Alpha Phi Gamma and Paper Staff Play Hosts at Journalism Day

Round Table Discussions in Pine Hall and Dinner Feature Meet

Santa Barbara State will again be host to delegates from many Southern California colleges and universities at the annual Southern California Collegiate Press Association convention this Friday. Representatives from nine high schools will also be guests of El Gaucho staff and Alpha Phi Gamma for "Journalism Day", to be held in conjunction with the college meet.

Student Chairmen

Petrie McKinney, editor of El Gaucho, and Bill Hoyt, president of the national journalistic fraternity, Alpha Phi Gamma, will act as co-chairmen for the day.

Registration will begin at 12:30 and will be followed by a general meeting in Pine hall. Round table discussions, to be led by representatives from the downtown News-Press, will be held in Pine hall immediately after the business meeting. Guests are invited to tea at four o'clock in the A.W.S. clubroom under the direction of Pat Ireland, A.W.S. social chairman. A dinner at El Cortijo will climax the event.

State Fortunate

The convention was held last fall at San Diego State and before that at Occidental and previous to the Occidental convention it was held at Santa Barbara State. "We should feel highly honored that Santa Barbara has been chosen as the site of the convention this spring," stated Miss McKinney, "as it is rather unusual to have it return to the same place so soon."

Over the Fence

By JACK SALYFR

SOUND AND FURY

Mussolini, furious because Franco cannot win, threatens to send in his regular army to subjugate a free people. The pretext he is using is that other countries have violated the non-intervention pact, and he NOW feels free to do the same. The imputation that he has observed the non-intervention pact establishes Mussolini among the world's first class liars.

LEFTISTS

Evidence that Russia and France observed the non-intervention in Spain is evidenced best in the denunciatory tirades in the Loyalist newspapers. They sharply criticised these countries for standing idle while Hitler and Mussolini poured men and munitions into Franco's eager hand.

Block 'S' Gathers at Meeting Tonight

The Block "S" society will hold its regular meeting tonight at 7:30 p.m. at the Anacapa club. Informal initiation of new members will take place.

All new members are urged to attend this meeting as they will receive their instructions for the pledge period which will last approximately one week.

Plans will be made for the final initiation and bean feed, the date for which has not yet been set. Bob Dunham is in charge of the initiation.

Following the business meeting refreshments will be served.

The new initiates are Bill Benton, Bill Howsman, Jim Benton, Bill Hoyt, Harry Nethery, Tooley Palmer, Russell Erickson, G. Morton Reitter, Bill Parks and Ed Loudencous.

The Winner

Larry Butler, State college student, who has been announced at winner of the finals in the California Hour series. On March 28, he defeated two contestants, one from San Jose State and one from U.C.L.A.

Larry Butler Wins Contest

California Hour Audience Names Local Singer As Collegiate Winner

Larry Butler, popular young Santa Barbara singer representing the state college, was named the winner of the California Hour radio contest for college students, following a counting of votes cast for three contestants in the finals held March 28. Announcement of the award was made last Saturday morning in Los Angeles.

Butler's two contestants in the finals were Larry Orenstein of U.C.L.A. and Joe Ropertas of San Jose State college. Four schools including San Francisco State, Loyola, Redlands and San Diego placed competitors in the semifinals.

Larry Butler will be given a screen test with the possibility of a movie contract in the offing. He has received voice training for the past 15 months under Mr. James Whitehouse. Butler came to Santa Barbara from Oakland.

The honored vocalist has appeared many times at student body and civic functions, and is known to the students for his appearance on the band tour and in the recent Roadrunner Revue. "That's Why Darkies Were Born" was Butler's selection in the radio contest.

College Schedules Balloon Bust

Final plans have been completed for the student body Balloon Bust dance, to be held at Rockwood, Saturday, April 10, from nine until 12 o'clock. Music will be furnished by Doug Hoag's orchestra.

The Elementary Education department is cooperating with the student body social committee in sponsoring the affair. This is the first student body dance in five weeks, and the second stag dance of the year. There will be several novelty dances including a surprise treat during the intermission. Invitations have been sent to last year's Elementary department graduates.

Sponsors for the dance will include Mrs. Laura L. Price, Dr. and Mrs. Charles L. Jacobs, Dr. and Mrs. Elmer Noble, Mr. and Mrs. Byron Abraham, Dr. and Mrs. Harrington Wells, Mr. and Mrs. Jack Porter. Teachers from the Jefferson school will also be special guests.

SYMPATHY OFFERED

Sympathy is extended to Christine McDonald, State student and El Gaucho reporter, on the death of her brother, Dale, early Sunday morning. He has been ill for some time, due to a scarlet fever attack several years ago.

Print Shop Adds New Type

Gothic Faces Offer Display Values

Imagine Jack Porter's surprise when one morning recently he received a heavy package from MacKenzie and Harris, typefounders, containing some new type. And is the type pretty! It is called Gillies Gothic bold, a type recently designed by a young student attending Frank Wiggin's Trade school and cut by the Bauer Type Foundry in New York. It is a hand drawn letter, giving the appearance of a script, and is at present used by several national magazines. An excellent display face, this type will find much use in the print shop. Gauchos Beat Redlands 5 to 1

Hardermen Bat Bulldogs for Nine Hits Over Two Pitchers

ERHARD PITCHES

Elmo Evans, Powell Lee Run Rampant Over Southern Team

By AL BINE

The Bulldog of Redlands was without its bite last Saturday afternoon out Pershing Park way, and as a result the Gaucho Big Green horsehiders walked off with their initial home conference battle by virtue of a 5-1 score.

The Hardermen, behind the stellar six-hit chucking of "Shires" Erhard, walloped the Bulldog moundmen, Jim Putman and Nicholson, for nine well-bunched bingles.

Staters Star

The Hilltoppers who contributed to the cause by not listening to the Bulldog bark were diminutive Elmo Evans, scrappy third sacker, who had a field day at the expense of the visitors, getting two timely blows and scoring four put-outs in the field; and Powell "Shanghai" Lee who had a good day at the plate pounding out two convincing hits and playing well at second base.

The Gauchos now have an equal chance to regain their 1936 title as (Continued on Page 2, Column 4)

Kofoid Addresses State Students on Sea Life

Illustrated with lantern slides in color and black and white, a lecture on the Luminescence of Marine Life was delivered second period Tuesday by Dr. Charles Atwood Kofoid, professor emeritus of California university. Dr. Kofoid was introduced by Dr. Elmer R. Noble, instructor in zoology.

Describes Phenomena

Opening the discussion with a citation of the process which has been called phosphorescence Dr. Kofoid pointed out that term as a misnomer for the appearance of sparkling sand and water that may be observed on the ocean shores. This phenomena, he described, as luminescence, a property which gives off light without giving off heat.

Dr. Kofoid explained a diagram of the apparatus by which the creatures of the sea are captured and by which the water is measured in temperature, current, and flow. This was followed by a slide showing the crop coverage of the vegetation in the sea.

Discusses Adaptation

Adaptations of the microscopic creatures to their environment was the next subject he touched upon using several slides. Explaining the structure of these creatures he pointed out their horns, tentacles, fins, eyes, and the poisoning of other sea life.

Office Employee Finishes Trip

Miss Phebe Steer, assistant financial secretary and State College graduate, returned Monday from an Eastern trip. She went first to Plainfield, New Jersey, by way of Niagara Falls, accompanied by her grandparents, Dr. and Mrs. J. H. Cooley and spent one day sight-seeing at Niagara.

Miss Steer was born in New Jersey, so she had many friends and relatives whom she visited. "One of the biggest thrills," stated the secretary, "was witnessing a snow-storm in New Jersey."

Four days of the trip were spent in New York where she visited all the bridges, churches, Wall street, China Town, saw two large radio broadcasts and the outstanding musical comedy, "Red Hot and Blue."

SPORTS

Passing in Review

By TED JOHAM

While the track team was taking a severe trouncing last Saturday, the baseball team of this here institution was proving to the local fans that there is some successful sport being carried on by the Gaucho student body for the spring of 1937. Those who saw the Big Green stop the undefeated Bulldogs and then rub the insult in with a little salt and take a 5-1 game, say that it was one of the best games ever played in Santa Barbara. The fielding was of a sensational character and was featured by Elmo Evans who put himself out as a definite candidate for all-conference third base honors. The southerners had previously played Whittier and Occidental winning both games by 3 to 0 scores and setting the Poets down with two hits while the Tigers got only one bingle.

Coming back from Compton, the track men decided to throw a dance and have already arranged for a swing band which has just completed a successful engagement at Point Mugu. The affair will be held at the San Marcos Trout club and Al Bine and his boys will furnish the rhythms. Bring your own fly-spray.

The Gauchito tracksters bobbed up with a win over the strong Cal-Poly runners. The Peagreeners are weak in several of the field events, but have a display of power on the track that would do any cinder coach a world of good.

The Whittier Poets who come here Saturday to meet Ray Denno's improving tracksters, have an outfit that is just brimming over with color. Two of Southern California's fastest dash men will be favored to take one-two in the 100 and 220. Eldon Lindstrum, one of the speedsters, is a local boy who was lead astray, he used to run the 100 at S.B.H.S. when Eddie Shands was sprinting for the Dons. He seems to have a habit of going to a school which has a fast colored flyer.

W.A.A. Sponsors Tennis Match

The Women's Athletic Association of Santa Barbara State College is holding its annual women's tennis tournament Sunday, April 11 at the Biltmore tennis courts.

Two final matches are to be played, singles and doubles. The matches will begin at 2:00 p.m. There will be an admission fee and a cordial invitation is extended to everyone.

Helen Rogers, as tennis manager, is in general charge of the affair and Ethel Clendenen is arranging the refreshments to be served throughout the afternoon.

Relay Wins for Gauchitos

Peagreeners Win First in Every Running Event

The final outcome of the meet dependent on the result of the relay, the Frosh four man 880 team composed of Fortress, McArthur, Putman and Gray toured the distance in 1:33.9 to win and thereby put the Gauchitos on the long end of a 68 to 63 score over the cinder men of Cal-Poly, last Saturday.

Bill McArthur was a double winner in the sprints winning the 100 in 10.2 and the 220 in 22.5 seconds, teammate Gene Putman was second in the century and third in the furlong. George Gray, 1936's state prep champion, won the quarter in a walk and was timed in 53.3

Jessup in the 880 and Fujimoto in the mile and two mile completed the winners for the Frosh on the flat track. Fortress was a double winner in the hurdles and also won the broad jump, took second in the javelin and tied for second in the high jump.

HARDERMEN WIN GAME FROM BULLDOGS

(Continued from Page One)

they rest in second place with a record of one win and one loss, the loss being an 8-7 win for Occidental.

Cunningham Sport

Coach Cunningham of the visitors proved to be quite a sport, for when Pazder, the catcher, got hot under the collar, he severely reprimanded the youth for causing dismay to the Gaucho batters, and to Umpire "Dutch" Steinert especially.

The Bulldogs did however pull off a fancy double play to catch the local base runners napping. The play was from third baseman Jim Blaisdell to first sacker Riley, who in turn whipped the sphere to McKinney, the guardian of the second base, completing as pretty a play as these weary eyes have witnessed.

Five Get Hits

Busby, Morris, Erhard, Holman and Bill "Sleepy II" Foley garnered the remaining hits for the Gauchos.

Gauchos Drop Track Meet

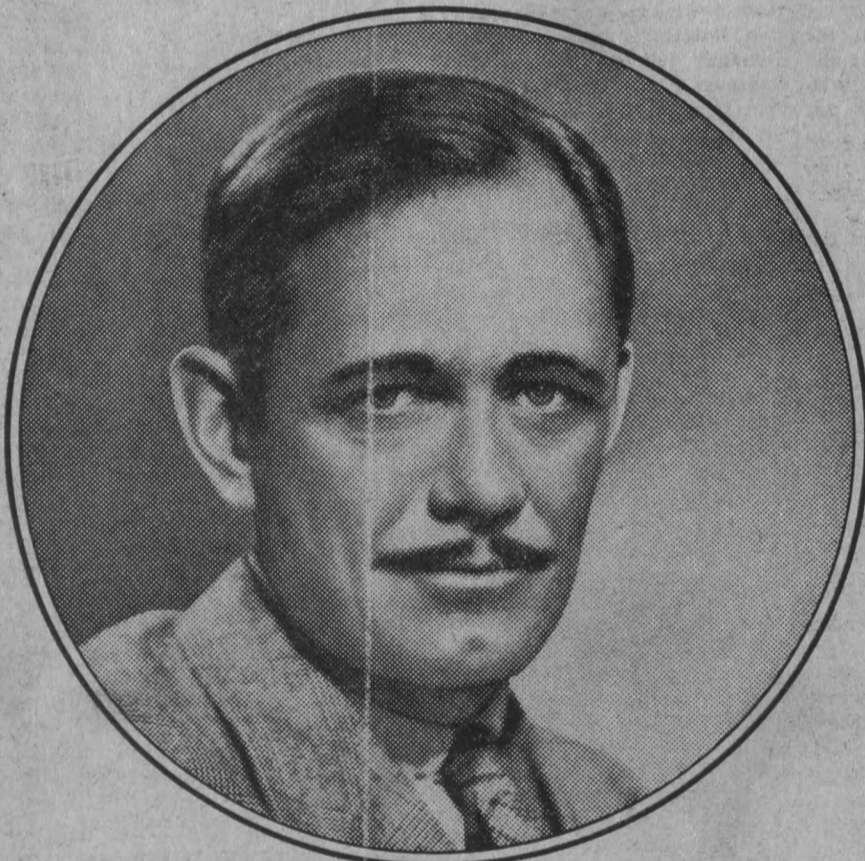

Compton Beats Cindermen of State and San Diego

Swamped by the superior team strength of their rivals, the Gaucho track men dropped a triangle meet and two dual meets to the cinder men of both San Diego State college and Compton J.C. Compton won the meet.

Dudley Snean established himself as the leading varsity 440 man by touring the oval in 51.9 seconds to place fifth in the meet and take second against the Aztecs. Ray's second in the highs was good for five points in the Compton-S.B.S.C. dual meet and his third in the lows gave him a second.

Other Green and White point winners were Bill Gray in the high and low hurdles, Gibson in the 220, Reitter and Rygh in the two mile and mile, Palmer in the 880, Cahill in the broad jump and javelin, Benton in the high jump, Martin in the pole vault and Weld in the discus and shot put.

Philip Merivale says:
"My throat's grateful for Luckies
—a light smoke"

"In one of the first important parts I did in America, the play called for a long and very trying individual performance. In every scene for five full acts I was on stage talking almost continuously. The strain made it imperative that I safeguard my throat and voice. After trying different brands of cigarettes, I came across Luckies. They stood the test and for many years now I've enjoyed them. I like the taste of Luckies and my throat is grateful for a light smoke."

Philip Merivale

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Mr. Merivale verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

The Way Is Cleared

Clearing away any secrecy or misunderstandings as to objects and purpose of the new male honorary service club, conceivers and backers of the new group presented their plans to a representative group of campus leaders last night. Under the leadership of Capt. Paul Jones, Dr. Charles Jacobs, Don Follett and several prominent students, the need for the new group was seen and expressed. Out of a very spirited meeting came the purposes which include a need for a coordinating body, mainly of upper classmen, which will promote the welfare of the student body and of the school. The body is strictly non-political, and is intended to act as a college chamber of commerce. Spheres of influence will cover campus affairs, organization, administration and public relations. In order to make it effective, the men present decided to formally organize at a meeting next week, and will immediately begin a program to back the Estudiantina, to make plans for college radio programs, a speaking tour of schools in this district, and enforcement of campus traditions.

In the words of Dr. Jacobs, "There is a serious need for such an organization as is being contemplated." In recognizing this need and working to bring the formation of the group, the conceivers are worthy of high commendation for their foresight, and for the open mindedness which was apparent throughout the entire formation.

Although the outlook for the future of the group is excellent, only the continuance of the spirit which displayed itself in the opening gathering will serve to make this honor group a success. With the inclusion of every important individual group on the campus, the possibility of petty and partisan ideas guiding the group seems to have been outlawed in the very democratic form of organization which was decided upon by the meeting. The idea is good; it shows excellent forethought and organization; the objects are above any criticism. The group now needs only to prove itself before the student body by its effectiveness.—N.H.

The Chimney Sweep

By WESTAWAY

The exclusive lovers who roam the campus in a world of their own, sometimes holding hands, sometimes just looking, might be listed as follows: EDGAR SMITH and DOROTHY HOELTZ (outstanding), DONALD "AMOEBE" HOTZELL and AUDREY HARKLEROAD. HOWARD McQUIGG and RUTH VERRILL, CHESTER CASH and DOROTHY KIRK, FLORA ALLEN and CLYDE CADWELL.

The six a.m. spree and swim at East Beach is rapidly gaining new addicts. Who were the rowdies sitting in box B and C at the Lobero theatre? Methought 'twas a horse laugh by TWADDELL and FOLLETT. Who writes on the pink stationery that DOUG OLDERSHAW receives after every Rugby game? (initialed fan mail). It is rumored that C. R. EDGECOMB was married and unmarried during Easter vacation. If anyone knows the grounds let us know—we're curious. PEGGY BENHAM is irked at BOBBY BURT for tripping off to Ventura one night with WANDA FELGER, but at the same time there is a fellow named HOWARD intruding into the picture.

A brown convertible coupe parked on the beach—its occupants were not in view. A JOAN THURSON inspired TED HANLEY on his last column about San Francisco. This already cost him a quarter to keep it out of here, but he didn't bribe the right person. BOB EICHELBERGER can't you take a hint? When SHIELA de RICHBUTCH leaves you at 8:15, you shouldn't wait until she comes back two or three hours later and anyway what will LORRAINE say?

Some think after strong arm SIMON LEGREE—ANN COVELLE got through with the pledges, they shouldn't be required to have an additional week of no-dates. The D.Z.D. pledges were put on their honor not to accept rides initiation night, (some of them walked). MARION DREDGE was left holding the sack when her boy friend called on her Saturday night and not being proud when he found her not at home—he took out one of her room mates. The Alpha Thetes couldn't keep up with their pledges—the Beta Sigs contributed to their delinquency.

What's this about JUICY LANGLO—blondes, brunettes or red heads. Does SANDERSON prefer a Pontiac to a Ford or is the Ford getting rusty from misuse? CLARENCE LAIR has a super attraction—his girl friend moved to Santa Barbara. Information wanted concerning whereabouts of individual who gave "BUZZ" BUSBY sleeping powders while in the barber chair? Last week a West Virginia solon introduced a bill to provide for a fund of three million dollars to loan to spring-struck couples who want to be married and haven't enough filthy lucre to do it right. What has happened to the date bureau might be illustrated thusly. Lonely one: "I'd love to get a date. How's about it?"

Well, it was up to the S.P. to streamline their trains if they hoped to win the race to the grade crossing, wasn't it?

Inside information tells us that Dr. Ellison's Pacific Ocean Area class resolved itself into executive session and considered the problem of "home wreckers." Book Chatter

By ARTHUR H. BATCHELDER

Fans who like a flavor of Sherlock Holmes, come; for once again we have H. C. Bailey's famous character Reggie Fortune. It's called "A Clue for Mr. Fortune." A book of six long stories with the inimitable Reggie Fortune at his best.

"The Torn Stocking," Reggie's discovery of the dead cat and the carelessly dressed doll made additional work for the hangman.

"The Swimming Pool," Reggie attends a garden party and copes with the problem of the headless girl.

"The Hole in the Parchment," Reggie turns from lingerie to confront a jealous husband with a sheep's eye.

"The Holy Well," The Death's Head and Treacle assist Reggie in saving a condemned woman from the noose.

"The Dead Leaves," gave Reggie his first satisfactory answer to the hard question of why boys will be boys.

"The Wistful Goddess," Reggie comes to the aid of Cupid and solves a murder—all because of a man's broad beam.

VOICES RECORDED

Voice recordings of the 27 members of the speech improvement class were taken on a dictaphone recording Monday. These records will be kept and compared with a similar record to be made at the end of the year. The class is under the direction of Mrs. Marie June Davis, instructor of English.
