Students Show Work Projects in Exhibition

New Activities Classes of Mrs. R. Lyans Learn by Creating

QUOTE DEWEY FORMULA

Children Make Dolls, Animals, Baskets, Masks at Low Cost Under New System

Commencing an exhibition series of student projects, Mrs. Roscoe Lyans' integrated activities classes are now displaying samples of their work in children's projects. The exhibition is in industrial education room 14.

With a quotation from Dewey, "Learn to Do by Doing," as their goal, the students are being trained to create the things which they will later teach the children in their classes. "It is not just a craft course, as children can not learn from cold print, alone," stated Mrs. Lyans. "They must be shown the vital finished product, actually live the unit which they study."

"This is a new method of teaching and is now in effect in the Jefferson school in this city. However, many schools are working toward this new system; and if it continues to bring as favorable effects as it has so far, it will not be long before all the elementary schools will feature it," explained Mrs. Lyans.

Among the many interesting things by the pupils are: dolls made from spools, stockings, and raffia; animals of paper sacks, boxes, soap and wood, decorated paper, baskets, masks, etc. Stress is placed on the advantage of making the child think for himself, there being no set way of giving out assignments. Instead, one idea may be given to the class, from which the students themselves formulate other ideas to be worked out without the aid of the teacher. The work is entirely creative, and the less the cost of the materials to be used the more unique the project. Discards such as old bottles, cans, newspaper, chalk, spools, etc., are used exclusively.

Basketry, the making of soap, paper and candles, are also touched upon. Research work is carried on by the students in the crafts in which they delve, for the determining of the usefulness of articles made: As, designed paper for booklets, portfolios, Christmas cards, and lamp shades.

Thespians Present Old English Plays

"Macbeth" and "A Comedy of Errors" will be presented by the Old Globe Theatre Players at the Santa Barbara high school auditorium at 8:15 p.m. Monday, January 27, under the auspices of the Santa Barbara Woman's club.

The Globe Theatre group produces the plays as Shakespeare produced them, in "streamlined" action, taking fifty minutes for each drama. In Shakespeare's time such speedy production was essential in order that the interest of the howling mob in the pit below the stage might be sustained.

These players have been very successful in popularizing the Elizabethan dramatist's work throughout the country. Among the features of their entertainment is the characterization of Queen Elizabeth and the presentation of "Dancing on the Green" between plays.

I. E. Dept. Discusses Grade System Values

At a breakfast to be given by the industrial education department, next Friday morning at seven o'clock in Ebbets hall for its members, the question of the adequacy of the present grading system will be discussed.

Men Fish for Dates to Leap Year Spree

A frail assails you! "Got a date?"
There's a Leap Year Dance at State.
Nine o'clock—at Rockwood—fine!
Saturday night at ten-to-nine."
Yessir, it's the fair sex' turn,
Let the fellas stew and burn.
Waiting for the femmes to call
And ask them to the Leap Year Brawl.
A gal invites you—she'll bring the car,
Or you can walk—it isn't far.
Treats to eats—at the Leap Year Dance
So look your best, guys—take a chance!

Frats Advance Formal Plans

Conflict of Activities Over Week-End Cause Frat Heads to Postpone Formal

Because of many and conflicting activities taking place this week-end, the Inter-fraternity Formal was postponed until next semester by the Inter-fraternity council at its meeting Monday morning.

Those activities taking place this week-end are two basketball games, Friday and Saturday nights, and a student body dance following the basketball game Saturday night. Besides the activities being held, Friday marks the first day of examination week. After taking these facts into consideration, the council decided that since the dance couldn't have one hundred per-cent support from the fraternities, it would be better to have a larger Inter-fraternity rush dance early next semester.

A.W.S. Reports on Campus Activities at Council Meet

Reports on all campus activities occurring this semester were made at the Associated Women students' council board meeting, Thursday evening, January 16th, at seven o'clock in the women's club room.

Brief reports were made by Ellen Roe, first vice-president, on the social affairs which included the various teas given by the A. W. S. in the past semester. Betty Roulston, second vice-president, gave the annual report on the Christmas basket. Other members of the council gave their reports on individual committees.

Further business discussed was the convention of the Inter-collegiate Associated Women students which will be held in Colorado next April. Plans for a registration tea to be given Monday afternoon, February fourth, from three to five o'clock, were also discussed. The tea will be open to the entire student body and faculty.

Librarian Speaks to Woman's City Group

Della Haverland, librarian of the State college Lincoln library will give a talk to the Women's City club of Santa Barbara, when it meets at the Recreation Center before February 12 to commemorate the birthday of Abraham Lincoln. Her subject will be "Lincoln's Readings."

Miss Haverland will give another talk to the Mission Canyon chapter of the Daughters of American Revolution. No definite date has been set, but she will talk to this group, also, before Lincoln's birthday. Her talk will be on the history of the Lincoln library.

Out on the Pampas

MONARCH DIES
Subjects of the English crown are in black mourning for their beloved king who died yesterday. In the 26th year of his reign, King George of England, passed on terminating the most popular sovereignty in 150 years. The last few reports from the king's bedside at Sondringham, England, were that the monarch failed to respond to the administration of oxygen in his final hours.

ETHIOPIAN REQUEST DROPPED
A committee of 13 members of the League of Nations yesterday decided that the requests of Emperor Haille Selassie, for financial assistance and a commission of inquiry to determine who was really responsible for the present war in Ethiopia, could not be granted.

SENATE PASSES BONUS
An overwhelming vote of the senate yesterday, a 74 to 16 majority, passed the bill calling for full payment of the soldier's bonus. This vote was a great deal more than is required to override a presidential veto.

TOWNSEND APPROVAL
The recent approval of the House of Representatives of the bonus act has convinced Robert E. Clements, secretary and directing head of the Townsend plan that the vote was an admission of the soundness of the pension plan and that the chances of it being enacted are very bright.

COLLECTIVE AGREEMENT
If there is a collective agreement at the League of Nations meeting (Turn to Page Four)

Library Shows Famous Books

Manuscripts of Authors Born in January Exhibited in College Collection

Della Haverland, State college librarian, is displaying in the State college library a group of books of famous authors born in January during the seventeenth and eighteenth centuries.

Among the works displayed are several of Moliere, the famous French dramatist, one of the greatest comic dramatists of all times. Some of his best known works are "Le Misanthrope," "The Miser" and the "Imaginary Invalid."

"The Apostle of Modern Times," by Bernard Franklin, a self educated man and the establisher of the Courant newspaper in New England, is also shown. He was a diplomat and politician as well as a writer and publisher. Franklin was born in 1706. Next, "The Raven" by Poe is displayed. Of all of Poe's works, "The Raven," is the most widely read. Poe was born on January 19, 1809.

Francis Becchio Heads Newman Club

Members of the Newman club of Santa Barbara State college unanimously re-elected officers for the coming semester when they met last Thursday in Junipero Serra hall.

During the meeting an open forum was held on the subject of "Social problems of the present day" in which all twenty-five members, that were present, participated. Other details discussed in the meeting were arrangements for a representative of the University of Southern California Newman club to come to the next regular meeting for the purpose of discussing the joining of the national organization of Newman clubs.

Two new vice-presidents were added to the officers of the organization: Associate, Sophie Snow, and Alumni, James Campelia.

Cub Reporters Get Chance on 'Gaucho'

Do you fancy yourself as a "Star Reporter" for a big city daily? The place to start is on your college newspaper, El Gaucho.

Next semester you will be able to show your ability in writing on El Gaucho as the reporting staff is to be enlisted from the student body at large. The editorial staff of the paper is going to attempt an experiment of dropping the news-writing class which now writes for the newspaper as a part of their class assignments.

Two purposes are hoped to be gained by this unusual change: first, a better quality of writing; and secondly, greater coverage of the campus news.

Pi Sigma Chi's Feature Forum

Motion Pictures Portray Steam Engine Saga; Prelude Given

Showing "Power," a history of the steam engine, as a main feature, the Pi Sigma Chi fraternity will give the first of a series of open forum meetings tomorrow evening at eight o'clock in Pine hall.

These meetings are sponsored for the purpose of stimulating public interest in various industries, and enlarging the viewpoint of the teachers.

William L. Rust, instructor of machine shop, will give a short prelude to the picture, concerning "Steam Engines from the Steam Engineer's Viewpoint." In addition, E. E. Ericson, head of the industrial education department, will give a resume of his Chicago trip, where he attended a vocational convention.

W. A. A. Association Honors Women in Football Banquet

Holding their annual football banquet, Friday night at six-thirty o'clock, the Women's Athletic Association entertained members, alumnae and faculty of the student body at the Ship cafe.

Certifications for the women's athletic awards were presented by Shirley Warner, president of the W. A. A., to the following women: first award; Helen Harper, Nancye Clapp, and Frances Hemenway, second award; Harriet Cooper, Helen Harper and La Rue Steelsmith.

Entertainment was furnished by the play production class headed by Mrs. Harold Davis. Norma Rezzonico sang several selections, Eleanor Rees gave an amusing radio talk and Marjorie Nielson presented a reading of a woman at a baseball game. Shirley Warner called on several members of the association to give extemporaneous speeches.

The arrangements for the affair were handled by Shirley Warner with the heads of the various committees assisting.

N. Y. A. Assignments Made for New Term

N.Y.A. checks will be obtained from the supervisors after this time in order to prevent the waste of blanks. The central office will send out the exact number to be used. A supply for a new payroll has not yet arrived.

Assignments for the Spring semester are being made now. Wherever possible the present workers should continue.

When grades are checked at the end of this semester, all those with less than a C average will be dropped from the rolls.

I.E. Department Plans Machine Shop Building

Ericson Awaits Final O.K. on Building Prints Before Starting

CAMPBELL CONSTRUCTS

Lot North of Industrial Education Building Chosen as Site for New Shop

Work on a new technical building at the State college to house all advanced machine shop courses will be started within a month, according to E. E. Ericson, head of the industrial education department. At present he is waiting for approval of the plans from the state architect's office at Sacramento.

The new structure will be 36 by 80 feet and of the same design as the other shop buildings. The building will only be a temporary structure and is a state project. Carpentry classes under Clyde Campbell will do the construction work and the college electricity classes will wire the building.

The vacant lot north of the industrial education building has been chosen as the site for the new shop, which will be on a level with the road so that trucks may drive in easily. The lighting will be from windows in the north ceiling taken from the most modern designs for shops. An office and a large tool room are included in the plans and Ericson hopes to have underground storage space provided also.

Besides acquiring a new office, the industrial education department is also planning expansion of the woodworking and sheet and art metal shops in the old building. The lower floor will be given over entirely to the auto shop and the upper floor will be used for the metal working classes.

Necessity for added facilities is attributed by Ericson to the twenty per-cent increase in the department's enrollment this year which is due to the new non-teaching degree courses that have been added. Nearly a hundred men are signed up in shop courses now.

College Aids in Supplying Men

There is an acute shortage of skilled workmen and technicians in the labor supply field today, according to Victor Manning, superintendent of the composing room of the News-Press publishing company who spoke over K. D. B. Tuesday.

Manning stated that with the advent of the machine age skilled workers are needed, but with the shortage of immigration due to the immigration laws a lack of workers is the result.

Mr. Harvey Holt, principal of Santa Barbara high school said that in the high school, steps are being taken to supply these laborers. To help relieve this situation the State college is authorized by the State to establish new training courses on a college level in industry, landscape gardening, business, building, foods preparation and service occupations.

Art Members Gather for Pot Luck Dinner

Members of the art department of Santa Barbara State college will gather for their monthly social meeting tonight in room 55 at 6:30 o'clock. The affair will be in the form of a pot-luck supper, each member of the department contributing his share. Frances Ann Warnekros, social chairman, is in charge of all the arrangements.

As guest speaker the department has secured Joy Yellowtail, student at State, to speak on Indian Art.

El Gaucho's New Experiment

With the new semester El Gaucho is going to attempt further experimentation in the field of collegiate journalism on the Santa Barbara State campus. Having established itself as a semi-weekly among the college newspapers of Southern California, the editorial staff is planning to sever its connections with the news-writing class, which now acts in the capacity of reporters for El Gaucho, and to have the Editorial staff do the work. Under this arrangement we believe that we will be able to attain a higher quality of news gathering and writing.

Often students enter the journalism class without any experience and when given an assignment for the paper they have no idea of how to deal with it. This inexperience leads to inaccuracies and muddled stories. By learning the theoretical side of news-gathering, writing and editing, the first semester, a student may apply his knowledge, during the second semester or following years, working on El Gaucho, thus getting the practical experience without having the embarrassment of being that "Dumb Cub," a stage which we all go through.

As an alternative to compensate for the losing of the reporter staff, it is going to be necessary for every organization, department, sorority, fraternity and club to designate one of its members as a "Gaucho Correspondent." This person will be responsible for telephoning or sending in, all information concerning the activities of the organization which he or she represents. In this manner El Gaucho anticipates through student body cooperation a more complete coverage of the college's campus news. Another advantage, though obscure, is the complete independence that this plan allows the Santa Barbara State college student paper. It is an organization in itself, dependent on no one, and responsible only to the students of the college.

If there is any student who is interested in learning the practical side of college journalism and who has had some experience in high school or in junior college, please contact the editor of El Gaucho either personally or by mail.

Students or Scalpers?

An incident has been brought to our attention which has given us deep cause for regret and which has reflected back on the students of our campus in more ways than one.

During the recent appearance in Santa Barbara of the Los Angeles Philharmonic Orchestra, Mrs. Helen M. Barnett, head of the State college music department, obtained one hundred tickets to the concert for the use of college students only.

On the eve of the concert, a young man from State, one who has not been here long, stood directly in front of the box office and endeavored to scalp his tickets for the sum of one dollar. His rude imposition on the patrons was immediately noticed by Mrs. John Berger, in charge of ticket sales, and he was asked to move on. Her efforts were futile as his replies to her question were harsh and unfitting for a gentleman.

It is too bad that such actions have to be tolerated and that the culprit cannot be brought to justice, but for various reasons his name is withheld. It is hoped that in the future such actions will not occur again as the students attending this institution should be above such petty work, and if we are to expect the support and respect of the townspeople we should act as college students and not children.—B.M.

CAMPUS CALENDAR

Social Calendar for the week of Tuesday, January 21, 1936; to Tuesday, January 28, 1936.

Tuesday, Jan. 21.—Student Body meeting, 2nd hour; Art department; Delta Sigma Epsilon.

Wednesday, Jan. 22.—College "Y" breakfast; Band; Riding class, Vandever's Riding Academy; Alpha Phi Gamma; Play Production Class.

Thursday, Jan. 23.—Basketball, "Broadway Clowns," here; International Relations club; Student Council meeting; W.A.A. Board meeting.

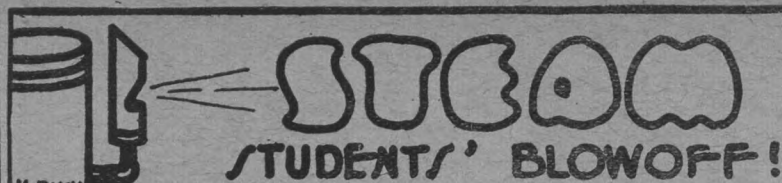

Friday, Jan. 24.—Examinations commence.

Saturday, Jan. 25.—Basketball, Occidental, here; Student Body Dance.

Sunday, Jan. 26.—Nothing scheduled.

Monday, Jan. 27.—Sorority meetings; Fraternity meetings.

Tuesday, Jan. 28.—No Assembly; Welfare Committee meeting; W.A.A. Board meeting.

Editor's Note: This department is designed to give students a means of expressing their own opinions, and the views presented do not necessarily reflect the policies of El Gaucho.

ATTENDANCE CROWD

Dear "Ye Olde Ed:"
Much talk has been going around the school about the attendance of the students at the basketball games. I don't want to alibi about the fact that the patronage of Staters is very spasmodic and usually very sparse, but can you blame them when the team invariably loses?

Undoubtedly if a strong Gaucho coterie were present, rooting for the team, mob psychology would fill the casabamen with a little more spirit and add that extra "push" which is necessary to win a game. But, I argue, why can't the team be imbued with enough spirit of its own to grasp victory, because after all, are they playing for an audience or for the honor of the school?

If the opposing team can invade our home territory, usually sans rooters of any type or description, and bag an easy victory from our superlatively touted team—which usually is conceded a winner before the game even starts—something is radically wrong somewhere. I have heard that this year's team is supposedly the best in the history of the school. However, if the present string is a sample of the "best" then the West is not the West—at least Our Gauchos are NOT the best.

You still have to show me,
MIM.

Visit of Friend From Cal Leaves Student Pale and Emaciated

Greeting old friends who have just returned, let us say from University, is great sport; anyway it is much more fun than saying good-bye to them. Now the greeting is all right; what I object to most is the subsequent entertaining which naturally follows. At least you have to do something to amuse friends who have returned home for a few weeks.

Parties and dances follow, which help to give you a nice build-up to do a lot of studying for 'x's. Finally, after you have heard all the highlights of life at a "real" college for the forty-sixth consecutive time and how much better the male element is at Cal., you are ready to do a little private annihilating all by your lonesome. You are saved this trouble, however, when the friend up and decides very suddenly to return to the "great big college," and resume work there.

Need Rest Cure

Friends will probably decide you need a rest cure at a small quiet sanatorium because of your slightly "tetched" attitude and general disposition, which undoubtedly will be unusual. After a visit to the health cottage to weigh yourself, you find that you have lost five pounds so the nurse will prescribe cod-liver oil and orange-juice. Groans will do you no good. If you insist you hate cod-liver oil, "nursie" will pop out with cod-liver oil pellets which are supposed to be absolutely tasteless and unnoticeable.

Trash Can Solution

Drop these in a convenient trash can, though because you hate pills, and wouldn't take them even if you were dying of a languishing disease. Proceed on your weary way and be thankful that your friend is now delving into higher learning and will not return for several months, enabling you to regain your lost avoirdupois and usual happy spirits.

THE LOAFERS ANSWER

Dear W. T.
We, "The Loafers," have taken a vote and decided unanimously that your initials should be changed from W. T. to W. B. (wind-bag). Inasmuch as the main artery of our campus is not intended to be a race track, it does not seem necessary that there be room enough for five cars to make a flying start. One of our members (The Loafers' Club) has been detailed to stay out in the car at all times; so if you can spare the time from your studies, we suggest that you come down from the library and start hog-tying.

Signed,

Pres.—P. FREELAND
Sec.—R. KARNES
Treas.—J. TWADDELL
Serg at Arms—H. YEAGER

P. S.—We are not afraid to sign our names.

(Ed. note—This letter is in answer to one published in El Gaucho last issue called "Action Wanted," and signed W. T.)

Bolero

By BULL and ARROW

No wonder it's hard to find male elements on the campus—it's Leap Year and the gentlemen are in demand for the annual Women's choice dance coming up.

As long as FRANCIS BECCHIO predicts in Boots and Spurs we might as well do a little on the side (Don't ask us whose side we're on). We predict that ANN GIBSON will invite SANDY to the hop, DIZ DENMAN and DOT DARROW will cause a rise in the BUSBY stock, EBIE VINCENT will consider JOHNNY VARNER and one of the MONSONS (if one of the ROD-DICKS doesn't get there first).

MRS. ELIZABETH DAVIS bought a gallon of furniture polish today, composed of one fourth crude oil and three fourths H2O—it is crude, isn't it?

DICK JACKSON puts in a demand for left-handed chairs at State for all the South-Paws—LOUISE JACKSON ogling a good-looking brute at the Pan-Hell formal (Name is BUTLER)—it's just callousness with TOMMY MERRILL just departed for Cal.

Is everybody feeling top-top—Now you can all have hang-nails after missing the Fred Astaire-Ginger Rogers sneak preview at the Granada Sunday nite.

Reward for the name of the short dark-haired girl staked out with Doug Oldershaw (t.m.p.) who confessed she was only an illiterate college co-ed and couldn't read 'n write when asked for her signature at nigh on 11 o'clock Saturday night.

CLAYTON BROOK'S car is always on a lend, but do the borrowers have to take STELLA MAE SMITH out, says C. B.

Bye, now—come on out of hiding boys, after all the girls treat-to-eats and transport-yuh-too—leap year's comes but once a year—thirty days has September—Easter and July Fourth have twenty-nine.

Words Slip to Disintegration

Ellison Sarcastically Terms Foul Political Trick, 'Isn't That Sweet'

"Now—now— isn't that sweet!" exclaims Dr. Ellison about some particularly foul political trick, and another word sinks just a notch toward a possible opprobrious connotation.

But Dr. Ellison need feel no burden of conscience, because this degeneration of words has been going on almost since the beginning of language. For example, "pious" and "sanctimonious," which long ago meant simply "devout" or "holy," now bear an implication of hypocrisy, apparently by the same process of conscious irony which threatens the meaning of "sweet."

Class Distinction

The effect of class distinction is typified in the degeneration of "villain." Originally "farm laborer," it was used contemptuously by the superior gentry and thus came gradually to connote moral wickedness. "Churl," which meant "sert," "Boor," which meant "farmer," and "Knave," which signified "boy," have had a comparable history in gaining their present notation.

The inherent tendency to procrastinate is amusingly shown in a number of words which once meant "instantly." "Soon" and "by and by" once meant "immediately." "Presently" and "directly" which also had this meaning, are still closer to this idea, because they are newer words, but they are on the downhill stretch which most words never climb again.

No Coming Back

The slim chance for reform of a fallen word is clear when one considers how unwise he would be to call a farmer a villain; or given the alternative of getting up at once or getting drenched, to reply, "Yes, I'll get up by and by."

Even now many such degenerations of meaning are taking place, as a result of ironical, contemptuous, or extravagant use. But there is no great cause for worry, because "presently" we will find a new word for the original meaning, whether it is merely adapted from an existing word or hammered laboriously out of the ancient Sanskrit or Greek. Go right ahead, Dr. Ellison.

JONES ACCEPTS POST

Paul Jones has taken the position of assistant to Dean Ashworth which was left vacant when Ray Dutcher obtained a teaching position in San Bernardino. Jones, who is a student here at the college has had several year's experience teaching and supervising in high schools and boy's schools.

Boots and Spurs

By FRANCIS BECCHIO

Next Friday and Saturday nights the Occidental Tigers will invade the camp of the State college Gauchos to settle the 1935-'36 basketball supremacy between the two schools. The Tigers will undoubtedly enter the frays as heavy favorites to mete out the third and fourth straight defeats to the Davismen in conference play. If the Gauchos exhibit the same fighting brand of ball as displayed in San Diego last week-end, this writer dopes the Staters for one win over Oxy.

A win over the Tigers will mark the first time in State's conference history that one of the present loop members was submerged into defeat by the Gauchos as far as basketball is concerned. For five years the locals have tasted the sting of defeat at the hands of their conference rivals. Not once in that period did "King Victory" reign over the Gaucho stronghold.

To get to the point, how about a record turnout of students to boost Coach Davis and his men into an initial southern conference win. With strong backing the varsity court aces should be inspired to achieve the greatest triumph in five years.

Thursday night the outstanding basketball comedians in the United States will put on a comedy act for the benefit of Santa Barbara fans. The Broadway Clowns boast five of the country's stellar negro hoop performers. If the visitors get too funny, however, they will discover that he who laughs last laughs best.

In a preliminary tilt to the varsity-Clown game, the frosh will again attempt to step into the win column at the expense of the Santa Ynez five. Something evidently has gone wrong with the Gauchito machinery, for at the beginning of the season the Lloydmen looked to be in a class by themselves. This writer is of the opinion that a little more concentration on team work would materially aid in rejuvenating a potentially strong squad.

Some more dope on the Jayvee-varsity feud reveals that an interesting battle is promised on February 18. The suggestion has been brought forth that the rules be changed for that one game so that each player will be allowed double the number of fouls before being thrown off the court. Only five stretchers will be allowed each squad when the G-men (Gaucho varsity) endeavor to annihilate the rebels (Jayvees). One Jayvee renegade made this chance remark, "If we're hot, we'll take the varsity."

It must be the wintry atmosphere that has held the Rebels down so far this season.

Aztecs Subdue State Players in Both Games

Fouling Marks Two Games as Three Gauchos Are Disqualified

Launching a spirited offensive attack in both games San Diego State college nipped the Gaucho quintet by scores of 38-35 and 26-22 in games played in the southern city.

Both games were marred by frequent fouling especially on the part of the hilltoppers. Voorhees, Rumbaugh and Homan were lost to Davis in both games via the four foul route. Their presence in the lineup was the Riviera boy's biggest asset and when forced out of the game the Staters were considerably weakened.

In the first game the border city boys held a 19-10 advantage at the half. State put on a sensational spurt in the last 6 minutes that carried them to within one point of tying the Aztecs. Bob Johnston was the spark-plug in this part of the game by sinking 3 sensational buckets. Charlie Hoffer led the local scoring with 9 points, while Lindsley of the navy town had 16 beside his name.

In the second contest Morris Gross' boys had a 9 point advantage until Johnston connected for State's first points. At the half time session the red and black led 13-7. Santa Barbara had 20 free shots at the hoop, but succeeded in dropping only 8 in the net.

The outstanding players in both frays were Lindsley, who scored 31 points, Kelley, a fighting guard, Frame and Buellman of the Aztecs and Hoffer, Voorhees, Rumbaugh and Homan for the locals. Ian Crow showed great improvement in the second fracas and accounted for several nice shots. Bob Johnston moved in spurts and at times looked exceptionally good.

For San Diego Lindsley, Williams, Burns, Frame, Kelley, Buellman, and Smyth performed while Hoffer, Crow, Johnston, Rumbaugh, Voorhees, Lindquist, Homan, Miller, Langlo, and Thomas frolicked for the green and white.

Allred's Men Drop Close Tilt to Fast Los Prietos Quintet

Loping around the court in their customary nonchalant manner, State's junior varsity dropped a 30-27 tilt to a fast Los Prietos quintet last night.

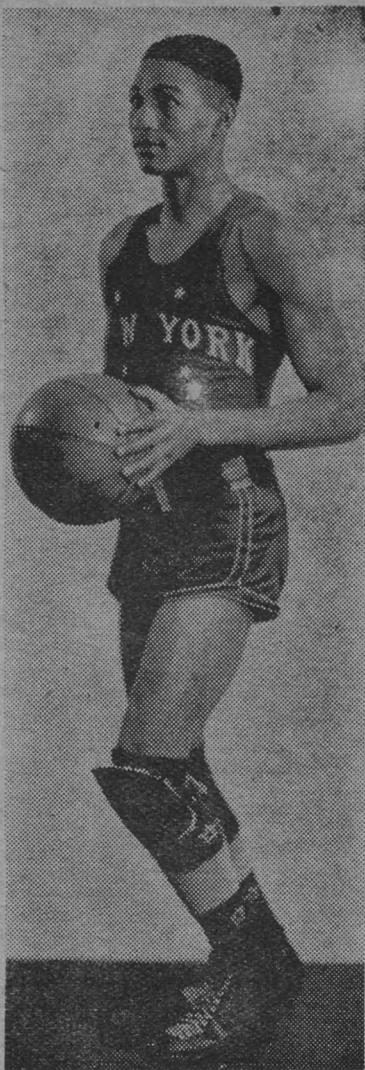

The Jayvees were tied with the C.C.C. men at the half with a score of 12-12, in a game evenly matched from the toss-up to the final gun.

Bob Dunham again led the scoring for the college squad with a ten point tally. "Speed" Moore totaled seven points to place second.

The starting line-up for Fred Allred's proteges was Benton at center, Follett and Morris at guard, and Dunham and Moore, forward.

Playing a hard game, the Jayvees nearly equalled their record of last week when they overcame the Spartans with a score of 31-32. It is rumored that the easy-going junior varsity sneaks a practice now and then in preparation for the "Battle of the Century"—the J. V. Varsity fray!

'Runt' Pullins

"Runt", diminutive ebony flash, will be seen in action against the Staters this Thursday night. Pullins was picked last year as the greatest negro hoopster, scoring a total of 1500 points during the 1935 casaba season.

STUDENTS URGED TO SIGN UP FOR DIVOT TOURNEY

Plans for a membership drive for golfers will soon take place, according to Fred Allred who is in charge of recreational golf and those who wish to participate in the All Southern Golf Conference.

There are but a few in golfing this semester, but an increase in membership and interest is looked forward to this next semester.

The set-up on the golfing situation is, the school pays \$50.00 per year to the Montecito Country Club for which we receive the pleasure of using the course with only a 25 cent green fee. The green fee is \$1.00 otherwise. In order to partly pay for this annual fee, fifty cents per semester is charged to join the golf class.

The southern golf conference schedule for this coming semester is as follows:
April 25...San Diego vs. Oxy at S.D.
May 8...San Diego vs. Oxy at Oxy
May 9...San Diego vs. S. B. at S. B.
May 15...S. B. vs. Oxy at Oxy
May 16...S. B. vs. San Diego at S.D.
The final conference meet will be held on the Occidental greens May 23.

Anyone interested in signing up for golf next semester may do so by getting in touch with Fred Allred, Comptroller.

Crow Rates as Hoop Artist of Rare Skill

Editor's note—In an attempt to acquaint State students with the members of the Gaucho varsity basketball team, this article has been printed.

One of the outstanding players on coach Hal Davis' basketball squad is that little forward Ian Crow, native of Santa Barbara. Ian is 5 feet 10 inches tall and tips the beam at about 150 pounds.

Ian started his basketball career twelve years ago in La Cumbre Junior high school under the tutelage of Robert L. Glover. Upon his entering Santa Barbara high school he played for two years on the lightweight squad under "Skip" Winans. In 1934 Ian played forward for the Dons when they won the C. I. F. championship. Incidentally this was a first championship won by the local high school.

Last season Ian played for the State frosh coached by Harry Killian, where he performed at the forward berth.

Basketball is not the only stellar sport of Ian's as he is one of Nick Carter's spike artists. While in high school Ian ran the 660, and still holds the record for the County and Sectional meets.

State College Hoopsters Tackle Broadway Clowns

Basketball Fray Is Scheduled for Armory as Frosh Cagers Play Preliminary Against Santa Ynez Squad

A five ring circus will appear at the Armory Thursday evening in the persons of the Broadway Clowns, nationally known negro hoopsters, who will attempt to tame a roughriding Gaucho quintet.

The Broadway sensations promise to furnish everything but the peanuts, as the Harlem laddies have proved themselves well skilled in the art of trick stuff.

Date of Open Meet Changes

Conflict Causes Change to May 18 for Track Event

The date of the Santa Barbara open meet has been changed as a result of the change of the Fresno relays from May 9 to May 16, and the date of the Santa Barbara open will be on the 19th of the month instead of the 16th as had been planned. This will give members of the State squad, who show enough ability to attend the relays at Fresno.

The Santa Barbara open meet will be one of the largest meets on the coast this year due to preparations for the coming Olympic games in Berlin, Germany.

State will definitely meet Compton junior college on March 21, bringing Cornelius Johnson a 6 foot 8 inch high jumper, who competed on the United States Olympic team in '32' at Los Angeles to compete in their meet with State.

When finals are over a novice meet will be held among the students in school, in which varsity men may compete only in those events in which they have never placed at any previous time. This ruling will not effect freshmen, or members of last year's track squad. Interclass and intramural track will be held in February before the Southern California relays.

Badminton Tourney Enters Final Round

Enthusiasm has been high among the contenders for the intramural badminton crown. Badminton is the only intramural sport in which all matches were played off at the appointed time.

In the first playoffs, the victors were Jerry Swatzberg, Al Lathim, Harry Moore, Leo Butts, Bob Rolfsen, Yale Lorden, Lloyd Erhard, James Lebeck, and Jack Knight.

In the second round were Swatzberg, Lathim, Butts, Knight, and Lebeck.

The semi-finals will be played off some time this week.

Jerry Swatzberg is favored to win the championship, as he has been listed as one of southern California's best badminton players of amateur standing.

GAUCHITA SPORT GAB

By ARMAE BREWSTER

Well, Ninas, we're nearing the end of a great season. On Wednesday, January twenty-second, the Sophomore-Senior tangle will bring to a close a most successful showing of intramural sportsmanship.

You won't have long to wait for tabulations on the games, you who have been unable to attend, for we'll have 'em hot for you on Friday after scores have been tallied for all the tilts.

A speed-ball 'x, which is being given to all Sophomores this week, will take some of us down a few notches, I'm afraid! But after all I guess we might be doing the correct thing if we broke down and studied for it. We wish us luck, anyway!

It would seem that the little "Apple" episode mentioned in the last bit of Gabble IS being sponsored, and exceedingly legitimately

by the P. E. sorority, Phi Delta Pi. LaRue and Harriet are not headed for the bread-line as has been generally opined about the campus. Right good apples they are, too! Why'n't cha try one some time?

Organizations Elect Officers

Louise Holden Heads Delta Zets and Frank Hayman Leads Beta Sigs

Delta Zeta Delta, social sorority, and Beta Sigma Chi, social fraternity of the Santa Barbara State college elected Louise Holden and Frank Hayman respectively last night in regular meetings to lead their organizations for the spring semester.

At the Beta Sig house on Cheltenham road where the fraternity held their meeting the officers elected to assist Hayman were Jack David, vice-president; Bob Smith, secretary; Thomas Lindquist, treasurer; Leo Butts, social chairman.

Officers chosen to serve with Miss Holden were Lillian Talbot, vice-president; Miriam Alexander, secretary; Lita Boeseké, recording secretary; Ellen Roe, treasurer; Myrtle Holt, social chairman; Margaret Eastwood, publicity; Mary Lee Townsend, sergeant-at-arms; Jean Townsend, Pan-hellenic representative.

The retiring officers of the Beta Sigma Chi fraternity were headed by President Joe Robinson; Leo Butts, vice-president; Jack David, secretary; Bob Smith, social chairman; Charles Hoffer, treasurer; and Don Follett, pledge captain.

Sigma Alpha Kappa, social fraternity, postponed the election in their meeting at the fraternity house on Loma street

CAFE INSTALLS OVEN

Due to an increase in business since the establishment of the Gaucho club, the cafeteria is installing a new baking unit to the kitchen equipment. The completed stove will include two baking units and one roasting unit.

Out on the Pampas -.-

(Continued from Page One)

on January 20, reliable sources report that the British government is prepared to proceed with the oil and raw material sanctions against Italy. This decision was reached after a long meeting of the cabinet ministers, who are charged with the defense of the empire. Foreign Secretary Anthony Eden will go to the meeting at Geneva to pledge all support with other members of the league in case of future sanctions.

ENERGY FROM SUN

At a recent AAA's convention Dr. Charles G. Abbot, secretary of the Smithsonian Institution, Washington, fortold the coming of a day when the Arizona, Sahara and Gobi deserts' sunny skies will supply enough energy to give power to a coal-less, oil-less world. He made this prophecy on the foundation of his successful solar engine which collects heat from the sun's rays by means of alloy mirrors.

Tau Gamma Sorority Holds Special Meet

Active members of Tau Gamma Sigma sorority gathered at the home of Betty Roulston, president, for a special meeting Sunday afternoon, January 19. Plans for a social event to be held during exam week were made. The rushing of new girls was discussed. Charlotte Naess and Isabel Ferguson were elected as rush captains for the coming season.

Those attending the meeting were: Betty Roulston, Lois Jo McPheeters, Louise Jackson, Charlotte Naess, Eleanor Mellinger, Jeanette Banks, Isabel Ferguson, Marjorie Williams, Alice Hoelscher, and Frances Hoelscher.

NOVELTY DANCES ARE FEATURE OF GNOME CLUB HOP

Various types of dances were featured at the "June in January" dance given by the Gnome club on Friday evening at the Ray Harris dance studio. As a result of a lemon dance Verna Wilbur and Don Fisher did a "hop" number, while George Herron led the grand march. Master of ceremonies, Louie Taylor, requested that all girls put one shoe in a pile in the center of room where boys grabbed and danced with the girl whose shoe he had. This was also done in the way of ties with the fellows.

All the girls wore summer dresses and flowers in their hair, and the record of "June in January" was played at intervals throughout the evening. Refreshments were served.

Mr. and Mrs. Louie Taylor sponsored the affair and the committee in charge was Ruth Parker, Edna Roddick, and Ethel Cornelius, social chairman.

SHOWER HONORS EVELYN M. HALL

Honoring Mrs. Evelyn Miller Hall, Mrs. Idabeth Watkins Porter gave a baby shower at her home on Grand Avenue Saturday afternoon. The guests spent the afternoon sewing baby clothes after which refreshments were served. A "sponge" baby doll covered with a blanket of whipped cream made up the decoration on the cake.

Guests at the affair were Betty Mercer, Frances Baril, Stella Smead, Ruth Johnson, Lucille Rankin, Margaret Brest, Elsie Eckhoff Porter, Frances Whittemore, Marguerite Andureau, Florence Longawa, Elizabeth Stover, Maurine Fisher and Mrs. Mamie Miller.

STATEMENTS BY THE POWERS THAT BE

All Gaucho men who wish to enter the State college boxing competition are requested to sign up in Hal Davis' or Fred Allred's office.—John Varner, boxing coach.

Notice to Band Members: There will be band practice tomorrow night, Wednesday, January 27, in the Music Hall, and everyone is urged to attend.

Those who fail to attend will not be given a grade for the semester's work. All those band members who do not intend to take band next semester should turn in their uniforms tomorrow night.—Cliff Leedy.

All home economics students are requested to watch the bulletin board in the Administration building for appointments with assigned advisors during the week of January 20-24, concerning matters of registration for Spring semester classes.—Jean Krueger.

There will be no legislative council meeting next Thursday night, as scheduled, because of examinations.—President Garlyn Basham.

"Students who plan to transfer or are leaving school please leave envelopes in the box outside my office so that your semester grades may be sent to you."—Mrs. Jane Miller Abraham, registrar.

All student teachers who have books out on time must return them to the college library by January 21.—Della Haverland, acting librarian.

Pan-Hell Dance Given at Hotel

Vista Mar Monte Is Scene of Social Event Last Saturday Night

Members of all social sororities on Santa Barbara State college campus joined together for an evening's entertainment at the Pan-Hellenic formal dance, which was held at the Vista Mar Monte hotel, Saturday night from nine to twelve o'clock.

Fred Lambourne's collegian orchestra furnished the music for the affair. Dorothea Prescott, chairman of the social arrangements, supervised the affair with the rest of the sororities' representatives.

Approximately one-hundred and fifty persons attended the affair which included visiting alumnae members from the University of California, Southern California and University of California at Los Angeles.

President and Mrs. Clarence L. Phelps headed the list of sponsors, which included Miss Clark, Dr. Ellison, Mr. and Mrs. Jack T. Porter, Mr. and Mrs. Theodore Harder and Mr. and Mrs. John C. Stewart.

RUSH PARTIES PLANNED

Plans for rush parties and the visit of Mrs. Ada Greenway will be made at a special meeting of Delta Sigma Epsilon sorority, Tuesday evening. The meeting will be held at the home of Lucia Walker, 816 East Pedregosa.
