

GAUCHOS, POETS CLASH FRIDAY

By DICK CANADA

Coach Stan Williamson's grid-ers open the '53 football season this Friday night against the Whittier Poets, a conference champion last year. The Poets have 15 returning lettermen, 13 of whom are line men. Their frosh team of last year was undefeated and should add much support to this year's varsity.

The Poets' record for last year was nine wins and 1 loss at the hands of Fresno. When the Gauchos met them last year it was a very close and hard game, with the Poets coming out on top with a 7-to-6 victory. The Whittier team will be somewhat different from those in the past. Usually the Blue and White machine has plenty of power and is a little short on speed. However, this year the backfield will be loaded with speed and not too powerful. The key

man in the Whittier offense will be Tailback George Sackman. The Poets use the same type offense as the Gauchos with the unbalanced line and single-wing attack.

Inexperienced Team

Coach Williamson will have a young and inexperienced team to field this year but from the look of things it will be able to hold its own with the best of them and should come out very well in the conference. Returning this year in the line are Chuck Miller, all-conference tackle; Charlie Green, a regular right end from last year, and Marv Ashby, first-string center.

The backfield is loaded with many returnees who helped the Gauchos achieve an 8-and-2 record, their only defeats coming at the hands of this same Whittier team and Cal Poly. The Cal Poly

game was the only one in which the Gauchos were soundly beaten, coming out on the short end of an 18-to-0 score. The key men of the returning backs are Bucky Baird, the leading scorer for the Gauchos last year; Sol Padilla, a tailback who saw a lot of action until he was injured and who, after an operation on his knee this summer, should be ready to go again; Gary Morris, our best breakout runner; Bob Shoup, the best passer from last year's squad. Don Hay and Don Hastings, two fullbacks who played good football last year, are fighting for the spot with the newcomer Jim Hagey, a transfer from Orange Coast. And the old man around campus, Bob Morton, is back at quarterback.

Many Young Players

Stan is one of the most fortunate coaches in the league in hav-

ing many young ballplayers from junior colleges and many of them have two and even three years' eligibility left to play for the Gauchos.

Right now it is very hard to say who will start for the Gauchos, but here are the leading candidates for the positions:

Left end: Britton Tresville, who played guard on last year's squad; Ken Trout, a transfer; Gates Foss, a local boy from Santa Barbara High School.

Left Tackle: Bob Wallander, a transfer from Compton Junior College; Doug Bass, a transfer from Bakersfield, and Jerry Montgomery, a 212-pound freshman from Pomona.

Center: Marv Ashby, a returning letterman from last year, and Dudley Carlson, a transfer from Santa Monica Junior College.

Fighting for the left guard posi-

tion are Bill Lowe, a transfer from Compton, and Jack Becker from Contra Costa Junior College.

Pushing All-Conference Tackle Chuck Miller for his job will be Roger Van Pelt, a transfer from Muir.

The right guard position will be held down by either Jack Dayton or Rei Yoshinobu. Dayton is a local boy who went to Washington before coming back home to play for the Gauchos. Yoshinobu played for Monterey Peninsula Junior College.

At right end will be Charlie Green, a regular from last year, or Lee Powers, an ex-kegger.

The backfield positions are four and five deep in some places and it will be very difficult to say who will be our big gun this year. The key men at the quarterback position, which is the blocking back in the single wing, will be either

Bob Moneymaker, Norm Stelli or Bob Morton. Moneymaker and Stelli are transfers from El Camino and Compton, respectively, while Morton is an old face around the campus.

Right halfback is a close contest between Gary Morris, last year's breakout threat, and Ned Parsons, the waving Italian from Orange Coast.

Three very good fullbacks are on hand this year: Don Hay, Jim Hagey and Don Hastings. Hastings is sidelined at the moment with a knee injury and may take a couple of weeks to get in shape.

Tailback Sal Padilla and Bob Shoup will play a lot of ball for the Gauchos.

Coach Williamson would not commit himself to any rash promises but you can be assured that the Gauchos will be in the running all season.

FROSH CANDIDATES REMINDED OF RULES FOR CLASS ELECTION

Freshmen running for class officers are reminded by Teddy Tye, Election Committee chairman, that the deadline for filing petitions is Monday, Sept. 28, no later than 4 p.m. Candidates must have at least 150 signatures, 100 of which must be freshmen.

Petitions, along with the publicity rules, copies of the constitution, Roberts *Rules of Order* and the brochure on student government may be obtained in the Graduate Manager's Office, where candidates signed up.

Constitution Test

The constitution test will be given in the Associated Students Office Sept. 28, between 1 and 4 p.m., under the direction of Teddy Tye.

All publicity should be in the Associated Students Office Tuesday, Sept. 29. There must be strict adherence to the publicity rules set up by the Election Committee. If there are any questions, contact Teddy Tye in Building D.

Tuesday, Oct. 6, has been named as stunt day. All stunts must be cleared with the Election Committee in advance.

During the freshman class assembly the candidates will be given an opportunity to tell of their past experience and future plans. The assembly will be on Tuesday evening and the election will be held the next day, Wednesday, Oct. 7.

If necessary, runoff will be held on Friday, Oct. 9.

'Goodbye, My Fancy' Opens Tryouts Tonight for Cast

"Tryouts for 'Goodbye, My Fancy,' the first major dramatic production of the 1953-54 season, will be held tonight from 7:30 to 9:30 in the auditorium and tomorrow from 3:30 to 5 in Oak Hall 7.

"Goodbye, My Fancy," the popular Fay Kanin comedy, ran for two years in New York and later toured the entire country. It has only recently been released for non-professional production and is enjoying great popularity in colleges and community theaters.

In addition to the two leading roles, there are many outstanding supporting parts for both men and women. Dr. Edwin Schoell, who

is directing the production, said that 21 student actors will be needed to fill the parts in the play.

Backstage, Too

Students interested in participating in dramatic productions this year are urged to attend the coming tryouts for "Goodbye, My Fancy." Those interested in backstage work should contact Dr. Schoell during the tryout period.

On hand to observe talent with an eye toward future productions will be Dr. Theodore Hatlen, who will direct the second major production in December and Dr. Rollin Quimby who supervises radio productions and oral reading programs.

HOMECOMING THEME ANNOUNCED; 'BIGGEST, BEST,' SAYS MELIDA

"3-D Hits UCSBC" is the theme for this year's Homecoming which will be Oct. 15 through Oct. 17, it was announced by Melida Horn, chairman of the event. The theme is to be limited to ideas taken from movies or ads.

Our foes on the football field Saturday, Oct. 17, will be the Los Angeles State Diablos.

Plans are being made for this year's festivities, which should be "the biggest and best," says Melida. Hard workers are needed on all committees, and those interest-

ed in taking part in the action should contact Melida Horn in the Associated Students Office in Building D.

SUBJECT 'A' REMINDER

For entering students who have not yet taken the Subject A Examination, a late Subject A Examination period is scheduled for Thursday, Sept. 24, at 1 p.m. in Oak Hall 107.

UNIVERSITY OF CALIFORNIA *El Gaucho* SANTA BARBARA COLLEGE

Vol. XXXIII SANTA BARBARA, CALIFORNIA, WEDNESDAY, SEPTEMBER 23, 1953 No. 2

Dig That Crazy Man From Clutchmoor U!

Do you wish you weren't the anemic, undernourished, stupid, homely, undersexed, crazy mixed-up kid you are? If you do, don't worry. Everyone else wishes the same. Even Arnold. And, by ish, if Arnold does, you can bet that you are completely abnormal.

Arnold, by the way, is the newest personality in the field of college humor. It was only last fall that he made his debut at the University of Minnesota. Since then he has traversed all the channels of doubt, confusion and frustration that stymie all college students.

Arnold, the brain-child of U. of M. student Bill Johnson, was such a crashing success at Minnesota that we have decided to have him transfer to "good ol' Clutchmoor College" . . . a branch of all colleges everywhere . . . to entertain you with his observations of his (and we hope your) institution of higher learning.

Arnold will appear in weekly installments, starting as soon as he recovers from his latest yogi session via the Registrar's Office.

ACB Plays Important Part in Campus Life

With the beginning of another school year, the Activities Control Board wishes to acquaint all organizations with its functions and policies. This is a student-controlled board, appointed by the legislative council. ACB is organized to schedule all student body and recognized college organization events in order to provide a minimum of overlapping and a maximum of success for each event.

ACB gives all recognized organizations on campus the use of campus meeting space, college publicity facilities and many other campus privileges.

A current constitution and by-laws must be on file with ACB in order to be a recognized group on campus and enjoy these benefits. Recognition forms must also be turned in each semester for approval of ACB.

Meetings on Calendar

Every regular and special meeting, and every social event of all campus organizations must be scheduled through ACB on the master calendar maintained in the Associated Students Office.

Since events affecting the entire student body have priority over private functions, these events are scheduled early. According to Nadine Drake, chairman of ACB, there are open dates available now for these activities.

Failure to abide by the policies and regulations of ACB may result in a warning, restriction of privileges, or social probation, the extent of such penalties to be determined by ACB, with final action by the legislative council.

Registration Books

Registration books may be turned in Thursday and Friday of this week. They should be deposited outside the Registrar's Office in the Administration Building. A fee of \$2 is charged for any registration book filed after Sept. 25.

MANY PROBLEMS CONFRONT STUDENT UNION COMMITTEE; NEEDS CHAIRMAN

Chairman and two members-at-large are needed for the student union committee, the group which will handle details on construction of the temporary and permanent student unions, stated Dave Hodg-in, Associated Students president.

Applications should be on the regular form and a letter stating experience and reasons for applying should accompany all applications. Forms are available in the Associated Students Office, Building D. Deadline for applications is 4 p.m., Tuesday, Sept. 29.

The student union committee has temporary standing until such time as an amendment to the constitution is passed by the students in a general election. It will then become a standing committee.

ENROLLMENT DATA ISSUED

A count at the end of the first day of registration indicates a slight increase over the same day a year ago. This is the first time since the fall of 1947 that there has been an increase over the preceding year. Although final figures are not yet available, the indication is that enrollment graph at Santa Barbara College has stopped its downward plunge and is now on its way up.

The number of new students registered on the first day was nearly a 15 per cent increase over the number registered the same day a year ago. Since the new students comprise a minority of the total student body, this encouraging increase has not materially affected total statistics. Thus far the number of veterans has been somewhat less than anticipated.

PAUL W. WRIGHT
Registrar

Proficiency Tests

Speech proficiency tests will be given for all students working toward teaching credentials from SBC. Test dates are:

Wednesday, Sept. 23, 3 to 5 p.m., in OH 7.

Thursday, Sept. 24, 2 to 5 p.m., in OH 7.

Saturday, Sept. 26, 9 to 12 noon, in OH 7.

Students may sign up on the speech bulletin board in Oak Hall. Mimeographed instructions are now available.

SEASON TICKETS

Special season tickets are now available for all faculty members and campus employees. The cost of a reserved seat for the season is \$4. This is a \$3.50 saving over the single-game ticket.

These tickets must be picked up before Friday, Sept. 25, in the Graduate Manager's Office.

President Bob Sproul Extends Cordial Welcome to Students

To your welcome to Santa Barbara College, which will, I know, be made amply clear by Provost J. Harold Williams and by all members of the teaching staff and

the administration, I am happy to add not only a cordial greeting, but also congratulations, from the state-wide University of California of which you have now become for all your life a part.

Greetings, Congratulations

I offer this greeting and these congratulations both to those who have satisfied the requirements for admission as freshmen or as transfers from junior colleges and other four-year institutions, and to those "old students" who have earned the right to continue their studies at the University. The admission standards of the University are admittedly high, and the standards of the classroom are demanding. The University seeks to develop whatever talents you may have for leadership, and the process is akin to selecting and training a good track team, a varsity football squad, or an Olympic crew. First, there must be quality, which we assume you have, and then there must be expert instruction, and the never-ending practice that makes perfect.

Fun at Right Time

It is good fun, I recognize, to speak disparagingly of examinations and grades, but don't take that fun too seriously. The ambition, concentration, and self-discipline which you must develop in the process of earning good grades will stay with you and be a character asset regardless of whether you remember or forget the detailed facts involved. Student activities outside of the classroom are an important part of your college career, too, and I urge you to participate. But treat activities as a wise investment of leisure hours. To fall into the error of making activities your primary goal, leaving to studies whatever hours chance provides, is to risk results that may be disastrous educationally and personally.

Plan for Alum Groups

Your college years are a try-out for membership in an internationally recognized team known as the alumni of the University of California. Keep this in mind, and make the team. Then you will be in a good position to compete with any and all contenders for true success in life.

ROBERT G. SPROUL

STOCKADES AWAIT FROSH WITHOUT BIBLES, BEANIES

Caesar had his Mark Antony, Napoleon had his Waterloo, and the frosh—ah, the frosh have the upper classmen. The indoctrination process, which began last week with the purchase by the newcomers of their bibles, class cards and rooters' caps, will be continuing for some time with the upper classmen in charge.

Black Box, Stockades

Several of the assorted things that the frosh should bear in mind is the presence of the black box, located in the quad. Any sophomore, junior or senior can put in names, offenses and recommended punishments for frosh who don't wear their beanies, carry their bibles or know the contents of same. Names of offenders will be brought up at tribunal and the appropriate punishments will be meted out.

"Rebellious frosh should remember that there are three stockades in the quad area, and persons occupying these positions will be honored with water pistols and mud pies," said Dick Lorden, chairman of frosh indoctrination.

The beanies, which are standard equipment for any well-dressed frosh, are available at the book store with the receipts acquired in the registration line. This act must be completed before the end of the second week of school.

Attendance is required of all freshmen at the Frosh Election Assembly to be held on Oct. 6.

Tribunal, Mud Brawl

Frosh are reminded that they must attend the tribunal, mud brawl, dinner and dance to be held at Goleta Oct. 9. Transportation will be provided for all students. As an added incentive, dinner will not be served in fraternity and sorority houses and major housing groups.

The indoctrination process is being organized by the Squires, a sophomore men's honorary organization, and is being enforced by all senior, junior and sophomore students.

Robert Gordon Sproul

USED BOOKS

Going into its third year of operation, the used book exchange will be conducted again so that SBC students may profit by savings on textbooks, stated Sue Bullis, director of the program.

The booth is set up on the men's gym lawn during registration week and operates through next Friday, Sept. 25. Students may leave information regarding the textbooks they have for sale in the booth's index files. Blanks containing space for all the information needed for the sale of the book may be obtained there. Books should be filed alphabetically according to the name of the course.

Sue Bullis urges all students to try this new system, which may prove to be of great service to those who feel purse strings tightening.

El Gaucho

University of California, Santa Barbara College

Published every Wednesday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara College, Santa Barbara, Calif. Opinions expressed herein are those of the staff unless otherwise indicated. Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, Calif., under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

 PHIL C. JACKS, JR., Advertising Manager

THANKS . . .

I wish to thank the student body for its wonderful turnout for the Gaucho Gambol last Thursday. With that kind of spirit the fellows on the football team and the people who worked to make the Gambol possible will be glad that they put in the extra time and work that it takes to make a success. If you turn out as well for the first game this week we will get the season off to a wonderful start.

Congratulations to all the new song leaders and thanks to all the girls who worked so hard to get their routines in shape for the tryouts.

Orchids to the legislative council for the time and work they put in for free, Duane Mittan in particular for handling the transportation problem.

DICK CANADA
 Chairman, Rally Committee

Easy Come . . . by Joanne Kyger

In order to get a first-hand relation of the traumatic experiences of the indoctrination of THE Freshman, we dropped a butterfly net—they seem to make them smaller every year—over the first pink-cheeked, bright-eyed youngster that toddled in the office door, chained his legs to a chair, hands to a typewriter and slipped raw eggs down his back until he produced. However, difficulty arose when it was found that he didn't know how to type because he was the pre-school child of the professor next door, so we called the editor of last year's local high school paper and bribed him to re-arrange a column we found in an

exchange paper so many years old that we are quite safe from plagiarism unless Max Schulman ever happens to remember when he entered college.

College! That very word sends a cold chill down the back of my little wooly neck, causing the bristles in my close-shaven head to stand a little more erect. College! That word that strikes terror into the heart of the unsuspecting.

I arrived at the campus on Tuesday morning and, after fighting the parking-lot traffic, I parked my little jalopy on the side of the hill that the students laughingly call a parking lot, where it promptly

ly rolled back down and creased the fender of some senior's new car. Not wishing to appear forward, I drove my car back up the hill and braced it with two large stones, a bench I found nearby and a sophomore who didn't have anything to do. I then proceeded to the auditorium.

A lot of distinguished-looking people were sitting on the stage of the auditorium, and after the meeting was called to order they amused us by making derogatory remarks about each other. The yell leader, obviously an English major, was easily the most distinguished. After that we were assigned to our individual counselors, none of whom we were able to see.

Then we were given some psychological tests. There were a number of rather silly questions, such as: "Do you see spots before your eyes?" and "Have you tried cleaning your glasses lately?" and "Have you ever been the victim of a fatal automobile accident?" I don't know why they would give me a psychological test, since I haven't had psychology yet, but I tried to answer all the questions so that it would sound like I had.

I then went home and had a nervous breakdown.

On the next morning I found the same friendly sophomore and propped him under my back wheels to prevent the car from rolling. Upper classmen seem to have so little to do and he seemed willing to help me. Anyway, I went to the auditorium for my Subject A test. On the written part I told all about the sophomore who had been so nice to me. I hope they like it.

In the afternoon they wanted to see if I was physically fit. I could have told them that except for my cancer, TB and artificial teeth I am the specimen of perfect health. They had to find out for themselves, though.

The first person I met said to me, "See that sign over there on the wall?" I said, "Yes, I think so," and she called out, "Eyes o.k." The next person struck a large gong next to my ear, and

when I said I could hear it she seemed pleased. Then a doctor told me to walk over to him. When I got there, panting only slightly, he said, "Ah, you're in perfect health." Just for the records, though, he had his assistant measure me. "Height 84 inches. Weight 119 pounds." Then I left. The ROTC officer watching the exam muttered something about "Man,

what a bazooka he'd make!" I guess a bazooka is some kind of a commando.

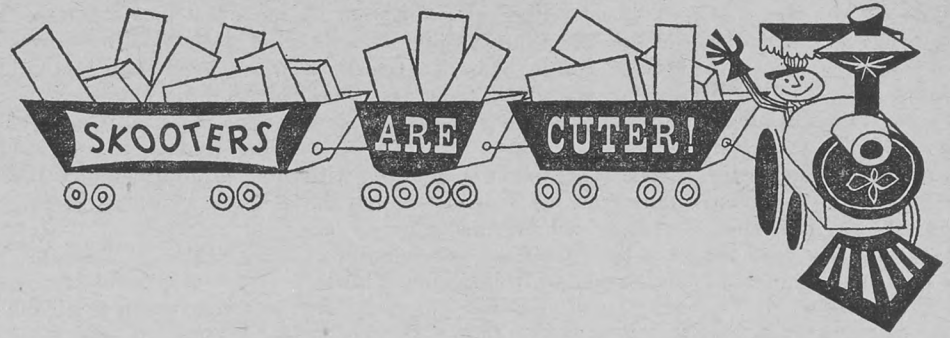

The next day they took all my money away from me. But now, in spite of my little green beanie, which seems to draw flies, I am a real college student, and I can now avoid work as well as the next guy. What a thrill!

DICK RICHARDS

AWS NEEDS TREASURER

Any girl interested in running for AWS Treasurer please pick up petition in the office of the graduate manager not later than Friday, Sept. 25. When petitions are filled out, return them to Sylvia Smith in the Associated Students Office.

Sports

Duane Mittan Chairmans Board of Athletic Control

Duane Mittan has been appointed chairman of the Board of Athletic Control by the legislative council and has taken over his duties along with the other members of the board, which include Mr. J. A. D. Muncy, business manager; Spud Harder, director of athletics; Dave Hodgin, Associated Students president, and the chairman of the finance committee. The Provost also appoints two faculty advisors to help with the various problems.

The questions these people face include approving game schedules, drawing up budgets for the various teams, and contacting the visiting teams. They will even listen to the individual complaints of athletes.

Santa Barbara College championship basketball team of 1940-41 went to the semi-finals at the Kansas City National Intercollegiate Tournament.

'Spud' Harder on Liaison Committee

Dr. Theodore (Spud) Harder, chairman of the men's physical education department and director of athletics at Santa Barbara College, was appointed to a liaison committee on physical education by UC President Robert Gordon Sproul.

The committee is established to effect university-junior college understanding and relations in the field of instruction in physical education. The committee is being organized into two sections and Dr. Harder will serve as one of the university's representatives on the southern section.

Guys and Gals, C.R.A. Open to You!

Marty Hall, newly appointed chairman of the College Recreation Association, has announced the plans for the activities of the coming year. The work of CRA is to sponsor different recreations and organizations.

If you happen to be interested in modern dance, you will enjoy the Dance Club, but if you enjoy squares, or just want to learn how to folk dance, you can become a member of the Square and Folk Dance Club.

Tennis Tournament

Each year CRA sponsors a Faculty-Student Tennis Tournament which is a very popular activity at SBC, as it gives students an opportunity to meet faculty members outside of classes. Each week at the De la Vina Gym students may enjoy badminton. Both rackets and birdies are furnished. The CRA hopes to form a badminton club this year if enough students are interested.

The CRA also sponsors Co-Recreational Nights at the YMCA. These activities take place on Wednesday nights. Both men and women are invited to dance, swim, play table tennis, volleyball and badminton. An entire evening of fun and recreation costs the student only 25 cents.

If the students co-operate with the CRA, Co-rec afternoons will be planned.

The CRA is an organization which both men and women are invited to join.

EX-GAUCHO HALFBACK RETURNS AS MENTOR

by JORDAN ROMEO

Ex-Gauchos Cathcart as he looked to the opposition.

Sam Cathcart, a UCSBC alumnus, has been appointed as an assistant on the Gauchos physical education staff and among other duties will hold down the post of assistant football coach, working with Head Coach Stan Williamson.

Cathcart, who had clinched a defensive halfback position with the San Francisco Forty-Niners of the National Professional Football League this season, resigned to apply for the local job of assistant grid mentor vacated by one-time USC Star Roy Engle.

Grid Ace Returns

In obtaining this position Cathcart will be returning to the scene of his college gridiron triumphs as a Gauchos backfield ace on the 1946-47-48 squads.

During the 1946 season, which was a mediocre one for the Gauchos, Cathcart scored two touchdowns, one more than any other member of the squad. In the next two years, 1947-48, the fleet halfback broke loose for a total of 19 touchdowns to bring his three-year scoring total to 21 TDs. Those last two years saw Cathcart named Most Valuable Player on the squad and also the Most Valuable Backfield player. He also was chosen on the All-CCAA team in 1947 and 1948.

In addition to football, where he was joined in the backfield by his brother Royal, Cathcart competed in boxing and track at UC-SBC.

After winding up his career with the Gauchos, Cathcart, who is married and the father of three children, became one of the top rookies in the new-defunct All-America Pro Football Conference when he first signed with the Forty-Niners. After playing two seasons he quit the club for a tour of duty with the Army, then made a comeback last year.

Pro Performance

He performed for the Bay Area club in its opening exhibition against the Fort Ord service team a month ago, making a 63-yard punt return and carrying the ball eight times from scrimmage for a fine average of five yards gained per try.

Before his career at Santa Barbara College, Cathcart served overseas for 12 months during World War II as a staff sergeant. He was commissioned a second lieutenant in the regular Army following completion of ROTC training here at the college.

Intramural Mayhem

Touch football will start the intramural mayhem on Tuesday, Oct. 6, and all games will be played at Mesa Field, located above La Playa Stadium, at 4 p.m. on Tuesdays, Wednesdays and possibly on Thursdays or Mondays. Each team plays once or twice a week. The teams will be composed of six men, with squads limited to 12 men. Rules are posted on the bulletin board in front of the Men's Gym, and copies are available in West Hall 110. Organizations may enter as many teams as they wish, but players may represent only one team. You independents be thinking of teams to enter, too; the more the merrier.

Bowling

Men's League intramural bowling follows closely, beginning on Oct. 8 and continuing each Thursday thereafter at 8:45 p.m. at the Barbara Bowl. There will be a Coed League, too, starting Oct. 7, at 4:15 p.m. on Wednesdays. For more information see the bulletin board in front of the Men's Gym. Enter your team immediately in West Hall 110 to insure a place in one or both leagues, as only 10 teams can be accommodated in each league.

SKI CLUB SHUSHES

The Santa Barbara Ski Club will get off to a sliding start this year on Wednesday, Oct. 7, at 7:30 at the All Saints by-the-Sea Church in Montecito. It was estimated that the membership will exceed 125 skiers this year, 70 or more of whom will be students from here. So get on the bandwagon; trips will begin towards the first of November to Mt. Able where the Ski Club has its own ski area and housing facilities. Skiing will continue clear through May.

Scientists on the SBC faculty have made their knowledge of radiological detection available to vital defense services by means of a special course of training given in cooperation with the State Office of Civil Defense.

EVERYBODY'S DOIN' IT!

'Hispanic Civilization' New Major Offered; Gate to Foreign Service, Business, Trade

"Hispanic Civilization," newest major study field offered by SBC, opens varied career opportunities in connection with the increasing interest in Latin America and Spain.

The new curriculum is designed to serve the needs of students wishing to enter government service, journalism and other writing, business and foreign trade in conjunction with Spain, Portugal and Latin American nations.

Students preparing for graduate work in the social sciences or languages and literature with Hispanic emphasis will find this major advisable. It will be valuable also for students planning to teach Spanish in elementary or secondary schools, as well as for

SYMPHONIC CHOIR UNDER DR. CHRISTY

On account of an error in typing issued to advisors, it appeared that Symphonic Choir was deleted from the offerings of the Music Department this fall.

The choir will meet under the direction of Dr. Christy and the choral staff Friday at 12 noon in Music Hall 100 and plans to do a great oratorio, requiem or dramatic work. It is open to all students and faculty who wish to participate either as auditors or to earn one unit credit. Those wishing credit will sing also two other days a week with either the Male Glee Club, the Women's Treble Ensemble or the mixed group Modern Chorale. All of these choral organizations join on Friday to complete the personnel of the Symphonic Choir.

ORATORIO PLANNED

The first Santa Barbara presentation of Honegger's opera-oratorio, "King David," and Bach's "Magnificat" are among the activities planned jointly by the UC-SBC Women's Treble Ensemble, the Men's Glee Club and the mixed group Modern Chorale.

The Treble Ensemble will be under the direction of Miss Louise Turner, new music faculty member, the Glee Club under the direction of Mr. Zytowski and the Modern Chorale under Dr. Christy.

Jodi Buckle Engaged

The engagement of Jodi Buckle to Stan Francis was revealed last week after a rush party to her Delta Sigma Epsilon sorority sisters by the passing of lollipops.

Jodi is a senior and was last year's Homecoming Queen. Stan is a graduate of San Jose State College and both he and Jodi are from Bakersfield where he is presently a teacher of industrial arts.

The wedding plans are indefinitely set for sometime this year.

At the Movies . . .

those desiring a general education with some specialization in this area of western culture.

Requirements for the major include selected courses in the fields of Spanish and Latin American language and literature, history, anthropology and political science, announced Dr. Phillip W. Powell, associate professor of history and chairman of the faculty committee in charge of the Hispanic civilization major.

WAX WORDS

THE BIGGEST ITEM in the music biz at current writing is the Stan Kenton European tour. Kenton had been planning this trip since 1949 and finally made it last month. English jazz fans were able, at a cost of about \$20 per person, to fly to Brussels for a day of sightseeing and a seat at the Kenton concert. When you read this, America's "Modern Man of Music" will be holding forth in Dublin, Ireland. . . . IF YOU LIKE your music on the mellow side, Capitol Records has released an album called *Dreamtime*, played by Axel Stordahl. Some of the tunes are *As Time Goes By*, *That Old Feeling* and *Imagination*. Choice listening stuff. . . . LAST ADD on *Doggie in the Window* (we hope). A Danish version of the canine caper has sold over 50,000 discs. In the United States 2,000,000 dog lovers forked out their dough for the thing. . . . A FOUR-STAR MUST for Art Tatum fans is his new album featuring the great Slam Stewart on the bass and Everett Barksdale on the guitar. This jazz trio plays some fine music, including *Lover*, *September Song* and *Out of Nowhere*. . . . DANCE FANS get a treat at the Hollywood Palladium as Ray Anthony opens on the 22nd of this month, to be followed on Oct. 13 by Billy May.

Album of the Week
**** CLAUDE THORNHILL PLAYS. An excellent bit of work, especially the four arrangements by Gerry Mulligan. Thornhill playing jazz is not too common on wax but he has done a first-rate job. This Trend album is well worth the money. Top numbers—*Jeru* and *Five Brothers*.

FORENSICS TEAM SPARKED BY KANE

Forensics at Santa Barbara College seems to be heading for a big year, according to Dr. Upton Palmer, team coach. "Our chances of winning some trophies for the college seem better than ever," he stated.

Sparked by returning senior debaters Bill Hoisington, Pete Kane and Gene Hambleton and with the rest of the returning squad consisting of Ann Moore, Doris Kovak and Joan Reynolds, there will be no shortage of competent speakers. Many new students, including freshman Jack Adler, also can be counted on to join the squad.

The first tournament of the year will be the annual Santa Barbara Individual Events Tournament. Some 300 students from colleges and universities all over California are expected to be on our campus Oct. 23 and 24. This tournament will be followed by tournaments in Los Angeles in early November and by the Western Regional Championship Tournament at Fresno on Nov. 23, 24 and 25.

To top off this semester's activities, Hoisington and Kan will debate with a team from Oxford University, England, in the Lobero Theater on Nov. 18. The subject under discussion will be state control of industry.

Robbins Back on Job At Health Center

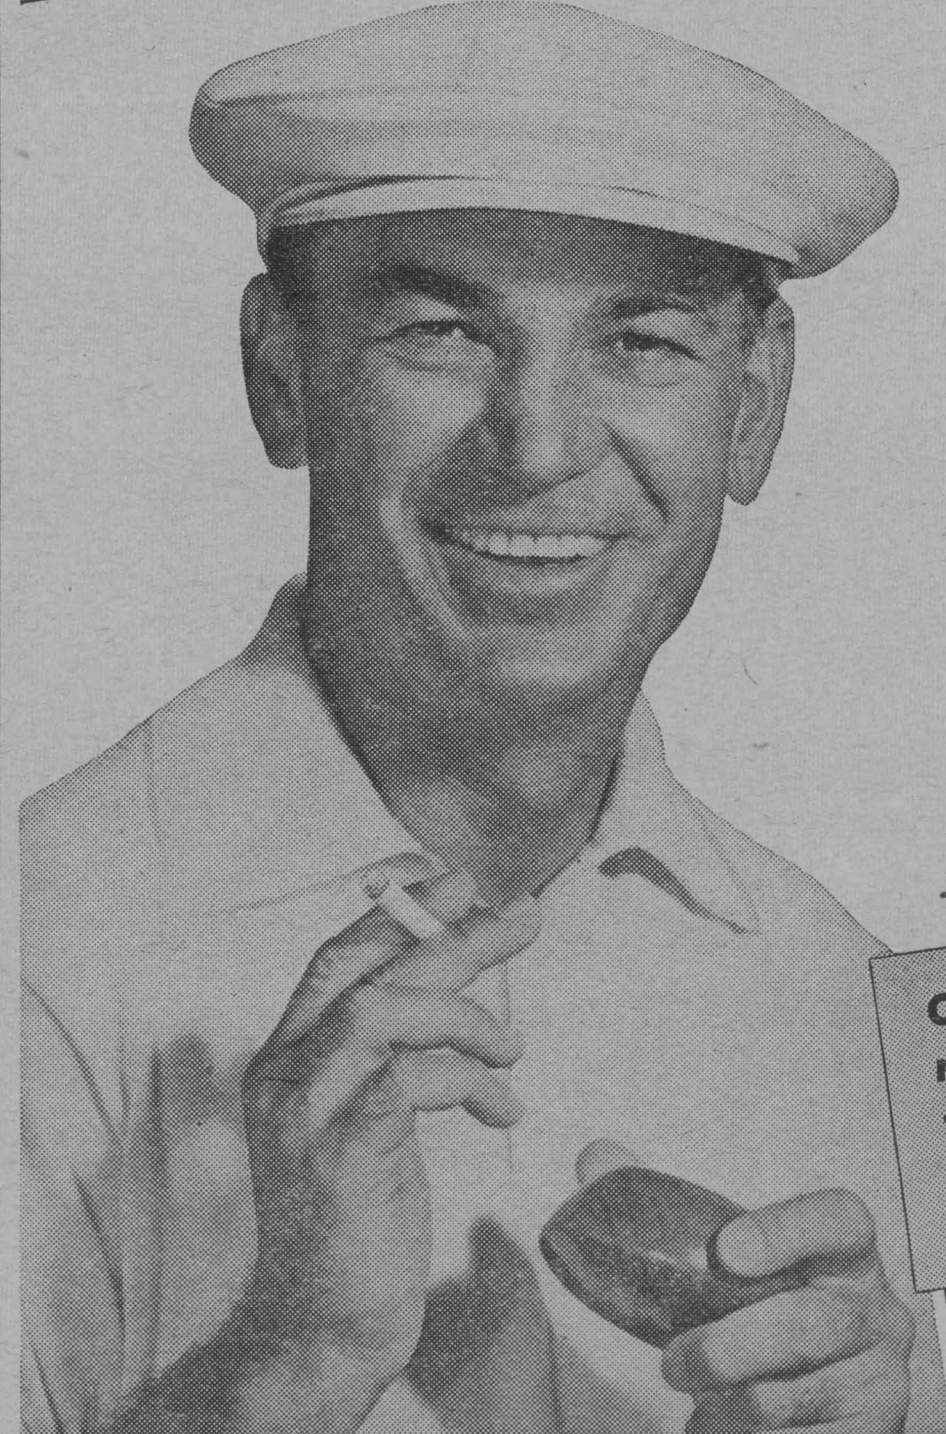

Dr. Wilfred T. Robbins, director of the Student Health Center at Santa Barbara College, has returned to his duties here after two years' service with the Army, during which time he served as commanding officer of the Camp Hanford, Wash., Army Hospital.

Dr. Robbins joined the Santa Barbara College Health Center

staff in 1947 and participated in Army Reserve activities here. During his absence Dr. Austin W. Bennett was the acting director of the Student Health Center. This year Dr. George T. Flynn is staff surgical consultant and Dr. Edward L. Markthaler is internal medicine consultant, both on a part-time basis.

LOW IN NICOTINE
Chesterfield CIGARETTES
HIGHEST IN QUALITY

When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

Chesterfield is best for me—my steady smoke for 7 years.
