Horvatb Talk Today On 'Man in the Cold'

Dr. Steven Horvath, professor of physical education, will speak on "Man in the Cold" in Campbell Hall at 8:30 p.m. today. The lecture will consider the capabilities of the human body in cold environments, how native populations can withstand cold injury, and how modern people can protect themselves against cold injury, lack of food and other hardships.

The director of UCSB's Environmental Stress Laboratory also will discuss the experiences of military personnel and civilians. Two films will be shown: "The Man in the Cold," which deals with the experience of a man stranded in the desolate Fox Canyon, Utah, and "The Frozen Soldier," about a group of US Army soldiers in the field during World War II. The films will be shown at 7:30 p.m. in the Student Union.

Bikes Pose Problems

Bikes are a serious problem on the UCSB campus, particularly in the Engineering "zone" reported to the Health center as a rapidly growing campus is en-

Solutions to the problem are being considered by the campus planning office. Such solutions include the addition of bicycle racks, and the installation of lights after dark.

The Health center has taken the lead role in handling bicycle-related problems, and has taken several steps to deal with the problem.

The center has installed more than 1000 bike racks, and has taken steps to educate students about the dangers of, and the proper use of, bikes.

Several solutions to the problem are being considered by the campus planning office. Such solutions include the addition of bicycle racks, and the installation of lights after dark.

Four on campus are doing so...
Reflections of Telstar

By Pat Mar

The success of the satellite Telstar is by all accounts incredible. The million dollars investment of Bell Telephone in the project paid off, and

The telephone service between L.A. and New York, which was originally thought to be impractical, is now a reality. The people of the United States are enjoying the benefits of the satellite. The pictures are clear, and the sound is nearly perfect.

NEW HOLLISTER & DRY CLEANING

50 Pontiac Tempests FREE!

Sweepstakes for colleges only

Your chances of winning are 50 times better than if open to the general public.

You can win 50 fueling new '63 Pontiac Tempest Le Mans convertibles up for grabs! They're easy to win and it's lots of fun! The big sweeps is starting now... keep going and growing through the school year! There will be drawings for 1, 10, then 15 and finally 30 new '63 Tempest convertibles—four exciting laps—50 cars in all! Enter often... no limit on the number of entries per person!

Enter now! Here's all you do:

1. Pick up a free official L&M Gasoline Postcard at any L&M Station.
2. Drop in your igintional L&M Gasoline Postcard at any L&M Station.
3. Detach your official L&M Gasoline Postcard from your L&M Gas Patent Postcard and mail it in. (Up to 10 of the same or similar Patents from L&M Gas will be accepted.)

Winners' Tempests will include 3-speed fluid shift, bucket seats, dash trim and special discor, radio and heater, deluxe wheel discs, windshield washer and white sidewall tires; with delivery, adus tax and registration all pre-paid! And, choice of body, trim and top colors as well as choice of differential gear ratio!

Important! In your entries you are entered in sweeps only for the first 35 Tempests (right after Thanksgiving). Entries received by Thanksgiving weekend will be eligible in drawings for all 50 Tempests.

Remember: The more entries you mail in, the more chances you have to win!

T& M GRAND PRIZE 50

Retrieve and win free Pontiac Tempests! Get with the winners... far ahead in smoking satisfaction!

EXCLUSIVE FOR THE GIRLS!

IF YOU WIN, YOUR CHOICE OF A PONTIAC TEMPEST WITH A DOMINO MICROSCOPE, MADE IN ENGLAND, WORTH $250. PLUS $500 in cash!

IF YOU WIN, YOUR CHOICE OF AN INVINCIBLE CHEETAH SPORTS CONVERTIBLE, DELUXE TRIM! PLUS $500 in cash!

Winners' Tempests will include 3-speed fluid shift, bucket seats, dash trim and special discor, radio and heater, deluxe wheel discs, windshield washer and white sidewall tires; with delivery, adus tax and registration all pre-paid! Amazing Matadors Take UCSB Gauchos By Storm

Storms and fog rolled into La Playa Stadium Saturday night and following sixty minutes of play, San Fernando State had emerged a 13-7 victor over UCSB Gauchos.

Storm希尔 that took care of the Matador running game, rode a booming first-half scoreboard and then stymied both San Fernando scores while carrying the 1-0 lead through the evening.

UCSB performed as though they thought they could win without much effort, it showed.

The Matadors opened the scoring with Storm taking a 7-yard pass from Frank Rosenblum, a second stringer, in the second quarter. Joel Schaeffer kicked the point, and as far as the Matadors were concerned that was as far as it would go.

The Gauchos, with their "pinwheel" formation, entered four new players into the game and the veterans played briefly during the third quarter. The third string was extinguished as the former Matadors began to play out at 10:30, played host to the second string.

Kurt Smith, second string halfback, rolled in from three yards out to give UCSB a 5-0 lead in the second quarter. Matadors jumped off to a quick but first half lead.

UCSB strengthened its foothold in the victor's pool last Friday. The Gauchos displayed a "3 point defense" throughout the evening.

There's not much that can be done about this one, and the Gauchos had better write it off for next Saturday when they meet the strong Davis Aggies.

Mermen Dunk

SFTV Mediators

12 in 5 Romp

UCSB agitators absorbed a hold on second place in CCAA water polo with a 12-5 decision over San Fernando Valley State on the evening of a 5-2 win over San Fernando Valley State in the other game.

Coach Hammer, studying from a notebook, which he has with his players, and the Matadors jumped off to a quick short four-yard lead. However, the emergence of the Gauchos first stringing the game was turned into a rout.

There was not much to write about this one, and the Gauchos did better, it off for next Saturday when they meet the strong Davis Aggies.

Valley Coach

San Diego State's Aztecs thumped Fresno State 29-14 last Saturday in San Diego.

Coach Art Gallon's UCSB basketball "beef" was cut into at 6:30 p.m., part of the indoors continuous gala of the season.

Running from left to right: 6-1, 210 lbs. Dan Stenger; 6-3, 210 Mike Lott; 5-11, 180 Joe Canelles; 6-4, 200 John Paxton. The Gauchos will give the Fresno bench enough height and weight to easily hold their own on the boards this year.

To withstand as far as the team is concerned, the most thing he has to do is keep his hard hitting backs. As expected, in the past two weeks, and especially against San Francisco State, this is not on.

UCSB is not going to win one of this game. They can't simply because they lack the necessary. The Gauchos went on being a team which features the plush offensive line, a strong line and the ability to block and hit.

Do You Have a Light?

People are putting lights on their bicycles these days. It seems to be the thing to do. (That's what the following hold the way)

Let the Swing Brothers install a light with batteries and a reflector for only 25c. Ride your bicycle by S.F. State 5:45 to 6:15 and 8:20 to 8:45 for the bright light for you.

WINSTON

Winston tastes good like a cigarette should!

Start with a carton and you'll end up knowing why Winston is America's number one filter cigarette...first in sales because it's first in flavor.

The next time you buy cigarettes, buy pleasure by the carton...Winston!
