

SANTA BARBARA COLLEGE  
**EL GAUCHO**

## Annual Spring Dance Show Opens Here Next Week

Featuring eight numbers and a cast of 25, the curtain will go up Thursday night at 8:30 on the eighth annual dance concert presented by the Women's Physical Education department and the members of the Dance club.

A varied program of dances will be presented under the direction of Miss Jean Bellinger, and the event will be repeated again Saturday night.

A fast, gay, gigue will open the evening's performance, followed by a solo dance to Debussy's Nocturne in D Flat.

Creatures of the moon is the inspiration for a grotesque dance done to a weird recording of Bela Bartok's music.

On the comical side is a college scene set in the famous local Gaucho room. It promises to be of interest to all the college since it is a take-off on the various departments.

Next on the program will be "Mirage", a slow dramatic group number. Color and action will be the keynote of the folk suite, which will include traditional dances of the Southwest Indians, Turtle dance, Rabbit, Deer, and War dance. Following the Indian dances will be lively Western cowboy dances and a very novel rumba, done to Arthur Benjamin's "Jamaican Rhumba".

Climaxing the evening's program will be a fantasy which tells the story of Cinderella. It is done to the music of Eric Coates. Accompanist for the program will be Emma Lou O'Brien.

Student dance chairman is Barbara Webber. Assisting her in handling costumes is June Hellwegen; properties, Virginia Goble; tickets, Trudy Doerr; and publicity, Dorothy Millsap.

Usherettes for the performance will be: Neva Hauser, Diane Hanson, Billie Browne, Chris Calci-ano, Alice Billet, Bonnie Sly, Shirley Tietsort, Armel Kuden, Nan Smillie, Marilyn Schumaker, Irma Morrow, Alice Barnes and Doris MacDonald.

The dance concert is presented each spring to show the public one of the many activities of the Women's Physical Education department.

Dancers participating in the program will be: Patty Bates, Mary Lou De Nuccio, Trudy Doerr, Sally Dunlap, Lynn Edgerton, Peggy Ford, Virginia Goble, Pat Haigh, June Hellwegen, Isabel Jerren, Lorraine Johnson, Twila Johnson, Dorothy Kircher, Mary Francis Lee, Mary Lou Lewis, Dorothy Millsap, Andromickie Pappas, Audrey Peterman, Evelyn Rider, Jackie Rose, Ernest Smith, Patricia Sparrow, Shirley Tietsort.

Tickets may be purchased in blocks by sororities, fraternities, and other organizations. Reserved tickets are 80c regular, students and servicemen, 35c. Students are admitted by student body card.

## Gov. Warren Signs Bill For New Dormitories

The appropriation of \$4,400,000 for dormitories was signed last week by Governor Warren in Sacramento, which set aside state funds for the construction of dormitories at the Santa Barbara, Davis, Berkeley and Los Angeles campuses of the University. This amount will provide housing for 4000 students of the universities of California. The California chief executive also authorized the Regents of the University to issue bonds for funds to match the state allotment.

The distribution of the allotted amount will be based on the student enrollment of the various campuses of the University of California. The construction of the buildings will be started as soon as possible but the shortages of materials and labor probably would make it impossible for the entire program to be completed by the start of next school year, according to University Comptroller James Corley.

Urging the passing of Bill AB 47, commonly known as the dormitory bill, was probably the most important task of the students of the universities of California. During the month of January, lobbying for the bill was enacted by Dean Helen Sweet, Sharon Smith and Jack Newman at the capitol before the state legislature. Last Monday, four delegates from our campus were among 40 students and faculty members from University of California campuses, who witnessed the signing of the bill by Governor Warren at Sacramento. The delegation from Santa Barbara consisted of Dean of Men Paul Jones, Del Beisel, Bernard Rumack, Sharon Smith and Willodean Wigger.

## High School Talent Featured April 2

Special talent from the Santa Barbara High school will provide the entertainment for the weekly assembly in the Administration auditorium Tuesday fourth period April 2.

An A Capella choir of 65 voices will be featured on the program, and several numbers by the High school girls' triple trio. Individual numbers will include an actionist, Doris Jean Prudence, and a piano solo by Tom Headley

Special effort has been made in the arrangement of class schedules to leave this assembly period free in all departments, and the library is closed during that hour to permit as large an attendance as possible at these weekly assemblies.

These two girls will be the soloists when the All-Southern California High School Symphony Orchestra presents its annual concert at the Lobero Theatre in April. At the top is Barbara Brown, 15, of Alhambra and below is Marcia McKee, 16, of Bakersfield. The judges were unable to choose between the two in Saturday's auditions and finally decided to have two soloists this year. —Harold Martin Photos.

## Young Musicians Start Rehearsals

Tomorrow morning at 11 o'clock Dr. Eric DeLamararter will step up to the conductor's stand and 120 young musicians will start rehearsing for the All-Southern California High School Symphony Orchestra concert, which will be presented Monday night at 8-15 at the Lobero Theatre.

Preceding the first general rehearsal, tryouts for chairs in the various sections will be held in the Music building and the concert master selected. Two practice sessions will be held Saturday afternoon, two more are scheduled for Sunday and one on Monday.

The orchestra will play the complete program Monday afternoon at the Lobero, with elementary and high school students as its audience. Part of the concert will be broadcast over station KTMS.

With 20 years of experience teaching young musicians, Dr. DeLamararter is expected to produce one of the finest concerts in the six years history of this event. The noted conductor is director of the Los Angeles Youth Orchestra and was formerly assistant director of the Chicago Symphony.

Edwin Jones, general chairman, announced yesterday that 120 musicians representing 40 High schools will play in the orchestra. They are the finest young musicians in Southern California.

The soloists will be Barbara Brown, 15 year old violinist from Alhambra, and Marcia McKee, 16 year old pianist from Bakersfield. Miss Brown will play Mendelssohn's Violin Concerto in E Minor, and Miss McKee will be featured in Liszt's Piano Concerto in E Flat.

## Science Department Schedules Field Trip

All biological science majors and minors are welcome to attend the science department weekend field trip to Red Rock Canyon from Friday, April 5 to Sunday, April 7. All those going will meet in the Quad at 9:00 a.m. The return trip will be by way of Walker Pass.

The trip is being built around Dr. Mary Erickson's course in "Natural History of the Vertebrates" and Dr. Neil Muller's course in "Plant Taxonomy."

The objective of the trip is to study desert plant and animal life.

All those who wish to go on the trip should sign up with Helen Decker, in Office Room 43, on or before Thursday, March 28th. The minimum charge of \$6.50 will be paid at that time.

Dr. Mary Erickson, Dr. Garrett Hardin, and Dr. Neil Muller of the Science department are conducting the trip.

Other persons interested outside of the Science department may apply for permission to attend by seeing Dr. Neil Muller in office room 43 in the Quad.

## Speech Division Plans Beach Party

During the regular meeting of the Speech department held on Tuesday, March 26th, plans were made for a bicycling and beach party to be held for all members and their guests on April 7th.

Concerning the question of membership, it was stressed that only those students in the Speech division who have paid their \$1.00 dues are entitled to join in on the department activities. Payment of dues must be made to Miss Hammond on or before Monday, April 1st.

Also during the meeting, a discussion of the coming Speech Festival was held (entry requirements to be announced next week), and the appointment of Jeanne Baird as temporary secretary was made to fill the vacancy left by Marge Hodson.

## April 4 Deadline for Filing Applications For Student Offices

One more week remains for submission of names of candidates for student body and class offices. Names must be in the graduate manager's office in the Quad not later than Friday, April 4. Student elections on April 26.

After being checked for eligibility, these names will be circulated on petitions throughout the student body on April 10 for approval signatures. Ten percent of the student body or the class involved will be necessary in order for that candidate to qualify for the ballot.

All petitions must be signed and returned to the graduate manager's office by April 12 to be eligible for the final elections.

# EDITORIAL

## WATCH YOUR CANDIDATES. PASSING WITHOUT HONOR?

There is one week left to submit candidates for the coming student body election, and the importance of all members of the student body in making the choice of officers successful cannot be over-stressed.

Criticisms and constructive suggestions in handling the affairs of the college have flowed "like water" since the rebirth of Santa Barbara College this term, and one of the most effective methods in getting your ideas and suggestions put into practice is to support candidates for student body officers whom you feel will be willing to support those suggestions.

The expansion of the enrollment this term appears to be only an indication of the strength of returning students next fall. An enlarged school needs additional activities, more traditional events, and above all, needs to be led by elected officers who are able and willing to take advantage of these present and future changes. It's easy to complain after an opportunity is lost, but success comes as a result of contemplating such opportunities in advance.

Such an opportunity is imminent right now, in the coming elections, and campus fairly abounds, with good prospects for the available offices. These individuals aren't going to be willing to expend time and energy in such positions unless they feel they have the backing and confidence of a reasonable number of other students in putting their programs across. Just voting at the election isn't enough. The candidates have already been chosen by that time.

The most good can be done in careful choice, and enthusiastic backing of your favorite candidates now, while the choices are being made. The method of insisting on approval signatures of ten percent of the student body is the most reasonable method of preventing "railroading" tactics on the part of small minority groups. But, even in such cases, remember, your signature is your vote, in the primary selection of candidates.

Our college is going forward, so let's be sure that the student body officers elected this term are going forward, too. In the service, other expletives might be more appropriate, but in the time-proven Gaucho spirit, let's have a "real good" election this term!

\* \* \*

As a direct result of this "growing up" period, general laxness of the student body in observance of the honor code used here in the giving of term examinations has risen as a menace to the extended use of the code itself.

The honor code was originally compiled as a means of simplifying the job of examinations for both students and faculty. With the sanction of both the student council and the college faculty, instructors are as dutifully bound to the provisions of the code as are the students. It was hoped that adoption of the code would alleviate the need of strict discipline during examinations, and the constant patrolling of proctors through classes taking tests.

Individual infractions and permission of others to commit infractions of the code can only lead to eventual abolishment of the code, and return to strict adherence of policed examination rooms. Perhaps the cheating being done now will be of help to those egotistical few who have no qualms as to how they get through now, but the resulting strictness adopted through failure of the honor code won't go unnoticed by those who come after.

The future use of the benefits provided the student body by the provisions of the code are at stake now. If cooperation continues to decline as the past performances have indicated, a new method of examinations will have to be adopted. The issue is being placed squarely right where it belongs—in the laps of the student body themselves. The question of whether or not students of college age are capable of accepting the responsibility expected of those interested in getting an education that will be of some practical value after the academic marks have been forgotten.

—Tom Lyle

## Honor Program

The Associated Students of the University of California, Santa Barbara College, being interested in the development of honesty and character among its members, take upon themselves as individuals to conduct themselves honorably in all college activities. To this end they will neither give nor receive unpermitted aid in any curricular endeavor. They have further agreed to cooperate among themselves in maintaining honorable behavior.

This Honor Program has been developed to meet the needs of the college at this time. A student of Santa Barbara college is expected to conduct himself in accord with the highest moral standards. The responsibility for maintaining this program belong to each individual. It is the duty of each student to build a sense of social responsibility for the conduct of others.

The students request the assistance of the faculty in establishing the Honor Program by seeing that the following points are observed:

1. The student should avoid any activity which might be misconstrued as cheating. Books and notes should be put aside; attention should focus on his own paper. When possible, students should take alternate seats.
2. The students and instructor shall agree as to whether or not the instructor shall remain in the classroom.
3. The student should write and sign the following statement on all examinations and papers before credit is given: "I have neither given or received unpermitted aid in this examination."
4. In the event an infraction of the Honor Program comes to the attention of the Activities Control Board, it shall be the duty of the board to gather and weigh the evidence and recommend action.

In view of the value of this Honor Program in developing character and integrity, everyone is requested to do all in his power to develop and maintain this system.

— EL GAUCHO —  
Entered as second class matter in the postoffice at Santa Barbara, California, September 17, 1926.

## Pu Ko How Initiates Ten New Members

Formal initiation ceremony for ten new members of the Pu Ko How chapter of Phrateres, was held under the supervision of president Pat Murphy Wednesday night, March 20, following a chapter dinner, held at Tony's restaurant.

Pins were presented to the new members, and the initiates recited the chapter oath of allegiance. Guests at the dinner were Miss Hammond, sponsor, and Terry Ellis, past-president.

Members present for the ceremony included Pat Murphy, Terry Ellis, Gwen Fox, Evelyn Gilbreth, Virginia Richter, Jean Fraga, Anne Pasman, Evie Guy, Gertrude Schiro, Elizabeth Knowlton, Dorothy Lynch, Gerry Hewes, Chita Bissett, Alice Billett, Joyce Andrews, Marion Kobzeff, Nancy Derrer, June Patton, Paddy-Dean Richards, Bonita Bailey and Adabelle Whisler.

## Need For Lost Articles To Be Claimed Now

Creation of a separate department in the school organization may be necessary to handle lost articles and books if the accumulation of items handed in at the telephone switchboard is not claimed soon.

The collection now in the care of operator Mamie Miller includes books of all descriptions, articles of clothing, pens, pencils, jewelry, notebooks, and all other kinds of paraphernalia left by students in the library, Quad, cafeteria and classrooms. Anyone missing such items is urged to check at the switchboard to reclaim them before some other method is devised.

## Senior Picture Deadline April 5

All senior pictures for this year's annual must be taken immediately. Deadline for La Cumbre pictures is April 5. Those seniors whose pictures will appear in La Cumbre must make appointments by calling Zane's studio before this deadline.

Faculty pictures must be completed by April 2, as well as individual pictures of student body officers, legislative officers, class officers, A.W.S. and A.M.S. officers, Cal Club, department officers, Pan Hel and Phrateres councils, El Gaucho staff and Red Cross officers. These pictures must be completed to allow sufficient time for printing the annual.

## S.F.S. Holds Initiation At Californian Hotel

S.F.S., sub-chapter of Phrateres, held their formal initiation recently at the Californian hotel. After the dinner, the following were initiated: Betty Baggerly, Kerry Kerin, Ina May Scott, Margie Mayers, Edwina Amer, Gerry Schutz, Doris MacDonald, Chris Calciano, Diane Hansen, Pat Sparrow, Marjorie Reynolds, Peggy Wall and Doris Jean Baird.

## Eventful Weekend for Sigma Tau Gamma

Sigma Tau Gamma started Homecoming weekend by being guides for the open house that was held at the Mesa campus on Saturday. One man was assigned to each room, or section to explain the equipment and answer any questions that the alumni or visitors had.

The Alumni breakfast on Sunday was held at the Barbara hotel. Five alums were present and old times were recalled. The formation of an alumni group in the Los Angeles area was discussed, along with other business. The alums that attended were, Tom Loeffler, Wilf Seaman, Jim McSkimming, Tom Reynolds, and Craig Snasdell.

Monday night the fraternity held a joint meeting with Delta Sigma Epsilon. The pledges were sent on a scavenger hunt while the two groups held their business meetings. Also the two organizations discussed jointly various social events for this semester and some tentative dates were set. Dancing and refreshments followed when the pledges returned from their hunt and this activity took up the remainder of the evening.

Delta Sigma Epsilon is the sister sorority of Sigma Tau Gamma on any campus where both the national groups are present.

## Off the Beam

By MARGE PORTER

Quite an exciting weekend . . . El Dia del Gaucho went off with a bang . . . the CAL CLUB under the guidance of our old friend HARVEY SCHECHTER, gave those attending a good time, plus a good meal . . . what we need are bigger and better Charter Days . . . Too bad not more of the returned vets were there.

Following Charter Day came Homecoming . . . familiar faces by the dozens . . . "Hi yah, George!" "Why Barbara, it must have been six years . . ." and so it went throughout the day and evening.

Peering through the crowd we see the very handsome HARRY STEWART with MARIANNA RICHARDSON, BIG and LITTLE GIBBY MARTIN with their wives, LEFTY THOMAS with MABEL BARKER, GEORGIA MAE KREBBS in from New York, WALT ALGREN and wife DUCKY (DRURY), football players JOHNNY TWADELL, BOB MORELLI . . . ex-student body presidents were there in abundance, JACK RICHARDS, BOB SCALAPINO, DOUG DUCKHAM, JOHN FALXA, and probably several more I didn't see. . . The Homecoming dance was a real success . . . Congrats to the senior class!

She did it! She did it! KAY DILL eloped Friday night with fiancee BROOKS CURREY to Las Vegas . . . Mr. and Mrs. Currey sent a telegram to the DZD's Saturday night telling of the event.

KAY FOX had some really good news the other day when husband DICK wrote from China to expect him home in a very few weeks.

THE REMNANTS OF FASCISM MUST GO . . .

## STUDENT VIEWS

. . . . By Leonard Phillips

After having crushed Germany, Japan and Italy, the three foremost Fascist states in the world, the victorious powers, for the most part, feel that there is nothing to fear from Fascism at the present time. Unfortunately, however, these victorious powers have left two lesser states still blighted by Fascism, these are Spain and Argentina. We cannot stand idle while there is any degree of Fascism on the earth, for with such a way of life, it either spreads over the face of the earth like a black flame grotesquely destructive in its completeness, or it is met by a stronger force and must be completely exterminated. There cannot be just a little Fascism in the world; it must be all Fascist, or no Fascist.

The records of correspondence between Spain and Germany, which have recently been brought to light by our military authorities in Germany, prove without hesitation or doubt that Spain would have gone into the war on the side of the Axis if the military power of these latter states did not perceptibly wane after the last of 1942. Having this valuable information, how can we conscientiously think of the Spanish civil war, the training it gave to the Wermacht, the ruthless African Moors who were thrown against their own countrymen by Franco, and the utter destruction of the relatively weak but brave forces of Democracy in Spain; the thousands upon thousands of political prisoners who have been rotting in depths of filth called prisons by the Falange ever since the civil conflict terminated in 1939; the suppression of civil liberties and what might be termed the right to live; and the fact that all this is supported by those ultra-conservative and reactionary forces in Spain which have been forcing that country down hill ever since Charles V. How can we conscientiously think of these things, which obviously stand in direct opposition to our "American Creed", and not be moved to action leading to the overthrow of such a Fascist state and those forces which have made it possible in Spain.

In the "Blue Book" released by the State department we have a thoroughly documented expose of Argentina. Peron has been successful in putting up a rather thin democratic facade to the world

and behind it he has gone on with his preparations for expansion in South America. Behind this facade works a characteristic Fascist state with its army, trained and led by either Nazis or their converts. Its omnipotent and vile propaganda machinery constantly grinds out its poison for the mind. Peron's regime has its ruthless and powerful bodies of agents for civil suppression; and what is more important its plans, its hopes, its great need for conquest and territorial aggrandizement. Not only have we tolerated such a regime, but we were probably the greatest one factor in bringing this Fascist state into the UNO. Such action is not only blind but self-destructive.

Why have the Anglo-American governments tolerated these two countries which will obviously be a threat to world peace? There are a variety of reasons some of which are as follows: England's need to resume her trade market in both Spain and Argentina; war weariness; America's desire not to interfere in South America; disinterest and apathy of the people of these Anglo-American countries which make it impossible to impose upon Spain and Argentina the necessary economic and political boycotts to bring these two countries to their knees; and what is more important, there are powerful Anglo-American groups, which could make possible effective action against Fascism that feel that Fascism makes no changes in the basic economy and society of a nation. If this nation is sufficiently weak as to prevent its becoming an aggressive power, ignore Argentina's damning, political features while at the same time dealing profitably with its not dissimilar economy.

When these groups think in this manner, they are not dealing realistically with Fascism. Fascism is a way of life, a "sore on the body politic", which forms when such a "body politic" is economically ill and politically paralyzed. This sore grows larger and larger as long as this condition of ill health exists until there is an inevitable conflict to the death between the disease and the diseased. If the spread of the disease is stopped and it is greatly cleared up, the danger to its victim has passed for the present. But what of these small sores that have survived? These sores scab-over while the "body politic" is shot to exhilarating heights, but as this uncontrolled prosperity wanes and dies, illness and paralysis set in again with the same results as before, or maybe this time the victim will succumb to the disease of Fascism.

Let us demand a destruction of these last bulwarks of Fascism while their position is still weak and we are strong. The conflict is only inevitable if we do not act now.

## Gaucha Trackmen Victorious Over Pomona and Whittier

Santa Barbara's Gaucha trackmen were easy winners over Pomona and Whittier at La Playa field last Saturday afternoon by amassing a total of 93 points against 40½ for strongly touted Pomona and 27½ for Whittier. Santa Barbara looked very strong in gaining impressive firsts in nine out of 15 events.

The outstanding men for the Gauchos were Walt Cole and Ed Grabast who lived up to their previous expectations in breaking a school record each. Grabast's record of 48 feet 3¾ inches in the shot put also distinguishes him as being the second to the best shot man in Southern California—; no light honor and the season is young yet, so more can be expected from him. Walt Cole's record in the high jump at 6 feet 3 inches marks him as a very promising boy, for high jumpers are known to vastly improve as the season gets on. Cole's mammoth stride made him an easy winner in the 880, with the time of 2:05.4, which secured him his second victory for the afternoon. Grabast also took a second in the discus throw, trailing Mel Patton.

High point man for the afternoon was William Morgan with 13 points, compiled by a first in the broad jump, 220 yard dash, and a second in the 100 yard dash. Surprisingly enough Morgan is still learning how to broad jump. Pushing Morgan very closely for high point honors, Bob Sherman earned 12 points with a first in the javelin by a throw of 167 feet 2 inches, a stumbling and well deserved second in the high hurdles, and thirds in the high jump and the 220 yard low hurdles.

Ray Lloyd is another promising boy considering his performance Saturday and the fact that he is a freshman. He took a first in the 110 yard high hurdles; timed at 16.5, and a second in the low hurdles. Mel Paton won the discus, throwing it 120 feet 8¾ inches; a third in the 100 yard dash which he ran for he first time in four years, and also a third in the broad jump which he only took one try at.

Sam Cathcart, a very good man at the hurdles, placed third in the 440 and was the only man entered in the event for Santa Barbara. Coach Nick Carter is looking far ahead where Cathcart is concerned and he considers him an ace in the hole for the All-Conference Meet later on.

In the pole vault, at the height of 11 feet, Santa Barbara took first, second and third with York, Mathews and Bingham placing respectively.

## "Sports in Shorts"

By GEORGE LEYVA

Nick Carter's spike-hoofed Gauchos showed great improvement Saturday afternoon at La Playa Field. The Gauchos walked away with ninety-three points; putting Pomona and Whittier colleges on ice to win the opening track and field meet of the season.

Big Ed Grabast started the ball rolling when he took first in the shot put with a mark of 48 feet 3¾ inches. This also set a new school record in this event which was held by Wolf Heinberg in 1941.

Wally Cole, ace high jumper, who was able to clear the bar at 6 feet 3 inches to establish a new school record in this event, was next in line to take first. The previous record in the high jump was held by James Miller in 1939, who jumped 6 feet 2½ inches. Cole didn't stop at one first or the setting of a new school record, but continued the good work to seize a first in the 880 yard run.

Bill Morgan was next in line to secure firsts in both the 220 yard dash and broad jump. Morgan also was the winner in the afternoon meet, piling up 13 points. He earned these by securing these two firsts and a second in the 100 yard dash.

That guy who I am sure we all know, and seems to be getting into the act no matter where he is, Bob "Crooner" Sherman, trailed Morgan for the afternoon laurels by one point. Bob, shattered a first in the javelin throw, placing it 167 feet 2 inches from the throw line; ((really I wouldn't want to be around when he starts throwing things)). Sherman also secured second in the 110 yard high hurdles, and third in the high jump. Bob stumbled in the low hurdles, which was tough luck, he probably would have gone through with a second or possibly a first.

Mel Patton highlighted the discus throw and seized a first for the Gauchos, when he heaved the discus 120 feet 8¾ inches.

Nick Carter's track layout and officials should be commended on their excellent job of running off

## Gaucha Netmen Win First Match Of the Season

The Gaucha tennis squad opened its 1946 season in encouraging fashion last Sunday, winning 8 of the 12 matches played against the Santa Barbara Tennis Club on the Municipal Stadium courts.

The college netters took 5 of the 8 singles matches and 3 of the 4 doubles contests.

Results of Sunday's matches against the Santa Barbara Tennis club are as follows: (first named is college player).

### Singles

Juan Solis lost to Bill Howard, 1-6, 6-1, 2-6; Alan Cobbe lost to Bud Nalley, 6-0, 3-6, 3-6; John Sanders defeated Morton Dewhirst, 6-3, 1-6, 6-4; Larry Wathey defeated Bob Mace, 6-2, 6-1; Stanford Bingham defeated Bob Wormser, 9-11, default; Joel Andrews lost to Tom Collins, 6-4, 0-6, 6-2; Merritt Sloniker defeated Dick Collins, 6-2, 6-4; Bob Walsh defeated Evert Arnold, 7-5, default.

the events. I believe the complete meet was run off in about one hour and forty-five minutes, allowing the meet not to bore any of the spectators. Also the turnout for this event can be said to have been the best that Santa Barbara track and field mentors have witnessed.

## Gaucha Diamonders Invaded By Airborne Bulldog Team

Flying down from the raisin city, the Bulldogs of Fresno State, coached by Hal Beatty, will arrive tomorrow for a scheduled baseball game in Pershing field. Included in the arrivals will be graduate manager Art Sanstrom and four members of the Fresno net team. A rally committee will be formed to meet the visitors at the Goleta airfield.

According to Coach Harder, "the same mode of transportation is sought for our athletes for the coming semester. If so, it will be possible for travel at no loss of time or studies."

The probable starting pitcher for tomorrow's game will be Ralph Keegan. If it is found he is tiring the most logical choice will be Dale Scott; others to be called upon for relief will be Bill Metcalf and Gene Mangini. The lineup for the game will be the same

as usual except for Rogers at right field.

Last week's game with the California Bears ended in a 7 to 0 shutout. Harder stated, "Pitching was the main trouble, as Mangini was wild in his turn at the mound, but the experience in a non-conference game will no doubt affect his control and confidence for the future."

April 2 the Gauchos play host to the Camp Russo "Sea Bee's" from Hueneme, at Pershing Park. April 4 approval is being sought for a game with Loyola here.
