'Sea Weed' Tangle Tomorrow Night

Octopuses, sea horses, and a desert island will be seen tomorrow night, Saturday, March 8, at Rockwood when the Chi Delta Chi sorority will hold their "Sea Weed Tangle." Dancing to Tino Martino's orchestra will be from nine until twelve o'clock. Dress will be strictly sport and admission will be one dollar and twenty cents per couple, according to Miss Connie Peugh, publicity chairman for the dance. The dance has been set for this hour in order that couples may come up in plenty of time after the fights or an early show.

PROFITS FOR PIANO

This is the first presentation of a dance which the Chi Delta sorority hopes to establish as an annual masquerade ball. Any profit obtained from Saturday's music fest will be used in purchasing a piano for the Chi Delta Chi sorority house.

BUFFET DINNER

Before the dance, sorority members and their dates will attend a closed buffet supper at the Chi Delta house. Miss Patty Peryl Meairs and her committee are in charge of the dinner.

Refreshments at the dance, in the form of cokes, will be made available by chairman Beverly Small and her committee which includes Barbara Abbott and Tina Sanchez.

SHIPWRECK ATMOSPHERE

The decoration committee, delegated to carry out the ship-wreck motif, is headed by Bonnie Jo Sly and includes Barbara Abbott, Naomi Dyer, June Hellweg, Marion Nelson, Nora Skells, Jane Wright, and June York. All sorority members will help with the actual decorating.

Publicity chairman for the event is Connie Peugh, whose staff is comprised of Jean Goble, Mary Lew Lewis, Marion Nelson, Bonnie Sly, and Jean Wright.

Sponsors for the dance include Mr. and Mrs. W. F. Haight, sorority sponsors, L. E. Chenoweth, A. B. Barnett, and the patron and patroness of the Chi Delta Chi sorority, Mr. and Mrs. D. H. Schawer.

Harold Martin Resigning SBC Publicity Post

After six years of service as director of publicity for Santa Barbara college, Harold Martin has entered his resignation which will be effective March 15 according to Bill Russell, graduate manager.

Due to illness in the family and a need for a change of climate, Martin will move to Oakland and as yet his plans for a future position are indefinite. "I have enjoyed working here and dislike the thought of leaving," Martin stated.

HELD POST AT SFSC

Before coming to Santa Barbara, the former newsman was publicity director at San Francisco State college for eleven years, part of which time he attended the college as a student. Also he had been a special correspondent for the United Press.

Since arriving at Santa Barbara college in 1941, Martin has handled all college publicity, and has acted as advertising manager, photographer and was graduate manager for three years while Russell served with the Red Cross. Also in 1944, Martin taught a class in journalism.

RUSSELL EXPRESSES REGRET

"It is with deep regret that we accept Hal's resignation," stated Russell. "He has served the associated students in many capacities and it will be no small task to find a replacement quite as capable," he added.

At the present time, Harry Brumbaugh has been employed as advertising manager for El Gaucho. The positions for publicity director and photographer are still unfilled.

Delta Sigs Hold All-Greek Social

Pi chapter of Delta Sigma Epsilon, AES sorority, has announced plans for an open house to be next Monday night. The social affair will be held from 8:00 to 10:00, following the weekly sorority and fraternity meetings. Greek organizations on campus and the sponsors of these groups are being invited to attend and be shown the sorority house at 1567 Oramus road.

Trudy Doerr, president of the Delta Sigs, has also announced a social evening tonight, from 8:30 to 12:00. The affair will be closed, and bridge and dancing will make up the evening's entertainment.

X-Ray Veterans Presented With New Bangle-pins

During the next week there will be several women's organizations soliciting throughout the campus with the question "where is your bangle pin?" It is important that this "bangle pin" movement become an all-out campaign for campus well-being, and only a short time is necessary to insure the program's success.

All persons who have undergone a free chest X-ray examination during the program on the campus will be given a bangle pin—a small red, double-barred cross, symbolizing the fight against tuberculosis. Those who have already had their X-rays taken and don't have a pin are asked to contact the unit and receive theirs.

EXTRA WEEK

Since many have not been able to avail themselves of this service due to schedules or conflicting classes, the Santa Barbara Tuberculosis and Health association has arranged to keep the X-ray unit on campus for an additional week, March 10-14, with appointments from 9:00 a.m. to 4:00 p.m.

Dr. Glenn Durlinger, chairman of the Student Health and Welfare committee, Dr. Wilfred T. Robbins, director of the Student Health Service, and Dick Briens, president of the student body, in conjunction with the Tuberculosis association, cordially invite and urge all students on the campus to join in a 100 percent participation. The example set here will be a precedent for the people of Santa Barbara county to follow.

READINGS

The "reading" of the film will be conducted by Dr. Laren F. Busby, of the Tuberculosis case-finding committee. All reports will be strictly confidential. Students will receive their reports through Dr. Robbins of the Student Health service; faculty and employees directly from the association.

The location of the unit is in the garage of the Home Management house, facing El Encanto hotel on Alvarado road, directly below the faculty dining room.

Pan-Hell Begin Student Rush

A meeting of the Panhellenic board was held February 26, at the Chi Delta Chi house for the purpose of completing rushing plans.

Rushing will begin on March 10 when invitations will be issued in the student mailboxes for the first events, which will be held through the week of March 17 to 23.

Each sorority will hold its informal open house on Tuesday, March 25, and rushing will culminate in the preference dinner and pledging ceremonies to be held the last weekend in March.

Sorority eligibility is, according to the Panhellenic constitution, dependent on having achieved a "C" or better average in fourteen units of work in one semester, and a total scholastic average of "C" or better.

If at the end of the pledging period, a "C" average is not maintained by pledges in current college courses, they will not be eligible for initiation.

Russian Farce Chosen Spring Production

Dramatics control board this week chose to produce the Russian farce "Inspector-General" by Nikolai Gogol for the spring term production.

This popular comedy is written to poke fun at the civic officials of Russia.

Tryouts for the cast will be held by Mr. Palmer, new director, in the auditorium this afternoon from 2:00 to 5:00 p.m. All members of the student body are invited to participate.

POSITION OPEN

Students interested in serving as representative-at-large on the Finance Committee should contact ASB President Dick Briens before next Tuesday noon.

CALENDAR OF EVENTS

Today—
C.C.A.A. Winter Carnival
8:30-10 p.m.—Delta Sigma Epsilon party (closed)
12-1 p.m.—Noon Time Table Tennis
Alpha Theta Chi at the College Cabin

March 8, Saturday—
Student Body dance sponsored by Chi Delta Chi

March 9, Sunday—
4-5:30 p.m.—Elementary Dept. informal get-together
Kappa Delta Pi at the Gamma Delta Chi house

March 10, Monday—
5 p.m.—Charter Day committee in the AWS room
12-1 p.m.—Noon Time Table Tennis
7:30 p.m.—Sorority meetings
7:30 p.m.—Fraternity meetings
7:30 p.m.—Beta Sigma Chi in the AWS room
8:30 p.m.—Delta Sigma Epsilon open house for all Greeks

March 11, Tuesday—
4 p.m.—Activities Control Board in the AWS
11-1 p.m.—Noon Time Table Tennis
7 p.m.—ASB Council meeting at Ridge Hall
7:30 p.m.—Square dance for all campus by WAA in Women's Gym
Kappa Delta Pi at the Gamma Delta Chi house
Junior League Follies at the Fox Arlington theater

March 12, Wednesday—
7-9 p.m.—Home Economics club in the AWS room
7-9 p.m.—Chi Alpha Delta
7:30 p.m.—Board meeting of AWS
7-9:30 p.m.—Women's Physical Education
8 p.m.—Ad Club party at 428 E. Islay

March 13, Thursday—
4 p.m.—Meeting of all pledges
4:30 p.m.—Faculty meeting in Oak Hall, room 100
12-1 p.m.—Noon Time Table Tennis
7:30-10 p.m.—Band Jamboree in the Auditorium
7 p.m.—Alpha Phi Omega
7:30 p.m.—Social Committee

Active members of the Five Footers' club celebrated the presentation of their new pledges when they formally introduced Alyce Blue, Esther Corona, Winni Hoag, Barbara Klee, and Athlene Nichols at dinner at the Biltmore hotel Sunday evening, March 2.

Pledging and informal initiation rites took place Wednesday evening, February 26, at the home of the president, Joan Yulo.

Active member Rosamond Meyer, who is leaving for Hawaii, soon to continue her studies at the University of Hawaii, was guest of honor at the club meeting last Wednesday night, which was held at the Paradise camp cabin of Mr. and Mrs. Haider.

IMPORTANT! La Cumbre Pictures

Appointments for La Cumbre pictures must be made during the next week if they are to be included in the yearbook. The following officers and members are urged to make appointments with Zane's studio immediately:

Members of honorary fraternities.
Officers of clubs.
Officers of departments.
Senior graduates.

The following pictures will be taken today in the quad. These will be the only appointments made for these groups.

1:00 p.m. Election committee.
1:15 p.m. Assembly committee.
1:30 p.m. Press control board.
1:45 p.m. Publicity committee.

Jones Granted Leave For Graduate Study

Dean Jones will bid farewell to the student body on March 15 when he will depart for Stanford University to complete requirements for his Ph.D. degree.

The leave of absence granted him will extend to September 15 at which time he will resume the position of Dean of Men which he has held since 1937.

During his four years in the Navy, serving as a commander, he was stationed in Newport, R. I., Washington, D. C., and overseas. He received a citation for "outstanding service" in planning the reorganization of the Naval Personnel Bureau's training program.

Dean Jones' successor has not, as yet, been officially announced.

Freshman Executives Plan Class Dance

The Freshman class dance will be held at the Recreation Center Friday, March 28, with music by Herb Fredlund and his band. The theme of the dance, which promises to be sensational, is entitled "I've Heard That Song Before." It is a song title dance and each couple will represent some song, old or new.

Fellows can get out their khaki to go with their girls in lace, and some "Gal in Calico" might run stiff competition with a "Sophisticated Lady." There are as many ideas as there are song titles and all Gauchos should dream up super themesongs, because there are to be prizes for the best couple and the most outstanding costumes.

Officers of the freshman class are Richard Norton, president; John Boettner, vice president; Barbara Bruner, secretary; Jerry Terres, treasurer; Evelyn Benning and Wendell Kirk, representatives to council; Carolyn Blair, social chairman; and Nancy Roth, social chairman; and Jan Fitts, publicity chairman.

Dr. Harry Girvetz, professor of philosophy and sociology, is freshman class sponsor.

Frat Heads Serenade Gaucho Radio Audience

Feature of the Gaucho Serenade radio show this Monday night at 10:30 p.m. over station KDB will be interviews with the presidents of the fraternities of the campus. Telephone requests for musical numbers on the program are accepted during program time, or may be requested at the El Gaucho office.

Weekly features including prize contests and campus news will be continued on this week's show.

'MAESTRO NIGHTMARE' HITS RIVIERA CAMPUS MARCH 13

Weird dreams and fantasy have been set to music in the form of "The Maestros Nightmare", a tuneful, zany musical show planned for March 13, 8:15 p.m., in the Riviera campus auditorium. The theme of the student production is based on a bandmaster's nightmare that takes the audience through a colorful dream sequence ranging

Final Touches Set for Dance Production

Now in the final stages of being rounded into perfection, the Ninth Annual Dance Concert production of the University of California, Santa Barbara College, entitled, "Dance We Must", will be presented to the student body and general public Friday and Saturday evenings, March 21 and 22, in the Santa Barbara college auditorium.

This concert will commence with the earliest forms of music, gradually bringing the listener through the evolution of its history to the present modern form.

STUDENT PRODUCTION

A student production under faculty supervision, the concert is one of the year's most important projects for the women majoring in physical education. Composed of members of the Dance club and dance composition class, the students have been avidly working for some months on the dance itself and, also, planning the all-important choreography.

Each dance is under the direction of one student who acts as leader of the group in composing the dance, enabling an opportunity for creative expression through dance movement. Moreover, in doing this program, there is some traditional style from which the student works in attempting to capture the spirit of that particular time through her dance composition. The development of dance is traced up to our contemporary time; in doing this, the modern dance is treated as a way of communicating the dancers' beliefs concerning our modern times and customs.

COMMITTEES

The committees were formed, and each started on its specific job, under the general chairmanship of June Hellweg. Mary Lou Lewis and Jane Motter, in charge of costumes, have started the dyeing, fitting, cutting, and sewing which is involved in costume construction. The stage committee, under B. J. Winslow's direction, will assist with the property, sets, and lighting. Working with her group in publicizing the production, is Virginia Goble, publicity chairman. Doris MacDonald is in charge of the ticket sale. Miss Jean Bellinger supervises as faculty director. Tickets are 60c and 90c.

DIRECTORS ATTENTION!

Applications for the position of director of Roadrunner Revue, Gaucho musical show, should be placed with either Dick Briens, ASB president, or Jim Micko, rally chairman, immediately. Director will write, direct, and produce the annual spring show.

Elemeds Entertain Lower Campus Majors

A gambling den motif will be the theme of a party for all I.E. majors to be given by the elementary department on Sunday, March 9, from 3:30 until 5:30 p.m. at the Music Hall. There will be card games, bingo, and a roulette wheel, while a bar will provide milk, coffee, and chocolate cake. Dancing and door prizes are also planned, according to Peggy Wells, general chairman for the event.

Faculty guests will be Mr. and Mrs. E. E. Ericson, Mr. and Mrs. Ralph Nair, Dr. and Mrs. William Hayes, Dr. and Mrs. Monroe and Mr. and Mrs. Louie Taylor invited guests, and Miss Loretta Byers, head of the elementary department.

Face cards to serve as name tags will be distributed by the hostess committee under Alice Joy Chard. Decorations, handled by Dorothy Eichelberger, will include checkered table cloths, and candles placed in wine bottles. Adelaide Mostachetti is in charge of refreshments, clean-up is under Marjorie Hathaway, and Eleanor Zankich will handle games. Frank Hodgson, president of the elementary majors, is the publicity chairman.

Yacht Club Plans All-College Dance For SBC Students

The Gaucho Yacht club, college low-cost sailing organization open to students and faculty, met Wednesday evening to accept applications from prospective members, and to plan completion of its new boathouse and arrangements for its all-college dance set for April 11. Persons new to Santa Barbara college may obtain details of the organization from Coach Terry Dearborn, office 12 in West hall, Jacob Hansen in the art department, or Commodore Wally Cole.

A work party will be held tomorrow morning, March 8, from 9 to noon and 1:00 to 4:00 p.m. at the new boathouse, located between the nursery and the west gate of the stadium on the Mesa campus. All members and applicants for membership are asked to turn out to help level the boat yard, nail down the roof and prepare the walls for stucco.

Norine Fidler is chairman of the social committee preparing for the club's dance which will be held at the Recreation Center, April 11, on the shipwreck theme. Of special interest at the dance will be the exhibit of the first to be completed of the new design, ten square meter, racing sloops, eighteen feet in length, to be completed by club members.

Ed Morris Elected Delegate to Council

Filling vacancies made by class officers failing to return to college this semester, Betty Maher, former vice-president of the sophomore class, succeeded Cuppy Wallace as president, and Ed Morris was chosen by the class executive board to act as the new men's representative at a meeting held last Tuesday noon. Mr. Morris will replace former delegate Wes Gray on the student council.

The board acted with the approval of the council which passed an emergency provision at a meeting held February 26 to have the executive boards of the respective classes of the student body appoint representatives to fill posts vacated by students leaving the campus.

EDITORIAL

(Reprinted from El Gaucho March 8, 1946)

In an effort to replenish and preserve the natural resources ravaged through the toll exacted by all-out war production, the California Conservation Council has set this week, March 7-14, as California Conservation Week.

Few native Californians are aware of the fact that in their state are areas which have proven to be the driest, the wettest, the sunniest, the foggiest, and coldest, the hottest, the lowest, the highest, the flattest, the most rugged, the most fertile, and the most alkaline land in the United States. In view of this diversity of character throughout the state, it is of considerable importance that special efforts be made to preserve and save what resources have survived the exploitations and waste of war.

Each day during the week is being devoted to a special phase of the conservation program, covering the particular resources of the state which face the most critical shortage, in some cases to the extent of near extinction.

Today is designed as bird and tree conservation day. Tomorrow is set aside for reeducation and reminding each resident of the state of his or her responsibility in the prevention of forest fires, the worst obstacle to conservation. Care in smoking habits when in the state's forests, and co-operation in fire prevention to safeguard timber, watersheds, grazing and farm lands and wild life is of utmost importance at this time. Tomorrow's program concerns "plugging" state clean-up campaigns and recreational area beautification plans. Sunday, the importance of conservation in the life of a community is to be emphasized.

During the following week, such problems as safety practices on the farm, and in the home, in conserving the soil, increasing food production, the critical shortage of water and its effects on the future supply of fish and game, and the considerable danger faced in the total loss of California's mineral and oil supplies, which are not renewable, will be considered in turn, and possible solutions suggested.

On the final day, a general overall consideration of the ways in which each individual can actually gain in health and efficiency by strict observance of conservation practices each day will be made.

In defining their use of the word observation, the Council describes it as "an attitude of mind, and a way of living. Learn why and how, then do things the right way; it's easier, safer, and much more profitable."

Tom Lyle

QUIBBLES

Well! the first week of the spring semester is here and gone again, almost as fast as my last bottle of scotch; though the material is quite different, the results are similar, both leaving you in a state of utter confusion.

After seeing all the freshmen, who come to this college to major in alibology, going through the health line last week, which incidentally, I also went through some four score and twenty years ago, I decided to dedicate this week's column to the poor, lowly creatures. It isn't that the examinations are so hard or so tiresome

CRAX ON WAX

Art Lund, one of the Gaucho's favorite vocalists, will definitely do no more recording with Benny Goodman. The ex-wrestler will be seen in movies in the near future. If all reports are true, A. L. will record a side with Harry James. We can only pray this affiliation will not be permanent. Why bury a terrific style like this under circus music?

For thirteen weeks this summer, music lovers can once again go to the Coconut Grove. Freddy Martin is going to do a theater tour. Don't make your plans to spend too much time there yet—the Grove management will undoubtedly import somebody of the Guy Lombardo ilk.

For you Frankie Lane fans, good news! He will stay on Vine street at the Club Morocco for at least another fourteen weeks. Alternating at the now hottest (in patronage anyway) club in Hollywood is Red Nichols and his fine combo.

THE 'HIPSTER' IS BACK

Harry "The Hipster" Gibson, the horse-voiced piano playing sensation of a year back in Hollywood, is back at Billy Berg's clip joint. Harry, "The Hipster", will shortly give everyone a chance to see him play the piano with everything but his hands. He just signed a contract with 20th Century Fox to appear in "Kiss of Death." If they do not let him choose his own songs, the picture could be just that to Harry.

In this column some months ago, I spoke of many of the bands throughout the country disbanding. Not long ago, Woody Herman also broke up. Herman had the greatest band since the heyday of Goodman's aggregation, but Herman wasn't willing to take a chance that the public would continue to listen to and to support his fine music. It's his loss as well as ours.

METRONOME STARS RECORD

Watch for the "Metronome" all-star Columbia records, which will hatch shortly. Frankie Boy does a vocal on "Sweet Lorraine" backed by the "Metronome" all-star musicians. The other records including a side with King Cole, and June Christy sharing vocal honors and a couple of Sy Oliver "Riff" arrangements. Watch for them, they are really terrific!

By QUO

as the professors—one who is paid to study the sleeping habits of the students—as one is led to believe. In reality, all they want is several gallons of your red liquid so that comes Saturday night the docs can get together and have a game of "Blood Poker". If, by chance, you are still breathing then, a shovel is thrust into your hand and before you know it, you'll be diggin' ditches around the class rooms in preparation for the rain . . . did I say rain in California? Shame on me, I mean the clouds on their return trip from Florida.

I shall give you a needle by needle account of the true situation during an examination. After waiting in line for a couple of days, you are ushered into a room so big that if a third person should come in, it would be like doing the samba with the doc. The room consists of a chair handed down by Whistler's Mother, and a table so full of dust that one could play dust ball. And, oh no, you have the wrong idea, I have nothing against the little man in white, as a matter of fact, I think they are charming chaps and delightful fellows . . . they try to kill you one day and prevent you from dying the next, and if you live through the ordeal, they think they are doing you a great favor. Then they pat you on the back with a sledge hammer and ask you how you feel. If you say "ugh", you have passed the test with flying colors; however, if you utter another sound without corking him, you are labeled a radical and automatically become an outcast on campus.

Now I shall say a few things on the lighter side. I have uncovered among my friends a great lover—comparable to Romeo, Don Juan, and Schechter the schyster. His first name is Bill and his last name shall be omitted for the time being, since he is on speaking terms with me. This "lover", (a slight overstatement), has found a wonderful girl, so he says. Probably has two teeth in her mouth, one points east and the other points west, but that is beside the point. Anyway, in order to get acquainted with her he is learning to knit, (blue booties, maybe?). It is funny what a guy has to go through in order to get a date on campus.

Last week I complained that I could not even get a date after wearing out two pairs of pants. Well, the other day some kind soul, bless her little heart, came up to me on the campus and asked me in a sweet voice if I would like a dance. I was so taken back by the question that I was flabbergasted . . . with my eyes ready to pop out, I nodded my head. That was my mistake, for the next thing I knew, she had handed me a book and said, "That will be ten dollars." "But, but, I thought you said dance," I said. "What dance? I said chance, why don't you go home and wash your ears?" So, I am closing now in order to complete said operation.

Lab Fiends Probe Grouse Sexology

Since I am star reporter on El Gaucho, I am given an assignment to get the dope on this week's science seminar.

"What's it about?" I ask Tom Lyle, our editor.

"Some guy is talking on the mating habits of the sage grouse," he says.

I have a hard time finding a sage grouse, as they have become exterminated in most parts of their habitat. I look in the enciclo . . . encylo . . . I look in the dictionary and it says a sage grouse is a very large grouse (centrocercus urophasianus) with plumage of mottled grey and black and buff plumage. It is native of the dry sagebrush plains of western North America.

When I finally find where a sage grouse lives, I hop in my car and go out there. I come walking across the lawn and all of a sudden there is a sage grouse standing in front of me.

"I am a reporter," I tell him. "I want to get a story about this Thursday's science seminar."

"It is infuriating!" he screams. "Not only am I said to have bitter and unappetising flesh (due to my habit of eating sagebrush) but I am being exploited in Kodachrome movies."

I mumble sympathetically.

"The one good feature of this week's talk," Mr. Grouse continued, "is the tea in the AWS room at 4:15."

"Say, what's the guy gonna talk about?" I ask. "I gotta know what he's gonna say so I can write up the story like I was there . . . 'cause the Gaucho won't come out till the day after the lecture."

"Well," he blushes, "what could he say? I mean after all . . . well, he will talk on the mating habits of the sage grouse (that's I, you know). And he will show movies . . . that is, he has some films that show . . . oh hell, why don't you go see Dr. Hardin at the college? He is program director."

I go back to the college and find Dr. Hardin.

"All I know about the lecture this Thursday," he says to me, "is that Dr. Rett of the Museum of Natural History will talk on 'Some Observations on Mating Behavior of the Sage Grouse.'"

"What's he gonna say?" (I am beginning to crack).

"Ask Dr. Rett. He's the one who knows how sage grouse mate!"

"Okay," I mumble . . . i gess i'll go back to the gowcho offis."

COMO SO VAT?

MISSING IN ACTION

Readers of this page may or may not miss the appearance of "Blue and Gold Empire." However and forever, we have abandoned said column in preference for one having a bit of news 'bout this campus instead of the "B. & C." which hit the dealines with scraps from the associate schools. And in mentioning, the word "dealines" is more or less apropos. Anyhoo, MAY IT REST IN PIECES!

YES—YES—YES

The first sub-heading brings to mind the book written by a loyal Gaucho while serving in the Army (there were a few). It seems he and his jeep were stuck in the mud (about where the buckle would have fastened in the battle of the bulge) so he proceeded to write a novelette entitled—"MISSING IN TRACTION."

TOWELS AND TRIBUTES

And speaking of books, we hear boxing coach LANTAYNE is turning author by penning a book dedicated to his fine squad. It's to be called "THE YEGG AND I." And was it CATH-CART who suggested a sequel called "IT'S A YOKE, SON"? In any event (boxing that it), the pugacious playboys are due a "Well done!" I'll have mine three and a half and over easy.

A GOOD THING

With apologies to "THE EGG AND I," we read last Sunday where Claudette Colbert, in playing the fem lead in the movie, had to tumble down from a tree, a ladder, and a house. Every one on the sound lot I imagine hoped she had on her light fall suit!

SCRATCH TWO! CHALK TWO!

With Sunday eve's game against Fresno winding up the hoop season for SB, sport fans are toasting BOB SHERMAN and ALTON BALLARD who played their final contest for us. A well deserved toast at that! But with the sizzling game turned in Saturday night by both boys, it may be a burnt toast. I didn't see the game myself, but from all reports, SHERMAN's first half looked like a side show perfectionist in contortion. If he is a contortionist, he's probably the only GI on campus who is able to make ends meet!

But, Como so Vat? 69?

WHERE'S ELMER?

THE CAMPUS CORNER

Dear Debbie,

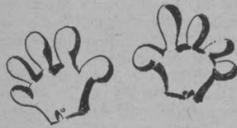

With the first two weeks at ye olde institooshun gone, but not forgotten, and also all those radical promises about home work being done every night, things should be settling down to average (not normal—is there such a thing?) You are doubtlessly in the market for new people and new things—new things, ah, now there's a point—

Socks alive! Yes, those socks you love to touch, those irresistible fuzzy angora bobby socks are here. They're the last word with your angora sweaters—all white, one pair of these hairy monsters will relieve you of about two dollars.

Here's a see-worthy item for cruising around with your dreamboat. It's a summer casual by Petti in Tattersal check for campus or date wear. Just slightly shy of eighteen sheckles. Made to fit the gal 5' 12" and under. A sure thing to increase your date-ability.

So smart, snug and smug—the new crocheted string gloves. Handmade from Italy to dress up your casuals. White and yellow and for the terrific price of \$1.95.

Well, we must be going. We started the semester off great last week. The column was in way ahead of our deadline. Now there's this week—not one excuse either.

Humbly,

GERRI and PATTI
P.S. Best dressed drag of the week, Phyllis Waite in her own creation—cotton three-quarter length sleeve dress in plaid yet. Very smart Phil!

PASSION PIT By TERRES

Congratulations to the Las Bolas editors and founders on their first fine publication. Those who know of this small group's agonies in getting the magazine started and printed can appreciate fully the final results.

PARTIES
The first party the Gamma Sigs had at their new house, in honor of the CHAUNCEY-REID engagement, was the epitome of all that's pleasantly quiet in a celebration, but the man next door didn't think so—and the radio wasn't even playing. Along with a new house, the boys got this column's nomination for the most charming and attractive housemother

Mail Box

Student Vets:
It has been found out at the last minute that we will not be able to have our dance on March 7th as planned.

The Samarkand had agreed to let us use their ballroom, but due to the fact that they do not have union employees the union has decided that union musicians could not play for our dance. Until the friction has been removed, or until we can find another place, the date for the dance can not be stated.

We hope that in the near future everything will be ironed out and we can start the plans for our social events of the year.

Keep watching the Gauchos for developments; all members will also be notified by letter in their mail boxes as to the time and place of all of our events. Students interested in joining our club are invited to our meeting the first and third Wednesdays of each month at seven o'clock in the messhall at University Village.

Virgil Bryans,
Student Vets President

Brings You
Platter Parader
PETER POTTER

Every Saturday night, 10:00 to 10:30 p.m. (follows ball game), on KTMS, Platter Parader Peter Potter spins the patter as he spins the platters on the RCA VICTOR RECORD SHOWCASE.

Tune in tomorrow night and hear the new RCA Victor popular recordings with patter by Potter!

SANTA BARBARA MUSIC CO.

"The Home of Music"

If you like classical music, listen to MUSICAL MINUTES, every Saturday, 5 to 6 p.m., KTMS.

of all time in AL RASMUSSEN'S wife RUTHIE, ex-Gauchos editor and Delta Zeta. Word has it that she cooks well, too.

"Mangy Manor" was the title of the party the basketball players had to finish off the season after the game Saturday night. Attending were MELODY HEFTY-OMAR ORR, RAYLENE PIERCE-PAT SIMMS, G L O R I A BYRNES - CHARLIE JONES, BARBARA MITTERLING - TOM WHITE, MARGIE PEARCE-SHERM WORTH, PAT HOFFMAN - JOHN BRUMLEY, MARI JO TROY - BILL STEELE and LORENZO DALL'ARMI with a girl whose face nobody saw all evening. Glamour stags at the party included such dreamboats as MEL PATTON, ROYAL CATHCART, and SAM DIMAS. Is it that they can't or is it that they won't?

MARRIAGES

Delta Sig WILMA GILLETTE was married February 7 to ROBERT MENDENHALL, USC football scholarship student. WILMA had been treasurer and house manager of her sorority. JEAN SANFORD and JACK HAWKINS were married on the fabulous Bride and Groom radio program. AL PINTNEY and his fiancée from home were married over vacation, believing the item in LAS BOLAS' Below the Belt. But how was anyone to know?

SEEN WERE

MARIE GEIB with mortician boy friend RUSSELL GRIFFIN, mortuary hunting in Los Angeles . . .

JACK ERICKSON, hunting furiously for the money to pay for his lunch at the Santa Barbara Junior High cafeteria, where he's practice teaching . . . he never found it . . .

MARIANA RICHARDSON and ABUELITA VANDERHOOF, PAPA DICK'S mama, making large impressions with each other all weekend at the Vanderhoof residence . . .

EXHIBITION

It's too bad no one could supply the names of the loving pair of couples who put on the show at East Beach a couple of Sunday afternoons ago. It was hard to decide whether they were funny or just ridiculous.

PERSONAL

Note to BILL STARR: If you must date girls who are sorority sisters, at least develop a different story for each of them to hear.

SFS Elects Walters Spring Term Prexy

Starting the new semester "off with a bang," to quote SFS publicity chairman Peggy Wall, this Phrateres subchapter met Monday night under the direction of newly elected president Betty Walters.

On the business agenda was discussion concerning a trip to the college cabin, preparations were made for the Get Acquainted party; pictures of the group were taken for La Cumbre, and plans were talked over for the Phrateres convention.

SFS LEADERS

Other new officers for the spring semester are Alice Chard, vice-president; Maxine Eckerman, secretary; Genevieve Slanker, treasurer; Virginia Strain, historian, and Miss Wall, publicity chairman.

Former Scouters Honor Executive

Mr. Sidney North, executive secretary of Alpha Phi Omega fraternity, was honored at a dinner meeting held by the local chapter Sunday, March 2 at El Cielto restaurant, according to Henry Use, chapter secretary.

Following the dinner, Mr. North gave a short talk telling of the history and present expansion of the fraternity throughout the country. "The fraternity is twenty-one years old and seventy-one chapters are now being organized without any professional man going on any campus. This brings the total chapters to 189," stated Mr. North. "The real function of the group is to direct all service functions on campus and it is interesting to note the many different service projects that have been carried out," he added. Other short talks were given by Provost Harold J. Williams, who pledged support to the organization locally, and by Mr. A. R. Groenink, local executive, Dr. J. A. Jacques, and fraternity sponsors, Dr. William Hayes and Mr. Clyde Keener.

ELECTION OF OFFICERS

Election of officers highlighted the first meeting of the spring semester which was held February 20 at McKinley school. Phil Bates was named president with other officers being elected as follows: Ralph Fletcher, vice president; Henry Use, secretary; Andy Oliver, treasurer; Bill Rutter, historian; Wayne Bittenger, sergeant at arms; and Bob Smitheran, alumni secretary. Mel Gilmour is out-going president.

Plans for the coming semester were discussed and committee chairmen named. Gerry Drane is in charge of arranging another trip to the college cabin; Andy Oliver is planning for a beach party; Nelson Otis and Ralph Fletcher are in charge of a coming get-together dance, and Bill Rutter is in charge plans for a big all-school dance. Service projects include arranging for a bulletin board for posting organization notices to be placed in the quad.

SKI CLUB MEMBERS VACATION AT TAHOE

Fifty-three members of the SCSBC Ski club made their first organized trip of the season during the mid-semester holidays.

Led by their sponsor, Miss Patricia Whitaker of the women's P.E. department, the club members left by car from various points where they spent a week at the Tahoe Vista Lodge at Lake Tahoe.

Snow varied from powder to ice but the skiers took full advantage of all conditions, dividing their time and talents among Spooners Junction, Soda Springs and Mount Rose.

Bruce Stuart took charge of tyros and under his expert instruction, the members mastered stem turns and braved the higher slopes with no casualties beyond a broken ski.

A party was held Wednesday evening at Sierra Lodge, Nevada, celebrating the mutual birthday of Dick Specht and Dink Sheehan.

USE OF CAFETERIA

To help expedite service in the cafeteria it would be appreciated if the following suggestions were followed:

Always line up against the wall if it is necessary to be in the hall. Leave the hallway clear for travel. The center door should not be congested.

Due to the shortage of space we ask that you refrain from using the cafeteria as a club or study room.

Purchase your coffee in the sandwich and coffee line unless you desire a hot order, and then the other line may be used.

Try to have your money ready when you reach the cashier.

All dishes and trays should be taken to the soiled dish room before you leave.

No smoking is allowed in the cafeteria line.

This is your cafeteria. Please try to keep it clean.

We will do our best to take care of the rest.

Gamma Sigs Elect New Officers

Gamma Sigma Pi fraternity elected new officers at their last meeting of the fall semester. New president is Jack Ericson; vice president, Fred Lincoln; secretary, Don Nagle; and treasurer, David Brownell.

Others elected were corresponding secretary, Chuck Moss; sergeant at arms, Bill Hutchinson; social chairman, Cal Reynolds; and pledge captain, Orlando Fedaleo.

Las Meninas Holds First Meet of Term

Las Meninas members held their first meeting of the spring semester Monday night, March 3. Hostesses of the evening were Cletiche Chovanas and Mary Lou Gustafson. The newly elected officers officiated at the meeting. The officers for the spring semester are president, Lois Rasmussen; vice-president, Maurine Caldwell; secretary, Cletiche Chovanas; treasurer, Dolores Lowe; historian, Adelaide Mostachetti; sergeant-at-arms, Mary Lou Gustafson; publicity, Betty Mitchell and Lorraine Artuso.

The events for the spring semester were outlined by Lois Rasmussen. Las Meninas members have charge of the clean-up committee for the initiation of new women on March 23. The events of the International Phrateres convention which is to be held here in June were discussed also. Las Meninas members have charge of the formal banquet. The members also signed up for the various committees they wish to work with in planning the convention. Plans were also made for a Chinese dinner party on St. Patrick's day.

NOTICE TO SENIORS

If you are graduating this semester, have your senior picture taken immediately for the yearbook, La Cumbre.

Make appointments directly with Zane Studio of Photography, phone 23131.

Don't delay—deadline is March 15.

Fifty Women Entertained at Phrateres Tea

Phrateres entertained some fifty new women students at a spring tea Sunday, March 2, in the AWS room. Following the tea, guests were introduced to members of each of the six sub-chapters and were shown the scrapbooks of the various clubs. They were also given the opportunity to indicate which sub-chapter they would be interested in joining.

Those in the receiving line were Phrateres President Pattie Peryle Meairs, Dean of Women Helen E. Sweet, Miss Ellen A. Bowers, newly appointed sponsor, Phrateres Vice-president Tina Sanchez, and the presidents of the sub-chapters.

BUSY DAYS AHEAD

A busy semester is in store for Phrateres. For the entertainment of the student body, a Penny Carnival will be sponsored May 2. Refreshments, booths of entertainment, and dancing will be offered.

May 18 is the day set for the nomination breakfast of Phrateres officers; this activity will be held in the quad. Gifts will be presented at this time to the most active club during the year, as well as to the club which has had the largest attendance at meetings.

June 2 Phrateres will meet at one of the restaurants here in Santa Barbara for installation services.

MORE ACTIVITIES

The climax of the semester will be the international convention, to be held June 19-22 in Santa Barbara. There will be a welcome banquet at Eaton's, tours, luncheons at El Paseo, beach parties, slumber parties, and many other festivities to pack full the three-day affair, according to Nan Derrer, Phrateres publicity chairman. All sub-chapters are beginning work on committees.

Miss Derrer said that with the help of Dean Sweet, the sincerity of Santa Barbara's hospitality, and the aid of the Chamber of Commerce, Phrateres will make this convention one that Phrateres international will not forget.

LOCAL OFFICERS

Officers of the local Phrateres Board are Miss Meairs, Miss Sanchez; secretary, Merikay Graham; treasurer, Helen Ambroff; social chairman, Mary Lou Gustafson; historian, Marjorie Meyers, and Miss Derrer, publicity chairman.

Presidents of the sub-chapters are Betty Walters, S.F.S.; Lois Rasmussen, Las Meninas; Mary Ducey, Tous Les Temps; Annie Pasman, Pu Ko How; Barbara Bruner, Gnomes; and Elaine Wells, Nani Lelani.

Tous les Temp Elects Spring Term Officers

At a recent meeting of Tous Les Temps, Phrateres sub-chapter, Janet Paine was elected president. Plans were made by new members for a party for the old members to be held March 23 in the AWS room.

A barn dance is being planned as a get acquainted party for the new girls interested in joining the club. Dorothy Schmidt was appointed food chairman, with Jackie Hewes to assist her. Libby James, newly elected vice president, is general chairman of the event.

Other new Tous Les Temps officers are Rosemary Primbs, secretary, and Pat Cascadden, publicity chairman.

Donna Hill Elected Las Espuelas Prexy

Las Espuelas, honorary sophomore women's organization, has elected new officers for the coming semester. Donna Hill is new president; Lois Rippel, vice president; secretary-treasurer, Kathryn Yarwood, and Lois Rasmussen is historian.

New members have been selected and their names will be announced soon, according to outgoing president Donna Thomas.

2C2A CHAMPIONSHIP BOUTS HELD IN ARMORY TONIGHT

2C2A championship bouts will be held in the National Guard armory tonight at 8:00 p.m. With fight talent from San Jose, San Diego, Fresno, College of Pacific, Cal Poly, and Santa Barbara matching ring skill for that much coveted championship title, it promises to be one of the best boxing shows produced in the town. Tonight is the first of the elimination fights and winners will return Saturday night for title honors.

SAN JOSE FAVORED
Favored as potential conference champions will be the San Jose squad. Although not having appeared in the local arena this season, they have been busily engaged in knocking over opposition with ease. San Jose has never been defeated in a 2C2A championship fight, and this year have been defeated only by University of Idaho, which boasts the strongest boxing squad in the West.

Particularly dangerous for the Spartans will be their entrant in the 165 pound class, Fontes, who has never been defeated, and has polished off every opponent within three rounds.

Keen interest centers on the competition which the Gauchos of Santa Barbara college will afford for their powerful foes from San Jose and Cal Poly. The Gauchos are undefeated and have overcome such foes as UCLA, Cal Poly and San Francisco State. In

1942 Santa Barbara was nosed out by San Jose by a close score of 27-24.

GARCIA LIKELY CHAMP

Heading the list as the man most likely to acquire a championship is Bob Garcia. Twice holder of the 2C2A title, Garcia emerges from this season's fights with a clear record of no defeats and two T.K.O.'s counted among his victories.

Facing Fontes in the 165-pound division will be Harry Kennison, carrying the Santa Barbara colors. A late participant on the squad this season, Kennison showed potentialities of being a rough challenger for the championship with a 35 second knockout over Lew Capes of San Francisco. Charles Tomayo, another hard puncher in this weight, is a possible replacement in case Kennison is not able to start.

A strong challenger for the 175-pound title is Bill Steele, who has shown fine shape in past fights this year. Brother Roy Steele is expected to make top showing in the heavy-weight class, and may be expected to emerge victorious over San Jose's much publicized heavies, Schaeffer and McConell.

Coach Lantagne preferred to make "no predictions on the ultimate outcome of the championships," pointing out that little is known concerning the potential power of the San Diego and College of Pacific squads.

GaUCHO HorsehidERS Combat Sailors Today

At 3 p.m. this afternoon on Cabrillo field, Coach Spud Harder and his GaUCHO baseball squad will make their formal 1947 debut against a flashy bluejacket nine from Port Hueneme that is, so far this season, undefeated in league play. The "Pampus Riders" will then take the field again Saturday afternoon against a good Redlands squad in their first intercollegiate tussle.

GaUCHO Freshmen Meet Ventura Today

Coach Terry Dearborn's GaUCHO netmen embark on a full ten-week schedule as a major sport at Santa Barbara college, when the freshman team opens up against Ventura junior college at the municipal tennis stadium at 3 p.m. today.

Headed by Bobby Wright, Santa Barbara Tennis club's number two singles player, the freshman team will include also George Manset, Don Tully, Ralph Dalton, and Henry. Alternates are Gavin Hyde and Don McLearn.

13-GAME SCHEDULE SET
A schedule of thirteen matches has been slated for the varsity team, largely on a home-and-home basis, including play with U.C.L.A., Pepperdine college, Loyola university, Cal Poly, University of Redlands, and San Jose State, as the 2C2A Conference championships and the annual Ojai tennis tournament.

Player materials this year is the best since the war in Coach Dearborn's estimation, and he gives the GaUCHO racket wielders a good chance to repeat their pre-war performance as conference champions or runners-up.

25 MEN VIE FOR SPOTS
Twenty-five men have been trying out during the past week for the fourteen positions on the varsity squad. It will include, in addition to the five freshmen named above, Alan Cobbe, top ranking player from last year's team, Morton Dewhurst of pre-war experience on the GaUCHO squad, John Sanders, Stanford Bingham, and Joel Andrews of the 1946 team, and newcomers including Eldon Ford, Bob Slover, John Nance, and Robert Blake.

First test for the varsity netmen will come on March 14 and 15, when Coach Dearborn will take a 6 man team south to meet Pepperdine college and Loyola university.

GaUCHO Swimmers Prepare for Meet

There are still openings on the GaUCHO swimming team for experienced divers, breast stroke and back stroke men, Coach Terry Dearborn announced today, although tryouts during the past ten days have pretty well established most spots on the squad. New men interested should contact Mr. Dearborn, or Coach Hop Finley at the YMCA at 2:00 p.m. next Monday.

SIDE LINES

By Johnny Plessman

Success is the byword in the Santa Barbara boxing camp as Coach Joe Lantagne's fourteen fistic proteges took a northward trip via Cal Poly and San Francisco, hammering at will, all the opponents had to offer. The return to boxing signals a new major sport at Santa Barbara college. Recently, tennis was accorded the right to be termed a major sport. Certainly, with the revenue boxing as a college sport brings in, the sport is deserving of more recognition than is now shown.

SANTA BARBARA WINS

Last Friday, Cal Poly was tripped up 5 to 4 as Gressett, Mathews, Cormier and Bill Steele pulled victories out of the fire. At Saturday night's venture to San Francisco State, Bobby Garcia, Bud Kenison, Sam Cathcart and Gressett, Mathews, Cormier and Steele again were on the winning side of the ledger.

KENISON K.O.'s

Harry Kenison, 165 pounder, in his first venture before a paying crowd, scored a one-minute and three second T.K.O. over Sidney Katz, a boxer who had previously won against Stanford and California. Bud's victory was the quickest K.O. for Santa Barbara this year.

Tommy Gressett came from behind to K.O. Lou Martini of Cal Poly in his first fight and the following eve scored a decision over Tommy Kirkpatrick in the 145 pound division.

The Steele brothers brought Santa Barbara out of the fire against Cal Poly after trailing 4 to 3 in the matches. Both won their bouts and gave Santa Barbara a 5 to 4 victory.

HOGO COURAGEOUS

Not to be forgotten was the courage of little 120 pound Leroy Hoge, a green but game lad, who, although losing, showed there is certainly that winning "Quality" there.

WINTER CARNIVAL

The 2C2A Winter Carnival will be held today and tomorrow with College of Pacific, San Jose State, Fresno State, San Diego State, Cal Poly and Santa Barbara competing. Although San Jose is figured to win the boxing honors, they no doubt are going to run into some stiff Santa Barbara competition. Four wins and no defeats is a fine background for the GaUCHO mittmen, but they still realize they can't live on their reputation.

As well as boxing, wrestling, gymnastics, fencing, and badminton, championships will be decided at this meet.

BASEBALL WIN

The GaUCHO baseball team won their first game of the season as they defeated the alumni team by a 9 to 6 score. Scott allowed five hits in five innings while French allowed only one hit for no runs in four innings. Alhouse led the hitting department with three hits, and Hal Chauncey followed with two hits in five trips.

Chauncey may have left to play with the Atlanta Crackers in the Southern Association by the time this article is read. If so, it will be a bad blow to the college nine.

BASKETBALL RECORDS

Basketball is over for the season, but the memory of this year's fine cage team will live for a long time. Records were broken and individual stars were made. Hats off to a job well done.

NAVY TRACKMEN DUPE ARMY 68-64 IN INITIAL MEET

The powerful Army representatives of the GaUCHO trackmen were out-manuevered by Navy strategy on terra-firma, no less, and they will never get over it. Here is the story. A Navy contingent with far-seeing verbage duped Army into the belief that Army was trailing by six points at a closing stage of the meet with only the relay left to be run off. Army was a cinch to win the relay but they felt that the five points forthcoming for a win still would fall short with the Navy holding a one point lead. Actually at this

strategic moment Navy was ONLY four points ahead of the Army and the relays would have given the Army a one-point lead, thus victory for the whole meet. You can well understand now why Army is clamoring for a return meet and revenge. This, incidentally is O.K. with Coach Nick Carter.

CIVILIANS PLACE THIRD

Although the Army team had the two highest scorers, the Navy squad earned a close 68 to 64 victory last Friday at La Playa Stadium in the first meet of the season for the GaUCHO trackmen. The Civilian team finished third with 17 points.

Mel Patton was the high-point man with 19 points to his credit; he won the discus and 120-yard dash, tied for first in the high jump, was second in the broad jump and third in the shot put. Big Ed Grabast contributed 11 points to the Army's total with a first in shot put, and seconds in the discus and javelin throw.

Santa Barbara's next meet will be against Pomona, at Pomona tomorrow, Saturday, March 8. Coach Nick Carter plans to take a 30-man squad along with him and is optimistic as to the out-come.
