HIGH SCHOOL GLEE CLUBS PRESENT CONCERT

The High School Glee Club is giving a concert tonight at 8:15 in the Coliseum auditorium. As this is the High School Glee Club's first appearance this year, a large crowd is anticipated. The clubs of previous years under the direction of Mrs. Barr, have established a reputation of excellent repute among the towns.

The first part of this evening's program will consist of songs and glee club strums by both the Boys' and Girls' Glee Clubs. Following these, a pantomime will be presented.

STUDENTS' INK WELL TO BE INSTALLED

An inkwell for the use of students will be placed in the corridor near the main board opposite the office entrance, sometime next week. Students who have been inconvenience by the lack of such an inkwell will no longer be unable to fill their pens.

The demand for such an inkwell has been prevalent for some time, the council has been considering the means of securing such a facility for several weeks. Carillon Newman has charge of the installation of a glass container in a wooden box. Clarence Anson is the constructor of the box.

PRACTICAL SCIENCE SCHEDULE MADE

Mr. Gilliland has announced the schedule for the Practical Science class of the for the rest of the semester.

Geology will be studied from 1:10 to 1:30 on Saturday, December 14th, in the laboratory. The lecture on New Zealand, given Monday evening, was considered as one of the lectures of the course. Three laboratory hours are required for the \( \frac{1}{4} \) unit. The grade for the course will be based on written reports on each lecture attended.

GLEE CLUB WOMEN TO CHOOSE COSTUME

It was decided at the meeting of the Women's Glee Club on Thursday that a trial costume for the club be designed by Eleanor Hicks. Later, the blouses will probably be made of green flannel.

The basis of the report is the judgment of faculty members that the present rating of the individual is either "D" or "F." Although "C" is not a failure, if a student receives too many such grades at the end of the semester, his withdrawal is required. A student who at the end of any semester has unsatisfactory grades, 4 of his average, in more than 50 per cent of the units originally scheduled on his semester program, may also be required to withdraw.

The Credentials Committee calls attention to the fact that students who have not attained a "3" average and those issued to students who were unrecommended from High School and who have not removed this limitation, will bear the following stamp: "On account of low grades, not recommended for transfer."

The existing regulation about the dropping of subjects will be superseded by the following regulation: "Each student is advised of the effectiveness of the above rule."

The procedure for withdrawal from College hereafter will be by petition of the student and the faculty of the institution. President Phelps is advising students of their standing in the institution. The limitations will bear the following stamp: "On account of low grades, not recommended for transfer."

Several new regulations pertaining to standards for graduation, as of accordance with the teaching and method of procedure for dropping work and withdrawal from College were pass by the faculty Tuesday night at the recommendation of the Standards Committee. The new regulations, it is pointed out by the committee, are passed as a matter of safety-guarding the students. Other colleges are passing similar regulations and they are essential in keeping up the local College to the standards of other institutions.

An average grade of "3" is required for graduation under the new plan, which will go into effect next February, and will pertain only to such work as is taken after that date. No student will be admitted to work in supervised teaching whose average in the institution is below the standard for graduation. Any student already in supervised teaching whose average shall fall below "3" will be barred from teaching until a "3" average is attained.

All transcripts of records issued to students who have not attained a "3" average and those issued to students who were unrecommended from High School and who have not removed this limitation, will bear the following stamp: "On account of low grades, not recommended for transfer."

COLLEGE SCIENCE CLASSES VISITED BY DR. LONG

Dr. Long, head of the Zoology Department of the University of California and chairman of the Junior College Zoology of the State, is visiting the College today. Dr. Long is inspecting the classes in Zoology, which are under the instruction of Mr. Gilliland.

EXCHANGES
The San Pedro High School is planning a new art exhibit. Last year an exhibit of modern prints was held by the students.

The Thespian Literary-Dramatic Society of the Pacific Lutheran College of Parkland, Washington, gave a "Book Program." The members of the society dramatized scenes from several well-known books.

The San Barbara High School has invited the poets from the Fresno State College. So far, according to the register, there have been poets from San Francisco, Pasadena, Imperial, Hollywood, New York, and New Jersey.

The students of the Fresno State College held a "Dress-Up" Day the day before Thanksgiving. Many costumes made their appearance.

LECTURE ON NEW ZEALAND GIVEN BY MISS FAIRLY
Elizabeth Hamilton Fairly, student and traveler, gave an interesting lecture on New Zealand in the cafeteria Monday evening before about two hundred people. The lecture was illustrated with pictures which were taken by a former traveler in New Zealand.

The first slides showed the formation and scenic views of the islands. Some remarkable pictures of the hills and flowers of New Zealand were also illustrated with pictures which were taken by a former traveler in New Zealand.

STUDENTS ADDRESSED
BY MR. RUST

Mr. William L. Rust talked to the Student Body Tuesday morning on the history of the metric system. Taking time of its history and its present development. Mr. Rust gave many fascinating sidelights on the use of both systems of measurement. The cost which would be involved in adopting the metric system universally as has been pointed out was well illustrated by Mr. Rust.

OUTING CLUB TAKES FIRST LONG TRIP

The student Body made its first long trip of the year last Saturday night. It was carried to the top of the mountain by the San Marcos Pass, Santa Ynez River. A group of four people made the trip to the river property at different times during the day, and all returned Sunday afternoon. Since the San Marcos Pass was closed for repairs it was necessary to travel over the Gaviota Pass route. The roads were in miserable condition and mud was a good King. Those who made the trip were: Mrs. H. B. Jewsbury, Anna Lincoln, Elizabeth Janssens, Philip Brotherton, Esther Egan, Paul Conklin, Clifford Leedy, Harold Groff, and Estelle Ellsworth. Diversions for the trip were hunting quail, rolling stones off the cliff, and jumping, eating.

The trip to the cabin will be held at some later date in the spring and is being looked forward to by a large number of students.

FROSH WILL ENTERTAIN AFTER THE HOLIDAYS

The Freshman program which was to be given next week has been postponed. However, the Frosh, Santa Barbara students who probably entertain the Student Body at its meeting after Christmas vaction, students anticipate an original poppy program from the Frosh, who wants to show themselves prominent upon the campus.

THE GREAT WARDROBE

Quality Since 1886

The Great Wardrobe

Students in Latin America have probably done more in overthrowing the old system of education than almost any country in the world. The South Americans were more or less actively rebellious before the war, frequently displaying their displeasure by "manifestos." These displays of displeasure, for the most part directed against some action of the church or of foreigners.

The war marked a new epoch in the history of Latin American education. Cordoba, the university town of Argentina, became the center of a new reform movement. Protesting against dogmas and ancient methods of instruction, the youth demanded more freedom and effective teaching. Professors and teachers, who were detrimental to the more liberal movement were driven out of the universities. The student strike became general and all the universities of Argentina participated. Many of the younger professors and instructors assisted in the movement.

At first the government of Argentina was actively antagonistic to the movement, even resorting to arms in an attempt to quell it. Eventually it was forced to yield, however, for public sentiment sided with the students. Meeting in a student congress, the young people formulated their demands. They wanted academic freedom, recognition of the right to strike, the right to form unions and clubs, the suspension of roll call, the creation of a technical university at Tucumcan and the abolition of all dogmas in teaching.

The demands were granted and new laws for the universities were passed. The movement was not confined to Argentina. Students in other countries, Peru, Chile, Cuba, etc., had their similar struggles. In some cases the reform is not yet complete. Latin American youth seems to be in the land of a more or less universal desire among thinking students to make the educational systems of the various countries more liberal and effective.

JOKES

Dr. Evans: "Sir, Hawley, can you tell me about the Mongolian Race?"

Sir Hawley: "I haven't there, went to the ball game."

Dean Askworth: "Construct a sentence using the word triangle."

Said "One side of the triangle is going fishing, try angle worms.""
FOOTBALL MEN HONORED WITH DANCE TONIGHT

The dance in honor of the football men will begin at 8:30 tonight in the gymnasium. The social committee promises good fun for everyone who attends—dancing for those who dance and games for those who are interested in dancing.

The feature of the evening will be a football game between the footballmen and the cheerleaders. The games of the Two-Timers. An intense rivalry between the teams, and the fight will be a bitter one. Everyone is invited to come and root for his favorite team.

The dance will be informal.

The following men will be awarded trophies this evening:

PERSONALS

If you want to know how it feels to fall off a high cliff, ask Ted Ellisworth.

Marge Weitman couldn't tell the difference between leaves on the river and land and, consequently, dampened his feet while he vacationed at the Outing Club cabin last week-end.

Dorothy Pratt and her sister Hollis went to Clairmont for Thanksgiving to visit friends.

The forest fires over near the Outing Club cabin scared most of the girls away. The result was only three of them braved the trip.

Everyone who could possibly go home for the holidays rejoiced at the chance and went.

Allen Kemla thinks "get out and get under" would be a good name for his car after his last trip.

Flora McGivney gave a dancing party last Saturday night.

During the holidays, Paul Fritz went to Los Angeles to see the Poly-Los Angeles High School football game.

Mrs. Le Blanc plans to attend U. S. C.-Syracuse game in Los Angeles this week-end.

Estet Jameson entertained a number of friends last Wednesday night with a dancing party.

Bob Wormser is acting as baseball instructor for the Elementary School and the pupils. The pupils find Bob an efficient coach, and Bob reports that he enjoys the work.

Ruth Garver, Rita Burnett and Eleanor Warren are giving a dinner in honor of Dean Pyle on Sunday.

Bob Wormser sprained his ankle this week-end and had asked a number of questions which were easily answered.

At a small country school the pupils were having a lesson on the animals. The teacher had asked a number of questions which were easily answered.

At length she said, "Why does a dog hang out his tongue when running?"

A lad who had not answered before raised his hand.

"Yes, Tommy, what is it?" she inquired.

"To balance its tail," was the reply. —Ex.
