

WARRIORS TO OPEN FIRST CONFERENCE GAME AT SANTA PAULA THIS P. M.

PLAY ON NEUTRAL FIELD

They Took S. B. Sophs Friday, 6 to 0

WITH their first victory tucked under their belt, Coach Mather's Warriors trek south today to open their conference schedule with Moorpark in a game to be played on the neutral territory of Santa Paula.

For the Carpinteria eleven bested Santa Barbara's Sophomores Friday in a 6 to 0 struggle that was featured by good defensive line work, not a few erratic plays, ten fumbles, and heavy penalties against the northern squad.

The locals gleaned their lone tally by a series of line plays that carried the ball to the two yard stripe, whence Frank Smith wriggled it over. The kick was wide.

Santa Barbara threatened seriously but once, when a blocked punt put the northerners in a scoring position. A fumble was retrieved by an alert Warrior, and the Carpinteria punted out of the danger zone.

Although outplayed in many departments of the game, the locals showed plenty of fight and a line that held when yards were precious.

Captain Smith made up for a few bits of spotty generalship by good individual fighting, and occasional well chosen plays. In the last quarter with a 6-point lead and the ball nearly mid-way in the field, Carp tried two passes that might have upset the appercat, had they been intercepted. It wasn't football, but it came out all right. Bowen made some nice tackles, Kendrick showed class in returning punts and the line functioned well most of the time.

Schutte's Sophs were ragged and lacked deception. A good many of their 150 yards in penalties were attributable to holding.

Coach Mather's men showed plenty of fight and after two more games have ironed out a few wrinkles, may turn in some results that will surprise "Dimmy" himself.

And does Carpinteria like its football? You should have seen the crowd Friday!

Right Up Accident Alley - In 3 Chapters

Three people narrowly escaped what might have been serious injuries Wednesday morning when a car driven by Miss Dorothy Pray, high school teacher, collided with an auto containing Mrs. T. B. Nielsen and her brother, at the corner of Eighth and Maple.

The impact threw the Nielsen car into the yard of the Methodist church, where it landed bottom side up. Mrs. Nielsen suffered minor bruises and her brother was unhurt. Miss Pray was uninjured and her car was not badly damaged.

Curtis Linkey suffered a cracked shoulder and painful bruises last week as a result of mule-trouble. The mule was uninjured, but Linkey will wear a sling for three months.

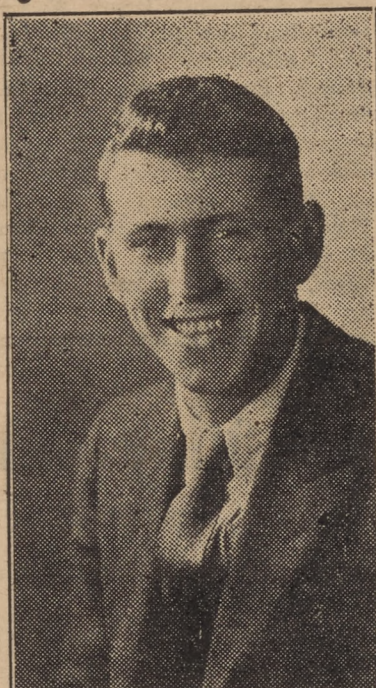

And Mrs. Mark Cravens broke two small vertebrae in her back while lifting a sack of lemons at her home several days ago.

OUR HAT IS OFF TO—

WARREN TOBEY

because he'd walk a mile to do you a good turn and lie like a gentleman before he'd let you think it inconvenienced him in the least.

Pacific Airways Winter Schedule 2 Planes Daily

SERVICE HERE HALVED

Three New Planes At Carpinteria Field

BEGINNING this week Pacific Seaboard Airways goes on its winter schedule, which means that two instead of four of the big red cabin planes will land at the Carpinteria Airport daily—northbound at 12:30 noon and southbound at 3:55. The change was announced Tuesday by Barney Hall, manager of the local airport, and who has been flying the coastwise trip for the company for the past week.

Three new planes are housed at the local hangers, and will make this their headquarters for the time being at least. Barney Schley, former lessee of the Carpinteria Airport, has returned from a stay of several months in New York, accompanied by Mrs. Schley. They alighted Saturday in their Stinson cabin job. John D. Wack, well known eastern aviation enthusiast is housing his Waco cabin cruiser at the local field during a stay in Montecito, and the Baron Von Romberg, also of Montecito, has just purchased a new Waco cabin job which claims the local airport as its home port.

Things To Remember:

When Carpinteria first became music-conscious, shortly after Mr. Kluge arrived. Not a neighborhood was safe from the weird sound of "practicin' at home."

Signs in all store windows reading "Boy! Your'e Welcome!" when the A. E. F. came back.

Hurrying downtown at noon to Lawrence's bakery for a nickle's worth of hot raised doughnuts.

The annual trek of the Walls, Hickeys and Morris families to Bear Flats each summer.

Carpinteria dancing nightly to music fresh from San Diego's Grant Hotel, during Cerca del Mar's hey-dey.

Queer antics of neighbors live stock on the day West Tobey got his first air rifle.

BUSINESS MEN MEET TONIGHT TO FORM MERCHANTS ASSOCIATION

GROUP TO COOPERATE ON PUBLICITY AT OPENING OF NEW MARICOPA ROAD PERMANENT ORGANIZATION PLANNED

TO ADVERTISE "WORLD'S SAFEST BEACH"

Need For Body Cited At Preliminary Meeting Held Tuesday Night; Vote Tonight On President and Directors

(Complete map showing new Maricopa road on page two.)

CARPINTERIA business men meet tonight in the Alcazar ballroom at 7:30 to complete the formation of a Merchant's Association, the foundation for which was laid at a similar meeting held Tuesday evening. Every local merchant is urged to be present.

Tuesday's meeting was, according to the twenty-odd who attended, the most enthusiastic assembly of its kind to be seen here in months.

At that time steps were taken to form a permanent organization for the purpose of attracting more business to local establishments. Discussion of ways and means of advertising Carpinteria's beach to the thousands expected to attend the Maricopa road opening, to be held a week from Sunday, occupied a large part of the evening.

Suggestions included dropping handbills from an airplane and the construction of an appropriate float to be sent to the festivities.

David Visel was elected secretary of the organization, president and directors of which are to be chosen by ballot at tonight's meeting.

Other matters suggested for consideration included: establishment of adequate road signs advertising Carpinteria as "The Home of the World's Safest Beach," appealing to the better element of San Joaquin valley vacationists through cooperative publicity; obtaining Carpinteria's share of county publicity funds; formation of a permanent organization which would meet at regular intervals for the discussion and development of ideas for promoting trade.

Matters to be taken up at tonight's meeting include election of officers, discussion of dues to be paid, if any; to determine what part Carpinteria is to play in the formal opening of the Maricopa road October 22; hearing of a report from a committee of David Visel and Linn Unkefer, who were delegated to interview Assemblyman George Bliss and Supervisor Tom Dinsmore as to the possibility of expediting the completion of the Castas Pass road to accelerate the benefits Carpinteria hopes to receive from the completion of the Maricopa highway.

A canvass of local merchants made yesterday indicated almost a hundred percent representation at tonight's meetings, and failed to disclose a single Carpinteria business man who was not enthusiastically in favor of the new organization.

School Zone Safe At Noon, Thanx To Parent Teachers

1ST MEETING YESTERDAY

New President Takes Over Duties

HENCEFORTH Carpinteria grammar school children will have the protection of a state traffic officer in the school zone during the noon hour, thanks to the energy of the Parent-Teacher's Association, it was announced at that organization's (Continued on Page Four)

\$1000 Awaits Local Charity If We Work For It, Says Charlie

There's \$1000 of good honest money waiting for Carpinteria's Community Chest fund, with no strings attached and not long to wait, providing enough Carpinterians will go to the trouble of writing "Carpinteria Community Chest" on slips of paper which are theirs for the asking, according to Charles Batsch, local gasoline retailer.

The president of one of the larger oil companies has offered that amount to any charity receiving the largest vote in proportion to the population of the town in which the competing charities are located.

The contest closes November 17th.

"You don't have to buy anything," says Charlie. "Just come in and I'll give you a ballot. Here's the way it works. If, for example, there are 2000 people in Carpinteria valley and we turn in 1800 signed ballots that gives us a percentage of 90. If no other community equals that record our community chest is practically already over the top, for we'll receive \$1000 for whatever charity we select."

Carpinteria Woman Cites Benefits Of Clubs In Broadcast

TALK BY MRS. SHORKLEY

On County Federation Radio Program

FEDERATED Womens Clubs offer what amounts to a post graduate course in a wide variety of subjects to busy wives and mothers whose time is limited," Dr. Genevieve Shorkley, president of the Carpinteria Woman's club, told KDB listeners Tuesday morning. Her talk was one of a series of broadcasts by the Federated Women's clubs of Santa Barbara county.

"To grasp in the shortest possible time the fundamentals of government problems, the trend of the latest in books, art and gardens, it is only necessary to become active in your local club," she continued. "In fact one may, through one's club, become instructed in child health or learn how to make the latest goulash."

Mrs. Shorkley touched on the object of the County Federation of Womens clubs, her own duties as vice-president at large of that organization, and ended with a brief history of the Carpinteria Woman's club, including a description of the new club house and an outline of the local society's projects for the coming year.

Mrs. Shorkley's talk was supplemented by a number of vocal numbers sung by her three daughters, Grace, Jean and Mary. Miss Grace Shorkley is local radio chairman of the county federation.

Free Night Classes At H. S. To Be Discussed

Adults who are interested are invited to meet in room 10 of the Carpinteria High school, Monday evening, October 16 at 7 p. m., to decide definitely upon the evening or evenings most convenient for regular typing instruction.

Class is open to both beginners and expert typists wishing to retain or advance their present skill in typing technique.

If there is sufficient demand, classes in Sole Proprietorship, Partnership and Corporation Accounting will be offered. These courses would emphasize practical bookkeeping for personal, household or private use.

These classes will be under the direction of Mr. Wilson who has had considerable experience in adult and evening school commercial and business education.

Record Crowd At Women's League Supper and Show

STANDING ROOM ONLY

Varied Program Marks Benefit Show

THEY were forced to hang out the "Standing Room Only" sign early and after those who got in had eaten there was even less standing room than that, Wednesday evening at the pot-luck supper and entertainment staged by the Womens League of the Community church.

More than a hundred enjoyed the supper and the entertainment, and a few were unable to squeeze in for the festivities.

The program included two biblical plays, "Queen Esther" and "Mary and Martha," vocal numbers by Miss Mays, violin solos by Miss Clark and Lynn Cadwell, piano solos by Miss Ruth Risor, dances by Beverly Humphries and a reading by Mrs. Frank Smith.

More than \$15 was collected in the free will offering, according to the committee for the evening, which was headed by Mrs. Jerry Hatton.

Man About Town Saw:

Frank Wymond, attired in frock coat and high silk hat, carrying a doctor's satchel, hammer and saw entering the Charley Curtis home. What do you make of that, Watson?

Traffic Officer Ellis surrounded by an admiring group of second graders during noon hour.

A chicken hawk reclining in Jack Bailard's refrigerator labelled "deer meat," a present from Joe Schweizer.

Martha Thurmond reproaching the editor for neglecting to mention the fact that she was confined to her home by scarlet fever for some time. She's out now.

Bill Kendrick shout "Look at 'im go!" when his son returned a punt 20 yards in Friday's football game.

Local Water Table Drops Steadily For 15 Yrs., Says Dunne

LIONS HEAR FORESTER

City Vacationists Chief Menace To Timber

WITH a water table that has dropped steadily for the past fifteen years, the forest area in the mountains back of Carpinteria affords this district its only hope of preserving what water supply is left, County Forester Frank Dunne told members of the Lions Club last night. Mr. Dunne was the principle speaker at the club's regular meeting.

"We appeal to the sporting instincts of every camper and hunter Dunne stated. "After a recent forest fire I counted over a hundred deer that had been burned to death as a result of somebody's carelessness."

"Forty-two percent of this county lies within the National Forest Preserve, so that it behooves those of us who live here to protect those areas."

"Los Angeles, with two million city-bred people eager to get out into the open, is the Santa Barbara forest's greatest fire risk," Dunne continued. "Those people haven't been taught how to take normal precautions against forest fires, and when they are turned loose in a brushy area the fire hazard shoots up like the thermometer."

"The Los Angeles fire department is indirectly to blame for the tragedy that cost the lives of more than a score of men in Griffith Park last week," he went on. "Inexperienced and untrained men should never be sent into such a territory."

"Here are the three main points of fire prevention," Dunne concluded. "An intense educational program; rendering numerous areas fire-proof for public use; and maintaining a trained force to handle forest fires that have started."

Explosion At La Conchita Injures 2 Sleeping Men

BUILDING IS DEMOLISHED

Cause Of Blast Mystery To Ventura Sheriff

TWO MEN were injured as the result of a mysterious explosion which early yesterday destroyed the small house at La Conchita in which they were sleeping.

The men were Woodson White, Rincon fisherman, and Roy Bounds, Ventura carpenter, both of whom (Continued on Page Four)

BE THERE TONIGHT!

CARPINTERIA business men meet tonight to form a Merchant's Association for the purpose of bettering local business conditions.

The hope is, as expressed at Tuesday night's meeting, to cooperate on publicity that will attract people from the San Joaquin valley to "the World's Safest Beach," to appeal to a desirable element that the Maricopa road will bring to the coast.

Individually the most public minded and progressive citizens, local merchants have, in the past, lacked the cooperation and organization needed to bring new business into their stores.

If a Merchant's Association, the foundation of which was laid Tuesday evening, is effected, an important step will have been taken for the betterment of local business.

Such an organization would serve as a clearing house for problems common to all Carpinteria merchants, identify their interests and allow them to put up a solid front against conditions which even the most optimistic will admit are not of the best.

Thousands of San Joaquin Valley dollars will be spent on the coast next summer. Authorities say that the Casitas road will be finished by the middle of the vacation season. Coming from the excessive heat of those regions, Maricopans will be looking for a beach that is accessible and safe. Which means that Carpinteria should be sitting pretty for next summer's business.

Local merchants realize, however, that unless inlanders are told about our marvelous vacation facilities, Carpinteria's share of that business will amount to only that part which trickles through and "discovers" the best beach in the world. Hence tonight's attempt at forming an organization.

If a merchant's association is instrumental in bringing new business to Carpinteria it will be a success. But it will still be successful if it only results in drawing closer together local merchants and gets them in the habit of pulling together for a better Carpinteria.

Every local merchant owes it, not only to his fellow business men, but to himself, to be present tonight, air his views, and assist in the formation of an organization which means much to the future of this community.

Governmental Glances

BY ASSEMBLYMAN GEORGE R. BLISS

6—The Sales Tax

THE CALIFORNIA Sales Tax was passed by the legislature to help meet the deficit in the General Fund. The money in the State Treasury is kept in a number of funds, and the law designates the manner of receiving the money for each fund and for what it shall be expended. The General Fund is expended for school purposes, the University and the Teachers Colleges, the expenses of the legislature and state offices and for other general purposes. The money for it is raised by a tax on public utilities, the inheritance tax, the sales tax and by a number of taxes of lesser importance.

The estimated deficit in the general fund July 1, 1935, of about 125 million dollars is occasioned by the falling off of revenues from the public utilities and inheritance tax, by the failure to reduce expenses as much as might have been done and by the transfer of school support from the counties to the state to the tune of about 40 million dollars per year. This transfer was made when you voted last June for the Riley Plan. The Sales Tax which will probably raise 40 million dollars happens to approximately equal this school transfer, but it cannot be said to pay this school cost any more than the inheritance tax or any other part of the General Fund can be said to do so.

But this transfer of 40 millions of school costs reduces the tax on real property about one-fifth. And since the sales tax will produce about this amount, and is a new tax largely made necessary by the transfer, we will see how the combination of the two changes affects average taxpayers.

I have heard small property owners both in the city and on the farm chortle with glee over the sales tax. Their delight seems to be that now the man who owns no property and has never paid a real property and will have to contribute to the cost of government and will assist in keeping down the cost of government. But how about the small property owner himself? A man with a home worth about eight thousand dollars (actual value) has been paying something like 150 dollars annually in real property tax. The Riley Plan Constitutional Amendment shifts part of the school costs from the county to the state and saves him one-fifth of \$150.00, or \$30.00 tax. But he also will now pay a sales tax of about thirty dollars or 2 1/2% on \$1200.00 of purchase of

commodities. If he buys more than \$1200.00 worth of goods in a year he is actually worse off than before. And every one owning property lower in value than seven or eight thousand dollars is actually paying a heavier tax now than formerly.

How about the farmer? His situation is worse than that of the home owner in town. Because he not only buys food and clothing and what not, for living purposes but buys supplies for his farm operations. If he spends about \$2500.00 per year for family supplies, fertilizer, feed, building material, and other farm supplies, he pays \$60.00 sales tax. Figure out your own case—you'll be surprised. They tell us the small income man buys three-fourths of the country's products and his buying power MUST be enlarged. Is the sales tax the way to do it? You can answer the question? The evil of the California law does not lie in the fact that it is a sales tax, but that it is confined to the sale of the things that the small income man buys in the proportionately large quantities and does not tax the things that the large income man buys more extensively. It does not tax the sale of real estate, stocks and bonds, high price services, or the sale of any form of investment.

CHURCHES

COMMUNITY CHURCH
Rev. Leon Kirkes, Pastor

Sunday school at 9:45. Public worship at 11 a. m. Subject "The New Skipper of the Old Boat." Taxis choir meets at 5:45 p. m. Senior and Intermediate C. E. Societies meet at 6:30 p. m. BREVITIES

Jean Bailard, daughter of Mr. and Mrs. J. C. Bailard, who is attending Pomona college, will accompany the famous Pomona Girls Glee Club this season on its tours throughout the state. Jean recently became a member of the organization, which has four times won the Southwestern Glee Club contests.

Donald Barrick has returned from a summer in Sacramento.

Mr. and Mrs. Lee Grant and Miss Vivian Anderson of Glendale spent the week-end with Mr. and Mrs. Alvin Anderson here.

Rev. and Mrs. Leon Kirkes will arrive home tomorrow after attending the Grand Lodge in San Francisco.

Mr. and Mrs. Vern Nidever and Mr. and Mrs. Luke Wells leave tomorrow for a two weeks vacation in Utah.

Mr. and Mrs. Frank Stewart are expected home soon after a vacation at Palm Springs.

Mr. and Mrs. R. F. Carter and family plan to move to Long Beach soon.

Womens Gym started Wednesday evening at the high school with 18 enrolled. Miss Wege, instructor, plans to organize a basketball and a volley ball team to compete with similar organizations in Santa Barbara.

Mrs. H. R. Owens left Tuesday for a visit with her son in the San Joaquin valley.

Willis Bailard is expected to arrive at the home of his parents, Mr. and Mrs. C. E. Bailard, from Peoria, Illinois.

Mr. and Mrs. H. C. Henderson left yesterday for the Chicago fair.

Arnold White, West Tobey and Tom Ramey visited friends in Corona, Sunday.

Mr. and Mrs. Laurence Doerr and daughter, Florine, visited Mrs. A. Linder, in Lancaster last week, attending the Alfalfa Festival there.

To Meet Thursday Aft.

The American Homes Department will meet Thursday at 10:30 at the club house, when a kitchen shower will be held for the new building. At 2:30 Mrs. Calvin McCrae of Santa Barbara will address the group.

GIRL SCOUTS

Fifteen girls of the 7th and 8th grades have formed a new Girl Scout troop with Mrs. Horace Coshow as captain, and Miss Martha Hoffman as lieutenant. They will meet in the loft of the Coshow garage, and are planning to fix up an attractive troop room there. Carolyn Andrews was elected patrol leader of the seventh grade girls and Thelma Bauhaus of the eighth grade.

The High school troop held a wienie roast at the Scout house last week and practiced tent pitching. Mrs. Percy Houts and Mrs. Elmer Pulliam are captain and lieutenant of the troop, with Mary Cadwell and Laura Stewart as patrol leaders.

Troop III has Mrs. H. B. Franklin as captain and Mrs. Arthur Hebel as lieutenant. This troop has 27 girls from fourth to sixth grade.

Patrol leaders are Kemba Darling, Beverly Humphreys and Marilyn Shepard. Elsa Lee Grell is treasurer and Nancy Franklin scribe. Fifteen girls are working on the Wenderfoot test. The troop is learning an English country dance now.

School Zones Safe For Grammar Children

(Continued from Page One)

first meeting of the fall term, held yesterday afternoon.

For years the crossing in front of the school has been a source of worry to mothers who realized the constant threat to the safety of their children afforded by the heavy through traffic at that spot.

Mrs. Harold Cadwell, president for the past two years, presented the gavel and a huge bouquet to Mrs. E. P. Roe, newly elected president, who conducted the balance of the meeting.

Formation of an auxiliary of high school mothers in connection with the present P.-T. A. was voted, and the president authorized to appoint a committee to look into the matter and report at the next regular meeting.

Mrs. Calvin McCrae, district president of P.-T. A., introduced President Webb of the Santa Barbara P.-T. A. Council, who spoke briefly on the aims and methods of the organization. A one-act skit, enacted by Miriam Hendy, Frances Morris and Sally Winters of the high school, and music by the grammar school orchestra under the direction of Miss Clark, completed the program.

Explosion Injures Two Men At La Conchita

(Continued from Page One)

were treated at a Ventura hospital for second degree burns.

The blast, which occurred at 3:15 Wednesday morning, blew out the four sides of the house and what was left of the building burned to the ground. The residence was located across the railroad tracks from La Conchita Inn, on the Rincon seven miles south of Carpinteria, and belonged to T. L. La Pierre, who lives on the Rincon.

Both men were thrown out onto the ground by the force of the explosion and though badly burned were not rendered unconscious.

Ventura county officers are investigating the cause of the explosion, but admitted yesterday that the mystery may remain unsolved.

Mrs. Phil Doerr spent the weekend with her son and daughter, Mr. and Mrs. Lou Doerr, in Ventura.

Bean Harvest Started

The harvest season hits its stride locally this week with the announcement that threshing will begin today on the C. R. Sawyer property. Other ranchers expect their beans to be ready as fast as the threshers can get to them.

Ed Moore, manager of the walnut house, expects to employ from 20 to 30 people beginning Tuesday, when the operations of grading and shipping will get under way.

Green bean shippers have received as high as \$4.25 per hamper on the eastern market this week, as the cold season begins to affect other bean growing regions.

H. S. Orchestra Plays

The high school orchestra played at the assembly Thursday morning. This was the organization's first appearance since school opened. A new set of tympani and an oboe are two unusual instruments to be found in the personnel this year. Lawrence Smith and Mary Shorkley both freshmen, are performing upon them for the first time.

Japanese Print Exhibit

An interesting exhibit of Japanese Block Prints is being shown at the high school this week and next, under the supervision of the Art Classes. This exhibit is part of an extensive traveling exhibit sponsored by the Shima Art Co. of New York. The prints are reproductions of famous prints of the older Japanese artists and include Hiroshige, Hokusai and Shosun. These prints may be seen in the display case at the high school and in the Art classroom.
