Special Session for Relief

A program of fourteen points, calling for immediate action was placed before the special session of the legislature at Sacramento by Governor Merriam. A minimum pay of \$35 a month was asked for to replace the present provision for persons receiving old age pensions. He also proposed the validation of irrigation district bonds and asked that changes be made in the social welfare act in order that the state could qualify for larger sums from the federal government to care for dependent children and the blind. These were among the major considerations of the special session.

Holy Land Is Scene of War

From Jerusalem reports come of the outbreak of guerrilla warfare, as the results of a coming to a head of the perpetual quarrel between the Jews and Arabs. Busses, government forces, telephone wires, and government forces have all been attacked in one way or another by well organized Arab marauders. It was hinted in the house of commons in London today, that it seems very suspiciously possible that some nation on unfriendly terms with England is inciting these natives to rebellion.

Bankruptcy Act Illegal

Justice McReynolds, leader of the five justices of the supreme court, who held the 1934 municipal bankruptcy act unconstitutional today declared in the address putting forth the decision that "the challenge to the validity of the statute must be sustained." Justice Cardozo, Brandies, Stone, and Chief Justice Hughes are of the belief that the act is constitutional.

Townsend of Undaunted

While in Washington, D.C., Speaker Byrns and Representative Bankhead, suggested that action must be taken soon against Dr. F. E. Townsend for his defiance of a house investigating committee and recommending that the case be turned over to the federal court. Dr. Townsend was in conference with Rev. Gerald K. Smith, leader of the Long "share the wealth movement" in Baltimore. As a result of their conference it was announced to the papers that backers of the old age pension and share the wealth movements will place presidential and vice presidential candidates in the field against President Roosevelt and Republican candidates.

Trans Pacific Service Planned

The Eastern Hemisphere Airway Company, Ltd., a company organized in Japan with a capitalization of \$1,500,000, is planning to open a five-day dirigible service from Tokyo to Vancouver, B.C. It is reported that two dirigibles will be purchased in Germany for the service.

State Faculty Heads Celebrate Birthdays

Mrs. Jane Miller Abraham and Dean William Ashworth celebrated their birthdays last Saturday evening at the home of Mrs. Abraham.

In honor of the event, Goon Yee, Mrs. Abraham's Chinese cook, baked and decorated a three layer cake for them. The cake was in three layers and each layer was a different type of cake.

Ashworth Schedules New English Course for Next Semester

Planning to reduce the present sophomore survey course in English literature from six units to three units, Dean William Ashworth, and other instructors of the English department have made plans for a new literature course.

The reason for the breaking up of this course is due to the fact that many students felt that the present course did not cover all the ground that it should, according to Dean Ashworth.

Under the new set-up, the first semester will be used in studying intensively the larger movements in literature and the second semester will be spent in studying extensive continental English as it touches English literature. In this manner a consideration of English literature as approached from classicism, romanticism, etc., will be taken up," said Ashworth.

All English majors will be required to take this course and it is also recommended for English minors.

G. Basham Lauds Revue Cooperation

Personal thanks are not adequate to express my appreciation for the fine work and co-operation of the Roadrunner Revue staff, the advisors, the excellent cast, El Gaucho and all of the other agencies which were instrumental to the general success of the show.

May I publicly thank and congratulate all those who gave of their time and energy to this worthy enterprise and especially commend the student body for its loyal support.

Yours for a greater Roadrunner Revue in 1937.—Garlyn Basham, general manager, president A. S. B.

Collegians Plan Three Day Outing

All final payments should be made to Fred Allred by May 27. No money is to be accepted at the boat, according to Wilma Kiesner, president of the organization.

While at the island, a tentative program arranged by the Outing club committee has been planned. This includes, swimming, hiking, fishing and boat trips to the various pirate caves located on the islands.

"All students are to bring their own eating utensils and bedding, and meals will be cooked at the islands by an expert chef. So don't forget to come," said Wilma.

The first boat leaving at noon, Friday will return to the wharf at (Turn to Page Four)

Paul Shumway, industrial education major, is at present constructing a weaving hand loom in the woodshop classes. The loom will be quite modern as it will contain such improvements as a flying shuttle and a set of steel rods.

In addition to weaving the suits for his own wardrobe, Shumway states that he is making plans to earn a little pin money by supplying other college students with his unique weaving apparel.

Scholarship Awards

Many scholarships are being offered by various institutions all over the United States from time to time, and recently several came into our hands. We feel that there are undoubtedly many students at Santa Barbara State college that are intensely interested in obtaining or at least making application for one of these scholarships.

The more prominent of the most recent offers in number in one being made by the Claremont colleges. In this group there are five scholarships for the six week summer sessions, usable in the payment of the \$35.00 tuition charge. Holders of these scholarships may work in any field of the fine arts, the liberal arts and sciences, or in the undergraduate education. Applications must include transcripts of records, letters of recommendation from three teachers and must be sent to W. Henry Cooks, director of the Claremont colleges summer session.

The second of these most recent scholarships is one to Harvard Business school. It is an offer of \$300 that is available to graduates of colleges or residents of Southern California who plan to attend school in September. The announcement of this offer, according to Harvard Business school alumni club of Los Angeles, will be granted on the basis of scholastic standing and financial need of the applicant. Additional assistance is available to the winner of the scholarship to the sum of \$600. Applications will be considered by the scholarship committee of the club, headed by Charles B. White of the Security-First National Bank of Los Angeles. The scholarship has been established to encourage the interest of Southern California students in pursuing graduate studies in the field of private and public business administration at Harvard.

In Appreciation

With only one more issue of El Gaucho to be published before the ending of the college semester, El Gaucho wishes to take this opportunity to extend its sincere thanks and to express its appreciation to the local Santa Barbara merchants who have advertised their wares in our publication during the past year.

It is largely through their advertising in El Gaucho that we have been able to publish our paper without a large financial loss. Any newspaper, no matter where it is located or the type of news it prints, can not expect to be a success unless it contains in its columns the advertising of the various town merchants. The advertising of the merchants and their backing constitute the financial backbone of any newspaper no matter how large or how small.

During the past year El Gaucho has changed its status from a weekly to a semi-weekly. This method was decided upon after serious consideration between the editor and others interested in El Gaucho in order to present to the students the latest news possible as soon as possible. Indirectly we believe this method has also brought the advertising of the merchants before the students to a much greater degree than in previous years and has stimulated them in making more purchases which in turn has resulted in more advertising in El Gaucho.

We again wish to express our appreciation for the cooperation and favorable response shown by our advertisers and hope that they will be back with us again next year.

Book Chatter

By ARTHUR BATCHELDER

With summer breezes beginning to blow, it's time to get out the old boat, clean off the weeds and get started towards sailing. But what a lot more fun you'll have if you know something more about this glorious sport than luffing, jibing and tacking. So you brawny sailors of the deep read "Ocean Racing" by that grand yachtsman Al Loomis. It's a complete account of the great trans-Atlantic races and all other important ocean racing series. So get set with this book to go "sailing, sailing on the bounding Main".

There was dirt on his face, and ink on the floor, and Benjamin Broadell was dead when found by the inimitable Mr. Tolefree. "The Corpse with the Dirty Face" by R. A. J. Walling explains the importance of keeping a clean face... even when deadlier than a doornail.

Ethel Boileau who brought us "A Gay Family" goes to town in bringing us modern sophisticated London and an old estate in Scotland; who proves that the three Scots in exile realize there's something in clan pride after all in "Clansmen".

Those of us who long for a new type of story in a new land will at last be satisfied with "Return to Coolami" by Eleanor Dark. The setting is on that mysterious island, Australia. During an automobile journey the four occupants seem to be on an isthmus of time connecting their past lives with the future... all about Napoleon from the time of his escape from Elba to his final defeat at Waterloo.

Don't bother with "The Corpse that Spoke" cause its a phooey story... if you do read it, I can promise you an uninteresting waste of time.

Over the weekend let me suggest that you dash along with the Romantic and swift-paced story of a Mexican Robin Hood in E. B. Mann's "El Sombra."

TAU GAMM HONOR SENIOR MEMBERS

Honoring the senior girl members, actives and alumnae of Tau Gamma Sigma sorority held a breakfast Sunday morning at the Biltmore hotel. The affair is an annual event of the sorority.

After the breakfast the members and their guests enjoyed swimming in the pool. Mr. and Mrs. Arthur Barnett, sponsors of the sorority, acted as host and hostess. Graduating seniors presented with corsages were: Betty Roulston, Marge Williams, Lois Jo McPheeters, Isabel Ferguson, and Sue Knox. Active and alumnae attending were: Jeanette Banks, Jane Goslin, Loula Warren, Betty Townsend, Katie Crebs, Shirley Moore, Jo Denman, Elizabeth Denman, Alice Hoelscher, and Frances Hoelscher.

MARIAN CALL ENTERTAINS

Marian Call, president of Phi Kappa Gamma, was hostess to members of the sorority at a picnic outing held Sunday, May 24, at Steckel lodge in the mountains near Santa Paula. She was assisted by her parents, Mr. and Mrs. A. M. Call and Theda and Claire Call.

After a day of hiking and games a picnic dinner was served. The guests were also entertained at the home of Marian Call in Santa Paula before returning to Santa Barbara in the evening.

SQUIPS

By "GOLDY" GOLDSMITH

Have you ever heard of a mermaid being seasick?

And then there was the owl who didn't give a hoot for any of her owl boyfriends.

Some artists are always making a scene.

Take a good look at almost any woman and you will find out what is wrong with the cotton market.

If you would have a number of friends, ask people for their advice—and then don't take it.

Some women may try to drive from the back seat, but have you ever seen a man who didn't try to cook from the dining table?

If you must be blue, make it a bright blue.

Why have a five day week—how about a five day week end?

It is better to be known by your deeds than by your mortgages.

And then there was the little girl who couldn't figure out whether her mother wanted soup or cigarettes when she sent her to the store for 'Camels'.

Many a visitor to a college campus has asked to be shown through the curriculum.

Track Captain

Larry Bowlus, next year a senior, will captain Nick Carter's cinder athletes for the next year. Larry has been attending the Gaucho institution for two years and has each year lowered the school 440 mark.

BOWLUS ELECTED LEADER OF STATE CINDER ARTISTS

As a result of a poll conducted by Coach Nick Carter, last week, Larry Bowlus was elected to lead the Gaucho track team next year as captain.

For the past two seasons the blonde speedster has been one of the most consistent performers for Nick Carter and his Argentine Horde. Running as a sophomore, last year, Larry was the conference champion in the 440 and set a new Gaucho standard in that event by running it in 50.8 seconds. This year he has cut off one half of a second from his last year's mark by running it in 50.3 seconds. Running in the relay it is certain that he has hit 50 seconds flat and on several occasions he has bettered that figure.

Ruth Anguin Wins Girl Tennis Title

Defeating all of her opponents, Ruth Anguin reigns as the women's champion tennis player on the campus, when she won the match from Helen Rogers Sunday afternoon on the Montecito Biltmore courts. The play started at 1:30 p.m. and the scores were 1-6, 6-2, 6-2.

Ethel "Pat" O'Brien and Edna Brown won the doubles championship by defeating Mary Frances McKinney and Jean Gordon by the scores of 9-7, 4-6, 6-4.

The match was under the auspice of the W.A.A. and was the final play of the elimination tournament which has taken place this last month. The finals were from the original teams of twenty players, and the sets were played on Phelps field.

Following the State college players, exhibition doubles were played by Mary Hall and Arnold Hoff winning over Joe McHale and C. Baird, scoring 6-2, 6-4.

Amazonas

By Eleanor Rees

Tennis struck a new high under the leadership of Tib Ramsay this year, as all who attended the Tournament Tea last Sunday will testify. Exhibition matches were held throughout the afternoon with an attractively arranged tea served at the courts to approximately 100 guests. Caroline Sarver was in charge of the arrangements and should be congratulated.

Santa Barbara State women's singles champion is Ruth Anguin, while the doubles champions are Edna Brown and Pat O'Brien.

Harpo Marx of movie fame was among the tournament spectators.

The date for the formal banquet of the W. A. A. has been announced for June 5, at which time the old offices will be turned over to the new. Alumni are to be honored and all women students are cordially invited.

Baseball games started Monday night with the Freshmen playing the Sophomores and winning.

Results of the election for Sports Managers are as follows: Basketball, a tie between Kay Grow and Harriet Cooper; Hockey, Tiny Gorman; Baseball, Ruth Hooker; Volleyball, Rosie Pagliotti; Tennis, La Rue Steelsmith; Archery, Dorothy Allen; Dancing, Olive De Motte; Hiking, Jean Goss.

Phi Delta Pi, woman's national physical education fraternity, pledged and initiated three special members into the Omicron chapter, Sunday afternoon, May 24. Those initiated were Nadine Cragg, head of the P.E. dept. at Redlands; Gertrude McGee, P. E. instructor at Franklin High School in Los Angeles; and Miss Hazel Gross, assistant supervisor of P. E. of Los Angeles High Schools. The cere-

Record Holder?

Roland MacDonald, State distance ace, has been competing in the 880, mile, and two mile for the past two years and will again be back at State next year.

MacDONALD RUNS FAST HALF MILE IN RECORD TIME

Running into second place against Whittier in the Whittier, Occidental and Santa Barbara track meet held at Patterson field, Occidental, on March 28 last, Roland MacDonald set a new school record in the 880 yard run by finishing in 2:0. 7s. The event was won by Schmidt of the Poets in 2:0. 1s.

The record was not allowed because "Rolly" failed to break the tape and win the event. It seems unfair to "Mac," because although he lost to the Poet, he captured a first and five points against the Oxy Tiger. There were three watches on Mc Donald as he finished, and throwing out the Whittier part of that meet he would have the record by that first against Oxy.

In the opinion of this writer the record should go down on the books as one of Santa Barbara's all-time records.

mony took place at the Girl Scout House on San Andres St. Tea was served following initiation. Alumni present were Berdena Walters, Jerry Slayton students at University of California and Kay Boynton also Mrs. Lee and Nellie Knowles, assistant Western Investigator.

Phi Delta Pi wishes to announce a candy sale to be held Wednesday noon May 27. Money taken in will be used for the National convention fee. Anyone wishing to donate candy will please sign on the paper in the gym.

Pig Skinners Close Annual Spring Grind

Oldershaw and Sanderson
Head Two Different
Squads for Battle

HARDER OFFICIATES

Many Men Scrimmage for
First Time Against
State Varsity

Winding up spring football with a regular full length game, thirty-five husky Gaucho pigskinners will do battle tomorrow afternoon at three o'clock, with the festivities scheduled to take place at Phelps field.

Under the tutelage of Doug Oldershaw and "Sandy" Sanderson will be two different squads; the Green and Whites, and the Blue and Orange.

Coach "Spud" Harder will officiate as the referee of the game, keeping a watchful eye for any possible stars.

Lettermen Return

Last year's varsity and freshmen stars will be in abundance, headed by Bobby Morelli, and such backfield men as Langlo, Swanson, Pollock and Gardenhire will see service. Linemen who will participate are headed by last year's veterans, Hale Oldershaw, Gardner, Poole and Mulock.

Stars of last year's sensational frosh team who will play in tomorrow's fray include "Rip" Ripparetti, Bob Campbell, Claire Busby, Lane Mickey, Jack Smith, Louis Strong and Roy Voorhees.

Junior college transfers who will be wearing the Gaucho colors for the first time are Powell Lee, diminutive halfback of L. A. J. C., John Moses, a fighting midget guard also from L. A. J. C., and Dolphe Lowe of Ventura Junior college.

Fans View Gauchos

This fray will give the local spectators a chance to get a line on the Gaucho varsity for next season battles, which will see the Staters engaging in six conference games. Heading the list of conference battles will be last year's champs, the Whittier Poets, Occidental, Redlands, Cal-Tech, La Verne, and San Diego.

The final selection of a squad of thirty-five players for the 1936 edition of the Gaucho varsity will prove very interesting as there will be three "swell" trips in the offing, as games are scheduled to travel to Reno, Nevada; Flagstaff, Arizona, and San Diego.
