OVER 400 STUDENT VISITORS EXPECTED FOR COLLEGE DAY

More than 400 students from high schools and junior colleges throughout Southern California will visit the SBC campus Saturday, March 3, for the annual College Day.

Students planning to attend Santa Barbara College next fall will bring parents, counsellors and teachers to the campus for an all-day program designed to inform the visitors about the college.

Michael Chairman

Dr. Ernest Michael, instructor in Physical Education, is the chairman of the College Day

Don McLean, '59, New RHA President

Wednesday night, Feb. 13, in Manzanita Hall, elections were held for RHA officers. Elected to the position of president for the spring semester was Don McLean, '59. At a meeting of all the newly elected residence hall presidents, Don McLean overcame all opposition in a decisive vote in his favor. Some of McLean's past activities have included being Sycamore Hall's president as well as being actively engaged in other school and residence hall activities.

Some of McLean's plans for the RHA this semester include: "To stimulate the individual halls to be more active in the Council, to have more contact with the individual student for his personal benefit, to plan some new social and recreational events which will utilize the spring weather, continued revision of the RHA Constitution which will be submitted to the residence halls for consideration of acceptance, getting the wants and needs of people in the halls to Council where appropriate action can be taken, and to encourage anyone interested to attend the Council meetings, which are open, to present their views."

The other RHA officers elected were: Toni Saadi, vice president; Sandy Bechtold, secretary, and Carol Rule, treasurer.

ELLIOTT BILL GAINS APPROVAL

by Toni Walsh, '60

The bill concerning fraternity discrimination that is now before the state legislature is one that directly affects all greek organizations of the Santa Barbara campus.

If passed, this bill would prohibit any fraternal group to include clauses in their constitutions which pertain to racial or religious discrimination. Any such organization that practiced such restrictions would not be recognized or chartered by the University of California. If the national headquarters of each fraternity and sorority failed to remove such clauses, the chapters must break from the national organization, or lose its University recognition.

Since this bill is of vital importance to the students of our campus, *El Gaucho* has interviewed several officers of the student body and others whom the acceptance of this bill would effect directly in an attempt to discover the general feeling concern-

committee, with a large staff of faculty members and students.

All academic departments will have arranged locations to meet with students interested in those fields. The Associated Students will provide guides, to be located at various spots on the campus, to assist in the decorating and help with the registration of the visitors.

College Day will begin with registration in the Student Union patio, between 9 and 10 a.m. From 10 until noon visitors will tour the campus and make their departmental visits. Luncheon will be served the guests at 12:30 p.m. in the Las Casitas cafeteria.

Recreation

More campus visits follow lunch, with a special assembly to be held for the guests at 2:30 p.m. From 3 to 5 p.m. the campus pool will be open, with suits provided by the College.

In addition, visitors will have an opportunity to watch a baseball game with the alumni at 2:30 in the afternoon, and a *Gaucho* basketball game with Los Angeles State at 8:15 p.m.

Each visiting student will receive a packet of college information containing a "Gaucho Guide," copy of *El Gaucho*, program, and other data on the college. A representative of each school will also receive a copy of *La Cumbre* for the school library.

Suzanne Bloch Appears March 3

The distinguished artist, Suzanne Bloch, will appear on the auditorium stage of Santa Barbara College on March 3 at 8:30 p.m. in a concert offered to the public by the UCSBC Committee on Drama, Lectures and Music. There will be no admission charge.

A lutenist, singer to the lute, player of virginals and recorders, Miss Bloch was highly praised by concert-goers at her last concert here five years ago.

COLLEGE TALKS PLANNED FOR SPRING TERM

Today, Feb. 19, marks the beginning of a varied All-College Lecture Series planned for the spring semester. The series will be given each Tuesday, except on March 19 and April 16, at 4 p.m. in Bldg. 431, Rm. 102.

The events, as announced by Dr. Roger E. Chapman, chairman of the UCSBC Committee on Drama, Lectures and Music, are offered free to the public as a cultural and educational contribution to the campus and community.

The ten lecturers include five authorities from the local UC campus and five visiting scholars speaking in the areas of philosophy, art, literature, music, astronomy, drama, history and current affairs.

The complete schedule of All-College Lectures is as follows:

Feb. 19—"Sigmund Freud: The Response to Moral Crisis," by Dr. Herbert Fingarette, assistant professor of philosophy.

Feb. 26—"The Netherlands Since 1945: A Record of Post-war Progress," by Dr. William F. Holtrop, associate professor of industrial arts.

March 5—"Classical Background of Western European Art," by Dr. A. D. Trendall, professor emeritus of Greek and archaeology, University of Sydney, Australia.

March 12—"The Legend of the Grand Inquisitor," by Dr. Edmond E. Masson, assistant professor of French.

March 26—"Franz von Biber, the Experimenter," by Stefan Krayk, assistant professor of music.

April 2—"Clusters of the Galaxies," by Dr. C. Donald Shane, director of Lick Observatory.

April 9—"The Arts in Inter-American Relations," by Charles Seeger, formerly chief of the division of music and art for the Pan-American Union.

April 23—"Japanese Drama: No, Kabuki, and Puppets," by Dr. Donald M. Shively, associate professor of Oriental languages, University of California, Berkeley.

April 30—"Why the Unending Interest in the Civil War?," by Jay Monaghan, consultant to the Wyles Collection.

PROFICIENCY TESTS

Proficiency tests will be given for those teacher credential candidates who have failed in any part of these examinations in the past.

The exams will be given on Thursday, Feb. 28, at 7:00-10:30 p.m., Bldg. 431, Rooms 101 and 102.

The following schedule and rules of procedure will be observed. Doors will be opened at the beginning of the administering of each of the Divisions only.

Reading Comprehension	7:00
Reading Vocabulary	7:30
Arithmetic Fundamentals	7:45
Arithmetic Problems	8:30
English	9:15
Spelling and Handwriting	10:00

Students deficient in any section of any division of the test must retake the entire division, and will be held responsible for any part taken whether passed formerly or not.

Incidental Fees Increased 8 Dollars

The incidental fee on all campuses of the University of California will increase from \$42 to \$50 per semester, effective with the fall semester of 1957, President Robert G. Sproul announced Friday, following action by the Regents at their regular meeting on the Riverside campus.

The increase is necessary, President Sproul explained, in order to meet increased costs of student services incidental to a University education since the \$42 fee was set in 1954.

Services covered by the fee include student health, counseling, bureau of occupations, housing, recreational facilities, laboratory materials and incidentals, and diplomas and certificates.

A recent survey disclosed that the approximate cost of these services will be offset by the estimated \$4,200,000 annual income that can be expected from the \$50 incidental fee per semester with an expected enrollment of 42,000 students in 1957-58 on the eight campuses.

Associated Student membership fees, which vary on different campuses, are not included in the incidental fee.

Student Leaders Feel Change Is Needed

By far the greatest part of the activities which make up college life outside of the classroom are sponsored by the Associated Students. Each semester every student is charged \$15 by this organization to finance dances, athletic teams, assemblies, *El Gaucho*, *La Cumbre*, a college band, and any other activities the students might want.

Every student is a member of the Associated Students, giving that organization more than 2,000 members this semester. Since it is impossible for a group this size to meet together and make decisions, we elect representatives — who form the Legislative Council — to act in our name.

DO YOU KNOW WHO YOUR REPRESENTATIVES ARE? Six Representatives-at-Large are supposed to act as direct links between the student body and Legislative Council. How many of you have talked to your Representatives?

Other Voting Members
Ten other students are also elected to serve as voting members of the Legislative Council. They also are supposed to reflect your opinions. Do you know how they are voting?

Over half of the Legislative Council is made up of committee and board chairman, who — though not voting members — still make important decisions and do much of the work involved in Associated Students activities.

Special Events Committee makes the rules for Homecoming,

GREEKS SPEAK

by "Al and Mac"

Sigma Phi Epsilon will sell their ideas and plans for Barbary Coast for ONLY \$400.00. Call 8-7401.

Eight In Race for Frosh Veep; Rosalind Rea To Remain Sec'y

As of the date of the last issue of *El Gaucho*, the majority of the candidates had submitted their applications for the forthcoming elections for Women's Representative-at-Large, Freshman Class President and Vice President.

The candidates who have declared their intention to run are: For Women's Representative-at-Large — Connie Fabricant, '58; Laurie Clifton, '60; Sandy Bechtold, '59; Sally Moore, '59; Janet Taylor, '59, and Diana Schacht, '58. For Freshman Class President—Bob Hodies and David Hall. For Freshman Class Vice President—John Vincent, Louis G. Robinson, Janet Weidenbach, Susan Walker, Gary Marx, Jill Reed, Carol Haude and John Ginsburg.

It has been learned that the position of Freshman Class Secretary is not open. The present secretary, Rosalind Rea, has decided to retain her present office and not resign to run for president of the class.

The decision has been made to keep the polls open for two days in accordance with the Associated Students Constitution. The polls will be open Thursday, Feb.

28, and Friday, March 1. This was decided so as to give everyone ample opportunity to exercise the right to vote. The time the polls will remain open and their locations will be announced later in *El Gaucho*.

The special election assembly will be held in the auditorium Wednesday, Feb. 27, from 12 to 1 p.m. At this assembly the candidates will speak for the offices which they are seeking.

Those who are being elected now will serve only for the remainder of the semester. These officers will step in to execute their respective duties from the time of their election. The regular general elections will be held, as usual, later in the semester for next year's officers.

AWS ELECTIONS

Women interested in running for AWS president, vice president (two chosen), secretary or treasurer should sign up at once in the Associated Student Body Office behind the Student Union.

The elections will take place March 7 and 8, and the deadline for signup is Wednesday, Feb. 27.

Information on posters, qualifications and dates will be available where you register.

Les Brown Tickets On Sale Now At Grad. Mgr.'s Office

Tickets for the Les Brown Dance on Friday night, March 8, from 10 to 1, are now on sale at the Graduate Manager's Office, it has been announced by the Special Events Committee, directors of the Barbary Coast Carnival.

Tickets for college students only will be \$1 if they are purchased in advance, and \$1.25 if purchased at the box office the night of the dance. Bob Lorden, Graduate Manager, issued a warning, however, that after 1,000 tickets are sold, there will be no more available, so to avoid disappointment on the night of the dance, students should purchase their tickets in advance.

Barbary Coast, and Spring Sing. Board of Athletic Control sets the policies for all our teams. Finance Committee makes the basic decisions on how to spend \$60,000 a year. Social Committee arranges all-school dances and Assembly Committee plans all student body assemblies. How many of you know the names of the chairmen of these committees?

Best Possible Job

All your representatives have been doing the best possible job under the circumstances. But under the present Associated Students Constitution we cannot establish the best possible relationship between the individual members of the student body and their representatives.

Change Needed

Contact between you and your representatives is made more difficult than it should be by the present Constitution.

As the Constitution now exists it is more difficult than it should be for you to know if your representatives are making the decisions you want made.

Under the present Constitution it is difficult for students living off campus to participate fully in student activities.

As the Constitution now reads, it is far too difficult

for your representatives to be truly representative of those who elect them.

We feel, therefore, that certain amendments to the Associated Students Constitution need to be adopted. In the next issue of *El Gaucho*, if the editor is willing, we would like to submit these amendments to you for your consideration.

Elliott Bill

continued from page one
 Adler, A.M.S. President. "I believe that this bill before our state legislature is of great importance to us as college students and as citizens of the United States. If passed, it would demonstrate that we are aware of the ignorance and discrimination that exists in all parts of the country, and that we are desirous of doing something about that discrimination. While this bill would quite obviously not eliminate racial discrimination, it would be one step toward the better handling of this problem, and towards its eventual elimination."

Jack also commented that acceptance of this bill alone is not enough. He feels that the students of the University of California and of other colleges throughout the nation must lend their support to any action taken, and must back it up to the full strength of their convictions.

Basically, the idea motivating this bill is sound. Acceptance and enforcement of omittance of discrimination clauses can do much to further the elimination of this problem. But—this is only one step, and will not, by any means, bring about an end

Kincaid Faculty Club President

Edward Kincaid, assistant professor of industrial arts, was elected president of the Santa Barbara College Faculty Club for the ensuing year, it has been announced by Dr. Robert Beachboard, retiring president.

Other officers named were: John M. Groebli, assistant professor of industrial arts, vice president; Dr. Robert M. Norris, assistant professor of geology, secretary, and Dr. James L. Walters, assistant professor of biology, treasurer.

New board members elected for a two-year term were Lt. Col. George C. Woolsey, associate professor of military science and commanding officer of the college ROTC unit; Dr. Paul H. Barrett, assistant professor of physics, and Elizabeth A. Stitt, instructor in physical education, who will serve as social chairman.

to the personal prejudices that exist. Legally it is a step that must be taken in order to open the channels for further action on this situation.

BERKELEY COMMITTEE STUDIES POSSIBLE REVISIONS IN SUBJECT A

Subject A, which has wavered between a requirement for matriculation, for advancement to upper division, and for entrance to the University since its institution in 1898, is now under study on the Berkeley campus by a special committee of the College of Letters and Science.

This committee is concerned with how, and how well, Subject A—as an examination and a course—operates in the University.

Subject A attempts to encourage and require adequate English skills. In principle, it establishes standards for college preparatory students in California schools. It requires entering undergraduate students who do not have credit for college-level English to demonstrate adequate skills in English composition.

In the recent years, about half of the students taking the Subject A examination have failed it and drawn upon themselves the requirement—should they enter the University as low freshmen—of enrollment in the no-credit, \$20-fee Subject A course.

At Berkeley, specially trained graduate students teach these students in small groups, usually 30 or less. At Los Angeles, a special staff with training comparable to that of junior college instructors is maintained by the Subject A program.

Although both Berkeley and Los Angeles make special provisions for excusing the comparatively few students who show better-than-average ability or preparation early in the Subject A course, more than 98 per cent of those who fail the Subject A examination are required to complete a full semester's work in the course. Of these, approximately 75 per cent are able to pass the Subject A examination at the end of the semester.

Of students who were judged deficient in effectiveness of expression by a Berkeley Prose Committee under Professor Benjamin H. Lehman in 1955, a large percentage had passed the Subject A course. Students num-

bering 1,631 were studied; 380 had failed the original Subject A exam but passed the course, and of this total, 41 per cent were judged deficient in English Expression.

Just 21 per cent of students who passed the exam on entrance to the University were also judged deficient in this survey, while 29 per cent of students who satisfied the Subject A requirements at other institutions were unsatisfactory.

Some University opinion favors making the passing of the Subject A examination an entrance requirement for the University. Two faculty committee reports have urged re-institution of Subject A as a performance requirement for students seeking upper-division status. A third proposal would require all incoming students regardless of previous college-level performance, to demonstrate their proficiency in English.

The subcommittee recommended a University-wide, rather than a Subject A-centered, approach to the problem, suggesting a school for examination readers, who "tend to grade on the basis of 'points,' as in 'objective' tests, rather than on the organized presentation of relevant material" and thereby fail to set a standard or establish an incentive for good English expression.

The subcommittee felt that there must be a genuine display of interest by the instructor to encourage development of the latent abilities of the student: "Any improvement (in the student) seemed to be based on the development of general awareness of demand by the reader and instructor."

The committee repeated its belief that "students will not bother to write good English unless they are adequately motivated to do so," noted that "the most immediate effective motivation is the refusal of an instructor to accept any but good English," and asked that the teaching of English composition be a part of all courses.

GAUCHOS INCREASE CCAA LEAD WITH TWIN VICTORIES

Base Positions Filling Up

Coach Rene Rochelle, preparing his Gaucho horsehiders for the opening of the 1957 baseball season, sent his charges through its first intrasquad contest on Saturday.

Hampered by rain during the first week of practice, the Gauchos do not have a definite line-up as yet. Although Rochelle is counting on several key men to aid the Gaucho cause, he is the first to admit that virtually no position has been nailed down as yet.

Especially promising thus far has been the Santa Barbara pitching staff. Already counting on regulars Jim Hezlep and Bob Pope, Rochelle has been pleasantly surprised by the performances of Ron Heuser, Roger Keller, Clem Cohen and lefthander Ed Copley. With Pete Walski available for relief duty, the Gaucho pitching staff looks like a formidable aggregation.

Behind the plate Rochelle has been encouraged by the performance of Bert Arons, a junior from Valley JC. Arons has ample speed and a good arm, and should press first-stringer Neil Wright.

The left side of the Santa Bar-

bara infield appears to be shaping up. Pete Walski at third, Pat Mills at shortstop and Ed Coulter at second base should all be first-stringers when the regular season begins on March 2.

Darrell Chausow is looking good behind Walski at third base, and if he could improve his hitting ability he could possibly move Walski to another position. Chausow's defensive work at the hot corner has certainly been more than ample.

The first-base position is at present possibly the most unsettled spot on the ball club. There is an all-out battle raging here, and it appears that Don Evans has the inside track right now.

The centerfield post is being reserved for John Osborne, as he will leave the basketball team shortly. Leftfield is at the present time in the hands of Fidenzio Brunello. The rightfield post is uncertain, with spirited competition existing between Bruce Varner, Dave Imans and Wayne Nakagawa.

The Gauchos' season is highlighted by two games with the UCLA Bruins and another with USC, six-time California baseball champions, perennial powers of the Pacific Coast.

49ers Downed In Close 67-64

The Wiltonmen of Santa Barbara closed the book on a 62-62 tie going into the last minute and a half of play on five quick points; free throws by Lee Smelser, Jim Hargrove and Don Hoopingarner and a basket by Johnny Osborne. The Fortyniners dropped one as the gun sounded and it ended 67-64. With this Friday night win, the Gaucho CCAA lead went up to 4-0. Although Long Beach wound up with the worst record of all 0-8, this game can be said to have been the stiffest one so far in the conference.

Gaucho forward Lee Smelser, former Jaycee star led the Gaucho squad with 18 points having had 7 field goals and 4 free throws.

Hoopingarner, new starting center in place of Jim Robitaille, netted 11 points and had 14 big rebounds, just behind Jim Whalen with 17. The Gauchos outrebounded the 49ers 58-40.

Though the Gauchos were behind at the half 37-34 and the 49ers remained in the lead well into the third quarter, Hoopingarner's hook shot put the Gauchos back in business til the end.

Barkley - Smelser Shooting Kills L. A.

The really fine job of shooting on the part of Gaucho guard Ralph Barkey and forward Lee Smelser told the tale on the L.A. State Diablos on Saturday night. A stunning 90-78 victory now gives the Gauchos a 5-0 lead over the CCAA.

Most phenomenal was Barkley's 12-for-12 free throw record and the general over all shooting averages for the team. A tremendous 53% over-all average and a sizzling 63% for the second half.

The Gauchos opened up with an unexpected man to man in the first half but zoned it throughout the second. Controlling the boards, for the first half, the Gauchos relinquished this to State during the second, and State out-rebounded 60-46.

The Gauchos led with 44-35 at the half.

The Barkey-Smelser combine was a great spark to the team. Smelser hit five consecutive field goals in the first half and hit 11 for 15 shots while Barkey came through with an equally impressive 9 for 13.

The Gauchos have one more game to play against L. A. State, that is here, in the Armory, on March 1st.

Netmen go to Arizona

John Ahern and George Lederer, two of the top small college tennis players found anywhere, will meet their first competition of the season on Friday, Saturday and Sunday when they journey to Tucson, Arizona and the University of Arizona Intercollegiate Invitational Tennis Tournament.

Ahern, winner of the All-Campus Tournament held in November, and Lederer will both enter

the singles and will combine to try for the doubles crown in this important tournament.

Last year in this tournament George was runner-up, losing to Gary Peterson of the U. of A. in the finals. He qualified for this year's trip by beating Ted Phenix runner up in the All-Campus tourney, 8-6, 6-2 on Friday.

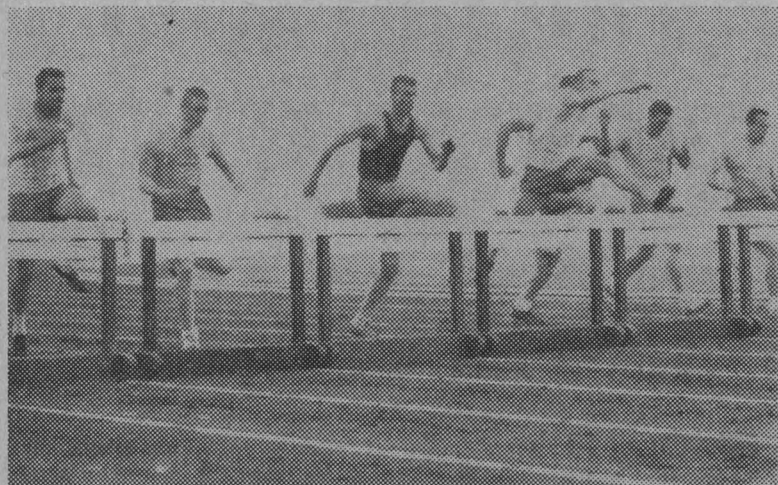

Santa Barbara's two top women players, Jo Brown and Mary Pyle, will also make the trip to try for the women's singles and doubles crown.

GDIs Take Intramural Meet

Four broken records and several sparkling performances highlighted the annual Santa Barbara College Intramural track meet which was held last Thursday on the local track. The G.D.I.'s won the spikefest with 69 points to edge out the Kappa Sigs who won the Fraternity Division with 68 points.

Coach Nick Carter singled out the performances of Don Kelleher, Raul Yanez, Duke Ellington, Ned Wilson, Larry Olivas, Jerry Mullen, Jon Champeny, Hank Vallekamp, Marc Howenstein, and Nick Hazdovac.

Kelleher amassed a total of 25 points in winning the javelin, shot put, low hurdles, and ten for first in the high jumps. In his pet event, the javelin—Kelleher threw the spear 183 feet 1 inch to easily surpass the old record of 163 feet. Williamson also broke the record as he finished second with a heave of 169 feet.

Yanez, who is only a Freshman, smashed the mile record by 15 seconds and then came back to take the 880 in the excellent time of 2 minutes and 3 seconds. Wilson and Mullen, who also is a Freshman, proved to be the "iron men" of the meet as they ran the mile, 880, and 2 mile events. Wilson also broke the mile record in finishing second to Yanez. He placed second in the half mile and third in the two mile. Mullen won the two mile, and finished third in the mile and 880 events. Vallekamp showed excellent potential in finishing a close second to Mullen in the 2 mile.

You smoke refreshed A new idea in smoking...all-new Salem

Created by R. J. Reynolds Tobacco Company.

decorations in keeping with the fourth-grade theme. Barb Trappe and Ted Hibner were selected best-dressed couple of the p.m. Pi Phi's by correlating the theme of Valentine's Day with their Arrow, took that special day to give valentines and sing to the Children's ward and women's surgical ward at General Hospital. From several groups, in answer to the bright red invitation, we will be your Valentine!

Friday night the SAE's had a really novel Pirate Party at which the guests were dressed in gaily colored costumes with swords and monstrous earrings. The decorations were fantastic and many couples were able to enjoy the party — including newly pinned DG Pres Sylvia Noble and SAE Stan Kingsburg.

Did anyone sample the hot chocolate that was given away Friday aft. on State St. by the Alpha Phi's? It was part of a

fund raising project for their philanthropy which is the Cardiac Aid. Congrats to the AP's on their Prince of Diamonds, LCA Jim Warner. Congrats also to the Pi Phis on their Prince, SAE John Osbourne, and especially to the Chi O's for their King, DTD Art Hermann, who seem to be establishing a precedent of winning with a neighbor's employees.

New officers have been chosen in many houses. Nita Jo Stockham is new Pres of DZ and Margie Benbury is 2nd Vice Pres.; SPE 'man with the gavel' is Al Green, Vice Pres is Bob Randolph, Pledge Tr. is Greg James.

DC's are honoring their new housemother with a tea Sunday, and have invited all house mothers, DG moms, and National Officers. For the 5th straight year, SPE has contributed to their national charity, a summer camp for under-privileged boys, and thereby helped maintain their national record of 100% participation in the project by all chapters.

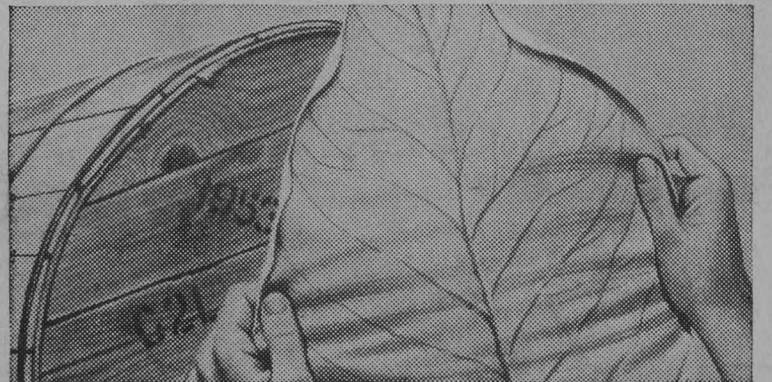

Bob Pettit,

BASKETBALL CHAMPION, SAYS:

"VICEROY HAS THE SMOOTHEST TASTE OF ALL!"

SMOOTH! From the finest tobacco grown, Viceroy selects only the Smooth Flavor Leaf... Deep-Cured golden brown for extra smoothness!

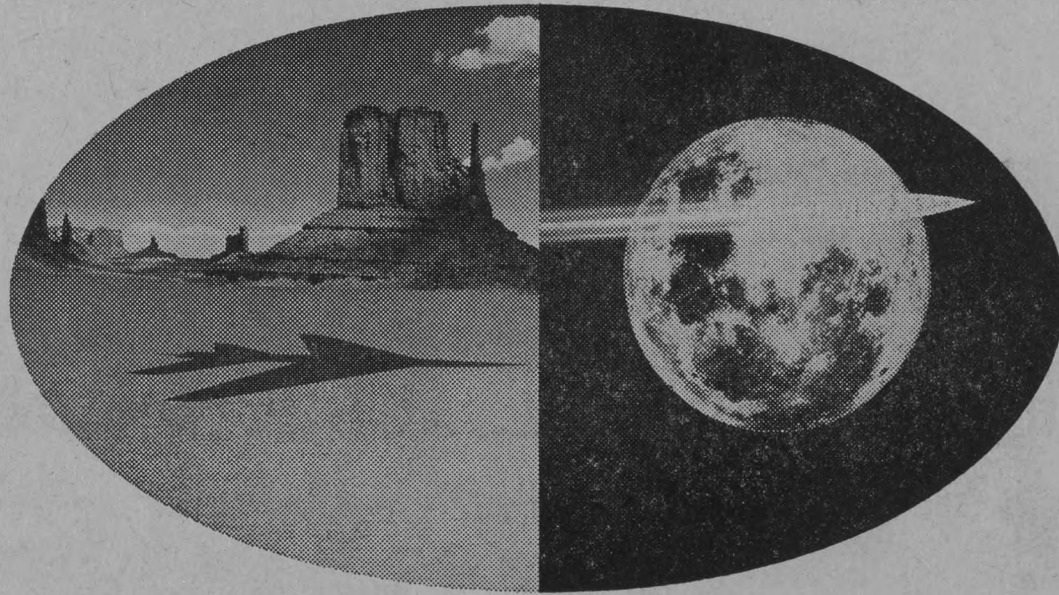

SUPER SMOOTH! Only Viceroy smooths each puff through 20,000 filters made from pure cellulose—soft, snow-white, natural!

Seniors... Make a date with tomorrow

If you are graduating in Science, Engineering, Business Administration or allied subjects, now is the time to get the facts on exceptional opportunities at North American Aviation.

Where the planes of the future are being created right now.

Where missiles that can conquer space are already under way.

FIND OUT ABOUT YOUR PROSPECTS WITH THE COMPANY WHERE TOMORROW'S METHODS ARE BEING PUT INTO PRACTICE TODAY. SEE OUR COLLEGE RELATIONS REPRESENTATIVE MARCH 5th, 1957

You will find that the opportunity for a man to realize his full potential is an essential part of the way we operate at North American. The company is active in the most advanced fields of technology. Our leadership is maintained by doing successfully what has never been done before. North American has continuously delivered the world's outstanding airplanes.

Now you can participate in the most exciting projects of all: hypersonic aircraft and missiles, systems that control, guide and navigate themselves, and rocket power for space. Both technical and executive ability are at a premium.

CONTACT YOUR PLACEMENT OFFICE NOW... for appointment with the North American representative who will be able to give you full details of the career opportunities in these fields.

OR WRITE: Mr. D. R. Zook, Director of Personnel Services, Dept. Col, North American Aviation, Inc., Los Angeles 45, Calif.

NORTH AMERICAN AVIATION, INC.

Los Angeles, Canoga Park, Downey, California

Every college has its outstanding specimens—the honor roll, the athletic heroes, the usual hard-working busybodies who make it a better school for all. These rarities acclaim recognition for the achievements they have acquired through unrewarded effort and time. In order to display to them the respect and gratitude earned, there has been devised what is called the Awards Committee.

The Candid snaps the post of senior Tita Kelley, this year's Awards Committee chairman. Her committee calls for such personnel as Dean of Men, Dean of Women, Graduate Manager, President Dick Goode and Secretary Maureen Mahoney.

Through this machinery suggestions are submitted by numerous departments on campus recommending the most worthy students in their respective fields. The committee organizes all recommendations, presents them to a faculty committee for approval and produces necessary rewards.

An example of what the committee does is the issuing of athletic letters, trophies, jackets, sweaters and life passes upon recommendation from the athletic instructors. Scholarships are awarded, the fifteen honor keys of special attainment are given to graduating juniors or seniors, the AMS and AWS awards presented to gifted workers also.

The annual Awards Assembly is the result of the committee's co-ordination. At this point the committee's budget is seen in an array of gold, silver, certificates, jackets, pins, tickets—the works!—SBC's way of showing appreciation and congratulation.

Getting back to our top co-ordinator of all this activity—let's meet Tita Kelley. Employing the university now for her fourth year in preparation for a junior high education credential, Tita has observed a lot of SBC's history in the making. She loves the Goleta campus and recognizes what she calls a real "university feeling" which she just didn't find at Riviera.

At the present she is student-teaching eighth- and ninth-grade English and social science. However, she finds student government and activities hard to leave and appreciates her job as Awards Committee head. She has also served as Panhellenic delegate, member of Cal Club, member of Election Committee, and vice president of Chi Omega sorority, at which house she has resided during the past three years.

Tita is one of the many students from Glendale who are escaping the smoggy south for healthier grounds which beachy Santa Barbara offers. If there were more than 24 hours a day Tita announces that modern art would be a prime interest—but then of course there aren't.
