here for your consideration as we undoubtedly have gummed it up sufficiently up to this point. We rest.

ATTENDS CONFERENCE

Miss Vivian Chaffee, principal of the nursery school, will spend the week-end at U.C.L.A. where she has been invited to attend a conference of pre-kindergarten instructors. The local nursery was inspected by Mrs. Rebecca Earle of the state board during the past week, and was pronounced satisfactory in every respect.

Mr. and Mrs. James Deaderick, who have been living in Peoria, Ill., for several years, will make their home in San Leandro where Mr. Deaderick has been transferred by the Holt company. They have been visiting his parents, Mr. and Mrs. Howe S. Deaderick.

Members of the Girl Scout committee held their monthly meeting Monday afternoon transacting routine business. Members present included: Mrs. John F. Rock, Mrs. Cecil Thomas, Mrs. H. B. Franklin, Mrs. Frank Stewart, Mrs. Harold Mackie and Mrs. Ray Lambert.

Mrs. Lorilla Brentner Chaffe of Serena and Joseph Wadsworth were married in Ojai on Wednesday of last week, being attended by Mr. and Mrs. Frank Wymond. They will make their home at the Brentner ranch near Rincon.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

The Follow Up

Last week I discussed the health examination. Obviously, no procedure of this kind will work unless something is done about it. It means nothing merely to examine children and accumulate a list of defects and diseases.

That is only the first step. Its purpose is to find where in children are

handicapped. Having that knowledge, it is possible to stop the leaks. Thus, the follow-up of the health examination becomes one of the most important activities in the entire school health program.

Perhaps you have had a visit from a school nurse or you may have received a notice or a letter telling of some physical handicap found in your child at the examination. These are the two most commonly used types of follow-up. But, like the examination, they are useless unless something is done about it. Here is where you can definitely help the school to do a better educational job, but more to the point it is your chance to give your child a better educational opportunity. Correct those conditions and maybe you are removing obstacles to learning. Perhaps you will turn unhappiness into happiness, or remove the cause of behavior difficulties. At any rate, it is an obligation that should never be disregarded. Who knows what later expense and loss may be avoided?

How important is the school lunch? Dr. Ireland will discuss this question next week.

CHURCHES

COMMUNITY CHURCH
Rev. Leon Kirkes, Pastor

Next Sunday will be observed as Rally Day and Home Coming Day both in the Sunday School and the Church. No extra program will be prepared, but extra emphasis and enrichment of the ordinary program of the Sunday School at church. At the Sunday School it is hoped to have present all the members of the school both old and new. If you have been a member of the school, you are to spend the hour with us. At the church service 11 o'clock it is the purpose to have every member of the church present. That is a thing that seldom occurs in any church. But we hope to approximate the result. Will you not as a member of the church help us to realize our hopes?

A distinct feature will be the recognition that the Sunday School teacher has been one of the great forces in the religious and moral life of our nation. If you have ever taught Sunday School anywhere, at any time in any church, you are invited to attend this recognition service.

METHODIST CHURCH
Dr. C. P. Moore, Preacher

All the usual services. Morning sermon theme: "Get Busy."

This will be Loyalty Sunday. The Evening service hour has been advanced to 7 p.m. All persons interested will please make note of this change.

The Young Peoples department will hold their monthly business meeting at the evening hour, followed by program of songs. Miss Hazel Wulbrandt, President will have charge.

Everyone cordially welcome to these services. Come and bring your friends.

CHRISTIAN SCIENCE SOCIETY
814 Walnut Street

Services Sunday, 11 a.m.; Sunday school at 9:45 a.m. Wednesday meeting 8 p.m. Reading room open Tuesdays, Fridays, 2:30 to 4:30 p.m. You are invited.

ST. ANDREWS EPISCOPAL
Coast Highway

Members of the Carpinteria congregation are asked to attend the Church of All Saints by the eSa, in Montecito, temporarily.

ST. JOSEPH'S CATHOLIC
Msgr. Jose Gutierrez

Mass at 6:30 and 9 a.m.

Mr. and Mrs. Wesley Visel are visiting his parents, Mr. and Mrs. Paulsen Visel following their marriage which occurred last month at the home of the bride's parents, Mr. and Mrs. Edwin C. Runstrom of Anaheim. Mr. and Mrs. Visel will make their home at Wawona where they have a mountain lodge.

Mr. and Mrs. George R. Bliss, Dr. Genevieve Shorkley and Miss Mary Shorkley attended the ceremonies at San Miguel Mission near King City Sunday.

Your Greatest Need

Statistics show there are more accidents in one week now than during the whole year of 1910.

Your chance of having an accident now is 52 times greater than then. It is better to have insurance and not need it than to need insurance and not have it. Notice how many cars bear the emblem of service shown here.

A Greater Service to Citrus Growers at a LOWER COST

TOP PRICES for the fruit and low marketing costs are fundamentals in the Exchange's 41 years of successful service to citrus growers.

More than any other citrus growers, Exchange members participate in services which favor higher net returns.

Exchange sales facilities are unrivaled. The personal success of district sales managers in 56 market centers depends on results obtained for their employers—the growers.

A market news service that uses teletype, telegraph and telephone to keep all Exchange shippers informed daily on all citrus sales in all markets helps insure top prices and proper distribution.

Careful grading, good packing, square dealing and 26 years of advertising, give the name "Sunkist" a standing with trade

and consumer unapproached by any other brand.

The Fruit Growers Supply Company averts losses by assembling orchard and packing materials on time—usually at savings.

The Products Department converts and sells unmarketable fruit, replacing dumping charges with added income.

Group insurance lessens premiums on fire and compensation policies.

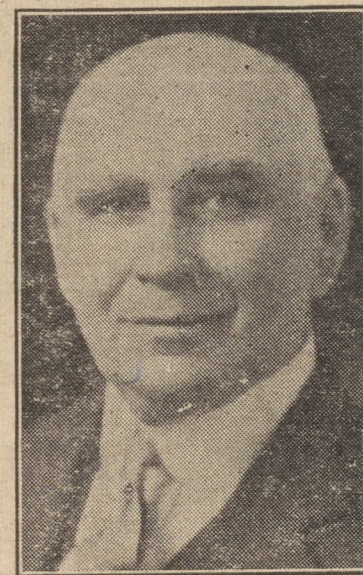

All of these activities favor higher returns from crops. And because they are supported by over 13,000 growers—better than three out of every four in California and Arizona—because the annual expense is divided among more than 25 million boxes of fruit, the total cost of all Exchange services compares favorably with the marketing fee alone of any other agency.

CALIFORNIA FRUIT GROWERS EXCHANGE

A non-profit, cooperative organization of over 13,000 California and Arizona citrus growers, marketers of the world's most famous brand of fresh fruits:

Sunkist ORANGES • LEMONS • GRAPEFRUIT

GOVERNOR FRANK F. MERRIAM Says:

EVERYWHERE... at clubs, races, on boulevards... you'll see smart women driving Ford V-8's. Women who have discovered that the Ford V-8 meets every requirement of style and comfort. If you ask them about their cars they will tell you what real fun it is to drive a Ford V-8. How easily and effortlessly it can be parked. How relaxed they are when driving. How secure they feel behind walls

of welded steel and safety glass. And they'll tell you of the thrilling response of the powerful V-8 engine that whisks the car out of any traffic pinch. And you'll be told, too, of the satisfaction there is of owning such a beautiful car that people just seem to have to want it.

Call your nearest Ford dealer. Ask him to send a new Ford V-8 to your door for a tryout.
