

# THE EAGLE

VOL. 3.

FRIDAY, MARCH 21, 1924

NO. 12

## COLLEGE FOUNDER SENDS MESSAGE

COLLEGE FOUNDED  
MARCH 16, 1909

"Congratulations to you, faculty and students, on Founder's Day, March 16, 1909-1924. Best wishes for Alumni Day in May. Gratitude to manager Eagle for its splendid news coming so regularly. With best wishes to you all" signed Mrs. Lewis Kennedy Morse (formerly Miss Ednah Rich), was the telegram received at the office Saturday from the founder of the college.

In March, 1909, the Santa Barbara State Normal School of Manual Arts and Home Economics was founded by Miss Ednah Rich. Its first sessions were held in the Blake Memorial Building. The present site was later procured and the first buildings completed and occupied in 1913. In the next six years three other buildings were completed and the Art, Physical Education and Music Departments were added. In 1919 the legislature added the General Professional Department and changed the name of the school to the Santa Barbara State Normal School. Again, by legislative enactment the institution changed its name to The State Teachers College and secured the right to develop courses leading to the A. B. degree upon approval by the State Board of Education. The Junior College was taken over by the college and has since become definitely affiliated with the University of California. The State Board of Education has approved the granting of A. B. degrees with majors in Community Mechanics, Elementary Education and Home Economics. The institution as a whole has been admitted into the American Association of State Teachers Colleges and ranks among the highest schools of its kind in California.

Miss Ednah Rich remained head of the institution until her marriage to Mr. Lewis Kennedy Morse in 1916. At that time Mr. Frank Ball was elected president and served for one year. President Phelps has been head of the college since 1918. Mrs. Jane C. Miller, registrar, has been with the school since its start. Miss Ebbetts, Miss Frye and Miss Severy are the faculty members who have been with the college the longest. The former two came in 1912 and the later in 1914.

## FACULTY HOLDS DISCUSSION GROUP

The faculty study group held its monthly meeting last week at the home of Mrs. Miller. Mr. Jacobs, head of the Community Mechanics department, reviewed two books, Collin's "Project of Curriculum," and Well's "A Project Curriculum." A general discussion on curriculum for elementary schools in general, and of the two books took place.

Dean Westcott will speak at the Ventura Parent-Teachers' Convention to be held March 27.

## SOPHS ENTERTAIN S. B. ASSEMBLY

The Sophomore class was the sponsor of the snappy entertainment put on in the student body meeting Tuesday. The Sophomores under the direction of Miss Helen Culp presented a program of six numbers, all of Spanish atmosphere. The first number was a piano duet by Marjorie Low and Anita Cook. A quartet composed of Rollo Elliot, Charles Mansfield, Raymond Fleischer, and Carol Dawley sang "Adios Amores." Anita Cook gave a Spanish dance accompanied by Marjorie Low as the third number. A solo "La Paloma" was given by Mae Hamilton accompanied by Mrs. Barnett. The fifth number entitled "A Four Foot Yard Stick in Two Parts by a Two-piece Trio" proved to be several banjo and piano selections by Ted Ellsworth and Marjorie Low. The program closed with an original pianologue "The Best Man Wins" in which Harold Schoen, Rolla Elliot, Ted Ellsworth, Jack Vince, and Edna Dowler featured as the players. The words were composed by Dorothy Edmondson and Marjorie Low, and the music arranged and played by Eleanor Semmelmever.

During the student body meeting the recommendation of the council providing that old bills should be paid out of this year's activities' funds was adopted. Allan Keim was elected athletic manager to succeed Fred Seegert who has resigned for business reasons.

## I. W. A. CONFERENCE NOW IN SESSION

The annual conference of the Inter-Collegiate Women's Association of Southern California is being held in Los Angeles at the University of Southern California today and tomorrow. Irene Youngken, president of the Associated Women Students; Helen Culp and Frances Drew have been sent as official delegates to represent Santa Barbara at the conference.

The purpose of the conference is a discussion of the problems of women students in university and college life, each institution profiting by learning of the experiences of the others. Exact plans of procedure outlined by the University of Southern California for this convention have not yet been received, but will probably include business meetings and several social affairs.

Many girls expect to accompany the official delegates to Los Angeles. Those who will act as visiting delegates are Marian Ogden, Eleanor Semmelmever, Esther Janssens, Audrey Pensinger, Edna Dowler, Daphne Lathim, Florence Foy, Frances Jones, Clara Ziegeler, Gretchen Ziegeler, Florence Stratton, Frances Bath, Marjorie Cates, Burnett Magoffin, Irene McCaleb.

## NOT ST. PAT'S DAY BUT COM. MECH DAY

Community Mechanic's Day, Queener's Day, and Saint Pat's Day were all nailed into one on March 17, by the College Mechanics, thus solving the mystery of those prominent posters with the eye-jazzing colors. Girls, with challenging head-bands of green ribbon, wandered the corridors throughout the morning vainly anticipating some cave-man stuff from the husky mechanics. But an unaccountable stroke of bashfulness, or a desire for dramatic effect forced them to withhold all display until noon at the Caf. A humorous procession of jumper-clad, and motley-tied mechanics led by de Long, stamped into the Caf, drowning out the customary noises of the College eating hall with their monotonous chorus of "We are, we are, we are the me-cha-nics," etc.

The Buster-Brown ties of Dawley, Peters, and Hull caused much choking on the part of the feeding audience. President Keeler's new kover-alls excited much admiration.

After the luncheon at the Caf., for which a special table was laid, the mechanics began their queening in earnest though their ardor was considerably cooled by the dampness of the weather.

## WORK ON BUILDING TO START AT ONCE

Work on the proposed Mechanics building will start at once, according to authorization given President Phelps by George B. McDougall, state architect, and William Braden, a member of the State Board of Control who visited the college last Saturday. The new building which will have a floor space of 45 by 90 feet will be a two story affair.

The foundation and cement floor will be laid before the close of school, and the structure will be built during the summer. In order to keep the cost of the building as low as possible its construction will be made a part of the work of the class in house planning and building.

## STUDENTS ASSIST COMMUNITY CHEST

Dean Ashworth has been appointed to handle student contributions to the Community Chest. Mr. Ashworth explained the purpose of the Community Chest to the student body on Tuesday.

Tuesday noon the Men's Glee Club sang at the Community Chest luncheon given at Recreation Center.

Eda Proper, who is now teaching at Orcutt, visited her sister Una over the week-end.

## OUTING CLUB WILL HIKE TO THE DAM

TO START EARLY  
SATURDAY MORNING

The Outing Club will hike to the Dam tomorrow morning, starting from the College at about three o'clock. If possible, all the hikers will ride to the tunnel in machines, and hike from there to the dam. This will save between eight and ten miles of walking, and should make the trip easy enough for everyone to participate in.

The weather is ideal at this time of the year for such a trip. The trails are in fine shape, and the several springs and creeks along the way should be running and should afford welcome refreshment to weary hikers. Camp will be made in Devil's Canyon, near the dam. The party will spend the day at the Dam and at the Gibraltar Lake, the source of Santa Barbara's water supply.

A large group of hikers is expected to participate in this trip, as each recent outing has shown increasingly larger numbers of enthusiasts. Those expecting to go should bring two good meals, a flashlight, a canteen and a camera.

It is planned to start home at about five o'clock Saturday evening, and the return should take about three hours. This would get everyone home in time for the regular Saturday nite dance.

## DEPT. TRACK MEET HELD NEXT WEEK

An inter-department track meet will be held Wednesday, March 26, at Pershing Park at 2:30. About forty men have turned out for practice, and representatives from the Junior College, Community Mechanics, and General Professions, will compete in the meet. There are strong men from both the Junior College and the Community Mechanics, and according to Coach Gilliland each of these departments feels sure of coping the meet by at least 20 points. The G. P.'s make no predictions and will be content with whatever points they can make with the limited number of men in competition.

Fifteen events are scheduled including hundred yard dash, mile, low hurdles, two mile, high hurdles, two-twenty yard dash, four-forty yard dash, half mile, sixteen pound hammer, javelin, discus, high jump, shot put, pole vault, broad jump, and relay.

## MRS. PRICE ELECTED TO SOUTHERN COUNCIL

Mrs. Laura S. Price, head of the General Profession department, was elected by the faculty to represent the school on the Southern Council of the California Teachers' Association. The school is entitled to a permanent representative on the council. Mrs. Price attended the meeting of the council held last Saturday in Los Angeles.

## OUR ATHLETIC PROGRESS

Santa Barbara College, after several years of ups and downs in athletics, has commenced to make real and substantial advances up the ladder of success. From a series of heartbreaking defeats in former years the present has turned the tide, leaving Santa Barbara well in the lead in percentage of games won.

As a snowball rolling down a hill gathers force and size—so has the athletic program grown. From city league contests to state athletic tournaments is a real stride, and one which foretells future glory even greater than the present if the same driving force keeps urging onward.

The record of past seasons is bright, and the future is rosy. For the first time in history the college will give a real inter-collegiate track meet in the city, and from present prospects, many of the medals and cups should remain on the hill. Coach Gilliland and his squad have done something of which not only the college, but the city at large, may be proud, in bringing about two such seasons as football and basketball.

All that the college needs to do is keep on going ahead, and it will go ahead, because once going, there is no immovable body for the irresistible force to meet. To once and for all, settle the question of what will happen. "Will we win, Mr. Gallagher?" "Absolutely yes, Mr. Shean."

## HOW ABOUT MORE STUNTS?

That surprising demonstration of pen acted out by the men of the mechanics department last Monday noon at the Cafeteria is certainly deserving of favorable comment.

It surely broke the monotony of the old grind.

With a few more of such things occurring, and especially if they come as a surprise to the other departments as that one seemingly did, why, before we know it, the whole school will have new life.

## THE OTHER FELLOW'S VIEWPOINT

The Eagle and the Annual depend upon the down town merchants and business houses for support; indeed, neither of these two publications could be printed without the patronage of their advertisers. It therefore follows that the first consideration of the business managers of these publications should be the good will of these men. As an institution, we have much to our credit in the way of good will of our fellow townsmen, BUT we also have a great deal of ill-will to our discredit. It has come to the attention of the business manager of this paper that several transactions have been consummated by various members of this institution that have not been all that might have been wished for.

To put the matter in simple words, several merchants feel that they have been given a raw deal by the College, and a careful survey of the facts will convince anyone that their premises are not without foundation. A recent purchase by a campus organization, involving several hundred dollars, was made without obtaining bids from similar business houses. This fact in itself is bad business, as a considerable amount of money might have been saved those people interested in this purchase by obtaining bids from other houses. A merchant whom we will call Mr. A spoke the following words to the Business Manager the other day, a merchant who until recently was an advertiser in this paper. He said, "I understand that the \_\_\_\_\_ bought a number of \_\_\_\_\_ from Mr. B up the street. Why don't they come around?"

## APPEAL IS MADE TO H. E. STUDENTS

The Senate Bill No. 1408 commonly known as the Fess Bill, now coming up in Congress, is of peculiar interest to Home Economics people in that it makes provision for an increase in the fund allowed under the Federal and State Vocational Education Acts, for Home Economics Education.

The Bill was first introduced in January, 1920, and reintroduced in 1921 by Mr. Fess of Ohio. It was intended to amend the Vocational Educational Act (Smith-Hughes) operative since 1917 in such a way that vocational training in homemaking pursuits may receive as much aid from Federal funds, and that these funds may be as suitably administered as is the case with vocational training in agricultural and industrial pursuits.

At present Home Economics may receive one-fifth as much from Federal funds as either of the other two groups of occupations, or one-tenth as much as the two together.

The development of home economics education in California requires additional funds which would be provided under the Fess Bill and the passage of this bill would equalize the amounts allotted to the three subjects, Agriculture, Trade and Industry, and Home Economics. The growth of the last named subject in California warrants this increased expenditure. For this reason an appeal has gone forth to all women acting either individually or through Womens Clubs Organizations to use what influence may be at hand to urge California Congressmen and Senators to vote for this bill.

You Home Economic students, women voters and EVERY woman interested in advancing education for the bettering of HOMES write immediately to your Congressmen and Senators!

There are 29 student teachers doing practice teaching at Riviera. Four of them are doing double teaching.

I feel sure that I could have saved them a sum of money on the order. Don't think that I am trying to get all the business; if the other fellow can beat my price and I get a chance at the business nobody has any kick coming. But I do like to at least have a chance at it."

How about it, people? Can we allow the practices of our organizations and officers to injure the reputation of the College with the merchants, to cripple our financial resources? When we have any considerable order to give after this, give every merchant a chance to bid for the order, then everybody will be happy, then when the Manager sets out after ads he will not be turned down at a score of places. The futures of the Eagle and La Cumbre depend upon the good will and support of the merchants, so don't do anything to injure the future of these publications. This is a very serious matter, so think it over.

The recent assembly talk by Mr. Adrian was rather interesting, but logical criticism from many students disfavored the speaker's attitude.

## G. P. DEPARTMENT

A special General Professional meeting was held March 10 at which the plans for another dance were reconsidered. It was decided that a "Plunge Party and a Weinie Bake" at the beach be given March 28. The Social Chairman, Marjorie Gates, and committee of Ester Jansens and Ruth Garner have charge of the affair.

The friends of Mina Ellis will be glad to know that she has greatly improved and expects to return to her studies soon.

Dorothy Pratt of the General Professional Department is ill with poison oak which she received on the trip to Nojoqui Falls.

Last week the students were treated to a performance of Jack and Jill when Gladys O'Shea, taking the part of Jill, slipped into the pool bumping her head. Dr. Nagelman applied the vinegar and brown paper.

Frances Drew is still using "helpers." We hope she will be able to do without them soon.

Isabel Lyons has been suffering from a slightly sprained ankle. We hope she will do better in the future.

One of last semester's graduates of the General Professional Department, Irene Peterson, has been substituting at the La Patera school.

Mrs. Merrill, another graduate of the General Professional Department, has been substituting in the city schools of Santa Barbara.

Laura Spreet Price, head of the General Professional Department, was elected a representative from the Santa Barbara State Teachers College on the council for Southern California Teachers Association.

Addie Dunn, who has been absent on account of illness, has returned to her studies.

**FRENCH CLASSES  
PLAN PROGRAM**

Under the general direction of Miss Ramelli, teacher of foreign languages, the combined French classes of the college are planning a party to be given shortly after the Easter holidays. Committees have been named, and definite plans are now under way.

According to present plans, the program will include a short one-act play in French, several French songs by a special group of chorus-girls, music, etc. The rest of the time will be spent in dancing. The tea will probably be given on a Friday afternoon, from four until seven, at the cafeteria. Well-known members of the college will take part in the plays, songs and dances, whose identity will be announced later.

Those to be invited to the tea are the members of the French classes, members of the Spanish classes, and special invited guests.

**MEN'S GLEE CLUB  
MAKES PROGRESS**

The Glee Club furnished the enthusiastic members of the Community Chest drive teams with fifteen minutes of snappy entertainment last Tuesday noon at Recreation Center. It was a real pleasure to serve the people who are working in such a noble cause and incidentally it was a real pleasure to be served with a tasty meal after the singing.

All of the men seemed to think that the club put over the smoothest performance of any so far attempted, and that our extra practice is getting results.

The club as a whole is gaining confidence in its ability to "put it over," and there is no limit to its possibilities now. When one considers that over twenty-five per cent of the men in college are members of the Glee Club, it must be conceded that Mrs. Barnett has stimulated a real and lasting interest. In this she was ably assisted by the club president, Merton Harlow, who is always on the job and working for the club.

Mr. Phelps is backing the club to the limit and has done wonders in getting wholesale prices on the dress outfits for the members and in arranging the first Glee Club tour, which will start late in April and last one week.

The club hopes to make a record that will be a mark for succeeding clubs to shoot at for many years.

**A. W. S. ENJOYS  
SUPPER AT REC.**

Last Friday night the A. W. S. held its first supper in the Sun Room at Recreation Center. Games were played from four-thirty until six, when a supper consisting of tamales, French rolls, coffee and apple pie, was served, at the remarkably low cost of twenty cents. More than fifty girls enjoyed the affair.

After the supper an informal business meeting was held, at which plans for the I. W. A. convention to be held at Los Angeles this week-end were outlined by Dean Westcott. Two official delegates, Helen Culp and Frances Drew, were then elected, who together with Irene Younken, A. W. S. President, will be the official Santa Barbara delegation to the conference.

After the meeting the girls adjourned to the reception room of the Center, and danced to the Victrola. Merton Harlow, famous member of the S. B. S. T. C., entered about the middle of the dance, and retired in confusion. Careful, Merton.

**MR. A. H. ADRIAN  
SPEAKS IN ASSEMBLY**

On Tuesday, March 11, Mr. H. A. Adrian, Chautauqua speaker, and educator, who lives in Santa Barbara, spoke before the student body at the regular assembly.

The subject of Mr. Adrian's talk was the present relations existing between the United States and England. Mr. Adrian showed how mistaken ideas on the past relations of the two nations had brought about a feeling of animosity between the two countries, and made a plea for fair dealing and an open mind in regard to England.

Mr. Adrian also stated that the results of the Civil War had not yet worn off, and begged that all factional quarrels be forgotten in an effort to make a better United States.

A man wrapped up in himself makes a very small package.

**COMMUNITY  
MECHANIC NOTES**

The machine shop students are constructing a number of universal engine stands in order to save time on the overhauling of motors in the automotive section. The stands are being made complete in the machine shop from Mr. Rust's design. An engine testing stand will also be made to test the horsepower of overhauled motors. This will place our auto shop on a par with the most advanced automobile practice.

In the wood shop sixty hurdles are being made which will save the athletic department about \$300. A number of drawing boards are being made for Mr. Jacobs' architectural drawing class.

In line with this program of really practical work the tinshop is making ventilators for Miss Severy's laboratory.

Herb Keeler has been offered a position at Marysville High School.

### CHINESE PARTY IS ENJOYED BY STUDENTS

On Friday evening, March 7, a Chinese Party under the sponsorship of the General Professional Department was held in the cafeteria, which was prettily decorated in peach blossoms, Japanese lanterns and parasols. Credit for these decorations should be given Lois Fratis and her committee. The evening was spent in playing Mah-Jongg, Five Hundred, and other games.

During the evening the card-players were entertained with a song by a little Chinese girl, Jessie Lemmon, and another Chinese song and dance by Adelaide Abbot and Betsy Dunbar. The National Song of China, sung by Miss Ennetts, was much enjoyed. Fortunes were told by Eddie Dowler and Ruth Garner.

Refreshments, to the surprise of all, consisted of real Chow Mein, a Chinese dish.

The General Professionals wish to thank the following people: P. Linder, A. Keim, H. Keeler, C. Smith, De Long, and R. Spicer, for their fine cooperation in helping to make the party a success, and also Mr. and Mrs. Guy Stockton for the Chinese exhibit which they loaned.

### OUTING CLUB VISITS NOJOQUI

Saturday, March the eighth, marked a red letter day in the history of the Outing Club. On this day the club took the first all day automobile trip of the year, if not of the entire existence of the club. Nojoqui Falls was the spot visited. This historic place lies near the Santa Ynez Mission, about forty-five miles from this city. The drive was made through the romantic Gaviota Pass country to the Allisal ranch, from which spot the party hiked to the falls.

Twenty-eight made the trip, and all had a most enjoyable time. They were as follows: Mr. and Mrs. William Ashworth, Billy Ashworth Jr., Mrs. Laura Price, Beth Teall, Barbara Higgins, Reid Hollingsworth, Phil Brotherton, Grant Youngs, Pat Neeley, Eddy Dowler, Frances Lincoln, Holis an dDorothy Pratt, Harry Henderson, Lucile Hester, Barbara Dewlaney, Mabel Sorem, Ted Ellsworth, Harlin Henderson, Alvin Branaov, Fred Hicks, Gordon Sawyer, Mr. and Mrs. Scalapino, Mrs. Emma B. Price, Irene McCaleb and Margaret Kincher.

Helen Culp spent the weekend at her home in Fillmore.

Miss Frances Jones entertained Dorthea Stant, Helen Woodard and Edris Nevins at a dinner party at her home Sunday night.

Miss Lorna Roe was forced to return to her home in Bakersfield because of a nervous breakdown. She hopes to resume her studies here after Easter.

Marjorie Gates spent the weekend at her home in Ventura.

Miss Winham, the librarian, was called to her home in Salinas County last Saturday because of the illness of her uncle.

Dean Ashworth spoke to the Kiwanians Club last week on the Albert Herter play "King Solomon" to be presented tonight and tomorrow by the Community Arts Association.

Lucile Humphrey and Carol Hickey returned this week from a stay of a week and a half in Berkeley. The trip was made by machine, and it is reported that record time was made.

Miss Florence Pierce, an alumnus of the State College, who has been teaching at Waikiki, is expected back in the States soon.

"Stubby" Starkweather, who attended the State College last year, and who is now in the east, is expecting to return to Santa Barbara with his bride early in May or June.

The art metal students will show some of their works of art in the near future. A case in the corridor will be utilized to show the fine progress made in this class in the first half of the semester.

Students of the San Diego State College are rehearsing for a show entitled "Kollege Kut Up," which will consist of twenty acts and be given in the near future.

### ARTIST'S SUPPLIES OF QUALITY

S. E. MORRIS  
1219 State St.

### FOOTBALL SCHEDULE FOR NEXT YEAR

The following football schedule is announced for next year by Coach Gilliland:

Christian College	here	Oct. 4
Loyola College	there	Oct. 11
College of Pacific	here	Oct. 18
Cal. Polly	there	Oct. 25
La Verne	here	Nov. 1
S. Diego State Col.	there	Nov. 8
Bakersfield Jr. Col.	here	Nov. 15
San Jose State Col.	there	Nov. 22

Four games "here", and four games "there", on a heavy schedule which means that the men will have to get in and dig from the beginning. Many of the 1922-23 lettermen will return to play on the gridiron. Among them are Anderson, Keim, Linder, Moorehead, Martin, and Smith.

Due to the requirement of outside business, Athletic Manager Fred Seegert resigned. Allan Keim was elected as manager for the rest of the season.

Al Barnov announces a tennis schedule in which the first match will be played March 29 between Loyola and the College at the Y.M.C.A. courts.

Everyone will be glad to learn that "The Eagle" is to realize the existence of a baby "Eaglet," which is being put out by the Riviera children. In putting out "The Eaglet" an effort has been made to correlate the different subjects, geography, current history, spelling, and art. Three of the students teachers are helping with the paper, Miss Catlin and Miss Pratt having charge of the language work and Miss Kasten the art part. A great deal of credit should be given Mrs. Johnston, who has charge of the entire paper.

Mr. Jacobs took his advanced students in architectural drawing to inspect the new high school building. Many interesting points were discussed and some expressed the wish that the college may some day have an auditorium like the one at the new school. Here's hoping. With the old C. M. spirit and a little backing we will get one yet.

In the "Caf." Friday  
Ellis—I'll have fish today They say it's good brain food.  
Le. Fevre—Then you'd better eat a whale.

Trade Mark is on the sole and lining of every genuine Arch Preserver Shoe. Look for it. All styles for all occasions. A complete range of sizes and widths for Men and Women.
