

Roadrunner Staff Writers End Year With Beach Picnic

Mary Longawa Is Hostess To Scribes In Rincon Beach Cottage

By Paul Hylton

In celebration of the past semester of progress, the Roadrunner staff met last Sunday at the beach cottage of Mary Longawa on the Rincon.

Most of the participants had arrived and the festivities were well under way by noon, and the course of the amusement continued unbroken until 7 p. m., with swimming, dancing, volleyball, baseball, and bridge, giving way to another according as the crowd willed.

Perfect bathing weather was enjoyed until about four o'clock, when a small cloudburst let loose and sent the picnickers indoors for bridge. At a suggestion of "Let's go swimming in the rain!" out poured the troupe and into the surf again as big drops peppered down from overhead and big breakers contributed to the total absence of aridity.

Soon this novelty wore off and the cottage again became the center of action. Sherman Heath favored with vocal and ukelele renditions, assisted on the choruses by others of the group, notably Clyde Coombs and Dick Cooper. A radio and phonograph functioned alternately as sources of dance music until the organization of a "live" orchestra put them out of business. Paul Hylton and Dick Waterman, with uke, jazzbo, and feet, moaned out some mean interpretations of "Twelfth Street Rag" and "Limehouse Blues" that set the house shaking with syncopating hoofs. Unfortunately this could not last forever, so after a third attack on the dining room had left it looking like Mother Hubbard's daughter, "goodbyes" were distributed freely among the contestants and the caravan moved slowly into the north.

Those attending were: Viola Petersen, Tommy Wood, Laura Lou Houghton, Mary Longawa, Helen Nauman, Florence and Helen Longawa, Dick Cooper, Clyde Coombs, August Deleree, Sherman Heath, Francis Manis, Fred Allred, Douglas Kirkpatrick, Dick Waterman, and Paul Hylton.

OUTING CLUB ENDS SUCCESSFUL SEASON

Beginning the year with many new members, the Outing Club had a fine program made up but due to complications these plans were not carried out to the fullest extent.

"Some trips were postponed and many good times missed, but it is generally agreed that the Island trip was most successful," said Tom Keating, president of the Outing Club.

Among the trips planned but later postponed were: a caravan to the Los Angeles County Playground, a "chaping" dinner at La Vegas in Gaviota Pass, and a barbecue at Nojoqui Falls.

The activities carried out as planned were: a beach breakfast, at West Beach, a moonlight hike to La Cumbre Lookout, the Island Trip, and several trips to the Outing Club Cabin above Paradise camp on the Santa Inez river.

Much work has been accomplished at the cabin. Material was secured from the old cafeteria building, which is being wrecked to make room for the new science building to be erected in this site.

Much credit is due to Tom Keating and his assistants for their efforts shown in trying to make this year a successful one.

ERICSON WILL STUDY ABROAD FOR ONE YEAR

Sailing from New York on the S. S. Olympic on June 5, E. E. Ericson, head of the Industrial Education department of State college, will start on an extended European trip. Ericson will visit 13 countries during his travels, returning to Santa Barbara in time for the opening of the 1932 fall semester at State college.

In England, which will be the first country he will visit, Ericson will make an extensive study of the systems of industrial arts and vocational education employed in that country. By leaving at this time, Ericson will be able to visit the schools in England, Sweden and Denmark while still in session.

The State college instructor plans to visit Bob Wormser, who for several years was connected with the State College Junior High School and who is now at Cambridge in England.

Ericson has made arrangements with educational supervisors and inspectors in several foreign countries to make studies of their school systems. After leaving the British Isles, he will visit Sweden and Denmark and while in Sweden he will visit his mother, who lives in Stockholm and who he has not seen for 24 years.

Ericson will visit Finland, Germany, Czechoslovakia, Austria, Switzerland, Italy, France, and other small European countries. He will also visit Canada before returning to this country.

Since the trip is being made for semi-business purposes, Ericson will not be accompanied by his wife and child.

Roy Soules will be left in charge of the Industrial Education department at State college during the absence of Ericson.

PRIMARY PLAY TO APPEAR IN MOVIES

Scenes from the Primary May Festival given in the form of a play called, "Queen Titania's Court," were photographed by Warner Bros. last week. These films will be shown at the Granada in the near future.

Due to the efforts of Ray Harris, Warner Bros. became interested in taking pictures on the college campus and took those of the play as well as those of the Garden Party on Saturday. Both films are expected to be shown in Tuesday's assembly.

The primary children are to be complimented on their ability to be quiet and take orders while the director and cameraman worked with them. Miss Leonard and her staff of student teachers are also to be commended on the training and the excellent results obtained.

Old Accounts Must Be Paid Up At Once

There are to be no more charge accounts credited on the comptroller's office after May 25, as all accounts must be balanced before school is out. Students should pay careful attention to this fact or they may be stuck with a debt.

Next semester the comptroller's office will be in with the financial secretary and Fred Allred's office will be used by Student Body officials who feel the need of desks.

EXTENSIVE PLANS BEING MADE FOR STATE'S CAMPUS

It is quite safe to wager that in a couple of years some of the old students won't know the college. There will not be a driveway between the administration building and the Quad, there will be no cars parked on the campus, and the old drive in front of the school will have been a thing of the past. In its place will be a cool green lawn which will drop down to a good paved road.

Large sweeping terraces will extend from the Administration building down toward the Mission. On these terraces will be the training school which will include the first six grades. Thus, the smaller pupils will be far away from the older students and the cars, and they will have much better surroundings and a finer place for recreation.

On this progressive program outlined for State one must not forget the new Science building. The bill may not have become legal even though it has passed both houses, the Governor still has to affix his name and seal.

Few students realize that had not President Phelps sent cables, wires and telephone calls to straighten things out up north the money would now be used for some other purpose. The money was secured on a special bill as the budget was already fixed.

MOVING PICTURE TO BE SHOWN ON THURSDAY

Marking the final program of motion pictures for this year, Mr. Rust announced this schedule to be shown Thursday, fourth hour, May 28. No night performance will be given because of the Passion Play.

"Gravitation" is a film explaining the influence of the moon on the tides and also showing the effect of Newton's theory and its application to the problem of the orbits of the planets.

"Poisonous Daggers" is a microscopic study of the mosquito. Do you know that there is actually a toll of human lives for this annoying little insect? See for yourself.

In "Sons of the Sun God" we go to Peru, the land of the ancient "Incas." Many wonderful scenes of the land and buildings of this once great people are shown.

The "Cycle of Life" is one of the few microscopic pictures ever made showing that life moves in a constant cycle, an ever moving, but unchanging panorama of birth, life and death and through death the recreation of millions of new lives.

A varied program, excellent delivery and the free time to see it, will give everyone a chance to attend the final program arranged and presented by Mr. Rust.

HIGH SCHOOL GIRLS HONORED AT ANNUAL A. W. S. HI-TEA

More than 70 High school June graduates were honored at the annual tea for high school seniors sponsored by the Associated Women Students last Saturday afternoon, May 23, on the gymnasium lawn. Besides the graduates of the Santa Barbara high school nine seniors from the Catholic Girls high school attended the affair. College and high school women faculty were also special guests of honor.

Gay umbrellas and tables furnished the background for the serving tables. Potted palms and spring flowers completed the decoration scheme.

During the afternoon several members of Miss Helen Stone Dozier's dancing class entertained the guests. Ethel Davis, Wilma Vaughn, Anna Furtado, Ella

PRIMARY KIDDIES SCORE HIT WITH FAIRY TALE PLAY

Queen Titania and King Oberon held their fairy court and had a public showing last Thursday in the auditorium, fourth hour. Kenneth Roberts as King Oberon made a very convincing sovereign and his queen, Marjorie Kellogg shared the throne with him. Patricia Moore as the dainty messenger proved one of the most popular characters. Solo dances by Marilyn Richmond, Barbara Felger, Patricia Moore, and Albert Meloling were supplemented by group stunts by elves, goblins, rainbow fairies, fireflies, and a duet by Barbara Felger and Marilyn Richmond.

Musical selections in both solo and group numbers were well executed by the tiny tots. The costuming under the direction of Rachel Burns very effectively used pastel and the vivid colors as suited to the characters. Mrs. Lyons was responsible for the clever stage setting and the unusually large toadstools carried out in brilliant color combinations.

Direction and continuity were originated and carried out by Mrs. Clotilde Miller and Pearl Slater. Music composed by Mrs. Barnett was used in both song and dance combinations. Mrs. Gladys Felger assisted in some of the dance instruction, while student teachers assisting were Carmie Janssens, Ethel Olson, Marie Miller, and Dorothy Robinson.

LOCAL NURSERY GIVES PALMS TO WOMENSTUDENTS

A gift of five potted plants was given to the college through the Associated Women Students by F. A. Lejeune, manager of the Exotic nurseries. Shirley Mercer, chairman of the decorating committee for the A. W. S. tea for high school women, visited the Exotic nurseries last Saturday to ask the loan of some plants for decoration at the tea. Mr. Lejeune selected five plants and gave them not only for the A. W. S. tea but for permanent use at the college.

Monday morning the two large Kentia palms were placed on the upper shelf on either side of the library stairs, where they attracted much attention and comment. Later two of the smaller Astidistra plants were put just below the palms, but these will probably be used in the A. W. S. clubroom, according to Dean Mildred Pyle.

"The gift was a delightful surprise," stated Dean Pyle, "as we have discussed the purchase of such plants but couldn't find the money to do so." The A. W. S. board has not yet decided just what will be done with the plants, but they will probably be left in the lobby and the clubroom, to be used in the auditorium and elsewhere when the occasion demands.

Freiburg Passion Play Makes Debut On Campus Tonite

SENIORS GIVE SCHOOL GIFT; BALL PLANNED

The Oriental Ball, honoring the graduating class, will be given on Saturday night, June 6th in Rockwood at 9 o'clock. Decorations and the programs will be in oriental design. Invitations to all faculty members have been issued by the social committee of the student body.

Patrons and patronesses will be Dean and Mrs. William Ashworth, President and Mrs. C. L. Phelps, Dr. and Mrs. Charles L. Jacobs, and Mrs. Mildred C. Pyle.

Those wishing invitations for outside men and alumni, must get them early as only fifteen invitations will be given to alumni, and a limited number for outside men.

Virginia Weber is general chairman and is being assisted by Elizabeth Peacock, Stuart Thompson, Shirley Mercer, Betty Higbee, and Bill McDavid. Advisors for the decorations will be Mrs. Ruth Doolittle, Mrs. Isabel Fish and Miss Austine Camp. Lovell Paggeot is in charge of the programs and favors to be presented to the members of the graduating class.

In an effort to put another part of the campus on time, the senior class of 1931 has given to the college a Telechron electric clock which has been erected in the library. Now when bells go wrong, students may check their time with the clock and not have any excuses for being late to class because they were studying in the library and the bells weren't ringing!

Oswald Higgs took charge of buying, installation and payment of the clock and has done a very thorough piece of work in getting it all cleaned up before the very end of school. John Davis, Mildred Smyth and Bernice Smith were other members of the committee for this gift and cooperated in every way.

By this final gift they can make you students at State, the senior class of 1931 wishes to be remembered.

LA CUMBRE TO BE GIVEN OUT JUNE 2

La Cumbre, which is ultra modern in theme, will probably be issued on the second of June.

The editor, Kay Bishop, has been working especially hard and the book will be the largest ever published here.

Kay is being assisted by the following staff: Business manager, Martin Bredsteen; art editor, Tommy Wood; photographic editor, Virginia Weber; assistant, Tad Foss; organizations, Dorothea E. Peterson; assistant, Rose Greenwell; women's athletics, senior editor, Helen Nauman; make up editor, Clare and Constance Wise; advertising, Jim Kent, Mary Larco, Eleanor Tubbs; Helen King, Ben Romer, Dorothy Dowling, Phoebe Steer, and Sherman Heath are also on the staff.

Yale Follows State; Omits Latin, Greek

It is interesting to know that Santa Barbara State College has the jump on Yale University. State started without including Latin and Greek requirements in its curriculum while Yale has just recently scratched them off its list, after having them on its program for 230 years.

Original German Players Will Appear On Gym Lawn Stage at 8 P.M.

By Inez Cash

Approximately 200 students and townspeople will cooperate with a cast of thirty-five actors from Frieburg, Germany, in presenting the Frieburg Passion Play on the gymnasium lawn Thursday, Friday and Saturday of this week. This spectacular religious drama of eighteen scenes portraying the life and passion of Christ, is the exact presentation of the traditional Passion Play which has been presented regularly in Frieburg since the year 1624 A. D., according to William F. Rogge, manager and publicity agent.

Students of the college will have the privilege of appearing with a cast of finished artists schooled in the tradition of the stage as well as the traditions of the Passion Play, Mr. Rogge continued. Adolf Fassnacht, who plays the role of Christ, is the eighth Fassnacht in direct descent to carry the role. Other members of the cast are acknowledged masters of the legitimate stage in Germany.

Presentation of the play will take place on the lawn in front of the gymnasium instead of the quad, as formerly planned, to give better seating facilities to the audience and more convenient dressing room arrangements for the cast, according to Coach Hal Davis, Santa Barbara manager. Seating accommodations are being prepared for 2000 spectators, and capacity crowds are expected for each performance.

SPECIAL ASSEMBLY CALLED FOR PLAY

Mr. William F. Rogge, advance agent for the Frieburg Passion Play, spoke at a special assembly called by President Phelps Monday morning.

The Passion Play is seven hundred years old, has made sixty-six successful runs, and this is the first European country to have a successful run on this coast, according to Mr. Rogge.

A regular cast of thirty is required along with about one hundred any twenty-five people who are used in the mob scenes. The presentation in the Hippodrome in New York required 1500 people.

Adolf Fassnacht has portrayed the part of Christ for twenty-nine years and has appeared 8000 times. Mr. Fassnacht's life was dedicated by his parents to the part of Christ.

This is the oldest version of a Passion Play, the year 1264 being the first presentation. The play originated from a pageant of floats that paraded through the streets.

According to Mr. Rogge the Passion Play has used seven carloads of scenery and a carload of livestock, but has been reduced somewhat.

The first American tour was begun in August, 1928, first playing in St. Joseph, Missouri, where they dedicated a new bowl. St. Joseph has a population of 75,000, while 100,000 people attended.

On this first tour, a survey of the cities offering the best facilities for the showing of the play is being made. If the play ever comes to this country again it will be known which cities will be honored. The cast leaves for Germany in June, 1932.

The music for the Passion Play is composed by the greatest musicians of Germany.

A. W. S. INSTALLS NEW OFFICERS

New officers of the A. W. S. who were installed at the regular A. W. S. meeting Tuesday are: Edna Blake, president; Shirley Mercer, first vice president; Irene O'Leary, second vice president; Dorothy Dowling, secretary; Jean Wood, treasurer; Carmelita Janssens, counselor, and Phoebe Steer, clubroom chairman. Dean Pyle at this time told of the plans that have been made for the last week of school, and Virginia Weber announced the Senior Ball to be given June 6th at Rockwood. Due to the limited amount of space, only a few outside invitations will be given. An Oriental setting will be used for this affair.

New Sorority Makes Entree On Campus

Gamma Delta Chi, a new local sorority on the campus held its formal initiation Sunday afternoon, May 24th, in the home of Rose Cicero, 1025 Castillo street. Mrs. Spinney, an active member of the Eastern Star, initiated the members. Sunday evening the sorority held a formal dinner at the home of Mrs. Josephine Bolton, 1828 Loma street. After the dinner the members, their sponsor, Mrs. Fish, and Mrs. Bolton, attended the Fox Arlington. The charter members are Elsie Eckoff, president; Grace Ellen Lee, Rose Cicero, Frances Whitmore, Mildred Clopton, and Marjorie Brehm.

Dietetics; Proudfit, Nutrition and Diet Therapy; Trilling, Girls' problems in Home Economics; Starrett, Charm of a Well Mannered Home; Macleod, Chemistry and Cookery.

MAYOR-ELECT PRAISES SANTA BARBARA STATE

Mayor-elect of Santa Barbara, Harvey T. Nielson is an admirer of Santa Barbara State college. He feels that the college is one of the finest assets Santa Barbara has, and is an institution that merits the support and cooperation of every citizen.

Nielson has lived in the city a long time. He saw the college get its start under Mrs. Ednah Rich Morse, and has watched its splendid growth since that time. He believes that one of the best ways that the average citizen can show to the students his or her interest, is to actively support the various enterprises of the school.

The mayor-elect says: "In addition to adding each year to this community a splendid group of intelligent and ambitious young men and women from out of the city, the State college offers to the graduates of our own High school an opportunity for advanced education at an extremely low cost, with advantages of retaining their home connection.

Dean Ashworth Gives Commencement Talk

William Ashworth, Dean of men, gave a lecture on commencement night, Tuesday, May 19, to the Knapp School of Nursing in the Cottage Hospital auditorium. His talk, which was "Responsibilities of the Training Person" implied three obligations; to be fit, to be generous, and to be right.

A group of about two hundred friends and town people witnessed the graduation of twenty nurses who were all in uniform. Many people there had seen Dean Ashworth in the Community Arts play at the Lobero a few weeks ago where he played the henpecked husband. They commented on the contrast between these two occasions, illustrating the Dean's remarkable versatility.

Tickets On Sale Now For Senior Banquet

The annual Senior banquet will be held in El Paseo on June 11. Underclassmen and faculty are invited to attend, while the entire Senior class will be present. Tickets are on sale in Mrs. Clow's office, Dean Pyle's office, Miss Lowsley's office and the Coffee shop. The following individuals are also selling tickets: Marian Smyth, Marie Stiber, George Cutler, Llewellyn Goodfield, Nellie Larsen, Margaret Wilson, and John Davis.

Reservations must be made by Wednesday evening, June 10. A musical program will include trio, men's and women's glee club numbers, as well as instrumental numbers.

Now is the time to select GRADUATION GIFTS

COOPERATION IN FIESTA IS URGED

Charles E. Pressley, who is in charge of the Old Spanish Days Fiesta, which is staged in Santa Barbara each summer, says that students should cooperate with the citizens and make the event a credit to the city. He suggests that the Home Economics department of the college spent some of its time in making costumes, and distribute them among the students to wear during Old Spanish Days celebration.

Thousands of visitors come to Santa Barbara each year to see the event. Many Fiestas are being held in Southern California cities this year, including Los Angeles and Santa Monica.

Pressley wants the college students in Santa Barbara to cooperate in making the local celebration surpass the ones in all other communities, and retain the prestige it now has.

Picnic-Dance to Replace President's Reception

The A. W. S. is giving a picnic at Tucker's Grove Wednesday, June 10th, to be followed by a dance sponsored by the social committee. It is thought by Dean Pyle that this will start a tradition to take the place of the reception given by President and Mrs. Phelps at their home on account of the steady increase in size of the graduating classes.

ARETA GAMMA HOLDS FINAL SOCIAL EVENT OF THIS SEMESTER

Areta Gamma sorority held its final social evening of the year at the home of Katherine Edwards Friday, May 22. The party was a farewell to the patron and patroness, Dr. and Mrs. L. A. Ferris, who are leaving Santa Barbara. A scrap book was presented to the Ferris' from the group. Those in charge were: Katherine Edwards, Margaret Holden, and Grace Glenn.

RUST INSTALLS NEW PROJECTOR IN AUDITORIUM

William Rust, director of visual education at State, assisted by several students from the industrial education department, has been working hard to get the new motion picture projector, donated to the college by Stanley McCormick, installed in the projector room of the auditorium.

This new machine will facilitate the continuous showing of films during a program without undue interruption. Rust hopes that to secure a sound producing device for at least one of the two projectors. This will make possible the showing of more recent pictures made for the educational field.

Rust is endeavoring to secure a varied program of first class educational pictures to be presented during the fall semester. This he hopes will stimulate the interest of student and faculty members, as well as the townspeople to such an extent that the shows will become a regular part of the school program and a self-supporting activity.

Tau Gam To Give Tea, Picnic Over Week-End

Mrs. Elmer Awl and Mrs. Arthur Barnett, patronesses of Tau Gamma Sigma sorority, are entertaining members of both the active and alumni chapters of the sorority with a bridge tea in the Hotel Biltmore on next Saturday afternoon.

On Sunday the active members are holding a picnic, which will be the final affair of the sorority this semester.

At a recent meeting, Betty Procter was elected president for next year; Betty Awl, vice president; Phyllis Cole, secretary; Esther Ibsen, treasurer; Thelma Fent, recording secretary; Mildred Mosher, social chairman; Margaret Jigerjian, publicity chairman, and Esther Ibsen, Pan-Hellenic representative.

Anna Furtado Honored At Farewell Dinner Party

Ethel Hudson, Miss Helen Dozier, and Louise Dunham were co-hostesses at a dinner-theatre party last night honoring Anna Furtado, who graduates from the Physical Education department this June and who will teach in Hawaii next year.

A delicious dinner was served to the hostesses and their guest at El Paseo, after which the party attended Charlie Chaplin in "City Lights" at Warner Bros.' Granada Theatre.

Campus Styles

Cotton! Cotton! Cotton! As never before, cotton is roaming the streets of fashion town with a vengeance—in hats, shoes, bags and scarves!

We are back to our childhood days so far as daytime colors are concerned. Baby blue, flesh pink, yellow and white are established favorites.

Harking back to the days of the aborigines and their love of gay adornment are sports belts of colored wooden beads or strands of jute twine.

We are rapidly becoming "air-minded," so to speak! Mesh hose, lace or mesh gloves, lace hand bags, punched-through shoes or sandals, even lace foundations contribute to "ventilated" fashion!

More fascinating news "on the dot!" Polka dots and pin dots are still good though slightly different. This year dots are embroidered against grounds of contrasting color.

Speaking of dots — did you know that dainty, feminine dotted Swiss was now being tailored, piped in color and supplied with a jacket for sports?

For those of us who ever feel the irresistible appeal of flowered prints for soft summer nights, here is a new suggestion! Select a ground free from color—either black or white—and the colored motifs will go singing with a glorious depth of tone.

Industrial Ed. Formal Banquet Is Postponed

The Industrial Education banquet, which was scheduled for May 29, has been postponed until Friday, June 5, due to an overcrowding of the social calendar this week-end. On June 5, Mr. F. R. Campion of the Wiggins Trade school in Los Angeles will be the honor guest, and will give a short talk as part of the evening's entertainment.

VARSITY FOOTBALL SCHEDULE SHOWS 7 CONFERENCE GAMES, ONE OPEN DATE

FRESHMEN HAVE ARRANGED ONE GAME WITH TAFT

Through the work of Fred Allred, the Southern California Conference schedule for football has been planned for Santa Barbara State next season. Though the freshmen have only two games scheduled, the varsity have seven, with one open date.

The schedule for the varsity squad is as follows: September 25, Caltech, here; October 2, open; October 9, California Polytechnic school, here; October 16, Pomona, there; October 23, La Verne, here; October 31, Whittier, here; November 6, Cal Christian, here; November 13, Redlands, here.

The only game away from home will be at Pomona, October 16. Besides the games already scheduled there will probably be one more away from home game played in the latter part of November.

The freshmen have arranged to play a game with Taft, October 31, there; and here on September 27, a game will be played with the Santa Maria J. C.

With the exception of four men, Captain Johnson, Fred Imes, Cecil Hickman, and John Davis, all of the former varsity men will be here next semester. With the new group from the freshman class, State should have a good team next year.

Spring practice for the football men began last Monday under Coach Luke Trimble. Everything except scrimmage is included in this and is being done to get the bunch in shape to start next season with a bang.

HANDICAP GOLF TOURNEY PLAN FOR WEEK-ENDS

Marking the final event in the golf season, a handicap tournament has been planned for the next two week-ends. Anyone who is interested may enter this event, which will be played on the Santa Barbara Golfers' association course (Montecito Country club).

Two prizes for first and second place in the men's tourney is followed by a prize for the women entrants.

Since it is a handicap tournament, everyone has an equal chance and the two round medal play is the same for all. Entrance fees are 35c plus the regular green fee of 50c.

1931 FOOTBALL SCHEDULE

Sept. 25—Caltech Here
Oct. 2—Open	
Oct. 9—Calif. Poly Here
Oct. 16—Pomona There
Oct. 23—La Verne Here
Oct. 31—Whittier Here
Nov. 6—Cal Christian Here
Nov. 13—Redlands Here

Your understanding of others, and their understanding of you, will have much to do with your becoming an outstanding man.

Have you a mental picture of what you are to be in years to come, or are you just drifting along, you know not where?

Have your likes and dislikes. Advertise your likes, and let your dislikes be your most guarded secrets.

HEARD IN THE SHOWERS

SPORT COMMENT

By "Ace"

Playing for the first time in the Southern California Golf Conference Santa Barbara State finished in sixth place. Considering this and considering that, I think the team made a very remarkable showing. Once again we will give this year's formal war cry, "Wait till next year." Occidental went home with most of the honors, winning two of the three trophies awarded.

George Greenough, famous for his golf and drums, declares that he carries only three clubs now, one for the tee, one for the fairway, and one for the green; and that they are respectively, a Slicer, a Topper, and a Misser.

The Big Ten track and field meet held last Saturday in the East was marked by some exceptionally good showings. Sprinter Tolan ran the 100 in 9.5; hurdler Sentmen (good friend of Luke's from Illinois) took the highs in 14.4, tying the world's record; the two mile was won somewhere around 9:30, which all goes to show that the coast isn't the only place we have record breakers.

The baseball team wound up the season in good fashion by winning from Santa Maria J. C., 16-6, and making only a few errors. Coach Trimble was all smiles when the team scored 11 runs in the first inning and had things easy the rest of the contest, under the capable pitching and leadership of "Pug" Dornan.

The fourth period Tuesday and Thursday basketball team is still going strong and should develop some real stars for next year's varsity. These boys never bother about a referee. They have learned the secret of self-defense and play that old game, "give and take."

It's still a mystery to me how the awards are given out by the Men's club. It doesn't seem fair to award one man a trophy for winning in his division and not recognizing the other class winners. If boxing and wrestling trophies are to be awarded, why not award them to all the champions and not just pick one man out?

Instead of getting even with an enemy you can inflict far more torture by getting ahead of him.

All great successes, and failures, have come from doing "little things."

ROADRUNNER GOLFERS COP SIXTH PLACE IN WHITTIER ALL-CONFERENCE TOURNEY

FROSH CLEAN UP IN CO-ED HORSEHIDE TILT

Last Tuesday the Frosh met the upperclassmen in a baseball game, defeating them by a score of 15-3. To add to their laurels, they again won the Thursday game but only with a 9-3 score. Chamberlain, Boslar and Nauman scored the three on Tuesday for the upperclassmen, while Chamberlain, Tietz and Nauman scored on Thursday. All the Frosh scored at least once in each game, Betty Lindsay being high-point man, scoring four runs in one game.

Lineups for the games were as follows:

Frosh—B. Lindsay, c; M. Juleff, p; R. Mitchell, 1b; L. McCubrey, 2b; B. Wood, 3b; F. Longawa, ss; B. Thomas, 2b; K. Lambert, c; V. Siems, 1b; S. Burch, f. Upperclassmen—H. Nauman, c; M. Chamberlain, p; M. Boslar, 1b; E. Tietz, 2b; I. Perry, f; S. Burch, f; M. Longawa, f; D. Gibson, 3b; M. Adams, p; L. Dunham, 1b.

Florence Longawa and Romaine Mitchell made the only two home runs in both games. Mint Juleff made one three-base hit. Juleff made six strike-outs while Adams and Chamberlain struck out the same number between them.

If the Uppers are going to do anything big this year they will have to do it quickly as only one game remains in the season.

Co-ed Frosh Take Final Game of Baseball Season

Marking the end of the baseball season for the W. A. A. batters, the Frosh defeated the Upperclassmen, 11-3 last night. The winning line-up was Betty Lindsay, c; Mint Juleff, p; Vivienne Sims, 1b; Leona McCubrey, 2b; Florence Longawa, 3b; Romaine Mitchell, ss; and Mary Hicks, f.

Those defending the upperclass honors were Maurine Moore, c; Meryl Adams, p; Mildred Chamberlain, 1b; Elsie Tietz, 2b; Dorothy Mae Gibson, 3b; Helen Nauman, f.

Work is just doing what we feel we have to do. Happiness is doing the same thing because we enjoy it.

Merchants open their doors to display their merchandise; but many people open their mouths only to display their ignorance.

Our thoughts are but mental pictures, and it is well that we alone see some of them.

KRAMER SCORES IN INDIVIDUAL COMPETITION

By "Chappie" Harrison

Santa Barbara finished sixth in the all-conference golf meet held at Whittier on Friday and Saturday last week, at the Hacienda Club. The final order was as follows:

Occidental, Cal Tech, Pomona, Whittier, San Diego, and Santa Barbara. The final order for the individual prizes was as follows: First, Maizy, Caltech. Second, Holbrook, Oxy. Third, Van Meter, Oxy.

Coach Kebely says that Occidental was in fine form and that their fifth man, who, of course, competed only for the individual prize, was quite up to the rest and could have substituted for any of their other players.

There was an interesting finish for fourth, fifth and sixth places, which turned out respectively, Whittier 748, San Diego 749, and Santa Barbara 750, thus you see that with three strokes less distributed between four players in two rounds each, State would have taken fourth place so that we cannot condemn them too severely.

In the individual tourney our team finished, Kramer, seventh; George Greenough, twelfth; Nils Thiebaud, nineteenth, and Hal Polley, twenty-sixth. There were six teams of four players, and three individual players from other colleges, making in all twenty-seven. La Verne and Redlands did not send teams.

The course, La Hacienda Country Club, is an extremely difficult one, more especially to our team for out at the Montecito course the hazards consist of sand traps and water hazards, whereas at the Hacienda there are innumerable barrancas varying in size from forty to eighty feet. There were so many barrancas on the course that 16 out of 18 holes had at least one barranca on them while several had three. To better illustrate what we were up against, Coach Kebely tells me that even the professional out there — who incidentally is also Whittier's coach — has so far failed to break eighty on the course.

Kebely says that we offer no alibis for our position, but will try harder during the next year to achieve better results. Personally, we think that considering that this is our first attempt at golf in this institution, our very entrance in this all-conference tournament is quite a creditable performance.

In spite of all the vicissitudes of the tournament, Coach Kebely reports that the hotel accommodations were excellent. The team stayed at the Hoover Hotel during the three days they were in Whittier. He also praised the luncheon given in honor of the visiting teams on Saturday afternoon, after the finish of the tournament.

THE EDITOR SPEAKS

LET'S ALL PUSH!

THE Freiburg Passion Play which is holding three performances at Santa Barbara State beginning tonight is the greatest undertaking ever attempted here. It is a privilege which few of us fully appreciate. Not until after tonight's performance will we realize the unusual opportunity which has been offered us.

Approximately 200 of our students have been given the privilege of assisting directly with this production. In the orchestra, in the chorus and in the mob scenes will be students of State taking advantage of this opportunity to play alongside members of the original Freiburg Company of Germany, world renowned actors.

For those of us who are unable to participate in the play itself comes a service fully as great. The play is to be presented three nights. Seating capacity for 2000 people each night has been provided. It is up to us to fill these 6000 seats. We must not be satisfied with seeing the play ourselves, we must bring our families, our friends, our acquaintances and their friends.

Santa Barbara State will receive 30 per cent of the proceeds from the performances of this play. While this sum sounds huge to us, it amounts to very little unless we have capacity crowds each night as our expenses amount to \$1300 which is to be paid from our percentage.

Will we bring enough people to State these three nights to make 30 per cent exceed \$1300? Only through the complete cooperation of the A. S. B. will we be able to make a success of our undertaking. Tonight is our night, let's be there 100 per cent! Tomorrow and Saturday let us tell everyone about the play and see that they attend!

IT'S WORTH KNOWING

By EDYTHA BARHAM

That Mrs. Helen M. Barnett, director of music, was born in Toronto, Canada and came to the United States at the age of four years; that most of her life, up to the last fifteen years, was spent in Chicago; that she attended the University of Chicago for two years and then left to specialize in music; that she did professional work as a soprano soloist and appeared in concerts in a great number of the southern and central states; that she graduated from the University of California with a B.A. degree and honors in education; that she started to teach school ten years ago and her first position was as head of the music department at Santa Barbara high school for five years; that she has a life certificate for teaching music; that she was soloist at many occasions in Los Angeles at the Trinity Auditorium and the Emanuel Presbyterian church, following a wide experi-

ence as soloist at some of the largest churches in Chicago; that she is very fond of athletics, especially basketball, and she was a member of the first team when attending high school, and also on the Chicago University team; that she played on the faculty team at Santa Barbara high school; that while attending U. C. she took first place in the indoor track meet and was also a member of the swimming team; that she has had wide experience as a choir and choral conductor and organized the choir of the Orpheus Club and the choir of the Woman's Club; that she has studied with eminent voice teachers in this country and in Europe; that she has composed a number of songs which will shortly be published; that she is completing her M.A. in education this summer at the University of Southern California; and that she has been teaching at State since 1926.

I OBSERVED!

Pim Deutschmann with his hair combed.

THEATRE

GRANADA

Charles Chaplin's latest vehicle, "City Lights," which is playing at the Granada the first part of this week, is based on an excellent story of the love of a city tramp for a blind flower girl. The story is embellished by the introduction of an eccentric millionaire, a prize fight, and many comical Chaplinisms. The play was written, directed and produced by Charlie himself.

The screen version of the successful Belasco stage comedy, "It's a Wise Child," is playing at the Granada the last part of this week. The scene is laid in a small town where the wagging tongues of the town gossips make amusing dialogue. The cast includes Marion Davies, James Gleason, Marie Prevost, Lester Vail, Johnny Arthur, Polly Moran and Robert McWade.

CALIFORNIA

Lew Ayres in "Iron Man" with Jean Harlow and Robert Armstrong is the featured picture at the California the first part of the week. The story deals with a boy who was faithful in his love for a woman, Jean Harlow, who laughed at him and loved another. The story was written by the author of "Little Caesar."

"The Prodigal" playing at the California from Thursday to Sunday shows Lawrence Tibbett playing a thoroughly modern role of a hobo from an aristocratic old southern home. The songs are woven naturally into the theme.

PAJAMAS

Bonnet shops and corset factories may be a thing of the past but the garment business merely takes a turn for the better. So pajama designers have their hands full in meeting the fast-growing demand for this article of feminine attire.

Several years ago pajamas came in vogue for beach wear. This followed the discovery of their attractiveness due to abandonment of the old fashioned night shirt. Their favor has gained such momentum, that today they are being worn as an informal dress for most occasions.

The modern school miss, not to be out-done, has adopted the style for the classroom. Of course the practice, generally speaking, has hardly effected the more conservative miss, such as one might expect to find in teachers' colleges; however, they too cannot long afford to remain in opposition to their more courageous sisters. After all we can find opportunity for pioneers. Wouldn't you like to be a pioneer?

EXCHANGES

Shoes at the University of Washington were shinier last week on account of senior "Shine day." This day was instituted several years ago for the purpose of raising a professional fund to be used for students needing medical aid unavailable at the infirmary but unable to pay for it. All shoes are shined by the most beautiful and most prominent coeds on the campus.

It was decided too many students were missing classes at the University of North Carolina, so the stiffest penalty possible was introduced. Have an excusable absence and you are fined 50 cents, have an inexcusable absence and you are fined one dollar. Miss an exam without an excuse and two dollars will be the fee. Only one dollar is charged for excused absences from the examinations.

San Jose State College has revised its method of final examinations, the main revision being that teachers are not compelled to give any finals, however every class is required to meet at the appointed time and if examinations are not given the time is to be spent in review.

BOOKS

In the College Library

Among the new books in the library are some especially interesting to students in the Elementary Education department. They are as follows:

Education: Smadden, Foundation of Curricula; Storm, Reading Activities in the Primary Grades; Rugg, Extra-Curricular Activities; Strong, Introductory Psychology for Teachers; Collings, Psychology for Teachers; Lamb, Introduction to Human Experimental Physiology; Eikenberry, Educational Introduction to Guidance; Patterson, Teaching the Child to Read; Milieir, Creative Learning and Teaching; Jones, Principles of Guidance; Hatcher, Guiding Rural Boys and Girls; Hart, Social Interpretation of Education.

Education: McCall, How to Classify Pupils; Bixler, Check Lists for Educational Research; Edgerton, Academic Prognosis in the University.

Social Science: Evans, Mathematical Introduction to Economics.

Industrial Education: Collins, Boys' Book of Models; Cooley, My Life Work - Building and Metal Work; Zeland, Elements of Electricity; Walters, Experimental Electricity.

Physical Education: Lundgren, Baseball; Meanwell, You and Basketball; Barry, Basketball; Hager, Percentage Basketball; Dillon, How to Play Baseball; Mitchell, Intramural Athletics; Hillas, Athletic Program for High School

Women; Berry, Baseball Notes; Hemmett, Major Sport Fundamentals; Gill, Track and Field Athletics.

Art: Selden, Stage, Scenery and Lighting; Barnes, Art in Painting; Poore, Art Principles in Practice; Boudreau, Art in Daily Activities; Kahle, Modern French Decoration; Abbot, The Great Painters.

Science: Osborn, Physics of the Home; Forman, Stories of Useful Inventions; Olcott, Book of the Stars for Young People; Riezel, Industrial Chemistry; Bridges, Young Folks Book of Inventions; Broadhurst, Bacteriology Applied to Nursing; Stubblings, Commercial A. C. Measurements.

Children: Baker, Dinty the Porcupine; Burgess, Adventures of Prickly Porky.

Music: VotEAU, Rhythm Band Series, Teachers' Manual Rhythm Band Series, Vol. 1, 2, 3; Kinsella, Music and Domanice; Music Appreciation for Children; Terry, Bach.

Reference: American Labor Year Book, 1930; Dewey, Decimal Classification, edition 12; World Almanac.

Psychology: Foster, Experiments in Psychology; Lashley, Brain Mechanisms and Intelligence; Perrin, Psychology.

Miscellaneous: Bussell, Marcus Aurelius; Orr, David Hume; Park, New Backgrounds for a New Age; Dabney, Book of Dramatic Costume.

World News

Captain Frank M. Hawks, American speed ace, set a new record for point to point flight when, on May 21st, he made the seven hundred mile hop from Malmo, Sweden, to Paris in three hours and fifteen minutes.

Captain Hawks used the "bullet plane" with which he has been consistently breaking records on the other side of the Atlantic.

Dyonis Uher of Budapest, Hungary, is the inventor of a machine for setting type by photography. It is designed to do the same work as linotype, monotype, and other similar devices.

The remains of a giant mastodon that is supposed to have died about ten thousand years ago were discovered recently in a field near Cromwell, Indiana. The animal is said by scientists to be probably the largest of its kind ever brought to light and will be exhibited in an eastern museum.

The discovery was made accidentally by a ten year old boy while hunting for skunks on the farm of Charles Feldheiser. Mr. Feldheiser is reaping a considerable reward from the admission price he charges the curious who are coming, it is stated, from all over Indiana and from many neighboring states to view the bones of the gigantic elephant.

Dr. John T. Sanford, in charge of the excavation work, believes that this part of Indiana is a veritable burying ground for the beasts and that many other important discoveries will be made.

The government of Premier Henri Jasper, of Belgium, resigned on May 21st, after an unsuccessful attempt to reduce an appropriation bill of eight million, five hundred thousand dollars for Frontier defenses.

California's anti-red flag law has been declared unconstitutional by the Supreme Court.

President Hoover has let it be known that he will formally approve the project of an inter-oceanic canal across Nicaragua.

An engineering unit under Lieutenant Colonel Dan I. Sultan has just completed a year and a half survey of the proposed route.

Robert L. Ripley, well known writer, is returning from a trip through Europe and Africa where he has been searching for material for "Believe It Or Not."

A man in Toronto, Canada, recently stood on a downtown street and tried to sell five dollar gold pieces for two dollars and a half. Although many thousands stopped to listen to him it took more than an hour to dispose of five of the gold pieces.

The man was presumably advertising something, or testing a theory for each of the pieces of money sold proved to be genuine.

Eight thousand persons have been made homeless and many hundreds of houses destroyed by recent floods on the Danube river in Roumania.

Robert Rayburn, sixteen, from Newton, Kansas, won the high school oratorical championship of the United States last Saturday evening at Constitution hall, Washington, D. C. His subject was, "Tests of the Constitution."

Miss E. L. Conner of Chicago was second and William J. Codd of Spokane, Washington, was third in the contest.

Some of those hard-working, news-padding, space-grabbing young cubs on the Roadrunner staff have nothing on Robert Abbey of the Ohio Wesleyan Transcript. Abbey leads his news-writing class with a total of 1500 column inches, more than twice the total of his nearest competitor. Have you marked down my 12 inches this week, Ken?

The usual conservative campus attire among our coeds. Where are the progressive women who come to classes wearing pretty pink pajamas? Here is an opportunity for some lonesome Lena to become popular over night.
