Graduates Hear Talk by Chenney

'Art of Securing Position' Is Subject of Guest's Talk to Seniors

LEADING AUTHORITY

Dinner in Honor of Visitor Is Planned by Faculty at El Paseo

Addressing the graduating class this morning at their regular class meeting, Mrs. May L. Chenney spoke on the 'Art of Securing a Position.' The meeting was held in room 43 at 8:45 a.m.

Mrs. Chenney is president of the California Association of Placement Secretaries, and has had a great deal of experience in placing students. She has sent university and college graduates into work of various sorts in many countries outside of the United States.

Wide Experience

At present, because of her wide experience, she knows more about the work of placing students than anyone in the field, according to Mrs. Jane Miller Abraham, registrar.

After leaving Santa Barbara, Mrs. Chenney will attend a meeting of the secondary school principals which is to be held at Pasadena. Mrs. Chenney is accompanied by Alice Greer who acts as her assistant.

Dinner Planned

In honor of her visit, a dinner is being planned by members of the faculty, with Dr. Elizabeth Bishop in charge. The dinner is to be held in the Gold room of El Paseo.

While in Santa Barbara, Mrs. Chenney has been the house guest of Mrs. Jane Miller Abraham, registrar.

ART DEPARTMENT ENTERTAINS PT A WITH EXHIBITION

Entertaining the Santa Barbara junior high school Parent Teacher's association, the art department of State college held an exhibit Wednesday afternoon, March 25, at two o'clock.

Mrs. M. E. T. Crosswell, head of the art department, opened the speeches by extending a welcome to the guests. Mr. Walter L. Cheever, Mrs. Ruth M. Doolittle and Mrs. Isabel M. Fish, art instructors, spoke on the value of art in life.

Tea was served in the latter part of the afternoon. Mrs. Floyd Brewster and Mrs. Joseph Siebold presided over the tea table, which was set with two samovars. Mrs. Siebold poured from a samovar exactly twenty years ago in Russia, having lived there and taught the Russian children before returning to this country.

Elementary Members Organize Publication

Forming plans for the publication of an elementary department booklet, a committee composed of Dorothy Riche, Charles Leister, Barbara Seward, Gwen Davis, Zelma McCleary and headed by Robert Moore, met Monday afternoon in Mrs. Laura S. Price's office.

This booklet is being published for the purpose of sending news of the department to alumni, high school students, and others interested in the elementary teaching field. It will include material on such phases of the department's activities as training, extra-curricular activities, social events and possibilities of placement in the teaching field.

Bowden Speaks to Dietetics Class Members

Chief Dietician at Clinic Explains Diabetes and Diet Calculation

Alice V. Bradley to Address Club on Recent Finds in Nutrition

Miss Ruth Bowden, chief dietician at the Sansum Clinic, spoke to Miss Alice V. Bradley's advanced dietetics class last Thursday afternoon on diabetes mellitus and the rapid calculation of typical diets. She recently returned from a three months sabbatical leave, during which time she visited hospitals in New York, Boston, Washington, D. C., Detroit and Chicago. Going east overland, Miss Bowden returned by the Panama Canal, where she took several interesting side-trips.

Miss Bowden finds that the eastern hospitals, as well as those on the west coast, are using high carbohydrate diets. She states that more insulin is being used than ever before because it has been found to have other uses within the body outside of the burning of sugar such as the oxidation of fat absorption. Fats are being eliminated from diets except for 30 or 40 grams per day. One of the results of this elimination is that patients have fewer cases of coma.

Miss Bradley will speak before a meeting of the Santa Barbara county dietetics association at the El Encanto hotel Wednesday evening, and her subject will be, "Recent Findings on Nutrition."

Estudiantina

By AUDREY FLETCHER

When women are together
And get to pullin' hair,
It makes some fuss and plenty muss
And heads get very bare.

But you just wait till April
And Estudiantina holds sway,
A tug of war and games galore
Will brighten up the day.

With food all free and plentiful
And endless beach of sand—
With blue-green waters for
Neptune's Daughters,
A treat for any band.

Don't be curious and wonder
"What?"—
But just sit back and wait;
Soon we'll tell you all—both
big and small—
The time—the place—the date.

Hitler in Victory

Associated Press dispatches from Berlin indicate that Herr Hitler in the recent election received 99 percent of the votes. A bare 543,000 persons dared invalidate their ballots by voting "No." Although such an affirmation was expected by European statesmen of Germany's recent occupation of the Rhine zone by the people, new problems present themselves. France is more determined than ever that before any treaties be signed, that Germany be made to give guarantee that such agreements will be kept. On the other hand England is in favor of inviting Germany military officers to partake in the conference of the Locarno powers.

Roosevelt Well Liked

Returning from a nation wide tour to look into the political situation, Dr. Butler of Columbia University while in a conference with newshawks revealed that Roosevelt is at present very much favored by the people of the country and stands a fine chance of being elected. He said the biggest obstacle to the campaign of Landon is that he is being backed by Hurst. Borah stands a small chance of being nominated by the Republicans, Butler feels, because of his continual adverse attitude toward sound moves in currency and because of his endorsement of the now partially exposed Townsend plan.

Harrar Abandoned

After an aerial attack by the forces of Mussolini, Harrar, the second city in size in Ethiopia was completely demolished. With reports that the Red Cross units and mission were used as targets by the bombers come the report that 40 persons were slain and over 100 severely wounded.

Mrs. Margaret Bennett, English instructor, spoke on "The Woman's Place in the News." In addition, Mr. Harold Jacobs, editor of the Morning Press, and Mr. Frank See, circulation manager on the News-Press were the featured speakers of the day, also spoke to the visitors. Open discussion upon problems facing college and high school journalists was conducted by Bill Hoyt.

Following the Pine Hall meet, the students were taken on a tour of the campus and newspaper, editorial and printing offices. Tea was served at three-thirty in the A. W. S. room.

Student Censorship?

That the petty student politics should gain enough power to silence the voice of the students at large, the voice of the daily press, is an absurd situation according to American custom. In the removal of Gilbert Harrison, editor of the Daily Bruin, the executive council of the University of California at Los Angeles has labeled itself as an inorganized, inefficient group which has let insignificant personal sentiment stand in the way of free expression of views, a traditional, typical basic principle of American citizenship.

Let the UCLA executive council look to itself for the possible reasons for the criticisms before attempting to silence that instrument that represents the students at large, whether it be by editorial expression of the editor or the unbiased reporting of the news by the staff of the organ. That the council should have the legal authority to remove the head of the Daily Bruin merely because "his policy was not in accordance with the wishes of the council" is a fallacy in the constitutional set-up of the student government.

From the editorial columns of the Daily Californian, UCLA's Northern sister university, we clipped the following, titled "Grow up," as it expressed our personal sentiment completely.

"The ousting of Gilbert Harrison is the culmination of a fight between the editor and the Executive council as to who should direct the editorial policy of the Westwood campus newspaper, the editor or the student council. The reason for yesterday's action is Harrison's recent editorial campaign to abolish all useless student activities, in itself a good idea. That a question has arisen is an indication that the juvenile impresarios at U.C.L.A. have not grown up to the fact that an editorial policy is the private property of an editor and not something to be determined by the underhanded machinations of undergraduate politicians. Putting control of a college newspaper into the hands of a student council is giving way to continuous bickering and wrangling on the part of political factions attempting to dominate the direction of policy. The editorial columns should be kept free of this and out of the reach of busy-bodied little Hitlers who would repress all opinions differing with their own. Harrison has done excellent work and there is no reason why two-year-old zealots should force him from his job."

Quotable Quotes

By GLENN FRANK

President of University of Wisconsin

"Freedom of the press is never won. It is a right that must be continuously won, for the forces that disbelieve in its validity are sleepless. And these forces surround and snipe at the amateur press of universities no less than the professional press.

"When a newspaper speaks its mind freely about the persons and policies of a university, when it comments, skating on thin ice of that discourtesy which marks a boor, the pressure from the university administration to censor and control the newspaper is always insistent.

"A press that is not free is worthless, what ever else it may claim by way of virtues."—(Reprint from the Daily Cardinal)

LETTER OR MISSIVE

In this casual era it is but seldom that people stand on ceremony. But there ARE certain customs, without nationality, which are still observed—or should be.

Even in this age when football heroes are so idolized, men still allow ladies to go through the door first. And we ask, is THIS CUSTOM outdated? H'm! Some people think they are very modern.

Your humble but easily seen columnist reached the swinging gate of the student body office at the same time that a certain much seen man-about-campus did, but WE, as if we were nothing more than a gentle breeze, had to step back while HE, HE swept through the gate to the telephone, at the same time giving us a why-don't-you-get-out-of-the-way look.

And they call themselves he-men! According to Alice-Leone Moats, author of "No Nice Girl Swears," the slogan of the age is, "Do as you please IF you can get away with it." That IF it is worthy of consideration. But why should people forsake their chivalry, their culture, and their true self-respect and fall into the ways of those unworthy to be imitated?

Here is a situation for you to picture, ponder, and reword: Mrs. Onlyforty entered an executive's office, where sat the executive, a faculty member, and a student.

The executive sat still. The faculty member rose from his chair.

The student awkwardly rose halfway.

Why, we question, was the faculty member the only one to rise? The executive was not exempt from the performing of these small, generally recognized courtesies just because of his superior (?) position.

The student, certainly the student should have risen, for three different reasons: in courtesy to a stranger, an elder, and member of the opposite sex.

Watch your step! Miss Moats will get you if Mrs. Post doesn't.

Although Coach "Spud" Harder's up and coming baseball outfit had comparatively little trouble with the supposedly strong Chapman nine, a dark gloomy cloud hangs on the championship horizon in the form of the San Diego Aztecs. Behind Al Churchman, border city slab artist, the Aztecs ruined the powerful Occidental Tigers and, in doing so, stamped themselves as the team to beat in the horsehide pennant race.

Gauchos Win Second Spot in Oxy's Three-Ply Meet

Kilday, Bengal Star, Steals Honors by Being 'Iron Man'

Led by versatile Claude Kilday, Bengal iron-man, the Occidental Tigers scored a three-ply victory over Santa Barbara and Whittier colleges in a triangular meet at Patterson field, Saturday. The score was Oxy 71 1-6, Santa Barbara 48 5-6, and Whittier 31.

Coach Joe Pipal's forces also copped dual meet wins from both the Poets and Gauchos. Final tabulations gave Santa Barbara a 77 3-5 to 53 2-5 triumph over Whittier, while Oxy defeated Whittier 86 3-4 to 44 1-4 and Santa Barbara 81 to 50.

Virgil Hooper, Gaucho distance star, again lowered the school record in the four-lap event when he opened up on the back stretch to run Quaker captain, Johnny Baker into the ground and break the tape in 4 minutes 35.2 seconds.

Howard Yeager, broadjumping for the first time, leaped 21 feet 4 1-2 inches to win the event. He also ran third in the century and low hurdles.

Despite the fact that they lost both games 2-0, the Women's Athletic Association from Santa Barbara State placed three women on the honorary college hockey team, after participating in a three-way hockey meet with U. C. L. A. and Glendale junior college.

Jean Goss, Pat O'Bryan and Margaret Cooper are the three women chosen for this honor.

The team entering the play day was made up of M. Cooper, N. Clapp, C. Ross, A. Forsythe, J. Goss, M. Kohler, M. Tone, E. Rees, L. Steelsmith, P. O'Bryan and H. Rogers.

GaUCHO HorsehidERS Whip Yearling Nine

Last Friday afternoon, the varsity horsehidERS drubbed the Frosh in a regular nine inning game, 12-7. The game, a dull affair, was marked by the leg injury of "Rezy" Rezzonico, when he received a large gash on his leg as a freshman slid into home plate.

Wyckoff Instructs State Trackmen

Appearing before Nick Carter's Technique of Track class, Frank Wyckoff, former world's fastest human, will give a short talk and answer all questions pertaining to his track experiences.

In a bit of competition last Friday afternoon, Wyckoff ran an exhibition 100 yard against the three frosh sprint men. Giving them a five yard handicap, the former century champ defeated Swatzberg, Greer and Woods, 4, 6 and 7 yards respectively.

State Varsity Gains Revenge Over Chapman

Miller Pitches Masterful Ball in Winning 10-4 Gaucho Diamond Victory

The Gaucho varsity baseballers gained rightful revenge for their last year's defeat by the Chapman college nine from Los Angeles in taking a decisive 10 to 4 contest held last Saturday afternoon at Pershing Park.

Coach "Spud" Harder's men were under the masterful pitching of Mert Miller who held the Chapmanites to four hit balls. Led by "Shires" Erhard and "Noisy" Miller who rapped out a pair of two-base hits, the "Staters" collected 14 hits from Knowles, colored chucker of the Chapman team, supposedly outstanding pitcher; the Gauchos really got to him after the first inning and hit freely during the rest of the contest. Evans, Lebeck, Rezzonico, Luse, and Van Meter all collected two hits at their times at bat, indicating the Gauchos' strength at bat.

A LIGHT SMOKE

OF RICH, RIPE-BODIED TOBACCO

The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill, uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

Invitations Sent Out for Convention Here This Summer

Invitations have been sent to superintendents, principals, supervisors and teachers throughout California to attend a Panel Conference in Curriculum Problems in Industrial Education to be held at Santa Barbara on Saturday, June 27, the first week-end of the Summer Session.

Numerous inquiries from both administrators and teachers concerning the future status of Industrial Arts in elementary and secondary schools have contributed to the calling of this special conference. Speakers and members of the panels for discussion will be selected from superintendents, principals, supervisors and teachers in about equal proportion in order that all phases of the problem may be brought out and discussed.

Some of the expected outcomes of this conference are: an evaluation of present practices in Industrial Arts in the light of modern philosophy of education on the secondary level, suggestions for possible changes in objectives and emphasis in the Industrial Arts work in junior and senior high schools, suggested changes in teaching methods and procedure in keeping with proposed reorganization of aims and objectives, proposed changes in emphasis and possible redistribution of requirements in teacher training programs for Industrial Arts instructors.

I wouldn't give that for a cigarette that doesn't Satisfy ...that doesn't give me what I want in a smoke

I want my cigarette mild, of course—I hardly think anybody enjoys a strong cigarette. But deliver me from the flat, insipid kind.

I find a great deal of pleasure in Chesterfields. They're mild and yet they seem to have more taste and aroma. I enjoy them.

They Satisfy... just about all you could ask for
