CARPINTERIA, CALIFORNIA, FRIDAY, OCTOBER 14, 1938

NUMBER 33

## Forestry Department Reports On County Beach Park

The Annual Report of the County Forestry Department to the County Board of Supervisors for the fiscal year 1937-38 again indicates that the Carpinteria County beach park again drew the largest attendance of any of the county parks. Although the attendance dropped almost 30,000 over the previous fiscal year the figure for 1937-38 is given at 95,441 with Washington Grove in second place with an attendance of 74,085.

The following report was made by the Forestry Department with reference to the Carpinteria Beach park:

### Carpinteria Beach

Due to the state beach park again being accessible, a heavy drop in attendance was experienced at Carpinteria beach.

A full-time guard was employed during the entire season and a short time assistant guard was employed until school opened in the fall.

The life-guard tower erected last year was washed out during the winter and a new was constructed in May of this year. Following recommendations made last year, an entire new raft was constructed and floated on June 1. The playground apparatus at this beach was repaired and put in good condition at the beginning of the year and will probably serve for another season. Some difficulty has been experienced by sand drifting into the picnic area, and to overcome this difficulty, a board fence was erected at the south end of the picnic area which arrests the drifting sand. Some difficulty has been experienced with the sanitary system due to the fact that it is impossible to build a septic tank large enough to care for the heavy use to which it is put, and it is hoped that some arrangement can be made with the sanitary district to provide for sewer connections for this highly used area.

### Recommendations

Further reference is made to the recommendation in last year's report regarding the acquisition of the property between the state and county parks. This recommendation is again made.

## Local Committee To Fight Single Tax Amendment

A group of Carpinteria citizens met Monday afternoon in the offices of the Carpinteria Realty Company to discuss plans for a local campaign against the passage of the Single Tax which appears under the guise of a sales tax repeal measure to appear on the November ballot as No. 20.

Donald Welch of Santa Barbara presided at the meeting and discussed ways in which the evils of this bill could be called to the attention of the voters.

Managers of local packing houses and ranchers employing a number of men will be asked to con-

### LIONS CLUB HEARS TAXES DISCUSSED

Mr. Hugh Strachen of Sacramento who is a member of the legal department of the State Board of Equalization, was the guest speaker at the regular dinner meeting of the Lion's club which was held in the Veterans' Memorial building last night. He discussed various phases of taxation. He was accompanied by H. C. Motley of the Santa Barbara office of the State Board of Equalization. The program arrangements were in charge of Frank Smith.

District Governor Frank E. Jones of Ventura will be a guest of the club next Thursday evening when two new members, A. E. Southworth and George Holsten, will be inducted into the organization by Percy Houts, Jr.

### REPUBLICAN HEADQUARTERS OPEN IN SANTA BARBARA

Santa Barbara County Republicans have opened an office at 539 State St. in Barbara Hotel building and literature concerning the Republican candidates in the November election may be secured from this office. H. S. House is in charge of the office.

Plans are being made for the launching of a local Republican campaign committee for Carpinteria in the near future. Organizations are being completed in Lompoc, Santa Maria and Solvang this week-end.

### NEW HOUSES STARTED

Construction has been started on the new home of Jerry Morris on the corner of Maple Avenue and Palm Avenue. Plans are also being made for a new home to be built by Joe Plough on the lot next to the Morris dwelling.

Construction was also started this week on a new house on the Wardholm property.

Mrs. Merle Staub is visiting relatives in Glendale for several weeks.

### C. OF C. MEET LACKS QUORUM

No official action was taken at the regular meeting of the Chamber of Commerce which was held Wednesday evening in the Justice Court Chambers since there was not a sufficient number of directors present to constitute a quorum.

A nominating committee will be appointed in the near future to select candidates for three directorships which will be voted upon in November.

## SEEK WAYS OF INCREASING USES OF MILK

Under the auspices of the Santa Barbara County Farm Bureau a meeting to discuss ways and means of increasing the use of milk and milk products was held on Wednesday, October 12 at 10 a. m. in the Board of Supervisors room, Courthouse, Santa Barbara. It was the first of a series of activities planned by the Dairy Department Education committee to increase the interest in the use of milk, Dr. A. L. O'Banion, of the Farm Bureau Dairy department, stated.

"Another important phase of the program is the cooperation with the Santa Barbara City and County school systems in holding educational tours to dairies and milk distributing plants," Dr. O'Banion added.

These activities are a part of the educational program of the Dairy Department of the Farm Bureau, and are being handled by the following committee for the department: Mrs. Lillian A. Lamoreaux, Messrs. Herman Burchard, Harry S. Baird, Tony Prevedello, Henry E. Pezzoni, G. W. Ormsby, Dr. A. L. O'Banion, M. Neilsen, Russell Doty, A. Bazzi, Archie M. Hunt, H. C. Eriksen.

### HIGH SCHOOL PAPER TO BE PUBLISHED EVERY TWO WEEKS

After several years of hit-and-miss publication, during which time it was mimeographed with but few exceptions, "El Rincon", Carpinteria High School paper is to appear in printed form on regular dates during the present school year and a temporary staff has been appointed.

This first issue of the paper appears today and in the future will be issued at two week intervals with Friday as the publication date. The staff in charge of this issue is as follows: Editor-in-Chief, Edith Van Meter; Assistant Editor, Helen Nalty; Feature Editor, June Osterman; Sports Editor, Rodney Starkey; Advisor, Miss Holmes; Typist, Lenora Barber; Reporters, Margaret Anderson, Alvin Anderson, Goldie Bridges, Lynn Cadwell, Harry Avant, Daphne Dewar, Evelyn Johnson, Nina Anne Miller, Ethel Emerick and Nadine Cook.

## U. C. Professor Tells Trends In Orchard Heater Equipment

### C. OF C. DINNER TICKETS SHOULD BE BOUGHT EARLY

All Carpinteria Valley residents who are planning to attend the semi-annual Chamber of Commerce dinner which will be held in the Veterans' Memorial building on Wednesday, October 26, are urged to secure their tickets at the earliest possible time from members of the organization or from the Chamber of Commerce office. The sale of tickets will close on Monday, Sept. 24, and no tickets will be available at the door.

Dr. J. B. Lape, who is in charge of the dinner and program arrangements is securing an interesting program and all residents of the valley are urged to attend the dinner.

### WOMAN'S CLUB TO SPONSOR TALK ON AMENDMENTS

The Carpinteria Woman's club will sponsor an open meeting for the explanation of the amendments to appear on the November ballot on the evening of Nov. 1 at the clubhouse on Vallecito road. Assemblyman A. W. Robertson has agreed to present both sides of the twenty measures which will appear. The public is urged to take advantage of the opportunity to hear them discussed.

Mrs. J. C. Bailard and Mrs. Percy Houts spent the week-end with their daughters, Jacque Bailard and Barbara Houts who are attending Pomona college.

LOS ANGELES, October 12—Oil-burning heaters of the distilling and atomizing types apparently offer the most promising possibilities for the future in orchard heating, Professor H. B. Walker, head of the Agricultural Engineering division on the Davis campus of the University of California, told members of the Lemon Men's Club at a meeting held here today.

According to Professor Walker, "Our fuel sources are not unlimited and the competition of use, particularly for the lighter fuels, is of importance. As we look into the future of frost protection for our citrus districts it seems likely that fuel availability and price eventually will force the orchardist to use more and more of the heavier oils and less of the lighter. The distilling and atomizing heaters are more capable of burning the heavier fuel oils than are the generating and drip type heaters."

For this reason, said the speaker, the University in its attempts to develop improved orchard heaters has directed considerable effort toward improving the distilling and atomizing types. He pointed out further that clean combustion use of suitable fuels and freedom from soot accumulations are necessary if heaters are to be operated within the limits of the present legal tolerance of the production of smoke. The distilling heater, especially, offers a troublesome smoke problem. Research aimed at improving models of this type of heater have resulted in the development of a method of recirculating stack gases through

(Continued on page 8)

## Farm Bureau Directors Pass Resolutions; Elect Officers

The Board of Directors of the Santa Barbara County Farm Bureau took action of several issues at their regular monthly meeting on Saturday, October 1, according to Mr. Graham Hollister, County Farm Bureau Secretary. Important among these issues were the following:

1. At the request of the Lompoc Farm Center a resolution was unanimously passed requesting the assistance of the California Farm Bureau Federation in getting an additional 2c per pound tariff on mustard.

2. A resolution was passed petitioning the Assessor of Santa Barbara County to cooperate with interested parties who might be interested in taking out of production lands which are now being eroded. The Assessor would reclassify such lands in line with the type of crops grown after such lands were protected by the planting of native grasses. The purpose of this resolution is directed at the loss of land in Santa Barbara County by preventing it from being entirely lost for use by ranch-

ers, and of course, from being a source of income for the County of Santa Barbara as well as the owner of the land.

3. A resolution sponsored by the Dairy Department of the Farm Bureau requested action of the State Farm Bureau in studying the State school law and proposing an amendment to the law which would provide boards of education the means of holding educational field tours. Tours of this kind cannot be held except in special cases under the present law.

4. A resolution was unanimously adopted at the request of the executive committee of the agricultural conference. This resolution would provide for a cooperative agreement between the County of Santa Barbara and the University of California, division of Soil Technology. The purpose of the cooperation would be the completion of the soil survey maps for Santa Barbara County. Due to the stress of the public works program in various parts of California, the work being done by the United

### POOR MAN'S CASTLE

The cornerstone upon which Democracy is built is the integrity of the home. It was fundamental in British law many centuries before it was incorporated in the Bill of Rights of our Constitution.

Hearts of free men the world over respond to the immortal phrase of the English statesman who declared of the humblest home in the realm: "The wind may enter, and the rain may enter—but the King of England may not enter there!" Hearts of Americans respond to the guarantee of the Constitution of the United States: "The right of the people to be secure in their persons, houses, papers and effects. . . shall not be violated. . . nor shall private property be taken for public use without just compensation."

Strange and startling it is, then, for the citizens of California to be confronted with a direct threat to destroy that cornerstone.

Proposition 20 on the November ballot hides the "Single Tax" under the false banner of "Sales Tax Repeal"—and the "Single Tax", which would load the entire burden of governmental support upon land, would inevitably result in tax confiscation of every home in California and in State ownership.

Tax confiscation, in plain fact, was the avowed object of Henry George, father of the "Single Tax" movement in the United States, who asserted that private ownership of property was "against natural justice" and who frankly favored confiscation of all private property in land without compensation to what he termed the "miscalled owners."

It isn't a thing for California to be proud of—to have the world know we have given the dignity of a place upon our ballot to such an anti-American, anti-Constitutional and pro-Communist measure. We can, however, "save face" by giving Proposition 20 a "No!" vote of such thunderous proportions that it may be heard across the continent.

### SAVE A LIFE

Can you and I, and California's two and a half million other motorists, help save 8,500 lives this year?

And in saving those lives, spare thousands of families the needless heartbreak of children snatched from them, of fathers and mothers cruelly struck down, of all the tragedies that follow the jangling crashes of men and metal in collision?

The evidence is in the affirmative! For eight consecutive months, with September yet to be heard from, the traffic toll on the nation's highways and byroads has been markedly less than the 1937 fatality list, reported the National Safety Council last week.

If America continues to keep its brakes set against driving deviltry, 8,500 lives, at the present rate, will be saved by the year's end. Here again is proof that with caution and courtesy the motorist can wage triumphant warfare against the spectre of death.

## The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

### CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"Doctrine of Atonement" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The Golden Text cites Paul's words to the Thessalonians: "God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ, who died for us, that, whether we wake or sleep, we should live together with him."

A Scriptural selection in the Lesson-Sermon includes the verses from Peter's first epistle: "Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you: But rejoice, inasmuch as ye are partakers of Christ's sufferings; that, when his glory shall be revealed, ye may be glad also with exceeding joy."

Passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, state "Like our Master, we must depart from material sense into the spiritual sense of being." "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight. . . I have kept the faith,' because you are a better man."

### THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.  
Church School at 9:45 o'clock will consider how young people can cultivate a reverent attitude toward God and express their reverence for him by word and life. Mr. Carey Demaree is Asst. Supt. of the school.

The pastor, Rev. Deane F. Babbitt, will preach upon the theme, "God of the Age" at the time of the Eleven o'clock morning worship. Christian people are under the personal guidance of the Holy Spirit as truly as the apostles were under the guidance of the Great Teacher Christ. To have an awareness of this great Present Help is to touch upon the power of a Mighty and Loving God.

At 6:30 Miss Ethel Senteney will present "The History of the Conflict Between Science and Religion" at the meeting of the Youth Fellowship. The more we know of the wonders of God's universe, the more are we called to worship Him. All young people are welcome

### METHODIST CHURCH

Melvin J. Addington, Pastor  
Morning service: "If I Had One Sermon to Preach."  
Epworth League, "King David."  
Woman's Missionary Society meeting: "Moslem World."  
Evening service: "Abide Ye."  
Wednesday: October 19, Annual

Life saving on the nation's traffic networks is actually becoming a fact instead of a hope, but much remains to be done to end the threat of the speeding throttle.

Admittedly, the safety job is not yet done, but a heartening record shows it well begun!

## Behind The Scenes In American Business

By John Craddock

BUSINESS—"Back to work we go" is now the theme song chanted by business men throughout the land with war scares, baseball classics and hurricanes out of the way for the time being at least, the country is rolling up its sleeves for another era of prosperity. The business picture at this stage of events, although admittedly less dramatic than the recent martial headlines, give a firm basis for an optimistic feeling. Major steel companies are now turning out ingots at 50 per cent of capacity and better. Detroit and other automotive centers according to reports produce approximately 1,000,000 cars in the last three months of the year, a figure which only a month ago was considered utterly impossible. The number of buyers from out of town stores registering in New York, always a significant index to watch, has increased heavily during the past week. It is reported that sales in practically every department of one of the major chemical companies have moved up sharply. The strength in the stock market and the relief from war threats abroad is causing a renewed activity in new financing.

WASHINGTON—One important result of the recent foreign crisis is a keene appreciation in government circles of the fact that European territorial chess game, behind the mask of "self-determination of peoples," primarily is based on a terrific struggle among major powers for self-sufficiency in raw materials. With this in mind various Federal agency experts are pointing out that the United States still has to import strategic materials. With manganese, essential to the making of steel, ranking No. 1 on the list, army officials are recommending development of nearby Cuban deposits, American-owned, and working of some domestic ores, to lessen dependence on distant sources such as Russia, Africa, Brazil.

### RAINBOWS ON MAIN STREET

—A spurt in buying is in store for retail merchants in several lines, judging by reports from governmental agencies and private trade sources. Shoe manufacturers, for instance, are turning out 35 to 40 per cent more pairs now than in July preparing for an increase in demand this fall. Prices will be a little higher by Christmas, it is reported, and the trend is toward the more expensive merchandise, with black suede leading the fashion parade in women's dress shoes. Restaurant and diner owners will also feel the effect of the greater purchasing power afloat in the nation this fall, with the more expensively priced meals getting fre-

conference, Santa Ana.

If I had but one sermon to preach and knew it would be my last I would proclaim that God is able and if there is any failure it is on the part of man. God is able to deliver no matter what the circumstances. He is able to keep no matter what the odds; He is able to guide no matter how dark the path may seem.

The command that the Lord gave before his agony in the garden was "abide ye in my love." If we abide till he come great is the reward.

quent calls. The average restaurant in the first half of the year registered a 4.4 per cent profit, which probably makes some large corporations green with envy, but the record will probably be even better this fall.

DOMESTIC ECONOMY — the air-conditioning industry has made rapid strides in the past two years and now has a little brother. Sash manufacturers, carpenters, lumber dealers, and glass merchants in every community are benefitting by a national advertising program to sell "window conditioning" to America's 12,000,000 homes which have central heating. The campaign is based on an engineering survey which shows that double glazing, which means the use of two panes of glass with an air space in between, can effect annual fuel saving running as high as 30 per cent. That the promotion is succeeding is proved by the disclosure that orders from sash manufacturers and glass jobbers received at one Toledo glass plant during the first nine months exceeded those of the same period a year ago.

OFFICES SPRUCE UP — A myriad of new equipment for offices, stores and industrial plants has been introduced in recent months, and last week most of them were on display among the 1,500 exhibits at the National Business Show in New York. New gadgets at the show included: a "breathing chair" that has air ducts built into the upholstery to cool the user in stuffy offices; a sealing and stamping machine that handles 9,500 letters an hour; ink wells with electric lights and streamlined design that require filling but once a year.

THINGS TO WATCH FOR—A ginger ale "Health drink" to be made by adding vitamin B-1 to Poland Spring water. . . air conditioning for Uncle Sam's submarines. . . an electrical gadget which looks like an electric razor, but to be used for applying nose and throat drops. . . a tractor with an enclosed cab for the operator, equipped with radio, cigar lighter, and cooling-heating apparatus. . . a small signal panel for automobiles to indicate whether all lights are operating properly. . . cigarette holder with glass filter. . . a mirror device for front door which permits housewife to see who is ringing door bell without being seen herself.

HEADLINES IN NEW YORK—Ford Motor Company invades the medium priced field this year with the introduction of the Mercury V-8, priced midway between the Ford and Lincoln-Zephyr. . . Americans owe each other \$250,000,000,000, according to latest estimates of Twentieth Century Fund . . . the debt Uncle Sam owes the private citizens last week soared to a new high of \$38,426,367,934 . . . America received \$600,000,000 in gold from abroad during the "war scare" month of September, more than in any previous month on record. . . first company to report third quarter earnings, Woodward Iron Co., shows profit, comparing with deficits in the previous two quarters. . . Apparently a sign that are more interested in the "staff of life" this year than in 1937, Continental Baking Co. reports higher earnings.

### DEATH VALLEY CONST

Contract has been awarded for grading and road-mix surfacing between Death Valley National Monument and Death Valley Junction, according to the Touring Department of the National Automobile club. Work will be started at an early date and traffic will be subject to short delays, under control of flagmen.

**Senatorial Candidate Bancroft Quizzes Chinese 'Junk' Mariners Regarding Orient's Attitude Toward United States Policies**

Believing that a potential United States senator should have all information possible regarding foreign relations, Philip Bancroft, California's farmer candidate for the upper house, found Dr. E. Allen Petersen, and his Japanese-American bride, who sailed in a Chinese junk from Yokohama to Los Angeles in 85 days on their honeymoon, interesting conversationalists when he met them in Los Angeles recently.

**CIVIL SERVICE EXAMS ANNOUNCED.**

The United States Civil Service Commission has announced open competitive examinations for the positions named below.

Teacher in Indian Community and Boarding Schools, Indian Field Service (including Alaska), Department of the Interior. This examination is announced for filling positions in various optional branches, with salaries ranging from \$1,620 to \$2,000. A college education and certain experience are required. Applicants must not have passed their fortieth birthday.

Agricultural Extension Agent, \$2,900 a year, Assistant Agricultural Extension Agent, \$2,600 a year, Indian Field Service, Department of the Interior. Certain college training and experience are required for these positions. Applicants must not have passed their forty-eighth birthday.

The closing dates for receipt of applications for these examinations are: November 7, 1938, if received from States east of Colorado, and November 10, 1938, if received from Colorado and States westward. For the examination which includes positions in Alaska two additional closing dates are given: June 30, and August 31, 1939, for those received from points in Alaska north of the Arctic Circle.

Full information may be obtained from the post office in this city.

# SOCIAL & PERSONAL

## HOME DEPARTMENT MEETS WITH MRS. MARC LATHAM

Members of the Farm-Home department met at the home of Mrs. Marc Latham Tuesday to study room arrangement and furnishings under the direction of Miss Irene Fagin, county home advisor. The Lathams have recently completed the remodeling of the house, which has some interesting and original features. A potluck buffet lunch was served at noon.

Attending were Mrs. Frank Evans, Mrs. R. J. Ogan, Mrs. Phil Dane, Mrs. Donald Andrews, Mrs. Harold Cadwell, Mrs. C. R. Vaughan, Mrs. Charles Ogan, Mrs. C. C. Whitcomb, Mrs. C. R. Sawyer, Mrs. C. J. Miller, Mrs. C. C. Heltman, Mrs. William Davis, Mrs. Albert Jarvis, Mrs. J. C. Furby, Mrs. Thomas Church, Mrs. M. F. Lewis, Mrs. O. L. Lyman, Mrs. H. L. Beckstead, Mrs. H. W. Sturmer, Mrs. E. V. Stubbs, Mrs. Roy Beckstead, Mrs. W. C. Hohmann, Mrs. Robert Stuart, Mrs. Reid Prince, Mrs. H. B. Fish, Mrs. Grace Watts, Mrs. Carrie Martin, Miss Hester and Miss Julia Fish.

## WOMAN'S ASSOCIATION TO ELECT OFFICERS

Election of officers will be held at the meeting of the Woman's association of the Community church at its meeting Wednesday afternoon. The program will be on "Stewardship."

## MRS. J. A. LEWIS GIVEN SURPRISE PARTY

Mrs. James A. Lewis was surprised by a group of friends who came to celebrate her birthday Monday evening, the party arranged by Miss Margaret and Miss Claribel Lewis. Attending were Mrs. F. A. Hebel, Mrs. Carey Demaree, Mrs. A. C. O'Banion, Mrs. Albert Jarvis, Mrs. H. L. Beckstead, Mrs. C. C. Heltman, Mrs. J. C. Furby, Mrs. Leonard Kirkes, Miss Maude and Miss Minnie Merrihew.

## SON BORN TO MR. AND MRS. LEWIS GANN

Mr. and Mrs. Lewis Gann are parents of a son born Tuesday afternoon at the Cottage hospital in Santa Barbara. The young man weighed 8 pounds, and has been given the name of Gregson Lewis. He is their second child and first son.

## TO ATTEND CHURCH DINNER IN S. B.

Groups of Sunday school officers and teachers of both the Community and Methodist churches are planning to attend the Christian Education dinner which is to be held in the parlors of the First Methodist church of Santa Barbara this evening. Bishop Gooden will be the speaker of the evening. Reservations for the Carpinteria valley in charge of Mrs. Allan C. O'Banion.

## VALLECITO CHAPTER O.E.S. ENTERTAINS WITH CARDS

Approximately 100 guests, many of them from Santa Barbara and Ventura attended the card party given by the Vallecito Chapter, O. E. S. in the Masonic temple Tuesday evening under the direction of the worthy matron and patron, Mrs. Faith Storr and John Furby.

Contract and auction bridge, five hundred, cribbage, Mah Jong and Chinese checkers were played by the guests and high score awards donated by local merchants were given at each table. At the close of the evening light refreshments were served.

## MRS. J. F. TUBBS ENTERTAINS CLUB

Mrs. J. F. Tubbs entertained the members of the Potluck club at luncheon last Friday afternoon, followed by an afternoon of needlework. Attending were Mrs. J. W. Young, Mrs. John W. Dorrance, Mrs. Donald Andrews, Mrs. O. L. Lyman, Mrs. J. W. Bailard, Mrs. E. F. Pendergast, Mrs. S. B. Hohmann, Mrs. Emma G. Marquis and Mrs. W. C. Hohmann.

## HIGH SCHOOL PROGRAM OUTLINED AT PTA MEETING

Principal A. E. Southworth explained the year's high school program at the first meeting of the Parent-Teachers' association held Monday afternoon at the school. The girls' glee club, directed by Miss Elizabeth Platt, sang several numbers and Fred Greenough played a group of violin solos, accompanied by Mrs. Charles E. Neuman. Tea was served at the close of the afternoon with Mrs. Southworth and Miss Maude Merrihew at the tea table.

## BOOK REVIEWED BY LITERATURE DEPARTMENT

Miss Jean Bailard reviewed "One American" by Frazier Hunt at the meeting of the Literature department Monday afternoon with Mrs. Frank Wyckoff presiding. Attending were Mrs. Fred Humphrey, Mrs. Joseph H. Hendy, Mrs. David Safwenberg, Mrs. Merle Staub, Mrs. A. M. Clark, Mrs. Walter Dowling, Mrs. Nelson F. Smith, Mrs. B. E. Clark, Mrs. Stuart McMartin, Mrs. E. V. Stubbs, Mrs. F. L. Burbridge, Mrs. H. B. Fish, Mrs. Clarence Sawyer, Mrs. H. L. Beckstead, Mrs. Alice Thurmond, Miss Ariana Moore and Miss Minnie Merrihew.

## HAWAIIAN PROGRAM TO BE PRESENTED AT WOMAN'S CLUB

Miss Ann Lincoln of Santa Barbara will give a program of Hawaiian dances and songs at the meeting of the Woman's club next Thursday, and will also display handcraft from the islands. The program has been arranged by Mrs. James L. Kent. Mrs. Don Maxfield is hostess chairman. The club members heard Miss Stella Haverland of the Santa Barbara library review Daphne DuMaurier's book, "Rebecca," last week and a violin solo by Mrs. Dorothy Clark Smith, accompanied by Mrs. Jack Wullbrandt. Hostesses for the afternoon were Mrs. Gordon Bailard, Mrs. Arthur Hebel, Mrs. Walter Dowling, Mrs. William C. Hohmann, Mrs. Richard Kistler and Mrs. Albert Coles.

## DINNER HONORS JOHN WULLBRANDT ON 73RD BIRTHDAY

Mrs. John Wullbrandt entertained at a chicken dinner in honor of Mr. Wullbrandt's 73rd birthday at the family home on Palm Avenue last Sunday. Some twenty-three members of Mr. Wullbrandt's family were seated at the table, which was set outside in the yard in order to accommodate the large gathering.

Those present were Mr. Wullbrandt's sons and daughters and their families, Mr. and Mrs. Herb Wullbrandt and son and daughter, Rolland and Jean; Mr. and Mrs. Clyde Wullbrandt and son, Ernest; Mr. and Mrs. Jack Wullbrandt, Stuart and Hazel Wullbrandt, Mrs. Charles Ruth, Mr. and Mrs. Herman Siebler and sons, Danny and Jerry, of Ventura, Mr. and Mrs. Emil Siebler, and sons, Dickie and Jackie, of Ventura and Mrs. Florence Wullbrandt.

## DAUGHTER BORN

Mr. and Mrs. Eddie Lobero of Carpinteria are the parents of a daughter born Tuesday morning in the St. Francis hospital in Santa Barbara. The young lady has been named Mary Beatrice.

## PERSONALS

Mr. and Mrs. Charles Rodriguez and son Richard have returned from an extended motor trip into Oregon where they visited relatives.

Judge Clinton P. Moore officiated at the marriage of Miss Dorothy E. Muehlstedt and Herbert Richards, both of Santa Barbara, in his offices Tuesday evening. The couple was accompanied by Mr. and Mrs. Charles D. Nagle. They will make their home in Santa Barbara.

Myra Kinch, with dancing partner, who brings her modern dance group to the Lobero Theatre on Wednesday evening, October 19.

Mrs. Frank Wyckoff left Monday afternoon for El Centro where she will spend two weeks visiting her sister, Mrs. A. B. Hansen and family.

Mr. and Mrs. W. C. Hohmann and son Billy and Mrs. S. B. Hohmann were dinner guests of Mr. and Mrs. Thomas F. Stanger in Ventura Sunday.

## Your Hollywood Correspondent Reports . . .

Gail Patrick is sandwiching in a trip to Little Rock, Ark., before taking that long-promised New York trip after completion of "Dis-barred." In Little Rock she will be guest of honor at the opening of "The Arkansas Traveler," Bob Burns' latest starring picture. Bob couldn't make the trip, because of his radio program. Shirley Ross and her new husband, Ken Dolan, plan to spend the Christmas holidays in Bermuda, if Shirley completes her next assignment, "Cafe Society," in time. Fred MacMurray, who plays in the same picture with Madeleine Carroll, is also looking over the Bermuda travel literature. Ray Milland is off for an English trip, following completion of his role in "Say It In French." He will stay until December, when he's scheduled to start in "The Light That Failed." Producer-Director Wesley Ruggles is enroute to Hollywood with his production aide, Anthony (Skeets) Gallagher, to start directing Irene Dunne in "Invitation to Happiness." Ruggles and Gallagher have been on a combination business and pleasure trip in Europe.

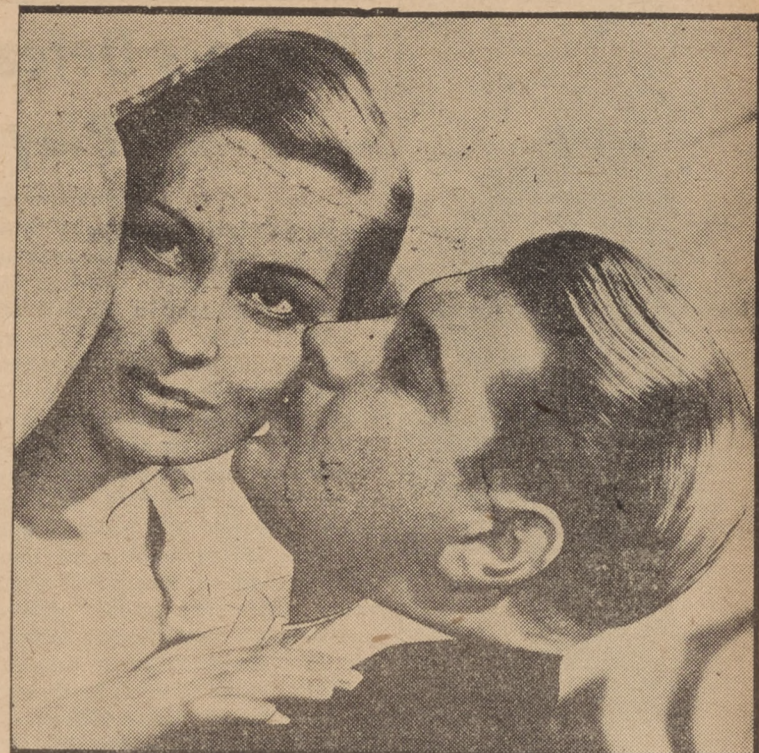

Claudette Colbert did such a rave about the performance Gertrude Lawrence did in "Susan and God" that every one on the "Zaza" set attended. There will be no singing for Gladys Swarthout in "Ambush," her current picture. She gets a chance to do some real dramatic acting with Lloyd Nolan. Dorothy Lamour is off for a few days' vacation in Northern California while scenes for "St. Louis Blues" are being shot around her. Edward Everett Horton is back in Hollywood for the preview of "Paris Honeymoon," following a European trip, and brought a Yorkshire terrier with him. The pup's name is Pudding.

Mary Carlisle is trying to decide whether to buy a new house or lease an apartment for the winter months. The lease is up on her present place in November. Olympe Bradna taking driving lessons so she won't need a chauffeur to drive the Packard her parents gave her for an eighteenth birthday gift. When Anna May Wong answers the 'phone on the "King of Chinatown" set, instead of saying "hello" she says "Chinatown." The Louise Campbell-Horace McMahon nuptials will be delayed about another month because of an important picture assignment MacMahon is just starting. Originally they had planned to be married as soon as Louise completed "Men With Wings."

Your printing orders will be well done and appreciated at The Chronicle office.

Robert Taylor and Maureen O'Sullivan who will be seen at the California Theatre for three days starting Saturday in "The Crowd Roars". The companion feature will be "Block-Heads" starring Stan Laurel and Oliver Hardy.

Roger Livesey and Valerie Hobson in "Drums," now playing at the Fox Arlington Theatre. Also on the same program, "Campus Confessions" with Betty Grable, Eleanore Whitney and Hank Luisetti.

### MYRA KINCH DANCE GROUP COMING TO LOBERO THEATRE

Myra Kinch and her talented modern dance group will be seen in a dance concert at Lobero theatre on Wednesday evening October 19th.

Miss Kinch is a dancer of strength and versatility. Her group works with her as a smooth unit; her choreography is distinguished.

To many critics who saw the Hollywood opening last week the "Dance Satires" were the high lights on Miss Kinch's program. The object was to make fun of the ballet of 1840, the Spanish dancing of 1890, the skirt dance of 1900, the Greek dances of 1914 and the coronation of 1937. There can be no question regarding the element of humor that is evident in each interpretation. Perhaps the best of this second group of dancing is in Myra Kinch's delightful interpretation of a Spanish dance. She succeeds in accentuating the humor without being the least bit offensive. This, in itself, is sufficient proof that even satire can not spoil the purity of genuine art of dancing. Throughout the presentation of this group colorful costumes and effective lighting add to the picturesqueness of the scenes. Equally effective is the skirt dance. Just as amusing is the coronation number 1937 in which saucily appear the Queen, King, Archbishop and other figures of the royal ceremonies.

Myra Kinch, director and choreographer, reveals imagination and creative ability of a high order, as well as directional strength. She also is one of the principal dancers. Ultra modernistic, brilliantly original and revealing a wide scope of moods is this Festival of Modern dance.

### "THE BIRTH OF A BABY" TO BE SHOWN AT LOBERO

Now, through the cooperation of Representative Groups of Santa Barbara, and the efforts of Arthur J. Beckhard, Lobero Theatre is to show the picture of the decade, the mighty production of the American Committee on Maternal Welfare "The Birth of a Baby," for a limited engagement commencing Thursday, October 20.

Educators have endorsed it. Critics have applauded it. Such publications as "Life," "Time," "The New York Times," "The New York Herald Tribune" have praised it editorially. Social welfare groups have acclaimed it.

"Birth of a Baby" is a picture with a cause—to reduce maternal and infant mortality by combatting ignorance and superstition which result in a shocking maternal death.

ers. Ultra modernistic, brilliantly original and revealing a wide scope of moods is this Festival of Modern dance.

### AVOCADO SHOW TO BE HELD IN VISTA, OCT. 22-23

An unique display, the Vista Avocado and Products Show, will be held in the northern San Diego town October 22 and 23, it is announced through the touring bu-

reau of the Automobile Club of Southern California. It will be staged in the new \$200,000 high school building and comprise seven departments. Vista claims the distinction of centering the world's largest avocado production, packing and shipping industry, and avocados will be the feature, flanked with citrus and subtropical fruits, including cherimoya, papaya, passion fruit, and others. In connection will be an extensive flower show of which the Vista Chamber of Commerce through its civic council of twenty-four community organizations.

Lobero will handle admission with the utmost care and discretion. Children, unless accompanied by a parent or guardian, in order to attend a performance, must receive written permission from their home, which must be presented to their school. The child will then be permitted admission to a special performance if approved by the school, and if an instructor or representative from the Santa Barbara City Schools is present.

The Management is thankful of the privilege of giving this exceptionally fine film to Santa Barbara, and has already received letters of appreciation for its coming presentation.

### GUIZAR GETS ROUGHED

Tito Guizar, famous Spanish grand opera tenor, mixes in a rough and tumble fight with Lloyd Nolan in one sequence in Paramount's "St. Louis Blues."

# THE WEEK'S SPORTS

## Warriors Defeat Santa Paula; Play Fillmore Today

The Carpinteria Warriors have spent a week of intensive training under the direction of Coach Merle Staub in anticipation of this afternoon's game with Fillmore which will be played in that town. The Fillmore eleven is expected to put up the toughest opposition the boys have been up against so far this season and are reported to be much heavier than the Warrior team. However, it is believed that the local lads may be more than able to hold on because of their speed and strong aerial offense and defense. The starting line-up for this afternoon is as follows: L.E., Carl McIntyre; L.T., George Schmitz; L.G., George Miller; C., Montie Ramey; R.G., Art Moralis; R.T., Webster Beckstead; R. E., Capt. Gordon Milne; Q., J. Kendrick; L.H., C. Smith; R.H., J. Reid; F., D. Babcock.

### Defeat Santa Paula 6-0

The Warriors defeated Santa Paula, 6-0, last Friday afternoon in a hard fought battle which threatened to end in a scoreless tie until late in the fourth quarter when the boys chalked up a touchdown with the final gun sounding just as the Santa Paulans were threatening to tie up the ball game.

Carpinteria won the toss and elected to receive the kick-off which was returned by Olds for ten yards to the Carpinteria 30 yard line. Neither goal was seriously threatened during the first quarter which was largely devoted to exchanges of punts, neither side being able to gain the necessary yardage for first downs. The quarter ended with the ball in possession of Santa Paula on the Carpinteria 45 yard line.

Santa Paula started the second quarter by advancing the ball to the Carpinteria 35 yard line on three plays for first down. Upon failing to make the necessary yardage for a second first down they attempted a forward pass which was knocked down by Reid giving the ball to Carpinteria on their own 20 yard line. Despite an end run good for 8 yards by Clyde Smith the Warriors did not make the yards needed and Olds got off

a 35 yard kick to Horton of the Santa Paula squad. The Santa Paulans started a determined march down the field, making three first downs, and advancing to the Warriors' 20 yard line. A fumble which cost the Santa Paulans several yards and an incomplete forward pass stopped the drive and gave Carpinteria the ball with just time for two plays before the half ended.

The Santa Paulans got a break which they failed to capitalize on when play resumed after half time when Milne, who received the kick-off fumbled after a 10 yard return, giving the ball to Santa Paula. Failing to make yardage Victoria kicked the ball out on the Carpinteria 9 yard line. The Warriors then staged a march down the field, Smith going around end for 10 yards and first down. Following another first down, Smith, following excellent interference, went around end for a gain of twenty yards. Another first down placed the ball on the Santa Paula 35 yard line and another end run by Smith, good for 11 yards, placed the Warriors within easy scoring distance but their chances were ruined when Smith fumbled on an end run and Asa recovered for Santa Paula on their own 15 yard line. The third quarter ended with the ball in Santa Paula's possession after an exchange of punts.

(Continued on page 7)

## VENTURA PLANS ARMISTICE DAY CELEBRATION

VENTURA — A wild west amateur rodeo for Ventura for two days beginning Armistice Day, November 11, is the program being planned by Ventura Post 339 of the American Legion. Ventura county is famous for its beautiful horses and its daring riders, who have captured prizes at many shows. The big western Horse Parade will be held on Friday, Armistice Day, only at 10:30 a. m. All horse owners in Southern California are invited to participate.

## WILLAMETTE MEETS GAUCHOS IN NEW STADIUM SATURDAY

SANTA BARBARA—Santa Barbara State College will "at home" Saturday, entertaining Willamette University of Salem, Oregon, in the brand new Gaucho stadium on the beach in Santa Barbara.

Originally scheduled for Friday night, Oct. 14, the game date was changed to Saturday afternoon at 2:15 when it was learned that the lights would not be ready for the opening of the new field. As yet the total seating capacity of the bowl is not complete, but present facilities provide some 1200 more seats than Peabody stadium in Santa Barbara, where the Gauchos formerly played. Plans call for a total seating capacity of 12,000 to be completed toward the end of the season.

Described as having one of the most beautiful settings for a stadium on the Pacific coast, the new Gaucho field is constructed with permanent wood-on-concrete bleachers on a bluff overlooking the Yacht Harbor and the rolling surf of Santa Barbara's West Beach. On the ocean side removable bleachers are expected to add to the present seating facilities.

With the added impetus of opening the new stadium, Coach Spud Harder's eleven has been pouring it on in practice for the meeting with the Willamette Bearcats. Last week the Hardermen dropped a tough contest to the Dons of San Francisco University, but the 14-0 loss was in the nature of an upset, in as much as the Gauchos were doped to loose to the formidable Dons by at least four touchdowns.

This week the gridders have added a few elements of "razzle-dazzle" to their repertory and drilled (Continued on page 7)

Bill Jessup, Gaucho end, who will go into action against the Willamette eleven Saturday afternoon in the new State College Stadium on the beach which is to be used for the first time since its completion.

SANTA BARBARA — Coming back strong after a defeat last week by the Bakersfield J. C. Renegades, Santa Barbara State Frosh gridders are reaching top shape for their Friday night clash with Compton Junior College Tartars.

"Sockeye" Jack McDonald, who wrestled Cecil McGill at the MAC arena last night.

## OXY GRIDDERS MEET WHITTIER SQUAD SATURDAY

Ready to go after a week's lay-off, Occidental College gridders seek their first Southern California conference victory of the 1938 season Saturday when they play host to Chief Newman's Whittier eleven.

The battle should be one of the most bitterly fought tilts in the long rivalry between the two institutions. Oxy hasn't whipped the quakers since 1932, and Bill Anderson's veteran squad is determined to come out on the top side this year.

The return to action of Willard Goodhue, hard running Tiger quarterback, will boost Bengal hopes. Goodhue, who has definitely established himself as the team's spark plug, was out with a foot injury when Oxy lost to San Diego State in its first league tilt.

# WOMEN IN THE NEWS

By LEONE BAXTER

Whether or not women's sense of humor rivals that of men is a dependable, though worn, hypothesis to be trotted out by anxious hostesses the world over, when after dinner conversation dulls and efforts must be made to revive it.

It may be argued endlessly, pro and con. Men have produced the greater part of first-rate humor in literature—but they have produced their full quota of fourth-rate slap stick, too. However that may be, there are few to defend the contention that women have matched men in either category. They haven't.

But now, from deliberation of the Southern California Motion Picture Council, comes a new and practical theory espousing humor as an antidote to serious problems in human relationships. The originator is a woman, Mrs. Thomas C. Winter; and she evidences that women, whether their wit is duller or sharper than men's, may accurately evaluate humor as a potent force for good.

Mrs. Winter believes that funny movies should be fostered "because they will help counteract the growing class hatred in America. And high class humor, where you can laugh at yourself," says she, "dispels bitterness." Certainly it is difficult to hate or be greedy or quarrelsome or insincere while you laugh. And unwarrantably swollen prejudices and pretensions collapse like a pricked balloon when thrust through with a shaft of kindly wit.

Says Mrs. Winter further—and profoundly, we think—"Dictatorship cannot laugh at itself, but Democracy can."

Not long ago Hitler, strutting before his aides, shouted his boasts and threats so thunderously at the British premier that poor Mr. Chamberlain was obliged to retire to his hotel and continue the discussion through the exchange of notes. Suppose, at that juncture, the late Will Rogers could have appeared to interject a few of his pungent whimsical and penetrating remarks to the German people and the whole world! Fear, tension—even dictatorship—might then and there have dissolved in a universal guffaw.

Suppose, in California right now, the shade of Mark Twain could materialize to discuss in his own delightful style such Utopian imbecilities as today are dignified by places on the ballot. Consider what that merry tongue of his could do with a proposal that's been turned down by the voters year after year but keeps popping up again like an imbecile—on the ballot this year perhaps for the eighth time—and everybody taking it quite seriously. Picture the fun he'd poke at another crazy scheme to blot out

## PROPOSITIONS 3 AND 4 FAVORED BY HARRY W. T. ROSS

"Traffic movement, the blood stream of business, can be relieved from its present congestion only through such long range planning as will be made possible by a 'Yes' vote on Proposition 3 and 4 next November 8." This was the recent declaration of Harry W. T. Ross of Santa Barbara.

"Statistics show a two per cent decrease in the use of individual automobiles in 1937," said Ross. This decrease is ominous, because it indicates that traffic is being gradually paralyzed by danger and by congestion. California urgently needs the system of traffic coordination and simplification that would be possible under the terms of Propositions 3 and 4.

"Such a system would require an assurance of financing over a long period of years. This assurance is provided by Proposition 3, which will permanently protect the gasoline-tax moneys in their present purpose of street and highway construction, maintenance, and administration. Plans for highway safety will never again be threatened by loss of financing through political interference."

Proposition 4, Ross explained, supplements Proposition 3 by coordination of existent legislative units, and establishing the State Highway Commission on a full time basis.

The California State Federation of Labor is the latest of the many groups that have endorsed a "Yes" vote on Propositions 3 and 4, according to an announcement by the Automobile Club of Southern California.

### LEARNED TO RIDE

Six weeks of intensive riding were necessary for Akim Tamiroff, featured with Leif Erikson and Frances Farmer in Paramount's "The Last Ride." Tamiroff plays the part of an ex-Cossack who comes to America, loves horses.

### HUEY LONG NOMINATED

Huey Long was entered by Winfield, La., in the search by Bob Burns, the Arkansas traveler, for the "Proudest Town in America" based upon sons who have won national fame.

a section of our California constitution, which functions as a stabilizer against increasing public debt—a promotional plan whose backers were foolhardy enough to let their pet monstrosity get itself tagged "Number 13"!

If that sparkling humorist were among us, the voters would still be chuckling at the polls a few weeks hence. And whichever sex has the keenest sense of humor, neither could miss the point that we have some of the most ridiculous nonsense on our ballot this year that ever an Attorney General's aide strove to title.

### WARRIORS DEFEAT S. P.

(Continued from page 6)

With fourth down and 7 yards to go Victroia kicked 45 yards to the Carpinteria 20 where the ball was received by eKndrick. With fourth down and 7 to go, Olds kicked 44 yards out of bounds on Santa Paula's 32 yard line. Lacking a yard for a first down Victroia of Santa Paula kicked to the Carpinteria 30 where the ball was received by Olds and returned to the 35 yard line where he was hit hard and injured. He was replaced by Babcock. Short five yards for a first down, Milne kicked out of bounds on Santa Paula's 30 yard line. Unable to make a first down, Victoria kicked 20 yards to Kendrick who returned the ball to the Carpinteria 45. Following an incomplete pass from Kendrick to Carl McIntyre, Kendrick heaved a pass to Milne which was good for forty yards and paved the way for the Warrior's lone score. Following the pass Kendrick went around right end for 5 yards and Smith then took the ball around end for a first down placing the ball on the Santa Paula one yard line. The Warriors ran into a stone wall advancing the ball only half a yard and the ball was given to Smith on the fourth down who skirted the end for a touchdown standing up.

The Warriors failed to score the extra point on an attempted pass from Babcock to McIntyre in the end zone. Reid kicked to Horton who took the ball on his own 30 and returned it six yards. The game ended just as Victroia threw a pass to Horton which was good for 25 yards.

### WILLAMETTE MEETS S. B.

(Continued from page 6)

some on defense to add even more strength to the "stone wall" which held off the Dons on four goal line stands last week.

Willamette's touted "pony backfield" against Santa Barbara's light and fast stars, with both outfits stressing the passing attack, will provide the kind of game which delights fans. It is expected that the new turf on the stadium floor will receive a real "breaking in" with runs, passes, and laterals and spinners spreading the two offensives over most of the playing area.

The two teams are rated at par, with Willamette losing last Sunday to the San Diego Marines 14-0, and the Green and White bowing to San Francisco by the same score. Harder stated that he believes he has a better ball club after the defeat last Friday, as the boys held off a strong eleven and for the first time really got the "test of fire." The Gauchos are reportedly more confident of their own power at present, and will go into the Willamette game at full strength for the first time this season.

## LEGAL NOTICE SUMMONS

In the Justice's Court of the Second Judicial Township of the County of Santa Barbara, State of California.

Marvin Light, Incorporated,  
Plaintiff.

vs

Gerald C. Cudahy,  
Defendant.

Action brought in the Justice's Court of the Second Judicial Township, County of Santa Barbara, State of California, and the Complaint filed in the office of the Clerk of said Court.

Hugh M. Lindsey,  
Attorney for Plaintiff.

The People of the State of California Send Greetings to:

Gerald C. Cudahy, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Justice's Court of the Second Judicial Township, County of Santa Barbara, State of California, within ten days after the service on you of this Summons—if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of this Court this 21st day of September, A. D., 1938.

Earnest D. Wagner,  
Justice of the Peace.

By Elizabeth Williams, Clerk.  
Second Judicial Township.

Published in the Carpinteria Chronicle, October 14, 21, 28, Nov. 4, 11, 18, 25, Dec. 2, 9 and 16, 1938.

## FALL FLOWER SHOW

Southern California Fall Flower Show will be held in Pasadena, October 28, 29 and 30, it is announced in reports to the touring bureau of the Automobile Club of Southern California. The exhibits will be displayed at the new Fannie E. Marrison Horticultural Center, south of the Rose Bowl in Brookside Park.

## LEGAL NOTICE

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of Carpinteria Chronicle published weekly at Carpinteria, California, for October 1, 1938.

State of California, County of Santa Barbara, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Ann Waynflete Riley, who, having been duly sworn according to law, deposes and says that she is the owner and publisher of the Carpinteria Chronicle and that the following is, to the best of her knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation for the date shown in the above caption, required by the act of August 24, 1912, embodied in Section 411, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are: Publisher, Ann Waynflete Riley, Carpinteria, California. Editor: Ann Waynflete Riley, Carpinteria, California. Managing Editor: Ann Waynflete Riley, Carpinteria, California. Business Manager: Ann Waynflete Riley, Carpinteria, California.

2. That the owner is Ann Waynflete Riley.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are: None.

ANN WAYNFLETE RILEY,  
Editor.

Sworn and subscribed before me this 5th day of October, 1938.

(SEAL) George G. McLean,  
(My commission expires July 6, 1941.)

## REMEMBER THE 'FROLICS'?

Bert Lahr, who plays Claudette Colbert's vaudeville partner in Paramount's "Zaza," was in vaudeville before he was 14. He organized a group of neighborhood kids to form the act and they called themselves the "Seven Frolics."

**NEW GAS RANGES TO BE INTRODUCED**

Celebrating the perfection of the most recent contribution to American home cooking—the new "Certified Performance" gas range—gas range manufacturers, dealers and gas companies today launched a seven-week campaign in which this amazing new appliance will be introduced to gas users in the Southland.

During the period of "Certified Performance" campaign, customers who purchase the new type range will be given a special trade-in allowance on their old cooking equipment. In some instances this allowance will be as high as \$35.

Features that distinguish the "Certified Performance" gas range according to G. W. Smith of the Southern Counties Gas Company, are: super-convenience, super-speed, super-economy and super-coolness. The name, "Certified Performance," is not a trade brand of any one individual gas range manufacturer, he states, but is a name that is being used by the entire gas industry to designate performance characteristics of this cooking appliance. Two years ago the American gas industry drew up a set of specifications which were considered to fulfill every requirement needed in a gas range, to take full advantage of the superiority of gas for every cooking purpose.

Gas range manufacturers, Mr. Smith states, have not stopped with these CP requirements. Many of the new models have additional optional features, such as automatic clock control, minute minder, attached lamps, and flush-to-the-wall back construction, which gives new beauty and convenience to the gas range.

**PILGRIMAGE OF SHRINERS TO LEAVE NEW DEPOT**

Los Angeles new twelve million dollar terminal will see its first caravan of passenger trains leave its portals Friday evening, October 14, when a departure of 75 pullmans and ten locomotives carrying 1250 Southern California Shriners is scheduled. The nobles aboard the five trains each with two engines, two recreation cars, and two diners will follow the Southern Pacific tracks to Sacramento, Lake Tahoe and Reno. Two engines are allotted each train because of the

Tehachapi and Donner grades en route, the two diners per train will be open continuously as will the recreation and refreshment cars for the unusual festivities planned by the stunt committee.

Potentates Joseph H. Pengilly of Al Malaikah temple yesterday completed arrangements with Superintendent A. J. Barclay of the new depot, whereby the 100 or more candidates for membership can receive their initiation within the walls of the union station. Because this is the fiftieth year of Al Malaikah's charter in the Ancient Arabic Order Nobles of the Mystic Shrine, candidates will receive with their membership a diamond studded Golden Jubilee Pin, and a golden embroidered Al Malaikah fez.

Three hundred Shriners in uniform, patrol, band, chanters, templeguards and stage crafters will form the nucleus of the delegation that will reach the highlight of the ceremonial pilgrimage with a grand street parade in Reno, Saturday night, October 15. En route the afternoon will be passed at Lake Tahoe sightseeing, and on the return trip Ben Ali temple of Sacramento will stage a celebration in the capitol city, Potentate Pengilly and his followers. Ernest L. Hurst is directing the ceremonial, with pilgrimage plans in charge Recorder George J. Ramsey.

Shrine clubs from communities all over Al Malaikah's jurisdiction from San Luis Obispo to the San Diego county line and from the shores of the Pacific to the Arizona border are arranging delegations with special cars for their individual groups.

**CROSBY IN TRAINING**

Bing Crosby, who went to Bermuda for a vacation after viewing the first cut of his new picture, "Paris Honeymoon," writes that he is in enforced training. Automobiles are not allowed on the island and Crosby either has to walk, ride a bicycle or use a carriage.

its history, he will never do another flying picture.

**POSTMASTER IN HOSPITAL**

Mrs. Minnie Bauhaus is confined to the Cottage hospital where she underwent an operation Tuesday morning. She is reported to be improving rapidly and is expected to return to her home some time next week.

**F. B. DIRECTORS PASS**

(Continued from page 1) States Bureau of Soils has greatly increased. In order to get the work done without years of delay a co-operative arrangement with the University of California would be necessary. Appropriation of \$6,000 by Santa Barbara County will be necessary to complete the work which should be done in about eight months time. The Santa Barbara County Farm Bureau has repeatedly requested the University of California Division of Soil Technology to complete the soil survey in Santa Barbara County. This last survey will cover the area from Gaviota Pass to the Santa Barbara-Ventura County line.

5. The Santa Barbara County Farm Bureau directors indorsed a resolution presented by the Solano County Farm Bureau which is opposed to any legislation which will increase transportation rates to farmers by truck.

During the meeting the election of the Santa Barbara County Farm Bureau's State Director for 1938-1939 was held. Mr. Frank G. Doty of Goleta was unanimously reelected to succeed himself in this important position. Mr. A. B. Henning of Lompoc was elected as the

alternate state director to serve as an assistant to Mr. Doty.

The feature of the directors meeting held at the Barbara hotel on October 1 was the talk by Mr. Carl Levine, director from the Goleta Farm Center, who gave a very interesting travelogue talk on his recent trip to Sweden.

**U. C. PROFESSOR TELLS**

(Continued from page 1) the bowl. A distilling type heater embodying this principle has been experimented on. Known as the return gas distilling heater, it is much less smoky than the present type and carbon accumulations in the bowl are relatively insignificant. While not a perfect heater, it is, according to Professor Walker, superior in its combustion characteristics to any distilling type heater now in use.

Atomizing type heaters have also been the object of considerable experimentation, said Professor Walker. They show promise in utilizing the poorer than average orchard heater fuels without smoke or soot problems.
