GILLESPIE FEATURED IN FIRST FACULTY RECITAL

by Mary Lombardi

Music of Enrique Granados will be featured at the faculty piano recital given by Dr. John Gillespie tomorrow at 8 p.m.

Granados was one of the famous quartet of composers who were responsible for the Golden Age of Spanish piano music in the late nineteenth and early twentieth centuries. The other members of the quartet were Albeniz, Turina and Falla.

Goyescas

The large work of the evening concert will be the Goyescas Suite, consisting of six pieces inspired by the works of Goya, the Spanish artist. This is one of Granados' last works and was considered by the composer to be his best achievement. He felt that it would be remembered and performed long after his death.

Gillespie reports that there are two versions of the Goyescas. Granados wrote the piano version first and later composed an opera based on the piano score. The Goyescas were conceived as a unified work although now seldom heard in their entirety; they are considered the masterpiece of Enrique Granados.

Scenes of Madrid

The Goyescas comprise scenes of Madrid during the time of Carlos III and Carlos IV. The six pieces are: Los Requebros (Galant Compliments), Coloquio en la Reja (Conversation through the Grilled Window), El Fandango de Candil (Fandango by Lamplight), La Maja y el Ruesenor (The Maid and the Nightingale), Al Amor y la Muerte

LECTURE ON DEWEY TODAY MARKS START OF SERIES ON PHILOSOPHER

The profound effect of American philosopher John Dewey on education is the subject of a UCSB lecture by Dr. Donald Piatt, professor of philosophy at UCLA. The All-College Lecture will be held in the classroom building auditorium at 4 p.m. today.

This talk marks the start of UCSB's Dewey Centennial program, a six-week lecture series commemorating the 100th anniversary of the birth of the father of modern education.

Dr. Piatt, a recognized authority on Dewey's pragmatism, talks on "Implications and Significance of Dewey's Philosophy." The main theme of his lecture will be a discussion of the central place of creative intelligence in Dewey's philosophy.

Intelligence Concepts

The lecture will also deal with the biological, social and moral implications of Dewey's conceptions of intelligence.

Dr. Piatt, who earned three degrees at the University of Chicago, including his PhD, was a student at that institution majoring in philosophy from 1915 to 1922—the period during which Dewey's works were at their peak of popularity.

Piatt Praised

Some of Piatt's papers on Dewey were praised by the philosopher himself as the best interpretation and understanding of his premises.

The lecturer came to UCLA in 1931 and has served as chairman of the philosophy department longer than any other faculty member.

'Tattoo' Starts Run; Tragicomedy Stars Crawford, Laird

by Chris Quarton

"The Rose Tattoo," under the direction of Dr. Stanley Glenn, opens Thursday evening at 8:30 in the Little Theater.

The play by Tennessee Williams is the first of four plays to be presented this year. It was successfully done here this summer in conjunction with Lillian Kwasny, producer of the Santa Barbara Community Players. "Tattoo" is now being repeated for the benefit of the fall-semester students.

Scheduled to run this week and next weekend, this tragic comedy stars Christine Laird and John Crawford in their summer roles as Serafina and Alvaro.

Death and a Tattoo

The play concerns a woman whose grief over her husband's death absorbs her in superstitious belief regarding his rose tattoo. Her intense instinct for love drives everything before it. The figure of this remarkable woman dominates the small Sicilian-inhabited Gulf Coast fishing village in which she lives.

Mrs. Laird is well known in the Santa Barbara area for her numerous appearances in local productions. Recently she starred in Clare Booth Luce's "The Women" at the local Repertory

Girvetz Takes Post On Brown's Staff

Dr. Harry K. Girvetz, whose appointment as a research secretary on the personal staff of Gov. Edmund G. Brown was announced by *El Gaucho* on Friday, has left UCSB to officially take over that position.

Dr. Girvetz, chairman of the Philosophy Department, is a specialist in social and political philosophy and the author of *From Welch to Welfare*, a study of the evolution of liberalism.

Delegate

A member of the Democratic State Central Committee, he has long been active in local, state and national politics and was a delegate to the Democratic National Convention in 1956.

The department head received his AB and MA from Stanford University and his PhD in philosophy from the University of California at Berkeley.

On Leave

He has been at UCSB since 1937, joining the faculty when the institution was still part of the state college system.

Girvetz will be on leave of absence this semester and possibly will remain on the governor's staff next semester when his sabbatical leave begins. He succeeds Ralph Richardson, a UCLA faculty member, who had served on the governor's staff until Sept. 1.

Pearce Moderates Shakespeare Film

Shakespeare's theater will be tomorrow's topic of discussion at the first of a series of noon-hour programs to be held every Wednesday in Room 1426 of the Art Building. Dr. Donald Pearce, associate professor of English, will narrate a film to be shown and participate in a discussion afterwards.

The program will not be in lecture form. The audience is requested to take an active part in the discussion. Students can bring their lunch to the programs.

Future programs will include post-mortems on college-produced plays, art and music discussions, interviews with professors on their opinions of students and activities, including college regulations, Greeks, etc., and an interview with Chancellor Samuel Gould.

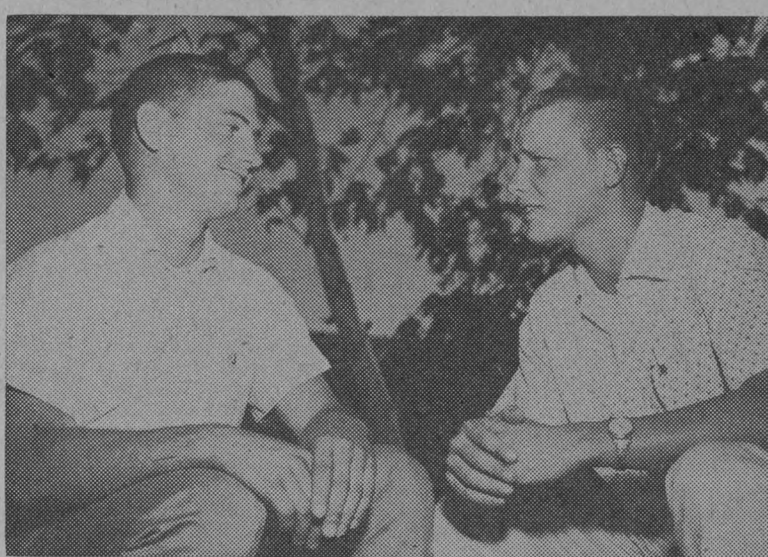

Deadline Nears For Wilson Fellowships

Students interested in applying for a Woodrow Wilson Fellowship should talk to the faculty members about being nominated.

These fellowships are for the first year of graduate study and provide \$1,500, plus \$600 for each dependent, as well as all tuition and fee costs.

Fellowships are granted to students who want to go into college and university teaching in the fields of the humanities, social sciences and the natural sciences.

Students may not apply directly, but may only be nominated by a faculty member. The deadline for receipt of nominations is Oct. 31. Over a thousand fellowships are given each year throughout the nation.

VYING FOR VEEP—Dave Quisling and Howard Reichner are running for the office of AS vice president. This is the highest office at stake in Thursday's election. The office was vacated when Kitty Joyce became president during the summer.

Chancellor Appoints Students as Aides

The Office of the Chancellor has announced that students have been placed on the Chancellor's Advisory Committees along with the faculty and administration personnel. Chancellor Samuel Gould is also holding meetings with various student leaders on campus.

Chancellor Gould said these appointments would be beneficial to both the students and the administration. "If we mean what we say about education," the Chancellor said, "if we mean what we say about wanting the student to grow, then we have to do something about it."

Two Angles

"This can be a good thing from both angles. From the student's point of view, it's a good thing."

Frosh Posts Open; Two Campbells and Baldock Top Slate

When Gauchos go to the polls Thursday and Friday to select a new vice president and three voting council members, the freshmen among them will also elect a president, vice president and secretary-treasurer. Freshman girls will pick an AWS Council rep too.

Candidates for frosh president are Jerry Baldock, Kent Campbell and Steve Campbell. Jerry Baldock served his high school as council member, yearbook staffer, member of publicity, rally and entertainment committees and public speaker.

He says, "This year's Fresh-

'Dull' Education Majors Hit By Gould; Wants New Look

Chancellor Samuel Gould of UCSB, speaking at the annual Education Workshop here Saturday, struck out at education majors who are "dull as purveyors of knowledge and dull as people," and called for a new-look education program that can find and develop teachers who are interesting as individuals.

Describing students he met in a large American university, Gould told the audience of educators, "I found a group of students who needed assistance . . . because they seemed to know very little about how to communicate."

Shocking Product

"But in addition," he said, "they could not teach because they had so little information beyond the textbook to transmit, and so few attractive personality traits to make the transmission effective. I was shocked and disheartened as I realized that this was the product we were sending into the schools. . . ."

"What bothered me most about the students themselves was that they were dull. They were dull not only as purveyors and interpreters of knowledge; they were dull as people."

Find the Men

"The first element is to 'catch your rabbit.' The first essential for good teacher education is to search out the men and women who are best qualified to become teachers."

"I do not speak merely of printing a few brochures or of

Continued on page six

Two Vie for Veep Position; Three Rep Posts at Stake

Most important of the offices up for grabs in this week's elections are AS vice president, RHA rep, women's rep-at-large and sorority rep.

Two candidates, Dave Quisling and Howard Reichner, vie for

the No. 2 AS job. Quisling has served on the Special Events committee, as Homecoming chairman, AMS vice president, Freshman Council, assistant director of Frosh Camp and camp counselor. Karen Davidson withdrew from the race.

Job To Be Done

Quisling says, "I feel that there is a certain job to be done as AS vice president. I am running because I feel that I can do this job."

"As far as a specific platform, I don't have an elaborate one. The AS president now has a platform and it is the vice president's job to assist the president in carrying it out."

Students and Self

"A person should not run unless he feels that he can both contribute to student government and gain experience for himself. A person will do a good job if he feels that by doing it he will help himself at the same time."

Reichner is SAE president, is on Blue Key, has served as residence hall president and vice president and RHA social chairman.

Progress

Says Reichner, "This being the beginning of my fifth year at UCSB, I feel that I have seen a lot of progress and achievement in the school as a physical plant and in student government."

"I have seen semesters of great apathy, and I feel that now we, as students, are beginning to take pride in our school, which is necessary for accomplishment."

Depends on Council

"Whether we students will make advancements in our own government and activities depends on the legislative body and I believe myself capable of good legislation."

Meg Andrews and Terri DeBevoise run for women's rep-at-large. Miss Andrews has served as house manager and social chairman for her sorority, on the *La Cumbre* staff and as an officer for the Elemeds.

Eye to Future

She says, "Decisions must be made with an eye to the future during this year of transition to a larger student body. As a member of Legislative Council, I would try to keep this perspective in mind while dealing with the policies of today."

"To assure equal representation of all women's groups I would establish a visitation program. Through this, I feel, a more adequate cross-section of student opinion can be reached as well as insuring a personal information channel from Legislative Council."

Growth

Miss DeBevoise has served on the Rally committee, *La Cumbre* staff, living-group president and vice president, Junior-Senior Prom committee chairman, Frosh Camp committee chairman and counselor.

Says Miss DeBevoise, "It is extremely important that the students of this university be well informed on the changes that are occurring due to the inevitable growth."

Represent and Inform

"It would be my prime responsibility as rep-at-large to (1) represent the Associated Students—their ideas, constructive criticisms and plans—and (2) to keep the Associated Students informed on the issues of the Legislative Council."

Lee Vanosdall and Nancy Frey are running for the office of sorority rep, which was vacated by Kay Armour last Wednesday. *El Gaucho* was not able to obtain any information

SCENE FROM "THE ROSE TATTOO" — UCSB's first drama production of the season starts Thursday. Tennessee Williams' "The Rose Tattoo" stars Christine Laird as the highly emotional, superstitious widow still very much in love with her husband, and John Crawford as her lover "with the body of (her) husband and the face of a clown." —Photo by Bob Quittner

Rose Tattoo . . .

Continued from page one

Theater. Among her other credits is the lead in Shaw's "St. Joan."

John Crawford, UCSB student, plays Alvaro and received very favorable reviews for his performance of this role during the summer.

Felix as Rosa

Julie Felix, as the daughter Rosa, is a senior at UCSB. Last year she received raves for her fine portrayal of Shakespeare's "Juliet." The part of Rosa calls for the same kind of high emotional content as Shakespeare's Italian heroine.

In the role of Jack Hunter, the sailor, is sophomore Terry Philips. He has played leading roles in several productions, among them "Angel Street."

Ronald Scofield, News-Press drama critic, said of this summer's production, "Under the skilled direction of Dr. Stanley Glenn of the UCSB campus, a group of young players from town and campus brought this play to light so vividly and yet so honestly that one was swept along by the gust of emotionalism and became involved with

the inner conflicts of the characters."

Acting Miracle

Scofield called Christine Laird's performance of Serafina great. "To see her appear as a black-haired peasant, vibrant in love and hate and half-drowned in despair was to watch almost a miracle in the art of acting."

The critic said of Crawford, "He is very impressive in all surface aspects of his role."

The remainder of the cast includes Kathy Williams, Chuck Jude, Camille de la Vega, Susan Glenn, Virginia Lawton, Barbara Frailey, Sally Grafton, Janice Ewery, Linda Galan, Joanie Hicks, Patti Young, Linda Velpaux, Tom Faunce, Bob Rogers, Diane Percel, Barbara Iverson, Frank Robinson and Juliette the goat.

The play inaugurates the new

system in which all upper-division students will receive one unit of credit on their participation.

Tickets for the performance may be purchased at the Graduate Business Manager's office at the student rate of 75c, or at the general-admission price of \$1.25.

Cal Club Members Help Make Policy

Although UCSB students are part of the world's largest university and make up only a small fraction of the approximately 60,000 total enrollment, they can take part in university planning and policy making by expressing their ideas to President Kerr through the California Club.

President Kerr personally heads the club, but each individual chapter is presided over by a student chairman elected from the limited local membership of 20. Potential members must have outstanding qualities of leadership and scholarship and be nominated, approved and voted on by the chapter members.

Here at UCSB the chapter chairman is Kitty Joyce, student body prexy; the secretary, Roslyn Rubidoux. Chapter advisors are Dr. Stephen S. Goodspeed and Dr. Robert L. Kelley.

Members are Ron Largent, Dennis Naiman, Sheila Higbee, Rosemarie McDermott, Sally Richards, Keith La Motte, Gretchen Ziegler, Sue Swift, Arlen Collier, Tom Morgan, Karol Nel-

URC Welcome

The second annual URC welcome will be held in the classroom auditorium, Sunday, Oct. 11, at 4:30 p.m. The welcome will give all interested students the opportunity to meet others of their faith on campus. The goal of the University Religious Conference is to give persons of all faiths the chance to have intellectual and social fellowship with others of like interests. Following the welcome, local churches have invited all attending to buffet dinners at the church of their choice. Transportation to and from campus will be provided.

Trampoline

All girls interested in a trampoline group are invited to come out on Tuesday evenings from 7 to 8 in the new gym.

son, Pat Downie, Norm Badian, Ann Lowry, Tim Naegele and Rosendo Castillo.

Speech Dept. Picnic

Students are invited to the Speech Department picnic Sunday, Oct. 11, at Tucker's Grove at 3 p.m. Signups are being taken at the Speech Department office, Bldg. 417, until Friday. Cost for the feed is 50c.

Election Committee

The Election Committee will meet tomorrow at 3 p.m. in the Huddle. It is important that all members attend.

On Campus

with Max Shulman
(By the author of "Rally Round the Flag, Boys", "I Was a Teen-age Dwarf", etc.)

FASTER, FASTER!

College enrollment continues to spiral upward. The need for more classrooms and more teachers grows more desperate daily. But classrooms, alas, do not spring up like mushrooms—nor teachers like May flies. So what must we do while we build more classrooms and train more teachers? We must get better use out of the classrooms and teachers we now have. That's what we must do.

This column, normally a vehicle of good-humored foolery, will today forsake laughter to examine the crisis in higher education. My sponsors, the makers of Philip Morris Cigarettes, as bonny a bunch of tycoons as you will see in a month of Sundays, have given cheerful consent to this departure. Oh, splendid chaps they are—the makers of Philip Morris, fond of home, mother, porridge, the Constitution and country fiddling! Twinkly and engaging they are, as full of joy, as brimming with goodness, as loaded with felicity as the cigarettes they bring you in two handy packages—the traditional soft pack and the crushproof flip-top box.

How can we make better use of existing campus facilities? The answer can be given in one word—*speedup!* Speed up the educational process—streamline courses. Eliminate frills. Sharpen. Shorten. Quicken.

Following is a list of courses with suggested methods to speed up each one.

PHYSICS—Eliminate slow neutrons.

PSYCHOLOGY LAB—Tilt the mazes downhill. The white mice will run much faster.

ENGINEERING—Make slide rules half as long.

MUSIC—Change all tempos to allegro. (An added benefit to be gained from this suggestion is that once you speed up waltz time, campus proms will all be over by ten p.m. With students going home so early, romance will languish and marriage counsellors can be transferred to the Buildings and Grounds Department. Also, houses now used for married students can be returned to the School of Animal Husbandry.)

ALGEBRA—If X always equals twenty-four, much time-consuming computation can be eliminated.

DENTISTRY—Skip baby teeth—they fall out anyhow.

POETRY—Amalgamate the classics. Like this:

*Hail to thee blithe spirit
Shoot if you must this old gray head
You ain't nothin' but a hound dog
Smiling, the boy fell dead*

You see how simple it is? Perhaps you have some speedup ideas of your own. If so I'll thank you to keep them to yourselves.

© 1959 Max Shulman

The Philip Morris Company, makers of Philip Morris, Marlboros and Alpine, have no interest in speedup. We age our fine tobaccos slow and easy. And that's the way they smoke—slow and easy and full of natural tobacco goodness.

FRESNO FRUSTRATES GAUCHOS 29-12

EL GAUCHO

Page 3

Just as the last cookie in the jar is the hardest to chew, the Gauchos found out that those last few yards were the hardest to grind out, and failed to score on five deep drives that could have reversed a 29-12 pasting by last year's league champs, the Fresno Bulldogs.

That painfully tough last swallow of yardage and the failure to get it cost the Gauchos three TDs with drives halting on the 25, 24 and 6 in the first half. A drive to the 5 in the third quarter backfired with an intercepted pass

that set up the Bulldogs' last score, and another backfire pass in the end zone stopped the Gauchos on the 11.

Besides having a much closer go in the statistics department, UCSB coach Ed Cody has the tough-to-take thought of the possible loss of Walt Townsend, line-backer par excellence, and John Stoney, starting end, both of whom came out with leg injuries in the second half. Whether this effects their playing in the L.A. State game remains to be seen.

Although this loss gives the Gauchos a 1-1 record in league play, some consolation can be gained from the play of second-string signal caller John Crawford. He sparked the drive to the last TD with an eight-yard pass to Fred Standifer and called a fullback delay to Tony Pallante when everyone expected a pass on a fourth-and-eight situation on the nine-yard line.

The Bulldogs scored first on a

pass, Nick Papac to John Webster, after a St. Clair pass was intercepted and returned to the UCSB 23. Messer's PAT made it 7-0.

Then came the frustration. A Gaucho drive to the 25 was stopped as an incomplete pass and two no-gain running plays ran UCSB out of gas. Another sputter at the 24 was due to penalties of delay of the game and offside.

Mr. Messer started the second period off with a bang as he broke 59 yards off left guard to jack the score to 13-0. Jim Boyett, whose slants were the joy in the Long Beach State and Whit-tier wins, burst around end for 11 yards for the first Gaucho score. Key plays in this drive were passes to Fred Tunncliffe from St. Clair for 10 and 15 yards.

Fred Standifer recovered a Bulldog bobble on the Fresno 17 but here again fate had other ideas, with a 15-yard penalty stopping a thrust to the 6. First-half score was 13-6.

Dale Messer's 76-yard gallop with a punt helped make the score 21-6 after a passing PAT, and a 20-yard jaunt closed out the deluge after a St. Clair pass was picked off on the Fresno 5.

Game Statistics

	SB	F

Penalties	4	11
Yards penalized	48	92

Mermen Ready For Initial Polo Battle

The Gaucho water-polo team is keyed up and ready for tomorrow night's initial splash with San Fernando Valley State College. The battle is scheduled for 7 p.m. in the local tank.

Coach Frank Rohter's tankmen are eager for what looks to be a close battle with the mermen of San Fernando who are vastly improved over last year's crop.

Co-Captains

Forward Don Smith and back Ed Nelson, this year's co-captains, are top-seeded in starting slots, to be aided by returning lettermen Dave Weaver, Keith Carter, Les Meredith, Jan Tavares and Paul Hodgert.

Most versatile man on the team is John Soth, a graduate of last year's team. Soth, who was last season's high-scoring ace and reputed to be the best goalie around, will be a key figure in the hydro brawl.

Water Champ

Gary Wykoff, CIF water-sprint champ, will hold down either a forward or guard position. Wykoff's speed is looked forward to as a valuable team contribution.

The team boasts a host of other promising experienced men ready to hit the drink.

Harriers Humble Ventura

The UCSB cross-country team ran virtually a perfect race in trouncing Ventura College, 16-46 (low score winning), securing revenge over the hapless visitors in a practice run last Friday.

The Gaucho runners kept in two five-man packs with the Ventura men filtered around them for the first two miles of the three-mile course.

Roland Cordobes, newly elected captain, then took over the lead, ran his own race and claimed the first-place ribbon in the time of 14:47.7. Dick Ryon stayed with Cordobes and finished just a few yards behind for second place.

The Gauchos continued on their running ways as Dick Aced came from sixth Gaucho last race to third place some 50 yards behind the leader. Coyt Davis, in his usual "Silky Sullivan" manner, out-kicked the first Ventura runner on the final stretch for fourth place.

Dick Gerry, the first Ventura runner, spoiled the Gauchos attempt for a five-man sweep which would have meant a "perfect victory."

Bob Oldham and Gary Ogilvie picked up sixth and seventh places as Ventura's second man earned eighth place.

Jim Mollwain contributed to the cause as he beat Ventura's third, fourth and fifth men, thereby raising Ventura's score.

Sir Isaac Newton is struck
by another great idea!

IT'S WHAT'S
UP FRONT
THAT
COUNTS

As sure as little apples, Newton knew that what goes up must come down.

But when it comes down to a really pleasurable filter cigarette, it's what goes up—in front of the filter, that is—that makes the difference!

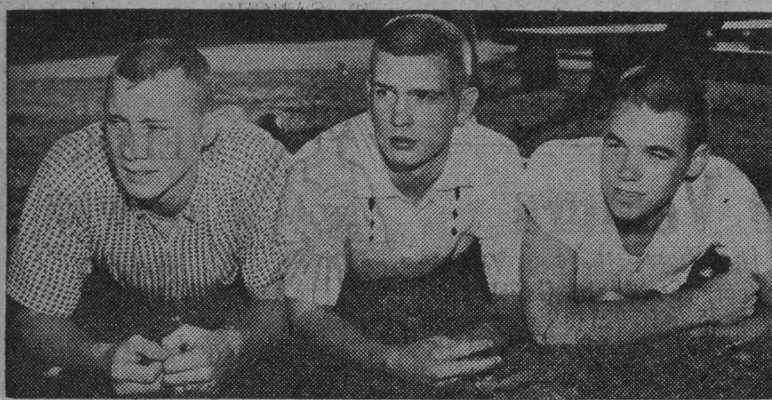

And there's where Winston had an inspired idea—Filter-Blend! Winston specially selects choice, mild tobaccos, then spe-

cially processes them for filter smoking. The result: Filter-Blend up front of a modern filter. That's what makes Winston a complete filter cigarette.

Filter-Blend also makes Winston America's best-selling, best-tasting filter cigarette. Take it from Sir Isaac:

"You don't have to be hit on the head to know that
Winston tastes good like a cigarette should!"

man Class is potentially the most spirited class UCSB has ever had. I would consider it an honor and a privilege to prove and carry out this potential.

"I will sincerely try to carry out all the wishes of the Class of '63. In conclusion I will say that I can promise a wholehearted, co-operative effort and the fruits of my past experience."

Kent Campbell, Honors at Entrance student, served his high school as AS president and Junior Class president, and won the Thom McAnn Leadership Award.

Candidates Unknown

He says, "Since the majority of the freshman students don't know the candidates, other than possibly by sight (or sound), I believe that voting for experienced candidates is the only way they can be sure of obtaining the best possible leaders."

"I feel I have the necessary experience plus the time (14 units) to amply fill this position. Remember the first name is Kent!"

Steve Campbell was a council member, Senior Class officer and member of Lettermen's, Key Club, Young Life, Drama Club, and the football, baseball and tennis teams at his high school.

He says, "I think most of us in the few weeks that we have been together have felt the spirit and potentialities of our Class of '63. Our school is growing and this period is important to have a strong class organization."

"The tradition and unity that develops in our freshman year will remain with us throughout our college days. The success of any program rests with the class as a whole." He proposes a program of parties, support for community programs and educational services.

Frosh Veep

Candidates for vice presidents are Matt Wallace and Steve Smith.

Smith is running on a platform on "Honesty and systematic organization," and intends to "plan ahead to keep active in activities such as dances, returning greetings of sophomores, etc.," and

Bonfire Rally

The first bonfire rally of the year will be held Friday at 7 p.m. in front of La Playa Stadium before the Los Angeles State football game, announced Ann Cady, chairman of the Rally Committee. The band and cheerleaders will lead the event.

now serves as Juniper secretary-treasurer.

Miss Hammand was secretary for GAA and the Palm Springs "Debs," as well as scholarship seal bearer in high school.

Miss Zinn was class secretary, on the student council, vice president of the honor society and president of the Publicity Club in high school, and served on the school newspaper, entertainment committees and as secretary-treasurer for the Choral Club.

Sole Candidate

Evelyn is currently serving UCSB on the newspaper staff and the Publicity committee.

Pat Saways runs for AWS freshman rep. She held offices in her Girls' League, went to Girls' State, served on student council, was a member of the Grounds and Courtesy and Assembly committees and an officer of the scholarship society.

She also was an officer for Job's Daughters, church youth groups, sang in the a cappella choir and the swing choir, and is now on the UCSB Student Union committee.

TICKETS SELL FOR ALL-U FESTIVITIES

One week remains until the All-Cal Weekend festivities start for students of the University of California.

Ron Largent, this year's coordinator between the Gauchos and UCLA hosts, urges all students to attend the Oct. 16-17 event and promises a well-rounded program of activities.

Tickets for the All-Cal Weekend are available at the AS Business Manager's office at \$1.75 per student. Tickets assure a reservation in the UCSB rooting section.

The weekend of activities will get under way on Friday morning, Oct. 16, at 11 a.m., with an All-University meeting, during which President Kerr and the various chancellors will speak. At 1:30 in the afternoon, UCSB's JC clashes with Riverside's varsity football team. Friday's activities will conclude with a bonfire rally and All-U dance.

Plans for Saturday include the morning game between UCSB and Davis in the Los Angeles Coliseum. At 2 p.m. the Berkeley Bears challenge the UCLA Bruins.

According to Largent, "All-Cal Weekend affords an excellent opportunity for students to know their university."

Do You Think for Yourself?

(PUT THESE QUESTIONS ON YOUR BRAIN-PAN AND SEE IF THEY SIZZLE*)

Why do men and women who think for themselves usually smoke Viceroy? Because they've found out the Viceroy filter

is the best of its kind ever developed, for finest tobacco taste. A thinking man's filter.

And they know Viceroy delivers a rich, satisfying taste that's never been equaled. A smoking man's taste.

A thinking man's filter . . . a smoking man's taste. How about you trying Viceroy's?

*By the way, if you checked (C) in three out of four of these questions . . . man, you think for yourself!

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER . . . A SMOKING MAN'S TASTE!

Slough View

by Jerry Bradley

Last week this column suggested to the dorm RA's that they look into the possibility of petitioning for phones in the rooms. I should have known better. What little investigation there was just added to the confusion.

Mr. Harbeson, assistant head of dorms—who apparently has just been waiting for someone to come along and ask him to clear this thing up—drew a very clear picture of why the students didn't get phones in their rooms.

Prices Up

"We're trying to hold the line on price," he said. "Telephone rates, along with everything else, keep going up and up. Many students have to live on campus or not go to school. If our rent goes up too high, they couldn't afford it."

"Anyway," he said, "the campus has grown so fast that we have run out of telephone lines. The utilities for the new buildings are underground, and the underground cable must be enlarged before any more phones can go in."

Not Enough Lines

"We haven't enough lines to handle the phones we need just for business purposes. This is why the students can't get private phones of their own—there is no telephone cable to connect them to."

"The enlarged cable will be in around December. Nothing can be done till then. At that time, we would have no objection to private phones in the rooms. The students can have as many phones as they want."

\$50 Deposit

The telephone company says they would be glad to install private phones in the students' rooms. Installation is ten dollars. The monthly rate for a party line is \$3.80, for a private line \$5.85.

"However," says Harbeson, "the University requires any student installing a private phone on campus to place a fifty dollar deposit with the phone company. The phone company doesn't insist on it, but the University does."

"Billing lags six weeks to two months behind the calls. So bills go on arriving for the student two months after he's checked out."

Better Service

"Our new intercom system is comparable to the facilities offered on most campuses. It will cost us \$1,400 for the year, compared to \$4,100 for ten months' telephone service last year. The difference goes into better service."

The philosophy of holding the price line in the dorms is wise. Like Harbeson says, many students must live on-campus or nowhere. It would be silly if students couldn't afford to attend a free university.

So we will have to wait for December and a chance for private phones. As for the RA's who didn't bother to track this question down—the next time I want some idiot to do something I'll do it myself.

The CHRISTIAN SCIENCE ORGANIZATION

Holds Weekly Testimonial Meetings at the URC Building Embarcadero del Norte Meeting Time - 4:15 p.m. Tuesday, October 6th, 1959

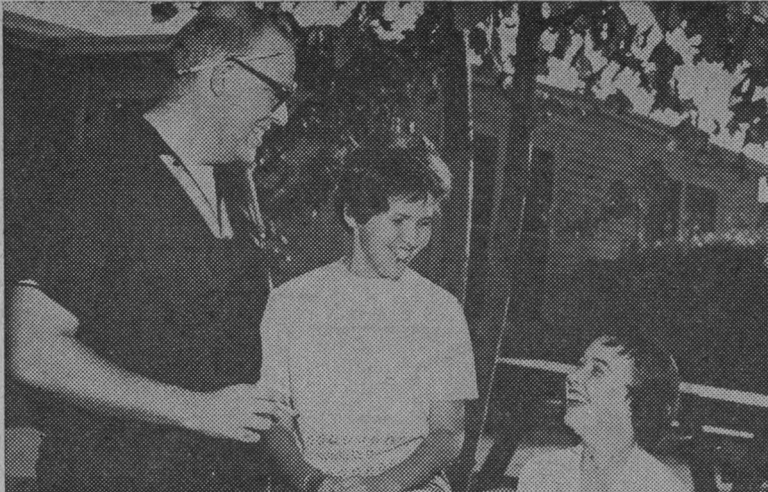

Students, faculty, staff, alumni and Friends are invited to attend FOR TRANSPORTATION CALL 7-2321

Managers Needed

Anyone interested in becoming a basketball manager should contact Jay Smith in 2212 Anacapa Hall, it has been announced. The managers will travel with the team and handle equipment.

RH Vacancies

At the present time there are vacancies in both the men's and women's residence halls on campus, announced Velma Morrell, housing supervisor.

SEEKING VOTING REP OFFICES—Mike Lee, Terri Debevoise and Meg Andrews are running for voting positions on the Legislative Council. Lee is running unopposed for RHA men's rep. The two girls are vying for women's rep-at-large. The other candidates seeking voting positions on council were not available for pictures. —Photo by Bob Quittner

Election . . .

Continued from page one on their candidacy before press deadline.

E. Michael Lee runs unopposed for RHA representative. Lee has served on the La Cumbre staff and on Finance committee. He also was secretary-treasurer for his residence hall.

Respect

Says Lee, "Briefly, my platform is respect for the ever-expanding RHA and a firm realization that such an organization well deserves a higher position within our student government."

"However, as a member of Legislative Council, I would also keep in mind the fact that while we have recently given our AS president more freedom, only an effective council can keep the governmental system operating in a smooth and beneficial manner."

Kol Nidre

The congregation of Temple B'nai B'rith of Santa Barbara extends an invitation to all students of the Jewish faith to attend Kol Nidre services on Sunday, Oct. 11, at 8 p.m. These services will be held at the Santa Barbara Woman's Club, Rockwood, 670 Mission Canyon Rd., Santa Barbara.

Women's Rifle Team

All women students interested in shooting on the Women's Rifle Team are requested to contact Capt. Zarnowski of the ROTC Department, Bldg. 419, phone 3230. "No previous experience is necessary," Zarnowski said. After the team is organized, competitive matches will be arranged with other college teams.

Gillespie Featured . . .

Continued from page one (Love and Death) and Serenata del Espectro (Serenade of the Specter).

Five Spanish dances open the second half of the program in a lighter vein. Granados wrote a series of 12 of these dances, inspired by the folk music of Spain, although not using the actual folk themes.

The recital will conclude with

the Allegro de Concierto, written in the key of C sharp major and obviously conceived as a concert piece.

Noted Pianist

Dr. Gillespie, associate professor of music at UCSB, is a noted pianist and harpsichordist. He returned last year from a sabbatical leave in Europe during which time he became interested in the folk music of various regions of Spain.

Still young and beautiful at age 75!

THEY SAID IT COULDN'T BE DONE

But America's most famous lady does it!

No Paris design of '59 is more lovely than this ageless beauty, a gift from France 75 years ago. Miss Liberty has welcomed millions to these shores with the words, "Give me your tired, your poor, your huddled masses yearning to breathe free... I lift my lamp beside the golden door."

A cigarette that's Low in tar with More taste to it!

THEY SAID IT COULDN'T BE DONE

But L&M does it!

When you're in New York, be sure to make the trip over to see Miss Liberty. And wherever you are right now, enjoy the cigarette that's kindest to your taste. That's L&M: Low in tar, with more taste to it. No wonder more Americans switch to L&M every day! Live Modern... switch to L&M!

Letters to the Editor . . .

Childish Stunt

Editor, *El Gaucho*:

On a recent Wednesday evening the girls from Santa Rosa Hall were kind enough to serenade the men of Anacapa Hall. This was appreciated. However, not all that begins well or has good intentions turns out well.

I found the throwing of water into the gathering of girls in very bad taste. Following this display of lack of manners, I heard many men in the hall say that they were quite in favor of the serenade, but that they thought the water a "bad show."

It is too bad that these children from the once over-enthusiastic Cypress Hall found it necessary to stoop to such antics to relieve themselves of their frustrations. It seems almost inconceivable that a group could be so ignorant of the rights and respect due others that they would jeopardize the yet-unestablished name of what could be a good hall by pulling pranks not even high school students would undertake.

In closing, I would like to apologize to those girls who serenaded Anacapa Hall on behalf of the majority of Pima Hall and for Anacapa Hall in general. Please don't think this is representative of the men of Anacapa.
(Name Withheld)

'Dull' Education . . .

Continued from page one
making occasional public utterances about our profession. . . . I speak rather of the highly personalized, individual contacts that we as teachers have a duty to foster with young people who seem to have the personality characteristics and intellectual ability we associate with superior teaching. . . .

Wrestle With Ideas

"To wrestle with ideas and conquer, to scale the heights of new concepts, to have a solution leap out at one after hours of bone-wearying struggle — the teacher who has experienced all these can never be satisfied when his pupils settle for less. For he knows he has failed when they do."

"He has contented himself with mediocrity, that accursed spectre that hangs over the American educational scene like a noxious cloud. Sometimes in my most depressed moments I think I would prefer plain ignorance to the fatuous mediocrity we all seem to encourage."

The Inner Lift

"Whether or not we like to admit it, in the teaching profession we are more dependent upon the inner lift or inspirational urge or dedicated attitude than in any other profession with the possible exception of the ministry. Yet how little we do to inculcate in young minds and hearts a growing awareness of the nobility of the teacher's mission. . . .

"We have achieved much in the creation of our educational system in America; in the midst of our pride at such achievement we should remember how much still remains unachieved and unrealized."

Mindless Conformity

Sir,

I am writing this letter in expectation of, and in abject, quivering fear of the blast of so-called "public opinion" that will soon creep upon this campus with "little cat feet," size 14, triple-D. So much for my apologia.

We are seeing take place in our society and in our governments, state and federal, the tangible manifestation of the now popular doctrine of complete, mindless conformity. This pot has been boiling for years and has only needed more kindling to feed the fire.

Quell Youth

Several incidents about which nothing more needs to be or ought to be said have swung the balance of this "public opinion" to such a place as to give impetus to and footing for groups in our society who would quell any and all outbursts from its youth. They do this not to be malicious or evil but for the most humanistic reason known: preservation of human life.

These incidents should not be shrugged as mere juvenile pranks nor should they be blown to such proportions as to obscure the all-important side issues. Among these issues individuality has no place.

Farce

Nothing needs to be said of the modern farce of the "individuality of the common man." Individuality *per se* does not exist, nor does the common man.

What I ask is that a little less authority and methods that smack highly of totalitarian outlook be used. This campus has a reputation as a "hang loose" school, all well and good! Keep it that way but moderated with rational thought on both, repeat both sides.

Eccentric

I suggest for the student body a little more thinking before action. And for the administration both school and governmental I should recommend a scholarly look at the tradition of the true "English Eccentric," eccentric in the best connotation, in relation to the history of English intellectual greatness.

German Pressure

Perhaps a study of pressure groups and their objectives in the Germany of the '20s and '30s could be a boon. But above all moderation and rationality on both sides.

M.H.W.

Gould Appoints . . .

Continued from page one

dent's point of view, he can see how administrative decisions are arrived at, he can see the procedures of his University at work.

"From the University's point of view, since these administrative decisions affect the students, the University will benefit from having them voice their views and having authority in making these decisions."

Purpose Unchanged

"This doesn't change the purpose of the committees, but just adds one more voice. The student will have all the authority and responsibility of every other member."

The students were appointed to the various committees because of the positions they hold in student government.

Appointees

Those appointed to the committees are: Arts and Lectures, Mary Ann Stojkovich, Assembly chairman; Building and Campus Development, Kitty Joyce, AS president; Registration and Schedules, Sharon Holden, secretary; Fees, Covell Brown, Finance chairman; Living Accommodations, Pat Hansen, RHA president.

Pre-Audit, Bob Lorden, graduate business manager; Public Ceremonies, Miss Stojkovich; Radio and Television, co-chairmen of the Special Events Committee Jan Bartlett and Al Dexter; Safety and Disaster, Dennis Naiman, Student Union chairman.

Meetings

Gould is also scheduling meetings with certain student leaders on campus where informal discussions of various problems are held. The Chancellor has attempted to get a wide range of students from many different types of organizations to participate in these discussions. The next one will be held at the Chancellor's home next Sunday evening.

"Communication between the administration and the students must be improved, and these two steps will help," Gould said. He went on to say his door is open to any student with a problem, whether on one of these two organizations or not.
