

SANTA - BARBARA STATE - COLLEGE

EL GAUCHO

— formerly Roadrunner —

VOL. XV

Santa Barbara State College, Wednesday, November 13, 1935

No. 16

Out on the Pampas

This new column which is intended to supplement your knowledge to a greater or lesser extent than the daily newspapers of the news of the world and international affairs, will appear in each issue of El Gaucho from now on. In the name or title of this feature we have pictured romantically the home of El Gaucho, a spacious and comfortable rancho located in the pampas of the Argentine. Hence all affairs which are of interest to us and deal with doings of the world outside can be spoken of as taking place, "Out on the Pampas."

CANADA AND U. S. CONFER

While the world to the east of us and to the west is preoccupied with preparations for defense or attack, President Roosevelt and Premier W. L. MacKenzie King of Canada have just consummated plans for improvement of the economic relations between the United States and Canada. A friendly chat attended also by Secretary of State Cordell Hull, was said to have laid the foundation for a new reciprocal trade agreement. It is hoped that the technical part of the negotiations can be completed in about 60 days.

NEW STRATOSPHERE RECORD

Success comes by trying again and again. Two years of complete failure to conquer the stratosphere by U. S. airmen, finally came to a happy ending when Captain Orvil A. Anderson and Captain Albert W. Steven reached an altitude of 14 miles, over South Dakota, in their balloon "Explorer II." They landed safely on the same day while the rest of the country was absorbed in celebration of Armistice day.

After a short rest period the flyers were flown to Washington, D. C., where they were received officially. The balloon is being packed and shipped by assistants that remained in the camp.

JAPAN ENTERS CHINA

Again Japan stretches out her hand for territory and control. Apparently she has designs on Northern China and now is planning to set up another state like Manchukuo. After serious outbreaks, following the murder of a Japanese marine Japan moved in quickly with 2000 marines to see that proper amends were made.

Laura Price Visits Carpinteria School

On Friday of last week Mrs. L. C. Price, head of the elementary education department visited the Carpinteria school system. This week three student teachers will begin their cadet work which will continue for a nine week period.

Mountain Lion Is Object of Inquiry About Campus

Are you one of the many students who wondered the why and wherefore of the sleek, stuffed mountain lion which looks a tiny bit out-of-place residing among the statues and paintings of the art department entrance hall. A bit of explanation always helps.

It seems that the glassy-eyed beast was brought to State by Mr. Herbert Keene, famous lion hunter, who wished it modeled in miniature by one of the art students. Mrs. Crosswell, head of the art department, selected Ann Forsyth for the job.

Ann is only an art minor but she runs circles around most of the art majors when it comes to modeling. Her specialty is horses which, incidentally, she can ride as well as many a veteran cowpunch-

Dinner Dance Honors State Football Men

Junior Chamber of Commerce and W.A.A. Combine to Sponsor Affair

PIGSKIN MENTORS TALK

Proceeds From Dinner Dance Placed in Scholarship Fund for Students

Honoring the varsity football squad, the Junior Chamber of Commerce will aid the Women's Athletic association in sponsoring the semi-formal dinner dance to be held Saturday night, at 7:30 o'clock, November 16, at the Montecito Country club.

Students Sell Tickets

Shirley Warner, president of the W.A.A., and Mr. M. O. Myers, president of the Junior Chamber of Commerce will be in charge of all the details for the affair with several student committees assisting them. The committee chairman for the dinner-dance are: Nancy Clappe, advertising; Anne Forsythe, program; Marian Call, decorations; and Shirley Warner, ticket sales.

Tickets may be purchased for the dinner-dance from Mary Francis McKinney, Shirley Warner, Olive Demotte and Dorothy Taylor. The price for the dinner will be a dollar a plate and fifty cents a couple at the dance.

Following the dinner several prominent football mentors will give short after dinner toasts. A short program consisting of an Hawaiian dance by Elizabeth Vincent, a song by "Buppy" Moore, Tim Cornwall, and Bud Lambourne; and a tumbling act by Jack Knight and Dave Pollock will be presented in addition to the speeches.

Funds for Scholarship

Funds derived from the dinner and dance will be put in the Junior Chamber of Commerce scholarship fund which is an annual contribution to the State college by that organization.

Students as well as the townspeople are expected to attend the banquet honoring the football team.

STUDENTS ELECT HISTORY PREXY

Deciding, after receiving a report from an advisory committee, to organize for the purpose of having varied programs of debates, round table discussions, and speakers at their monthly meetings, the members of the history department elected officers yesterday morning.

Officers elected were Joe Nightingale, president; Don Follett, vice-president; and Dorothy Horner, secretary. The vice-president will act as program chairman, Raymond G. McKelvey, history instructor, is faculty advisor for the group.

Moore Resigns

'Buppy' Moore Resigns Post

Moore Outstanding in Campus Activities; Lack of Time Reason for Leaving

Resignation of Harry Moore Jr. as chairman of Speech Arts was tendered at the State's student legislative council meeting last Thursday night, and appointment of Harry Shumway as his successor is under consideration by the council.

Moore has been outstandingly active on the campus in drama and other activities, and is president of Tau Omega, social fraternity. Harry, or "Buppy" as he is better known, gave as his reasons for resigning the fact that he is carrying 20 units of work and in addition has an outside job which leaves him little time to devote to the many duties of the Speech Arts office.

While on the job, Moore contributed much to the organized Players club and made it the largest club in the college. He was also chiefly responsible for the casting of "Dulcy," the college fall production.

Appointment to this office is made by the English department with the approval of the council. Shumway's appointment will be considered at the Council meeting tomorrow noon. He has had several years of training in speech arts at Pasadena Community Playhouse and is appearing in "Dulcy" opposite the title role. The recent presentation by the "Dolorians" of "The Feed Store Mystery" was directed by Shumway.

Woods Represents Local Fraternity in Fresno Meet

Representing the local honorary journalistic fraternity, Paul Woods, president, attended the annual western section meeting of Alpha Phi Gamma held at Fresno State college on November 8, 9 and 10.

Woods received from John Allen Smith, national president, the second place honor awarded to Santa Barbara State college's annual, La Cumbre. San Francisco State and San Diego State were given first and third places, respectively, for their yearbook publications.

Among numerous stories submitted to the group, Hal Dee Julian was named for third place among the feature writers of the nine western states. A printed poem by John Thomas Nash, world renowned as a leading printer, was presented to each chapter present at the conference. The local Alpha Phi Gamma group will in turn present it to El Gaucho, to be hung in the news office.

The next western section convention will be held in Stockton in November of 1936.

State Bonfire Rally Fetes Varsity Men

Committee Plans Program for Broadcast of Evenings Entertainment; Song of "El Gaucho" Will Be Dedicated

The explosion of a bomb tomorrow night at 7:30 o'clock will signal the beginning of the annual bonfire rally sponsored by the freshman class. The huge fire, honoring the Gaucho varsity who face the strong Whittier Poets Friday in the last grid battle of the season, will be set off on the beach at the foot of Santa Barbara street. As an innovation over previous years a loud speaker system will be used to broadcast the program.

Basham Calls Officers for Special Meet

Appointment of H. Shumway as Speech Arts Chairman To Be Confirmed

All members of the Santa Barbara State college student legislative council must attend the special meeting to be held in the auditorium tomorrow at noon, according to Garlyn Basham, student body president.

Confirmation of the appointment of Harry Shumway to the office of Chairman of Speech Arts is the chief business to be taken up, and all students interested are urged to attend. The office was vacated last week by Harry Moore, who found that the post took too much time from his other activities. The chairman is chosen by the English department with the approval of the council. Shumway has been recommended, according to Dean Ashworth, because of his training in this work at the Pasadena Community Playhouse. He will be seen in the forthcoming production of "Dulcy."

The council will also decide whether future meetings are to be held at three in the afternoon, as at present, or in the evenings, as has been suggested.

DINNER HONORS NATIONAL HEAD

In honor of their national president, H. Roe Bartle the Alpha Phi Omega, scouting fraternity will hold a dinner meeting at the El Cortijo, Tuesday night at 7:00 o'clock.

President Bartle is on the coast inspecting the western division of the order. He was in San Diego Sunday night, and Wednesday night he will journey to Stanford, and Friday night a joint meeting of the U. S. C. and U. C. L. A. chapters will be held.

Sunday night, November 10, a conference was held at the Hayward Hotel in Los Angeles of all the chapters on the coast.

'Ye Olde Ed.' Seeks Piper as Rats Permeate Office

By HAL DEE JULIAN

Wanted: A modern Pied Piper to we were poking about his home in the waste basket. We believe we are justified in assuming that there are several, although we have seen only one. Rats are like that. "Ye olde Editor" will be very glad to draw up a contract with a satisfactory Piper, we presume. (Ed's note: you sure do!)

But don't think we have any personal enmity toward this rat we saw last week. He was a very cute little brownish-gray thing, no larger than a mouse. As a matter of fact, we scarcely suspected he was a rat until we had counted all the 197 rows of scales on his long tail, and we weren't really sure until he took a running leap at our hand as the women.

German Olympics in '36

Several days ago, as a result of much agitation on the part of various organizations and many citizens in the United States against the holding of the international Olympics in Germany next year, Count Henri De Baillet-Latour, president of the international Olympic committee sought a personal interview with Adolf Hitler in order to get a public statement of the attitude of the present German government concerning the games. Hitler removed all fears from the mind of Count Latour and perhaps many other persons by declaring emphatically that all comers regardless of race, creed, or color would be accorded absolute tolerance and freedom while in Germany. He further stated that the government had no intention of capitalizing on this event to justify the actions of the National Socialistic program.

Instituted by the early Greeks and revived in 1896 to cement international friendship, practically every gathering of Olympic athletes since then has resulted in disputes over decisions and in some cases international scandals have been the outgrowth. In 1904, the French remonstrated vigorously against opening on Bastille Day, while citizens of the United States were opposed to competition on Sundays. There was a great furor in Stockholm in 1912 over the disqualification of Jim Thorpe after he won the pentathlon and decathlon. A Freshman was accused of biting an Englishman in Paris in 1924. Except for some disturbance caused by protests of the Finnish delegation when Paavo Nurmi was declared a professional, the Olympics held in Los Angeles were comparatively peaceful and amiable.

Already, with the games fully a year in the future, there has been bitter feeling aroused in many quarters. Differences of opinion over political systems and theory, have this time caused the trouble. This dissension is the very thing which it was hoped the Olympics would smooth over.

The first protests came from Jewish sympathizers who declared that outright boycott ought to be declared against the Olympics in Germany as a condemnation of Hitler's political and racial purges. Others said we should not take part unless Jews in Germany would be allowed to compete. Some feared that Jewish members of visiting delegations would be discriminated against. All in all there has been serious consideration of withholding American entrants from competition and we doubt very much if the statement by Hitler, a man who not infrequently changes his mind, will be substantial enough to allay fears of American citizens.

Furthermore we doubt very much if the international situation in 1936 will be one that will warrant the holding of the games and wonder if we are not causing a disturbance, which although aroused in good cause against oppression and racial and creedal prejudice will have been of little avail.—S.M.

Outing Committee Formed

In years previous there has been in existence on the campus an organization separate from the regular student body known as the "Outing Club." A membership fee was paid by members of the group and with the resulting funds, hikes and expedition trips were taken by those in the club.

This year the Outing club has incorporated with and become an integral unit of the student body. We have in its place the "Outing committee," composed of representatives of the student body and faculty who are now directing the affairs and outings which were in charge of the Outing club officers.

As a result every member of the student body is now eligible to participate in, outing committee activities and to make use of the "College Cabin," and we sincerely hope that all students will make use of these facilities to the best of their advantage.—R.M.

CAMPUS CALENDAR

Social Calendar for the Week of Wednesday, November 13; to Wednesday, November 20.

- Wednesday, November 13.—College "Y", 7:00 a.m.; Noon Dance, Music Hall; Gnome Club Dinner; Alpha Phi Gamma; Band, Music Hall; Riding Class, Vandever's Riding Academy.
- Thursday, November 14.—Frosh Bonfire and Rally; W.A.A. Board Meeting; Alpha Phi Omega.
- Friday, November 15.—Gauchos vs. Whittier, Pershing Park; Noon Dance; After Game Dance, Ebbets Hall.
- Saturday, November 16.—Football Banquet and Dance, Montecito Country Club.
- Sunday, November 17.—Delta Phi Upsilon Pledging.
- Monday, November 18.—Kappa Omicron Phi Delta Pi, 7; Social Groups; Fraternity Meetings.
- Tuesday, November 18.—Student Body Meetings, 2nd hour; Art Department Meeting, Pot Luck; Pan Hellenic.
- Wednesday, November 20.—College "Y"; Pi Sigma Chi; Band, Music Hall; Riding Class, Vandever's Riding Academy.

State Students Take Part in Play Farce

A hypothetical murder and a continuous checker game were involved in the one-act farce, "The Feed Store Mystery", given last Sunday evening by the Dolorian Players.

Several State students took part in the play, which was written by Howard Reed and directed by Harry Shumway. The plot was not complicated but very humorous. It concerned the mixup in which the owner and occupants of a village feed store found themselves when a harmless lunatic, suffering from a Sherlock Holmes complex, invaded the scene.

Frances Becchio gave an excellent portrayal of one of the aged checker players. He shows great aptitude for that type of character and really looked the age he was trying to act. Danny DeReign, as the owner of the feed store, gave a good supporting interpretation but at times was rather hard to understand.

The remainder of the cast gave well turned out performances, but Norman Becchio as the "Nut" almost stole the show.

Louis Trigueiro, frosh vocalist, was one of the hits of the program preceding the play. He gave a beautiful rendition of Joyce Kilmer's "Trees", and he also sang the popular ballad, "I Couldn't Believe My Eyes". The Columbian Band, under the direction of Luigi Romano, gave a concert before the play.

Harry Shumway deserves much credit for the performances given in the play, and as a director evidently understands his work.

Empty Corner Tells Sad Story of Loss of Mens Club Piano

The corner where once our piano With beauty and joy overflowed Now is void but for stinging remembrance

For, alas! our piano's been stowed. Now nothing remains but the legend How Lightnin' and all his brave men Removed it from out the dark closet To the freedom and light of our den;

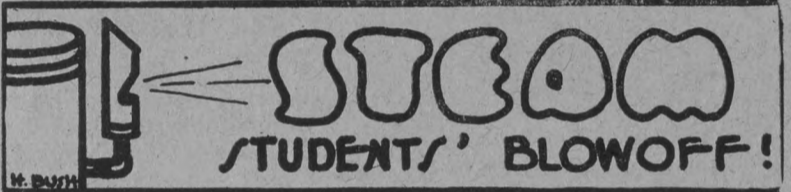

How the genius, Olson, was playing, When the merciless janitor, Ray, Interrupted the flow of sweet music, To take our piano away.

The tune was cut off in the middle, And our piano was towed. Now the Men's club is burdened with sorrow,

For alas! our piano's been stowed. Ed. Note—The only thing wrong with this poem is that the piano has been returned to the corner.

Dear "Ye Olde Ed,"

Did you ever have a fly buzz around you viciously when you were attempting to sleep? Just as you are about to fall asleep in Morpheus' arms, the fly disturbs you with a sudden hum that grates your nerves. Sleep is not forthcoming to you for your mind continually reverts to the fly. You wait for the zing noise that proclaims the rogue is near, and you have to concentrate on watching him, as a good swat will end his career. In a brief summary fretting time away waiting for the doggone fly is the only objective accomplished.

Inability to Hear Bells

Now, we have a fly right here at the State college! Only this little anthropod is of a different nature. Don't you side track your mind while studying in the library or outdoors? Aren't you continually expecting something that fails to appear. Yes! Everyone for those bells to end the period, but they never ring so that anyone can hear them. You may wait and wait—for all the good it does you, and then suddenly learn that the bell for the previous period has rung, thus incurring a 100 yard dash to the next class.

Adequate System

Our student body president, who executes the will of the student body, ought to suggest to President Phelps that we have an adequate bell system; or the government might appropriate money for the bells instead of stone and gravel walks.

This is going to benefit us immensely, students, and we certainly need it. So let's agitate for it.

Signed,
"WORRIED."

Rolls Royce Mystery Clears Up by Report

Perhaps you have and perhaps you haven't wondered about the odd Rolls Royce seen about school. It has a maroon chasis, gaudy red fenders, and morning glory white bonnet.

A world globe attached to a side spare probably directs Francis Arjuna Brunton, present owner, to his destination. Romance tinges the ancient motor car as it formerly served Madam Elizabeth Batee Du Gama, wife of a Brazilian ambassador to London.

How much more famous is vice than versa.

Dear Editor:

On behalf of the more modest of the women of Santa Barbara State College, I wish to enter a protest.

Having arrived at college age and a certain degree of worldly knowledge, we are no longer naively expectant of finding chivalry and consideration among our masculine contemporaries. Nevertheless we still find ourselves becoming highly annoyed at the puerile rudeness of some of the campus step stooges.

Perhaps the practice of exchanging loud, caustic and not-very-clever remarks about every passing coed is a necessary part of a boy's education. Since this practice seems to come into effect in the fourth grade and to accompany the less brilliant male throughout grammar school and high, we may assume that there is an esoteric need for some such self-expression.

But we ask, must this endearing boyishness be carried on into college, where the elements of culture are supposed to accrue to each of us? Surely a student of intelligence can adequately demonstrate this faculty in the classroom. He need not reveal the extent of his sense of humor and the limitations of his wit by indulgence in the banal bandinage which has become so characteristic.

We ask for no more than the right to walk past the men's club room in peaceful silence. Any criticism of our gaits, cloths, and mannerisms will probably come to us from those whom God has given us for this purpose.

We implore the recognition of this protest, and would be pleased to have someone do something about it.

Sincerely

Modest

Many a man feels like kicking himself who wouldn't let anyone else do it.

Gaucha Gab

By BARNEY JAMESON

Don't forget, all you gauchos and gauchitas that the BIGGEST rally of the year will be held tomorrow night at 7:30 p.m. during the annual bonfire burning. This affair will be featured by songs, yells and pep talks by officials of the school and student body, and representatives of Whittier. The main feature of the evening will be the dedication of the new school song, "Song of El Gaucho."

The frosh have worked long and industriously to make this event a big success, so you upper classmen show your appreciation by turning out en masse.

What happened in San Francisco?

I have been asked this question so many times I'm dizzy. The truth of the matter is, nothing much happened. The team had a little let down that's all, and San Francisco in their last game played completely over their heads. One good thing, however, this should put the team on its toes for Whittier, Friday night.

Coach Newman's Poets looked as good Monday, as the Gauchos did last Friday when the conference leaders gave Oxy a lesson on 'How to play football,' the fee was 52 to 0. It was hoped that Whittier would have a tough time with Oxy and not be in top shape when they play here Friday night. These hopes were shattered when the Poets worked a little harder than they do in an ordinary practice session.

'Bud' Cummings finished off his second year as frosh coach Monday afternoon with his team winning their tenth victory in two years and their second game in three days. To date Cummings' teams have a record of ten wins, one tie, and five defeats. Not bad for a little fella, eh? Some of 'Bud's' 1935 crop will be a help to 'Spud' next year. Such men as Busby, Sigler, Romero, Riparetti, Ashurst, and Gardenhire would receive a good reception most any place. Congratulations, 'Bud' keep up the good work.

Sport Hash:

Figure these out: San Diego beat Loyola 6 to 0, Whittier beat Oxy 52 to 0, and Redlands licked San Jose 7 to 0—Blaisdell scored all 7 points for Redlands Monday—Ralph Karnes, varsity assistant manager is reported to be training for the cross country run—Mert Miller, varsity center, is every bit a 'Little Iron Man,' although he is the lightest man in the Gaucho forward wall he has lplayed an average of about 58 minutes per game.

Instructor Attends Meet in Southland

Mrs. Winifred Hodgins, women's physical education instructor, attended a meeting of directors and executives of physical education and recreational departments on Wednesday, November 6 at the Women's Athletic club in Los Angeles.

After the dinner was served the group discussed problems dealing with women's work in both physical education and recreational fields. Plans for the coming year were also discussed.

Los Gauchitos End Up Season With Two Wins

Frosh Win in Practice Game With Local Eleven; Take Porterville Tilt

After defeating the Los Amigos eleven Saturday afternoon by a score of 18-0, the Santa Barbara State Gauchitos finished up their season campaign with a 24-7 victory over the Porterville junior college in an Armistice day game played on the high school field in Ventura.

All State reserves were sent into the game against the local squad, which proved to be a slow, practice tilt. The Los Amigos club is coached by Johnny Beckrich, former grid-star for the University of Santa Clara.

Fleshmen Click

Playing their best game of the season, the Gauchitos rode roughshod over the Porterville grid-men. The passing form of "Gardy" Gardenhire and off-tackle runs by Jack Smith were responsible for yardage gained by State. An outstanding run of the day by "Spots" Sigler put the ball in position for the last touchdown. The Gauchitos' plays "clicked" in the conflict, with every State man playing a bang-up game. Although penalized severely during the first half, the Cummings' squad came through to knock over the Valley eleven by a large margin.

Kick Blocked

On a blocked kick, a Porterville end galloped over for their only score of the game.

Early predictions for the game slated the two teams on an even basis, but Los Gauchitos in the final game of the year, working as a unit, pounded their way through the forward wall of the junior college gridsters.

BOXING CLASS REVEALS PLANS FOR NEW CLUB

At the regular Tuesday meeting of the boxing class it was revealed that plans are being formed for the organization of a boxing club.

The purpose of this club will be to sponsor boxing activities on the campus and arrange inter-collegiate competition. It would also support other student activities.

The annual inter-class boxing tournament, which will be staged soon, will be the club's first big event. The organization will also aid in the Los Amigos-State college competition which is scheduled for late this month.

John Varner, State collegiate fly-weight champion and captain of the varsity boxing team, urges all students who are interested in the organizing of a boxing club to attend the next meeting of the wrestling and boxing class, Tuesday November 19, in room 42. At this meeting a general discussion dealing with the organization of such a club will take place.

Competitors Urged to Play Scheduled Game

Entrants in the intramural horse shoe events should play off their games as soon as possible to avoid being disqualified. There has been only two games played to date in the first round. In the first game, A. Nolan threw a score of 21 to B. Lambourne's score of 17. In the second game, R. Main took the laurels with a score of 21 to H. Moore's 9.

Track Stars Vie in Meet

Cartermen Compete in Annual Pomona Cross-Country Run

With definite practice sessions in order, Coach Nick Carter's track athletes are training for the annual invitational cross-country run at Pomona college, Saturday, November 23. Both freshmen and varsity teams will represent State at the southern meet.

The State cinder-men have been kept busy this fall competing in an all-school decathlon event, the winner of which will receive the Robertson perpetual trophy. Many of Coach Carter's cross-country squad have entered the ten event program and as a result are in good shape for the Claremont run.

The Pomona event is to be run over the Indian hill course at Claremont. This course has been the scene of several outstanding cross-country runs and is one of the best known in Southern California.

The team winners of each class will receive a trophy; and the first five men to cross the line in each class event will be awarded a medal. The entry list for the Pomona trackfest is expected to surpass all previous records. Competition, as a result of the increased number of entrants should be keener.

Coach Carter figures his squads to have an even chance of placing among the first three in their respective class. The State representatives will be selected this week.

Morelli Leads Gaucho Backs

Pollock, Yeager Score High Gains in S. F. Tilt

In the Gaucho-San Francisco State college game last Friday night, Bob Morelli, flashy right halfback, maintained his high individual yardage gains at the 10 yard per play average, to lead six other Gaucho backfield men. The 'Little Box' ran up a total of 150 yards in 15 runs playing but a bit more than half the game.

Though he carried the ball but sophomore galloper, averaged 71-2 yards. Dave Pollock outstepped all but Morelli to occupy the second position ahead of Yeager making 42 yards in five attempts for an average over 8 yards. 'Rezzy' Rezonico, playing much of the game shoved the Frisco defense back at the five yard rate, turning in a good performance.

Carrying the pigskin in the tough spots and on many line smashes, 'Sandy' Sanderson, 190 lb. full-back averaged 3 1-2 yards for the game. Robinson and Clemons, alternating in the backfield throughout the contest, turned in individual gain averages of 4 and 2, respectively.

Tabulations of these gains each week are made on the basis of week are made on the basis of yards gained from scrimmage, passes, return of kickoffs, punts, and intercepted passes. Following the Whittier game on the coming Friday night, seasonal averages will be compiled.

GAUCHITA SPORT GAB

By ARMAE BREWSTER

Have you signed up for the archery tournament yet? If not, be sure to sign up on the bulletin board in the gym. This event is open to any man or woman on the campus who is interested and promises to be real entertaining for the participants. Bring your bows and beaus, and join us on November 16th., at Manning Park.

The table tennis champ is still to be 'discovered,' Renata Maccianti and Violet Barnett are 'way out in front, now, for singles. The contest between these two may decide the championship. Go to it, Gals—and good luck!

The Harper - Rogers vs. Ross-Cooper 'doubles' set is still in suspension.

Girls in the archery classes are working for tassles. Every one is given a green tassle to be exchanged for a new one as she advances. Beginning with white, which is the color of the largest ring on the target, the tassles continue black, blue, red, and finally gold. Although archery classes in the past have all worked toward winning

the gold tassles, the highest possible attainment, no one has as yet been able to gain the standing necessary to acquire this honor. That's something for you 'archeresses' to think about! Never say die!

Las Gauchitas of the riding class are engaging in relays, these days. The gals are doin' oke! Only one tumble to date—and that, a slip of the hoof. But, on moonlight nights they leave 'the ring' and canter out into the night, over winding bridle paths, etc. etc. Boo!

Basketball practice, which begins tonight for all women students, will continue for about five or six weeks and will be followed by an inter-class tournament, according to Shirley Warner, president of the women's athletic association.

All women who are interested are asked to sign up on the bulletin board in the gym. Practice will be held twice a week, on either Mondays and Wednesdays or Tuesdays and Thursdays.

CORNER STATE AND SOLA

Varsity Downs San Francisco in Slow Game

Northern Team Plays Inspired Ball to Hold Favored Gauchos in Check

After loafing through the first three quarters, Coach 'Spud' Harder's Gauchos woke up in the final period and pushed over two touchdowns to beat San Francisco State 12 to 0 last Friday night in the northern metropolis.

Although the Gauchos did not click except in spots the northern outfit played their best game of the year. The San Francisco eleven which has been pushed all over the field by many of the small bay colleges, came to life, in this, their final game, and played way over their heads.

Pollock Scores

The Staters made their first score as a result of a long sustained drive. With little Bob Morelli doing most of the ball packing State drove from midfield to San Francisco's 20 yard line. Sanderson then flipped a ten yard pass to Pollock who ran the remaining distance to score standing up. Sanderson's conversion kick was wide.

Bob Morelli, who ripped through the northern line and sprinted around the ends all night long, broke loose a little later and whirled his way over his own left tackle to sprint 36 yards to a touchdown. Again Sanderson's kick for the extra digit went wide.

Teams Handicapped

The game was played in the San Francisco stadium under conditions that were not too favorable. The lights illuminating the field were not set for night football, and the field itself was graded for a rodeo. These handicaps were equal for both teams and cannot be used as an alibi.

RIDING CLASS PRACTICES FOR VARIOUS DRILLS

Meeting at the Vandever stables at Hope ranch on Wednesday nights from seven to nine, the riding classes practices various forms of riding, including army drills, correct form, relays, and games. On moonlight nights the group usually goes out on the range to ride.

Mr. Johnston, employee of the stables, is instructor of the class, which usually has between twelve and fifteen members.

Women who have been regular in attending these rides are Rhoda May Adamson, Ann Covelle, Dorothy Crookham, Lucille Garman, Jean Goss, Lois Jo McPheeters, Corlice O'Banion, Helen O'Banion, Arlette Parma, Agnes Smith, Mary Viles, Rena Mary Willett, Mary Wilson, and Phebe Steer of the financial office.

Some of the girls are taking the course for credit while others ride only for enjoyment.

Maxwell Talks to Department

English Majors Plan Excursion to Huntington Library

Dr. William Maxwell, English instructor, spoke before the English department at its meeting yesterday morning, second hour, on the Huntington library and art gallery, which the members of the department plan to visit on Friday, November 22.

"The library is located in Altadena on the grounds of the home of the late Henry Huntington," said Dr. Maxwell. "The English style house is a huge structure—one you have to look at, not the kind where the head of the house comes down to get the paper out of the yard in his bathrobe.

"Mr. Huntington started his collection during the World War, when hard times caused many old English books to be thrown on the market," continued Dr. Maxwell. "He often bought whole libraries to get a few books, and then sent the rest of the collection back to the dealer."

The literary collections include such works as those of Beverley Chew, early English poetry; Edwight Church, American history; Judge Russell Benedict; colonial laws; the Duke of Devonshire, dramas; and John Philip Kemole, Caxton's first English printer. The library also contains a very famous collection of early Bibles. These Bibles are being especially featured during the next few months.

"Gainsborough's 'Blue Boy' and 'Pinkie' are considered the best of the extensive art exhibits, which include the China collection of Mrs. Huntington, and many photostatic copies of famous paintings not hung in the Huntington library."

GROUP EXHIBITS LATEST STYLES IN ANNUAL SHOW

Delta Zeta Delta sorority will sponsor a winter fashion show at the Montecito Country club on Saturday, November 16. The proceeds will go to the scholarship fund of the college.

Members of the sorority will model gowns, furs and fur coats, and riding clothes through the courtesy of Grace Porter, Michel Levy and Blenner and Siegle. Coiffures will be by Pierre. Those modelling clothes will be Mrs. Byron Abraham, patroness, Miss Myrtle Holt, Miss Ruth Hilty, Miss Catherine Cornwall, Miss Florence Stuart and Miss Margaret Beddome. Riding apparel will be modelled by Miss Betty Greenwell, Carmie Janssens.

A new alumnae chapter was formed last week by members of the sorority who reside in Bakersfield. Mrs. Lloyd Drennan and Mrs. George Harper organized the new Gamma chapter. Beta chapter is located in Ventura county and Alpha chapter in Santa Barbara.

State Teacher Returns From Good-Will Trip

Pond Visits Former College Grads; Students Report Good Positions

Returning Monday night from a five day good-will trip, Miss Elsie M. Pond, head of the junior high department, reported that she had visited all junior colleges and high schools between here and San Francisco. Many prospective students, school superintendents, and graduates teaching in the schools were interviewed by the department head.

In answer to questioning, the graduates stated that their training at Santa Barbara State college had equipped them well. Their only complaint was that the ideal conditions of teaching found in Santa Barbara schools was lacking in their districts, thus presenting several new problems to be dealt with.

Gauche pamphlets and folders were distributed by Miss Pond and interest was found in all schools. Questionnaires left with the superintendents and graduates will be sent to Miss Pond and will be used in shaping the summer courses.

Prize Winners Plan Extended Excursion

Plans to leave early tomorrow for an all day visit to Warner Brothers studios have been announced by members of the industrial education department. Those making the trip won prizes in the homecoming rally parade. The men making the trip are Elbert Phelps, Bob Paden, Paul Westbury, Allen Crews and Bill McKenzie.

Band Writes Words of New State Song

Students! Learn words to new "Song of El Gaucho." Be able to put it over with a bang at the bonfire rally!

Ride, El Gaucho ride,

Along the way to one more score,

Pride that's true and tried

Will make you conquer every foe,

For good ol' State

Don't hesitate,

To show the world just how we rate,

Fight on to victory,

El Gaucho,

Gauche, ride for State.

Professors Go to Coast Meet

Phelps, Abraham, Severy and Bishop Represent State

President Clarence L. Phelps, Mrs. Jane M. Abraham, registrar; Dr. Elizabeth L. Bishop, statistician, and Miss Hazel Severy, head of the science department, attended the fall meeting of the Pacific Coast Association of Collegiate Registrars at Pasadena, November 10, 11 and 12.

Sunday evening the convention was opened with a preliminary registration and an informal reception at the Hotel Green. The following morning an introductory talk was given by President Walter R. Hopper, San Diego State college, on "New Demands in Teacher Training Programs." "Teacher Training Problems" was discussed by Mrs. Evelyn Clement and Dr. J. A. Burkman, both of the California state department of education. "Cases of Admission Involving Discipline" was the topic discussed by Dean Kenneth M. Kerans and Registrar Adam Diehl of Los Angeles junior college. At the luncheon, held in the Athenaeum of the California Institute of Technology, a report of the national convention was given by Dr. J. P. Mitchell of Stanford university.

At the afternoon meeting Mr. Charles H. Doods, of the University of California at Los Angeles, discussed "National Youth Administration Procedures and Problems." Dinner was held in the Hotel Green. "A Westerner's Viewpoint of Some Eastern Educational Experiments" was the topic of a speech given by Principal John W. Harbeson, of Pasadena junior college.

Of course, I'm just getting them in case the boys should call—

They do say they're milder and taste better — and I've heard tell they satisfy
