COLLEGE FOUNDATION MARCH 16, 1909

“Congratulations to you, facul- ty for the Founding Day, March 16, 1909-1924. Best wishes for Alumni Day in May. Gratulatons to manager Eagle for its splendid news content, as usual. With best wishes to all,” signed Mrs. Lewis Kennedy Morse, President, and Miss Ednah Rich, the telegram received at the office Saturday from the founder of the college.

In March, 1939, the Santa Barbara State Normal School of Manual Arts and Home Economics was founded by Miss Ednah Rich. Its first sessions were held in the Blake Memorial Building. The present site was leased to the college by the City Council, and the first buildings completed and occupied in the fall of 1911. The next six years three other buildings were completed — the Art, Physical Education and Music buildings. The faculty of the college the longest. The former head of the institution until her retirement, was Miss Ednah Rich, who has planned the college and secured the right to develop courses leading to the A. B. degree upon their adoption by the State Board of Education. The first building, purchased in 1924, was taken over by the college and has since been occupied by all departments of the University of California, Santa Barbara.

The college was founded by the City Council of the University of Southern California, approved the granting of A.B. degrees and accepted the candidates for admission. The college was admitted to the American Association of State Teachers Colleges and ranks among the highest schools of its kind in California.

Miss Ednah Rich remained head of the college until her marriage to Mr. Lewis Kennedy Morse in 1914. At that time the college was under the direction of President Phelps. The college was head of the college until his death in 1912. The college was head of the college until her marriage to Mr. Lewis Kennedy Morse in 1914. At that time the college was under the direction of President Phelps. The college was head of the college until her marriage to Mr. Lewis Kennedy Morse in 1914. At that time the college was under the direction of President Phelps. The college was under the direction of President Phelps.

FACULTY HOLDS DISCUSSION GROUP

The faculty study group held its monthly meeting last week at the home of Miss Miller, head of the Community Chest Committee. The group reviewed two books, Collins’ ‘Project of Curriculum’ and Well’s ‘A Philosophy of Education’. A group discussion on curriculum for elementary and secondary schools was general, and of the two books taken place.

Dean Wentz will speak at the Ventura Parent-Teachers’ Convention to be held March 27.

SOPH'S ENTERTAIN S. B. ASSEMBLY

The Sophomore class was the sponsor of the assembly entertainment put on in the student body meeting Tuesday. The Sophomores under the direction of Miss Helen Culp presented a program of eleven students, all of Spanish names.

The first number was a play called by Marjorie Low and Anita Coast. A quartet composed of Rolly Elliott, Charles Mansfield, Raymond Foster, and Leland Culp, with Mrs. Lewis Kennedy Morse as the quarterback, were the cheerleaders.

“Adios Amores.” Anita Coast probably辐射 dance accompanied by Marjorie Low and Leland Culp. A solo dance by Marjorie Low, third number. A solo “La Pa­ sam” dance by Anita Coast, fifth number. "Four Post Yard Stick in Two Parts by A Two-piece Trio" proved to be several duets and solo selections by Ted Hillsworth and Marjorie Low. The program included a dance by the Sophomore class.

During the student body meeting the recommendation of the council, providing that the college and secure the right to develop courses leading to the A. B. degree upon their adoption by the State Board of Education. The first building, purchased in 1924, was taken over by the college and has since been occupied by all departments of the University of California, Santa Barbara. The college was founded by the City Council of the University of Southern California, approved the granting of A.B. degrees and accepted the candidates for admission. The college was admitted to the American Association of State Teachers Colleges and ranks among the highest schools of its kind in California.

MRS. PRICE ELECTED FIRST VICE PRESIDENT OF WOMEN’S CLUB

During the meeting Tuesday morning, Miss Laura S. Price, head of the General Profession department, was elected to the General Profession Department. Miss Price was also appointed to the committee on the Southern California and the Southern California Teachers’ Association. The college is entitled to two representatives on the council. Miss Price attended the meeting last Saturday in Los Angeles.

Our Athletic Progress
Santa Barbara College, after several years of ups and downs in athletics, has commenced to make real and substantial advances up the ladder of success. From a series of heartstopping defeats in former years the present has turned the tide, leaving Santa Barbara well in the lead in percentage of games won.

As a snowball rolling down a hill gathers force and size, so have our athletes gained in their rate of progress. From city league contests to state athletic tournaments is a real stride, and one which foretells future glory even greater than the present if the same driving force keeps urging onward.

The record of past seasons is bright, and the future is rosy. For the first time in history the college will have definite and substantial advantages in the way of good will of our fellow townsmen, and we also have had an opportunity to meet the merchants, to cripple our financial resources. When we

How About More Stunts?
That surprising demonstration of power netted out by the men of the mechanics department last Monday noon at the cafeteria is certainly deserving of favorable comment.

The record of past seasons is bright, and the future is rosy. For the first time in history the college will have a real inter-collegiate track meet in the city, and from present prospects, many of the medals and even some titles will remain on the hill. Coach Gilliland and his squad have done something of which not only the college, but the city at-large may be proud, in bringing about two real sensations as football and basketball.

All that the college needs to do is to keep going ahead, and it will go ahead, because once going, there is no immovable body for the irresistible force to meet to once and for all, settle "the question of what will happen."

APPEAL IS MADE TO H. E. STUDENTS

The Senate Bill No. 1465, commonly known as the Farm Bill, now coming up in Congress, is peculiarly interested in Home Economics people in that it makes provision for an increase in funds in the farm bill. This provision is made in the Federal and State Vocational Education Act, for Home Economics Education.

The Bill was first introduced in January, 1924, and reintroduced in 1921 by Mr. Foss of Ohio. It was intended to amend the Vocational Educational Act (Smith-Hughes) operative since 1917 in such a way that vocational training in homemaking pursuits may receive as much aid from Federal and State funds, and that these funds may be as suitably administered as in the case with vocational training in agricultural and industrial pursuits.

At present Home Economics may receive one-fifth as much from Federal funds as other of the larger groups of occupations, or one-sixth as much as the two together.

The development of home economics education in California requires additional funds which would be provided under the farm bill and the passage of this would equalize the amounts allotted to the three subjects, agriculture, trade and industry, and home economics. The growth of the last named subject in California warrants this increased expenditure. For this reason an appeal has gone forth to all women1 occurring in each and every woman to urge the passage of this bill. Home economics students, house women voters and EVERY woman interested in advancing education for women. Home Economics write immediately to your Congressman and Senator to vote for this bill.

There are 29 student teachers doing practice teaching at Riviera. Four of them are doing double duty teaching.

I feel sure that I could have saved them a sum of money on the order. Don't think that I am trying to get all the business, but if one fellow can bed my price, nobody has any kick coming. And I do like to at least have a chance at it.

How about it, people? Can we allow the practices of our organizations to go on as usual? People, you have an opportunity to help the women to vote against the passage of such a bill. If we do not, it will be left to other people to vote against the passage of such a bill. If we do not, it will be left to other people to vote against the passage of such a bill.

The recent assembly talk by Mr. Adrian was rather interesting, but logical criticism from many students disfavored the speaker's attitude.

WHO WANTS THAT FIVE DOLLARS?

The Eagle and the Annual depend upon the downtown merchants and business houses for support; indeed, neither of these publications could be printed without the patronage of their advertisers. It therefore follows that the first consideration of the business managers of these publications should be the good will of these men. As an institution, we have much to our credit in the way of good will of our fellow townsmen, but we also have had a great deal of ill will on our discredit. It has come to the attention of the business manager of this paper that several transactions have been consummated by various members of this institution that might have been avoided without foundation. At a recent purchase by a campus organization, the merchants, to cripple our financial resources. If we have any considerable order to give after this, give every merchant the chance to bid for the order, then everything will be happy, then when the Manager sets out after ads he will not be turned down at a score of places. The future of the Eagle and La Cumbre depend upon the goodwill and support of the merchants, so don't do anything to injure the future of these publications. This is a very serious matter, so think it over.

Hand In Both Prints and Negatives

TO H. E. STUDENTS

BEFORE APRIL 5, 1924

THE SNAPS EDITOR

A special General Professional meeting was held March 10 at which the plans for another dance were reconsidered. It was decided that a "Fentine Party and a Walse Ball" at the beach be given March 18. The Social Chair, Margaret Burke, arranged dates and committee of Ester Jansens and Ruth Garner have charge of the affair.

The friends of Mina Ellis will be glad to know that she has greatly improved and expects to return to college soon.

Dorothy Pratt of the General Professional Department is ill with pneumonia which has been substituting at the La Paz school.

Mrs. Merrill, another graduate of the General Professional Department, has been substituting at the city schools of Santa Barbara.

Laura Spreck, Proctor, head of the General Professional Department, was elected a representative from the Santa Barbara State Teachers College on the council for Southern California Teachers Association.

Addie Dunn, who has been absent on account of illness, has returned to her studies.

The development of home economics education in California requires additional funds which would be provided under the farm bill and the passage of this bill would equalize the amounts allotted to the three subjects, agriculture, trade and industry, and home economics. The growth of the last named subject in California warrants this increased expenditure. All that the college needs to do is to keep going ahead, and it will go ahead, because once going, there is no immovable body for the irresistible force to meet to once and for all, settle "the question of what will happen."

How About More Stunts?
That surprising demonstration of power netted out by the men of the mechanics department last Monday noon at the cafeteria is certainly deserving of favorable comment.

It surely broke the monotony of the old grind.

The Eagle and the Annual depend upon the downtown merchants and business houses for support; indeed, neither of these publications could be printed without the patronage of their advertisers. It therefore follows that the first consideration of the business managers of these publications should be the good will of these men. As an institution, we have much to our credit in the way of good will of our fellow townsmen, but we also have had a great deal of ill will on our discredit. It has come to the attention of the business manager of this paper that several transactions have been consummated by various members of this institution that might have been avoided without foundation. At a recent purchase by a campus organization, the merchants, to cripple our financial resources. If we have any considerable order to give after this, give every merchant the chance to bid for the order, then everything will be happy, then when the Manager sets out after ads he will not be turned down at a score of places. The futures of the Eagle and La Cumbre depend upon the goodwill and support of the merchants, so don't do anything to injure the future of these publications. This is a very serious matter, so think it over.

FRENCH CLASSES
PLAN PROGRAM
Under the general direction of Miss Ramelli, teacher of foreign languages, the combined French classes of the college are planning a party to be given shortly after the Easter holidays. Committees have been named, and definite plans are now under way.

According to present plans, the program will include a short one-act play in French, several French songs by a special group of choristers, music, etc. The rest of the time will be spent in dancing. The tea will probably be given on a Friday afternoon, from four until seven, at the cafeteria. Well-known members of the college will take part in the play, songs and dances, whose identity will be announced later.

Those to be invited to the tea are the members of the French classes, members of the Spanish classes, and special invited guests.

MEN’S GLEE CLUB
MAKES PROGRESS
The Glee Club furnished the unanimous entertainment of Community Chest drive teams with fifteen minutes of snappy and musical entertainment last Tuesday noon in Recreation Center. It was a real pleasure to serve the people who are working in such a noble cause, and incidentally it was a real pleasure to be served with a taste in after the singing.

All of the men seemed to think that the club put over the smoothest performance of any so far attempted, and that our extra practices is getting results. The club as a whole is gaining confidence in its ability to “put it over,” and there is no limit to its possibilities now. When one considers that over twenty-five per cent of the men in college are members of the Glee Club, it must be conceded that Mrs. Barnett has stimulated a real and lasting interest. In this she was ably assisted by the club president, Merton Harlow, who is always on the job and working for the club.

Mr. Phelps is backing the club to the limit and has done wonders in getting wholesale prices on the dress outfits for the members and in arranging the first Glee Club tour, which will start late in April and last one week. The club hopes to make a record that will be a mark for succeeding clubs to shoot at for many years.

A. W. S. ENJOYS
SUFFER AT REC.
Last Friday night the A. W. S. held its first supper in the Sun Room at Recreation Center. Games were played from four until six, when a supper consisting of tamales, French rolls, coffee and apple pie, was served, at the remarkably low cost of twenty cents. More than fifty girls enjoyed the affair.

After the supper an informal business meeting was held, at which plans for the T. W. A. convention to be held at Los Angeles this weekend were outlined by Dean Westcott. Two official delegates, Helen Culb and Frances Drew, were then elected, who together with Irene Yuenken, A. W. S. President, will be the official Santa Barbara delegation to the conference.

After the meeting the girls adjourned to the reception room of the Center, and danced to the Victrola. Merton Harlow, famous member of the S. B. S. T. C., entered about the middle of the dance, and retired in confusion. Careful, Merton.

Mr. A. H. ADRIAN
SPEAKS IN ASSEMBLY
On Tuesday, March 11, Mr. A. H. Adrian, Chautauqua speaker and educator, who lives in Santa Barbara, spoke before the student body at the regular assembly.

The subject of Mr. Adrian’s talk was the present relations existing between the United States and England. Mr. Adrian showed how mistaken ideas on the past relations of the two nations had brought about a feeling of animosity between the two countries, and made a plea for fair dealing and an open mind in regard to England.

Mr. Adrian then stated that the results of the Civil War had not yet worn off, and begged that a foolish guard be forgotten in an effort to make a better United States.

COMMUNITY MECHANIC NOTES
The machine shop students are constructing a number of universal engine stands in order to save time on the overhauling of motors in the automotive section. The stands are being made complete in the machine shop from Mr. Rust’s design. An engineering test stand will also be made to test the horseratey of overhauled motors. This will place our auto shop on a par with the most advanced automobile practices.

In the wood shop sixty handies are being made which will serve the athletic department about $400. A number of drawing boards are being made for Mr. Jacoby’s architectural drawing class.

In time with this program of really practical work the machine shop is earning veniences for Miss Terry’s laboratory.

CHINESE PARTY IS ENJOYED BY STUDENTS

On Friday evening, March 7, a Chinese Party under the sponsorship of the General Professional Department was held in the cafeteria, which was prettily decorated in peach blossoms, Japanese lanterns and parasols. Credit for these decorations should be given to Lois Fratis and her committee. The evening was spent in playing Mah-Jong, Pong-Pong, and other games.

During the evening the card-players were entertained with a song by a little Chinese girl, Jessica Lemmon, and another Chinese song and dance by Adeline Abbott and Betsy Dunbar. The National Song of China, sung by Miss Komet, was much enjoyed. Fortun­ues were told by Eddie Dowler and Ruth Garner.

Refreshments, to the surprise of all, consisted of real Chinese dishes. The General Professionals wish to thank the following people: R. Linder, A. Keim, H. Keeler, C. Ennetts, and W. Brown-Dumars for their fine cooperation in helping to make the party a success.

P. Linder, A. Keim, H. Keeler, C. Ennetts, and Ruth Garner. On Friday evening, March 7, a Chinese Exhibit which they loaned.

OUTING CLUB VISITS NOJOQUI

Saturday, March the eighth, marked a red letter day in the history of the Outing Club. On this day all day automobile trip of the entire club was made to the Nojoqui Falls, the spot visited. This historic place lies near the Santa Ynez Mission, about forty-five miles from this city. The drive was made through the romantic Santa Barbara country to the Allis­tan ranch, from which spot the party hiked to the falls.

Twenty-eight made the trip, and all had a most enjoyable time. They were as follows: Mr. and Mrs. William Ashworth, Billy Ashworth Jr., Mrs. Laura Price, Ethel Feall, Barbara Higgin, Helen Hollingsworth, Phil Broth­erton, Grant Youngs, Pat Neely, Eddie Dowler, Frances Lincoln, Holis and Dorthy Pratt, Harry Henderson, Lucile Hester, Bar­bara Dewiany, Mabel Soren, Ted Ellsworth, Martin Henson­ton, Alvan Branson, Fred Hickey, Gordon Sawyer, Mr. and Mrs. Scalpiano, Mrs. Emma R. Price, Irene McCaleb and Margaret Kinscher.

Heles Calp spent the week­end at her home in Fillmore.

Miss Frances Jones entertained Dorthes Stant, Helen Woodard and Edris Novina at a dinner party at her home Sunday night.

Miss Lorna Roe was forced to return to her home in Bakers­field because of a nervous break­down. She hopes to resume her studies here after Easter.

Marjorie Gates spent the week­end at her home in Ventura.

Miss Winham, the librarian, was called to her home in Salinas County last Saturday because of the illness of her uncle.

Dean Ashworth spoke to the Kiwanians Club last week on the Albert Hertier play "King Solomon" to be presented tonight and tomorrow by the Community Arts Association.

Lucile Humphrey and Carol Adkins spent the week­end at her home in Fillmore.

Due to the requirement of outside business, Athletic Manager Fred Seegert resigned. Allan Keim was elected as manager for the rest of the season.

Mr. Hickey returned this week from the Los Angeles County last Saturday because of the illness of her uncle.

Miss Florence Pierce, an al­umna of the State College, who has been teaching at Waikiki, is expected back in the States before Easter.

"Stubby" Starkweather, who attended the State College last year, and who is now in the service, is expected to return to Santa Barbara with his bride early in May or June.

The art metal students will show some of their works of art in the near future. A case in the corridor will be utilized to show the fine progress made in this class in the first half of the semester.

Students of the San Diego State College are rehearsing for a show entitled "College Kept Up," which will consist of twenty scenes and be given in the near future.

FOOTBALL SCHEDULE FOR NEXT YEAR

The following football sched­ule is announced for next year by Coach Gilliland:

Christian College—here Oct. 11.
Loyola College—here Oct. 1.
College of Pacific—here Oct. 15.
S. Diego State Col.—here Nov. 8.
Bakersfield Jr. Col.—here Nov. 15.
San Jose State Col.—here Nov. 22.

Four games "here," and four games "there," on a heavy schedule which means that the men will have to get in and dig from the beginning. Many of the 1922-23 lettermen will return to play on the gridiron. Among them are Anderson, Keim, Lin­der, Moorhead, Martin, and Smith.

Everyone will be glad to learn that "The Eagle" is to realize the existence of a baby "Eaglet," which is being put out by the Riviera children. In putting out the "Eaglet" an effort has been made to correlate the different subjects, geography, current his­tory, spelling, and art. Three of these teachers are helping with the paper, Miss Callin and Miss Pratl having charge of the language work and Miss Kasten the art part. A great deal of credit should be given Mrs. John­son, who has charge of the entire paper.

Mr. Jacobs took his advanced students in architectural drawing to inspect the new high school building. Many interesting points were discussed and some students expressed the wish that the college some day have an auditor­ium like the one at the new school. Here’s hoping. With the old C, M, spirit and a little working we will get it one day.

In the "Cat," Friday Ellis—I’ll have fish today They say it’s good brain food. Mr. Hickey—The best week end we’ve had since the last one. Los Angeles—Then you’d better eat a whale.

Trade Mark is on the sole and lining of every genuine Arch Preserver Shoe. Look for it. All styles for all widths.
