"AMERICAN COLLEGE"

BBC film made on campus to describe typical student

by REINA BLUMBERG
Staff Writer

Camera equipment and British accents around campus for the past two weeks are evidence of the filming of a B.B.C. documentary on an American College student.

This 30 min. feature will be one in a series of 12 films about individual Americans, which will be entitled "The Great Society." Producer Charles Denton said, "Our purpose is to try to dispel some

of the myths about America and Americans which we in England have.

"At the moment most of the features on our T.V. are on current U.S. affairs or on eminent Americans. Other than that we tend to see the Desilu image almost exclusively."

MARCIA JACOBS FEATURED
Leading lady in this film is Marcia Jacobs, a junior, who was selected because of her

varied interests and activities. All other parts are played by UCSB students who were either chosen, or happened to be at the location at the time of filming.

Following the pattern set by another British film - "A Hard Day's Night" - this film is the story of a mythical two days in the life of a typical college student. "Actually" said Denton, "no student is really typical, but we believe that this film will give a general, if condensed, impression."

NO SCRIPT

There is no actual script and both conversation and movement flow freely. The Producer explained that he lets the conversation go any way, and will cut and edit both the sound and film tapes after returning to London in March.

Filming on campus has included shots of students on Storke Plaza, in the Library and in a Political Science Lecture. There are also shots of Marcia tutoring a pupil at Saint Vincent's Convent, marching with Colonel's Coeds and at Dance Rehearsals with Miss Sparrow. Naturally, no film of the UCSB campus would be complete without shots of the beach and the Student Union.

DAILY LIFE

Much of the filming was also done in Marcia's apartment showing the day to day life of apartment dwellers, and the film ends with an informal discussion in the apartment between a Political Science professor and some of his students.

UCSB campus was chosen by Denton on recommendation from the American Embassy in London. He said that he was very happy with the choice, and envied UCSB students.

"The Great Society" will be shown on T.V. in England sometime after June and may be bought by an American network for viewing over here. A print of this particular film will be given to the University.

KCSB plans expanded schedule for semester

Extended hours, morning shows, and an expanded public affairs coverage are the changes in KCSB-FM's Spring program, accompanying the appointment of Denis Dutton as KCSB manager.

Rock and roll makes its entrance to the student radio in the 6:30-8:30 "Sunny Side Up" morning shows. One "pop" record will be featured each morning. Other morning features

include daily episodes from the life of Stella Prudence, and news summaries on the hour.

Under the extended evening hours, night owls will now be able to listen to jazz from 11:30 p.m. to 1 a.m. A new feature of the evenings' programming will be "Inside Books" -- a brief analysis of books of current interest.

PUBLIC AFFAIRS

Radio Moscow, Radio Sweden, the B.B.C. and the Canadian Broadcasting System are among the networks whose tapes will be used on "Dimension" - the former Public Affairs program. Michael Iverson, EL GAUCHO Sports Editor, will give a 15-minute sports report as part of the Monday and Wednesday "Dimension" programs.

Furthermore, tapes produced by KCSB-FM will be used by the Intercollegiate Broadcasting System and will be heard over 100 stations.

Because of the expanded Spring Program, KCSB-FM needs more announcers and news reporters. General Manager Denis Dutton invites all interested students to attend a general meeting which will be held in SH 1131 at 7:15 tonight.

MANAGER (DUTTON)

Betancourt to talk here

Don Romulo Betancourt, former president of Venezuela has accepted the invitation of UC President Clark Kerr to be the Charter Day speaker at UCSB April 8.

President Betancourt will deliver the featured address at the 97th Charter Anniversary of the

University of California.

From 1959 to 1964 the Venezuelan politician and writer served as elected president of his country. His administration brought widespread reforms in the areas of education, housing, agriculture, and health.

Compiled from
Associated Press

DEMONSTRATION

The United States has denounced as an outrage a rock-throwing demonstration staged at the U.S. embassy in Moscow yesterday by almost 1,000 students. Said a State Department spokesman at a news conference: "It is deplorable that demonstrators are permitted by police to damage and deface our embassy."

AIR STRIKE

U. S. Air Force fighter bombers staged another raid on Communist supply lines in Laos yesterday, but the air strikes against North Viet Nam halted. There was no immediate word as to the results of the raid.

Communist North Korea's radio says the air strikes in North Viet Nam have caused many deaths and heavy property

damage. But it gives no exact figures in a broadcast protest against the bombings.

KOSYGIN IN VIET NAM

Soviet Premier Kosygin has met with North Vietnam Communist Leader Ho Chi Minh in Hanoi. Non-Communist observers in Moscow believe they discussed Soviet military aid to North Viet Nam. The official Soviet news agency, Tass, said the meeting passed in a cordial and friendly atmosphere.

KING LEADS VOTERS

Dr. Martin Luther King led some 200 negroes in a voter registration march in Montgomery, Alabama, yesterday. The crowd was not as large as he had hoped for, but he said civil rights workers will continue their campaign through the day to get more Negroes to demonstrate.

Extension Center move announced

University of California's Extension Center moved Monday from the Art building to Building 427. The center has been in existence since 1947, and provides counseling by experts to help students in vocational and personal goals.

Dr. George Daigneault is head of the department, which features 120 extension courses over an area of 40 square miles in the Tri-Counties of Santa Barbara, San Luis Obispo, and Ventura.

Kings County and Tulare County were recently added to the area in which courses are offered. Clark Kerr, president

of the University system, stated at this addition, "This will serve as an educational task force to provide for solving community problems."

RA panel offered

Students who would like positions as Resident Assistants are urged to meet tomorrow in Santa Cruz Lounge at 6 p.m.

A round-table discussion, led by Dean of Student Residence Dean Margaret Getman and resident assistants, will answer questions of prospective Assistants for the 65-66 school year.

El Gaucho Opinion Page

OTHERS' VIEWS

Lively Campus Community

Santa Barbara has some sympathy and understanding for Old Westbury, a village of 3,000 on Long Island, New York.

The zoning board of this lovely hamlet declared recently:

"Old Westbury is a place where a person may return from the city and find quiet, peace and repose, removed from the turmoil of labor unrest, picket lines, juvenile delinquents, traffic hazards, the gathering of large numbers of persons and other factors which are detrimental to the health and general welfare."

What a haven that must be! What a place for serenity, for high thoughts and deep delvings into the mysteries of the universe; for seeking solutions for all the troublesome problems confronting humanity!

The New York Institute of Technology found it inviting, too, and bought a 275-acre estate on which to establish its main campus.

The village roused itself from its serenity, its high thoughts and deep delvings, and its zoning board vetoed the college project.

It said the school would disturb the peace, increase the taxes and raise the crime rate. In support of its veto it issued the statement above . . . "Old Westbury is a place where . . ."

Regretfully, Santa Barbara must disassociate itself from Old Westbury.

We know that colleges attract young people, that students have energy, imagination, ideas, crazy notions and wonderful inspirations. That professors sometimes nourish convictions that are not all serene. That campuses sometimes create crowds, traffic, noise, arguments, sports events, loud music, disrespect for age and mental decrepitude.

In other words, a college community, while interested in the riches of our heritage, is committed to life and the future.

The zoning board of Old Westbury should order a high, stone wall build around its village, with an ornate wrought-iron gate way; it should pipe introspective organ music into its quiet streets, and set up sculptured marble headstones in front of each dwelling.

A cemetery is entitled to quiet and reverential respect.

Santa Barbara will go on, redoubling its efforts to build more and better schools, playgrounds and recreational facilities; to strengthen its City College and help the University meet the problems caused by explosive growth on the local campus.

A man can find peace and repose in his heart, without trying to secede from the human race.

Holiday call

Editor:

Education being very valuable, and time being very short, it is understandable that the University refrains from cancelling classes in recognition of many of the less important holidays.

The University does, however, (as it well should) honor our first president by not holding classes on his birthday, February 22. Why then, may I ask, do we not pay the same respect to a president whose qualities of tolerance and awareness demand equal if not more recognition? Why does Mr. Lincoln's birthday not merit the same respect?

Mississippi has laws making segregation possible and probable. Mississippi schools also remain in session on Lincoln's birthday. The similarities are becoming frightening.

KENDY KEPLER
Freshman, Sociology

Thank you

Editor:

Open letter to Geology 2, Sec. 1, MWF 11, Fall 64-65:

I wish to thank the student who was enrolled in my Geology 2 class who took the time to write the letter I received dated January 21, 1965, written at the close of the course. Since the letter was quite complimentary, the student properly did not sign his or her name.

It is such letters that encourage attention to teaching even after 32 years. Thank you very much.

Sincerely,
ROBERT W. WEBB
Professor of Geology

Who to blame?

Editor:

Re: letter in El Gaucho (Monday, Feb 8) entitled "Too many dogs."

You're right, Vince. There certainly are a lot of dogs on this campus. And it's absolutely shocking the way they carry on sometimes. In your letter you suggest that "since the perpetrators of these acts have shown no inclination to cease the practice" they should be made to

pay a fine of ten dollars.

Excellent. But just who, in your opinion, are the "responsible individuals?"

It gives me comfort to know that we have corps of scholars alert to the problems facing our generation.

R. BLAKELY
Senior, French

Health dates

Editor:

Warning to all students--the "Health" Center now requires that you make appointments prior to seeing a doctor.

I am writing this letter while

waiting for my appointment, which is 20 1/2 hours after I first went to the "Health" Center, with what I HOPE is a sore throat

Apparently the Health Center does not have enough doctors and/or a large enough physical plant. Well, of all the branches of our school, at least the Health Center should keep up with the size of the student body.

Finally--I hope my sore throat does not make it impossible for me to read this letter in El Gaucho.

Hopefully,
CHARLES TULLY
Freshman

AFTER DEADLINE

Battle with brown cards

At the merry beginning of each new semester there occurs the debacle known as Open Registration. The victims of this disaster are students; the antagonists are also students; the weapons are brown cards.

Much has been said before about the gross injustices of Open Registration, its screaming mobs, its heavy-handed door monitors, its obliteration of individual respect. Yet this most recent Open Registration may never be surpassed for individual greed, dishonesty, and wastefulness.

The havoc in Robertson Gym, the shortage or total absence of certain brown cards -- all this confronted the registering students. Their unfortunate response to the confusion was anarchy. Rather than attempting to remedy the situation, as intelligent members of a university might have been expected to do, they ran amok, exploiting the disorder.

One student reputedly amassed 41 brown cards with the intent of selling them to desperate students, like the one who offered straight cash for an English 1-B card he wanted.

A great number of students glibly used false admission slips and student body cards to gain entrance; some sneaked through back doors of the Gym.

The final disgrace was the careless waste of brown cards. Quantities of these cherished

but deadly IBM creations landed in wastebaskets, were trampled underfoot, or were crumpled up and thrown behind a stack of books in the Campus Bookstore.

The point of all this is very simple. We must adhere strictly to the elaborate and imperfect systems of the university. This we do in order to maintain a semblance of order, our defense against anarchy.

Anarchy, being a social deficiency, stems from one individual's denial of order and the rights of other individuals. We must not allow such deficiency at this university.

Flute-oboe faculty concert

Clayton Wilson, oboist, and Burnett Atkinson, flutist, will be featured in a faculty recital at 8:30 p.m. tonight in Campbell Hall to open UCSB's Spring Concert series. Janice Schmut-

zer, pianist and graduate student in music, will also perform.

Program of contemporary and Baroque music will begin with a Bach trio, "Sonata in G Major," and end with a trio by English composer Peter Racine Fricker, who is visiting member of UCSB's music faculty this year.

Mrs. Schmutzer and Wilson will play Gordon Jacob's "Sonatina for Oboe and Harpsichord" and Joseph Horowitz's "Sonata for Oboe and Piano Opus 3." Atkinson and the pianist will perform Francis Poulenc's "Sonata for Flute and Piano" and Ernest Bloch's "Two Last Poems."

Professor of music at UCSB, Wilson is founding member of the California Woodwind Quintet. The ensemble is made up of faculty members of schools, colleges, and universities representing all areas of the state.

Wilson also was a recent soloist with the Santa Maria Symphony, playing Sibelius' "Swan of Tuonela" in Santa Maria and at Vendenberg Air Force Base. In April, the oboist will fly East to play a series of concerts at colleges and universities with Irving Eisley, associate professor of music at Mount Holyoke College and a former member of UCSB faculty.

Atkinson, a lecturer in music at UCSB, has performed widely with such leading orchestras as the Philadelphia, Minneapolis, Chicago, and Los Angeles symphonies.

He also has accompanied the Ballet Russe de Monte Carlo

and has played in the orchestra for Paramount pictures. Atkinson has made numerous recordings with a number of distinguished conductors.

Placements given to teach abroad

Now is the best time to begin application procedure for foreign education positions. The Advancement and Placement Institute urges all American educators who are able to do so to take advantage of the many opportunities to teach in foreign lands.

CRUSADE, the annual International Issue, is especially devoted to foreign positions. This issue may be examined at most Deans' and College Placement Offices, University and Public Libraries. Also, it may be ordered from The Advancement and Placement Institute, 169 North 9th St., Brooklyn, N.Y. 11211 for \$3.00.

Panel talk offered

"Censorship" will be the topic discussed by faculty members tomorrow in a panel for the English Club. The meeting will be held in the Faculty Lounge at 8 p.m.

Panel members include Dr. D. Stuurman, English; Dr. Anderson, Poly Sci; and Dr. Wienpahl, Philosophy.

Study grants available

U.S. Office of Education has announced a program of awards to about 400 undergraduate college students for intensive study of 21 modern foreign languages during the summer of 1965.

Participating in the program will be 16 U.S. universities.

In California, UCLA is offering Swahili and Stanford is offering Chinese and Japanese. Application materials may be obtained from the respective institution and should be filed within two weeks.

For eligibility, a student must

be a U.S. citizen and have completed one year college work or equivalent in the language that he proposes to study. He must also agree to devote himself full-time during the summer study.

Benefits include tuition and required fees, travel expenses, and a maintenance allowance of \$400.

A list of other colleges and languages to study is available by writing the Office of Education, Dept. of Health, Education, and Welfare, Washington, D.C.

Committee needs members to plan

RHA Special Events Committee is now requesting help in planning the annual Push-Cart events.

Sign-up sheets are posted in the dining commons and the ASUCSB office. Students signing up will be contacted in two weeks for the first meeting.

For further information, call Chris Frantz at 8-5173 or leave a note in box 2127 at Santa Rosa.

Play try-outs set

Try-outs will begin in the Arena Theatre, 3-5 and 7-9 p.m. today, for G. B. Shaw's "You Never Can Tell." Students may continue to audition on Thursday from 3 to 5 only.

Continuing today are try-outs in the New Theatre for "A Midsummer Night's Dream" at 3-5 and 7:30-10 p.m.

Pinnings and engagements

Engagements

WORRELL-HOPKINS

Scharleen Hopkins, senior elementary education major, announced her engagement to Burt Worrell, senior analytical biology major, on January 4, 1965. He is affiliated with the Phi Sigma Kappa Fraternity House. They will be married in June.

BARMAN-CRANE

Jeanne Crane, senior, Elementary Education major, is

engaged to Bob Barman, senior Business Administration major and member of Kappa Phi Sigma Fraternity. He attends California State College. They were engaged over Christmas and are planning a June 19th wedding.

FLOREY-DUESLER

Pam Duesler announced her engagement to Tom Florey of Norwalk, who is a student of Long Beach State, in a candlelight ceremony, at Alpha Phi House, on Jan. 4. A June wedding is planned.

Pinnings

McCLAIRE-DINGLE

Janet Dingle, sophomore, announced her pinning to Bruce McClaire, USC junior pre-dental major and member of Phi Kappa Psi, at a candlelight ceremony Monday night in the Delta Gamma house.

BURTON-STARTT

Jan Startt, sophomore biology major, announced her pinning to Arthur Burton, a Phi Kappa Sigma pre-med major at Stanford, at a candlelight ceremony in the Santa Cruz Formal Lounge Monday night.

WOODWARD-CAIN

Cathy Cain, junior history major, announced her engagement to Dan Woodward, employed by Richfield Oil in Los Angeles, at a candlelight in the Delta Gamma House Monday night. The wedding is planned for July.

DU BOIS-HERMS

Judith Ann Herms, sophomore English major, announced her coming marriage to Dennis DuBois of Taft, California, at a candlelight ceremony Monday evening at the Sigma Kappa house.

DuBois is a junior business administration major at California State College in Fullerton. Following a June wedding the couple will complete their educations in Fullerton.

HULL-NICHOLSON

Kathy Nicholson, senior sociology major, announced her engagement to Blair Hull, senior math major affiliated with Sigma Alpha Epsilon, at a ceremony at the Chi Omega sorority house.

The couple plans to be married in the Church of the Wayfarer, Carmel, on June 26.

MAY-WISE

Susan Wise, freshman biology major, announced her engagement to Don May, graduate student in chemistry, January 6 at a candlelight ceremony in the Santa Cruz Formal Lounge.

The couple plans to be married in July.

McCUBBIN-DYKSTRA

Judy Dykstra, senior economics major, announced her engagement to Don McCubbin, also a senior economics major, at a candlelight ceremony December 17 at the Delta Zeta sorority house.

Grant available

Home Economics students who will be in Upper Division next semester, and have at least a 3.0 grade average, are eligible for a \$400 scholarship awarded by the Whittier Home Economists.

For further information contact the Home Economics department. Deadline for applications is March 1.

Coeds in contest

UCSB will send a representative to the "Ten Best Dressed College Girls of America Contest" sponsored annually by Glamour magazine, for the first time this year.

AWS is handling the competition and receiving nominations from any clubs, campus or off-campus living groups, or students. The contest will run from now until Wednesday, Feb. 17.

Nominations may be turned in to Ann McKenna's box in the AS Office or phoned in to 85340, or 86520.

Berg aids congressman

Congressman John R. Schmidhauser (D-Iowa) began his first term in the U.S. House of Representatives last month with UCSB doctoral candidate Larry Berg as one of his aids.

As an undergraduate student at the University of Iowa, Berg met Dr. Schmidhauser, professor political science and constitutional law.

In Washington, 25-year-old Berg will work with various issues, hoping to be given the opportunity to devote special attention to agricultural and labor problems. Meanwhile, he plans to continue to work on his Ph.D. dissertation for UCSB.

Conference slated

An opportunity for graduating seniors of western colleges and universities to meet job recruiters from major corporations is being offered by the American Marketing Association's Northern California Chapter, on March 25-26, at the Sheraton Palace Hotel in San Francisco.

The conference, called IN-TRO, Industries New Talent Recruiting Organization, is open to all men and women graduating seniors and graduate students.

It will bring together corporate talent scouts and hundreds of students graduating in 1965 who want to investigate job opportunities in all phases of business.

During the past year and a half at UCSB, Berg has held a National Defense Education Act fellowship and this year served as a teaching assistant in the political science department.

His long-range goal is to teach on the college level and perhaps run for public office.

Deadline released to submit budgets

All Associated Students sponsored committees and organizations requiring funds for the 1965-66 school year are requested to submit an itemized budget to the A.S. Finance Committee by no later than March 5, 1965.

Budgets submitted after that date will not be considered. The budgets will be dated so that those submitted first will be considered first. Any changes from past budgets should be accompanied with a statement of justification.

If problems arise in budgets, contact Kris Giebler in the A.S. Business office on Monday, Wednesday, or Friday from 1:00 to 3:00, or by appointment, or the bookkeeper in the A.S. Business Office.

Budgets should be placed in the Finance Committee box in the A.S. Office.

Program extended

Two new courses have been added to the Summer School Schedule to help those students who wish to complete their teaching credentials.

Courses offered now include Mathematics 38 and English 106G. Further information and application forms may be obtained from the Office of Summer Sessions.

Faculty members study in Europe

This spring semester five of UCBS's professors are "researching" for greener pastures at other universities in our country and in Europe.

EISBERG - PHYSICS

Dr. Robert M. Eisberg, professor of physics, has received a fellowship from the British government to conduct research during the spring semester on the structure of nuclei. He will be located at the Rutherford Laboratory near Oxford, which is part of the British Atomic Energy Commission.

DAVENPORT - BIOLOGY

Professor Demorest Daven-

port, Chairman of the Department of Biological Sciences, will spend the spring semester at Harvard University as a visiting investigator.

SESONSKE - PHILOSOPHY

Dr. Alexander Sesonske, associate professor of philosophy, has been invited to spend a month at the Villa Servelloni in Bellagio, Italy. His stay at this scholar's retreat will be financed by the Rockefeller Foundation. Dr. Sesonske will be working on research regarding the function of drama in Plato's dialogues.

GOTTSCHALK - GERMAN

Dr. Gunther H. Gottschalk, assistant professor of German, during his sabbatical leave from UCSB will engage in a research project of collecting dialect samples from middle-class professional people in various regions in Germany and comparing these dialects with standard German. This research will be conducted in conjunction with Professor Pierre Delattre.

GILLESPIE - MUSIC

During his current 11-month sabbatical leave in Europe and the Middle East, Dr. John Gillespie, professor of music, has made what he believes to be the most complete recordings of Coptic music in the world while staying in Cairo.

REYNOLDS-ADMINISTRATION

An administrator in the news is Dr. Lyle G. Reynolds, dean of students, who attended President Johnson's National Conference on Poverty in the Southwest held in Tuscon on Monday and Tuesday. Dean Reynolds is also a member of the Santa Barbara County Action Committee, which will recommend steps to implement the features of the Economic Opportunity Act in this county.

GEIRINGER - MUSIC

Just returning from Washington, D.C. is Dr. Karl Geiringer, professor of music. In Washington he was elected to the executive board of the College Music Society.

Meetings

COLONEL'S COEDS

Colonel's Coeds will meet tomorrow at 4 p.m. in the ROTC building to discuss plans for the forthcoming Military Ball.

ED AFFAIRS

Arrangements for the "Author of the Year" will be discussed by the Educational Affairs Committee on Tuesday, Feb. 16, at 4 p.m. in the S.C. Formal Lounge. All interested students are welcome to attend.

KCSB

KCSB-FM will hold a mandatory meeting for all staff members tonight at 7:15 in SH 1131. Program and policy changes for the coming semester will be discussed.

Anyone wishing to learn more about KCSB-FM is invited to attend. The station has immediate need for news writers and reporters--both for campus and national news.

NEWMAN CLUB

Newman Club will meet in St. Raphael's Parish Hall Sunday after 5:30 p.m. Mass. Buses will leave the Student Union patio at 5 p.m. and will return after the meeting.

NOON FORUM

Noon Forum will be held tomorrow at the University Religious Conference building from 12-1 p.m. Dr. Joseph W. Mathews will discuss "The Scientific Revolution."

SCUBA

Scuba Club will meet Friday from 8-10 p.m. in SH 1116.

SKI

Ski Club will meet tomorrow at 8 p.m. in North Hall 1006 to discuss plans for future ski trips.

AS SOCIAL

AS Social Committee will meet tomorrow at 8 p.m. in the SU Quiet Lounge to discuss the Beachcomber's Dance.

SPEAKER'S BUREAU

Speaker's Bureau will have a mandatory organizational meeting in the Quiet Lounge today from 7-8 p.m.

Steve Abbott should be contacted at 8-9103 if attendance is impossible.

XGI

Chi Gamma Iota, the Veteran's Club, will have a pre-party meeting at the S.U. noon, tomorrow. All members and interested ex-servicemen are welcome.

New courses set

Three spring semester extension courses have been added in the engineering department.

Dr. Rich A. Makoula, Asst. Professor of Engineering, will lecture on "Heat Transfer" (XSB 153), Mondays 7-10 p.m. in Art 1250.

"Linear Systems and Solutions by Transfer Methods" (XSB 181) will be taught by Dr. Clive D. Leedham, Tuesdays 7-10 p.m. in NH 2204. Lecturing on "Thermodynamics" (XSB 105) from 7-10 p.m. Thursdays in the Art Building will be Dr. Otto Wittzell.

Students should enroll at the first class meeting or contact Extension in Building 427.

Linguists meet

German and French language tables will be resumed in Ortega Dining Commons Wednesday, Feb. 18, at 5 p.m. The first meeting will be to discuss whether or not special activities will be included during the semester.

PACIFIC BRINGS DOUBLE TROUBLE

Cagers battle tall UOP

Giant-sized basketball will try out the Robertson Gym back-board tonight, when the University of Pacific "Tigers" tangle with UCSB's Gauchos. The game is scheduled to start at 8 p.m.

Pacific is the sole owner of second place in the West Coast Athletic Conference at this point. By virtue of its late Saturday night victory over the University of Santa Clara, 64-62, it pushed Santa Clara one rung lower.

Center Keith Swagerty at 6'-7" and forward Bob Krulish at 6'-6" give the Tigers inside power pointwise and rebounding. Both are Sophomores.

Swagerty was the second leading rebounder in the United States before last weekend's games. He had been averaging 21.7 rebounds a game. Krulish does most of the shooting, while Swagerty gobbles the garbage and regurgitates it for two points.

Guard Art Gilbert has worked hard to take charge of the team. He sets up the plays -- many off a double post -- and can hit from 20 to 25 foot jump shots.

The job of stopping this potent trio will fall to such players for UCSB as forwards Tom Lee and Russ Banko, centers Steve Fruchey and Dick Kolberg, and guards Gary Gaskill, Dwn Cobb, and Hal Murdock.

Banko is rapidly moving up on scoring leader Tom Lee. Lee currently holds a 16.6 average with 283 points, while Banko has 278 points for a 16.4 mark. Banko has been hitting at a

45.5% clip, to lead Lee, who has made 109 of 285 field goal attempts for a 38.2 percentage.

Although Banko has been bothered by an inflamed elbow, he is expected to see action tonight. He leads UCSB in rebounds with 136 and in freethrow shooting with an 87.3 percent mark.

In his 27 point effort against Pepperdine, Banko helped in fouling out Wave stars Roland Betts and Nathan Bender. Krulish and Swagerty are considered stronger and better offensively by many league coaches.

Guarding Gilbert was done most successfully in WCAC competition when Santa Clara's outstanding pair--Mike Gervasoni and Eric Paulson--succeeded in forcing Gilbert into four fouls in the first half, and to foul out early in the second half.

Sophomore Gaucho Dick Kolberg is expected to see a good deal of action also. With 12 points in the Loyola loss, Kolberg appears to be hitting the stride which made him the second leading 1962-63 Gaucho scorer, behind John Peterson.

Along with Steve Fruchey, who has a rebounding average of 5.3, Kolberg may be necessary to give the Gauchos more shots. If the difficulty in getting rebounds found at Loyola recurs, the Gauchos could be in trouble.

SAE's lead intras

GBAC rolled to another victory in intramural basketball before finals. This time it was for the all school championship. The strong independent team whizzed by the SAE's 42-31.

During the first quarter the SAE's battled with vigor to keep the contest close. But the rest of the game belonged to GBAC's starters as their reserves didn't see action until the fourth quarter.

Bob Duggan held the SAE quintet together by scoring from all distances. He was aided by Mike Erne and Mike Raffanello. Still they were no match for the GBAC trio of Kauth-Fisher-Aster.

The runner-up teams had some top performers also. Navajo (Anacapa) was led by Don Kolstad and Sammy DeSilva. Meanwhile Steve Hardy and Phil Romney paced Cypress (Las Casitas) to its consolation spot. El Dorado-Madera (San Miguel) had Rod Keener for a nucleus.

ATTACK CAL POLY

Pomona vs. Gauchos

While the Gauchos host Cal Poly (Pomona) in a mat fracas tomorrow afternoon at 1 p.m., the Gauchos matmen journey to Westwood for a meet with UCLA's Brubabes at 7:30 p.m.

In its last action over the weekend, the Gauchos were defeated by a host UC Davis squad, 22-13. Only winners for the UCSB wrestling team were Dennis Fukumoto by forfeit, Ed Weiss by decision, and John Brigham with a pin.

Brigham's pin came in the first period and marked his second straight win in the last two meets. Jim Coward was the only Gaucho to lose by a close margin.

He was defeated in the Un-

limited division by a 4-3 decision as Larry Husted decisioned him. Husted finished 2nd in this weight at the All-Cal Meet in 1964.

Doug Leigh-Taylor lost by a 3-1 score. This was the second match for his after injuring a rib in practice practicing with Gary Bianchini.

Gaucho Bianchini and his teammates journey for a return meet with the UCLA Freshman. In their first meeting, the Gauchos walloped the Brubabes-22-8.

Sports News

Moving to the faculty lounge, the UCSB Chess Club resumes practice for its second semester meets this week. It meets from 12-2 p.m. COG's meet at Stockdale's tonight - 6:30.

All writers interested in competing for the EL GAUCHO Outstanding Sportswriter Award must submit 10 articles to the EL GAUCHO Sports Section during the Spring Semester. Winner will receive \$25. Judges will be the Sports Editor and the EL GAUCHO adviser.

HILES LEADS

Gauchos play Metro

Attempting to regain the victory track, the Gauchos match talent with visiting Metropolitan College of Los Angeles tonight at 6 p.m. in Robertson Gym.

With its three game win streak ended at Loyola Saturday, the Gauchos brought their record to six wins and eight losses. During the recent series of games John Hiles moved ahead of Steve Rippe in their scoring duel. Both had 15.4 averages, while now only Rippe has a 15.4. Hiles has hit one more basket for 218 points and a 15.6 average.

Hiles also leads in rebounds with 151, while Rippe has 113. Team leader is Charlie Hess, with 159 from his center position. Rippe does lead the regulars in field-goal percentage, with a 46.2 percent mark.

Coach Barkey has been using Bruce Williams and Bruce Kegley at guard, although it is reported that Kegley is hurt.

"You Meet the Nicest People on a Honda"

Stoll's Shorts

by BOB STOLL, Sports Columnist

With the spring semester come 7 new sports: golf, tennis, swimming, baseball, volleyball, gymnastics, and track. Basketball and wrestling are still going, and in no time at all the gridgers will be fitted for their spring warfare.

Of all these sports, the swimmers seem to hold the best chances for national recognition. They have top rate sprinters and a well-balanced team. In order to help foot the bill for their projected trip to the Nationals back East they are putting on a dance on Saturday, February 20. It should be a good affair, and the money is going for a worthy cause.

BILLY MILLS AND THE BANQUET CIRCUIT

After Billy Mills, Olympic 10,000 meters champ, dropped a couple of two mile races on the boards, everybody blamed his losses to the banquet circuit he traveled after the Olympic Games. They don't seem to realize that 10,000 meters is over 6 miles.

It takes about 29 minutes to run the 10,000, and about 9 minutes to run two miles. It all boils down to just one thing, the two mile isn't Mills' best distance.

He might not have been in top shape, and in fact he said he wasn't, but I don't think he could beat George Young at two miles if he was in the shape he was at Tokyo.

Before finals, swim coach Mike Schiesel conducted some informal time trials with some startling results. With nobody swimming with him, Don Roth clocked 21.9 in the 50 freestyle. That's 1 second off the world record and two tenths of a second better than his all-time best. Terry O'Connor stroked to a 23.0 time in the 50; his best is 22.8.

REILLY AND WILSON

Jack Reilly, Santa Monica City College's Jay-Cee All-American quarterback was looking over the campus a short while ago, but he evidently decided to go to Long Beach State. At Long Beach they can offer him money, an easy academic life, and a team that is destined to be great in 1965.

Paul Wilson, Warren High's 16 foot pole vaulter toured the Santa Barbara campus with track coach Sam Adams over the semester break. Making no commitments at such an early date, Wilson was merely interested in seeing the campus. It is pleasant to know that Santa Barbara is now attracting the attention of some of the really big names in sports.

The Basketballers are sure having their problems this year. They played a fine game against Stanford, and in their next outing they dropped a decision to a miserable University of San Diego quintet. Maybe injuries are the answer. Dick Hallet dislocated his knee and may be out for the season. Russ Banko has an inflamed elbow, and Howie Demmelmier is nursing a sprained ankle.

YEARLING GRAPPLERS

Jim McMahan, a former Gaucho footballer and wrestler, is now coaching the Freshman grapplers. In his sparetime he works for his degree in Philosophy. Jim's credentials are long and impressive. He has been in the mat game for seven years, two of which were spent here at U.C.S.B. In 1963 he took second in the C.C.A.A. Championships at 177 pounds, and the following year he won the All-Cal title at a hefty 191 pounds. (More next week).

Bears challenge Bruins in All-Cal tennis

Returnees lead Berkeley charge

"Sparkling tennis talent representing some of the foremost college competitors in the country gathers on the UCSB campus this weekend, when the Gauchos host the third annual All-Cal tournament to launch the 1965 campaign," stated UCSB Sports Information Director Donn Bernstein recently.

Among the stars is third ranked tennis player nationally--Arthur Ashe of UCLA. No drawings have been made as to the time of his matches, but they are expected to be available by Friday.

Ashe is also the first Negro to play on a United States Davis Cup Tennis Team. His Bruin teammate, Dave Sanderlin--20th in the US, will also play along with Dave Reed--ranked 22nd.

The Bruins have been run-

NETMAN prepares for All-Cal

ners-up in the NCAA National Championships the last three years, and are expected to win this year with the graduation from the University of Southern California of Raphael Osuna and Dennis Ralston.

NEW ZEALAND CHAMP

Bruin coach and Athletic Director--J.D. Morgan--will have New Zealand's second ranked player Ian Crookenden in his assault force. Crookenden has represented his team in the Davis Cup competition for the last five years and is considered a strong left-hand player.

Berkeley's Bears are also expected to have some strong players. After finishing fifth in the NCAA tournament last year, six of eight members of that team return.

BEARS TOUGH

Leading them will be Doug Sykes, Barry Baskin, Dick Abramson, and George Fareed. After finishing second for the past two years, the Bears will be out to repeat or possibly better this performance.

Riverside and Davis bring somewhat unknown quality teams to the tournament. Both are expanding their programs and will fight for third and fourth places--along with UCSB.

The Gauchos have finished third for three years and lost their main mainstays--Lee Reid and Don Gaynor--by graduation last year. As Gaucho Tennis coach Ed Doty noted, "Last year the Gauchos rolled up an impressive 20-6 team record . . . it's going to be a tough mark to beat this year."

SHOULD I HAVE ACCIDENT AND HEALTH INSURANCE?

We believe it's every bit as important for the woman of UCSB to have this important protection as her male classmates. Just consider the added expense if you should unexpectedly become ill or injured.

Dr. Rollin W. Quimby, director of the University Summer Program, and Mrs. Quimby will be host and hostess. Assisting in the reception are Miss Kathleen Crandall and Anthony Shih, alumni of the 1963 Summer Session program, and Jeffrey Foster, who served as recreation assistant in the 1964 session.

More than 150 summer session alumni were on campus in the fall semester. Due to moves and changes of address invitations may not be received, but all summer students are welcome. Summer resident assistants, recreation assistants, discussion groups leaders and instructors are urged to attend.

Guests at the Thursday reception will be Dr. and Mrs. Lewis F. Walton, and Dr. and Mrs. Upton S. Palmer. Dr. Palmer was the first director of the program. Other guests will include instructors, advisers, deans, and those who assisted with the program.

All those who wish to attend are asked to contact the Summer Session, extension 3191 or 2275.

Artist dancer perform tomorrow

Charles Weidman, dancer, and Mikhail Santaro, artist, will present "An Expression of Two Arts" in a program of dance tomorrow at 8:30 p.m. in Campbell Hall.

Tickets for the performance are available at the Campbell Hall Box Office and at the Lobero Theater Box Office. Price for faculty, students, and staff will be \$1, general admission will be \$2.50.

Introducing the program, the two artists will perform "The Dancer Dances, the Artist Draws" to music by Corelli, followed by Santaro's presentation of "Calligraphy of the Dance" and Weidman's "A Letter to Mrs. Bixby, or A Portrait of Lincoln."

Weidman also will perform "Suite Intriga", a fourpart work

to music by Mozart; Santaro joins him to present "A Chinese Actor Prepares for the Role as the God of War" to a Stravinsky composition.

Charles Weidman has been hailed as one of the three major exponents of American dance. His original work was as a member of the famous Denishawn Company. Along with Martha Graham and Doris Humphrey, Weidman left the company to perform experiments which later were to become known throughout the world as the basis of modern dance.

Weidman won his reputation essentially in the field of comic

dance, though his career has spanned the entire period of development of modern dance.

Soph movie set

"The Mouse that Roared", in color, and starring Peter Sellers and Jean Seberg will be shown Friday, Feb. 19, at 6 and 9 p.m. in Campbell Hall.

Tickets for the sophomore class-sponsored movie are 50¢ per person and will be available at the AS cashier office next week. Tickets will also be sold at the door.
