# MCAT

## STUDENTS

---

**There are a lot of individuals selling new MCAT Prep Courses!**

### **DON'T RISK IT WITH A ROOKIE!**

- All of Kaplan's MCAT practice material reflects the format of the current MCAT — a claim not all courses can make.
- Kaplan has a full-time team of science professionals, headed by an MD, working on our MCAT course and practice material — for us, test prep is not a part-time job.
- Kaplan invented MCAT prep. We have prepared over 275,000 students, more than any other test prep company.

### **WHY TAKE CHANCES?**

**GO WITH THE LEADER AND INNOVATOR IN MCAT PREP!**

### **RESERVE YOUR SEAT NOW FOR CLASSES STARTING ON:**

- Saturday January 7 1 pm
- Tuesday January 10 6 pm
- Thursday February 16 6 pm

Seats are limited! Call 1-800-KAP-TEST TODAY.

## Attention: Sophomores and Juniors

Getting career oriented experience as an undergrad helps you land your first key job after graduation or improves your profile when applying for graduate school. It can provide the crucial difference between starting your career when you graduate and getting a McJob.

You can get the kind of experience that leads to a great career by applying to be a Sales Intern at the *Daily Nexus*.

Intern training includes:

- Basics of newspaper advertising
- Sales presentations
- Creating a successful ad campaign
- Designing powerful ads
- Principles of effective marketing
- Client service and sales support

Interns who successfully complete the training program will be promoted to Sales Representative positions at the *Daily Nexus*. Sales Reps earn an average of \$450 per month working just 15 to 20 hours per week.

Come to the Nexus Advertising office at the base of Storke Tower, M-F, 9am-5pm.

We're not just making it easier for you to buy a Macintosh, we're making it easier for you to buy something else you really need — time. Because for a limited time, with the Apple Computer Loan and 90-Day Deferred Payment Plan, you can own a Macintosh personal computer, printer, CD-ROM drive or other periph-

erals without making a single payment for 90 days. Combine that with no hassles, no complicated forms and already great student pricing, and the easy-to-use Macintosh is now incredibly easy to buy. The Apple Computer Loan and 90-Day Deferred Payment Plan. The solution that gives you the power every student needs. The power to be your best.\*

**Hurry in today and shop before the holidays!**

†Deferred Apple Computer Loan offer expires February 17, 1995. No payment of interest or principal will be required for 90 days. (Some resellers may require a deposit to hold merchandise while loan is being approved.) Interest accruing during this 90-day period will be added to principal, and the principal amount, as so increased, will thereafter bear interest which will be included in the repayment schedule. \*Monthly payment is an estimate based on the following information. For the Performa® 578 CD system shown here, a purchase price of \$1,636.72, which includes 7.75% sales tax; including loan fees, the total loan amount is \$1,731.98, which results in a monthly payment obligation of \$29. For the Performa® 6115 CD system shown here, a purchase price of \$2,778.87, which includes 7.75% sales tax; including loan fees, the total loan amount is \$2,940.60, which results in a monthly payment obligation of \$49. For the Power Macintosh® 7100/66 CD system shown here, a purchase price of \$3,548.21, which includes 7.75% sales tax; including loan fees, the total loan amount is \$3,754.72, which results in a monthly payment obligation of \$62. Computer system prices, loan amounts and sales taxes may vary. See your authorized Apple Campus Reseller or representative for current system prices, loan and tax amounts. Loans are for a minimum of \$1,000 to a maximum of \$10,000. You may take out more than one loan, but the total of all loans cannot exceed \$10,000 annually. A 5% loan origination fee will be added to the requested loan amount. The interest rate is variable, based on the commercial paper rate plus 5.35%. For the month of November, 1994, the interest rate was 10.85% with an Annual Percentage Rate of 12.10%. 8-year loan term with no prepayment penalty. The monthly payment and the Annual Percentage Rate shown assume the 90-day deferral of principal and interest described above and no other deferral of principal or interest. Students may defer principal payments up to 4 years, or until graduation. Deferment will change your monthly payments. The Apple Computer Loan is subject to credit approval. Apple Computer Loan and 90-Day Deferred Payment Plan offers available only to qualifying students, faculty and staff. Offers available only from Apple or an authorized Apple Campus Reseller or representative. ©1994 Apple Computer, Inc. All rights reserved. During summer staff members are also provided with all meals during working hours.
