Voting goof solved; new IVCC seated

Missing ballot box never used

By Scott Larson

The new IIsa Vista Community Council (IVCC) chosen in the Nov. 5 election was seated Monday evening after a week's confusion because of an irregularity involved with the ballot boxes.

At last week's meeting, it had appeared that a ballot box, located at St. Mark's Church, had disappeared, leaving the election result in question. Consequently, the old Council tabled approval of the new Council.

An investigation showed that the "missing" ballot box had never been used at the polls or had any ballots in it, so the new Council was approved as the first order of business at Monday's meeting.

In an IVCC statement, the ballot box episode was described as a "bureaucratic mishap that occurs in the line of duty." It was explained that the box in question "was never used in the election because it was never made or it was lost in transit."

A discrepancy arose Nov. 5 when 17 ballot boxes were turned in, while it was believed that there should have been 18.

INAUGURATION

The new Council members took their seats upon approval of the election results and Carmen Lodise was named chairperson for the next six weeks.

The chairperson then passes to representatives-in-large in order of votes received in the election, followed by reps from districts one through six.

Council covered a number of routine business items beginning with IVCC staffer Lori Bacon's letter of resignation, which has been pending for several weeks.

Council accepted her resignation but tabled action on her proposal to divide her remaining work hours between staff members.

(Cont. on p. 8, col. 1)
**Church of Satan seeks members through ad**

By Nadja Maril

Last month a mysterious ad appeared in the classified section of the Nexus stating, "The Church of Satan, a non-prophet corporation, is considering an experimental collegiate Satanist circle at UCSB. Interested humans, may telephone 692-1307 at midnight." Those humans that ventured to call heard a pre-recorded phone message telling them to leave their name and address and the church would contact them. In the background were noises described as "moans, chants, and candle-lit prayers".

One student who called on a dare stated, "I felt it was a sincere offer and it provoked my curiosity." A few weeks later he received a letter and application form printed on red stationery from the church. The letter stated that the response to the ad was "quite overwhelming" and that the purpose of the advertisement and phone recording was designed to weed out spurious, cranks, and the silly curious. They also stated that in order to find more, elaboration beyond the material sent, those interested "will have to join us".

**OUR LORD SATAN**

The letter went on to tell that they desired no affiliation with, nor approval by, the UCSB administration or Associated Students. "Our hand will be everywhere, but it will never be recognized as such — at least not until it is too late." As motivation to join their group, the letter outlines the church as being an exclusive secret society with exacting standards which offers you "the opportunity to become a god or goddess in this world — through the strength of your own will and that of Our Lord Satan". Satanists were described as selfish although not immoral, since they manipulated non-Satanists for their own ends. Founded in 1966 C.E. by Anton Szandor LaVey, the church was the "Satanic Bible" and "Satanic Rituals", both authored by Dr. LaVey, as the guidelines for their religious observances. The church sells memberships at a $25 initial fee plus $10 yearly for renewal, as well as pendant medallions and hardcover editions of LaVey's work.

**SEXUAL PHILOSOPHY**

On the membership form are questions varying from your name and place of birth to "Are you a smoker?" If so, to what extent? More personal questions include: "What is your personal definition of magic?", "Have you ever used illegal drugs? If so, explain in full," and "If you are a female, would you be willing to serve as a ceremonial altar?"

Questions more on the mystical side include: "How many years would you like to live?" "What is your personal definition of magical?", and "If you own an automobile, describe it. What is your color?" In closing their introductory letter the church quotes from their Satanic Bible, "Welcome to my house. Enter freely and of your own will." The mailing address of the church is located in Santa Barbara, but they refuse to answer any inquiries beyond requests for membership applications.

8 p.m. UCSB Studio Theatre

Tickets: Students $1.00/General $2.00.

Arts & Lectures Ticket Office (961-2335)
Info meeting tonight for campus Women's Center

Supporters of the proposed on-campus Women's Center will hold an information meeting tonight at 7:30 p.m. in the UCen Program Lounge. A decision on establishing the Center is pending from the Chancellor and is expected soon.

Everyone is invited to attend the information meeting, which will enable members of the campus community to learn more about the concept of the Center and how they can participate in bringing it to life as a force against sex discrimination.

The program will be launched by a film called "Beauty Knows No Pain," a portrayal of what society requires of women. Next, a summary of the history of the Women's Center proposal will be given, and a panel discussion will take place among several women who were instrumental in planning the proposal: undergraduate Ellen Pitcher, staff person Jan Keller, and faculty person Vera Skubic. Each will speak from her particular frame of reference as a member of this campus on what she sees as the aims of the Center. Doris Weigl from the Counseling Center will also speak on the relationship of her agency to the proposed Women's Center.

Following this discussion will be a question and answer period. The group will then break up into small groups to generate their own ideas on what the Women's Center should accomplish. Lastly, participants will collect together once again and share their group experiences in exchanging ideas about the Women's Center. If you need or can provide a ride to the meeting, call Ellen at 925-0431 or Burke at 969-3169.

COMMUNITY Kiosk

Today

- The Film Studies Program is sponsoring a film "Modern Times" at 7:30 p.m. in Machado Hall. Admission is free.
- The Women's Assembly information meeting regarding the emerging UCSB Women's Center Program to include film, panel and group discussion on issues concerning women. 7:30 p.m. in the UCen Program Lounge.
- The Center for Continuing Education for Women hosts a luncheon gathering every Wednesday at noon, in the UCen Program Lounge. Bring a bag or cafeteria lunch.
- The UCSB Accounting Association is pleased to present a lecture on the 1974 tax reform act. 3:30 p.m. in Physics 1610.
- All interested persons are invited to attend.

Zimmer Recall

No

Commentary

Zimmer recall needed

By Lynda Tejeda

I would like to inform the student body as to the conduct of recall candidate Tony Zimmer. It is a conduct that I feel misrepresents and lacks a concern for the student population. Mr. Zimmer’s conduct takes no or any attempt made by this year’s Leg Council to make government more approachable to the student body. As a member of Leg Council, I can tell you that Tony Zimmer has not been present at a majority of council meetings where votes were taken. After observing the minutes of all past Leg Council meetings, you will discover that Tony has consistently been out of the room (NOT PARTICIPATING) during business. I don’t feel that repeatedly walking out of meetings does anything to enhance either our university’s image or Council’s. To me it suggests disrespect.

To give you an “inside view” of Mr. Zimmer’s conduct, I would like to paraphrase some comments from a Communications Board meeting where Tony took a posture similar to that of a provocateur by abruptly “reminding” Communications Board voting members that Leg Council would be deciding its (Comm. Board) budget and that should be kept in mind while voting for the Nexus Editor-in-Chief. I must go on record as saying that I do not care for these abrasive tactics. I think it serves to create a foul atmosphere, certainly one that does not help the campus paper attain an apolitical stance, which it should have.

Finally, I would like to show You Zimmer’s insensitivity towards student input. During a Leg Council meeting, Council’s Internal President was calling on members of the audience in an attempt to give some members of the student body an opportunity to express themselves — a valid attempt to encourage more student participation. Tony argued that Council members should take precedence over and above Council’s constituency. I agree with a statement the Nexus has made with respect to campus politics, that “Student government should be kept in mind while voting for the Nexus Editor-in-Chief.” I do not feel that repeatedly walking out of meetings does anything to enhance either our university’s image or Council’s. To me it suggests disrespect.

Calpirg endorsement...

(Cont. from p. 4)
not see how the staff makes any responsible decisions when they seem to lack any cohesion at all. I did not appreciate questions being thrown at me between the pages of a magazine which at least one staff person found more interesting than our presentation. If it were not for the editor and one other staff member, who both seemed interested enough to show it, I would have considered the meeting a total loss, instead of the 95 percent loss I considered it immediately afterwards.

The reason I want people “out there” to know of this is not so they will back CALPIRG or not, but I would rather they know the staff makes a better decision next quarter, after the meeting. Otherwise, I would rather they know that they will back CALPIRG or not.

I consider the meeting an exception, not the rule — and was quite disgusted with the experience is not enough to formulate a decisive opinion) I was not impressed in the least, and was quite disgusted with the whole affair. I hope this meeting was an exception, not the rule — for your sake.

Craig Martin

Meteor Society to meet Nov. 20

Students are invited to a joint meeting of the Santa Barbara-Ventura Chapter and the Los Angeles Chapter of the American Meteorological Society when it meets on Nov. 20 to hear, “A Report on the Earth Resources Technology Satellite.” The meeting will be held at 8:15 p.m. in the Rockwell Corp. Science Center Auditorium in Thousand Oaks.

The speaker will be Virginia Norwood, design and systems manager for the ERTS Multi-Spectral Scanner at Hughes Aircraft. Norwood has been in the space field since 1960 when she was project manager for the Surveyor transmitter which made the first soft moonlanding.

Poloists receive berth in NCAA championships

By Edward Mackie
UC Santa Barbara’s water polo team, 135 in its first season as an independent, has received a berth in this weekend’s NCAA national tournament in Long Beach’s Plaza pool.

Santa Barbara meets the Irvine Anteaters, ranked third in the nation, Friday at 1 p.m. in a crucial contest to determine if a contender to the two top teams in the United States — Berkeley and UCLA.

The Gauchos lost a brutal 8-7, overtime opener to UC Irvine last Saturday in a road game at Newport Harbor. Though the Gauchos dominated the Anteaters through three quarters of play, eight foul outs and one injury declinated the Gaacho bench. The visitor’s case was disposed of 9-4.

Steve Knezevic, ranked second in the nation, suffered a broken jaw while playing Goalie Jeff, Senior was cited by Coach Dante Dettamanti for a particularly strong effort. Mark Newton is expected to enter the tank in good health this weekend.

The Gauchos dominated the Anteaters by a single goal, the final score 3-2. During the season the JVs have lost three games by one goal, including one game in sudden death. Coaches Dirk Muntean and Phil Bowen were pleased with the JV’s progress and think that some of the players will help the varsity squad this weekend in the NCAA championships.

Del Vasto...
(Cont. from p. 1)  
how, and where to use it.  

Del Vasto defines justice as the "proper way of treating others as others. God has created the world 'divided so there is something good in diversity if it is kept in unity."

In practice he says that, "Justice is as easily applied as a simple mathematical equation - it is the balancing of good with good. Instead of bringing all the bad things out in a person, try to prove him even better than he thinks he is himself."

Del Vasto suggests that the application of justice has been distorted since Christ's crucifixion. Actually we have never really had justice according to his definition of the word, "for it was supposedly the 'good' people who condemned Christ. And it is the 'good' people who create wars. Thus it is the injustice, the wickedness of 'good' people that causes violent criminality."

Del Vasto goes on to explain that "non-violence is a result of avoiding injustice - do not give sin for sin or evil for evil. Stop the aggressor by not giving aggression back..."

where the first semester ends before the winter break and an optional month session for intensive study is offered in January.

Other arguments for a semester plan include better opportunities for advising, increased time for reflection and research, or even for such emergencies as illness in the middle of a term.

Candidates...
(Cont. from p. 1)

Brad Baker opened by saying he has had no association with A.S. government and became interested in running one night when he saw the notice about the vacancy in the Nexus. He claimed he could be more objective than the other candidates since "I don't know anybody," and thus has no ties or obligations.

He stated his agreement with Perez and Robinson's statements in favor of more money being channeled directly to students for more services. He emphasized that he would not participate in the verbal abuse that, he claimed, has been too characteristic of Leg Councils in the past.

The question period began with a request to Perez and Baker to clarify whether they would favor repealing remuneration for A.S. officers and Leg Council members. They both reiterated their feeling that all the money that could be used for student services should be.

Perez asserted, in relation to the argument that paid officers do better work, that a candidate's qualifications should be a matter of their intelligence and not whether they are paid or not.

Robinson characterized their opinion on remuneration as an "unenlightened position" although he felt the same way when he first joined Leg Council. He described the work of the A.S. officers as not "visible" and the fact that an officer knows that he is getting funded by the students will encourage him to work that much harder.

The forum then moved on to discuss the interruption of the Regents' meeting last Thursday by demonstrators and the effect of the demonstration on the Regents. All three candidates hesitated to endorse completely the "tactics" of the demonstrators but felt that the demonstrators had served their purpose, calling the Regents' attention to the fact that students were unhappy about their investment policies.

Perez went on to criticize the Nexus editorial which did not support the demonstration as pitting "student against student."

The final topic discussed was the relationship A.S. government should have with Isla Vista. Baker stated that he would like Leg Council to clean up the "mess in student government" first, and then try to work with Isla Vista organizations. Robinson cited the Isla Vista Fund Co-op's decision not to seek A.S. funding for the 74-75 year as indicative of a need on the part of A.S. government to ease its restrictions on the groups that it decides to fund.

IVCC...
(Cont. from p. 1)

Dean Kennedy and Jim Nicholas, Council moved to approve John Anderson as a prospective Planning Office employee. Anderson will be paid by the federal government through a program called STEP. He and a Planning Office spokesman were instructed to return next week to explain the program more fully, and to encourage them to address and to encourage them to distribute fliers to all doors in I.V. to inform residents that Isla Vista is now a legal mailing address and to encourage them to indicate their address as "Isla Vista" instead of "Goleta."

Discussions were held on proposed changes of Municipal Transit District bus lines through I.V. and campus, and on the 25 jobs that will be available soon to I.V. residents through the Comprehensive Employment and Training Act.

How to tell your friends you're taking Army ROTC.

First of all there's no reason to be defensive about it because Army ROTC has a lot of good things going for it. So you might start by telling your friends that you're under no military obligation your first two years of the program.

Then go on to mention that if you do decide to take the final two years, you'll be earning $100 a month, up to ten months a year. Tell them it only takes about 3 to 5 hours a week. You only wear a uniform about once a quarter and there is no hassle over haircuts.

And tell them no matter what you decide, you'll have background in practical leadership that will give you a better chance at almost any career.

Tell them that maybe they ought to take a look at it themselves. Because the more you look at it, the better it looks.
