

TOP STUDENT AWARDS GIVEN TO THREE MEN

The three highest grade averages attained in the freshman, sophomore and junior classes for 1957-1958 went exclusively to men students—Neil Kleinman, Richard Newcomb and William Baily—for the first time in the history of the award.

All three earned slightly under a straight A average for the year's work. Kleinman had a 3.827, Newcomb a 3.933 and Baily a 3.825.

Trophies Presented

Vice-chancellor Noble made the presentations of trophies to the students in a brief ceremony in his office. This award is sponsored annually by the Associated Students and is arranged by the Award committee.

Kleinman is majoring in English. As a junior last year he not only exceeded every other student in his class in academic endeavor but was one of the active leaders in the student body organization.

As chairman of the Assembly committee he arranged for the showing of a series of classic movies and other special programs on campus. He was a member of Legislative Council and served on several other committees. In addition, Kleinman was circulation manager of *Spectrum* and this year he is managing editor of the magazine.

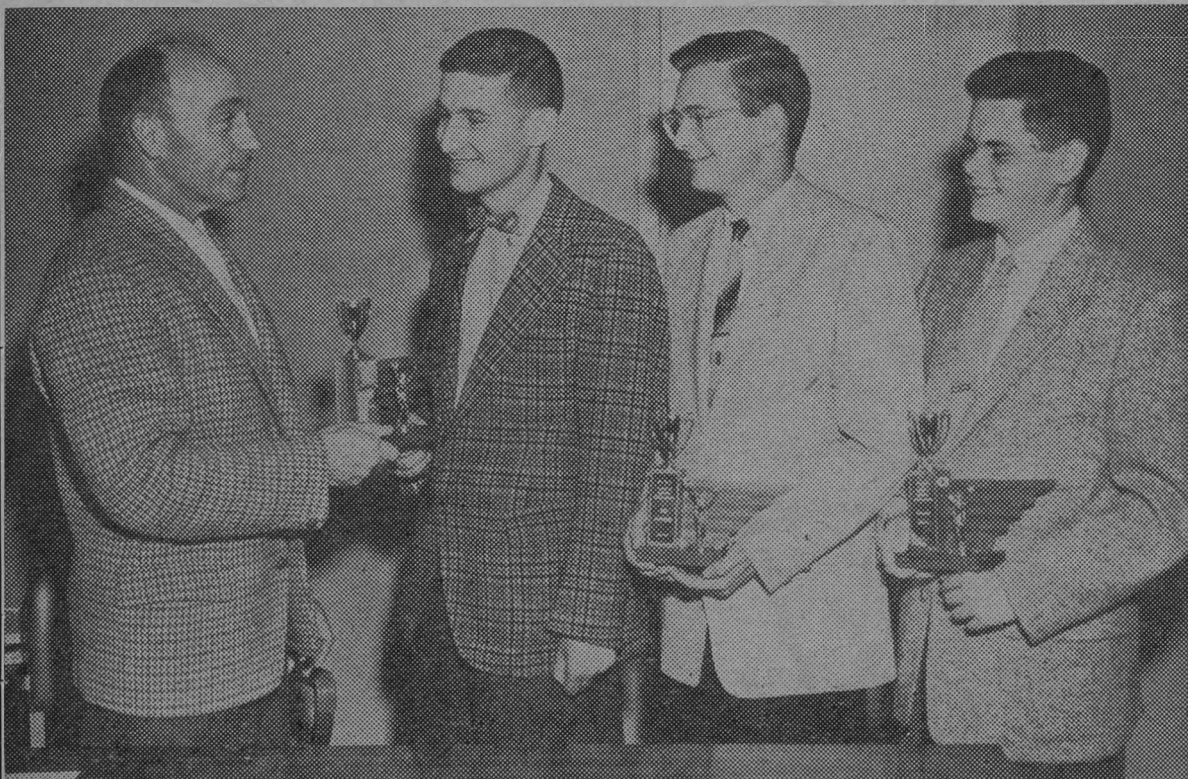

Second Time

This is the second time he has received this award. He earned the highest grades of his freshman class and received honorable mention as a sophomore.

Newcomb led the freshmen class in grades. For two years he has been secretary-treasurer of Birch residence hall on campus and active in the International Students' Club. He is majoring in UCSB's tutorial program, designed to give outstanding students a broad education emphasizing critical reading, discussion and writing. A distinct feature of the program is individual instruction in special courses.

Baily received the best average among the sophomores. Last year he received a special chemistry award for outstanding students taking lower division chemistry. His major is physics and he lives on campus in Juniper Hall.

THE "SMART" SET . . .

BRAINPOWER REWARDED . . . Receiving cups from Vice-Chancellor Elmer Noble for being the top students scholastically in their classes last year are: (left to right) Neil Kleinman, for the Junior class, William Baily, last year's top Sophomore, and Richard Newcomb, number one Freshman last year. The awards were based on the combination of the two semester's grade point averages. The trophies are passed out annually to the campus "brains."

ROTC Cadets Pick 21 Colonel's Coeds

ROTC cadets met Wednesday and selected 21 honorary officers of Colonel's Coeds, ROTC sponsor corps.

For several weeks the cadets have narrowed down the candidates until Wednesday five honorary majors, five honorary captains and 11 honorary lieutenants were chosen.

Those chosen for honorary major are Rosemary McDermott, Jill Moore, Ann Nichols, Donna Weygand, and Carolyn Zelle. Honorary captains are Anne Bonine, Paula Dove, Sharon Sheehan, Caroline Street, and Paula Van Benschoten.

Sue Burke, Susan Burr, Judy Chessmar, Barbara Downey, Jacqueline Funderburk, Sue Gamble, Peggy Humphreys, Bobby Johnson, Mary Krug, Sally Spear, and Joy Tait were chosen honorary lieutenants.

Chemist Miller Gets Grant for Research

A National Science Foundation Grant in the amount of \$14,000 has been awarded to Dr. Glenn H. Miller, associate professor of chemistry at UCSB, for fundamental research in the field of photochemistry.

Dr. Miller will be assisted in this research by Dr. Glyn O. Pritchard, visiting assistant professor of chemistry.

Miller earned his BS at Geneva College in Pennsylvania and doctoral degree at Brown University. He worked as chemist for the Tennessee Eastman Corporation, Kappers Butadiene Division and the Texas Company before coming to UCSB in 1949. Dr. Miller is a member of Sigma Xi and the American Chemical Society.

Lord Resigns Post On Social Board At Council Meet

by Jerry Bradley
Council Reporter

Social Committee chairman Janis Lord reluctantly resigned her job as head of committee in a surprise move at the UCSB Legislative Council meeting Oct. 28.

In her resignation, tendered in the form of a letter read to the council by AS president Stan McGinley, Miss Lord explained that personal affairs require her full attention.

McDermott Steps In

Council chairman McGinley, complying with a recommendation in Janis' letter, appointed Rosemary McDermott as temporary chairman of the committee until applications for the post have been received and considered.

McGinley expressed the council's regret at losing Janis Lord from this position, since, he said, her performance has been excellent.

In other business, a Social Committee resolution to follow the recommendation of Women's Dean Helen Keener and buy (for \$125) a ten-foot by four-foot painting of a gaucho by artist Ken Draper was over-ruled by the council. However, a special committee was established to investigate obtaining such a painting, to be used as an ornament for UCSB functions.

Buses To Berkeley

The council voted to act as agent in the chartering of buses to Berkeley if student interest warrants, and directed McGinley to discuss with Vice-Chancellor Noble the possibility of getting students excused from classes on the Friday preceding All-Cal weekend—if not all UCSB students, then those who must be in Berkeley Friday for official functions.

An attempt by the Special Events Committee to penalize organizations who left litter at float-building areas after being warned to clean up by preventing them from entering a float in the next year's Homecoming parade was overruled by council.

SR. BEACH PARTY

This afternoon at 3 p.m. at East Beach in Santa Barbara has been designated as the time and location of the annual senior class picnic-beach party, according to George Hart, class president.

Among the activities offered to the seniors will be volley ball, football, swimming and general bull sessions as well as any others that might come to mind at the time.

A picnic-type supper will be served. It will include hot dogs or tuna cheese sandwiches, green salad, beans and punch.

The event is scheduled to last until 9 p.m. with talk sessions and singing. It is free for those who hold senior class cards and 50c without.

President Hart urges all seniors to attend and make it a successful and memorable event.

Navy to Interview Officer Candidates

The United States Navy is in need of reserve officers to fill its ranks.

To help meet this demand, naval officers from Los Angeles will be on the UCSB campus Wednesday, Nov. 5, to interview prospective officer candidates and give out general information.

"The Navy needs flyers," said a Navy official in Los Angeles recently, "and needs them now!"

Two air officer programs have been offered to college men between the ages of 18 and 25, the ACC (Air Officer Cadet) and NavCad (Naval Aviation Cadet) programs. Details on these can be obtained Nov. 5.

Commissions for the general line, engineering, supply, and many other special fields are available.

Oratory Beginners Open Debate Season In Competition Sat.

Six teams of UCSB novice debaters compete against teams from some 25 other colleges in the first debate tourney of the year at El Camino Junior College tomorrow from 8 a.m. until 4:30 p.m.

The annual tourney, sponsored by the Southern California College Forensic Association, will debate the National Intercollegiate Debate Question for 1958-59, "Resolved, that further development of nuclear weapons should be prohibited by International agreement."

Four UCSB men's teams will compete. They are Vic McKeever and Pat Hansen, Jim Davis and Bob Marshall, Eric Bruckner and Dean Welim, Patrick Hayes and Dick Knickerbocker.

The two women's teams debating are Ingrid Bergh and Betty Lowry, and Kay Armour and Mickey Wheeler.

Roast, Dance, Fire At College Cabin

Girl-Ask-Boy will be the mode for Manzanita Hall's joint at the college Cabin on Saturday, Nov. 1. The girls and their dates will leave campus at about 4:00 p.m.

A weiner roast will be prepared shortly after they arrive at the cabin. Records and a big fire will set the mood for the dance which will last until about 12:30.

ALL-CAL STARTS FRIDAY, TICKET DEADLINE TODAY

Next Friday UCSB students will invade the Berkeley campus for the long anticipated All-Cal Weekend for three days of rallies, football games, dances and parties. Reduced student rates of \$1.75 for the football games end today.

Over 30,000 students from the UC campuses are expected to attend the fun-packed Nov. 7-9 weekend, according to Art Herman, UCSB chairman for All-

Cal. "We urge all students who plan to go to All-Cal to arrange immediately for their transportation and housing as only seven days remain," Herman stressed. Lists of available motels and hotels in the Berkeley area are posted in the Graduate Manager's office.

Possible Buses

Plans are now being discussed for chartered buses if enough student interest is shown. For those students not taking separate cars to Berkeley, transportation can be arranged by taking Southern Pacific's Lark Thursday night, which arrives in San Francisco Friday morning and will be met by Cal students who will escort students to the campus.

Friday morning a coffee and doughnut reception will be held for all visiting students in Stephenson Union until 11 a.m. Following this get-together, an All-University meeting featuring speakers from all the branches of the University, will be held in Dwinelle Plaza. The first of a series of games will be held Friday afternoon with the Frosh from UCLA and Berkeley vieing against each other.

Rally and Dance

Friday evening will feature the All-Cal Rally and Dance. All campuses will participate in the rally to be held in the Greek Theater from 7 p.m. to 8:30 p.m. UCSB's song and cheer leaders and band will enter in the festivities and present a skit. Following the rally will be the All-Cal Dance in the Hearst Women's Gym lasting until midnight. Price of admission is 75c per person.

The agenda for Saturday is football, starting at 10:45 a.m. and continuing straight through until 4. UCSB will play Davis in the pre-game, which will be followed by the UCLA-Berkeley game at 2 p.m. UCSB students will have their own rooting section on the shady UCLA side of Memorial Stadium and will take part in the half-time ceremonies.

Following the game all individual living groups will sponsor open house for all students with the theme of "party time" for the remaining hours of All-Cal.

Kerr Names New Cal Club Members

By appointment of University President Clark Kerr, seven new members have been added to Cal Club, the all University honorary organization.

Duke Ellington, Bill Harris, Dennis Naiman, Kitty Joyce, Maureen Mahoney, Roslyn Rudidoux, and Sheila Highbee were those selected by President Kerr after carefully screening of the present membership.

Cal Club members are selected primarily on their scholastic standing, citizenship, and contributions to the University. Several weeks ago the local chapter nominated 14 candidates, from which the President made his final selection.

SB Class Presents TV Dance Series

A series of television programs on modern dance is now being presented by the History of Dance class at the UCSB appearing each Friday at 3 p.m. over Station KEY-T, Channel 3, for the next four weeks.

The theme of each of the 15 minute programs will be selected to point out the characteristics of dance as an instrument of man's historical and cultural progress. The exploration of these themes will be demonstrated through views of class projects in action.

Margaret Dietz, instructor in dance at UCSB and well-known solo dancer, is directing the programs, assisted by Mrs. Emma Lou O'Brien, accompanist, and Miss Kay Brown, associate in women's physical education. Student participants from the History of Dance class are Ann Parton, Marti Sutcliffe, Joanne Taylor, Caroline Rehbock, Diane Hughes, and Barbary Jayne.

THESPIANS TAKE "JUNO" ON ROAD TOUR INCLUDES ALL-CAL SHOWINGS

The Gaucho Thespians take their forthcoming production of "Juno and the Paycock" on tour of other UC campuses before the Santa Barbara debut on Nov. 13. The first engagement will be a one night stand at the Davis campus on Nov. 5. The play then goes to Berkeley for two performances the next day which is the start of All-Cal weekend.

The play then opens here for a two week run and the show will close on the Riverside campus the evening of Nov. 24.

When the cast takes off for its road engagements, they will take an Irish tenement apartment with them. The set, designed to fold up for travel, will be erected on the road by the cast themselves, who double as crew. A total of seventeen people will make the tour.

The play is considered by many authorities to be the finest

play of Sean O'Casey, Ireland's greatest living playwright. The play originally was written for the Abbey Theater. When it toured this country it introduced to American audiences some of Ireland's greatest actors. Barry Fitzgerald was the original captain Boyle (the Paycock).

The forthcoming tour is part of an Intercampus Arts Exchange between the campuses.

The play, set in the turmoil following the 1916-1922 revolution which established the Irish Free State, depicts the destruction of a family through the vanity of the father. The moral strength of the mother is the only piling which prevents the family's complete dissolution. It employs the dramatic device of using social strife to magnify the faults and virtues of the characters.

Underdog Oxy to Host UCSB; Tigers Seek Report Upset Win

by Jerry Patch, Sports Writer

Back on their sporadic winning ways, the UCSB Gauchos travel southward to meet the Occidental Tigers tomorrow night at 8. The game with the Bengals is one of the two final preps for the Santa Barbara contingents before their final league battle for the CCAA championship with Cal Poly of San Luis Obispo, the other being with the Cal Aggies on All-Cal weekend at Berkeley.

Gauchos Weakened

Coach Ed Cody's men have been weakened considerably at quarterback and fullback due to the loss of John Crawford and Ned Permenter. Both underwent knee operations, Crawford submitting to the knife at 8:00 a.m. this morning.

Jack Lyons proved a capable substitute for Permenter in the homecoming contest against San Francisco, as the 6'2" 210 pounder bulled his way through the Gator middle from his fullback slot to take game rushing honors.

The Gauchos will be washed up, however, should quarterback Jim St. Clair sustain any kind of serious injury.

Santa Barbara has no experienced quarterbacks other than St. Clair. The sturdy junior showed plenty of endurance against S.F. State, however, as he played 60 minutes masterfully directing the UCSB squad and intercepting two Gator aeri-als.

Gaucha fans may be seeing more of the speedy 180 lb. Pete Westerlind at left halfback. Westerlind was the main cog in one of the Gauchos drives against San Francisco, finally packing the pigskin over himself for the touchdown.

Tony Bacca, a two-year letterman and senior, showed class in the homecoming contest in both pass receiving and running while appearing on the turf for the Gauchos for one of the few times this season.

At end, another new face appeared in the game, with Gary Knecht, and as his name implies, made several fine catches.

So, with different players stepping into an aggressive ball playing role, the Gauchos might be looking their best against this Oxy team who has won only one contest this year.

But the Tigers are not to be

MERMEN HOST DIABLOS TODAY

Today at 4:15 p.m. Coach Frank Rohter's victory-bound Mermen host Los Angeles State's water polo team in a loop meet in the campus pool.

Following a surprisingly strong 14-2 win over San Fernando State Valley in the opponent's pool last Friday, the Gauchos will seek their third win of the season and the third in UCSB's second year of water polo competition.

Gaucha co-captain Ron Wil-mot captured game honors Friday in scoring seven goals in the meet which saw the substitutes playing more than the regulars.

San Fernando was stunned in the first quarter after Wil-mot tallied three goals, and Eddie Nelson chalking-up one for a first period Gaucha edge, 4-0, and a lead which wasn't challenged.

Six mermen tallied points in the Gauchos 14-2 conquest, the highest point total for a UCSB team. Paul Hodgert, Keith Carter, Dave Weaver and Stan Guth, completed the scoring along with Nelson and Wil-mot's seven, while playing only half the game.

Coach Rohter will give the starting nod to the same seven for the Diablo meet as started against San Fernando. They are: Guth and Wil-mot at forwards, Don Smith at center-forward, Bill

Bryson and Hodgert at guards, Nelson at centerback, and John Addison, goalie.

The Copy Cat . . .

by Pat Gower

Ghosts, goblins and Geisha girls (how did they get in here). Just omit the last item, and you can tell we're talking about Halloween. Rumor has it, that Halloween is growing more and more decadent with each new generation. Either because there aren't any outhouses to tip over anymore, or because kids don't know the meaning of "trick" . . . just "treat."

This year kiddies can't even claim treats for themselves without having pangs of guilt . . . The United Nations are asking them to go from door to door with little containers marked "Give for UNICEF" or some such slogan. Very nice plan, but what's happenin' to Halloween. Oh, for the good old days!

Aside from such asides as ghosts, goblins, etc., there is some romantic news on the wire. Last week, DG Carol Lee announced her pinning to Santa Barbaran Ron Smith. A Delta Gamma from Washington State, Barbara Hendry, is now wearing the SAE pin of Par Reed . . . Alpha Phi Kitty Joyce chose Homecoming Weekend to announce her pinning to SAE Howard Reichner. Congratulations to all. (This is just an after thought, but aren't the SAE's dropping pins at the rate of about two a week? Two a week, fifty-two weeks a year . . .)

The girls in the big pink apartment in Isla Vista were certain they were having more-after-Homecoming-hallucinations Sunday a.m. when a big silver boat—flags waving, horns blowing pulled into the driveway between the two apartment buildings. Just the Sig Eps—and their float—dropping by to say hello . . . The parade Saturday can't pass without comment, what with flying beer cans, choruses of "Um-ga-way," and a big policeman adding some highly entertaining moments to the event. I wonder what those three little old ladies in front of Pelch and Sons are saying about the Santa Barbarians? . . . The floats brought varied comments from the crowd, like "What is it?"

EL GAUCHO

University of California, Santa Barbara

All unsigned editorials reflect the opinion of El Gaucho. Signed editorials and letters to the editor represent the viewpoint of the author. El Gaucho makes every effort to publish letters from its readers provided they are brief and in good taste.

PROP. 18 -- IGNORE IT . . .

Certainly the most controversial measure on the Nov. 4 ballot is Proposition 18, the proposed Right to Work initiative. Because of the strong pressure groups on both sides of the question, it is extremely difficult to see through the maze of misleading, and at times false propaganda surrounding the issue.

If Proposition 18 were passed all forms of compulsory unionism, wherein a man must be a union member as a condition of employment, in California would be illegal.

After carefully considering the barrage of cases both pro and con the Gaucho has concluded that essentially there are two chief arguments on each side of the issue:

FOR PROPOSITION 18

1) It would restore the rights of the individual who may be compelled to join a labor union against his will.

A Union man is not forced to belong in the true sense of "belonging." He need not attend meetings, abide by union policy, or subscribe to any union programs to hold his job. All he is required to do by law is pay his initiation fees and periodic dues, from which he derives various benefits.

2) The Right to Work measure would tend to solve the corruption problem in organized labor today.

At best this is only an indirect attack on the corruption which exists in such a small segment of the total organized labor structure. About the only sound basis for this argument is that a man would no longer be compelled to contribute to a corrupt union. On the other hand only by remaining in the union can the members unite to rid themselves of corrupt leaders through an election.

Therefore by dropping out of the union the member could in fact, be more firmly entrenching the corrupt boss.

AGAINST PROPOSITION 18

1) Proposition 18 would seriously weaken collective bargaining in California.

This argument presupposes that compulsory unionism is needed for effective collective bargaining. In 1948-1953 the National Planning Association composed of representatives from labor, management, and other fields (included on the survey board were President Clark Kerr, and United Auto Workers President Walter Reuther) studied thousands of collective bargaining agreements throughout the country. They concluded that 18 of these had ideal collective bargaining programs. Of the 18, only three had union shop contracts.

2) The Right to Work law would destroy unions in California.

It would be extremely difficult to point to any unions in the 18 states which presently have R. W. laws which have been destroyed primarily because of the law. It is interesting to note that two of the historically strongest unions in the nation have only recently adopted union shop provisions—U.S. Steel Workers 1956, Railway Workers 1951.

There are numerous additional arguments on both sides of the question. Most of them are so irrelevant and ridiculous that they do not warrant mention.

The Gaucho therefore concludes that there are no sound arguments for or against Proposition 18, and suggests that voters simply ignore it on the Nov. 4 ballot.

Letters to The Editor . . .

THANKS FROSH!

To the Freshmen Class;

I wish to thank everyone who helped work on the Queen's float. Also, I would like to apologize to those students who could not find the place of construction. In the future I shall try to have sufficient publicity covering all events.

For all interested freshmen there is a freshmen council being formed. The applications for a position on this council are in the associated students' office. The deadline on applications is Tuesday, Nov. 4.

Sincerely,
Larry Linn, President
Freshmen Class

Yucca Tops RHA

In last Tuesday's paper the figures issued to *El Gaucho* from the Deans' office for the grade averages of living units were incorrect. Yucca Hall has a 3.87 average which places them first in the Las Casitas (Men) division.

PROPOSITIONS 16 AND 17 . . .

Proposition 16, while not getting as much publicity as right-to-work or some others, is one of the hottest issues on the ballot. If passed, it will end the exemption from property taxes now granted religious and other non-profit private schools.

Most groups issuing advice on how to vote in the coming election have ducked taking a stand either way on 16. The proposed law would not affect present exemptions for schools for the blind, retarded or handicapped.

Parents of children attending non-profit private schools pay the same taxes everyone else does to support the public schools. In addition, they pay the bills for the private schools out of their own pockets. These private schools provide a public service by educating children who otherwise would be added to the load on the crowded public schools.

El Gaucho recommends: Vote no on 16.

Proposition 17 is the proposed reduction in the state sales and use tax rate from 3 to 2 per cent and a change in the income tax scale. If passed it would change the rates on income from one per cent on incomes under \$5,000 to one-half of one per cent and to 46 per cent on incomes over \$50,000. It would also permit the State Legislature to make further reductions in the sales and use taxes while prohibiting them from making any increases. Also, it would permit income tax rates to be changed only by a vote of the people.

Arguments for Prop. 17: The present tax rates are unfair to people in lower income brackets. This proposal would mean an increase in revenue and purchasing power for the state.

Arguments against Prop. 17: It would result in an annual loss of revenue. It would cripple schools, mental hospitals and assistance to the aged and the needy.

If this proposition is passed it would mean the money will have to come from another source. It would mean an increase in some other taxes to make up the losses incurred by the reduction of sales and uses taxes.

El Gaucho recommends: Vote No on Prop. 17.

LPs Available

Robert Lorden, Graduate Manager, reminds students that there are thirty record albums from last year's spring sing available. These are professionally recorded high fidelity albums of the groups participating in the annual musical event. They are on sale in Lorden's office in the S.U. area for \$2 each.

Also, there is a limited supply of *La Cumbres* left from last year.
