

## GRIM, GRUESOME GUYS SEEK 'UGLIEST' CROWN

by Phyllis Fisher, "Ugly" Reporter

Beauty fades and ugliness steps onto the UCSB campus as the Ugly Man contest gets under way Thursday. At press time 15 contestants, plus a darkhorse candidate entered by the faculty, had been listed. All ugly men are sponsored by girls' living groups.

The election will be held Thursday, Friday and Monday. Candidates will be selected by the penny-a-vote method. Containers will be placed by the library and the Graduate Manager's office. One penny constitutes one vote. Money collected will go to the Student Union Fund and to the Junior Class, sponsors of the contest.

### Morbid Males

With posters complete with pictures of the grotesque males already on display, all that remains is the voting for the most morbid, gory, ugly-looking male on campus. Voting is open to all students. The male who receives the most pennies will reign as "Ugly Man of UCSB."

Even handsome males have a chance of winning. The contest is judged on the effect created by makeup and masks. "We hope to see a variety of 'ugliness' either in the gory or humorous vein," stated Carol Park, chairman of the event.

### Candidates Listed

The complete list of candidates and their supporting groups follows:

Delta Zeta, Ned Permenter; Chi Omega, George Baldwin; Sigma Kappa, Jim Keefe; Pi Beta Phi, Mickey Dvortcsak; Delta Gamma, Gerry Mullin; Kappa Alpha Theta, Don Leavy; Alpha Delta Pi, Ron Largent.

Villa Marina, Galen Denning; Ribera, Bill Shortel; Madrona, Clark Reynolds; Tong, Dennis Naiman; Marisco, Lon Robinson; Oak, Gill Kadon; Laurel, Frank Sanchez; Sirena, Walt Dennis.

The identity of the faculty "darkhorse" remains a carefully guarded secret.

### Ugly Pictures

All sponsoring groups desiring to have a picture of their candidate in Friday's special issue of *El Gaucho* must contact Bob Quittner in the *Gaucho* office or by phone, 5-2068.

Winner of the Ugly Man contest will receive a turkey and a trophy as rewards for his accomplishment.

## Playboy Princess, Two Escorts Selection To Highlight Lambda Chi Dance Saturday

Highlight of the Lambda Chi Alpha "Playboy Dance" set for Saturday in the Campus Auditorium will be the selection of a "Playboy Princess." She will receive a trophy and merchandise prizes from stores in Santa Barbara.

The two runner-up princess candidates will be dubbed "escorts" and receive trophies. Pictures of the candidates will be posted this week in the Classroom Building, the Student Union and at the dance. Voting will take place at the door.

The playboy decor will be carried out for the dance, complete with a surprise centerpiece which is expected to take the eye of all those attending the dance, according to a Lambda Chi member.

Playboy Princess candidates are Faith Jackson (Alpha Phi), Judy Wolf (Chi Omega), Mickey Wheeler (Pi Beta Phi), Carolyn Barnes (Delta Gamma), Jani Westlund (Kappa Alpha Theta). Also, Margie Schuster (Al-

## Music Symposium Features 'Forgotten' Music Nov. 23, 24

The fifth annual Music Symposium has been slated for a two-day presentation, Nov. 23 and 24, according to Carl Zytowski, symposium director. The program for the fall season will feature "music forgotten or scarcely remembered" and will play upon compositions of unknown artists and the unrecognized work of musicians who were better known. This repertoire necessitates a separation of the music into three parts: chamber music, orchestra - choral works and piano compositions.

The Sunday section, to begin at 8:30 p.m. in the auditorium, centers around the chamber music performed by the University String Quartet, pianists Shirley Munger and Mahlon Balderston, the Modern Chorale, and a violin, cello, viola and piano combination.

A piano recital by John Gillespie will be given at 4 p.m. Monday, Nov. 24, in the lecture hall of the Classroom Building. His selections will include works of six composers—eight sonatas and one rondo. He will perform on a rare Mozart piano, loaned for the occasion by Dr. and Mrs. MacKinley Helm.

Made in London by John Broadwood in 1789, this is one of the earliest pianos and was named because of its appearance in the Mozart era.

The concluding section of the series presents the University Orchestra and Brass Choir, conducted by Maurice Faulkner, and the University Chorus with Zytowski directing. The presentation will conclude with Anton Bruckner's "Te Deum" for chorus and orchestra.

The entire series is free to the public.

## ROTC Club Admits Eleven New Cadets

Company M, 9th Regiment, the UCSB chapter of Scabbard and Blade, national military science honor society, initiated 11 upper-division military science students Thursday. New members are Robert Bowen, William Preston Burton, Robert Clement, Robert Gary, Elwin Haws, Dennis Naiman, Mike Oster, Herbert Summerhill, Ron Tyler, Gary Uttersson and Dave Westfall.

Also at Thursday's meeting two assistant professors of military science and tactics, Capt. Robert N. Evans and Robert C. Gungel, were initiated to associate membership in the society.

The new members, selected for their outstanding military attributes, already are enthusiastically participating in the company activities. Planned activities for the year include co-sponsoring the annual Military Ball with the Colonel's Coeds and participating in the national Scabbard and Blade rifle and pistol matches. In connection with this event, the company is counting on the marksmanship abilities of a senior member, Donald Manahan, who placed tenth in the nation in last year's competition.

## Tickets Available For Gielgud Show

Tickets are available on campus at the Graduate Manager's office for the performance of Sir John Gielgud, considered by many to be the world's greatest living actor, who is including Santa Barbara on his first (and, quite possibly, only) personal appearance tour of the American Continent. He will present "Shakespeare's Ages of Man," a solo performance, at the Granada Theater, on Sunday, Dec. 7, at 3 p.m.

This program, based on George Rylands' Shakespeare Anthology, has been seen and praised from Edinburgh to Milan. The London *Times* wrote, "Gielgud brought to the Edinburgh Festival its moment of glory."

Sir John Gielgud's appearance in Santa Barbara is for the benefit of the student scholarship fund of the Experiment in International Living, a non-profit organization which sends young people abroad to live with foreign families in the interests of better international understanding. Students from UCSB who have participated in the Experiment program are Carol Rule, Neil Kleinman, Guy Shipp and Mike Kovar.

## Women Debators Score at Fresno

Chrystal Watson and Karol Nelson placed third in women's debate competition at the Fresno Invitational Tournament Friday and Saturday. They reached the semi-final round before they were eliminated. College of Pacific captured the sweepstakes award for four-year colleges and El Camino won the junior college trophy.

Dave Peterson and George Hart compiled a 4-2 record in upper-division men's competition. The mixed team of Arlen Collier and Leslie Higgenbotham had an even 3-3 score.

This marked the final competition before the Western Speech Association tournament in Salt Lake City this weekend.

Debate coach Robert Cleath

## Eight-Page *Gaucho* Features Title Game

The second eight-page *El Gaucho* of the year will hit the stands Friday. The paper will feature the Friday night championship game between the Cal Poly Mustangs and the Gauchos.

Other highlights of the issue include a full-page spread on the "Ugly Man" contest, with pictures and descriptions, and the Saturday night "Playboy" dance with a picture of the 16 "Playboy Princess" contestants. This marks the first time in the history of UCSB that an eight-page paper has appeared twice in the same year.

## Children's Clothing Today's Talk Topic

Clothing preferences of 128 boys and girls of a midwestern suburban community observed by Dr. Lucille A. Hunt, chairman of the Home Economics Department, will be the basis of her lecture, "Children's Clothing Preferences," today at 4 p.m. in the Classroom Auditorium.

In her study Dr. Hunt interviewed the children to find their preferences as shown in color, pattern, style and texture of clothing. The complete results of this study will be published early next year in the "Monograph of the Society for Research and Child Development."

Dr. Hunt received her B.S. in home economics and education at the University of Wisconsin, her M.S. in textiles from the University of Minnesota, and her Ph.D. in psychology from Purdue University.

Before coming to UCSB in 1957 she taught at the University of Minnesota, University of Kansas, University of Manitoba, University of Wisconsin and Northwestern University.

## Squires Seminars Discuss Music 15, History 17A Class

The final two seminars of the fall series sponsored by Squires for the freshman students will be given Wednesday and Thursday nights of this week.

Music 15 will be the topic of discussion for tomorrow night's seminar in Room 1145 of the Music Building. This event will begin at 7 p.m. and will be presided over by Squire Ralph Larkin. The guest advisor will be Dr. John E. Gillespie, chairman of the Music Department.

Thursday's seminar will cover History 17A, to be held in Bldg. 431, Room 101. This seminar, commencing at 8 p.m., will be conducted by Squire Ernie Rockholt, who will be assisted by guest advisor Dr. Otey M. Scruggs of the History Department.

The Squires have reported an aggregate total of well over 100 students attending the first English 1A seminar three weeks ago, and those on Military Science 1A and Biology 1A last week. In the meantime, English Committee Chairman Ron Atwood was elected to the position of vice president of Squires, which was left open by a vacancy.

Suggestions on the conduct of these seminars are encouraged, and should be directed to Dr. Clovis Shepherd of the Sociology Department, President Clark Reynolds of the Squires, or any other Squires members.

## 'SPECTRUM' SALES OPEN, SPECIAL PRICE OFFERED

The Fall 1958 issue of *Spectrum*, the UCSB literary magazine, goes on sale today. A special price of 35c is being offered during this first week of the sales campaign. After Friday the price will be the regular 50c. Copies of the magazine may be purchased in front of the UCSB library this week.

*Spectrum* is the official college literary publication and features student and professional work, critical essays and creative writing. It is published three times a year.

## Mme. Segelcke's 'Art of Acting' Set For Lecture Here

Mme. Tore Segelcke, actress and lecturer, will give a special lecture on "The Art of Acting" on Thursday afternoon at 4 in the new classroom auditorium.

The public is invited free of charge, it was announced by Dr. Roger E. Chapman, chairman of the Committee on Drama, Lectures and Music, which is sponsoring this lecture.

Born in Tonsberg, Norway, Mme. Segelcke has been with the National Theatre in Oslo since 1929. Two years ago she represented Norway at the sesquicentennial celebration in Copenhagen honoring Hans Christian Andersen. Among her many honors and awards are the Norwegian King's Medal in Gold and the Swedish King's Medal in Gold.

Mme. Segelcke has been given a U.S. government fellowship to tour leading universities of the nation. Her other lectures have included the "Present State of the European Theatre" and a portrayal of some of the old actors and actresses.

The Scandinavian performer has toured France, Finland, Denmark, Sweden, Iceland and Norway in 1958. After her UCSB appearance she will remain in Santa Barbara to give a one-woman show at the Lobero Theater next Sunday at 4 p.m.

## Vocalist Grace Bumbry Presents Leider Arias, Spirituals in Tomorrow's Concert

Grace Bumbry, one of the nation's promising young vocal artists, will be heard in a special free concert tomorrow evening at 8:30 in the campus auditorium.

Miss Bumbry, student of the Music Academy of the West and of Lotte Lehmann, will offer a varied program of German *lieder*, arias by Gounod and Verdi, and a group of Negro spirituals. Beaumont Glass will be her accompanist.

The mezzo-soprano recently returned to Santa Barbara from her home in St. Louis, where she spent several weeks following her busy summer session at the Academy. Miss Bumbry is an artist pupil of Mme. Lehmann and is among the 12 students working with the famous singer-teacher in her winter session at the Music Academy.

During the winter months Miss Bumbry will divide her time between her work at the Academy with Mme. Lehmann and Armand Tokatyan, and appearances outside Santa Barbara with symphony orchestras and in concert. Important among her engagements in the western area are soloist with the Oakland Symphony, soloist with the Utah Symphony, Maurice Abravanel, conducting, and a recital on the celebrity series presented by Spencer Barefoot in San Francisco.

In May Miss Bumbry will accompany Mme. Lehmann to London and will participate in mas-

ter classes at Wigmore Hall for three weeks. On June 6 she will make her London debut under the management of Ibbs & Tillet in Wigmore Hall, followed by several months on the European continent.

### Lednicki Featured

The feature article in the fall issue is Waclaw Lednicki's *Introduction to Memoirs*. Lednicki is one of the world's leading scholars of Slavic languages and literature. He will be appearing at UCSB in December as part of the All-College Lecture series.

A chapter from a new book on T. S. Eliot by Dr. Hugh Kenner, chairman of the UCSB English Department, also will be featured.

### Williams

William Carlos Williams, one of America's leading exponents of modern poetry and author of *Paterson*, will have a review of the newest book of verse by Charles Tomlinson.

A critical essay on *Smollett and the Art of Caricature*, by Milton Orowitz of the English Department, also is included.

### Verse, Fiction

The remainder of the issue is made up of fiction and verse.

Deadline for the next issue is Dec. 19. Anyone interested in contributing should submit manuscripts to *Spectrum*, P.O. Box 535, Goleta, with a stamped, self-addressed envelope.

### continued on page six

## Freshman Council Members Selected

Twenty freshmen have been named to serve on the Freshman class council. The selections were made by elected frosh officers, Larry Linn, President, Kay Moore, Vice President and Nancy Draper, Secretary-Treasurer.

All of the new members applied to work on the council. The 23 member board will coordinate all functions of the largest freshman class in the history of the school, numbering 1,014.

Dr. Mark J. Temmer serves as advisor for the council. The new council members are:

Larry Linn, President; Kay Moore, Vice-Presxy; Nancy Draper, Secretary-Treasurer.

Sallie Anderson, Janie Barnett, Ann Brown, Rodger Dawson, Barbara Ewing and Sue Fremdling.

Also, May Helsing, Cristina Iannone, Gary Johnson, Doris M. Julio, Judi Martin, Rita Matern, Tim Naegele and Pete Nisler.

Also, Merril Ring, Steve Schofield, John Soth, Carole Wallace, Patti Wistfall and James Woodworth.

Episcopal Holy Communion, 7 a.m. tomorrow at the URC Building. All Episcopal students are invited to meet at 4 p.m. tomorrow for evening prayer and discussion group. Instruction class, Thursday at 7 p.m., at the URC Building.

## Cast Announced for Dec. 12 Opera, 'Mistress Into Maid'

by Bruce Batchelder

The cast selection for Vernon Duke's "Mistress Into Maid", an opera from Pushkin's "Tales of Belkin", has been announced by Carl Zytowski, UCSB assistant professor of music.

Zytowski, director of the opera, announced that the musical production is to be presented for the public Dec. 12 and 13 in the campus auditorium beginning at 8:30 p.m.

The romantic comedy takes place in Russia during the 1830's and is concerned with two lovers from feuding families and the complexities their relationship creates. Liza, the "Juliet" analogy, is portrayed by Shirley Easley and her "Romeo," Alexi

Beerstov, by Zytowski. Alexi's father, Ivan Berestov, is characterized by William Winden and Liza's father, Grigory Muromsky, by Archie Drake. Nastya, Liza's girl companion, is played by Kay McCracken and Liza's governess, Miss Jackson, by Joan Winden.

The roles of two landowners will be sung by Dennis Lees and Gerald Rogers, both UCSB students. Other student actors and actresses are George Backman and Gregg Graeme as Footmen and Nancy Adams as a peasant girl.

The special twenty-member student orchestra for the production will be under the baton of Stefan Krayk, UCSB associate professor of music. Art design and supervision is under the direction of art instructor Jane Purcell and Kurt Baer, professor of art. Costume supervision is by Doris Graf and chorus mistress is Sylvia Brown.

## Gregory to Participate In Math Program

The National Bureau of Standards in Washington, D.C., has announced the selection of Dr. Robert T. Gregory, assistant professor of mathematics at UCSB to participate in the National Science Foundation training program in numerical analysis this spring.

Dr. Gregory is one of 12 university mathematicians in the United States selected for this honor by the bureau which is part of the Department of Commerce.

The purpose of this training program, according to Dr. Philip J. Davis, chief of numerical analysis for the National Bureau of Standards, is to give regular

university staff a training in numerical analysis which will enable them to direct the operation of a university computing center, and to organize training and research in numerical analysis on their return to their own institutions.

Santa Barbara

Published every Tuesday and Friday during the school year except during vacation and exam periods by the Associated Students, University of California, Santa Barbara. Opinions expressed herein are those of the staff unless otherwise indicated. Entered as second-class matter Nov. 10, 1954, at the Post Office at Goleta, California, under the Act of March 3, 1879. Mailing charge is \$2 per year, payable in advance.

dear susie:

hi there, how's every little thing? everyone here at santa barbara is recovering from a delightful weekend at berkeley. seems like all-cal gets better every year.

the weather here is finally getting winterish, so a thought i'd tell you what the **l.r. annex** is featuring in the line of rain coats. one favorite of all is an iridescent cotton twill, with matching hat, perfect for rainy or foggy days; the price, only 19.95. another coat for those of you that have a little more flair for the dramatic is a lush print in blue, double breasted effect, with white taffeta lining; sounds really jazzy huh: the price, 29.95.

another little number i thought you might be interested in, is a cotton knit in brisk winter colors, champagne beige and gold. it is a two piece ensemble, straight skirt with blouson, hip hugging top, and the best part of all, it is only 15.95. for those of you that are looking for something new to add to your dressy sport wardrobe, this would surely fill the bill.

well, this about does it for now. please drop in and see me at the **annex**. i'll be there every saturday to show what's new in the line of fashion.

your l.r. annex rep,

sandy

## GIRLS' DRILL TEAM ON EXHIBITION DURING CAL POLY GAME HALF TIME

by Gwen Polk

On the field during half-time at the Cal Poly game Friday night, Gaucho rooters will have a chance to see the new Girls' Drill Team in action. This will be the second time the girls have performed; they marched for the first time in the Homecoming Parade.

Diane Odell, a UCSB freshman and former drill captain at Marshall High School, leads the

group of 26 through a series of precision drills.

Members of the group are Jeanie Bond, Caroline Hill, Sherry Conrow, Penny Larson, Gloria Davis, Sandy Wengren, Roberta Ogden, Judy Barrigan, Lea Johnstone, Barbara Romm, Betty Kringlen, Joy Tait, Judy Neil, Mary Tuttle, Sandie Amos, Judy Thorne, Ann Petherbridge, Sharon Rowe, Gwen Polk, Mary Ann Woodland, Sharon Sherard, Roberta Postel, Sandy Wadsworth, Ann Brown and Jan Hesse.

Henry Duke, Rally Committee chairman, has announced that more girls will be added soon. Drill-team requirements are good posture, coordination, time and will to work. Sign-up deadline will be announced later.

This new group has no name. Suggestions are welcomed and may be turned in to Diane Odell at Santa Rosa or to Gwen Polk or Pat Gower in the *El Gaucho* office.

## Gaucho Ed Majors Benefit From U.S. Teacher Crisis

by Jerry Bradley

The Santa Barbara campus of the University of California, once solely a teachers' college and still having the highest proportion of prospective teachers of all the Cal campuses, is one of the few gainers from the serious national teacher shortage.

A recently released special committee report to the University Regents shows that if there are to be enough competent teachers to staff California's rapidly expanding colleges, more students receiving masters and doctorates must be persuaded to join higher-education faculties. Even now, 44 per cent of California's teachers and administrators come from out of state. When other states catch up to California in teacher benefits, this supply may dwindle.

### Students Triple

Since 1970's California college enrollment will be three times the 1950 enrollment, teacher shortage is becoming a real headache to the state—but, unfortunate as it is, it does make job prospects for UCSB's education majors brighter.

If the supply-and-demand concept holds true, a teacher shortage will mean higher pay and more security for teachers. Definite shortages already exist in business administration, chemistry, engineering, geology, home economics, industrial arts, mathematics and physics. Grads holding masters or doctorates in one of these fields can pick and choose for a faculty position.

### Need Thousands

In the next 12 years California's colleges must have 42,444 new full-time teachers—and figures show that, if all California students planning to become professors do become professors, and if the flow of new teachers from out of state continues undiminished, there will be just enough new teachers to fill the openings, and none left over.

Thus the ill wind of teacher shortage blows Gaucho education majors some good. Perhaps they can see more clearly now how important the work is they've chosen for themselves, and what a responsibility they've accepted.

### Math Lecture

Dr. E. A. Faustinsky will address the UCSB Mathematics Club on "Geometry of Distortion" tomorrow at 3 p.m. in the Classroom Building, Room 1131. The public is invited to attend the meeting.

## Lab Work Suggests Other Planets' Life

Laboratory evidence suggests that life exists on many planets, says Berkeley chemistry professor Dr. Melvin Calvin.

Dr. Calvin has recreated in the laboratory the processes that he believes created amino acids—life's building blocks—from the young earth's methane-ammonia atmosphere, through the action of ultra-violet rays. These same processes, if responsible for life on earth, have probably created living things on many other planets, says Calvin.

One key to Dr. Calvin's theory is the process of autocatalysis — by which a substance, as soon as a little of it is formed, speeds the formation of more of itself. Many chemicals important to life are autocatalytic. Once formed out of a young planet's atmosphere, they would speed up the lifeward process.

Dr. Calvin points out that these natural chemical processes, which result in the formation of the heredity-carrying substance DNA which dominates life on earth, probably are going on or have been going on on many planets. He conceives of worlds with everything from pre-cellular microorganisms to intelligent beings.

Moreover, says Calvin, "There is no reason to suppose that man . . . will not transform any planet on which he lands. . . . It might suit him to change the orbit of the moon, and it seems within the realm of possibility that he should be able to do so."

"When we realize that other organisms may be doing similar things at some millions of regions in the universe, we see that life itself, and man . . . becomes a cosmic influence."

### Women Debators . . .

continued on page three

announced that three teams will make the trip to Utah. They are Miss Watson and Miss Nelson, Peterson and Hart, and Collier and Bruce Loebs.

This year's national intercollegiate debate topic is, Resolved: That the further development of nuclear weapons should be prohibited by international agreement.

# VOX SOLITI

by stan aspittle

"In making the vertical butt stroke . . . step in . . . and at the same time drive the rifle butt forward and upward in a vertical arc to your enemy's groin.

"If your opponent moves backward and the vertical butt stroke misses, step forward quickly . . . and drive the rifle butt at his head.

"If your opponent falls or jumps out of butt range, continue to advance and slash diagonally downward with the bayonet. Aim the slash toward the junction of the neck and shoulder."

The above was taken from ROTCM 145-30, the official manual issued by the Department of the Army for use as a textbook at this college in the Military Science program.

Let me tell you what you're going to be thinking after reading the quotes. You're going to think how does this sort of material fit into an institution supposedly dedicated to culture? You might even get a little indignant about the idea of this being compulsory learning for all able-bodied male students.

Then you might ask yourself: Is this program really necessary?

Then, little by little, you might begin to realize that a program of this sort is a necessity. The proud, ultra-modern buildings and the prouder ideals of higher learning have to exist. If they are to continue existing the dingier buildings and less beautiful ideals of the Military Science Department have to exist on the other side of the greensward.

And those "college text books" have to exist with it.

ROTC and the whole concept of the military might be as painful to our senses as a polio vaccination. And just as necessary to the continuing function of the organism.

The male collegianimal has to have his head brought out of the intellectual clouds long enough for hard, material

facts to be imprinted on his braincells.

Today textbooks and lectures and examinations and knowing what meter Elizabethan poets used isn't enough. Going along beside this has to be the knowledge of how an M1 rifle works, how to command a company of men and, even, how to use a bayonet.

We all have to give up a little of our ideals so these ideals won't be taken away from us altogether.

### Hazdovac, Venter RHA's King, Queen

Nick Hazdovac, Cypress Hall, and Marilyn Venter, Santa Rosa, were crowned the first King and Queen of a Residence Halls Association formal Friday night at RHA's "Autumn Swirl" in the Biltmore Hotel's Coral Casino.

Hazdovac was sponsored by the women of Tesoro Hall and Miss Venter by the men of Cypress. Voting for the candidates took place at the door.

The music of I. Newton Perry's "Men in Blue" was featured at the event, and other entertainment was provided by folk-guitarist Galen Denning and vocalist Sylvia House.

RHA members and their guests packed the Casino and the four-hour dance ran overtime. The theme "Swirl" was carried out by the decorations which included a revolving wheel in the center of the room.

### Gaucha Notes

#### Bull Sessions

Another season of RHA Bull Sessions commences Thursday night in the Santa Rosa Hall lounge when Dr. Paul Wienpahl of the Philosophy Department will lead a group discussion on "Mysticism." The bull session will begin at 8:30 p.m. Everyone is invited to sit in and express his views.

#### 'Timbers Tromp'

"Timbers Tromp" is the theme for the Junior Class party scheduled for Monday, Nov. 23. The party will replace the originally scheduled "All-Cal" event. The event will be held at the Timbers, north on Highway 101 on the corner of Winchester Canyon Road, eight miles north of Goleta. It will feature a dinner and a jam session. Admission is free to all Junior Class card holders. A fee of 50c will be charged for non-class-card holders.

#### Women's Hockey

Women interested in participating in the women's hockey group are reminded that the matches are scheduled every Thursday at 4 p.m. and Friday at 2 p.m. The hockey club was formed for the primary purpose of providing recreation. Knowledge of the game is not required.

#### Scholastic Awards

Eight outstanding students have recently received congratulatory letters from Vice Chancellor Elmer R. Noble. The letters were sent to acknowledge total scholastic achievements for the academic year 1957-58.

Sophomores receiving letters of recognition were: Paula Havens, Elementary Education — 3.890; James Howe, Economics — 3.842, and Sasha Schmidt, History — 3.833.

Students receiving letters in the junior class were: Sharon Bradshaw, Elementary Education — 3.750; Laurel Corkins, Zoology — 3.745, and Roxy Bell, Elementary Education — 3.738.

Letters to seniors acknowledged Warren Finn, Political Science — 3.800, and Anna Reynolds, Psychology — 3.787.

## Intramural Basketball Heads Into Second Week of Play

by Jerry Patch

Tonight intramural basketball moves into its second week of action with a full slate of six games scheduled (see schedule below).

Casaba play began Tuesday, Nov. 11, with Sequoia Hall meeting Juniper-Pine in the featured contest of the evening. The Sequoians were never headed by Juniper-Pine in a well-played game and turned them back by a 35-27 score. Frank Kall scorched the chords for 20 markers in behalf of Sequoia, while Zeke Perlo turned in 18 points for Juniper-Pine. In the other scheduled game, Delta Sigma Phi forfeited to Kappa Sigma.

On Wednesday, Delta Tau Delta unveiled a fast, tall squad which walloped Sigma Pi, 40-18. Gordon Nash notched 11 counters for the Delts, while Jerry Oshiyama was hitting 10 points for Phi Pi. In the second contest played that night, Sigma Phi Epsilon marched past Phi Psi Zeta, 42 to 30. Dave Quisling led the Sig Eps as he bucketed 16 points. Joe Vimbro hit 14 for the losers.

The fraternity league powerhouse once again should prove to be SAE. The squad, coached by Mike Rappaport, already has had two practice contests. Against Santa Barbara High School the SAEs were dropped in the final 30 seconds, 47-46. In their second contest, this time against the UCSB varsity, the SAEs were nipped by a 43-39 count. Don

Levy, former all-conference junior college star, is SAE's chief scoring threat.

In the residence hall division, Toyon-Acacia looms the foremost contender for the RHA trophy. Jim Reed and Craig Thom, two dead-eye guards, appear to be the team's chief threat. The Sleep-and-Eaters, Cypress and Sequoia appear to be Toyon-Acacia's chief opposition on the road to the RHA championship.

### This Week's Schedule

Today—7 p.m., Acacia-Toyon vs. Birch, Phi Psi Zeta vs. Sig Pi; 8 p.m., Sequoia vs. Beachcombers, SAE vs. Lambda Chi; 9 p.m., Delts vs. Kappa Sigma.

Tomorrow—7 p.m., Lambda Chi vs. Sig Eps, S.-and-E. vs. Birch; 8 p.m., Acacia-Toyon vs. Juniper, Delta Sigs vs. Phi Psi Zeta; 9 p.m., SAE vs. Delts.

### Intramural Scoring

Sequoia (35)—Hall, f, 20; Clark, f, 2; Smith, c, 5; Patch, g,

6; Cockrell, g, 0. Juniper (27)—Gary, f, 5; Reynolds, f, 2; Perlo, c, 18; Dansby, g, 2; Gray, g, 2. Scoring Subs—Sequoia: Hopkins 2.

Delts (40)—Morgan, f, 10; Nickle, f, 8; Rudder, c, 0; Ross, g, 0; Hislip, g, 3. Sigma Pi (18)—Oshiyama, f, 10; Oldson, f, 3; Hunter, c, 0; Hildbandt, g, 3;

Andes, g, 2. Scoring Subs—Delts: Webster 6, Nash 11, Bennett 2.

Sig Eps (42)—Badion, f, 3; LaBarge, f, 6; Usab, c, 2; Quisling, g, 16; Hunt, g, 13. Phi Psi (30)—Valenzado, f, 4; Guthrie, f, 6; Paisley, c, 0; Kimbro, g, 14; Ring, g, 6. Scoring Subs—Sig Eps: Dohlan 2.

## Robbins' Nest

By J. R. Robbins, Sports Editor

### AERIAL SUPREMACY

The passing-receiving tactics of quarterback Jim St. Clair and Duke Ellington has earned them, at this writing the supremacy in both of those departments. St. Clair, unleashing a torrid passing attack against the Aggies at "All-Cal" with 19 completions out of 28, has insured his lead.

For the season St. Clair has thrown 103 passes for 54 completions and 5 TDs. These aerials went for 816 yards, almost 300 yards more than the second-aerialist, Hank Lewis, of Diablo fame.

Ellington has snagged 19 aerials for 330 yards and three of the five TDs. This combination will, Gaucho fans hope, play havoc with Cal Poly's defenders come Friday. UCSB's "T" caller has enough targets in Gary Knecht, Tony Baca, John Stoney, Gary Hildebrandt, Benny Dyas, Kelly Hoover and Ralph Seales for a large array of good receivers.

Of the six teams in the conference, the Gauchos hold down second place in total offense with 2,131 yards in eight games for a 266.4 average per game. A

first in passing and a fourth in rushing makes up this total.

Don Kelliher still holds down second place in the kicking department, a 38.7 average for nine boots.

Injured fullback Ned Permenter, while missing action in the last two games, still retains a fourth in loop rushing with 392 yards in 78 carries. His 36 points in scoring, along with Ellington and Bob Ball of San Diego, makes for a three-way tie for second behind halfback Fred Ford of Cal Poly, who has tallied 46 points.

Cal Poly, with the rushing edge over UCSB, might upset the precedent to go with more passing this Friday, and will have a task matching the Gauchos' attack.

### Intramural Football

## Title Tilt Tomorrow

by Tom Morgan  
Sports Writer

The curtain drops on an action-filled season of Gaucho intramural gridiron wars tomorrow afternoon.

The long-awaited showdown between the fraternity kingpin,

Kappa Sigma, and the RHA pacesetter, either Sequoia or Cypress, which has collected interest ever since the loop's opening contest, steps front and center for top billing tomorrow at 3 p.m. on the intramural turf.

### 1st-Place Tie

Sequoia and Cypress tossed the RHA division into a first-place stalemate with identical records of 6-1, forcing a playoff match yesterday for a berth in tomorrow's finale.

The Kappa Sigs have yet to taste defeat this season, as they rumbled past six frat opponents in convincing fashion, behind a smooth-operating offensive machine.

### High Scoring

Toyon-Yucca set a season high in the scoring column when eight different players entered the point-getting parade, while the second-place finishers polished Pine, 79-6. Sequoia followed on the heels of the Toyon rout, tuning up for its playoff test with a lop-sided 61-6 conquest of Birch-Acacia.

The SAEs picked off the runner-up position to the Kappa Sigs on the frat side of the ledger, escaping from their six-game

card with only a single loss and one tie.

### The final standings:

FRATERNITY	W	L
Kappa Sigs	6	0
SAE	4	1
Sig Eps	4	2
Sigma Pi	3	2
Lambda Chi	2	4
Delts	1	5
Phi Psi Zeta	0	6
INDEPENDENT	W	L
Sequoia	6	1
Cypress	6	1
Toyon	5	2
Beachcombers	5	2
Pine	3	4
Birch-Acacia	2	5
Juniper	1	6
Palm	0	7

NOTE: (1) Classes of two or fewer units will have examinations from 8-10 a.m. or 1-3 p.m. (2) Classes held at 5:00 p.m. or during the evening will be scheduled by the instructor at an hour that produces no conflicts for the class.

## English Forum To Hear Crutwell Tonight

Patrick Crutwell, a noted British writer and critic, will speak at the meeting of the English Majors' Forum at 8 this evening in Santa Rosa Lounge. His topic will be "One Englishman's View of What Americans Think of England."

Now an instructor at Santa Barbara College, Mr. Crutwell has written a book entitled "The Shakespearean Moment" and has also written essays which have appeared in leading American

and English literary journals. The English Majors' Forum is an organization composed of all English majors and instructors of English at the college. The purpose of this meeting is to bring teachers and students together in an informal atmosphere to discuss topics of mutual interest. All interested students and faculty members are invited to attend.

## COLLEGE PROFITS BY 'SPECTRUM'

Today *Spectrum*, the college literary magazine, goes on sale. Its student ownership and operation, unique, yet valuable in the world of the small magazine, has helped to accomplish the aim of publishing not only professional but also student writings. This philosophy allows good, young and unknown writers to have their poetry or fiction printed beside the works of such men as William Carlos Williams, Samuel Beckett, Jean Cocteau and T. S. Eliot.

### International

The circulation of *Spectrum* is not limited to the local market for it is sold not only in the United States but also throughout Europe. *Spectrum*, thus, has an international impact with the opportunity for students to reach an ever-expanding audience.

The essays, poems and fiction in the current issue have been excellently selected with the view to variety and general interest. For example, the essay of Waclaw Lednicki presents the problems of the artist during the second World War. Through his eyes the reader discovers the literary as well as the political issues which faced the Polish people in their war-torn homeland.

### High Quality

The justification and usefulness of *Spectrum* rests in its ability to circulate writings, such as Prof. Lednicki's, to the students here and to those interested outside the college and Santa Barbara. The success of *Spectrum* in presenting the high-quality writing of both students and already-established authors is a success which also should be claimed by the whole student body. The final effect and force of this Associated Students magazine comes from the close co-operation between students and faculty. *Spectrum* is a way in which the students can most actively justify their relationship with a traditional liberal-arts institution.

## GRACE BUMBRY . . .

continued from page one

The young singer has received many national awards, including winning the Marian Anderson Award in 1957. Her gifted voice has been compared with that of Miss Anderson by some critics. She has many impressive reviews to her credit, with her future clearly indicated by Ronald Scofield in July of this year as a result of her concert on the Festival Series here: "... so commanding, so expressive and so richly musical that one has no hesitation in predicting that here is one of the truly great vocal artists of the future."

The concert is sponsored by the Committee on Drama, Lectures and Music.

## Glassmaking Talk

The featured guest of tomorrow evening's History Club meeting will be Dr. Frederic Schuler, associate of the Corning Glass Museum. Dr. Schuler will discuss "Ancient Glassmaking" at the 7:30 meeting in the Library, Room 251. The public is invited to attend the session.
