

Registration and Class Sign-ups Start Semester

All students are required to be on campus Thursday for registration. Veteran students, both new and returning, will register and pay fees during the morning in the Auditorium, and in the afternoon new students, other than veterans, will register and pay fees in Men's Gymnasium. Returning students may register and pay fees any time between 9 a.m. and 4 p.m., in the Men's gymnasium. New women students, beginning at 8 a.m., are to make appointments for the required physical examination at the Student Health Center.

Enrollment in classes will take place on Friday from 9 a.m. to 1 p.m., and classes will begin on Monday, February 16. Directions for enrollment will be posted in Quad area.

Laundry Sheet

Attention is called to page 2 of the Schedule of Classes and Directory, (Laundry Sheet), for the Spring Semester, which shows the complete registration calendar.

The in-between-semester vacation is over, and this week finds returning and new Santa Barbara College students busy with registration-week activities. This semester officially opened Monday; the day was devoted to the taking of proficiency tests by sophomores and juniors seeking teaching credentials from Santa Barbara College.

Tuesday morning at 9 a.m. new students, and returning students not in residence this past semester, were scheduled to assemble in the Riviera campus auditorium for the official welcome by Provost J. Harold Williams and the offerings of each division of the College by the respective Deans: Dr. John C. Snidecor, Dean of Applied Arts, and Dr. Elmer R. Noble, Dean of Liberal Arts. The ROTC program was described, and the services of the library outlined by Librarian Donald C. Davidson.

The incoming students were given some indication of the services offered by both Dean of Women and Dean of Men offices, including employment, scholarship, Panhellenic and Fraternity offerings, and student organization business. It is the desire of both offices to become acquainted with every student and to help the student in every way possible in his adjustment to college life.

Miscellaneous information concerning the registration procedures was given by Dr. Paul W. Wright, Registrar. Associated Students activities were described, and officers of the student government organization introduced to new students.

On Tuesday morning, new students were scheduled to confer with department chairmen, and the afternoon was devoted to the declaration of residence and the taking of psychological tests. On Wednesday morning, incoming students are scheduled to take the Subject A. English examination. Individual counseling for all students will be in progress throughout the day; and new men students will make appointments for the required physical examination at the Student Health Center.

VETERANS

All veterans under P. L. 346, P. L. 16, and California State (C.V.E.I.) must register in the Auditorium on Thursday, Feb. 12, between the hours of 9:00 and 12 m. No registrations will be accepted after that time. Late registrants must wait until Monday, Feb. 16.

Veterans under P. L. 550 will register in the Men's Gym and pay their fees during the hours shown in the Schedule of Classes.

J. HAROLD WILLIAMS PROVOST EXTENDS WELCOME MESSAGE

It is a pleasure to join El Gaucho in extending a hearty welcome to our new students. Beginning a college career, or entering a new college, may be an exciting and challenging experience. I hope it will prove to be a profitable one, and that you will find in Santa Barbara College the sort of satisfaction that hundreds of other students have found.

This welcome also extends to our continuing students. We are glad to have you back for the Spring semester, which should give you an opportunity to complete, or to improve, the work you began in the Fall. You are now better acquainted with your professors, and you have learned of their scholarly attainments. They want to help you to become as effective scholars as your abilities and interests will permit.

El Gaucho is owned and operated by the students, and it is their voice. You do not have to pay extra for it. Each of you can contribute to its success by making the most use of it and cooperating with its editors.

I wish you every possible success.

J. Harold Williams,
Provost

Spring Dance Concert Tryouts Scheduled

All men and women interested in dance production, costume designing and making, or set designing are invited to attend the tryouts for the annual Spring Dance Concert. Tryouts will be held in the Women's Gym at 4 p.m. on Feb. 17, 18 and 19.

Included in the concert, produced every March, will be a variety of numbers originated and executed by students. The tentative repertoire contains folk numbers, musical comedy and original interpretations.

Dance Planned After Game

Plans are now being completed for the Howdy Dance Wednesday, Feb. 18, after the Gauchowestmont basketball game. Jack Winger, Social Committee chairman, will be in charge.

This is the first of the two dances the student body will sponsor this year. Good music is being secured for the event.

The basketball game with Westmont is the next to the last home game of the season.

College Day Events Planned for March 7

High school students from all over California will arrive at the Riviera campus on Saturday, March 7, for the new annual College Day at Santa Barbara College, according to Pete Kane, student chairman of the Student-Faculty committee in charge.

Registration will be held in the Quad at 10:15 a.m. by AWS and AMS. At 10:30 the students will be welcomed by Associated Students President Fred Wade. From then until 1:30 p.m. the students will tour the Riviera campus in small groups under the direction of student guides from the college service organizations.

Each department will have an open house under the direction of the departmental faculty and departmental club members.

While the tour is progressing lunch will be served the visitors in the Quad. Ten representatives from each Greek organization will eat and visit with the high school students at this time.

At 2 p.m. on the Mesa campus, a review will be given by Dr. Hatlen and Theta Alpha Phi. This is to be followed by a color movie of the 1951 Homecoming parade and will be narrated by Ted Troy.

Open house at the Mesa will follow after the revue and movie. The IA club will aid in Mesa open house and will also furnish transportation between campuses.

At 4 p.m. a social hour will be held in the cafeteria and coffee and cokes will be served at that time.

One fourth of the student body is expected to participate in the program, Pete said.

Book Exchange Booth Located on Gym Lawn

Book exchange service will be offered again this year to all students who would like to buy or sell used texts. The exchange booth will be located at the ticket booth on the Men's Gym lawn for the first two weeks of school.

Operation of the book exchange follows these procedures:

1. Students wishing to sell books fill out the forms available and place them under the appropriate course card as explained on the inside cover of the box holding the cards.
2. Listed on these forms are spaces for the price, seller's address and phone number, and other pertinent information about the text.
3. Students are requested to leave all forms in the box, and merely copy the information in which they are interested.
4. After the book has been sold, the seller is requested to remove the form.

It is hoped that this year more students will profit from the book exchange, which has been successful in the past. The book exchange does not replace the "Used Books for Sale" bulletin board in the quad, but provides additional facilities for more extensive sales.

1953-54 Scholarship Deadline on March 1

With an increase of \$5,300, scholarships worth \$15,000 are now available for the 1953-54 school year. Sixty-nine individual awards will be made, according to Dr. Cornelius H. Muller, chairman of the College Committee on Honors and Scholarships. Awards received are between \$100 and \$300.

Candidates for scholarships are considered on the basis of excellence in high school or college academic record, financial need, character, and promise of future success. Several scholarships require such specific qualifications as majors in Elementary School Education, second semester freshman in home economics, music

Four Days Until Picture Deadline For La Cumbre

"Just four days left to get individual portraits in *La Cumbre*," says Sue Bullis, editor. The yearbook is progressing on a tight schedule and the Feb. 15 deadline is final.

In addition, all "Greek" organizations are warned that Feb. 15 is also the deadline for their activities pictures. This is the absolute deadline and those organizations that don't have their material in by then may be left out.

June graduates will be given a special purchasing period in the near future. This will be followed by open sales to all students. February graduates have already been given a special purchasing period in January.

Sue adds that the staff is still short handed and that anyone interested in working on *La Cumbre* should contact her at Oak Hall 101.

Sorority Rushing Begins Sunday

Informal sorority rushing will begin Sunday, Feb. 15, with all sororities holding open house from 2-5 p.m. and will end Mar. 8. Rushees may attend the open houses before registering, and the registration deadline is Feb. 23.

Any new student who is admitted to the college may be rushed immediately. A returning student must have a C average in at least 12 units the previous semester and an overall C average for all units taken. There will be a rushee's meeting and tea on Friday, Feb. 13, at 3 p.m., in Pine Hall 100. In the Panhellenic office, Pine Hall 102A can be found a master calendar of sorority events, a list of all sororities participating in informal rushing, the list of all girls rushing, and a chart of sorority expenses. Any additional information needed by the rushees may also be obtained in the Panhellenic office.

Attending all of the open houses is recommended for the rushees according to general rushing rules. Sororities may provide transportation for rushees to rush events.

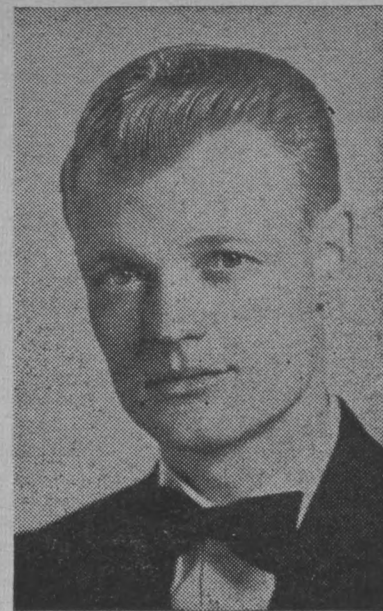

Food and Fun Fest Planned for Rushees

Interfraternity Council at Santa Barbara College has just announced plans for a Food and Fun Fest to be given for this semester's fraternity rushees. The event will be held at the Carrillo Auditorium Thursday, Feb. 12. It will start at 7:30 p.m. and all men interested in fraternity rushing for the coming semester are invited to attend.

A spaghetti dinner will be furnished, along with various skits, and acts worked up by fraternity members. Elmer Bliedistel, IFC president promised that it will be a pleasant evening of food and entertainment, and no tickets are required. The event is being sponsored by the nine national fraternities on the campus.

ROBERT G. SPROUL

FRED WADE

Presidents Welcome New Students To Campus

Because it is not possible each semester for me to welcome personally every new and returning student to the University of California, I have made it my custom over the years to ask the student newspapers to convey my messages of greeting and welcome, and so I do again this year for the forty-fifth time.

The University has sought to provide for you good instructors and good classrooms, modern laboratories and well-chosen libraries. We urge you to make full use of the opportunities thus afforded you, but we cannot act as intellectual overseers to make sure that you do. This is strictly up to you, and on what you do may well depend the success you will enjoy in later life.

As a University student, you will be called upon to think for yourself, and with originality, if you can; while at the same time absorbing the thoughts and ideas of your older and wiser teachers. It is not that we wish you to be subservient to their ideas: we seek only to have you know of them so you may exercise with reasonable wisdom the brains we assume you have.

University life, however, is not composed of curricula, catalogues, grade points, books and test tubes alone. There are many extra-curricular activities also, and you will do well to look into some of these before the semester is too old, and to sign up if you find one that interests you. There is value in this side of college life, but, like garlic in cooking, you mustn't get too much into the mixture.

I'll be looking forward to greeting you again next semester—unless you are a retiring senior.

Robert G. Sproul

129 Complete B. A. Requirements

Requirements for the Bachelor of Arts degree were scheduled to be completed by 129 students at the conclusion of the Fall semester at Santa Barbara College of the University of California, it was announced by Dr. J. Harold Williams, Provost.

The candidates will not be formally graduated until June, when those completing degree requirements during the year will receive their degrees from Robert Gordon Sproul, President of the University of California, at the commencement exercises.

UCSBC Students Offered Poetry Prize

The Ina Coolbrith Memorial Poetry Prize of \$35.00 for the best unpublished poem by an undergraduate of the University of California will be awarded again this year.

Students of UCSBC who wish to enter the contest should submit their manuscripts to the Chairman of the English Department, 100 Oak Hall, by March 20. Further information about the contest is also available at the English Department office.

On behalf of the Associated Students, it's always a pleasure each semester for the President to be able to welcome a group of new students to Santa Barbara.

The hope, of course, is that newcomers to our campus, whether they be freshmen or transfers, find a well integrated combination of academic and social life . . . a purposeful and balanced approach to the still better years ahead.

With this in mind, both administrative and student leaders are continually planning events and activities they feel worthy of your participation and wholehearted support. In welcoming you, the new student, I urge you to partake in whatever phase of college life that appeals to you and immediately consider yourself a real and important part of our campus.

Our better aspects will be enhanced by your presence, our shortcomings collectively improved. Best wishes for all that college at Santa Barbara "can" mean.

Most sincerely,

Fred G. Wade

President, Associated Students

P.S. Watch for news of our first social activity! It's for you!

UCSBC Featured in Alumni Publication

Santa Barbara College of the University of California, is featured in the current issue of the "California Monthly," a magazine published by the University of California Alumni Association with a circulation of over 40,000 copies. The magazine is considered one of the finest alumni publications and has won wide recognition. The current issue was released yesterday. There is a copy in the *El Gaucho* office for students to read.

The cover picture is a view of the Santa Barbara College Quad and the issue contains two articles on the College. One is a general article on the institution, describing its history, offerings, facilities and future plans. A second article concerns the liberal arts division and its part in the College program. In the near future an article will be devoted to the applied arts program. Attractive picture layouts accompany each of the articles.

Verne Stadtman, managing editor of the magazine, spent a day in Santa Barbara with his photographer recently taking pictures for the cover and the articles.

The four-page spread on liberal arts replaced the regular Santa Barbara College supplement which carries news of the college and alumni and is distributed with the monthly to Santa Barbara College alumni. The Santa Barbara College articles in the current issue, however, will reach all readers of the magazine.

Santa Barbara College alumni are affiliated with the California Alumni Association and receive all benefits of the regular UC alumni membership.

It Just Ain't So - Really

This editorial is reprinted from the Spartan Daily, The publication at San Jose State College, Jerry Belcher is the editor.

Like many red-blooded American collegians, we are in the habit of turning to the comic page of a certain local morning daily.

Usually the only thing that boils is the coffee. But for the past week our blood has been boiling. And all because of Mary Worth.

It seems the good woman is engaged as a housemother for one Pi Omega sorority house. Now we don't object to Mrs. Worth's position. She's always behaved in a pretty decent manner and should be a credit to her new profession.

What we do object to are the people with whom she is coming in contact. They just aren't "typical" college students.

The hero, Cliff Mitchell, is an all-around guy. So all-around he is unbelievable. He not only is editor of the campus paper, but a star athlete, musician, president of his class, member of the honor society, war veteran, tall and handsome. This is typical?

The vamp, Libby Stone, is rich, beautiful, spoiled, a snob who "can get any man on campus" and who goes around wearing high heels to classes and fur coats to college concerts. She supposedly is the typical sorority girl.

The freckled-faced heroine, Pappy, is what is known as a "good kid." She is secretly in love with Cliff, was blackballed from Pi Omega by Libby, but she keeps on smiling, even while she lives in the sorority house, waits on the girls, and lovingly shines their pins. Really a good kid.

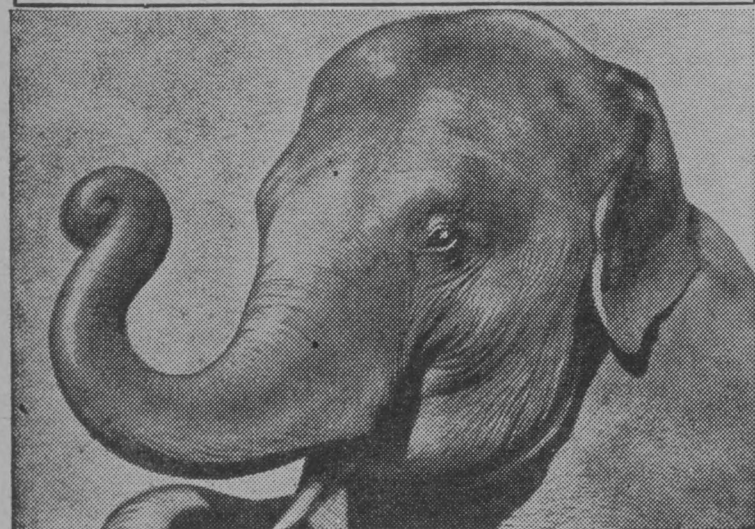

We're not too worried, however, about Libby, Cliff or Pappy. We're sure Mary Worth will make certain everyone gets what's coming to him.

What we are worried about is the impression that mothers, fathers and youngsters are getting of college life and sorority girls.

Fathers will start wanting their sons to be like Cliff. Mothers will order their daughters to de-pledge their sororities, because, "I don't want you living with a girl like Libby." And all the "good kids" suffering from unrequited loves and memories of blackballs will go around smiling nobly.

Honestly Mary Worth, we're happy the way we are. Really.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

"HURRMPH!" trumpeted Sheedy, "What a elephant time to have my hair act up. Might as well break my date and get trunk!" Luckily he was overheard by a Pachydermitologist who said, "Tusk, tusk! You've got a messy big top from pouring those buckets of water on your head. Get out of your ivory tower and visit any toilet goods counter for a bottle or tube of Wildroot Cream-Oil, "Your Hair's Best Friend". Non-alcoholic. Contains soothing Lanolin. Relieves dryness. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test." Paul got Wildroot Cream-Oil, and now all the girls tent to him more than ever. So why don't you try Wildroot Cream-Oil? It only costs peanuts -29¢. And once you try it, you'll really have a circus.

Three Gauchos Win In Literary Contest

Prizes in the inter-campus literary contest were won by Gauchos Harriet Polt, Robert Smith and Holly Vecchio. Dr. J. Chesley Mathews, chairman of the department of English presented the checks to the winners on January 20. Miss Polt received \$50 first prize in the poetry division. Smith won \$50 first prize in the short story division for his story "Mr. Healy's Smile." Miss Vecchio won \$25 second prize in the short story division for her story "Mocking Bird Hill."

Miss Polt, a junior, is the only English major of the three. She is planning a writing career. She submitted four poems for the contest. Smith is majoring in education

and plans to teach in junior high. He is a World War II veteran and has been writing as a hobby for years.

Miss Vecchio is also a junior high education major and she writes for her own enjoyment. She previously won a statewide poetry contest while in high school at Riverside. She is a senior this year.

According to Dr. Mathews, the first prize winners from all campuses will have their entries published in a literary supplement to appear this Spring.

The contest was sponsored by the Inter-campus Arts Exchange Committee, arranged by President Robert Gordon Sproul. Prizes were awarded for the best writings submitted for each campus.

Hispanic Civilization Is Divisional Major

Hispanic Civilization will be offered as a new divisional major in the liberal arts department. Students interested in this major should contact Dean of Liberal Arts Dr. Elmer R. Noble, or Dr. Phillip W. Powell in the social science department.

Further details will be published at a later date.

EL GAUCHO

Published every Wednesday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara College, Santa Barbara, Calif. Opinions expressed herein are those of the staff unless otherwise indicated.

WILL THIS SUIT FIT YOU?

If you can make the grade, you can fly the latest, hottest, fanciest jobs in the air—and do it within one year.

IT TAKES a good, tough, serious guy to wear the gear of an Aviation Cadet. But if you can measure up, here's your chance to get the finest in aviation training—training that equips you to fly the most modern airplanes in the world and prepares you for responsible executive positions, both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the

beginning—your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE? To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate! In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details:
Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25, D. C.

Gaicho Team Plays Waves, LA State in CCAA Cage Battle

The Santa Barbara College basketball team returns to CCAA competition this weekend after a disastrous foray into the home territory of the PCC and SCIC last week. The Gauchos play Pepperdine Friday night and Los Angeles State Saturday night. Both games will be in Los Angeles.

Coach Willie Wilton's cagers came out on the short end of the score twice in the Southland last weekend. They took it on the chin to the tune of 91-50 at UCLA's gym Friday night and lost a 68-63 decision to Whittier Saturday.

There is very little to say about the UCLA loss. The Gauchos stayed even with their big brothers for six minutes, actually holding a 13-12 lead at that point. But from there on it was no contest as Coach Johnny Wooden's PCC chaps poured it on. The Bruin fast break, sparked by Ronny Bane and Don Bragg, smothered the Gauchos under a barrage of field goals.

Santa Barbara looked a little better against the league-leading Whittier Poets Saturday night, but some circus type shooting by the foes proved to be the difference. The Poets grabbed the lead late in the first quarter and were never headed.

Center Joe Kohler sparked a last minute rally which came a little too late to overcome the Whittier lead. Kohler's 18 points were high for the evening, keeping the sophomore pivotman in the lead for Gaicho season scoring honors. Kohler, incidentally, could become a real good player if he could learn to have a little more confidence in his hook and could get rid of the ball faster when it's passed in to him.

This week's games will be the last for Guards Bill Kelso and Ken Kesson. They graduated in mid-year.

Mixed Hits Win Coed Bowling League Trophy

The Coed Bowling League title was taken home by the Mixed Hits team after a post-season playoff with the Sig Toos. The teams had wound up in a tie after the regular schedule had been completed.

The winners downed the Sig Toos by a 3-1 score. As evidence of the closeness of the match, however, the score showed that the latter came within three pins of winning the first game, which would have necessitated another playoff.

The final standings:

	won	lost
Mixed Hits	26½	13½
Sig Toos	24½	15½
Lofters	23	13
Sleep-n-eats	18	18
Hi Balls	17	19
Mabeggel	17	19
Scrubs	16	20
Alley Cats	16	20
King Pins	16	20
Spastics, Inc.	11	25

Santa Barbara College championship basketball team of 1940-41 went to the semi-finals at the Kansas City National Intercollegiate Tournament.

Men's inter-collegiate athletics at Santa Barbara College were discontinued from 1918 to 1921 because of World War I.

Carter Announces Gaicho Track Schedule; Easter Relays on April 4 Highlights Season

Five home meets are on the 1953 track schedule announced today by Santa Barbara College officials.

Highlighted by the annual Easter Relays, to be held this year on April 4 at La Playa Stadium, the schedule includes four dual meets and one triangular meet, plus participation in two big Relays.

The CCAA All-Conference meet, slated for San Luis Obispo this year, will be held May 2.

Starting off with the traditional Long Beach Relays, Coach Nick Carter's Gaicho spike squad opens the campaign on Mar. 14. Dual meets are on tap with Los Angeles State, University of Arizona, Pepperdine and Cal Poly. A triangular with UCLA and Cal Poly is set for Mar. 28 in Los Angeles.

The Gauchos round out their regular schedule on May 9 when they travel to the West Coast Relays in Fresno. Thereafter, Carter said, the Santa Barbarans will enter various invitational meets—if they are invited and if the Gaicho personnel proves to be of the proper caliber.

Besides the Easter Relays, La Playa Stadium will see the Gauchos in action in all of their four dual meets.

The schedule:

- March 14—Long Beach Relays at Long Beach.
- March 21—Los Angeles State at Santa Barbara.
- March 28—UCLA and Cal Poly at UCLA.
- April 4—Easter Relays at Santa Barbara.
- April 11—University of Arizona at Santa Barbara.
- April 18—Pepperdine at Santa Barbara.
- April 25—Cal Poly at Santa Barbara.
- May 2—CCAA All-Conference Meet at San Luis Obispo.
- May 9—West Coast Relays at Fresno.

GOLF TEAM TRYOUTS

Coach Bill Irvine will begin tryouts for the Gaicho golf team Monday. He will continue tryouts every Monday afternoon until the season starts.

Any divot digger interested may contact him by telephoning 6919.

Sports

REYNOLDS TO BEGIN NET TRYOUTS MONDAY AT MUNICIPAL COURTS

Coach Lyle Reynolds announced today that the 1953 tennis schedule will get off to an early start when practice opens Monday. Reynolds emphasized that any prospective netters should show up at the Municipal Courts Monday afternoon, racquets in hand and ready to nail down one of the several berths open on the squad.

Reynolds has six lettermen returning this spring, but he usually carries a squad of some 15 players, so the field is wide open.

Lettermen expected out are Bob Chapman, Joe Zoller, Dave Daniels, John Chatfield, Bill Peaker and Ken Bernard. Other good prospects are Ray Thornton, who

was Western States Conference singles champ at Compton three years ago, Lynn Shanton from Kingsburg High and Neil Roberts from San Bernardino J. C.

Matches are scheduled with Cal Poly, L. A. State, Occidental, Cal Tech, UCLA and Lon Beach State. There will also be a Jayvee schedule.

The annual CCAA tournament will be held in Santa Barbara May 15 and 16.

The first football team at Santa Barbara College was organized in 1922 with no coach and very little equipment. A four-game schedule was played.

UP ON THE HILL . . .

by Joe Costantino

For many of us this will be the final fling UP ON THE HILL . . . and already a slight feeling of nostalgia is creeping in. All around the senior class I hear murmurs of how we will miss the old school. No more dropping in for a brew with the boys . . . no more sunning on East Beach, or moonlight beach parties. No more Galloping Gauchos to rehearse, or homecoming floats to build. No more sweating out the grade cards . . . no more cafeteria food . . . no more ulcers.

This being the home stretch for many of us, I hope that all of the seniors will band together to make this the greatest yet. I have been thinking along these lines, and have worked out a little plan for the spring semester that has been forwarded through the proper channels. It is a plan that is slightly different . . . yet one that would put Santa Barbara College on the map because of its uniqueness.

This plan was addressed to the inhabitants of the Lair of the Bear . . . and it concerns the final semester for seniors. I have strongly suggested that for this last semester the students be excused from taking all courses, and shall simply be given 15 units credit for completing any two of the following alternatives:

First: Satisfactory attendance at least three times a week at East Beach, with a minimum of four beach parties (night ones) to also be completed.

The Santa Barbara College nickname "Gaucho" was adopted by the student body in 1934. Since then two attempts have been made to change it, without success.

Ebbets Hall, the home economics building on the Santa Barbara College Riviera campus was dedicated in 1930 in honor of Charlotte P. Ebbets, director of home economics from 1913 to 1935.

Second: Choice of four hours per week of any of the following . . . tennis, baseball, necking, volleyball, beer drinking, swimming, horseback riding, or assorted parlor activities. (Games of Low Organizations will not be counted.)

Third: All women students are to be required to apply for a ration card which must be punched by senior men students. These cards are to ascertain if women students are completing a minimum of three tours of duty per week with the men who are about to go out and face the cold cruel world.

Fourth: There are to be no grades issued the senior students for this period, but the seniors will be required to attend two different classes a week at which they will grade the instructors as to clarity of presentation, conciseness of attack, ease of understanding, and worth of course. (These reports will be turned over to Sen. McCarthy.)

Fifth: This is the final requirement. All seniors shall be required to attend graduation exercises in bathing suits, and sneakers, and during the exercises they will address the faculty, Dr. Robert Sproul, Dr. Williams, Deans Sweet and Reynolds, and assorted other potentates with an address NOT LESS than 30 minutes in length. These addresses will cover the topic of "What the faculty faces after we have left."

For the benefit of seniors — mint julep punch, and shrimp cocktails will be available, the money to come out of the funds the Book Store has acquired during our four years. The faculty will be required to sit in the sun in Bikini suits during the speeches, no parasols allowed.

These proposals have been carefully worked out, and are now in the hands of the proper authorities. (I didn't know we had a branch of the University at Camarillo.)

Dr. Aggeler Accepts Navajo School Gets Goleta Equipment

Dr. William F. Aggeler, associate professor of French and chairman of the Department of Foreign Languages at Santa Barbara College, is the first local member of the Army Officers' Reserve Corps to accept the new indefinite term appointment for Army reserve commissioned officers as provided by the Armed Forces Reserve Act of 1952, enacted by Congress last July.

This appointment for an indefinite term is in lieu of the current five-year appointments. This provision of law was enacted by Congress in order to place appointments of reserve officers of the Navy, Marine Corps and National Guard.

According to an official communication received by Dr. Aggeler from Col. C. C. Cavender, chief of the Southern California Sub District at Fort MacArthur, the acceptance will not change the present active or inactive status in the reserves.

The new indefinite term appointment reduces the administrative problems of Reserve Unit Commanders and will provide uniform allowances, active duty contracts, and exemption from recall in presidentially proclaimed emergencies for those who are qualified for exemption through service or other reasons. It does not affect the policy on resignations or the retirement benefit provisions.

Dr. Aggeler is a major in the military intelligence branch of the Army and was commanding officer of the local military intelligence units. In the summer of 1950 he taught at the Army Language School at Fort Ord.

The Arizona Navajo Indian School at Holbrook, Ariz., is the first educational institution to secure surplus material available from the new campus of Santa Barbara College at Goleta, it was announced by J. A. D. Muncy, Santa Barbara College business manager.

In accordance with the deed restrictions transferring the new campus property, buildings and equipment from the Federal Government to the University of California, excess equipment is to be declared as surplus and turned back to the government through its General Services Administration.

Such items will then be transferred to other educational institutions, the only cost involved being transportation. The Indian school is the first school to take advantage of this arrangement and collected a second truckload this week.

With the conversion of many existing structures on the new Santa Barbara College site, Muncy stated that the college finds itself with some extra equipment over and above its needs. This material was all acquired when the Goleta site was transferred to the university.

Most of this equipment was removed from buildings that were dismantled or remodeled under the college reconversion program and consists of boilers, cafeteria kitchen equipment, plumbing items and other supplies.

The balance of the surplus equipment will be assigned to other educational institutions as directed by the San Francisco office of the General Services Administration, Muncy explained.

Extension Course In Reading Offered

To improve the basic skill of reading, a special University of California Extension course, "Reading Skills and Related Study Habits" (Education 810AB) will be taught during the Spring semester by Dr. Glenn W. Durflinger, associate professor of Education.

An additional fee is charged for this course, for which no credit is given. Students who wish to enroll in this class must file a petition in accordance with the procedure outlined in the "Schedule of Classes." The fee must be paid and a class admission card must be obtained at the University Extension office, 906 Santa Barbara St., before the first meeting of the class. A study load similar to that of a two-unit course is necessary.

J C Educators Confer With Snidecor, Monroe

Representing the junior colleges in the Los Angeles area, Adam E. Diehl, dean of Curriculum Services at Los Angeles City College; and Claude Nihart, head supervisor of Vocational and Practical Arts for the Los Angeles City Schools; met with Santa Barbara College officials recently.

Conferring with Dr. Lynne C. Monroe, chairman of the industrial arts department; and Dr. John C. Snidecor, dean of applied arts; they discussed transfer problems for industrial arts students and standards for general education requirements.

Also under consideration is the program of standardizing general education courses in such departments as science, psychology and social sciences to facilitate the evaluation of transfer credits.

ing Administration, Muncy explained.

Feb. 20 Is Deadline For Officer's Training

Feb. 20 is the last day for college graduates in Southern California to apply for the March officer's training class for Marine second lieutenants, according to word received from the Marine Corps procurement office in Los Angeles.

Upon successful completion of the 10-week training course, which begins on March 12 in Quantico, Va., candidates are commissioned as second lieutenants in the Marine Corps Reserve. Applicants must be between the ages of 20 and 27 years.

Further information may be obtained from the Office of Officer Procurement, 755 S. Figueroa St., Los Angeles.

Nothing-no, nothing-beats better taste

and LUCKIES
TASTE BETTER!

Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette . . . for better taste—for the cleaner, fresher, smoother taste of Lucky Strike . . .

Be Happy—GO LUCKY!

It's always an occasion when
A box comes from the folks—
'Cause inside are those Lucky Strikes
For cleaner, fresher smokes!

Rena Frabony Chosen President of K D Pi

The Santa Barbara College chapter of Kappa Delta Pi, national honorary society in education, recently elected new officers to serve for the current year.

Rena Frabony, a citizen of Canada and one of the 18 foreign students on campus, was elected president. Other officers named were George Kostakis, vice president; Ann Casey, correspondence secretary; Scharli Lyon, recording secretary; Cramer Owen, treasurer, and June Holman, historian-reporter.

At the meeting, four faculty members reported on the graduate programs offered at four universities, from which they received their doctorate degrees. Those who spoke were Dr. Elmer R. Noble, Dean of the Division of Liberal Arts, the Berkeley campus of the University of California; Dr. William F. Holtrop, assistant professor of industrial arts, Los Angeles campus of the University of California; Dr. Joseph E. Lantagne, assistant professor of physical education, Stanford University, and Dr. John A. R. Wilson, assistant professor of education, Oregon State College.

Dr. Glenn W. Durlinger, associate professor of education, is faculty advisor of the local Kappa Delta Pi chapter.

Margaret Brickey Chosen Head of ECE

New officers of the Early Childhood Education Club at Santa Barbara College were elected at a meeting recently with Margaret Brickey elected president. Other officers named were Betty Mills, vice president; Eleanor Chesley, secretary; Carol Wheeler, treasurer; Clarita Thompson, program chairman; Carol Meysel, notifications chairman, and Beverly Biven, publicity. Ann Ford is the outgoing president.

Also at the meeting were two guests, Mrs. Gerry Jones, recently named "Teacher of the Year" and Miss Agnes Kieling, a teacher at Franklin school. They participated on a panel discussing various phases of their teaching experience and displaying examples of creative work done by the children of their classes.

Santa Barbara College student teachers on the panel were June Holman, Ruth Stanton, Claire Tompkins, Betsy Elmore, Thelma Fintzelberg and Mrs. Jody Bookhamer.

Faculty advisors for the group are Miss Edith Leonard, professor of education, and Miss Dorothy Van Deman, assistant professor of education. The club is made up of students majoring in early childhood education and is affiliated with the international Association for Childhood Education.

Refreshments were served at the meeting with Joan Reynolds in charge.

FOOD TASTES FORGOTTEN

Tests conducted at the University of California at Davis disclosed that people forget food tastes as readily as they forget their high school algebra. Unmarked food samples were given to a panel of tasters who showed less and less taste-memory as the time between food samples was increased.

James Phelan Art Competitions Now Open

Competition for the 1953 James D. Phelan Awards was announced today by the trustees of the estate of the late Senator James D. Phelan. The awards are made available annually under the terms of a bequest to bring about a further development of native talent in California in the fields of literature and art.

Three awards offered to artists in the field of watercolor painting are \$500 for the first award; \$400 for the second; and \$300 for the third. Applicants, both men and women, must be native born citizens of California between the ages of 20 and 40. Applications must be made on special forms obtainable from the office of the James D. Phelan Award in Literature and Art, 820 Phelan Building, San Francisco 2. Competition closes on March 14, 1953.

Former Gauchos Are In Thunderbird Class

Three Santa Barbara College graduates are among the February graduating class of the American Institute for Foreign Trade at Thunderbird Field in Phoenix, Arizona. They are Roland B. Day, Richard S. Bowen and James R. Davee.

Roland Day graduated from UCSBC in 1951. He was a Social Science major and a member of Sigma Alpha Epsilon. At Thunderbird he specialized in the South American course.

At Thunderbird, Richard Bowen majored in Spanish. He was a 1953 UCSBC graduate with an Economics major, and was a member of Blue Key and Sigma Alpha Epsilon.

James Davee was a member of the '52 UCSBC graduating class,

Campus Groups Must Submit New ACB Form

New recognition forms from all campus organizations will be due Feb. 27, according to Melida Horn, chairman of Activities Control Board. Every semester organizations must apply for campus recognition through ACB. This is necessary because many groups elect new officers twice a year, and also because the eligibility of all officers must be checked each semester.

The new forms will be mailed out this week to the presidents of all organizations that were recognized last semester. A letter is being sent with the form, stating the policies of ACB, the requirements for approval of different

and majored in English. He was in Delta Sigma Phi and Blue Key. At Thunderbird he concentrated in the study of Brazil. His wife, the former Thelma Tirrell, also a UC SBC graduate, studied in Phoenix with her husband in order to learn the languages and customs of the country in which he plans to work.

The course of study at the institute concentrates techniques of international business administration, foreign languages and characteristics of foreign countries.

types of events, and the penalties that can be imposed for failure to comply with the regulations.

The recognition forms must be filled out completely, with membership lists, officers' names, and signatures of faculty sponsors. Friday, Feb. 27, is the deadline for turning the forms in to the ACB box in the Student Body Office.

Organizations that are recognized are permitted to use campus space for meetings, have publicity in El Gaucho, use the campus mailboxes and bulletin boards, and have coverage in La Cumbre. The use of these campus facilities is denied to organizations that are not recognized by Activities Control Board.

Santa Barbara IA Students Sweep Project Contest

Santa Barbara College Industrial Arts students made virtually a clean sweep of the project award contest held Saturday at the annual meeting of the California Industrial Education Association, Southern Section, held at Orange Coast Junior College.

In each of the 10 exhibit categories entered, Santa Barbara College students took every award offered — first, second, third and both honorable mentions. Only one second place and a few honorable mentions went to other institutions in this college-university division. In total, UCSBC took 42 out of the 50 awards offered.

The participants represented in the Southern Section included all of Southern California as far north as Bakersfield and Santa Maria.

The theme of the meeting was "Projects" and the exhibit and contest was specially arranged for this meeting. All the projects will be on public exhibit at the Mesa Campus next week.

Also presented at the meeting were certificates of award to faculty members for unusually good work accomplished by their students. Those receiving these awards from the CIEA were Theodore Ellenwood, Robert A. McCoy, Joseph J. Sayovitz, Dr. Paul L. Scherer and Thomas S. Weir, all assistant professors of industrial arts, and Dr. John A. McClure, associate professor of industrial arts.

The student winners in the project contest were as follows:

Graphic Arts — Don Pridham, first; George Kostakis, second; Robert Murray, third; Porter Williams and John Roberts, honorable mention.

Plastics — Franklin Bell, first; Lloyd Clarke, second; Charles Cook, third; Frank Stout, honorable mention (two).

Model Building — Ronald Shattuck, first; Charles Bengochea, second; Lloyd Clarke, third; Raymond Peel, George Young, Gordon Weed, honorable mention.

Industrial Drawing — Fletcher Haight, class project, first; Donald Pridham, second; Gilbert Anderson, third; Bernard Olsen, Robert Adamson, and Walter Thompson, honorable mention.

Bench Woodwork — James Marsh, first; Margaret Marsh, second.

Art Metal — Dwight Taylor, first; Don Rice, second; Sally Carter, third.

Machine Shop — Eugene Armitage, first; Carl Nelson, second; George Stockton, third, and Raymond Peel, honorable mention.

Bench Metal — William Smart, first; Dr. Louis Taylor, class project, second; Marvyn Melvin, third; Eleazar Ruiz, and Taylor, honorable mention.

Photography — Charles Perez, first; Charles Perez, second; Richard Weber, third, and Sally Carter, honorable mention.

Electronics and Electricity — Lloyd Clarke, first; Donald Marks, second; Robert Large, third, and Les Harris, honorable mention.

Four Students Earn Commission, Bars

Four students joined the ranks of reserve officers in the army at a commissioning ceremony Jan. 28 on the Riviera Campus. They earned their second lieutenant bars in the college ROTC program.

Those receiving commissions were Joseph D'Agostino, 615 De la Vista; John William Maloney, 2534 Chapala; William H. Kindel of Carlsbad, New Mexico, and William R. Tierney, North Hollywood.

The gold bars were pinned on by wives or parents following the formal ceremony at which they were sworn in by Capt. Carsten E. Fosmark and received their commissions from Maj. John W. Barnes. Provost J. Harold Williams spoke briefly congratulating the new officers and explaining the part of the ROTC program at Santa Barbara College. Lt. Col. Edward R. Maddox, presided at the ceremony.

Sororities and fraternities were officially recognized on the Santa Barbara College campus in 1925.

The highest student award at Santa Barbara College, the Honor Copy of La Cumbre, started in 1928.

IA Publications Donated to Library

A long and close friendship between two industrial arts educators has resulted in the donation of a valuable collection of industrial arts publications to the Santa Barbara College library.

The two friends were Emanuel Ericson, professor of industrial arts, and William R. Roberts, one of the outstanding leaders in the field during its formative years. Roberts bequeathed the important collection to the Regents for use in the Mesa Campus branch.

They first became acquainted during the early twenties when Prof. Ericson was book editor of the "Industrial Arts Magazine." During this time he edited books for Roberts. Roberts died in 1950, and Prof. Ericson made arrangements for shipping the library collection here.

The collection, accumulated over a period of 40 years, includes 640 bound books, 306 bound periodicals, 62 folders and 1500 pamphlets and unclassified pieces. Many books and pamphlets are now out of print and are of considerable value for research purposes. The library is especially valuable because it contains rare documents telling the story of thought and action by the pioneering men who successfully laid the foundation for the present industrial arts program, commented Prof. Ericson.

Pipeline Contract Officially Recorded

Robert E. Floyd, University planning engineer, announced that a \$34,896 contract with J. E. Young Pipeline Contractors, Inc., of Los Angeles, to pipe natural gas into the new Santa Barbara College campus was officially recorded recently at the County Recorder's office.

Calling for the laying of more than two miles of gas line, the plan for construction of the system will provide the gas main to the permanent buildings now being constructed—science buildings and library—and will also service certain of the temporary buildings requiring gas service, such as the laboratories, home economics buildings, student union, and others.

Beachboard Publishes Results of Research

Dr. Robert Beachboard, on military leave from his duties as assistant professor of French at Santa Barbara College, has had a book published as a result of his research during the past few years.

Written in French, the volume is entitled "La Trinite Maudite," and takes up the lives and works of three famous French painters, Maurice Utrillo, Suzanne Vaalton, and Andre Utter. Published in France, the 184-page book contains several full color reproductions of the artists' works.

After returning to Santa Barbara College from his sabbatical leave, Dr. Beachboard was recalled to active duty in the Army with the rank of captain. He was sent to France and appointed liaison officer with headquarters, European Command Communications zone in Orleans.

200 ROTC Cadets Pass In Review

Two hundred Santa Barbara College ROTC cadets participated in a military review recently at the Mesa Field for the presentation of special awards.

The cadet battalion passed in review before community and college dignitaries and Company B was judged to have presented the best appearance at the parade, commanded by Cadet Captain Chester Ward. For the award, an honor streamer was fixed to the Co. B guidon by Marie Alexander, an honorary Colonel in the Colonel's Coeds, assisted by Cadet Lt. Col. Joseph D'Agostino, Cadet Battalion Commander.

A special Santa Barbara Lions Club Award for the advanced course cadet having the most outstanding record at the recent ROTC Summer Camp went to Cadet Capt. Minor Rootes.

The Reserve Officers Association Award for outstanding achievement in Military Science was presented by Lt. Robert Frayley of the ROA. Cadet SFC Lloyd Heavin won the second year basic course award and Cadet Corp. Carl Ruiz received the first year basic course award.

Provost J. Harold Williams presented the Academic Achievement Award to the top ten per cent of each class for notable achievement in scholarship. The following cadets received this award: SFC Lloyd Heavin, Corp. Carl Ruiz, Capt. Chester Ward, Lt. Richard Metzger, Lt. Andrew Riviera, SFC Kenneth Bernard, SFC William Herrold, SFC William Campbell, SFC Robert Holland, Sgt. Richard Bollinger, Corp. Edgar Twamley, Corp. Frank Dobyns, Sgt. Gary Morris, Pfc. Franklin Lang and Corp. Garvan Kuskey.

U C Personnel Deans Meet on SBC Campus

With Santa Barbara College as the official host, a two-day conference of personnel deans from four University of California campuses was held here recently. More than 30 University officials from Berkeley, Los Angeles, and Davis met to discuss problems common to the various UC campuses.

Discussions included constitutional discriminatory clauses on the University campuses, the role of publications on campus, relationship of student government to University administration, relationship of residence halls to student government, campus social regulations, counseling of individuals and groups, and student loans.

The conference schedule included a tour of the Riviera Campus and the new campus site at Goleta.

Huntington Nursing School Gives Tea, Tour

All interested students are invited to attend a tea and hospital tour given by the faculty and student body of the Huntington Memorial Hospital school of nursing. The event will be held from 3 to 5 p.m. on Thursday, Feb. 19 at the nurses' residence, 87 Congress Street, Pasadena.

Those who wish to attend may contact Dean Helen E. Sweet.
