

SANTA BARBARA COLLEGE
EL GAUCHO

CONCERT CLOSES TONIGHT

Freshmen Trip The Light Fantastic In Cotton and Jeans

Freshmen in cotton and jeans will dance in the Music Hall tomorrow night, amid a Gay Nineties atmosphere.

Music will be furnished by popular records, and there will be some sort of entertainment or games, in addition to the dancing which will begin at 8:30. Admission is limited to freshmen, who may bring their dates and one other couple.

Carolyn Gustine, freshman social chairman, will direct the arrangements for the affair. Committee chairmen include Jean Calderon, decorations; Dorothy Simmons and Juanita Kuster, refreshments; Dawn Walker, posters; and Willie Wigger, publicity.

Naomi Dyer, freshman president, states, "This may be our last class event for the semester, so let's all turn out and become better acquainted, before we are sophomores."

Student Body Invited To Sophomore Dance

Sophomore classmen will present a backward dance May 11 at the Montecito Country Club at 8:30. The girls will do the honors for the evening, such as providing corsages and transportation for the men. The theme will be similar to a Sadie Hawkins day dance.

Those participating in the arrangements for the dance are Sharon Smith, social chairman; Gordon Griffiths, class president; Barbara Larson, secretary; Georgia Dickens, decorations; and Jennie James, publicity. According to Sharon Smith, social chairman, and Gordon Griffiths, class president, "We want to see you support this dance one hundred per cent, it's going to be fun so start saving your stale flowers and garden vegetables for that corsage."

Sharon Smith Elected New AWS President

Outcome of the final count of ballots in the A.W.S. elections showed Sharon Smith winning over Florence Record in the contest for president of the Associated Women Students.

Katherine Nordstrom was elected to assume the duties of first vice president and Gloria Rosi will handle the office of second vice president in charge of welfare work.

A close contest for secretary found Patty Pike the winner, to hold the office for the coming year.

Naomi Dyer was elected to the office of treasurer and Billie Kump will be the A.W.S. councillor.

Approximately four hundred votes were cast which showed that a fairly large percentage of the A.W.S. voted.

Anyone wishing to take a course in Red Cross life-saving or safety is requested to see Coach Terry Dearborn at once.

Student Body Office Candidates To Be Presented May 15

President Tito Gorrindo has announced the following candidates for student body offices who are to be introduced at the assembly on May 15. Further nominations may be made from the floor. Elections will be on May 16 and 17.

Candidates include Ray Puissegur, president; Gordie Griffiths, Billye Bowie, Patti Mayer and Emily Levine, vice president; Lynn Wiggins, Raulyne Reilly, Betty Steele and Lida Watson, secretary; Patty Gyer, Georgia Dicken and Bob Schottlund, yell leader.

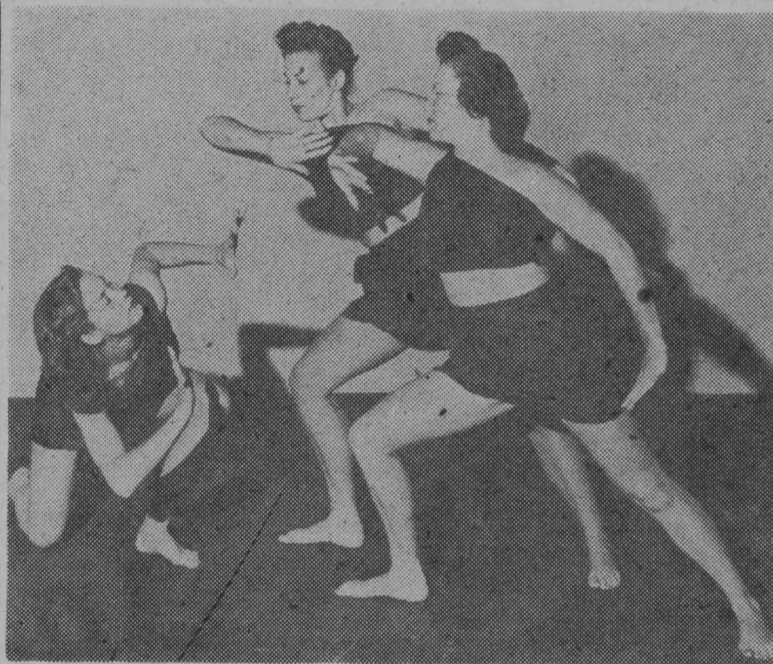

There have been no applications for men's senior council representative. Those running for women's representative are Virginia Landon and Jean Ausman. As yet there are no candidates for men's junior representative. Women's candidates include Nita Albright, Barbara Larsen and Lynette Edgerton.

Dick Goodman is men's sophomore council representative candidate. Phyllis Hopping, Elinor Zankich and Willowdean Wigger are running for women's representative.

All candidates must pass the constitution test which will be given on Tuesday, May 8, in room 80, at 4 p.m. before they can run for an office.

SHARON SMITH
A.W.S. President

One of the best dances of the concert is the "Polynesian Primitive" featuring Darleen Druliner, Lois Jellison and Sally Dunlap (left to right).

Galloping Gaucho Revue Talent Tryouts Held

Tryouts for the Galloping Gaucho Revue to be presented May 19 were held Wednesday in the auditorium under the direction of Patricia Bradfish and Angelyn McGarvin.

A fiesta and fashion show will be held in conjunction with the Revue, dinner being planned for 6:30 p.m. and the fashion show starting at 7 p.m.

The traditional Roadrunner Revue which was scheduled for May 18 was cancelled due to lack of time for preparation. "We felt that we would not have the opportunity to present the show in the traditional manner," explained Mrs. McGarvin, co-director.

Jet Propulsion, Pencillin Featured In Science Display

Science teachers and students are sponsoring and conducting a group of displays Sunday afternoon from 2-5 at the Museum of Natural History. Active participation on the part of the students is stressed with members of science classes to be on hand as demonstrators. Mysteries of jet propulsion

and penicillin, two developments of immense interest, will be unfolded. Fluorescent minerals, silicones, food adulterants, and lighting developments will be featured.

"Chemistry Lights The World" is the theme of the chemistry major's display. Chemistry's integral contribution to the development of better lighting will be explained in detail. Methods of obtaining after-sundown lighting from the candle up to the latest fluorescent lamp will be shown.

Jet propulsion, object of much discussion since its advent as a means of speedier and cheaper power for robot bombs and airplanes, will be shown by means of a simple demonstration. Ordinary gas will furnish the fuel and tin cans will act as exhaust tubes. Biologists will have a display on

National Art Honorary Gains New Members

The pledging ceremony for the XI chapter of Delta Phi Delta, a national honorary art fraternity, was held Thursday afternoon, April 12, in Mrs. Doolittle's office.

The pledges were Miss Conkey and Mr. J. Hansen as honorary members. May Barnes, Jane Brock, Mirrie Abbott, Bernice Depweg, Delia Davis, Georgia Dicken, Jerrie Rankins, and Joy Figgen were pledged as potential active members.

The active members who were present included Maudie Etchart, Patty Simm, Dorothy Dunn, Ruth Garland, and Jane Lewis. The sponsor and faculty who were present included Mrs. Morrissey and Miss Mosle; Mrs. Doolittle and Mr. Cheever.

Van Curen Presents Varied Repertoire

Under Mrs. Raffaele Van Curen's direction the 7th annual Dance Concert was presented in the Santa Barbara college auditorium last night at 8:30 and will be repeated this evening.

The program was arranged so that dances devoted to formal interest in composition precede a varied Folk Suite.

Most of the dances were created from selected music. However, for "Rondo" and "Fanfare," program pianist Emma Lou Eppel composed accompaniment after the dance patterns.

Besides piano and percussion instruments, "Hard Times," an American poem, was read last night by Ray Puissegur as voice accompaniment to a dance in ballad form.

Other music chosen as background for the concert includes "Rhapsodia," by Dohnanyi; "Suite Provencale," by Milhaud; "Marinera," a traditional Peruvian dance piece; a Delius waltz, "Dancing is for Sensitive Souls"; "Polynesian Primitive" by Knudson, and Smith's "American Primitive."

Members of the women's education department participating in the dances besides Mrs. Van Curen are as follows: Alice Barnes, Irene Bear, Elizabeth Corr, Dorothy Dickie, Darlene Druliner, Sally Dunlap, Lynette Edgerton, Margaret Ford, Patricia Geyer, Margaret Houle, Lois Jellison, Patricia Minier, Jane Motter, Patricia Patterson, Jean Schmidt, Rosalie Seals, Edna Shearer, Lois Simpson and Barbara Webber.

Make-up Tests To Be Given Thursday

Proficiency tests for those students who failed in any part of the examinations last fall will be given on Thursday, May 3, in the college auditorium at 3 p.m.

Students deficient in any section of any division must retake the entire division and will be held responsible for any part taken whether passed formerly or not. All students must see their department head and present written evidence of having prepared for their make-up divisions before appearing for these tests. Fees are fifty cents for the first make-up and \$1.00 for each test thereafter. All students should go to the financial office and pay this fee before the test. The receipts must be presented before admission to the auditorium.

The following is the time schedule for the various divisions: reading comprehension, 3:00; reading vocabulary, 3:25; arithmetic fundamentals, 3:45; arithmetic problems, 4:25; English, 5:05, and spelling, 5:40.

The doors of the auditorium will be opened at the beginning of the administering of each division only.

Off the Beam

By the SQUARE

We will open with a little ode to the Gaucho Room as penned by BUD CARNEY, one of our former campus characters.

The Smoke billows
Like downy pillows.
The room is warm.
A beauteous form
Is planting itself—
Lacking in stealth—
In a wooden chair.
The tables aren't bare;
They're all over dishes.
The poet wishes
They might be gone;
And then anon,
An aproned young man
With a leer on his pan
Arrives to take
The remnants of cake.
And dishes and slop
Also to stop
Bottles of cokes
Being piled by blokes
To high tower.
The odor is sour—
There are butts on the floor,
A guy by the door.
Naturally you know,
As surmises go,
It's the Gaucho club—Not any
Pub.

But enough of the finer things of life. Leave us get down to brass tacks and the latest news of the week. We will tell you what we know; however, there are some people we will get no dirt on until they are six feet under.

We are proud to announce that on June 13 TANYA CASPER will be married to Army MP BILL BROWN. We are told he is just precious.

MILLIE SCHAUB will take the fatal step with a naval lieutenant known as BILL. Also about to go down that long aisle is MARGE FOWLER, who is checking out of school. If this mad spree of weddings keeps up, people are going to start coming to Santa Barbara college just in hopes that they, too, can find a man.

At the Presentation Dance on Friday last, among thousands of other people were seen JOY BRICK and BROOKS GRAHAM of the Merchant Marine, PEGGY POMATTO and Coast Guardsman KIRK JACKSON, ever-faithful BILL LAWRENCE with SALLY WHITE. Even GEORGE BRADVICA was there with none other than JEAN CALDERON. GEORGE was here from Wednesday until Sunday, just checking to see that everything was going all right since he left.

DEEDEE LECROIX is doing a fine job of keeping up JERRY COCKS' morale until he leaves for the American Field Service.

Former basketball star BOB SHERMAN, now of the Merchant Marine,

EDITORIAL

That hackneyed expression "School Spirit" seems to irk some students whenever it is mentioned. But the student body as a whole is woefully lacking in this particular quality. On occasions such as the Charter Day celebration the old esprit de corps flares up only to die down like a four cigarette match.

Why confine ourselves to a particular day to expedite our intra-student goodfellowship? Where has that cheery "Hello" and Colgate smile tradition of the Gaucho campus disappeared? Why is it that a goodly portion of the student body has to depend on the El Gaucho gossip column to learn the names of their contemporaries.

No one campus group is at fault—as a group. Collectively these cliques are somewhat to blame. It is true that everyone has a few friends with whom he would rather associate but after all human beings are not like planets that they have to remain in their particular orbit. Break out of your shells, relax that face into a toothsome grin and you'll be surprised how your popularity rating rises.

In our student body there are a few persons who subordinate their school spirit to spread insidious gossip where it will do the most harm. These poor misguided fools are delighted at the havoc their rumors cause. Science has a name for them and so have we, but our scruples prevent us from making it public.

USC has their HELLO WEEK—let's go one better and finish the school year with a HELLO SEMESTER. It will be much better to be known as an Associated Student Body, not as a Disassociated Student Body.—A.M.

Educational Society Meets at DZD House

Kappa Delta Pi, honorary educational society, held their regular business meeting April 5 at the Delta Zeta Delta house.

Plans for the formal initiation were discussed and a pledging ceremony for the new members was held after the meeting. Pledges include Betty Patterson, Pat Gilderson, Peggy Schuman, Evelyn Stevenson, Tito Gorrindo, Ray Puissegur, Helen Murray, Beth Esker, Helen Blankenbaker, and Elaine Piper.

Following pledging ceremonies, Dr. Werner, of the Mesa Campus, spoke about the history of Alpha Rho chapter of Kappa Delta Pi.

Refreshments were served at the close of the meeting.

was brightening up the smoke-filled atmosphere of Ye Olde Gaucho room last week. Glad to see you, BOB.

Delta Zeta alums HELEN MITCHELL and EMILY MITCHELL DUSUTTER were in town over the weekend. JEAN CASEY left last Saturday to go to Hunter College as a member of the WAVES, and a very attractive bit of addition we might say, if we were talking about figures.

Visitors of the week were Miss Signe Lund from Oslo, Norway, and Charles Haines from Philadelphia. Miss Lund is to be official photographer for the Norwegian Delegation at the San Francisco Conference. Both Miss Lund and Haines were in the cast of "The Forgotten Factor," which was presented at the Lobero three weeks ago. Also seen back on the old home ground was George Bradvica, an industrial education graduate, who is doing further study at USC.

Bob Leonard, an IE department member who graduated last June, plans to return this summer to continue some graduate work. He is teaching in Sierra Madre at present.

We are glad to see Bill Hansen back after being discharged from the hospital where he had a delicate operation performed on his eyes. The oculist doing the operation has prescribed that he beware of blondes, brunettes and other such characters.

Among other members of the department who attended the CIEA meeting at Ventura last Saturday were Mr. Griffin, Mr. Werner, Mr. Taylor, Mr. Soules, Mr. Fryer, Skiv Dahl, Bob Schottland and Ray Puissegur. A luncheon was held, followed by interesting demonstrations

Cadet Nurse Corps Offers Opportunities For Women

Opportunities for immediate war service as well as a post-war future in a proud profession await young women of America who enroll in the Cadet Nurse Corps of the United States Public Health service, Miss Vivian Campbell, registered nurse of Los Angeles, told a group of Santa Barbara college girls on Tuesday. The occasion was the first of four vocational hours and was held in the AWS clubroom. Miss Campbell is the director of the Student Nurse Recruitment office of the California State Department of Public Health, serving Southern California.

As a Cadet Nurse, a student nurse receives an all expense scholarship covering board and room, tuition, fees, books, uniforms and a monthly spending allowance. The Cadet Nurse receives a regular nurse education under an accelerated program of 30 months in California with a six months' Senior Cadet period. After completion of this education, the Cadet Nurse is eligible to take the State Board examination in order to be a Registered Nurse.

From the beginning of her education, the Cadet Nurse is of immediate war service, for by helping in the hospital where she is studying, she helps release graduate nurses for military duty. The Amer-

ican Hospital Association has given the Cadet Nurse Corps credit for having prevented the collapse of civilian nursing. The nurse will continue to play a vital role in the post-war world with ever expanding opportunities for the nursing profession.

Miss Frances Ziilch, dean of Knapp College of Nursing in Santa Barbara, which is participating in the Cadet Nurse Corps, also attended the meeting. She was accompanied by two Cadet Nurses who are former Santa Barbara college students—Cadet Nurses Shirley Conklin and Lorraine Delbrook. Many Santa Barbara college students now are Cadet Nurses—Girls with a Future—at Knapp college. Further information about the Cadet Nurse Corps may be obtained by calling Miss Ziilch at Santa Barbara college, 6181, or by writing to Miss Campbell at 424 Washington Building, Los Angeles, 13.

in plastics, glass cutting and other shop practices.

Hey, Skiv, just what priority do you have that you rate a police escort to school.

"Oh where, oh where have our two girls gone" is the song Mr. Taylor sings as he checks roll. He carries a bad tune, so please come back.

Henley In Music Recital

Barbara Henley, pianist and artist-pupil of Lloyd Browning, will be presented by the Santa Barbara College Music Department in the second of the spring series of three recitals Tuesday evening, May 1, at 8:15 in the college auditorium.

Miss Henley's father, Lloyd G. Henley, and sister, Leona, are both violinists, while her mother is a singer and pianist. She, herself, began studying piano at the age of seven, first with the Sisters of Notre Dame, then with the Franciscan Sisters and the Sisters of the B.V.M., and finally with Mr. Browning, whose pupil she has been for two years.

At Santa Barbara Catholic high school, Miss Henley accompanied the Glee Club and Choir and played for the annual operetta for four successive years.

For two years she was pianist for the Doris Smith Dance Studio, for several months played with the Star Dusters Orchestra, and is now an organist at Our Lady of Sorrows Church.

Active also as an accompanist at college, Miss Henley plays for the Women's Glee Club and the orchestra. She is a member of Phi Lambda Mu, honorary music sorority.

Tuesday night program will be as follows: Sonata op. 13 (Pathétique), first movement—Beethoven;

BARBARA HENLEY

Capriccio op. 76, Intermezzo op. 76, and Rhapsody op. 79—Brahms; Two Preludes, Etude op. 25 no. 2, and Ballade in G minor—Chopin.

Following the intermission Miss Henley will play "Claire de Lune"—Debussy; "To a Water Lily" and "Hungarian"—MacDowell; Nocturne for the Left Hand—Scriabine; "Etude de Concert"—MacDowell.

The public is cordially invited to attend Miss Henley's recital.

As the judges have not yet had an opportunity to check all entries carefully results in El Gaucho's poetry contest will be announced next week.

Sororities Resume Formal Activities After Presentation

Following the presentation of the new members of all sororities Friday night, formal activities are once more taking form. What with arrangements for Mother's day teas, breakfasts and luncheons, we give you the current news of last Monday night sorority meetings.

GAMMA DELTA CHI

Gamma Delts presented their new members at the presentation last Friday night. Following the dance the new members were honored at a party held at the sorority house.

The pledges were formally initiated April 15 at the home of Mrs. H. E. Henderson. Tea followed the ceremony on the patio of Mrs. Henderson's home.

The members are planning a barbecue, the date has not been arranged as yet.

TAU GAMMA SIGMA

A regular meeting was held at the home of Maudie Elchart last Monday evening. Further plans were discussed about the Mother's Day tea to be given May 13. Plans were made for the traditional alumnae tea in honor of the new members. The date has been set for May 26.

The Tau Gams will serve at the Women's Club, May 5, for a fashion show. The meeting was adjourned to the Town House.

PHI KAPPA GAMMA

The meeting was called to order by the president, Florence Record, last Monday night at the sorority house.

A Mother's Day luncheon was planned for May 13. The luncheon will be given at the sorority house. Barbara Waterhouse is in charge of the luncheon menu.

CHI DELTA CHI

A regular meeting was held at the sorority house, followed by a short business meeting. Final plans were presented for the celebration of the Chi Delts annual birthday. It will be held this Saturday night at the Montecito Country Club. Mary Ann Andrews was placed in charge of decorations.

Mrs. Ralph Nair, patroness, was presented with a birthday gift from the sorority.

Following the meeting the members of the A.M.S. were entertained with refreshments, dancing and bridge.

ALPHA THETA CHI

Nautical life was the theme of a party given by Alpha Thete's new members for the old members, Monday evening, at Ruth Ann Carter's home on Chelham Drive.

DELTA ZETA DELTA

Members of Delta Zeta Delta met Monday evening at the sorority house. Plans were made for a Mother's day breakfast, Sunday, May 13. A letter was read to the new members from alum Edie Van Meter, now teaching in San Bernardino. After the business meeting, refreshments were served. Members decided to attend the All Southern California High School concert in May en masse.

GAUCHOS PLAY NAVY BASE

PREVIEW

By DORIS SAVERUD

The year is 1989. Down here under the earth's outer crust, I live with the remaining thousand of what once were the millions of Americans, delving further into the rock and coal layers to escape the raging destruction of the robot bombs.

Introduced in the second world war, now almost half a century ago, this terrifying weapon has increased in efficiency until it now demolishes entire cities in one blast. After Chicago had dissolved into a mass of steel and concrete, and New York had become but a sieve of huge craters, our officials decided it was best to evacuate the remaining civilians to this underground webwork of tunnels until such time as the enemy produced a robot instrument powerful enough to knock us out of here also. That time cannot be far in the future, for Heaven knows they are trying; they pound the ground over our heads constantly. Sooner or later there will be a bomb coming those thousands of miles that will end us all; it is inevitable.

Our scientists are working too. We will not all die unless the enemy dies with us. They say that we have at last manufactured a radar implement that will break their hide-outs in the Alps—tear them to shreds. If only they don't get us first. But they might.

Life has always been in danger. There is no safe place. Armies long ago made land unsafe; the sea nurtures submarines; the air draws ack-ack. Yet, the aggressor never before entirely eliminated the possibility of a return fire until the robot theory evolved. That makes it terrifying; nothing can stop it. Life has become of little worth, for to every birth a million lives go. Why should we continue life when we must exist like moles, not humans?

If only there were some substance strong enough to resist the force of the robots, we might have a chance. But they are too perfect, too well controlled. That is why they could break our morale when we lived above ground. True, our interceptors caught some of them and exploded them before they reached their destination; but the danger of shrapnel created this way was nearly as great as the bomb itself would have been. The deflectors eventually destroyed themselves.

It is hopeless. The world cannot continue this way—this fear; this insecurity; this sure death; it is driving us mad. Still, I repeat, we can do nothing. Nothing but curse the inventor of the robot theory and curse the foolhardiness of a world that allowed such a weapon to function.

Nominations Dinner Scheduled By AMS

Tentative plans were made for a nominations dinner to be held in the near future at the regular meeting of the Associated Men Students Monday evening in Pine Hall.

Tom Burt was named chairman of the committee to secure suitable dining accommodations and cuisine. A speaker, either a distinguished athlete or serviceman, as yet undecided upon, will orate after the men have sated their hunger. Nominations for next year's AMS officers will be made from the floor and elections will be held in conjunction with the general student body elections.

Means of raising money to purchase baseball jackets were discussed. Many suggestions were advanced but no definite plan was approved. Jack Murphy and Bob Elliot are in charge of the fundraising committee and will decide

Locals Lose Rubber Tilt To Mira Loma

Last Friday the local softballers dropped the rubber game of their series with the Mira Loma Air by a 6-1 count. Little can be said on the game except that the fliers hit 'em where our Gauchos weren't while Dearborn's boys succeeded in hitting the infielders and outfielders with amazing consistency.

The Gauchos meet the Section Base team this afternoon at 3:30 in Pershing Park. Monday they play a return engagement with the Army Redistribution Center. This game is scheduled to start at 5:15 on the Cabrillo Field diamond.

on the method of obtaining money. Sports movies which were originally scheduled for Friday were shown at the Monday meeting. The meeting was adjourned to the Chi Delta Chi house where entertainment and women were furnished by the sorority.

LETTER TO THE EDITOR

Dear Editor:

Much, possibly too much, has been said about this school's dormant school spirit. I believe that our Charter Day rally was certainly a fine example that the students do have plenty of pep, enthusiasm, and school pride **IF THEY HAVE A REASON.**

Last Charter Day found hundreds of us joyously traipsing through the mud and rain, waving torches, and singing school songs in front of a gargantuan bonfire. Clothes and permanents were ruined, many of us caught the sniffles, but who cared? We all had a wonderful time and Santa Barbara college saw a display of school spirit that would do credit to any of the larger schools in prewar days. Yes, the school spirit is here but it's slumbering.

Most of the larger schools throughout the country have a Union Building dedicated to the task of promoting good fellowship among its students. It is in this building that the fellows and girls of the campus really get to know each other. They make vague acquaintances in, and about, the classroom but it remains for extra-curricular activities to unite the student body into the ideal "one big, happy family."

Santa Barbara college has its Gaucho room which, supposedly, is the spot for this institution's eight hundred strong to relax and enjoy their moments of leisure. Now there is something lacking in this Opium Den of ours. Aside from the fact that this room cannot seat 800, or even 80, and that non-addicts are

liable to become asphyxiated by the thick blue haze that hangs heavily over its patrons, there remains the appalling fact that as a rumpus room this box car is woefully inadequate.

The ideal rumpus room for this campus would be a place completely equipped with lounges, arm chairs, radio, juke box, snack bar, bridge tables, etc. The new Gaucho room should be opened week nights until 9:00 and until 11:00 on Saturday evenings. This would be a gathering place not only for the students but for their off-campus guests. I'm sure that faculty and students alike will agree that an enterprise of this sort is certainly needed.

Probably the most important problem in getting up such a program would be finding a suitable room, or rooms. There is one room on the campus that would be ideal, that being the girls dormitory or better known as the A.W.S. Room. This suggestion will cause howls of anguish to resound from all corners of the campus but take this idea for what it is: one man's plan for increased campus activity. He is only one—what do the rest of you think?
(Signed) FRED BURROUS

Intramural Play Finals Start Next Week

Next week starts final play-offs for this year's basketball winners.

May 1:
A. Sigma Deltas vs. Chi Deltas will play a postponed game which will decide the winning team of League I;

B. Gamma Deltas vs. Delta Sigs will play off ties for the winning honor of League II;

C. Tous Les Temps, sub-chapter of Phrateres, is the winning team of League III.

Finals for the winners of these play-off games will be played in round robin form, thus:

- May 3—I vs. II
- May 8—I vs. III
- May 10—II vs. III

The W.A.A. has entered members and interested women in an inter-collegiate Archery Tournament. Our ranking as to other colleges will be posted next week.

IMPORTANT NOTICE

The absolute deadline for free student tickets to the All Southern California High School Symphony Orchestra concert is today at 4 p.m. All seats are reserved, and students will be issued a free ticket upon presentation of the student body card at the time a ticket is secured in the Student Body office. The concert will be presented on Monday evening, May 7, at Lobero Theatre.

Rejuvenated Gaucho Team Meets Tough Section Base Ten

The slugging-sailors of the Navy Section Base have been chosen as the opponents for the Gauchos in their big game that will take place this afternoon at Pershing Park with the first pitch coming at 3:30.

Coach Terry Dearborn promises to make this game one in which his Gauchos will get dizzy from the repeated circuit trips around the diamond. Their ire has been fired to the breaking point by their current slump and they want to vault their vengeance on the Section Base ten as it was this same team that humbled the collegians so ably by the score of 12-0 a few weeks back.

"Ace" Rodriguez will probably get the call for the Gauchos starting pitcher. His steadiness and brilliancy, when on form, has given him the reputation as a tough man to beat. He will be received by Lowell Williams.

Locals can expect plenty of offensive action from the bats of the big three, Elliott, Griffiths, and Casier. All three are potent men with the bat and are about due to show visiting pitchers plenty of grief. The other team members have been taking healthier cuts at the ball so new stars in the softball heavens are soon to appear.
