Isla Vista:
even if it's
not your home,
it's still your
neighbor. And what a neighbor it is! Just a few minutes from the center of campus, and suddenly you're walking the loop within easy access of cheap, tasty, and in some cases, nutritious food. **Isla Vista Market** has not only a huge array of market goods to stock your refrigerator, but also a take away deli, soft serve yogurt, and baked goods. **Moo Shi Factory** remains the value option leader in Chinese takeaway -- and did you know they even have SUSHI on the lunch buffet? Such a deal!

Vista Cafe is the newest spot to reveal itself on the IV Map -- tri-tip steak sandwiches, fancy coffees, lots of different salads and pastas, sandwiches, even scones to enjoy over a cup of tea or cappuccino. Plus they've got a deck with a clear (and protected) view of fabulous Trigo. And the perennial question: does **Domino's** deliver to campus? Absolutely! Pick a spot, tell them where to find you and WAIT. It usually takes about 30 minutes (but you knew that, right?)

IV Bakery has lots of yummy things to grab and eat on the fly. It might be the most extensive selection of baked goods around, and all made right there. It's an institution; haven't you been there yet? GO! Every Wednesday, the **Farmer's Market** brings not only color but farm fresh flavor to the salivating palates of a happy public. You'll find flowers, fruit, vegetables, nuts, honey and more all fresh and at direct-from-the-farm prices.

Nespor's won't feed you, but they'll keep your car in tip-top shape with regular local service, so you can drive to work, earn money, and buy something to eat from somebody else in IV.

The Egghead has been feeding many of us breakfast and lunch for years and if you haven't tried their breakfast potatoes then you've missed out on something excellent. **Smart Cookie** will trap you one day as you walk innocently by, and the smell of fresh baked cookies draws you nearer. Our personal favorite is the white chocolate cookies.

Morninglory keeps us listening to both new and used CDs and will be the place to go if you're up for the new Mighty Mighty Bosstones CD. Of course, you also know where to go with your ABBA collection when you're short of cash, and you don't REALLY need it anymore...

When you've got a jones for a luxury burger, **Javan's** jumps to mind in a hurry. Whether you need great burgers or sandwiches, or just want to hang at the outside tables waiting to turn 21 so you can have a pitcher with your friends, you can do it here.

Celebrating 30 YEARS on the IV scene is **IV Bookstore**. You may have your books but you must be getting a little chilly, and these guys have a huge selection of new styles in UCSB sweatshirts, pants, boxers, t-shirts and more more MORE!

Me-yeow -- you've probably crawled around the **Coffee Cat** and if you did you could taste their wonderful coffee or espresso or cappuccino or latte. Pick up the LA Times from the rack out front, grab your java and enjoy the deck.

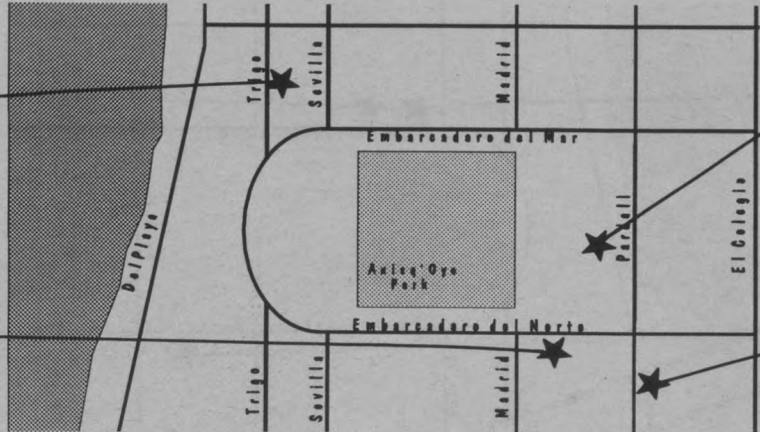

IV Vintage has come recently to IV to dress the population in an extensive selection of vintage clothing -- including nice soft, pre-owned Levi's.

Tempo music has racks full of your favorite music so when it's time for the party and all your lame roommate has is Donny and Marie, you could head over to pick up something that might make the party fly a little higher.
