

UCSB Growth Rate Is Second Fastest

Enrollment figures for this fall at UCSB show that this campus is the second fastest growing campus in the California University system.

This fall's total enrollment of 4865 students is an increase of 17.8% over last year's total of 4130, and a higher percentage than any other University campus except San Diego.

Dr. Theodore Harder, Registrar, states, "The main reason for UCSB's increase is that it offers large-campus advantages such as high-caliber instruction, yet maintains a small liberal-arts college atmosphere with a close faculty-student relationship and emphasis on high-standard instruction."

The residential program at UCSB offers another advantage for students, UCSB is committed to housing for 50% of the students, eliminating much of the problem of where students are to live.

The city of Santa Barbara itself draws students because of the many and varied cultural activities it offers.

Many students like the climate in the Santa Barbara area, especially during the summer session.

A mile-long stretch of private beach brings sea-minded students to UCSB each year. The only problem this attraction has is that campus officials haven't yet figured out where to put all the surf-boards.

GOP's Teague Speaks Thurs.

The Honorable Charles M. Teague will speak Thursday evening at 8 p.m. in North Hall lecture room 1006. Congressman Teague will comment about all legislation voted upon during the last session of Congress.

Cuba, medical care, foreign trade, and public works will be among those topics discussed.

"Congressman Teague," said his representative Monte Winkler, "welcomes all questions concerning his stand on legislation." There will be a question and answer period.

Senior Picture Deadline Moved

Deadline for senior class pictures has been moved to Nov. 7. Pictures are being taken of all seniors, not just those graduating in February.

So far only 200 out of more than 800 senior class members have had pictures taken, according to Hal Jones, Senior Class President.

Cartography Topic Of Harrison Speech

One of America's foremost cartographers, Richard Harrison, will address the History Club and Phi Alpha Theta, national history honorary, Thursday at 4 p.m. in Santa Rosa's formal lounge.

Now on tour at the UCSB campus as a Regents' lecturer, Harrison serves such outstanding national magazines as "Time," "Life," and "Fortune," as map consultant.

He also works with the Department of State and the Air Force and is a consultant for the Museum of Modern Art.

Both the National and American Geographical Societies have named Harrison a Fellow Royal, and he is famed as the originator of monographic methods in the construction of map projections.

At this first history-sponsored event of the fall semester he will lecture on "Modern Mapping and its Relation

Assistant Appointed

Lawrence J. Hagerson has been appointed assistant to the chancellor for development it was announced Friday by Chancellor Vernon I. Cheadle.

The 31-year-old Hagerson has eight years of experience in alumni and college relations work. One of his principal duties here will be to guide the development of the UCSB Alumni Association.

The new man succeeds Dr. Robert L. Kelley, associate professor of history, who has returned to full time teaching and research duties.

The UCSB development officer is concerned with coordinating the university's relations with various public and private groups which are interested in university affairs, such as alumni, parents, community organizations, business and industry and foundations.

For the past two years Hagerson has been in the Los Angeles office of the John Price Jones Co. During this time he served as consultant in the establishment of development programs for the University of Oklahoma and Wabash College. Prior to that time he was assistant director of the development office at the University of Southern California. His experience includes four years in the University of Pennsylvania development office working primarily as an assistant director in the area of alumni relations.

He holds the BS degree in economics from the University of Pennsylvania and has taken graduate work in this field.

Students Report On USO Tour

A report to the students, faculty, and general public will be given by the members of the USO, who went abroad with their show of "Where's Charley?"

Included will be slides of the Far East: Japan, Korea, Taiwan, and Okinawa, narrated by members of the troupe. They will express their opinions and present their impressions of the people and places they visited.

The discussion will take place on October 30, at 7:00 p.m. in South Hall Lecture hall, room 1004.

Concert Tickets Available Now

Tickets for the Anla Dorfmann piano concert here November 7 are available to students and faculty in the Graduate Manager's ticket office and at the Campbell Hall box office for \$1.00.

General admission is \$1.50. The Russian born artist was introduced in the United States by Arturo Toscanini, following a brilliant career in Europe.

HURRY UP YOU GUYS, HE'LL BE HERE IN FIVE MINUTES!! Bahia Hall reconstructs one of those hectic date-nights in a tense scene from "Crisis in the Bahia John." The girls from Santa Rosa walked off with first place in the women's division for their skit.

Sigma Phi Epsilon won Sweepstakes honors with their production of "That's My Buoy", while the Kappa Sigs took first place in the men's division for "Snow White and the Seven Pledges." SPA Photo

Sig Eps - DG's Capture Float Sweepstakes

Sigma Phi Epsilon and Delta Gamma captured the Sweepstakes award in Homecoming float competition with "The Metro-Golden Bear Production of VICTORY BY THE C". The float was also presented with the "Most Unique" trophy.

In RHA competition Apache, Risuena, and Corriente halls took first place, their "Chinatown" beating out the Maricopa-Estrella production "No Goal Too High". Canallno, Ribera, and Juniper's "Mission of Peace" placed third.

"The Legend of California", Lambda Chi Alpha-Chi Omega contribution, won top honors in the Mixed Greek division.

Alpha Delta Pi's reconstruction of the railroads which united the nation brought them a first place in the Women's Open, while the Sigma Kappa's "Sutter's Mill" finished second.

"Water Makes the Desert Bloom" won first place in Mixed Open competition for Yuma and Colegio Halls.

The awards were presented during halftime at the UCSB - San Fernando Valley State football game.

Tomorrow's Concert Offers Music by Bach

A group of music faculty, guest artists and students will present a concerto program in Campbell Hall tomorrow, at 8:30 p.m. Admission to the concert is free to the public.

Three Bach concertos for various solo instruments and an orchestra of strings will be featured. The orchestra will be conducted by Carl Zytowski, associate professor of music at UCSB.

In all three concertos, a solo instrument or group of solo instruments, continuously presents new material to alternate with the full orchestra part. Each concerto is composed of three movements in a fast-slow-fast scheme.

The program will include the Concerto in D Major for harpsichord and orchestra, Dr. John Gillespie, professor of music, playing the solo part; the Concerto in C Major for two harpsichords and orchestra, with Dr. Gillespie and Dr. Wendell Nelson, assistant professor of music, as soloists, and the Brandenburg Concerto No. 5 in D Major. The final concerto will feature an instrumental trio comprised of guest artist Mrs. Norma Alton, flute; associate professor of music, Stefan Krayk, violin; and Dr. Gillespie, harpsichord.

Earl Warren, Jr. Here Tomorrow

Earl Warren Jr., oldest son of the Chief Justice of the Supreme Court, will speak here tomorrow about the current California election campaign. The 12 noon talk in front of the Student Union will be followed by a question-answer session. Students may bring lunches.

Mr. Warren graduated from UC at Davis and went on to Berkeley for law school. He is now a practicing attorney in Sacramento.

The son of the Chief Justice created a stir in California political circles in January 1962 when he changed his party registration from Republican to Democrat.

In doing so he criticized the Republican party for drifting away from his father's brand of Republicanism.

His father is a former Republican governor.

Horvath Talk Today On 'Man in the Cold'

Dr. Steven Horvath, professor of physical education, will speak on "Man in the Cold" in Campbell Hall at 4 p.m. today.

Staff Forms Due Today

Frosh Camp staff applications must be returned to the Associated Students Office today.

Positions for secretary, assistant directors, housing and meals chairmen, recreation chairmen assemblies chairmen and program director are open.

Further information can be obtained by contacting John Stansbury, 7-9114, or Dean Jane Cosgrove, 7-5611 extension 2203.

The lecture will consider man's reaction to normal cold environments, how native populations adapt to these climatic conditions and the problems people in cold regions face from cold injury, lack of food and the like.

The director of UCSB's Environmental Stress Laboratory also will discuss his experiments with the reduction of man's body temperature by artificial means to a hypothermic state, or one of low body temperature.

These studies are being conducted partly to determine whether life can be extended when man is put in a state of hypothermia.

Dr. Horvath is conducting his studies under grants from the Surgeon General of the U.S. Army, the National Institutes of Health, the Cereal Institute and the University of California. He has carried out similar studies at Iowa State University and at Jefferson Medical College in Philadelphia.

Dr. Horvath is the author of

Bikes Pose Problems

Bicycles are a serious problem on the UCSB Campus. Eighteen accidents were reported to the Health center as of the 15th of this month. The rapidly growing campus is experiencing the same growing pains that Berkeley and UCLA have had to deal with in the past.

A committee has been formed to study the problem of the growing number of bicycles on campus.

Several solutions to the bicycle problem under consideration are restriction of bicycles from certain areas of the campus, widening of paths to Isla Vista and stricter regulations regarding bicycle lights after dark.

Any suggestions regarding this problem should be addressed to the members of the committee.

Three On Faculty To Present Papers

Three UCSB anthropologists, Drs. C. Loring Brace, John H. Chilton, and James J. Deetz, will deliver professional papers at the 61st annual meeting of the American Anthropological Association in Chicago, November 15-18.

Faculty Panel To Discuss '62 Gubernatorial Race

The importance of the 1962 gubernatorial race in California will be discussed by a faculty panel tomorrow in North Hall 1006 at 4 p.m.

Panel members are Dr. Walter Mead, Associate Professor of Economics; Dr. Ross Rice, visiting Professor of Political Science; and Dr. Robert Johnson, lecturer in Geography.

Moderator will be Dr. Edgar Lane, Assistant Professor of Political Science. Students and faculty are invited to the event sponsored by Pi Sigma Alpha, political science honorary.

Dr. Mead has been a consultant to the United States Forestry Service, various corporations, and to the Committee for Economic Development.

In 1956 he served as chairman of an advisory committee to Governor Patterson of Oregon on unemployment compensation.

Dr. Rice is on leave of absence from Arizona State University at Tempe where he was chairman of the Political Science Department.

His special fields of interest are American politics and state and local government. Dr. Johnson is a lecturer in Geography. He was the Chief Scientist for the Air Force in the Pacific area before coming to Santa Barbara to work at

Tempo on "military operations analysis". He came to UCSB to help establish a Geography department.

Geologist Gets NSF Award

UCSB Geologist, Dr. William S. Wise, and a co-investigator have been awarded a \$26,000 National Science Foundation research grant for studies of the history, nature, and composition of volcanic rock.

Wise's co-investigator is Dr. Clifford A. Hopson, an associate professor at John Hopkins University.

The researchers will aim to clarify the origin of "pyroxene andesite" and related rocks in the Cascade mountain range. A detailed comparison of the petrography, mineralogy, chemistry, and field relations of these rocks is planned.

Drs. Wise and Hopson plan to investigate the genetic relation of andesite, a South American volcanic rock, to earlier basaltic rocks at Mount Hood, and their relation to the "granodioritic Tautoosh pluton," the dominant rock type in the Sierra Nevada, at Mount Rainier.

Dr. Wise holds an M.S. from Stanford University and a Ph.D. from Johns Hopkins University.

"WE URGE YOU TO VOTE 'YES' ON PROPOSITION 1-A BECAUSE...." a UCSB student offers his reasons for supporting the vital

Regents, Not Governor, To Make Decision On University Speakers—President Kerr

By Pat Mar
Daily Californian

President Clark Kerr said Friday that the Board of Regents—not the governor—will decide who can speak at the University.

No names were mentioned, but Kerr in effect was telling Republican gubernatorial candidate Richard Nixon that if he is elected, his executive orders will not be binding on the University.

Nixon has made a campaign promise to issue an executive order forbidding persons who have taken the Fifth Amendment or have violated the Subversive Control Act of 1951 from speaking on state supported campuses.

"The Regents are set up independently under the constitution. We will, of course, give careful consideration to any executive order but we will make our own decision," Kerr said at a press conference after Friday's Regents' meeting in Davis.

Governor Edmund G. Brown said he thinks the Regents should decide who may speak at

the University. The governor is an ex-officio member and president of the Board of Regents.

Kerr said there is "absolutely no" indication that recent speakers at the University have proved harmful to the nation's way of life.

"The University is an open forum," he stated. "We have confidence in the judgment, wisdom and cultural faculties of our students."

"The University, in keeping with western tradition, makes available to students the widest possible range of opinion."

"We try to balance one viewpoint against others," Kerr said.

American Communist party members are prohibited from speaking at the University by a Regents' policy adopted in 1951 and reaffirmed in December, 1961.

In addition, the chancellor is authorized by the Kerr Directives to prohibit a speaker if his speech is considered "incompatible with the educational objectives of the University."

The Kerr directives also state that speakers may not use the University to involve the University in "political, religious, and other controversial issues of the day."

But, Kerr emphasized, persons who take the Fifth Amendment and persons merely ac-

cused of subversion are not barred.

Last month Nixon cited eight recent speakers at the University who have refused to answer questions about subversive activities before Un-American activities committees and said that under his administration they would have been barred from speaking at state campuses.

The speakers were Anne Braden, Archie Brown, Harry Bridges, Frank Pestana, Frank Wilkinson, John Howard Lawson, Maud Russell and Clinton E. Jencks.

Mrs. Braden addressed a noon meeting in Dwinelle Hall on February 22, 1961. Brown spoke in Griffiths Hall on March 16, 1960.

On March 17, 1960, Bridges spoke at a noon rally in Wheeler Hall.

Pestana also spoke at a noon rally in Wheeler Hall on May 1, 1961.

On March 22, 1961, Wilkinson was the center of controversy when he spoke in Wheeler Auditorium. A delegation of Baptist ministers marched to the governor's office in Sacramento in an attempt to prevent Wilkinson from appearing. He also spoke on campus on February 16, 1962.

Lawson spoke in Dwinelle Hall on October 10, 1960 and Maud Russell on November 28, 1960.

The President's Desk

By JOE SORRENTINO

Sessions Legal

The practice of having a brief session by the voting members before the regularly scheduled Legislative Council meetings was innovated over a year ago. The purpose of this session is to focus on important questions which can more effectively be discussed in a small group.

These meetings are democratic because all the elected representatives are present; moreover, these meetings are open to committee and board chairman who wish to attend.

Under Article III, section 7e the President is "empowered to appoint such special committees as are required." Both the former president and myself have called for the pre-meeting of voting members of the Legislative Council as an executive committee to review decisions of policy made by the AS committees and boards.

Since the pre-meetings have their authorization in the President's power to appoint special committees it is not required that notice be given to non-voting members of the Legislative Council; however, it should be pointed out that these meetings have not been cloaked

in secrecy. That these meetings are being held has been stated a number of times before all the members of Leg. Council.

It has been contended that the pre-meetings make a waste of time spent by committee chairmen in gathering information. This contention rests on the premise that committee chairmen must be present in addition to submitting their written reports in order for the voting members to benefit from their research efforts.

The AS Constitution (Article V, Section 4) contradicts this view in only requiring "committee and board chairmen--attend the first and third meetings each month." While they can attend the other two monthly meetings, for thirty-four years now few chairmen have demonstrated a need for their presence.

The AS President is assigned in the By-laws to eleven special committees as recently asserted in the Listening Post. Often he is compelled to make other commitments which conflict with the meeting times of his assigned committees. At least seven times during the year the AS President will be attending a conference at another campus.

It was asserted in the Listening Post that the AS President and voting members of Legislative Council do not attend as many committee meetings as they should. This kind of assertion made without qualification, without evidence, and without knowing violates the most important lessons of a university education.

Listening Post

'Thanks'-Cheadle

I am pleased and proud of the active part taken by the students on the Santa Barbara campus and the intelligent informational program conducted by El Gaucho to inform the voters about Proposition 1A.

This measure is a \$270 million bond issue mainly for the construction of needed university and college buildings to meet the on-rush of additional students in the next few years. Proposition 1A specifies that at least 80 percent of the total amount is to be allocated to specific facilities for the University of California, state colleges and junior colleges.

The failure of Proposition 3 last June has caused serious concern among the educational leaders as to future financing of facilities for public higher education in this state. Your help in calling attention to this need among the voting members of your family and the general public is important to the success of the measure. The Blue Key, senior men's organization is providing on campus suggested letters for you to send to your parents.

An additional 120,000 California young people will be knocking on the doors of our public university and colleges in four years. We need to start more buildings now in order to accommodate them. Proposition 1A will do exactly that with the allocation of \$222 million out of the \$270 million bond issue to the needs for higher education. The remaining \$48 million is for needed facilities for the Department of Corrections, Department of Youth Authority, Department of Mental Hygiene and Department of Conservation.

Santa Barbara's share of the enrollment growth calls for a predicted enrollment of 6,550 in the fall of 1965 -- an increase of 1,700 students over the current enrollment. To help meet this growth nearly \$5,000,000 in building projects is specified for this campus in Proposition 1A. Without these projects, this campus will be dangerously behind in providing the high standard of education which has made the University of California one of the most respected institutions of the world.

Your special effort during the next several days before the election may be the important difference between success or failure of this measure.

Reflections of Telstar

Remember the picture above? It flashed across your television screen on a hot night last July. Perhaps you remember that it originated from France. And that it reached the U. S. via Telstar, the world's first private enterprise communications satellite.

Since that summer night, the Bell System's Telstar has relayed electronic signals of many types—television broadcasts, telephone calls, news photographs, and others.

But there's one Telstar reflection you might have missed. Look into the faces of the Bell System people below and you'll see it. It is the reflection of Telstar's

success that glowed brightly on the faces of all who shared in the project.

Their engineering, administrative and operations skills created Telstar and are bringing its benefits down out of the clouds to your living room.

These Bell System people, through their talented, dedicated efforts, make your phone service still better, more economical, and more useful.

The reflections of Telstar are many.

Coeds To Hostess Affiliates Buffet
 Home economic students will act as hostesses for the first affiliates buffet supper of the year this Sunday.

Applications for California State Scholarships for 1963-64 are due January 8, according to Mrs. L. W. Harlan, scholarship and loan counselor. Undergraduates who do not currently hold State scholarships may pick up applications at the Scholarship and Loan Office, Bldg. 404, room 102. Scores from the Scholastic Aptitude Test (College Entrance Examination Board) must be submitted by applicants. Scholarships will cover necessary fees, which amounted to \$190 for this year. Applicants must be California residents under 24 years of age and citizens of the U.S. or if under 21 and not citizens, admitted to this country for permanent residency. Students will be asked to demonstrate need of scholarship assistance to pay college tuition and necessary fees.

"Prints of Piranesi", an art exhibit and informal coffee hour sponsored by the Associated Students, will be held today at 7 p.m. in the Huddle. Dr. Alfred K. Moir, art historian and visiting professor from Tulane University in New Orleans, will give a lecture on the prints, which are scenes depicting the ruins of ancient Rome. The 18th century prints are part of a series of 137 Vedute prints done by Piranesi of Venice, and are the basis of the mental image we have today of Rome, according to Dr. Moir. Dr. Moir indicated that the contrast of light and shadow and the intricate accurate detail make these prints a beautiful collection. All interested students are welcome. No admission charged.

Historian White To Open '62 All-U Lecture Series

Eminent historian, Dr. Lynn Townsend White Jr., will begin the All-University Lecture series for the 1962-63 school year Wednesday November 6, 4 p.m. in Campbell Hall. Dr. White, professor of history at UCLA, will discuss "Context in Science". Admission is free to the public. The All-University Lecture Series, originated last year, is made possible through the gift of Sidney H. Ehrman of San Francisco, an alumnus of the class of 1896 at the University of California, Berkeley, and a former regent of the university. The series was designed to

enrich the cultural life of the University of California campuses and surrounding communities through an inter-campus cultural exchange program.

Affiliates Offer Hendrick Talk

Western Bureau chief for the Christian Science Monitor, Kimmis Hendrick, will speak in the Santa Rosa Lounge Thursday at 7 p.m. The veteran reporter has covered the California scene for nearly all of his 20 years on the Monitor staff. The discussion will be conducted as an interview by students of Hendrick. Hendrick is both witty and informal, according to Mary Brent McCoy, Affiliates Chairman. The California election campaign is expected to be one of the topics discussed.

Harder Elected Nat'l NRA Veep

Dr. Theodore Harder, registrar and professor of physical education, has been elected national vice-president for education and activities of the Naval Reserve Association. He was elected at the recent national meeting in New Orleans and will serve a one year term. Dr. Harder holds the rank of captain in the Naval Reserve. He is president of the Santa Barbara chapter of the NRA and commanding officer of the Naval Reserve Officer Schools in Santa Barbara, Ventura and Santa Maria. The NRA is a national organization of Naval Reserve officers with over 6,000 members.

50 Pontiac Tempests FREE!

America's hottest new sports convertible!
LE MANS

L&M GRAND PRIX 50 Sweepstakes for colleges only

Your chances of winning are 50 times better than if open to the general public

You can win! 50 flashing new '63 Pontiac Tempest Le Mans convertibles are up for grabs! They're easy to win and it's lots of fun! The big sweepstakes is starting now... keeps going and growing through the school year. There'll be drawings for 5, 10, then 15 and finally 20 new Tempest convertibles—four exciting laps—50 cars in all! Enter often... no limit on the number of entries per person!

Winners' Tempests will include: 3-speed floor shift, bucket seats, deluxe trim and special décor, radio and heater, deluxe wheel discs, windshield washers and white sidewall tires; with delivery, sales tax and registration all pre-paid! And, choice of body, trim and top colors as well as choice of differential gear ratios!

- Enter now! Here's all you do:
1. Pick up a free official L&M GRAND PRIX 50 entry blank. Look for them where cigarettes are sold—on and about campus. Fill it in.
 2. Detach your serialized L&M GRAND PRIX 50 LICENSE PLATE from your entry blank. Save it! Tear off the bottom panels from 5 packs of L&M KING, L&M BOX, CHESTERFIELD KING or CHESTERFIELD REGULAR. Menthol smokers can enter with OASIS, 5 panels, or acceptable substitutes (see entry blank), must accompany each entry. Each entry must be mailed separately.
 3. Mail us the panels and your serialized entry blank... it matches your license plate. Your serial number may be one of the 50 that wins a '63 Tempest convertible!

Important: As your entries are received they become eligible for all subsequent drawings. So enter often and enter early—before the drawing for the first five Tempests (right after Thanksgiving). Entries received by Thanksgiving weekend will be eligible in drawings for all 50 Tempests!

Remember: The more entries you submit, the more chances you have to win!

EXCLUSIVE FOR THE GIRLS!
 If you win, you may choose instead of the Tempest a thrilling expense-paid 2-week Holiday in Europe—for Two! Plus \$500 in cash!

Get with the winners... far ahead in smoking satisfaction!
 See the Pontiac Tempest at your nearby Pontiac Dealer!

Amazing Matadors Take UCSB Gauchos By Storm

Storm and fog rolled into La Playa Stadium Saturday night and following sixty minutes of play, San Fernando State had emerged a 13-6 upset winner over UCSB's Gauchos.

Storm-Bill that is took care of the Matador running game, accounting for 98 yards and both San Fernando scores while carrying for the "big play" throughout the evening.

UCSB performed as though they thought they could win without much effort. It showed.

The Matadors opened the scoring with Storm taking a 3 yard pass from Frank Rosenthal, a second stringer, in the second quarter. Joel Schaeffer kicked the point, and as far as the Gauchos were concerned that was it.

London's famed "pea-soupers" could have hardly done justice to this one, as action on the ocean side of the field was, blessedly, hardly visible from the stands.

Having won only once before this year, Coach Sam Winningham watched his crew give a score to Austin Dias to make it 7-6. The attempted two point conversion failed as Dias was mobbed attempting to pass.

Dias' fumble set up the final score of the evening for the Matadors, with Storm again applying the "coup d' grace" with a one yard plunge.

The attempted two point conversion failed and the story was on the board for all to see, as the Gauchos displayed a "3 yard and a cloud of dust" offense which spluttered with four fumbles.

Jim Fisher and Larry Carlson displayed erratic bursts for the Gauchos offensive machine, which has now tallied 44 points and given up 125 in five league encounters.

There's not much that can be written about this one, and the Gauchos had better write it off by next Saturday when they meet the strong Davis Ag-

Mermen Dunk SFV Matadors In 12-5 Romp

UCSB strengthened its foothold on second place in CCAA water polo with a 12-5 decision over San Fernando Valley State in the victor's pool last Friday.

Coach Rohter, substituting freely, started the game with this reserves, and the Matadors jumped off to a quick but short lived 1-0 lead. However with the emergence of the Gauchos first string the game was turned into a rout.

Dan Nynhaus led all scoring with five goals and Mike Schlesel tallied twice as the Gauchos' fast break ripped the Matadors defense.

The losers were led by Joe Haralson and Mike Henry, who scored two goals each. But any threat that the Matadors posed was extinguished as the former fouled out early in the second half.

Three separate units were used by the Gauchos in the game. The second string started and played briefly in the last quarter. The third string played during the third quarter, and the veterans played during the second and fourth quarters.

As a matter of fact, Gauchos substitution was so prominent that a State goalie called out in disgust as six new players entered the game, "Which team are we playing now?"

The linescore:
SFVS 1 0 2 2 5
UCSB 0 6 0 6 12

UCSB scoring: Nynhaus 5, Schlesel 2, Ballard, Jones, Roth, White, Crow 1

gals, currently tied for the Far-Western Conference league lead.

The Aggies dropped a tough one against San Francisco State Saturday by a count of 12-7, as the Gaters stopped the Aggies on their own 7 as time ran out.

So, it's all-Cal weekend next time around—UCSB-Davis and Cal-UCLA.

Locker Room

Valley Coach Stunned By Win

By Geoff Smith

An unbelieving Sam Winningham remarked after watching his Matadors soundly drub UCSB, "You would have thought that we were Ohio State tonight. Our line and fullback Bill Storm reminded me of Woody Hayes' busters."

This consensus stands up in light of the Saturday results. Storm damaged the Gauchos forward wall no end and was by far the outstanding back on the field while scoring both the winners' touchdowns on short plunges.

It's evident that the Gauchos are in trouble. The style of play advocated by Coach Bill Ham-

Coach Art Gallon's UCSB basketball "beef trust" sets off on a mile run, part of the intensive conditioning drills that have been held for the past two weeks.

Running from left to right, 6-7, 220 Ian Bardian; 6-9, 230 Steve Fruche; 6-8, 225 John Conroy; 6-6, 230 Howie Sundberg; and 6-6 210 John Paxton will give the Gauchos cagers enough weight and height to easily hold their own on the boards this year.

mer is antiquated as far as the aim and results.

Hammer must think he has the tools for an "Ohio State offense", a strong line and hard hitting backs. As evidenced in the past two weeks, and especially against San Fernando State, this is not so.

UCSB is not going to win under this system. They can't simply because they lack the horses. The Gauchos meet a strong Davis team next week-end strong defensively and a team which features the pic-

ture passing of Dick Carriere, and defeat looms again before the Gauchos take the field.

Coaches Rusty Fairly and Dwain West pinpointed the problem. West had nothing to say, and Fairly remarked that "We just got beat."

UCSB should not have lost to San Fernando, and it's going to be a tough remaining three games for the Gauchos if Coach Bill Hammer does not change his obsolete offense and spring some surprises.

Title Clash

Aztecs Thump Fresno

San Diego State's Aztecs stalled a desperate fourth quarter bid by a hard charging Fresno State outfit to take a hard-fought 29-26 decision, thus ending a football dynasty for the defending CCAA champions.

The defeat ended a league winning streak of 22 straight. San Diego's Aztec Bowl, completely fog-shrouded and sold out at 10,000, played host to the exciting action.

Kern Carson, stellar border-man back, rolled in for three touchdowns, including an 89 yard run, and ended the evening with a fantastic 239 yards net rushing while displaying one of the greatest offensive shows ever in CCAA competition.

Halfback Mario Mendez and quarterbacks Wayne Seyler and Lynn Gordon stood high on the

hero list for the winners. Meanwhile, the Bulldogs dominated the statistics, riding the air arms of the "double-trouble" duo of Jon Anabo and Beau Carter to keep in the game.

In the final analysis, Fresno's inability to cash in on her extra points brought about the three point margin of victory for the Aztecs.

All-U Tickets

All-Cal Rooters' tickets, at the reduced student price of \$2.00, are still available at the SU ticket office. The ducats, good for both the UCSB-Davis and Cal-UCLA encounters, represent a substantial saving over the general tickets which will go at the stadium. These tickets must be purchased in advance of the game.
