## Phelps, Scalapino Welcome Gauchos

Welcome, new students! With your coming we open a new year in high hopes that you will find the friendly atmosphere you expected and that you will flourish in it.

For many years this college has radiated good will in its reception of newcomers. It has had pride in the number of institutions and the range of territory from which they came. It has realized that here we have no local college but one which draws its students from long distances in this state and to a considerable extent from a number of other states. Here there is a meeting of minds and personalities from many localities and the blend makes our State College student body. We believe it is a good one. We know it is a congenial one. We hope your coming will add materially to it of those fine characteristics we prize most highly.

C. L. PHELPS

Fellow Gauchos:

I am glad to have this opportunity to welcome the student body—both you who are returning, and you who are entering Santa Barbara State college for the first time.

The future to all of us looks bright, for along every line, academic, athletic, and social, we are progressing.

It is my personal hope that everyone of you will share in this progress—that you will feel yourself a part of a growing, expanding organization whose primary aim is to serve you.

Together we can, and will, make this year a big step up in the annals of State. As a fellow Gaucho may I wish you the best of luck in the coming year.

Sincerely,  
BOB SCALAPINO

## College Awaits First Funds For Buildings

First allocation of funds for construction of a new Santa Barbara State college on Leadbetter Mesa is expected to be forthcoming within the next few days, according to E. E. Ericson, chairman of the Industrial Education department, who is in charge of construction details on the project.

Workers on the site, meanwhile have spent the summer landscaping and leveling off the ground so that all would be ready for construction to begin. According to Ericson, part of the Industrial Education unit will be prepared to move to the new campus in about four weeks.

The I. E. buildings will be the first completed of the project, which when finished is expected to house between 2500 and 3000 students. A large amount of the work will be completed by the spring of next year, it is hoped by the local administration, so that housing of an increased student body will be facilitated.

One unit of the project, which is being financed jointly by state and federal funds, has already been completed and is in use, namely, La Playa field, one of the most unique of the world's football stadia. State

Pictured below, charging straight at you is the 1939 version of the Santa Barbara grid squad. In the lead as usual is flashy Billy McArthur, ace Gaucho halfback, flanked on the left by Wayne "Butcher Boy" Engle and on the right by Lynn "Laughing Boy" Graham.—Cut Courtesy News-Press

## Ticketmen

Russell Calls For Workers

Positions available are those of guard, usher, ticket sellers and gatemen. As a limited number of positions are open, Russell states that the first men to apply will be assigned posts.

Ticket sales manager Bill Russell announces that all men of the College who intend to work at the Occidental-Santa Barbara football game on Friday night should report to him in the graduate manager's office any time Tuesday.

College's unique gridiron, with the ocean on two sides has been publicized throughout the country, with mention also in a journal in Paris, France.

The site for the new campus is in itself unique, occupying a mesa overlooking the ocean. Although the land has been owned by the College for over seven years, a long battle was waged before funds were allotted for construction purposes. Due to the steady increase in enrollment within the past few years, the administration's battle was won in the spring of this year with official allocation of federal funds. Each year for the past four years has seen a 25 per cent increase in enrollment.

## Campus Politicians Meet Thursday to Fill Finance Position

Student Leaders Convene To Initiate New Members, Discuss Football Situation; Group to Enforce New Attendance Rules

Initiation of new Student council members, which usually holds the spot-light at the first meeting of the semester, will take a back-seat Thursday night when the campus politicians convene to appoint a successor to Bill Russell, who resigned as chairman of the finance committee this week.

## AWS Honors Frosh Women At Beach Party

Incoming Coeds Meet On Ocean Front Tonight For Entertainment, Food

Freshmen women will be the guests of honor this evening at the annual A.W.S. beach supper, which will begin at 5 p.m. at West Beach, according to Miss Lois M. Bennink, dean of women.

Virginia Moss, counselor in charge of the general program, has promised a gala affair, with introduction of student and faculty celebrities around a large bonfire after the supper.

Large Turnout

Over 150 women were present at the event last year, and close to 200 are hoped to be on hand tonight. Tickets are 25 cents per person.

The dinner menu has been handled by the sophomore service committee, Las Espuelas, directed by Marorie George. Although the piece de resistance has been kept a secret, the committee promises that there will be more than enough for all.

Sing Songs

Games and songs will share the spotlight after the bonfire introductions. "On to Victory" and "Ride, El Gaucho", official school songs, will be led by the rally committee.

## Gaucho Lists Room Sites

In order to facilitate movement of new students about the campus, room numbers and offices are listed below:

Main offices — Administration building.

Student body offices—Quad building.

Auditorium — Administration building.

Library—Administration building.

College bookstore—Quad building.

A.W.S. club room—Quad building.

Locker rooms—Quad building.

Dining hall — Home Economics building.

El Gaucho club—Home Economics building.

"Emoha" practice house—Home Economics building.

Health Cottage—First bungalow to right of Auditorium.

Tennis courts—Northwest end of campus.

Rooms 10 to 29, Industrial education buildings; 42 to 56, Quad building; 60 to 62, Music hall; 72 to 79, Home economics building; 80 to 84, Pine hall; 90 to 94, Ridge hall.

Russell's resignation was but one of two that has been handed the student leaders this week. Dr. Charles L. Jacobs, dean of the upper division, quit his post as chairman of the powerful board of athletic control, and will be replaced by Dean of Men Paul A. Jones.

Important Task Cause of Russell's resignation from the finance job was to give him more time to devote to his all-important task of regulating ticket sales during the coming football season. He had previously held the post of welfare committee chairman, which position he resigned to become head of the finance board.

Gavel-rapping Bob Scalapino, president of the Associated students, will present the pre-audit for the grid opener with Oxy September 22.

Meets Each Week

The council will meet every week during football season, to deal with any special problems that may arise concerning the athletes.

Head of the social committee Ellen Seymour will report on her group's activities for the year, and then ask the council to approve the committee she has chosen. Also to be approved by the council will be the new members of the rally committee.

Board's Actions

The Activities Control Board's action will be presented by Chairman Harry Sloan.

As an "added attraction" the council will crack down on itself, and move to assure its own attendance. Complaints have charged that during the past semesters attendance has been "anything but regular" and steps will be taken to draw up and enforce rigid rules governing this situation.

## College Holds Meet Tuesday

Entire student body of Santa Barbara State college will convene at a general assembly Tuesday at 10:30 a.m. in the auditorium, at which time Clarence L. Phelps, president of the College, and Bob Scalapino, student body president, will extend greetings.

Special attention is called to the fact that both the third and fifth hours will be shortened ten minutes in order to provide time for the assembly and class meetings.

It is noted from this meeting and from the College calendar that assemblies this semester are to be held later than has been the custom in the past.

Following the assembly, class groups will meet to elect officers.

Seniors will assemble in room 42; juniors in room 90, Ridge hall; sophomores in room 80; and freshmen in the auditorium. Permanent class officers are to be chosen at that time.

Graduate Manager DONALD M. FOLLETT, the campus' busiest man these registration days refused to make a prediction on enrollment this year. A new record seemed certain.

## Rally Heads Plan Football Pep Session

Gaucho Athletic Coaches Address Collegians at Gathering in Quad Tuesday

With the emphasis on school spirit, Jack Richards, rally committee chairman released his plans for a gigantic football rally to take place in the college auditorium Tuesday night at 8 p.m. Spud Harder and Wee Willie Wilton, varsity coaches, will discuss the Gauchos' prospects for victory in the coming season and the strategy they plan to use against the invading Occidental squad.

Varied Program

An elaborate program, plentifully sprinkled with entertainment has been planned for the amusement of

Applications of students interested in filling the posts of freshman and sophomore members of the rally committee, and assistant yell leaders to Pat Kelly, should be handed at once to Jack Richards, head of the Rally committee.

the attending collegians. Pat Kelly, head yell leader, will lead the gathering in several of the institution's songs and yells.

Main purpose of the rally is to stimulate student interest in the coming Santa Barbara-Occidental grid tunic to be held Friday night at La Playa field.

Quad Dance

Immediately following the rally, a dance will be held in the quad. Music will be furnished by recordings amplified by loudspeakers.

Members of the committee who have arranged details for the evening's entertainment include Jack Richards, chairman; Pat Kelly, and Jack Newman, El Gaucho sports editor.

## Mrs. Priest Conducts 'Modern Music' Class

A new class called "Modern Music" will be instituted by Mrs. Anita Priest this semester.

This class is not a requirement for any department, but will count as an elective. The course is open to all interested students, and there are no prerequisites.

## State Administration Inaugurates New Registration Method

New Students Take English A, Aptitude Examinations Today; AMS Schedules Overnight Trip; AWS Have Beach Party

Gaucho students and administrators this semester will inaugurate a new regular registration program wherein the entire procedure will take place within the confines of the College court.

Registration for this semester will be similar to that employed during the Summer Session.

Newest part of the procedure, according to Mrs. Jane Miller Abraham, registrar, is the filling out and filing of double Class Registration Cards with individual instructors on days of registration. Department heads will distribute these cards and in case of a mistake, an extra supply may be secured in the library.

Preference Time

Students who are scheduled to work in the various offices are to be given preference in the registration line. In the event that they have not done so already, these privileged students must secure permits at the Registrar's table.

Activity will begin at 8:30 this morning with an assembly in the auditorium for all new students, presided over by William Ashworth, dean of the Lower Division. At that time, new students will be instructed in registration procedure and will receive greetings from President Clarence L. Phelps, Student-body President Robert Scalapino and several student officials.

English A and Aptitude examinations will be given for new students in the auditorium at 9 a.m. and 2 p.m. respectively.

Other events scheduled for today are the A.M.S. Overnight Trip which begins at 4:30 p.m., and the A.W.S. Beach Supper and Bonfire, beginning at 5 p.m.

Reception Sunday

A reception for new students will be held Sunday from 3 to 5 p.m. Women will meet in the auditorium and the men in room 80 at 3 p.m. This will be followed by a general meeting of the class at 3:30 at which time the Frosh will elect temporary class officers.

Following the meetings, punch and wafers will be served in the College Court.

Registration will continue on Monday from 8 a.m. until 12 m. and from 1 to 4 p.m. A campus tea for all students and faculty members will be held in A.W.S. club room.

Regular class sessions will begin Tuesday morning.

A State College Rally will be held in the auditorium at 8 p.m. Tuesday, followed by an all-college dance in the Quad.

According to an administration release, programs may be changed without petition before September 22. From September 25 to October 6 a petition will be necessary if changes must be made. No changes will be permitted after October 6.

## MUSIC EXAMINATIONS

Music examinations for advance credit are given the first two weeks of each semester by appointment with the instructors concerned. No examinations for advance credit in music will be given after the first two weeks of the semester.

## Men Students Take Annual Trip Tonight

A.M.S. Sponsors Annual Affair; Honors Frosh, Pigskinners

The Associated Men Students will present their first activity of the school semester this evening and tomorrow, when an anticipated 125 men participate in the annual overnight camping trip at Camp Drake. The affair offers all incoming men an opportunity to get acquainted. Tickets are only 50 cents, including food and lodging. The party will leave the college about 4 o'clock this afternoon.

Gridders Honored

Howard Joham, in charge of the trip, has made arrangements for the entire football team to take part in the trip, and share guest honors with the freshmen. In addition, Coaches Willie Wilton, Spud Harder, Howie Yeager and Roy Bohler will be introduced.

Dean of Men Paul Jones announced that introductions will be made at the dinner table. Afterwards, head of the rally committee Jack Richards will lead song and yells at the campfire.

Large Turnout

Last year 100 men attended the outing, and it is expected that record will fall this evening.

Aiding in the organization of the trip have been Waldo Phelps, president of the Blue Key, and Bob Scalapino, president of the Associated Students.

## El Gaucho Editor Seeks Staff Members

Many positions on the staff of El Gaucho remain to be filled, according to Syd Cohen, editor of the College's weekly newspaper. Although an abundance of sports writers have reported, a dearth of news, society and women's sports reporters is evident, in addition to editorial and feature writers.

Special credit toward upper division English may be received by consulting Mrs. Margaret Burke Bennett, journalism advisor. In last year's Associated Collegiate Press ratings, El Gaucho received the All-American or highest award, one of two papers in its class to achieve this distinction.

## Calendar

Today—  
9 a.m.: Registration begins, old and new students  
4 p.m.: Registration closes.

8:30 a.m.: Assembly for new students, College auditorium.  
9 a.m.: English A Examination.  
4:15 p.m.: Faculty meeting, Beach supper for women.  
Overnight trip to Camp Drake for new men.

Tomorrow—  
Church groups meet  
3 p.m.: Reception for new students in College Quad.  
3 p.m.: Dean's meetings.  
3:30 p.m.: Election of freshman class officers.

Monday—  
8 a.m.: Registration begins.  
4 p.m.: Registration closes.  
2:30 p.m.: Registration tea, A.W.S. club room.

Tuesday—  
8 a.m.: Classes begin.  
9:30 a.m.: Limited students register.  
10:30 a.m.: All-college assembly, college auditorium.  
11:30 a.m.: Class meetings, election of class officers.  
8:15 p.m.: Football rally and dance in College Quad.

Thursday—  
7 p.m.: Associated Students council meeting, Pine hall 80.  
W.A.A. Hare and Hound Chase.

CHICAGO • BOSTON • LOS ANGELES • SAN FRANCISCO

Once more El Gaucho mounts for the annual ride as approximately fifteen hundred collegians line up to pass through the procedure of fees payment and scheduling of academic study. With a spirit of play and work these students will again engage in the aged attempt to better their economic and social position by specialized training. Individually the student is an understandable obstacle of comparatively childish whims, collectively he is a question of prolonged social research.

## Gauchos Begin Year of Activity With Registration

Thus as we begin this year we bring into view the means by which these individuals are organized into a social body. In the present case we refer to the Associated Students. Often must we be reminded that the duty of the Associated Students is not to support any peculiar type of activity whether it is athletics, publications, or speech but to act as vehicle for whatever interests are expressed by the members of the association.

Yet another side of our educational system arises to our sight. This is the necessity for an emphasis on the discipline of knowledge. Only by subjecting ourselves to a ceaseless task of study will we accomplish the goal of education. The sharp contrast with the policy of freedom as expressed in the student association and the restriction of training is the condition which we must acknowledge. By the union of these extremes we achieve our purpose in entering upon the ensuing year of college life.

Today and Monday students of Santa Barbara State will once more line up for the semi-annual registration procedure. That these students will arrive in larger number than ever before is the expectation of very college executive. That they will range through every economic class, political leanings and religious creed is the obvious fact for anyone acquainted with careful surveys of student personnel. This is the American system of education—the education of tolerance based on a doctrine of progress through labor.—F.C.D.

Editorials appearing in El Gaucho do not necessarily reflect the opinions of the staff or of the editor. They merely express the viewpoints of the writer.

## Americans Form Own Opinions Though Neutral

Dear Mr. President: You said that the American people are the best informed people in the world, and we think you're right. But the danger is that since we can see both sides, we must inevitably form opinions and judgments. The vast majority of our citizenry has already decided for themselves which side right, and which side is wrong. They have based that upon the facts which our press, our radios and our commentators have presented. Nor has it been an over-night decision, for the main trend of modern discussion in recent years has resolved itself on international affairs. This may be very unfortunate, though, as far as American Neutrality is concerned, for though our country is neutral, our minds are not!

We young people, Mr. President, are no exception; we have almost unanimously condemned a policy and a creed which is vastly foreign to our own. Moreover each young person knows how vitally concerned he is with this war. Being concerned, he talks about it, and talking about it, like most young people he is very frank, leaving no doubt as to where he stands in his sentiments.

BUT, Mr. President, we think you will find that the American young people are equally firm in their conviction that there should be no American Expeditionary Force sent to Europe. There must not be another Chateau-Thierry or Belleau Woods! We are sure that you will find a country united behind you in a frantic desire to keep American blood—our blood—from dripping on the fields of Europe.

As long as America keeps out of that war, so long will the candle of New World democracy still shine as a beacon to those who have given up hope.

Mr. President, we ask you to do everything in your power to keep that candle burning.—R.S.

## Quotable Quotes . . .

"The college student spends 25% of his life sleeping in class as education's public enemy no. 1."

"I think my success as a writer is due almost entirely to my lack of education. You see, some people have called me a literary stylist, but that's not at all true. My education was so meagre that when I started to write my column, I didn't have the faintest idea of how to spell the words I ran up against." But columnist Walter Winchell still believes that "it's very heartening to see that a college now prepares its students to face world problems with good judgment."

"The outstanding defect of the curriculum of the present day American college is its lack of spiritual drive. It does not bind together the teachers and students and graduates of a college into a single unified community dominated by the emotional attitude of a single enterprise." Educator Alexander Meiklejohn gives Dartmouth college undergraduates his analysis of educational dilemma facing U.S. education.

## College Administrators Add Twelve Instructors to Rolls

Answering demands for additional, the English department. She received her doctorate at Stanford. Miss Nora Belle Hefflin holds a master's degree from Columbia and will act as a supervisor of directed teaching.

Miss Virginia Cornhelsen holds a master's degree from U.S.C. She was formerly on the Dean of Women's staff at Columbia. She will work in both the offices of Dean of Women and Dean of Men.

## Around the Quadrangles

Alpha Phi Omega, national scouting fraternity, has donated a stone fireplace to the University of Wichita.

A twenty-million year old turtle skull has been given to Oregon State college.

Enrollment in the Indiana university R.O.T.C. has grown 389 per cent since 1917.

The American College Publicity Association was founded in 1917 in Chicago.

The University of Alabama R.O.T.C. unit has earned an excellent rating 11 years in succession.

Pennsylvania State college scientists have discovered a new way of growing mushrooms.

Twenty-five per cent of the Holy Cross college student body is studying Greek in the original.

The University of Virginia's first curriculum was written by Thomas Jefferson.

There are 62,000,000 bound volumes in the libraries of the U.S. institutions of higher learning.

The University of California at Los Angeles has been given \$1,350 by a film company for using its campus as a set for a movie.

Between 40 and 50 U.S. colleges are offered for sale every year.

Gifts to colleges declined only 2.3 per cent between 1930 and 1938.

Massachusetts Institute of Technology drama students are making a movie called "The Dictator."

Margaret Bent of the University of Toledo beats all! She does for she's the freshman who a couple of weeks ago made a perfect score in a test on traffic regulations.

But the beat'nest part of the whole thing is that Margaret DOESN'T DRIVE—and didn't attend the lecture on which the test was based!

## El Gaucho Prints Words to State College Fight Songs

In order to acquaint incoming (and returning) students with the songs of Santa Barbara State college, El Gaucho is printing the words to a number of the College's pep tunes below. According to Rally Committee Chairman Jack Richards, the lyrics are absolutely authentic.

**Alma Mater**  
Hail, Alma Mater, fair, a song to thee we raise,  
As one and all obey thy call, and rise to sing thy praise.  
Thy name increase in glory, reign forever as of yore.  
Raise the colors, float them proudly, earth shall know thy name,  
While mountains, hill and vales re-echo, Alma Mater's name.

**On to Victory**  
On to victory, you Gauchos fight fight with all your might,  
Santa Barbara State, we will unfurl the olive, green and white.

**Song of El Gaucho**  
Ride, El Gaucho, ride  
Along the way to one more score,  
Pride, that's true and tried  
Demands you follow every chore;  
For good old State, don't hesitate,  
Nor shy at Aztec, Tiger roar  
Ride! till the foe man hollers,  
Gaucho!

Gaucho, ride no more!  
Ride, El Gaucho, ride,  
Along the way to one more score,  
Pride, that's true and tried  
Demands you conquer every chore;  
For good old State, we'll celebrate,  
And show the world just how we rate

Ride! on to victory, El Gaucho!  
Gaucho! ride no more!

Alma Mater, dear, your sons are here to do or die,  
On to victory, you Gauchos, fight, fight, fight.

## Frosh Makes Board, Room By 'Trucking'

Such songs as "The World Owes Me a Livin'" and "I Don't Work for a Livin'" are not heard emanating from the abode of George Kerrick, an entering Freshman who is literally "trucking" his way through Santa Barbara State college.

A recent arrival from Los Angeles, Kerrick brought with him from the southern city a 1932 red truck with a loading capacity of three tons. It is his intention, while in Santa Barbara, to rent this truck out to contractors, manufacturers or ordinary citizens at a rate upward to 5 dollars a day, depending upon the size of the load to be hauled, distance which the truck will have to travel and the time for which it is to be rented.

Kerrick's first realization that he could, with a truck such as he now possesses, solve the problem that has been a constant worry to many small-business men and at the same time provide himself with a means of support while attending school, came while he was a student at a Southland school.

In relation to this, an ironic incident is related by Kerrick.

It seems, as he says, that he enrolled at Los Angeles City College with intentions of becoming a full-time student in good standing. It was then that the idea of "trucking" his way through college came to him. The only difficulty, however, was that his trucking service became so popular and so much in demand, even in a city the size of Los Angeles that he was forced to withdraw from school and devote all his time to it.

According to Kerrick, the idea of dropping out of L.A.C.C. didn't bother him as much then as it does now that time for his registration at Santa Barbara State college has arrived.

His greatest cause for regret is the knowledge that if he had managed to stay in school and at the same time run his trucking business on the side, he would now be able to enter State with advanced standing instead of as a mere Freshman.

Upon arriving in Santa Barbara nearly a month ago, Kerrick secured permission to park his truck in a small lot on State street between the Granada theater and Victoria street, where it still attracts the attention of most Santa Barbara.

Within a few days he received two or three substantial offers and business began, although the immediate success of the venture wasn't quite what he had expected.

As is usually the custom in business, most of the offers didn't materialize; but, nevertheless, Kerrick is now assured that Santa Barbara is aware of the existence of his "U Drive Truck Service."

Recently, when Hal Styles and his "Help Thy Neighbor" program was broadcast from this city, Kerrick appeared on the program and further publicized his service.

As the service is apparently new to Santa Barbara and can be of great help to both local businessmen and the student who is sponsoring it, George Kerrick is anxious that anyone interested contact him at 118 East Islay street or by phone at 2601 or on the Gaucho campus.

B. McC.

## Gauchos Heed Timely Advice For Success

To entering freshmen and not a few older students we dedicate the following bit of timely advice gleaned from the fertile brain of Ernest Harrison of Glenville, West Virginia, State Teachers college. We shall neglect to give it a title. To study, or not to study: That is the question.

Whether 'tis nobler in the mind to make A's and B's and the honor roll

Or to take C's and D's by having a good time and

By doing so forget it. To review, to cram,

Some more, and by to cram to say we stuff

Our heads with unimportant facts That college is known for, 'tis a situation

Devoutly to be avoided. To review, to cram;

## Editor's Note:

Someone reminded us recently that the class of 1943 is with us. The suggestion scarcely dented our epidermis, as we were deeply immersed in the technicalities of a registration edition and in trying to find our old parking place in our traditional rut. Now that we are back in the groove, rut or what have you, we feel it our painful duty to carry on in the best tradition of college editors by rolling out the welcome mat.

As a matter of fact, we rather enjoy having you here, freshmen, despite our pretended cynicism. You, however, are presently engaged in an involved process called orientation and are much too busy to absorb the guff and dogma usually contained in columns of this type.

Within the next few weeks, young ladies and gentlemen, you will be feted, fussed over and forgotten. You will be dunked in the sometimes stagnant pool of tradition and dinked by upper-classmen. If a dunking by the latter does not take place within the required time, a dunking eventually will, literally, that is in the famous Quadrangle aquatorium. You will attend teas galore and the most likely of you will be slyly observed by the various social fraternities and sororities for future reference. After the novelty has worn off and the remnants of the Frosh-Soph mud brawl scraped off, you will be duly acknowledged Gauchos, eligible to "orient" future freshmen in your turn.

In addition to scholastic activities on this campus, you will find the usual number of extras. The athletically inclined, "nuggets" to you, will be welcomed with open arms by young Mr. Howie Yeager. State College's forensic department under the guidance of Mr. W. Charles Redding is rapidly rounding into shape where it should prove competition for the best schools on the coast. In the same line, the drama group under the direction of Mr. Frederic W. Hile has a special pigeon-hole for tyros called the Freshmen workshop, a proving ground for aspiring actors.

We have been promised a "New Deal" in the music department where Mr. Van A. Christy is coaching choristers and Mr. H. Klyne Headley is assembling instrumentalists. Of Christy, we know that he trained a pleasantly harmonizing group, miraculously it seemed at the time, during the past summer session. We discussed the band situation with Headley recently and were so impressed with the young man's earnestness and ideas that not a doubt remains in our mind that a truly representative State College band will be marching up the field between the halves of football games in the not too distant future.

For diversion purposes, we recommend without qualification, what was once termed "Your Best Entertainment", sessions of the Associated Students council. With which quip we break our most serious resolution for the new school year, not to harass the council until necessary.

Our main reason for not getting worked up over the registration situation, is the little fiasco taking place across the Atlantic. For a while it seemed to us that the whole procedure of enrolling was futile, that we collegians would be overseas shortly saving the world for the slogan makers. During the recent press and radio barrage, we glued our eyes to the papers and our ears to the radio and after hearing dozens of conflicting reports, report that we are confused. We are certain that the agencies of propaganda, the outstanding factor in this alleged war, are claiming far more than is taking place. The Soviet Union and Italy, are of course, the question marks of Europe, with the latter in the same position as of 1914. In fact, the whole situation might be summed up by a "This is where we came in" catch line.—S.C.

## Collegiate Review . . .

President Roosevelt was an honorary patron of the Niagara university junior prom.

Columbia university has broadened its program of training for public service in law.

The University of Buffalo has a unique collection of the work sheets, notes and manuscripts of modern poets.

More than 10,000 individuals last year contributed to a special Harvard university fund.

A total of 92.6 per cent of Rutgers university students use the college library during the year.

Eamon de Valera, premier of Ireland, has been awarded an honorary degree by Catholic university.

A drive has been started to raise \$100,000 in U.S. colleges to send the American team to the 1940 Olympics.

To cram; perchance to flunk; ay there's the rub;  
For in cramming what good can come  
When we have played one whole semester  
Must give us pause; there's the respect  
That makes calamity of examination days.  
For one can learn in one night what Should have been learned in eighteen weeks.  
Who can think clearly the next day after  
Having been up all night, drinking coffee  
And smoking cigarettes,  
When he himself might study occasionally  
And retire early on the eve of the

Eventfully and come prepared with  
Sense rested and acute  
Who can bluff professors in thinking he  
Knows something by his eloquent pen and words.  
Who can fill in what an empty head doth not know;  
Except for that fatal blankness which  
Falls over us and from which no one Can come out of at the decisive moment.  
Thus cramming makes dunces of us all,  
And thus the moral of this story is, Prepare faithfully from day to day your assignments  
And when the roll is called up you'll be there.

**For Those Warm Days - - -**  
**REFRESH YOURSELF**

# Gaucha Grid Fans Greet Occidental Rooters in Annual Parade, Rally

E. E. ERICSON, Industrial Education head, announces that plans are under way for the College to become an air training base with official work from the Civil Aeronautics authority having reached the College.

## Air Authorities Confirm Local Flying School

Confirmation that Santa Barbara State college has been selected as one of the 166 American colleges and universities to participate in the national civilian program under the Civil Aeronautics authority was received here yesterday by President Clarence L. Phelps in an official document from Washington. The aviation class will open next Monday.

The class will be a part of the Industrial Education school of the college and will be under the direction of E. E. Ericson, head of the industrial school plan.

### Registration Limited

Only students taking a regular course at the college will be admitted to the class. The age limit was set between the years 18 to 25. Applicants for the course need not necessarily be Industrial Education majors.

From 35 to 50 hours of flying instruction will be given, leading to the Private Pilot certificate of competency. The flying will extend into the second semester. As yet the actual hours of flying have not been arranged.

Expenses, over the regular college fees, will be about 40 dollars for

Time for the Oxy-Gaucha football game brings to realization the proximity of the fourth annual Tiger Parade and Rally, to be organized the day of the game on the outskirts of Santa Barbara.

According to advance information received from the Occidental campus, the Tigers' contribution to the annual affair is to be some 150 cars, lavishly decorated with gay, colorful bunting and posters.

### Gauchos Prepare

Plans are being made on the Gaucha campus by members of the Rally committee to have a like number of Santa Barbara cars, likewise decorated, form a welcoming committee for the Occidental delegation at the Santa Barbara city limits.

At the city limits the parade will be formed and will proceed from there to the Carrillo hotel, where a welcome and pre-game Rally will be held.

According to the order of participants in the Parade, officials' cars from Santa Barbara are to fall in at the head of the Parade for the final drive into the city. Other State college rooters' cars should form at the rear of the procession. This arrangement, it is felt, will make it possible for the Oxy cars to park upon arrival at the hotel, with the State College cars parking double on Carrillo and Chapala.

This latter arrangement, it is to be understood, will exist only during the welcome and rally.

### Oxy Alumni Dinner

An Occidental College Alumni dinner will be held at 6 p.m. at the Carrillo hotel. Guests of the Tigers at the dinner and at the game later in the evening will include:

President and Mrs. Clarence L. Phelps, Mr. and Mrs. Theo Harder, Mayor and Mrs. Patrick Maher; Mr. and Mrs. Fred Hoelscher; Inspector Murphy and Captain Rutherford of the California Highway Patrol; Mr. Fred H. Schauer, trustee of Occidental college; Mr. Harold Smith, chairman of the Alumni dinner; Miss Virginia Ballard, president of the Santa Barbara chapter of the Occidental Alumni group; five members each of the Santa Barbara police department and the California Highway Patrol escort squad who are to serve as escorts for the procession.

the complete course. This includes insurance and medical examination fees.

A steady flow of applications have been coming in since the appointment of the State college as a link in the national unit. Students from all parts of the state are expected to file applications and a record enrollment is expected.

Acceptance of Santa Barbara State into the civil aeronautics program was disclosed earlier by Robert H. Hinkley, CAA chairman, but President Phelps did not receive the official confirmation until early yesterday morning.

MR. and MRS. WILLIAM RUSSELL (Dorothy Poole) are back at State college after a honeymoon. —Cut Courtesy News-Press

## Couple Resume Activities on Campus After Recent Marriage

Mr. and Mrs. William Russell (Dorothy Poole) who were married Saturday evening, September 2 at Trinity Episcopal Church, were back at State college today taking charge of their various activities.

The bride is art instructor here and is a member of Delta Phi Delta, honorary art fraternity, and of Delta

## New Music Instructor Makes Plea for More Band Members

With an appeal for all musicians interested to come out for Santa Barbara State college's band, H. Klyne Headley, one of the newest instructors on the campus announced this week that plans for the band are beginning to take form. This year's band, according to the music instructor will be composed entirely of State college students.

In addition to his direction of the band, which will do the major portion of its work during the football season, Headley is interested in building up the College symphony orchestra, and in sponsoring student composition. He will instruct courses in orchestration, musicianship, string and woodwind and orchestra and band.

### Musical Career

Before coming to Santa Barbara, Headley spent two years in Palo Alto, where he was supervisor of music for the public schools. During the past summer, he did graduate work at the Eastman school of music in Rochester, New York. Probably he is best known at this college for his work in developing the band at Fresno State college to be one of the finest musical organizations of its kind in the state. The young pianist and violinist was head of the Fresno instrumental music department.

"Composition and conducting are my main interests," Headley

points out. His record as a composer and conductor seem to bear out this statement. His "California Suite" has been broadcast on the Standard Symphony hour by the San Francisco symphony under the baton of Pierre Monteux on a western coast hookup. The symphony has also been played by the Rochester Philharmonic. Many of his compositions have been recorded.

### Conducting Record

As a conductor, his record includes wielding the baton over the Fresno State Symphony orchestra and over the Eastman symphony. He performed also as a pianist and violinist with the latter. His musical career included concerts and radio broadcasts in San Francisco as a pianist.

H. Klyne Headley was an undergraduate at College of Pacific, matriculating in 1928. He became a Master of Music at the Eastman school and is completing a Ph. D. at that institution at the present time.

Evidence of the new instructor's enthusiasm is his desire to stimulate composition by students at the college. He is eagerly looking forward to this year's Roadrunner Revue, State College's annual talent show, he announces.

# Forensic, Drama Departments Plan Heavy Activity Schedule

## Debators Pick Presidency for 'Mural Topic

Formation of plans for the forensics program of 1939-40 were announced yesterday by W. Charles Redding, director of forensics. Plans were outlined for the various contests to be held both as intramural and intercollegiate activities.

First definite step was taken with the decision upon the topic for the intra-mural contest. This was announced by Redding as a discussion of the proposed third term for the President of the United States.

### Debate Question

Exact wording of the question of the intramural question is as follows: "Resolved: that a constitutional amendment should be adopted prohibiting the election of the President of the United States to a third consecutive term". Possibility of the intra-mural question being the same as the national debate was mentioned by Redding who stated that the national question was unknown as yet and will not be announced until October.

Actual work on the debate season will not begin for approximately two weeks. Meanwhile lists of debators are being reviewed by Redding as prospective participants.

### Returning Vets

Among the veterans Waldo Phelps appears to be the leading speaker. In the 1938 season Phelps teamed with Bob Scalapino to capture the intra-mural title. Later he was listed as alternate with Harry Sloan and Scalapino for Denver trip.

Both Scalapino, A.S.B. president, and Sloan, activities control board chairman, will return although these men have responsible student offices which may take their first efforts. Also listed in the group of leading debators are J. T. Daniel, sophomore class vice-president and debate manager, Raymond Baez, and Gilbert McKeon from last year's frosh team.

Outstanding women debators are Alice Benson and Dorothy Daniel. Miss Benson specialized in the extemporaneous contests as winner of last year's event, and in oratory as participant in the state finals of the W.C.T.U. Miss Daniel was outstanding in both the W.C.T.U. and intramural oratory.

### Probable Squad

Other Staters who may figure on the forensics squad are Ray Allen, Frank Douglas, Vernon Duncan, Noel Frodsham, Dick McKeon, Gerald Page, Bob Perry, Hal Rose, Leo Snedaker and Jim Trindle. Actual pairings of these various debators has not yet been announced.

Among the intercollegiate contests which the season may include are tournaments at San Francisco, Palo Alto, Pasadena, Los Angeles, and Bakersfield. Also plans for the Denver tourney are being considered.

The third annual extemporaneous contest will be held in the early part of 1940 with the second annual oratory contest closing the intramural forensics program. In addition various types of group discussion are being considered, according to Redding.

Speech activities at Santa Barbara State college are usually sponsored by one of the instructors pictured above. FREDERIC W. HILE, top, directs the College's dramatic productions while W. CHARLES REDDING handles forensics.

## Director Lists Plays for New Season

Announcement of the plays to be produced in the 1939-40 dramatics season at Santa Barbara State was made by Frederic W. Hile, director of dramatics and head of the speech division of the English department, yesterday. This is the third session of productions under the supervision of Hile.

Opportunities for all types of dramatic activity were outlined. In addition to the four plays there will be two Freshman Workshops during the year. Students desiring to participate in the speech choir should enroll in the course. Interpretations of Poetry.

### Freshman Activity

The Freshman Workshop is to be operated under the directorship of students in dramatics with freshmen participating as actors. Funds raised by this activity will be devoted to the support of forensics.

First play of the year is to be "Petticoat Fever" on November 9 and 10. Tryouts for this play will be held Wednesday, September 27 from 2 to 5 in the auditorium. Author of "Petticoat Fever", well-known farce, is Mark Reed, who is also author of "Yes, My Darling Daughter".

Second of the series will be "Both Your Houses", satire on Washington politics, by Maxwell Anderson. This play was a Pulitzer prize winner. The date of this production is January 19 and 20.

### Other PPlays

March 1 and 2 has been set as the date for the third play "Three Fishes and Two" by Lindsay Barbee. This is the West Coast premiere of the play which is a mystery drama.

The annual Shakespearian production is to be "Romeo and Juliet" which will be produced on the Shakespearian anniversary April 26 and 27. During the previous plays under Hile's direction four Shakespearian plays have been produced. These have been "As You Like It", "Julius Caesar", "Midsummer Night's Dream", and "Macbeth".

According to present plans all radio work will be carried on during the Spring semester. This will be presented by the radio course with the assistance of the class in advanced debate.

The acting trophy for Spring 1939 is to be presented in general assembly soon. Previous winners of the trophy have been Winifred Nichols and Carl Jorgenson.

table in the Quad building. The little green peaked caps will be sold for 50 cents. The caps must be worn until the Frosh-Soph brawl.

## Squires Sell Frosh 'Beans'

Although little is known of the class of '43 as yet, a strong rivalry looms between sophomores and freshmen, if the word of members of the class of '42 may be taken. The burly sophs, who with their key organization, the Sophomore Squires, will sell "beans" to freshmen during registration, promise revenge for the beating they took at the hands of last year's sophomores.

The Squires, an honorary service organization composed entirely of second year men, will have a special

## The News in Brief

MOSCOW, Sept. 15—Signing of a non-aggression pact between the Soviet Union and Japan was heralded as a possibility as the two nations were reported to have reached a truce on the Manchukuo-Mongolian border. After a four hour conference, Japanese ambassador Togo and Soviet Premier Molotov were said to have agreed upon an immediate cessation of hostilities in their undeclared war. According to some observers if the pact is signed, another diplomatic victory will have been achieved by Chancellor of the German Reich, Adolf Hitler, who has already signed a non-aggression pact with Soviet Russia.

BERLIN, Sept. 15—Although German troops have already blown up part of the fortifications of Brest-Litovsk in East Poland, the army high command announced great citadel is still in Polish hands, tonight. Brest-Litovsk commands the main routes to the east, to the Pripele marshes and the Russian border. Warsaw was reported still in Polish hands.

PARIS, Sept. 15—Slow retreat of German troops down the Moselle river was reported today. The retreat is believed to be due to strong pressure by the French. Railway tracks following the course of the river are being demolished by the Germans as they leave advance positions before the Siegfried line.

# Gaucha Gridders Prep for Opener Under Arcs Friday

## Collegienne Bewildered Over Involved Local Athletic Past

On The Sportside..

By JACK NEWMAN

Those of us who made the pilgrimage over the hill to Phelps field where the disciples of Theo the Spud were doing and dying for the Green of Old Santa Barbara, were more than pleasantly surprised to find that it looks as though the gridirons located in and around this vicinity will sizzle with the proximity of Gaucha warriors during the oncoming season.

Even to such a poor hand at prognosticating as this writer it was evident that the lads have got what it takes to haul at least a major portion of their foes into camp. With the bulk (and we mean bulk!) of last year's squad back to form a nucleus and plenty of newcomers to fill in the gaps, Messrs. Harder and Wilton have fine material to work with, and at latest report, they've been working 'em plenty.

### McARTHUR SHINES IN PRACTICE

Back from a summer job at life-guarding, veteran Bill McArthur, spark-plug of last year's outfit, brought a gleam to the eyes of observers with his hard running and kicking. "Watch for Willy", they say, "he's gonna be hot". Comes word also from those who have visited Eaglerock and the home of the Tiger warn us not to be too optimistic over a prospective victory over Oxy, as Bill Anderson, wily Bengal mentor, is well known for his bag of tricks and his ability to pull them out at times unfortunate for opponents. We have been forewarned also of an alleged surprise aerial attack. And although supposedly hampered by lack of returning lettermen, Oxy is still going to be tough as usual, and we can't afford to sell them short.

To deviate from the beaten track for a moment to comment on Big Walt Gilliam, former member and No. 1 man on the golf squad. Walt, we have been informed, has enrolled at Stanford after being runner-up in the State Golf Tournament. Besides being one of the most outstanding prospects in Amateur Golf, according to the experts, Walt was a high-school letterman in three sports, and a junior tennis champion at 15 years. His loss will be felt here on the hill, but we wish him luck at The Farm.

### GAUCHO SPORT SIDE-GLANCES

That those he-men on the local varsity are being housed in a manse which is situated too near the intersection of Butterfly Lane and Oriole Avenue might account for their apathy in putting return address letters written to friends who might not understand—Doug Oldershaw, former State Little All-American, is rated more than an even chance to grab a permanent guard spot on the New York Giants pro grid machine. He played a full half in the Giant-All-Star fracas, and from all reports, looked great.—Sid Getzovitz, Gaucha fencer, kept in shape this summer by taking two third places in the Southern California Fencing Tournament.—Mickey Berman, voted most valuable man on Spud's baseball team last season, loafed all summer and lost a few pounds from around the equator which should help him around the bases when the roll is called down yonder in Pershing Park.

### Greeley State Preps For Idaho Eleven

GREELEY, September 15—With fifteen lettermen returning to form the nucleus of what the Bears hope to be a championship squad, John Hancock sent his 50 odd men

By BARBARA McCOY  
El Gaucho Special Writer

Was it Shakespeare who coined the phrase which begins "Here I sit all broken-hearted . . . ?" Or have you been a victim of the junior high school wisecracker who, after receiving a supposedly clear and concise explanation of some great problem, invariably comes back with "clear as mud"?

In any event, both of the aforementioned "chestnuts" adequately describe the predicament of this bewildered member of the fourth estate at the time of this writing.

Not so long ago, the authorities on the Sports desk felt the need of an article reviewing the achievements of the Santa Barbara State College athletic teams in the world of sports during the recently-completed year (September, 1938 to June, 1939).

So after pouring over the files of "El Gaucho" and interviewing several athletic "know-it-alls", your informant finds that the Gaucha footballers, what with enough engagements to keep three good-sized pro teams busy and a schedule which hardly left them enough time to eat a good square meal at home, rarely tasted the sweet pastry of victory.

In the beginning there were eighteen lettermen under Coach "Spud" Harder when the season opened against Occidental in Peabody Stadium. Not yet travel-worn or battle-weary, the locals, in a bang-up game, held the Tigers to a 6-0 victory.

In the next nine games, most of them played on foreign soil, the Gauchos rolled up only 44 points to an even 100 amassed by their opponents, winning two and dropping seven.

Outstanding on the Gaucha record were victories over Greeley—of Colorado—and California Aggies and a 14-0 defeat at the hands of the San Francisco Dons.

In labeling the S.F.U. loss as "outstanding", it is to be remembered that the Dons had an unusually strong squad last year. In addition, the Gauchos' defensive strength was proven by their feat of staving off three—no, four—Frisco scoring threats.

Total season results—ten games; two wins; eight losses; 44 points against 103 credited to Gaucha opponents.

Ha, ha! Now we come to the part that has yours truly gnashing her teeth ring.

Basketball. According to those who are supposed to know, (I certainly don't profess to be an authority, even after all that research) the Gaucha Casaba Kids enjoyed a plenty successful season, whacking such outfits as Fresno State, Ventura J.C., New Mexico School of Mines, and taking one of a trio from Loyola.

Outstanding recognition was garnered by Tommy Guerrero, flashy forward, who received a trophy as the best player on the floor (that is erect on the floor) in the San Jose Tournament.

Close ones were dropped to San Diego, the Broadway Clowns and Chapman College of Los Angeles. Someone told me we had a Baseball team at Santa Barbara last year, but all I could find out was that our boys traveled North for an eighteen-game series and returned home with nine wins and two setbacks. All in all, the Baseball team did right well by the Gauchos throughout the season and even during this Summer as the Gaucha All-Stars.

As far as the track team is concerned, not much can be said other than that they held the Southern California Athletic Association, a team comprised of Olympic stars, to a 93-35 win.

through strenuous scrimmages this week in preparation for Greeley State's initial encounter of the season with the University of Idaho's powerful grid squad on September 30 at Pocatello, Idaho.

Greeley had a record of three games won, five lost and one tie to

BILL McARTHUR, veteran half-back, returns for what looks to be his most successful season at State.

## ACB Compiles Activity List

Initial activity undertaken by the newly formed Activities Control Board will be distribution of cards during registration today, according to chairman Harry Sloan, to find out the activities interests of incoming and old students.

The new board was based on an idea by former Welfare Committee Chairman Bill Morrissey and was written up by Morrissey as an amendment to the constitution of the Associated Students. Its duties are to find out the functions of the various organizations on the campus, to aid rising organizations and to eliminate those which seem purposeless or stagnant.

Among the organizations listed are social sororities and fraternities, campus clubs, Associated Student organizations and national honorary fraternities. Of the social

groups there are four fraternities, and seven sororities, campus clubs, number 18 and honorary fraternities: seven.

## Occidental Guns for Gaucha Gridmen

OCCIDENTAL, Sept. 15—For Occidental college gridirons have been engaging in spirited scrimmages all week under the pessimistic eyes of Coach Bill Anderson as they prepare for their coming tilt with the Santa Barbara Gauchos.

Although bemoaning the loss of 21 lettermen, the wily Tiger coach points to two hefty linemen, Bob Smith, giant tackle, and stocky Jack Thatcher, guard, as the nucleus of the 1939 line.

Willard Goodhue, southpaw passer, who gives indications of turning in his best year to date; Earl Frady, quarterback; Jim Morandian, fullback; and Tex Chasson complete the Tiger backfield. All four backs are two year lettermen.

## 'Rustlers' Replace Freshmen

Yeager Coaches Ineligibles, Frosh, In New Set Up

Rustler Coach Howie Yeager has issued a call for any students interested in managing his gridirons to contact him at once. The manager will receive a numeral in addition to accompanying the pigskinners on all their trips.

An entirely new setup under which the frosh grid eleven will be augmented by ineligible varsity players makes its debut this season at Santa Barbara. Under the coaching of ex-Gaucha "Little All-American" Howie Yeager, the newly nicknamed "Rustlers" commenced initial drills this week.

The number of ineligibles that will report is not yet known, but already 20 frosh have been given suits.

In their first scrimmage with the varsity Thursday afternoon at Phelps field, ex-Polytechnic (L.A.) star Dick Hill was outstanding, backing up the line and making a large share of the tackles. The Rustlers held the varsity to but a pair of touchdowns in an hour of hard-fought battling, playing on the defense for the entire period.

Last year the Gauchos won five games against two defeats and one tie. They were coached by Danny Mulock, who won grid honors at end on the Gaucha eleven.

Chief problem facing Coach Yeager is to fill gaps in the line left by "Butcher Boy" Engle, guard, and Madison Swank, end, both of whom graduated to Coach Spud Harder's varsity outfit.

The Rustlers face a tough schedule, opening against Salinas Jaysee Oct. 23 on the Packer's field. Three other games, against Ventura junior college, Santa Monica Jaysee and Los Prietos C.C.C. are already on the menu, and Coach indicates three or four more games will be played.

Among those out for the team are: George Moore, Santa Barbara, back; George James, San Diego, back; Al Corcoran, Venice, end; Dick Hill, Poly, back; Danny Logan, Santa Maria, end; Kenny Mardis, Gardena, back; Paul Shipley, Muir Tech, back; Hugh McCorkle, Needles, back; George Branham, Long Beach Wilson, back; Bob Athey, Hanford, back.

## McArthur Leads Green Wave in Initial Drills; 17 Lettermen Return

By GEORGE STEPANIAN

### Grid Sked Gauchos Line Up Ten Tilts

Following is the Santa Barbara football schedule for 1939:

Occidental	Friday, Sept. 22*
Willamette U.	Sat., Sept. 30*
Fresno State	Friday, Oct. 6*
San Diego Marines	Sat., Oct. 14*
San Francisco U.	Sat., Oct. 21*
San Jose State	Friday, Oct. 27
Cal. Ramblers	Friday, Nov. 3*
Colorado State	Sat., Nov. 18*
San Diego State	Sat., Nov. 25
Whittier	Friday, Dec. 1

\*Denotes home game. (All night games).

## San Jose Opens Season

SAN JOSE, Sept. 15—Nine first string men from last year's sensational grid squad that captured 11 victories in 12 starts greeted Coach Bud DeGroot and Pop Warner, "advisory" coach, as the Spartans' practice sessions got under full swing here this week.

San Jose's famous "Z-men", Leroy Zimmerman and Herm Zetterquist, have been given no less than 18 aerial plays by razzle-dazzle minded Warner, and with Chuck Johnson, star end, in top notch condition, the Spartans' hopes are "up in the air" this year.

## FDR Talks Turkey, Schedule Changes

WHITTIER, Sept. 15—Because of President Franklin D. Roosevelt's proclamation setting Thanksgiving day back one week, the Santa Barbara-Whittier grid titanic, originally scheduled for Thursday, November 30, has been set back one day to Friday, December 1, it was announced here today by Gene Bishop, Whittier graduate manager.

The Poets get an early start this year engaging the U.S.S. Maryland in a night clash on September 20. Bolstered by the return of Myron "Little Al-America" Claxton at fullback, the Poets are rated a definite threat to run away with the Southern California college grid title.

Under the driving lash of Coach Harder's whip, Santa Barbara's powerful grid machine has been going full blast all week in preparation for its 1939 debut next Friday night at La Playa field against an invading horde of Occidental Tigers.

The Green Wave has been sparked in most of its workouts thus far by the triple-threat work of speedy Billy McArthur, veteran Gaucha back. Seventeen other lettermen return to give Harder a nucleus for what appears to be the most successful season in recent years.

### Potential Lineup

Although Harder did not commit himself as to how his starting lineup would stack up, wisecracks had it figured that Bill Jessup, Al Sprague and Larry Pickens had the inside job on the end posts. Ed Larson and Marvin Palmer were pretty well set at the tackle positions with Carl Cords and Bob Hall in the guard slots. Blynn Wilson seemed to have the center position pretty well under control.

### The backfield positions gave

the railbirds a bit more trouble although the consensus of opinion placed McArthur and Lynn Lightner at the half posts with Mose Neeley at fullback and diminutive Walt Condeley at quarterback.

Word coming from down south that ever pessimistic Bill Anderson of the Oxy Tigers is planning a deceptive aerial attack to counteract weaknesses in the line. Back for duty is Willard "Bad News" Goodhue, one of the outstanding backs in the southland.

### Veterans Report

Among the gridirons out for practice during the past week were Carl Cords, Wayne Engle, Gene Marshall, George Valos, Oliver Sholders, Cliff Romer, John Moses, Clarence Lair, and Bob Hall, guards; Blynn Wilson, Frankie Jones, and Lynn Graham, centers.

Jim Woody, Art Swenson, Melvin Dennis, El Larson, Wolfe Heinberg, Harry Armstrong, and Marvin Palmer, tackles; Frank McNeish, Walt Condeley, and Lloyd Garrison, quarterback; Herman Stauss, Lynn Lightner, John Chadwick, Bill McArthur, Ernie Saenz, Tom Judge, and Art Ericson, halfbacks; and Mose Neeley, Forrest Gardenhire, Peirino Merlo, fullbacks.
