

UCSBC Men Will Choose Next Year's Officers This Week

CAMPUS ALERTED FOR SANTA BARBARA COAST

The noise of pounding hammers, coupled with the singing of saws, is common music at many of the organization houses this week, with the first evening of Santa Barbary Coast only three days away.

Organizations, clubs, and honorary societies are working at top speed to ready the 40 entries for the four-avenue Coast opening at 6:30 Friday evening, May 18.

Everything

Comprised of the Embarcadero, North and South Pacific Avenues, and Finnegan's Alley, this year's extravaganza has everything in the way of skill games, entertainment, and food.

Lining Pacific Avenue will be many food booths selling candied apples, snow cones, popcorn, and soda pop to carnival-goers. The Honeymoon Express will convey its passengers along a route covering the campus, giving all a chance to romance! Guessing games will be rewarded by grand prizes.

Hit Pretty Gals

Accurate sponge-hurlers will hit pretty girls with sticky sponges, and those who can use slingshots of their younger days to an advantage will reap dividends. A penny-toss will operate adjacent to the two movie-houses. Movies feature old-timers and modern farces.

Strolling into Finnegan's alley, the wayfarer can have a six-foot caricature sketched by a whole battery of artists! There's a pool hall for the three-cushion experts, egg-throwing at human targets, and a shooting gallery with decoys in water.

Live Talent

Live talent on Finnegan's alley sports The Dirty Dane vs. Darling Jack in wrestling, the girls of the Bella Union theatre, two saloons chuck full of good times, and a crystal-gazer stationed in a giant whale.

In the skill division, all dart experts will want to try their luck at the huge Revolving Bull, and the rabid race fans won't want to miss the Santa Barbary Coast Derby, featuring live frogs in a 100 centimeter free-style aquatic spectacle.

Food in Finnegan's alley will be served by Teacher's Taco Stand and the Golden Spigot.

House of Horrors

For those with lots of courage, the House of Horrors will be just the thing to whisk those "blues" away—or at least scare them away.

Couple this splendid entertainment with that offered in the Embarcadero's area of fun and frolic and you have the 1951 Santa Barbary Coast—the most fun-packed weekend ever staged at Santa Barbara College.

Charities

This year's Coast is supporting two worthy charities—the World Student Service Fund and the Memorial Student Union Fund. Fifteen per cent of the gross receipts of the carnival will be donated to each of these splendid charities.

Tickets for the Coast area will be ten cents each or ten for a dollar. They will be on sale starting at 6:30 pm in four convenient locations in the Carnival area, at the entrance to both the Embarcadero and Pacific Avenues, and at Pacific and Finnegan's Alley (see map for locations). No U.S.

All-College Lecture Tomorrow by Seefield

Dr. Kermit Seefield, assistant professor of industrial arts, will speak on 'Industrial Design' in the All-College lecture series tomorrow at 4 pm in Pine Hall 100.

Dr. Seefield will discuss the ingenuity which Americans have put into industrial production—turning out articles which are efficient, which can be made cheaply by mass production, and which also have emotional appeal.

Dr. Seefield, who has been at the College since 1946, was one of five men who designed a rocket gun for the navy in the last war, and who has served as consultant to manufacturers.

currency will be used in the carnival area, as the Santa Barbary Coast script will be the only legal tender.

Record Dance

Immediately following the Friday evening Coast, the Social Committee, under the direction of Graham Mehaffey, will present a record dance in the Cafeteria, open to the public for a twenty-five cent admission charge. The theme will be "come-as-you-are."

Saturday night's Coast will be highlighted by presentation of awards to the winning booths at 9:30 pm from the Barker's Stand at Pacific and Finnegan's Alley. The whole show will wind up at 11 pm Saturday evening.

With increased emphasis made on showing the Tri-County area that Santa Barbara College has to offer, the Coast should attract large numbers of high school students and townspeople from both near and far.

Applications Due This Week

Deadline for applications for student body chairmanships is this Thursday, it was stressed today by Bob Christofferson.

"Our main concern at present is to obtain good chairmen for next year's committees," Bob stated. "Sufficient applications are coming in now, but the wider the selection of applicants, the greater the possibility of obtaining the best qualified."

"All persons submitting applications are requested to attend the Legislative Council meeting to be held next Thursday in Pine Hall 100 at 7:15 pm at which time applications will be considered."

All applications for student editorships must be turned in by this afternoon, it was announced by Judy Cook, chairman of Press Control Board. Positions open are *El Gaucho* editor, student directory editor, and *La Cumbre* editor.

A Cappella and Band To Culminate Work Tomorrow Evening

Seventy-five vocal and instrumental musicians will present a program at 8:15 pm tomorrow in the Riviera Auditorium. These musicians are members of the Symphonic Band, directed by Clayton Wilson, and the A Cappella Choir, directed by Helen M. Barnett. Both organizations have scheduled this program as the culmination of their year's work.

Works by contemporary composers will be given emphasis by both groups to provide a program of exceptionally broad interest.

Choir Phase

The choir will open its phase of the program with a group of songs from the 16th and 17th centuries, representative of the religious and secular music of those periods, and then will turn to contemporary works, including numbers by Roy Harris and Deems Taylor, in the modern idioms.

Barbara York and Larry Schilling, who will handle solo passages in the choir's presentation, appeared in college and city recitals, oratorios and light operas. Miriam Hanlon is accompanist for the choir.

Symphonic Band

The Symphonic Band will play numbers which have been especially written for this particular type of musical group, rather than transcribed numbers from orchestral literature. The one exception is the use of Bach's organ selections, which are considered suitable for wind instruments. Contemporary composers represented in the band numbers include Vaughn Williams, Milhaud and Prokofieff.

The program includes: Wacht auf, Chorale Prelude... J. S. Bach

WATERFRONT AREA MAP

AMS Election Due Thursday

Petition deadline for candidates for AMS offices was extended until yesterday afternoon, it was announced Friday by AMS President Frank Dominguez.

The election will be held Thursday, and if necessary a run-off election will be held May 24. Regular election procedure will be followed with all men students required to show ASB cards.

Jim Beacom and Mark MacLin are the candidates in the running for president; Don Rice is running for vice-president; John Juday is the sole candidate for treasurer, and the historian and secretary positions were still open Friday afternoon.

Among the AMS activities during the year are two steak fries, a get-acquainted picnic, and the sponsorship of the annual inter-class track meet.

SUMMER SESSION HAS NEW CLASSES, NEW PROFESSORS

An unusual program has been made available for students wishing to attend summer school. New developments in fields of international interest will be included, it was announced recently by Dr. J. Harold Williams, Provost. These special offerings are in addition to comprehensive regular courses in all departments.

The Summer Session will be held from June 18 to August 11. Registration is scheduled for June 16. Catalogues are now available in the Registrar's Office. These catalogues are free to all students interested in enrolling for classes.

Timely

Among particularly timely offerings are such courses as "Descriptive Atomic and Nuclear Physics," "Minerals in World Affairs" and "Chemistry in the Modern World." Some specialized courses, such as "Hispanic-American History," are offered only in the Summer Session.

Eleven visiting instructors will be on the staff. These include Dr. John E. Allen of the New Mexico School of Mines, Dr. Sue W. Earnest of San Diego State College, Gates Foss of Santa Barbara, Dr. Aubrey Haan of the University of Hawaii.

Others

Also Dr. Laura Hooper of the University of Pennsylvania, James A. McCray of Mills College, Dr. Margaret E. Robins of the University of Miami, William B. Steinberg of San Diego City Schools, Dr. James T. Watkins of Stanford University, and Dr. Lewellyn N. Wiley of the Educational Research Corp.

The Summer Session is intended for those who wish to pursue regular work during the Summer and for those who wish to make special studies. High School graduates are not required to pass the customary admission standards for the Summer Session, unless they wish to continue their work for a degree.

Requirements

Those who are 21 and have not graduated from high school may also attend, if they believe they profitably carry on the classroom work.

Other interesting classes will include the First Aid courses being offered through the cooperation of the Red Cross, a series of lectures by faculty members and distinguished visitors and a social program to be conducted under the auspices of the Associated Students.

A Demonstration School will be conducted, starting a week later than the regular classes and ending a week earlier.

Lecture Cancelled

The remaining English Department lecture for this semester, scheduled for this afternoon, has been cancelled, according to the English Department office.

Over 200 Entries in Project Contest Being Held on Mesa Campus

One hundred fifty people are expected to enter about 200 items in the Industrial Arts project contest to be held on the Mesa Campus May 29, 30 and 31, according to Bruce Monroe and Rene Melzer, co-chairmen of the event.

Any IA major may enter a project produced in class, such as an object or set of objects. Entries may be made in 16 classifications and prizes will be awarded in each division.

Prizes for the contest are solicited through the IA Club from manufacturing concerns producing products used by IA teachers. The awards will be given at the IA Club banquet at the end of the year.

Judging will be based on workmanship, utility or function, design and originality.

The classifications for entries include wood: hand, machine, and boat building; metal: hand, machine, forging, welding, and casting; graphic arts (drafting): design, perspective, machine drafting, presswork, typography, and book binding; architectural; electricity and radio; photography; handicrafts; teaching aids; and miscellaneous.

All Riviera campus students and townspeople are invited to view this IA Club-sponsored display.

'FOR DEFENSE, BLOOD MEANS LIFE'

During these troubled times the question often arises as to what we students can do to best help our classmates and contemporaries fighting for us in Korea. The Associated Students has found the answer to that question for us with a blood donor campaign to be staged on campus May 24 and 25 in conjunction with the American Red Cross.

"For Defense, Blood Means Life!" is the slogan for the campaign, with all blood donated to be sent directly to United Nations armed forces now fighting in Korea. Although we, as students, are not actually in a position to fight, we now have an opportunity to directly help those fighting for us by giving our blood for their wounded. Blood given by us next week may save the life of a soldier next month!

Setting the example for all us, Beta Sigma Tau has already given blood to the Red Cross in a project of their own. Now the project has been adopted by the entire student body, so here is our chance to support a really worthwhile cause.

All-Cal Art Exhibit Thursday; Might Become Annual Festival

Members of the Inter-campus Art Exchange Committee hope to inaugurate a new annual event in the coming All-University Art Exhibit.

"Eventually we hope to build this into a spring festival involving not only the graphic arts, sculpture, and photography, but also music and drama," stated Howard Fenton, who is in charge of the local arrangements.

Opens Thursday

The exhibit will open at noon Thursday, May 17. Hours are 12 noon to 6 pm Thursday, 10 am to 6 pm Friday and Saturday, and 1 to 6 pm Sunday. No admission will be charged. It will be presented on the lawn by the Snack Shack.

This campus has three of the twenty-four booths comprising the exhibition. There are 49 entrants from UCSBC, 31 from the art department and 18 from the industrial arts department. The exhibit includes painting, sculpture, graphic work, photography, design

in architecture, city planning, and landscape design.

Information Booth

There will be an information booth at the exhibit with student hostesses to conduct tours and distribute catalogs of the works represented.

Art panels conducted by the art department for the art classes will be conducted to discuss such subjects as "Trends in Contemporary Art," "Art in Action," and "What is Modern Painting Today." These discussions are not open to the public although the exhibit is for both the campus and the public.

Art Honorary

Delta Phi Delta, honorary art fraternity, is co-operating in the presentation, and the photography classes are taking pictures for the school records.

Local entrants from the art department are Oliver Andrews, Margaret Ash, Robert Bachman, James Bottoms, Donald Brewer, Chester Brownlee, Sally Carjola, Joan Carr Bert Conaghan, Roger de Cloutier, Ruth de Rosales, James Duke, Mary Ellis, Joan Ford, Barbara Harootunian, James Hatcher, Bonnie Hawn, John Antone Jancar, Paul Kluth, Johanna Lobeski, Alan MacAdams, Margaret Marsh, William Neely, Milton Nickelson, Lloyd Petersen, Arnold Pierson, Roger Putnam, John Sowaal, Robert Thomas, Ken Trevey, Peggy Rose Urner, and Latty Whitehead.

From the Industrial Arts Department entrants are Franklin L. Allen, Philip Bates, William A. Brozowsky, William Campau, Mark A. Carter, F. W. Christ, W. L. Coras, William Don Crie, C. F. Davis, Edgar R. Lanning, Harding Lee, Wesley Marenczuk, George Perry, Ralph W. Ritchie, Harry M. Sain, David Small and Roy Strader.

SENIORS, ATTENTION

Friday, May 18, all graduating seniors will be excused from 11 am classes to attend a special meeting in the Riviera Auditorium. The size of the turn-out will determine whether classes will be excused for such meetings in the future.

GOODALL SPEAKS FOR OCCUPATION BUREAU, SECONDARY CREDENTIAL

There have been many ideas on how to better Santa Barbara College in the last few years, so many that it is impossible to think about even fifty percent of them. It seems to me that now is the time to narrow the field down and fight for what we need. Let's face it! We are in an immense university and we cannot remain quiet if we intend to accomplish anything for our campus.

Thus we must unite our forces and quit fighting among ourselves in order to get the things we need so desperately. The two things that it seems to me that are the most urgent to our campus and benefit the campus as a whole would be the General Secondary Credential and a Bureau of Occupations. The Applied Arts Division needs the General Secondary Credential and the Liberal Arts Division needs a Bureau of Occupations.

Credential Problem

First let's examine this problem of the General Secondary Credential. I do not understand how the faculty members can oppose this and still think that they are doing the right thing for our campus. As I have tried to outline before, it would be very simple to have such a credential on this campus and some departments are literally dying from the lack of it.

If some one can show me conclusive proof that we are not going to remain as a transfer institution when even far bigger institutions than ours are facing this transfer problem, then and only then will I be able to see why this is not imperative. Anyone who has ever tried to talk to students and find out why they prefer some other colleges to our own would find this problem to be a major factor in the thoughts of students in that line. As to the facilities and staff at Santa Barbara College, both are adequate enough to handle such a program. It is not fair to the student to take his undergraduate work here and his graduate work in an institution that does not compare with either our faculty or our facilities.

Occupation Bureau Necessary

The Bureau of Occupations is really a necessity if we don't want half our students starving to death! In the last issue of *El Gaucho* there were four separate articles on employment, all handled by a different office and meeting at a different place. Not one central source that can answer questions with any reasonable chance of being correct!

Right now the Dean of Women's office handles part-time employment for non-teachers, and the Placement office handles full time employment for teachers. The information on civil service jobs seems to wander from office to office and usually gets to the unfortunate political science majors a week after the deadline.

Remote From Business

Our College is so remote from any business centers that would employ our grads that it is extremely difficult for students to find out about job opportunities on their own. The only office that even begins to have enough staff to handle their end of the deal is the Teachers' Placement Office.

Let's face facts: we must have a separate Bureau of Occupations that is equipped to handle all non-teacher employment including part-time employment for men and women, and full-time employment for non-teaching men and women. It would only take one manager and a secretary to do a good job on this and certainly the University could manage that, especially since the placement burden would be lightened for the other offices.

These are the two things that I feel our college must have in the near future if we don't want to die out completely. There are many more things that are admittedly needed, but let's get what we really need now!

Frank Goodall

Piano Concert, Riviera Aud. 8:00 pm

Men are like cellophane—they are hard to remove once you get wrapped up in them.

COLLEGE TRANSFER TESTS TO BE GIVEN

College Transfer Test notices went out to 220 sophomore students on May 3. This test is required of all students who will complete 55 to 70 semester units by the end of the Spring semester.

The test will be given at the Riviera Auditorium at 8:30 am, Saturday, May 19. A College Ability Test will be given in the morning, and two Proficiency Tests will be given in the afternoon.

A prospectus describing the tests is available at the Registrar's Office.

The Snack Shack will be open for the convenience of the students taking the tests.

Grin and Beret

The following little gem was written by Beret Armer, who formerly wrote "Grin and Beret" for *El Gaucho* and now does so for the *Davis Aggie*, but it will prove as appropriate here as there.

The Ways of College Men
 Mary had a nice young man,
 His heart was pure as snow,
 Everywhere that Mary went
 Her man was sure to go.
 He followed her to school one day,
 To learn the campus ways.
 A blond and sinful coed there
 Passed before his gaze.
 Now Mary's man has gone astray,
 And Mary he does shun,
 Mary sits home sorrowing,
 But her man is having fun!

The winner of the beard-growing contest at Davis was won by a man, not because of the excellence of his beard, but because he has two heads, thus twice as much beard. Sounds unfair to me. After all, we can't all have two heads. This individual, Rasputis Q. Berry, attributes his success to the miracle potion, Hadacol. He drank 15 bottles and rubbed it on his chin every night for 3 weeks, and it grew him another head as well as a beard.

Razz is now working on the selective breeding of Springfeverus Hatchooz, a new weed. He recently gave up the study of the mutations of tiger stripes, which he had been working on since 1939. Sounds like he could use that extra head.

As few people know, the Cal Aggies are descended from a group of pioneers called "Ughies" by the local Indians. The present picnic day is the modern counterpart of the ancient "Bird and Bee Day." Birds and bees is what they studied, and they became so wise in the subject that they were invited to join the University of California. But they were forced to expand their curriculum, much to their sorrow. But the original studies are still enthusiastically pursued, especially in the Spring. This is normal, I suppose.

LA CUMBRE SALES TO END FRIDAY

"La Cumbre sales contest has been extended to Friday, May 18," according to Louise Heitfeld, editor of the book.

A cup will be awarded to the organization selling the most year-books. Sigma Alpha Epsilon won the cup last year. Books may be bought for one week after the contest closes, but Louise advises everyone to buy the books as soon as possible because they might be sold out. The price of the book is \$4, and it must be paid in full at the time of ordering.

Because of the change in editors in the middle of the year, the staff is behind schedule, but they hope to get *La Cumbre* out during finals.

APPLICATIONS DUE

All graduating veterans who plan to do graduate work after the cut-off day of July 25, 1951, are urged to notify the U.S. Veterans Administration as soon as possible.

An application for a supplemental letter of eligibility must be made immediately, even if the graduation is in August or later. For further information, veterans should check with the campus office of Veterans Affairs, according to Lyle G. Reynolds, coordinator of veterans affairs.

There are two kinds of female students: Those who pursue learning and those who learn pursuing.

CONCERT THURSDAY BY BRASS CHOIR

by Marnie Clifford

The Museum of Art will be the scene of the annual Brass Choir concert this Thursday at 8:15 pm. The free concert, under the direction of Maurice Faulkner, will represent the history of brass music from 1597 to 1949.

Among the compositions on the program will be the "Sonata Octavi Toni" by Giovanni Gabrieli, written in 1597. Gabrieli was one of the organists at St. Mark's Cathedral in Venice and developed the use of brass instruments in the services there as one of the unique phases of instrumental music.

Instrumental

This composition is purely an instrumental one, but in many of the church services at St. Mark's the brass instruments doubled the voices and added to the vocal color.

Probably one of the most interesting compositions to be played will be Neil Daniels' "Fantasia for Brass Winds" which was written in 1937 for one of Faulkner's brass choirs. This number features the contrapuntal aspects of the brass choir in combination with modern harmonic and tonal relations.

Local Resident

Neil Daniels, the composer, is a resident of Santa Barbara and serves as coordinator of secondary education for the county school system. His compositions range from works for symphony orchestra to choral compositions of various types.

Stefan Krayk will perform the Biber "Violinsonate, Christi Gebet auf dem Olberg." This is one of the several violin sonatas which was scored for violins with strings tuned to other pitches than those of normal tuning. In this tuning the strings are tuned to low Ab, Eb, G and D.

Other Works

Other works on the program are the Ewald "Quintette Op. 5 for Messingblasinstrumente," "Suite for Five Brass Instruments" by Claudio Monteverdi-Beck; "Quintet for Brass Instruments" by Robert Sanders; "Sonata No. 15" by Reiche-King; and "Music for Brass Instruments" by Ingolf Dahl.

Personnel of the brass choir are Robert McKnight, Joe E. Lewis, David Flake, Patricia Sheerin, Vincent Magana, trumpets; Richard Church, Ben Clark, Enid Goodman, Lee Statom, French horns; Dorothy Carrell and Galen Wilson, baritone horns; Cecil Mahon, Leroy Hooge, James Fozard, trombones; and Ed Roina, tuba.

HILL-TOPPER

Ken Trevey

Ken Trevey, whose face can be seen occasionally on the campus, but only by looking way up, stands 80" above his feet... A blue eyed and black haired senior, Ken recently retired from student body government...

Currently "hanging loose" after three and a half years of fussing around with campus activities, he is ex-Gaucho editor... ex-Rep-at-Large... ex-Homecoming and Barbary Coast co-chairman... ex-Roadrunner co-director... ex-Sigma Pi house manager... current Cal Clubber and worried June graduate...

Philosophy of Life: "What you lack in intelligence, you make up for in stupidity" olde proverbe... so why worry?

Special likes: Giving idiotic answers to columnists... such as... people who say, "Oh, are you a speech major?" (Those looks)... The song "Horseshoe"... Bridge critics... redheads in heels...

Dislikes: Speech profs who expect you to be able to speak... Chinese music... pub crawling... perpetually good-natured individuals... fresh pledges...

Ambition Dept.: "You learn a

lot in college, but you don't learn everything..."

EL GAUCHO
 Published every Tuesday and Friday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara College, Santa Barbara, Calif. Opinions expressed herein are those of the staff unless otherwise indicated.
 Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, Calif., under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

CAMP COOKE DANCE SLATED FOR FRIDAY; ALSO AWVS DANCES

This Friday night, May 18, may be the last time that a bus of Santa Barbara girls is sent to Camp Cooke for the dances.

Forty girls must be signed to leave at 6 pm in front of the Administration Building. If the bus isn't full, they will no longer be provided. Those interested in keeping this program going should ask roommates and friends to go, too.

Girls must sign up in the Dean of Women's office, not only for this dance but also for the AWVS Servicemen's Center, the Rec Center and the Red Shield Center activities.

Baseballers Trample Staters 20-4, Break Losing Streak

'KILL THE UMPIRE!'

"WHAT! He was out by a mile!" claims Gaucho shortstop Danny Kutch to "Blind-as-a-Bat" Murphy during the Cal game. The California player looks askance innocently. Kutch also led popular uprising in recent LA State game.

GORRIE AND KUTCH LEAD HITTERS AS WORM TURNS

by John Robinson

The Santa Barbara Gauchos rammed across three touchdowns and completed two conversion attempts to defeat the Los Angeles State baseball club by the football score of 20-4 in the Mesa Bowl last Friday afternoon.

Victory was never sweeter, as

this was the first Gaucho win in 17 starts and the Hilltoppers' last home game. They gave their batting averages a healthy shot in the arm as every member of the starting lineup, except the pitcher, managed to hit safely. Shortstop Danny Kutch was high man with four bingles in five times at bat, and Dave Gorrie, the Gauchos' slugging left fielder, performed brilliantly at the plate. In three official times at bat he garnered two hits, poled a homer with two on in the eighth, knocked in three runs and scored four tallies himself.

THREE TEAMS VIE IN SOFTBALL TOURNAMENT

Three teams found themselves fighting for first place position in the annual intramural softball tournament which is reaching its final round. The three teams, Sigma Tau Gamma, Sigma Pi Epsilon and Delta Tau Delta, met and agreed to a round-robin tournament to be played next week. They drew for dates for scheduling the tournament. The teams are reminded to check the schedules so as to prevent any mis-understanding.

In the games of last week, only one game was played on Monday. In this encounter the Delts started their winning streak by dumping the league-leading Sigma Tau Gamma team by a score of 7 to 5.

On Tuesday, the same Del team was blessed by winning by a forfeit from the Naughty Nine—a team who, after a flying start, seemed to be plagued by unfortunate injuries and 'spring footballism.' A practice game found the Frosh giving the faculty a good trouncing by a 7 to 1 score.

The Sigma Phi Epsilons won their scheduled game by means of a forfeit from the Naughty Nines. The second game scheduled between the Sig Taus and Frosh was not played.

The gib game of the week took place on Thursday when the Sig Eps, with eyes at the championship crown, met their only obstacle, the Sig Taus. The game resembled a "little world series" and turned out to be a pitchers' duel between Sig Tau's Gordon Azevedo and Fred Goerner of the Sig Eps. The Sig Eps took the lead and held it till the last half of the sixth inning. The score up till them was 2 to 0.

Whether the Sig Taus had a shot of 'Hadaool' is not known, but they opened up with a bang, getting in seven runs before being retired. The Sig Eps were unable to get a hit in their half of the inning as Azevedo pitching began to prove the difference. This of course made it a three-way tie for first place. In the other game of the day, the Faculty found themselves in the short end of a practice game with the sharp Del team.

Hitless Pitcher

Ray Rubenstein, starting hurler for Santa Barbara, pitched hitless ball for the first four innings, but weakened in the sixth and was replaced by Corky Johnson.

After a runless first inning Santa Barbara opened the scoring in their half of the second when Kutch bunted safely, was singled to second by Wilson and scored after Diablo pitcher Mahoney gave successive walks to Rubenstein and Talley.

Broke Loose

The Gauchos scored once in the third and fourth stanzas, but it was in the fifth that they really broke loose. When the dust had settled the locals were six more runs to the good and led 9-1, LA having scored in the top of the fifth.

It was in the sixth that the big city boys experienced their brief moment of glory. Morris walked, Means fanned, Rosenfeld singled to left field and continued to second on Dave Gorrie's bobble, Morris moving to third. Dugard worked Rubenstein for a base on balls, Johns singled to left center, Gaucho flyhawk erring on the play, and Morris and Rosenfeld scored.

Bases Loaded

The next batsman, Oken, walked to load the bases for the second time in the inning and that was all for Rubenstein. Coach Harder sent Corky Johnson to the mound and the big righthander set the next two Diablos down, although Dugard scored on Lipman's fly to center field.

Santa Barbara brought five runs across in the sixth, one in the seventh and five in the eighth to end the scoring.

Red Hot

The red-hot Hilltoppers combed three LA flingers for 19 hits. In his five and one-third inning stint winning pitcher Rubenstein was touched for four hits, struck out four and gave up six walks. His reliever, Johnson, passed one, fanned two and allowed four safeties. Long ball hitters included Gorrie with his homer, and Talley, Wilson and Johnson with doubles. LA000 013 000— 4 8 5 SB011 165 15x—20 19 2 Batteries — LA, Mahoney (L), Keva 5, Oken 8, and Rosenfeld. SB—Rubenstein (W), Johnson 6, and Wilson. Left on base, SB 9, LA 9.

ANNUAL SWIM MEET TO BE ON MAY 24

The semi-annual Dave Russell Memorial Swimming meet will be held at Los Banos Plunge during the afternoon of May 24.

The affair is both intramural and individual in that there will be team and unattached entries competing. There will be awards for the winning team and the outstanding man and woman swimmer of the meet will be presented the Dave Russell Memorial plaque.

Dave Russell was a former student at UCSBC who was killed in a traffic accident soon after his graduation. Majoring in Physical Education, Dave was particularly interested in swimming and devoted much of his time as a swimming instructor for the children at the YMCA and participated prominently in the summer's learn-to-swim programs. He also promoted the sport here at the college and was well-liked by both faculty and student body for his always pleasant personality and willingness to do for the school.

Last year's winners in the team division were the Sigma Phi Epsilon, men's division, and the "Seals," women's division. Jack Jardine and Linnea Soske were the individuals honored with the Dave Russell Memorial award.

SC Trojans Take West Coast Relays

As per prognostications, the perennially powerful Trojans of USC captured the 19th West Coast Relays for the sixth time in a row as the Gauchos of Santa Barbara trailed considerably in arrears among the talented entries.

Outstanding times were turned in by Dick Attlesy of Los Angeles Athletic Club in topping the high sticks in 13.7, and Sophomore Rod Richards of UCLA who posted a 9.5 century mark.

Santa Barbara College picked up a team total of 8 3/5 points as the Gauchos ran into stiff competition and the usual share of bad luck.

Alberto Triulzi won his heat of the 120 highs in 14.4 but was overshadowed by Attlesy's brilliant performance in the final run-off and could do no better than sixth in the event.

Delf Pickarts got off a fair throw of 211' 7", but the event was won at 230, and Del only picked up a fifth place.

Les Reed won a seventh in the discus, even though he bettered his former competitive mark by seven feet as he zipped the platter to the 145' 7 1/2" ring. Brick ran into hard times as he created a furor about the track by consistently throwing over the school record of 151 feet which made his a definite competitor. However, a leg injury late in the week did not heal sufficiently to let the big boy go all out.

The intercollegiate team standings were: USC 84; UCLA 48; Stanford 46; UC 21; Occidental 18; Santa Barbara 8 2/5; San Jose 7; Fresno 5; San Diego 5; COP 4; Cal Poly 2; and LA State 2.

PROVOST NAMES NEW CHAIRMEN FOR THREE DEPARTMENT POSTS

Three new departmental chairmen for the College were announced recently by Dr. J. Harold Williams, Provost.

The new chairmen, approved by the Regents upon recommendation of the Provost, are Dr. Lester B. Sands in the Education Department, Dr. A. Russell Buchanan in the Social Sciences Department, and Dr. Theodore Harder in Men's Physical Education.

Rotation

Dr. Williams stated that the University of California policy is to rotate chairmanship responsibilities from time to time among members of the department.

Dr. Sands, who succeeds Dr. Irving A. Mather, came to Santa Barbara College in 1946 to serve as Registrar and associate professor of education. He was Dean of the New Mexico Highlands University in Las Vegas, where he was also head of the Department of Education.

Buchanan

Dr. Buchanan, who is now on sabbatical leave, will take the chairmanship held by Dr. H. Edward Nettles, who has been granted a sabbatical. Dr. Buchanan, who has been with the College staff since 1938, with the exception of four years spent in the Navy, has served as Acting Dean of Men and Dean of Liberal Arts as well as associate professor of history.

Dr. Harder, associate professor of physical education, has been at the College since 1934, and has acted as director of athletics, football coach, baseball coach, and departmental chairman in the past. He served three years in the Navy during the last war.

Continue

Those who continue to hold chairmanships are Dr. Elliot A. P. Evans in art, Dr. Elmer Noble in biological sciences, Dr. W. F. Aggeler in foreign languages, Dr. Edna D. Meshke in home economics, Dr. Lynne C. Monroe in in-

DR. ELMOTT TO SPEAK TONITE IN PINE HALL

Dr. Charlotte Elmott, director of secondary education in Santa Barbara, will speak on "Guidance in the School" tonight at 7:30 pm in Pine Hall 100.

Dr. Elmott was previously director of guidance in the elementary schools. Her talk will include such items as the school counseling service and the school psychologist.

The program is sponsored by the Elementary Education Department, and all students interested in guidance and education are invited. Refreshments will be served.

CHEM CLUB PICNIC

Goleta Beach will be the setting for a party on May 24 for faculty members of the Physical Sciences Department and all students who are majoring in that department.

The affair, to begin at 4 pm, is sponsored by the Chemistry Club. Plenty of food and entertainment will be furnished if necessary.

"Are you going to ski this winter?"

"Naw, I'm going to let it slide."

industrial arts, Dr. Stanley E. Rauch in mathematics.

Also Maurice Faulkner in music, L. Col. Richard W. Mabee in military sciences and tactics, Gladys R. Van Fossen in women's physical education, Dr. W. L. McRary in physical sciences, Dr. W. D. Altus in psychology and Dr. Theodore Hatlen in speech.

The English department chairmanship will be announced later.

POSTS ON AWS BOARD ARE OPEN

Applications are now being accepted by Margaret Mueller, Associated Women Students president, for positions on the AWS Board for next year. Girls who wish to participate in AWS activities in a major role should state their qualifications and interests, giving their present and past campus activities.

The AWS Board is made up of the executive group of elected officers, the representative or automatic members, and the appointed officers. The offices to be filled include program chairman, publicity chairman, historian, election chairman, club Room chairman, and *Coed* editor.

Other positions to be filled but which are subordinate to the Board are those concerned with the servicemen hostessing program. One girl is in charge of each service: Camp Cooke dances, Port Huene dances, two for AWWV Center, Rec Center, special dances, Red Shield Center, and possibly others.

Put letters of application in Box M not later than Friday, May 18.

GRADUATES URGED TO APPLY FOR NAVAL RESERVE COMMISSIONS

All prospective graduates are urged by the U.S. Navy to apply for appointment to commission in the Naval Reserve immediately. Basic qualifications include draft or selective service status and educational background.

Each student who is interested in obtaining further information should inquire at the office of the Dean of Men or at the Navy Recruiting Station and Office of Naval Officer Procurement, 751 S. Figueroa Street, Los Angeles, Cal.

SIGMA KAPPA ELECTS OFFICERS FOR FALL

New officers of Sigma Kappa sorority to serve for the Fall semester were recently elected. They are Janis Wilson, president; Ann Wakeham, first vice-president; Carol Carothers, second vice-president; Lorraine Thomas, recording secretary; Beverly Doty, corresponding secretary; Marilyn Mahan, treasurer; Harriet Nichols, historian; and Patricia Hart, rush chairman.

Installation of new officers will be held on Monday evening, May 21.

Recently attending a sorority province conference at the Cal campus were Barbara Harris, Marilyn Mahan and Thelard Willems. Accompanying them was alumna Mrs. Faunt Stebbins.

BENEFIT DANCE FOR INJURED SET FOR MAY 26

Plans for the "Baseball Players' Benefit Dance," sponsored by the Junior Class, are formulating rapidly, according to Jim Stanley, class prexy.

The dance, scheduled for Saturday, May 26, will be held in the Goleta campus theater from 9-12.

Dress will be cotton and cords. Music will be mainly popular dance, but a few selections will be square dance rhythms.

Doorprizes from downtown merchants will be awarded and refreshments will be served during the evening.

Tickets, which will go on sale the week preceding the dance, will sell for 50 cents per person. Decorations will be handled by Panhellenic Council.

"Everyone is urged to attend this benefit dance," stated Jim.

Korean Films Shown Here Tomorrow Noon

Films on the fighting in Korea will be shown Wednesday, May 16, in PH 100 from 12 to 1 pm, according to the Military Science Department, sponsors of the showing.

The films will give more details on the fighting than the regular newsreels. They will include maps, diagrams and background material.

All students, faculty members and administrative employees are invited to attend.

SUMMER EMPLOYMENT

A representative of Marshall Field will be on campus Wednesday, May 16, at 3 pm in Ridge Hall 104 to interview students or graduates who are interested in full-time summer employment. Enterprises with the National Child Guidance Plan, "Childcraft," will be explained fully at the meeting.

College Band to Play In Santa Maria Today

The College band, under the direction of Clayton Wilson, will make appearances today in Santa Maria and Solvang as a part of the annual spring tour.

The band left the College at 8:15 this morning and will perform at Atterding College in Solvang for students of Santa Ynez Union Schools. After lunch in Santa Maria the band will present a concert at Santa Maria High School at 2 pm.

The tour is being financed by the Associated Students.

Joint Steak Fry Thursday For PE Departments

A joint steak fry will be held for members of the Men and Women's Physical Education Department Thursday, May 17, from 4 pm to 7 pm. Price for the affair has been set at \$1.25 per ticket.

Two pints make one cavort.

Phrateres Active On UCSBC Campus

"Famous for Friendliness," the motto of the Phrateres organization, has become a major concern for all the girls attending UCSBC.

The Phrateres group is open to all women on campus who wish to participate in social and service activities and to develop individually. The Nu chapter of Phrateres on the Santa Barbara campus originated in 1939 and has been an active organization ever since.

Within the whole Phrateres club are two sub-chapters which hold separate and joint events during the year. The sub-groups are Gnomes, with an Irish motif, and Pu Ko How, with a Chinese theme. Each of these groups have sponsored a candy and cookie sale for the benefit of their treasury, a dinner for all the members of Phrateres, and have taken part in the events of the entire group.

The calendar of the group has been full and even the summer is highlighted with the biennial Phrateres Convention at USC on June 17 and 18. The last activities of the semester include the installation of next year's officers and participation in Barbary Coast. Farewell parties will conclude the year of Phrateres activities.

SPEECH TOURNEY WINNERS GIVEN

Names of the winners of the second annual intramural speech tournament were released recently by the Speech Department.

Tying for first place in the debate division were Ken Trevey and Margie Petit. Second place went to Ed Brown. After dinner speaking was won by Ray Rosales, Jody de la Vergne, and Pete Kane in first, second, and third order.

In the extemporaneous division Earl Owens took first, Gordon Stafford second, and Mary Jane Mistretta and Elinor Denholm tied for third.

Awards in the oral reading division went to Gordon Stafford, first; Marlene Shapro, second; and Bill Vasse, third.

First place cups will be presented the last Sunday in May at the Theta Alpha Phi banquet. Certificates will be awarded for second and third places. The contest was sponsored and managed by Tau Kappa Alpha. Student chairman was Jack Chadd. Judging was done by senior students and faculty members.

Having an uncorking good time.

Be Happy-Go Lucky!

The upperclassmen kid me so;
I think that they are mean;
For of my twenty Lucky Strikes,
They get at least fifteen!

Paul E. Moore
Indiana University

LUCKIES TASTE BETTER
THAN ANY OTHER CIGARETTE!

Fine tobacco—and only fine tobacco—can give you a better-tasting cigarette. And L.S./M.F.T.—Lucky Strike means fine tobacco. So, for the best-tasting cigarette you ever smoked, Be Happy—Go Lucky! How about startin' with a carton—today?

L.S./M.F.T. — Lucky Strike
Means Fine Tobacco

We profs are absent minded;
To that we must agree.
But one thing that we don't forget
Is L.S./M.F.T.!

Richard A. Yocom
University of New Mexico

Some students drive their cars to school,
Some walk, some ride a bike,
And yet it's true that on the way
They all smoke Lucky Strike.

Paul H. Asklings
Clark University
