### CANDIDATES PRESENT CAMPAIGN PLEDGES

#### CATHY REID

I seek the office of Associated Student Body president as an independent and impartial candidate. I have attended Santa Barbara College for the past two years and feel qualified by experience in various executive positions at Long Beach Junior College—and here at Santa Barbara College, to assume the responsibilities this position entails.

I would like to submit to you several pertinent points which form my platform. I ask you to evaluate them before you go to the polls today.

I stand for efficient progressive administration with cooperation between administrative leaders and the student body.

Closer coordination between the two campuses with equal representation for both.

Cooperation with the University as a whole and to make Santa Barbara College more closely affiliated with the other branches of the University.

An active and efficient sports program throughout the college year with recognition by the administration of all athletic events.

Encouragement of student participation in Associated Student Body government. Equal representation for all individuals and groups and to create a greater feeling of school spirit among the students.

Cathy Reid.

Dotto, Marilyn Beall, Harriett Webb, Betty Skavdahl, and Ross Everman. Merlin Quo was in charge of sound effects.

Dr. A. O. Mitchell, of the Division of Speech, is the director of these programs, Ray Dietrich is student announcer.

#### TITO GORRINDO

For the past two and one-half years I have been a student enrolled here at Santa Barbara College. I have taken interest in the school having seen it at its highest peak in college spirit and also at its lowest peak.

College spirit is coming back and we must keep trying to bring it up to the high standard of previous years. The only way of obtaining this success will be through the full cooperation of the student body.

I know and understand the problems ahead of us, as I have worked very close with our present Student Body President, George Bradvica, both in college activities and student administration.

Tito Gorrindo.

### Women Dance At Biltmore Tomorrow

Santa Barbara College women will travel once again to the Biltmore reassignment center for a dance tomorrow night.

According to Mrs. George T. Dunderdale, assistant to the dean of women, "Regular college rules as to eligibility and conduct will be observed. Those women wishing to go must have their Red Cross cards."

Al Taylor's band will play. The affair is informal. Buses will leave the campus at 7 p.m., and all those attending are urged to be there on time. Dancing will be from 7:30 to 10:30 p.m.

Campaign managers are working overtime today in an effort to get the student body to go to the polls and vote—for their candidate. Election is being held in the Quad from 9 a.m. to 4 p.m. to fill the offices of president and vice-president of the student body. Candidates for the office of president are Cathy Reid and Tito Gorrindo. Betty Steele and Ray Puissegur vie for the vice-presidential post.

Results of the balloting should indicate a close race as both presidential candidates are well known and both have taken an active part in college activities.

If platform is any indication of the candidate's views, an evaluation of the programs as set forth by Miss Reid and Gorrindo would throw the election in Miss Reid's favor. Main points in her program are close cooperation between college administrators and the students; close coordination between the two campuses; closer affiliation with other branches of the University; an active sports program; equal representation for all individuals and groups in student body government.

Gorrindo bases his platform on past experience. He states that "college spirit is coming back and we must keep trying to bring it up to the high standard of previous years. The only way of obtaining this success will be through the full cooperation of the student body."

Gorrindo's record of activities at Santa Barbara College includes the position of assembly chairman which he holds now, presidency of the music department, vice presidency of Alpha Mu Gamma, student manager of All Southern California High School Symphony orchestra, junior class representative and treasurer and member of various college committees.

Miss Reid is the present secretary of the student body. A transfer from Long Beach junior college, she has held various executive positions at this college including the vice presidency of the senior class and social chairman during the past summer session. She is a member of Alpha Theta Chi sorority, Crown and Scepter and Kappa Omicron Phi, national honorary home economics sorority.

At Long Beach junior college she was a recipient of the Viking award for outstanding scholarship, secretary of the student body, president of Kassai, women's service organization.

In the vice presidential bracket Puissegur is present secretary and treasurer of the A.M.S., member of the Activities Control board, secretary and treasurer of the industrial education club and a member of Pi Sigma Chi.

Miss Steele, a transfer from Glendale junior college, is present social chairman of the senior class and has served extensively on various college committees.

### Campus Panel Discusses Racial Prejudice Tuesday

In an attempt to bring a new type of program to Santa Barbara College, a student panel presented a discussion of racial and religious prejudices during the regular assembly hour on Tuesday.

Those on the board were Florence Kaplan, Jewish; Doris Tan, Chinese; Al-Theda Marshall, Negro; Elsa Aguirre, Mexican, and Tanya Kasper, Armenian. Mary Lou Anderson represented the majority groups and acted as moderator.

**PASATIEMPO** BY THE EDITOR

It's a sad commentary on the student body as a whole to walk into the auditorium at Tuesday's regular assembly and observe row upon row of empty seats. It's a sad commentary because last Tuesday's program, while it had no blaring service band or rah rah atmosphere, did have a message for all of us.

We believe you who didn't go are the ones who should have gone because you who weren't there are the very ones who have created the problem of racial prejudice. By your apathy, your intellectual torpor, your inability to grasp the situation when and if it's presented to you, by your total ignorance of the problem you have helped to fan it into flame.

Strange as it may seem there is a definite racial problem in this country and there is a great need to find a solution for it. It can't be done, however, by complacently shrugging shoulders and saying "it's none of my business. I belong to the majority and the hell with the minorities!" That only aggravates the problem—doesn't solve it.

The solution of the problem would seem to be to make people aware that there is a problem, educate them or reeducate them as the case may be. This is a slow process, it's tedious, but it's worth the effort if some of the clods of racial intolerance may be ploughed up.

Those of you who didn't go Tuesday are the ones who need some of this educational business and we hope you get it!

To The Editor:

I think that for the first time the realization that we are part of the University of California was brought to us here on the campus by the presentation of Dean Gordon Watkins to the faculty, and more significantly, to the student body.

We have all read and perhaps talked about the merger, but Dean Watkins gave us the enlightenment we needed for a better understanding of the situation. He not only proved to be a wonderful speaker but it was quite evident to everyone that he knew of what he spoke.

Dean Watkins outlined the relatively short history of the University and what is more important, he disclosed the several reasons for its tremendous growth and success. The most far reaching of these reasons, I'm sure everyone will agree, was the early establishment of a democratic form of administration.

Dean Watkins went ahead and illustrated the significance and the effect of this type of administration on that great university.

The dean went on to state that the student body of the University, as it is now organized, is also based on the same principle of democratic self government—that is, complete freedom from faculty interference.

I wondered, as Dean Watkins spoke, why we at Santa Barbara College should not enjoy the same amount of free government—free from formality, red tape and faculty intervention?

The student officers should have complete authority as the representatives of the students to allocate student funds and to pass on all matters pertaining to student affairs. If this is not done perhaps Santa Barbara College may, as Dean Watkins jokingly suggested, replace the horse farm given away by the University.

Yours for independent student government.

Dick Struck.

By the SQUARE

Amid holiday recovering, and finals, we start the new year. Before the old year welcomed the new, many of our Santa Barbara women took the fatal oath of "I do." Among the many were — Betty Nay, SDP, married Toby Cromwell Christmas eve . . . Judy Bruning, TGS, married Stanley H. Lack, QM 2-c, U. S. Navy, in Huntington Park, December 28 . . . Barbara Burtis, DZD alum, and Rodman Cornell Jr. . . . Congratulations!

The air is full of the new engaged women on campus. Last Monday night gasps of surprise were heard as two sorority girls announced their engagements. . . . Lynn Wiggins, DZD, is betrothed to Lt. I. W. "Tiny" McKay of the Army Air Force . . . Raulyne Riley, TGS, surprised her sorority by announcing her engagement to Dick Thornhill, Rdm. 3-c . . . During the holidays Marge Fowler announced her engagement to Jim Chase, Lt. (j.g.) of the Navy. Again we say Congrats!

To hit the social aspect of the week leave us enumerate the various faces seen at El Paseo last Saturday night — Cathy Reid and Gordy Griffiths, B. G. Steel and Tom Burt, Charlotte Montgomery and Cpl. in the Marines, Don Burt, Ellie Little and Paul Beal (Marine), Jean Murray with a Marine . . . Jim Zastro and Mabel Barker, Marge Parrish and a soldier, Nannette Brown and Dick Thornberg, Elsie Tatum and soldier, Dawn Walker and soldier, Dottie Chaffee and Marine Lt. Christenson, Marge Hoskingson and Lt. Bob Peyton.

If you happen over the DZD way any morning about 5:30 a.m. you will probably find Angie McGarvin tearing her hair while trying to use child psychology on "Dee Zee." This addition to the house is a small dachshund pup (8 weeks old) given to Aunt Jen for Christmas.

**DEAN WATKINS TALKS AT SPECIAL ASSEMBLY ON UNIVERSITY HISTORY**

Dr. Gordon S. Watkins, Dean of College of Letters and Science, University of California at Los Angeles, gave a talk on "The History and Development of the University of California," at the special assembly on Monday. Purpose of the talk was to acquaint the students, faculty and university staff of this college with the institutions and history of the University of California according to Mrs. Constance B. Ward, who was in charge of the program.

Introduced by Provost Clarence L. Phelps, Dr. Watkins pointed out that Santa Barbara College is the eighth campus of the University of California, which is a non-profit enterprise interested in research, the discovery of new truths and the examination of old truths.

The university was first chartered in 1868, which is very young compared to the founding of Harvard, 1636; Yale, 1701, and Columbia, 1745, Dr. Watkins pointed out.

The institution was started by Reverend Henry Durant in 1853. When the college of California took over the college school, a tract of land was bought, in what is now Berkeley. In 1849, provisions were made for a State University, and in 1869 for the University of California.

The University of California at Los Angeles started in 1919 as a normal school and a State Teachers' College. In 1924 it was established as a regular four year institution on North Vermont Avenue. In 1926 the college was moved to a site in Westwood containing 384 acres.

Land totalling ten thousand acres is owned by the University of California.

This institution has the most equipment of any project of its kind in the world—costing \$64,000,000.

According to the American Library Association, the combined libraries contain 2,000,000 books, and is third largest in the United States, following the Congressional and Harvard libraries.

Only Yale University exceeds it. Since 1930, Dr. Robert Gordon Sproul has been president of the University. Twenty-five thousand people are employed in the organization. This university with its distinguished faculty is world-known and one of the leading universities of America, Dr. Watkins stated.

Enrollment at the University of California at Los Angeles, has dropped from 9,500 a few years ago to 4,500. However, after the war it is estimated that 15,000 students will be enrolled on the Los Angeles campus.

The visual aid department last year served 2,000,000 people with film material.

The Board of Regents helps to create a certainty of independence. The provosts are generally chairmen of the faculty. There are also standing and special committees and departmental organizations, each department handling its own budget.

The principal of this semi-public institution is free expression, which may be shown by the self-governed student body.—C.S.

Dr. Jeanette Noack announced this week that next semester's sixth hour English 18-B class in composition will be reserved for freshmen interested in creative writing.

Freshmen interested in the class are asked to notify their present instructors and bring an example of their writing to room 81 on registration day or leave it in Dr. Noack's office, office E of the health cottage, before that date.

Dr. Noack stated that since a large enrollment for the class is anticipated, students will probably have to qualify for admission. They will be notified registration day as to eligibility.

## McSkimming Beats Rodriguez in Driving Tennis Tourney Finale

Jimmy McSkimming pulled down top laurels in the men's singles tennis tournament last Friday as he outlasted "Rod" Rodriguez 6-8, 7-5 and 6-4. Previously he had downed "Champ" Quo in 15 games and Fred Burrous in 39 games. McSkimming's steadiness and deadly place shots were too much for his foes. He will be awarded a medal signifying that he is the Gaucho men's champion of 1944.

In the women's singles Kathryn Fischer faces Eleanor Little in the final round. Miss Fischer, displaying excellent tennis form at the net as well as good control of her slice shots, advanced to the finals last Sunday by downing Doris Tan 6-1, 6-1. Miss Little won over Susan Perry 6-2, 6-2. She plays a hard driving game and has a powerful service. The Fischer-Little match should be a fine exhibition to watch.

The Jones sisters are to meet Lois Jellison and Frances Germano for the honors in the women's doubles tourney. Jones and Jones have defeated Smith and Tan 6-3, 7-9, 6-4. Their opponents have won over York and Grimes, 6-3, 6-4.

## Buzz Boys Capture Casaba Crown

With pre-Christmas play bringing a three-way tie for first place between the Hot Cookies, Bowangs and Buzz Boys, the red-hot intramural basketball league has been the focus of athletic interest these two weeks.

The previously undefeated Buzz Boys Thursday of last week avenged a pre-holiday waxing at the hands of the Hot Cookies, by taking the latter in the semifinals, 44 to 38, in a thrilling, hard-fought battle in which the lead changed several times.

The contest last Tuesday for the College intramural championship found the Buzz Boys pitted against the Bowangs. The play was tight and intense under the eagle eyes of officials, Bob Casier and Jerry Cocks. Rigid defenses by both teams prevented any scoring during the first four minutes of play.

But the Buzz Boys, fighting with grit and determination for every point, whittled down the difference and, in the last two minutes of play, gained the lead and held it for the final whistle to win by three points, 27 to 24, and to capture this year's intramural basketball championship.

## Athletic Control Board Cancels Varsity Sport

By FRED BURROUS  
El Gaucho Sports Editor

Students returning to the campus from Christmas vacation were shocked to hear that the Athletic Control board had found it necessary to cancel the remainder of the varsity basketball schedule. Coach Terry Dearborn announced that the decision was expedient for the following reasons: injuries during December, inability to find a suitable floor on which to practice, several of the squad leaving college for military and defense duty, off campus restrictions limit the activities of several players and insufficient personnel to make up a squad.

The casabamen had been struggling against these handicaps ever since the board had first approved of sponsoring a team to represent Santa Barbara College in contests against other colleges and service teams.

It was first apparent that the squad would be unable to survive during the week preceding the holidays when disaster struck hard. The high school Dons started practice, using the Community Center gymnasium (school property) during the afternoons. At night the floor was reserved for city recreational

play so the Gauchos found themselves without a floor on which to practice.

Hartford Archibald received a painful fracture of the index finger during the San Diego game which necessitated his absence from the team for several weeks. Lowell Williams received a foot injury. Fred Burrous, whose actions are somewhat restricted by the Marine Corps, was unable to obtain permission to travel with the Gauchos in their out of town encounters. Henry Mendoza joined the merchant marine.
