

SHIPP VS. FISCALINI FOR PRESIDENT

UNIVERSITY OF CALIFORNIA

El Gaucho

SANTA BARBARA

Vol. XXXVIII

GALETA, CALIFORNIA, APRIL 17, 1959

No. 42

SEVEN CONTEMPLATIVE SHIVA . . .

MODERN DANCERS will perform tonight and tomorrow night. Under Miss Margaret Dietz's leadership, the group will do several student-choreographed numbers along with dances arranged by Miss Dietz. Pictured are (l. to r.): Back row—Diane Hughes, Joanne Taylor, Katherine Brown. Front—Ann Parton, Martha Sutcliffe, Caroline Rehback and Barbara Jayne.

"Nationalism, New Religion in Our Time Leads Us to Brink of War," Says Huxley

By Chris Quarton

Nationalism, the "new religion" of our time, leads man inevitably to the brink of war, said author-lecturer Aldous Huxley in the latest of his UCSB talk series this Monday.

"Nationalism is a kind of theology, a system of concepts and ideals based upon a natural impulse—the impulse to be attached to the place where you were born and brought up and to the people you know," said Huxley.

War Unnatural

He continued, "Natural selection has taken great care that conflict between animals should rarely be pushed to the fatal conclusion.

"War, which is pushing organized conflict to the limit of destruction, is not an instinctive thing. It is conditioned by this system of nationalism. This is very important to remember, because it makes us realize that there is nothing biologically inevitable about this, but that it is a procedure which we can decondition and get rid of.

Disastrous Religion

"Nationalism is the prevailing religion of the Twentieth Century. It is as though we had in general reverted from monotheism towards the polytheism of the city-states of antiquity.

"It is a religion of a particularly disastrous nature. It condemns those who support it to strife with their neighbors.

"This war preparation has been reduced to a kind of absurdity. It has reached the point where there can be no victor and where the only purpose which can be achieved is the complete destruction of large areas of civilization.

Process of Death

"Everyone knows this and yet all those in decision-making positions in the world today are so completely the prisoners of this system that they find themselves compelled to go on preparing for something which they know must be disastrous.

"One of the most alarming

Graduated Fee Makes Ballot

The voters in the upcoming election will have to decide whether they approve of the new graduated fee recommended by Legislative Council to help pay for the new Student Center which will be built between the music building and the dining commons.

The new graduated fee has already been passed by council but the student body at-large must endorse the proposal before the Regents will enforce it.

The new fee will be paid when the student pays his incidental fees. It will be \$1.00 per semester through Spring 1961, then it will increase \$1.00 per semester per year until 64-65 where it will remain from then on at \$5.00 per semester until the loan is amortized.

If the \$900,000 federal loan which this will secure is amortized by other means then the graduated fee will be reduced. All students attending UCSB will be required to pay this fee.

"Passage of this measure will also show interested contributors that the students want a new Student Union and are willing to back it themselves," reported Neila Loeb, chairman of the Student Union Committee.

The Student Union Committee has urged a large turnout for this election, because if apathy on the part of the students is shown in voting for this graduated fee, the Regents will be extremely hesitant to enforce it.

The present Student Union will be torn down to make room for a new auditorium in about five years it was reported in a mimeographed letter sent to council members by President Stan McGinley.

DANCE CONCERT OPENING TONIGHT

by Linda Garver

The annual Modern Dance Concert will be presented by the UCSB Student Dance Workshop in the campus auditorium tonight and tomorrow night at 8:30 p.m.

Under the direction of Miss Margaret Dietz, associate professor of Woman's PE, the program is divided into two parts. The first consists of dances for solo and small groups. It is choreographed by the students.

The second part is dances for large groups, choreographed by Miss Dietz.

The theme for the first half of the program centers around the Orient. Dancing will be done to a percussion composed by Ivan Berg and to Chinese folk songs. It will also include a solo without music by Sue Harrison.

Highlighting part two will be a waltz and a polka by the great composer, John Strauss. Closing the performance is a spectacular dance carnival.

Tickets, available at the graduate manager's office and at the door, are 75 cents for students and \$1 for general admission.

Two Debate Teams In Novice Tourney

Two debate teams and three individual events speakers will represent Santa Barbara in the annual Novice Debate Tournament at Loyola University tomorrow.

Pat Hansen and Bob Oldham and Arlen Collier and Dave Slotnik are the novice debaters participating.

Anne Schank, Carol Richards and Jerry Patch will participate in individual events. The debaters will also speak in various events.

In tournament competition last week Janet Barnes took first place in women's interp, Arlen Collier won second in men's interp and June Federchuk placed third in women's interp.

S.B. Council Passes New Athletics Plan; IAC Directs Sports

by Jerry Bradley

Tuesday evening's UCSB Legislative Council meeting saw the acceptance of the new plan for control of intercollegiate athletics. The plan, proposed by Dr. Stephen S. Goodspeed and examined by a student committee, passed unanimously after only minor changes. It now becomes part of the by-laws.

In effect, the plan does two things. It establishes a central agency to administer athletics—the Intercollegiate Athletic Commission. The existing Board of Athletic Control will be maintained without function while policy decisions are made by the new IAC.

It puts the athletic program on a firm financial basis by guaranteeing an athletics budget of one-third of the total income from the \$15-per-student fee until the school year 1962-63, when the total sports appropriation will be about \$45,000 a year.

This, says Goodspeed, should be enough to support the athletic program without further increase. Sports financing will be re-examined at that time.

In the past, UCSB coaches could never be sure how much money they would get from year to year. The definite proportion established by the Goodspeed plan removes the uncertainty and makes advance planning easier.

One of the biggest advantages of the plan, says Goodspeed, is that it insures that the near-professional brand of big-time college sports that is the object of so much concern on other campuses will probably never become a problem here.

Schedules, eligibility, grants, outside jobs and booster clubs all come under the scrutiny of the new commission.

LARGE CANDIDATE LIST; 3 FOR VICE PRESIDENT

One of the largest turnouts of candidates in recent years, headed by a potentially close race for as President between Guy Shipp, junior class president and John Fiscalini, IFC president and men's rep. for A.S. President, will begin campaigning next week for the spring A.S. elections.

BRITISH DIPLOMAT SPEAKS TUESDAY

The Honorable Phillip Noel-Baker, British statesman and diplomat, will speak on "The Arms Race or The Human Race" in the classroom auditorium April 21 at 11 a.m. There will be a question and answer session following the talk.

Noel-Baker is a noted authority on disarmament. Recently he published a book entitled *The Arms Race*. He is a Labor member of the British Parliament and currently is in that party's "Shadow Cabinet."

He was a delegate to the first United Nations General Assembly where he was British representative on the Economic and Social Council.

His participation in active international affairs goes back to the end of World War I when he participated in the Paris Peace Conference.

He later became a member of the secretariat in the League of Nations.

Noel-Baker's most recent significant experience was his visit to the Soviet Union this past December which included an interview with Premier Krushchev.

In September of 1958 he participated in the third "Pugwash Conference" of international scientists—East and West—at Kitzbuhel, Austria.

TWO UCSB SENIORS RECEIVE AWARDS

Two seniors at the University of California, Santa Barbara, received honorable mention awards from the National Science Foundation in the graduate fellowship program in the natural sciences and allied fields, it was announced from Washington, D.C. Both young men are residents of Santa Barbara.

Receiving honorable mentions were George Myer, a geology major and Walter Bahrke, mathematics major.

More than 40 candidates have filed since Monday to charge what appeared then to be a poor turnout into one of the most competitive in the school's history.

Asked Tuesday night if he felt he could defeat Shipp for president, Fiscalini replied, "I don't know, no one really knows. I want the office very badly." He said it would be a close race.

In weighing his chances, Shipp stated, "I think I can win, I wouldn't be a candidate if I didn't. I think it will be very close."

Claude Anderson announced late yesterday that he is a candidate for AS President.

Explaining why he had changed his mind about running for president three different times, Fiscalini stated, "The first time, on Feb. 17, my financial situation was unstable. That has been resolved."

"I have always had the desire to run. I signed up with the full intention of running. I want to help the students in many aspects . . . I want to try to do my best to help them."

Shipp stated he was running because, "I feel qualified for the position and I would like to serve the student body in this capacity."

Another close battle shapes up for the vice-presidency where three candidates, Gay Wert, Eric Bruckner and Kitty Joyce are competing.

As of Wednesday morning the following candidates have filed: For secretary Lee Vanosdall and Michelle Garian are running.

Men's rep: Fred Roth, Rosendo Castillo, Ray Fisher, John Clay.

Women's rep at large: Gretchen Ziegler, Sally Beth Jones, Diana Sanders, Pat MacCarthy and Carol Saindon. RHA men's rep, Michael Lee.

RHA women's rep: Marilyn Jacobs and Barbara Schiller. Fraternity rep, Dennis Harris, Henry Hill, Sorority Rep, Kay Armour, Annette Judah.

Non affiliated men, Chuck

THERE'S AN IMPORTANT FUTURE AHEAD FOR THE MEN WHO WEAR THESE WINGS

The Air Force pilot or navigator is a man of many talents. He is, first of all, a master of the skies—and no finer exists. In addition, he has a firm background in astro-navigation, electronics, engineering and allied fields. Then, too, he must show outstanding qualities of leadership, initiative and self-reliance. In short, he is a man eminently prepared for an important future in the new Age of Space. Find out today if you can qualify as an Air Force pilot or navigator. Paste the attached coupon on a postal card and mail it now.

MAIL THIS COUPON TODAY

One Set to Satisfy All Scene Changes In UCSB's Romeo

by Leslie Higginbotham

One of the problems in staging a production like *Romeo and Juliet* is providing an adequate set to meet the needs of a play with so many scene changes. The set must be so designed that it can transport the audience from one locale to another.

Since there are no set changes in the play the same set must take the audience from a Venetian street to a ball in the Capulet house without losing the effect of reality. This same set must provide an illusion of a quiet garden in the balcony scene and still create the eerie effects to be found in a renaissance tomb.

In solving these problems Crumb said he has made the set "formalistic rather than realistic, establishing an appropriate representation of 15th century Verona."

"In addition to this," stated Crumb, who is also playing Mercutio in the production, "special problems arise due to the fact that this play requires elaborate sword play and large crowd scenes."

In commenting on the scene changes, he went on to say, "In simultaneous setting the lights become the curtain, consequently problems of lighting control are highly increased."

Crumb described the set as a "series of levels covering the stage, the apron and the orchestra. Providing background for the action of the play are a number of arches and relief arches of pink marble."

The properties must also conform to the style of the period and because they are so expensive to rent, or buy, they are being built in the theater workshop.

Costumes of the period were designed by Joline Bettendorf and are being made by Virginia Faunce.

The play will be presented in the campus Little Theater April 29, 30, May 1, 2, 6, 7, 8 and 9.

NEW SUITE PREMIERS; TEXT TAKEN FROM ADS

The premier performance of a new suite for chorus and percussion by Miss Shirley Munger of the UCSB music faculty highlight a concert of the combined men's and women's choruses next Wednesday at 8 p.m. in the campus auditorium.

The work is entitled *Mademoiselle, Fall 1958*. Miss Munger has taken the texts for this suite of twenty songs from advertisements in *Mademoiselle* magazine. The work calls for fifteen soloists and five percussionists.

The suite will be performed by students in the women's chorus, says Miss Munger. "The girls participating are very excited about the work."

Among the selections which the men's chorus will do is Brahms' "Alto Rhapsody" and "Wouldn't That Be Lovely" from *My Fair Lady*. The Brahms work will feature Joanne Kriege of Santa Barbara as guest soloist.

Miss Munger will conduct her own work. Dr. Roger Chapman will conduct the men's chorus. Student accompanists will be Elaine Lyons and Peter Fish.

There will be no charge for the concert.

Phi Beta Pledges

Phi Beta, National Music and Speech Fraternity for women, pledged nine UCSB girls Sunday night, April 12 and the Montecito home of Dr. and Mrs. Horace Gray.

Those pledged were: Leslie Higginbotham, Ann Kruger and Kay Armour from the speech department and La Rita Brown, Gay Denbrook, Jacquelyn Ferguson, Nancy Keele and Judith Martin from the music department.

CAL POLY, UCSB TRACKFEST RATED TOSSUP

Gauchos Host Mustangs, Star Vic Hall Tomorrow

by Wils Winnek, Sports Writer

The victory side of the ledger has been rather lean as far as conquests of the Cal Poly Mustangs are concerned. Not one major UCSB team has been able to top the "Cow Jockeys" from San Luis Obispo since last spring.

Tomorrow may be the day for a change. Coach Jim Jensen brings his Mustang track squad to Gauchoville for an engagement with the Santa Barbara thinclads. Tomorrow's meet will be the season's final home appearance for the locals, who have not been beaten on the Goleta oval all year.

The Gauchos have met Poly once all ready this season. In a three-way meet at UCLA, they came in third best, one point behind the Mustangs.

One of the finest sprinters in the nation, Vic Hall, will be the biggest problem in Nick Carter's plans. Hall, an all-around performer, has recorded marks of 9.6 and 21.2 in the 100 and 220 dashes, 23.4 in the low hurdles and 6 ft. in the high jump so far this spring. Jensen also uses Hall in the anchor lap of the relay when the situation demands it.

If Jensen decides to use Hall in the relay, the Gauchos should be able to sweep the 440. Bernie Weiner, Jim Law and Herb Leiper have all posted times better than anything the Mustangs can

offer in the quarter.

The Gauchos have the potential to sweep two other events, the javelin and the shot put. Dave Mead, Jim Perino and Don Smith have all thrown the javelin better than 160 ft., which is the best Poly's Frank Carroll has achieved. Carroll has put the shot 42 ft. this season, while George Chappell of UCSB hit better than 49 ft. last week in warming up for the San Diego St. meet. Jim Pryde and Mead figure for second and third spots. Pryde is slated to take Carroll in the discus.

The second and third places will decide the winner of the meet. The sprints are conceded to Hall, but Gaucho Dave Boraker is capable of taking the "show money," as his season performances have outshined Poly's other sprinter, Bruce Nance.

Coyt Davis, if he is in rare form, could put on a sparkling exhibition in the mile to beat Don Lee of the Mustangs. Davis will also take part in the 220 low hurdles and is liable to pick up a second place there.

Poly should dominate the pole vault and high hurdles. Bruce Knipp will again be hopping the timbers for the Gauchos, as he has recovered from his ankle injury.

If Knipp can place in both hurdles and Joe Zamora can grab a second in the two-mile run, Carter's charges will be in a good position to take the meet.

If the Gauchos can sweep the javelin, shot put and 440, as well as pick up the all-important second and third spots, the meet could be decided by the final event, the mile relay. This could be close and go either way. If Hall runs for the Mustangs in the relay, the race goes as a toss-up. If not, the team of Roland Cordobes, Law, Boraker and Weiner should give the Gauchos the edge.

READY, AIM . . . Jim Perino, Gaucho javelin thrower, prepares to take aim at the invading Cal Poly Mustangs, who arrive tomorrow for CCAA meet.

Volleyball Finals Set For Wednesday

Intramural volleyball reaches its climax next Wednesday evening at 8:30 p.m. when two undefeated squads, the Ineligibles of the independent league, and Kappa Sigma, leader of the fraternity loop, attempt to gain the school volleyball championship. The Kappa Sigs posted a 6-0 record during league play, while the Ineligibles earned a 4-0 record.

SHORTELL OUT OF UCSB LINEUP

Bill Shortell, Gaucho second baseman, will be out of action this weekend due to a slight concussion suffered at Los Angeles St. last Saturday.

The peppery infielder hopes to return to the UCSB lineup next week, but still remains a doubtful starter.

GaUCHO SpikeSTERS TabbED TO Triumph

El Gaucho track and field writer Wils Winnek predicts a narrow one-point victory for Coach Nick Carter's Santa Barbara spikers in tomorrow's meet against Cal Poly. Winnek has tabbed the Gauchos to win six of 15 events, including sweeps in the shot put, 440 and javelin, for a 66-65 victory.

Below is Winnek's dope sheet, along with the best mark of the season for the predicted winners:

- 100—Hall (CP), 9.6; Boraker (SB); Nance (CP).
- 220—Hall (CP), 21.2; Boraker (SB); Nance (CP).
- 440—Weiner (SB), 49.4; Law (SB); Leiper (SB).
- 880—Hester (CP), 1:57.8; Cordobes (SB); Rodriguez (CP).
- Mile—Davis (SB), 4:25.4; Cordobes (SB); Lee (CP).
- Two-Mile—Wofford (CP), 10:22; Zamora (SB); Castillo (SB).

UCSB Sailors Hold Second in Southern Series

The Gaucho sailors staked claim to second place in Southern Series competition by a comfortable margin on the strength of a second in last Sunday's Claremont Invitational Regatta at Newport Harbor.

Hopes were dim, however, of thwarting powerhouse Occidental's bid for their third straight championship.

UCSB skippers Blair Francis and Dick Stockett sailed consistently near the front of the fleet Sunday, but couldn't crack Oxy's Pete Frost-Bill Rothwell combination, trailing 42-36 at the end of the day's six races. Cal Poly, Cal Tech, Orange Coast and Claremont followed in that order.

Jean Hammond, May Hessing and Lea Johnstone crewed for UCSB.

Do You Think for Yourself? (THIS SHORT QUIZ WILL TIP YOU OFF!*)

1. When your friends impart confidences, do you feel (A) uncomfortable, or (B) complimented? A B
2. Do you prefer a task which demands (A) the organization of complex details, or (B) a constant flow of ideas? A B
3. Would your first reaction to a difficult committee appointment be that you had been (A) "stuck," or (B) honored? A B
4. If you were a contestant on a quiz program which of these question categories would you prefer: (A) popular songs of today, or (B) current events? A B
5. Do you find that you work or study more effectively (A) under supervision, or (B) on your own schedule? A B
6. Is it your feeling that close friendships with superiors would be (A) a great help, or (B) actually a hindrance to your career with a firm? A B
7. Which, to your mind, has the greater influence on you in making a good grade: (A) the instructor, or (B) the subject matter of a course? A B
8. Do you believe that the saying "haste makes waste" is (A) always true, or (B) often false? A B

9. Which would weigh more heavily in your choice of filter cigarettes: (A) the opinions of friends with similar tastes, or (B) your own considered judgment? A B

It is usually the case that men and women who really think for themselves come around to VICEROY as their brand of filter cigarette . . . for two very good reasons: VICEROY is the one cigarette that gives them a thinking man's filter and a smoking man's taste.

**If you checked (B) on any six of the nine questions . . . you really think for yourself!*

EBAC, CYPRESS NINES WIN OPENERS

by Jerry Patch, Sports Writer

The East Beach Athletic Club and Cypress Hall jumped into an early lead in the independent division of the campus intramural softball loop this week.

The EBAC's battered the prospective fraternity, Tau Epsilon Phi, 10-5. The East Beach aspirants were aided by catcher Bruce Jones' two home runs and the sloppy fielding of the TEP crew.

The victors whisked into an early 5-0 lead with five unearned runs off TEP hurler Fred Standifer. The losers narrowed the gap to one run in the third when they rallied for four counters, but clutch hitting puts the EBAC's out of danger.

Tim Johnson pitched the first five innings for the winners and Jan Jones came on in the sixth to finish the mound chores.

Cypress residence hall nipped fellow RHA group Sequoia, 5-4, in a tightly contested indepen-

dent engagement. The Cypriots pushed across two runs in the first inning and added markers in the third, fifth and sixth.

Sequoia knotted the contest at 3-3 in the third and added its final tally in the sixth on Gene Spurr's long triple to left field.

Jim Law went all the way on the hill for Cypress, as did Gary Ogilvie for the losing Sequoians. Sigma Alpha Epsilon appears the team to beat in the fraternity division, which got under way later this week. Paced by pitcher Jerry Rocco, the SAE's will field the same squad which copped the championship in last year's competition. Strong opposition is expected to be furnished by Kappa Sigma and Sigma Phi Epsilon.

The University of California, Santa Barbara's baseball Gauchos, back in the win groove after an absence of seven games, swing into the Southland this afternoon to open a three-game weekend series.

Coach Rene Rochelle's nine will stop off at Long Beach St. for a 3 p.m. conference engagement with the 49ers, before continuing southward to San Diego St. tomorrow for a doubleheader with the title-threatening Aztecs.

Santa Barbara will be looking for its initial CCAA victory of the three-game-old league season, for the Gauchos are currently lodged in the basement with an 0-3 mark, all three losses being to Los Angeles St., who is currently setting the pace in the pennant chase.

But the Gauchos bounced back for their first triumph since March 10 earlier this week against Westmont and it could well have been the shot in the arm UCSB needs for its final 12 contests.

"If we can get some hitting, we'll do all right," commented Rochelle this week. "(Ron) Huesser has been carrying the hitting load by himself the last couple of games; but we have to have someone else hitting that apple before we can win consistently."

Rochelle tentatively plans to

open with righthander Jim Hezlep this afternoon at Long Beach. The Gauchos veteran is fresh from a dazzling performance against L.A. State Monday, which he narrowly lost in a 3-2 heartbreaker.

As for San Diego's high-flying Aztecs, Bill Wetzel will work the first game of the Saturday doubleheader, with Jim Escareno scheduled to toe the mound in the nightcap.

Wetzel developed a sore arm after pitching one inning against Westmont Tuesday, but should be ready for San Diego.

Rochelle plans to string along with the same lineup that produced Tuesday's win, which in-

cludes Frank Stevens behind the plate, either Dennis Nielson or Bill Wetzel at first, Ron Huesser at second, Ron Williams at shortstop, Ned Permenter at third and Rich Gunner, Vaughn Wipf and Jim McMichael in the outfield.

Huesser, who has played catcher, third base and second base for UCSB this season, carved another notch in his versatility stick against Westmont when he twirled seven-hit ball for the final eight innings, picking up the win.

"We're going to start using Huesser whenever we can on the mound," beamed Rochelle. "He looked real good out there."

UCSB RAPS WARRIORS, LOSES TO DIABLO NINE

Pitching should be no worry now for Gauchos baseball skipper Rene Rochelle.

The University of California, Santa Barbara diamond squad hopped on Westmont for the first time in their three-game-old series last Tuesday for a 5-1 victory behind fireballing Ron Huesser, a newcomer to Rochelle's mound staff.

"LEFTY" — Southpaw Fred Warrecker and his Gauchos baseball mates head for Southland this afternoon to take on Long Beach St. in conference contest. UCSB moves on to San Diego St. for doubleheader tomorrow.

The Westmont win followed on the heels of Jim Hezlep's brilliant five-hitter, which he lost on a wind-carried home run in the ninth inning to Los Angeles St. Monday, 3-2.

Huesser, who did some throwing for the Gauchos last season, relieved starter Bill Wetzel in the second when the latter came up with a sore arm and proceeded to set down the Warriors on seven hits.

He was in trouble only once, when, in the fifth frame, Westmont found the range for a couple of runs. Huesser also banded out two of UCSB's five hits.

Monday, the Gauchos appeared on their way to their first CCAA victory until Tom Calabrese uncorked a towering home run over the right field wall in the sixth to tie the game at 2-2. Dave Sandel followed in the upper half of the ninth with another round tripper to tuck away a 3-2 win for the Diablos, their third straight conference victory over Santa Barbara.

GAUCHO SWIM SQUAD TESTS SAN FERNANDO

Coach Frank Rohrer and his University of California, Santa Barbara swim team get another shot at their only victim of the now-aging season this afternoon.

The Gauchos tankers, who opened the season with a victory over San Fernando St. and haven't been able to win a meet since then, travel to the Southland for a return match with San Fernando at approximately 3:30 p.m.

UCSB will be relying upon sprinters Henry Hill and Al Cibula for the bulk of their scoring today. Hill, who has made a habit of breaking records this season, will be swimming in the 50 and 100-yard dashes, while Cibula will team up with Hill in the 100 and also compete in the 220.

EL GAUCHO

University of California, Santa Barbara

All unsigned editorials reflect the opinion of The Editorial Board. Signed editorials and letters to the editor represent the viewpoint of the author. El Gaucho makes every effort to publish letters from its readers provided they are brief and in good taste.

BEWARE OF THE POLITICIAN . . .

If keen competition makes for good elections, this year's A.S. campaigns should be terrific. As a result of numerous candidates applying since Monday, almost every office offers a close race.

The contest which will show the way for the others is the presidency. With Guy Shipp and John Fiscalini locking horns, UCSB is in store for one of the most exciting political battles in recent years.

Shipp - Fiscalini Capable

Both men are qualified and experienced in student government. Both have strong support from key places. Shipp and Fiscalini are both willing to wage an all out campaign.

Like the student body in general, *El Gaucho* will be watching the campaigns with careful interest. Interviews will be held, campaign speeches covered, qualifications compared, all in an effort to point out the most qualified and capable leaders.

Nothing to Say

A word of advice. Don't be taken in by the campaign fanfare. Watchout for the candidate with the quick smile, the flowery words—and nothing to say.

Beware of the candidate who speaks in sweeping platitudes which carry little meaning. Lookout for the candidate who avoids answering questions directly, but who hides behind, rather than stands in front of the issues.

Sincerity the Key

Above all look for SINCERITY in the candidate. Often students, with originally good intentions, drop from student government after the work begins. Vote for the man who will take the job seriously. Don't elect a candidate whose convictions constantly waver.

Remember it's the obligation of the candidate to persuade you to support him. Be critical, don't make it easy.

THE CURRENT S.U. QUESTION . . .

"Why should we pay for a Student Union which we won't be able to enjoy?" This seems to be the most common argument against the proposed graduated fee to provide funds for the new Student Center which will be finished around 1963. The Associated Students will be voting on this fee April 30 and May 1.

It is readily conceded that for the vast majority of students now on campus, this will be a philanthropic donation of one dollar a semester for the next two years to provide better facilities for students in the future.

No Selfish Justification

There is no purely selfish justification for this donation. It should be something supported by the student body for other than selfish reasons.

Every *Gaucho* has benefitted repeatedly from donations of one type or another while attending UCSB.

Many endowments are granted the University each year to improve the total education program. Some students take advantage of the several loan funds available which have been provided by people who are not directly benefitting from the money which they have donated.

Others Do It

Numerous other campuses have helped finance student unions even though the contributors may not directly benefit. The University of Utah has just completed a new student union after collecting from the student body for the past 10 years.

UC at Berkeley received contributions for a new student center from students who will not be enrolled when it is completed.

Partly because of the aid by the students at Berkeley, two members of the Board of Regents donated a combined million and a half dollars to the project, thereby providing for the completion of the center much earlier than had been planned.

The dollar which students will be asked to donate for the S.U. fund next year is not an unreasonable amount—but it will go a long way towards providing the school with a much needed student center.

HUXLEY LECTURE . .

Continued from page one

things which has happened is that this piling up of armaments has come to take an absolutely vital part in Western economy.

"The fear of Russian competition is the cornerstone of the prosperity which we are enjoying at present. There is an interest in the preservation of this system. It would take great thought and courage to break away from this. The point is, how are we going to get this change under way?"

Power to Need

"It is absolutely necessary to try to shift the whole attention of politics from the insoluble and more urgent problems of human needs. The masses of people are concerned with the problem of subsistence. In a sense, the question is, 'Where is my next meal coming from?'"

"Two-thirds of the human race belong to this undernourished mass. The only mode of conflict with the other great powers which is acceptable is a conflict as to who can provide these two-thirds of the human race, who now live in misery, with hope—and a means of assuring some kind of decent life to themselves and their children.

Don't Ask Masses

"Decision-making people never really consult with the masses on what they would like. If the masses were consulted, if the Gallup Poll were instituted on a world-wide basis, we could ask them which they prefer—the present system, or having enough to eat. They can't have both.

"The problem which then confronts us is to shift our attention from these insoluble problems of power to the soluble and humane problems of doing something for the world. By attacking this problem on all fronts at once, there is some hope that we may get ourselves out of this dreadful situation to which we have, by our good intentions and by our folly, succeeded in pushing ourselves.

ELECTIONS . . .
