Over the Fence

By JACK SALYER

MIAJA STRIKES BACK

A news correspondent in Madrid asked General Miaja how long it would be before Madrid surrendered. "Who said Madrid was going to surrender?", growled the Commander of the government forces in the capital. If he took the trouble to read foreign newspapers, he would soon discover that quite a few had said so, but he shows no disposition to accommodate them. The Italians, estimated at some 40,000 strong, hurled themselves upon Madrid, and met the surprise of their lives. The Loyalists filled them so full of lead that some 2,500 decorated the landscape, toes up. It also demonstrated that Miaja was an artful flanker. He sent his seasoned and determined boys after the fleeing Italians until it was a rout reminiscent of Bull Run, or more properly, Caporetto.

Then Miaja sent his air squadron after them to rip them up with machine bullets. Franco did not like it a bit. From a safe distance in the rear he fumed and raged, but kept his precious carcass out of gun shot distance. Il Duce did not like it either. It does not fit in with the legend he has been building about the invincibility of the Roman eagle.

However, Italians fighting for Italy on the defensive, or even in a war in which they have a real interest is somewhat different from being thrust into the field as paid hirelings for a fellow they have no great love for in the first place. Loyalist observers stated that the departing Italians had apparently mutinied, for he saw groups of them lying dead too far from Madrid to have been killed by Loyalist bullets, and the inference is they were shot by their own command.

More attention should be paid to Miaja in the newspapers than has (Continued on Page 3, Column 1)

Dr. Easley Jones Talks Before Students

"Always praise your enemy, for if you lick him your glory is increased; if he beats you your defeat is lessened." That was one of the incentives used by Dr. Easley Jones, writer and professor, to get his students in the local "co-op" to use good sportsmanship in arguments.

Dr. Jones, who gave an interesting talk before the combined junior high and English departments Tuesday on "Experiments in Thinking," was introduced by Mrs. Hal Davis, aided by Miss Elsie Pond.

Former Colorado Prof

The former professor of the University of Colorado is one of the joint editors of the Century handbook, and has written many English texts for college and high school students, one of which is now being published. For his personal satisfaction, Dr. Jones enjoys writing prose, poetry and fiction. In his many travels he has ventured around the world, and visited Europe and the Orient twice.

Works with Co-op

The purpose of the speaker in working with local people at this "Co-op" was to give something as a substitute for college to those who are unable to receive an education. Patiently he has worked with them in logic, reasoning. (Continued on Page 4, Column 4)

Colorado Scientist Speaks Here

Members of the zoology and physiology classes met third hour this morning in Room 80 to hear Professor Cockerell, Professor Emeritus of the University of Colorado. Dr. Cockerell's topic was "Travels of a Zoologist".

Arrangements for the interesting meeting of the combined classes was arranged by Harrington "Pop" Wells, natural science teacher, and Miss Helen Sweet, physiology professor.

We Honor You

MRS. JANE MILLER ABRAHAM

Welfare Body Sets Dance

Elementary Department, Social Committee Aid in Arrangements

Following a meeting of the welfare committee late yesterday afternoon in the student body office, it was announced that the elementary department would be co-sponsors with the social committee of a student body dance on April 10.

Previous plans for the affair had named the Industrial Education department as sponsors. Inability to meet budgetary demands of the dance, caused the latter group to cancel their aid. A raffle to be held in connection with the dance, by the I.E. department will also be discontinued. Refund of tickets sold for the drawing will be made immediately by the salesmen.

Members of the welfare board present included Marguerite Kohler, Dorothy Horner, Miss Helen Sweet and Bill Murphy, chairman. John Rygh and John Ingram represented the Industrial Education department at the meeting.

Invitations for out-side guests must be obtained at the office of Dean Lois Bennink, with the usual charge of 50 cents.

Revue Income Shows Large Profit

Incomplete figures released from the office of Fred Allred, student controller, on the income from the Roadrunner Revue, indicated that the annual show was highly successful this year.

Actual income to date totals \$572.65, with expense accounts turned in amounting to \$174.00. However all outstanding bills have not been computed, which will somewhat offset the "staggering" figures set as income.

Mr. Allred said, "We are unable to determine at this time what other income is expected as ticket sellers will be returning both tickets and money yet." Profits of the show will go to support La Cumbre.

STAFF SYMPATHY

The Gaucho staff wishes to express their sympathy to Olive O'Connor, who was injured in an automobile accident near Bakersfield during Easter vacation. Miss O'Connor is in Mercy hospital in Bakersfield and is not expected to return to school this semester.

Women Select May Queen

Attention women! The Physical Education department will hold its annual May Queen election on Wednesday, March 31. All women students are urged to choose and support a candidate.

The pageant will be given on May 5, and any student in activity classes who wishes to participate is asked to sign on the bulletin board in the gym or to see Miss Elizabeth Schon.

The following are candidates for May Queen: Jean Clausen, Jean Dewitt, Barbara Hoese, Millicent Lincoln, Jean McArthur, Leah Merchant, Pauline Michael, Betty Palmaymesa, Beatrice Pyle, Elinor Stewart, Katherine Stock and Evelyn Warner.

KOFOID SPEAKS IN ASSEMBLY

Dr. Charles A. Kofoid, professor emeritus of California University, will speak on "Luminescence of Marine Life," in an assembly conducted under the joint sponsorship of the State college and the Museum of Natural Science, Tuesday, April 6.

Dr. Kofoid has recently returned from Europe where he spent his labors in observing the work of European laboratories. His specialty has been in protozoology and in parasitology. Working in the study of amoeba, Kofoid has made pioneering expeditions into amoebic dysentery and has trained men for public health investigations on this subject.

The appearance here will be illustrated with lantern slides. Also he may make a brief comment on his amoebic work.

Faculty Honors Abraham

Honoring Mrs. Jane Miller Abraham in her 25th year as a member of the State college faculty, a dinner will be given for the faculty and certain members of the Santa Barbara alumni at La Cumbre Country club on Saturday evening, April 3. Miss Hazel Severy and Miss Winifred M. Frye will be in charge.

Special decorations will be used and a program will be presented. It has been placed that Miss Frye will offer a description of Mrs. Abraham's services to the college.

Students, Faculty Fete Jane M. Abraham

Registrar Sees 25th Year of Service As Institution Progresses from Normal School to College

The entire student body and faculty honors Mrs. Jane Miller Abraham, this week, in celebration of her 25th anniversary as one of the State college administrators. A faculty dinner will be given in her honor.

Mrs. Abraham first made here appearance at State, which was then the State Normal School of Manual Arts and Home Economics, in 1911, as an applicant to take the Home Ec course offered. As she had not completed her chemistry requirements, she was sent back to Ohio to finish. Then came the surprise.

Ednah Rich Morse, president emeritus of Santa Barbara State, invited Mrs. Abraham to become general secretary for the school, a position which included correspondence, book-keeping, all office work and the keeping of records.

'Janie' Remembers When

"Janie," as she is known to many students, first acted as secretary when the college was situated in the Memorial building downtown with the exorbitant rent of one dollar per year charged. The grand total enrollment came to 110—and only 10 of those were men.

When "State" moved up on the hill, the friendly registrar actually took the place of the bell system, which was decidedly minus at the time. Working in a "beehive" of typists answering requests for information regarding the home economics course," she had to keep one eye on the clock, for to her was entrusted the ringing of the gong announcing the termination of class periods. A large iron triangle hung on a chain, served the purpose, as Janie beat it with an iron rod.

The Good Ol' Days

Everyone used to walk to school in the good old days, using paths as the road from the Mission was not clearly defined until street car lines were installed later. If a celebrity arrived on the campus, as many did due to the fact that Santa Barbara was a noted winter resort, a special assembly was promptly called—at any time—at any place.

Social functions were held in the music hall, and consisted of the same type of affairs that constitute our social life now.

Abraham and History

While working quietly on routine college duties, Mrs. Abraham has passed through the making of some of the world's greatest history; the greatest war ever known, the greatest prosperity and depression of the United States, the growth of California in both population and power, and the growth of Santa Barbara from a little village with mule drawn street cars to one of the most beautiful cities in the world, which is visited by people of renown from every corner of the globe and from every walk of life.

Last fall she saw her beloved college grow in stature, culture and achievements, until today it stands high in educational circles of this and other states.

"Janie" says that no greater honor or pleasure could be given to one than to spend a working life with college students and be associated with a fine group of faculty members.

History Department Visits Mission

Twenty members of the history department yesterday visited the old Santa Barbara Mission during second hour. With the fathers as guides to the visitors, the students were told of the history and significance of the Mission.

Arrangements for the affair were made by Professor Raymond Goss McKelvey, faculty adviser, and Christina MacKeller, of the history department. Transportation and publicity were handled by Gretalia Fitzgerald, chairman of the group.

College Plans Beach Day Festival

Estudiantina Entertains Senior Students Here, May 7

Announcement of May 7, as the date for the second annual Estudiantina came yesterday from faculty advisers, Miss Helen M. Sweet and Raymond Goss McKelvey, following a meeting of the committee having charge of the affair this year.

Invitations to the play-day are being sent to senior classes of over twenty high schools and junior colleges, and plans for an interesting assembly program, a tour of the school for visitors, a parade from the campus to the beach, an afternoon beach entertainment with a free picnic supper around a huge bonfire are underway. Committee chairmen guiding the novel event include Rene Sacconaghi and Nancy Clapp, for food and beach entertainment; Doug Oldershaw and Harold Sanderson, athletic contests; Nat Hales and Don Follett, invitations and campus program.

Among the schools relieving invitations will be Bakersfield, Taft, Ventura, Santa Paula, Fillmore, Santa Maria, Lompoc, San Luis Obispo, Santa Ynez, Oxnard, Ojai, Carpinteria, Moorpark, Piru, Wasco, Pismo, and Arroyo Grande.

Contests between the frosh and sophomore classes, between fraternity and department teams, as well as individual competition will be sponsored in the beach day program, with prizes being awarded to winners.

Wife of Instructor Wins Mention in Phelan Award

Mrs. Margo Ringalda McKelvey, Santa Barbara playwright, and wife of Raymond Goss McKelvey, State college social science professor, has been named as alternate for the appointment to one of the two James K. Phelan fellowships in literature.

Winner of the two \$1000 awards were announced in San Francisco by C. B. Lipman for the trustees of the Phelan estate. Howard Edminster, Los Gatos, and Sidney L. Meller, San Francisco, received the awards on the basis of novels which they submitted.

Mrs. McKelvey will receive one of the two awards in event either Edminster or Meller do not accept. The local playwright submitted an outline project of a novel she proposes on Jane Welsh Carlisle, wife of Thomas Carlisle, 19th century English historian and writer. Mrs. McKelvey, who prepared the March of Time radio programs for a year, has written several successful plays.

FROSH HOLD SUITS

Frosh Basketball players will receive their sweaters as soon as the equipment has been returned. To date no sweat suits have been checked in and no sweaters have been handed out.

SPORTS

Passing in Review

By TED JOHAM

Although the results of the Oxy, U.C.L.A., S.B.S.C. show the Staters far from the strong track and field team they were last year there were several performances that would serve to brighten the gloom that prevails over Phelps field.

Outstanding event number one was the high jumping of Jim Benton. This worthy made his first appearance in a track suit for this season at Patterson field and squeezed himself into fourth place by leaping six feet. Now in the world of high jumpers six feet is nothing to write home about, but here at Santa Barbara State that is an event of prominence and should be heralded as such. Benton has not been out for track since 1935 and last year he didn't even don a spiked shoe, so it is not out of the range of possible that a new Gauchito standard will be hung up in the altitude contest. The present mark is held by "Army" Kessler with a leap of 6'2 1/4" to his credit.

Another event that gladdened the heart of Coach Ray Denno was the high hurdle time registered by Bill Gray. Gray did not win the race but was a mighty close third and he was timed in 15.3 seconds. The record for the high hurdles here was set last year by Gray and is 15.5 seconds. There are any number of fast hurdlers in the conference this year and to win Gray will have to pass up a few invites to parties. Richardson of Whittier, Samsell of Oxy and Hartigan of San Diego are all capable of breaking 15 flat and if the Gauchito star wants to beat them it's going to take a lot of work.

The 880 men in the conference have certainly gone on a spree. A week ago Heryet of San Diego ran the half in 1.58 and everything pointed to the Aztec going on a big year. Then last Saturday Whittier's DeMouplied didn't believe that the Border City runner was the best in the loop and proceeded to run the two laps in 1.57.2 and establish himself as the man to beat. Now the only thing that could surprise the men in the conference is to have some runner on the State campus bob up and run down around 1.55.

The baseball team went down in defeat last Saturday, but not as a result of an inferior team but one that couldn't keep pace with the fast ball thrown by Oxy's Hershel Lyons. Lyons is the same individual who personally stopped the Gauchito basketball team before it got started earlier this year.

Clair Busby was given some money to buy his lunch with, but being baseball minded he bought four apples and then went to see the Chi-Sox and Cubs play. The hefty youth going without one of his meals was not up to par on his hitting.

Golfers Drop Match

Playing almost the entire round in the rain, the Gauchito golf team dropped a match to the Monterey High school 5-1 at Monterey Golfers association course on Monday, March 22. The northern prep team is the champion of the Monterey district.

The match was a hard fought one and the scores were generally quite close. Phil Turnbull, number one Gauchito, dropped his match to Bud Brownell after the former had shot his round in a fast 75, Turnbull's score was 79.

Although they lost their first match of the season the Gauchos showed plenty of promise to be up in the running for top conference honors later this spring. The team this year is headed by Captain Al Anderson, who is the only veteran from last year. Al is the number two golfer, Phil Turnbull, freshman, Dick Saxe, transfer from Ventura J. C., and Larry Butler, also a singer make up the Big Green swingers.

OXY, U.C.L.A. DRUB HILLTOPPERS IN MEET

Traveling south with only one day of practice behind them the Gauchito cinder team took the taps from the tracksters of Occidental and U.C.L.A., both teams scoring 112 to 18 over the helpless Staters.

The featured race of the day, the 440, which was to find Bob Young and Claude Kilday, of U.C.L.A. and Oxy respectively, running it out was taken by the Westwood speedster in the fast time of 48.2 seconds the best time recorded in the country thus far in the season.

Sadly out of condition the Gauchos could not keep pace with the better trained athletes of the southern schools. Gibson was fourth in the 220, Shean fourth in the 440, Erickson third in the two mile, Gray and Stalmack third and fourth in the high hurdles and second and fourth in the lows were the Gauchos placing on the track. Stalmack took fourth in the javelin, and Weld third in the discus.

On the same day the peagreeners of Santa Barbara dropped an 80 to 51 meet to the Ventura Jaysee

Intramural Hoop Season Starts On First

Under the guidance of Willie Wilton the intramural sport calendar which has been interrupted will begin again with a basketball schedule already drawn up.

All games will be played in the college gym, and two games will be played each night, the first starting at 7 o'clock. The schedule will start April 1, and will be continued on the 5, 6, 7, 8, 12, 13, 14, and 15th of the coming month.

All fraternities and any clubs who wish to enter may do so, the departments are urged to enter teams. Each team should select a manager who will have charge of the team and know how the team will line up. The lineups should be turned into Fred Allred's office. Each game will be posted on the bulletin board and the date and time of play will be found there.

The schedule is short and Wilton hopes to run the basketball tournament off quickly so that interest will not die.

Staters Lose to Oxy

The biggest part of their annual Easter Vacation tour rained out the Gauchito baseball team played only one game in the south and lost to Occidental as a result of a ninth inning error.

Games were scheduled with the nines of Whittier and Santa Monica Jaysee, but the liquid condition of the sunshine prevented these games from taking place. Little was lost except that the schedule of the Gauchos was upset considerably.

Saturday the ground dried enough to allow the Oxy Tigers and the Big Green to cross bats. For seven innings the Staters played good ball and had a 7-3 lead at the end of the seventh frame. The Gauchos suddenly forgot something and allowed four southerners to cross home plate in the eighth and another in the ninth all as a result of errors.

The defeat does not put the Gauchos out of the running for the championship as the new schedules for the conference requires 15 games to be played to win the title.

Janet Gaynor says: "Leading artists of the screen prefer Luckies"

"I live at the beach most of the year and there is hardly a weekend that a number of friends don't drop in. Naturally, I keep several brands of cigarettes on hand for guests, but the Luckies are always the first to disappear. I suppose it's just natural that Luckies would be the favorite brand because most of my friends in pictures have discovered that the long hours of rehearsing and shooting at the studio place a severe tax on the throat. Leading artists of the screen prefer Luckies because they are a light smoke that sympathizes with tender throats."

Janet Gaynor

FEMININE STAR OF DAVID O. SELZNICK'S
TECHNICOLOR PRODUCTION OF "A STAR IS BORN"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Gaynor verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

The Chimney Sweep

By WESTAWAY

Here are some Roadrunner Revue reminiscences; Dick Waterman got temperamental and lost his temper. Charlene Horner eyeing Stanley Cox. There was a different color to the beverages during the night club scene on Friday night. The cowboy hat that looked so charming on Harry Stewart was lost. Saw Jack Smith getting in free. Aileen Elder misplaced something during rehearsal.

And in Balboa: Parsons, Cummings and Powell had some difficulty with officers about noise in the cabins. By the way Gordy Parsons is leaving us to work for the Paramount studios; Wanda Felger is depressed. Also at Balboa: Herman Schick, Bill Gray, Carlos Bee, Dave Pollock, Frank Meredith, Al Bine, Bob Reynolds, Jim Baraw, Bob Bert, C. R. Edgecomb, Madeline Moore, Myrna Jullien, Irene Minikin, Margaret Eastwood, and Helene Hughes.

Pledges will not put on their faces this week; this will hit some of them pretty hard. Betty Palmay-mesa had breakfast with Mike Davis early one morning. Blanche Hillman, the girl across the street, is in love again; this time it is with a boy from Oxnard, Johnny Coultas. Sid Ellery and Carl Jorgenson were kept up all night and then escorted to the Easter Sunrise service, 2,000 people fell dead. Clair Busby dieted on four apples on the baseball trip because he wanted to see the White Sox play. The Bakersfield girls think Doug Oldershaw is all right but, quote "A lot of good it does us." You ought to look into that Doug. After many inquiries Warren Conrad has signed up in the date bureau. In closing I may say that Carlos Bee and Bob Dorn are managing the College Tavern at nights and would appreciate our patronage as a get together.

Dope Sheet

Name: Tom Lindquist
 Birthday: October 8
 Birthplace: Los Angeles
 Position: President of the Junior class, president of the Beta Sigma Chi, general athletic manager, and general ticket manager.
 Childhood ambition: Aviator
 Present ambition: School administration
 Hobby: Basketball, baseball
 Was president of the Eagle Rock High school student body, and attended Bakersfield High school one year.
 Statement: The school spirit is improving here and with this back of them the Gauchos will take the next football conference.

To Leeward

By GNAT

After a rather noble beginning of a wonderful column before vacation which was probably read by no one but Miss Sweet as it appeared under the by-line of one "Theodora Goes Wild" Hanley, the Leeward comes to being, with an independent identity. Sounds like a state. Coma perhaps.

And as for your dirty cracks about my ghost writing, Mr. Hanley, I quote from Omar Khayyam:

The Moving Finger writes and having writ,
 Moves on: nor all the Piety nor wit
 Shall lure it back to cancel half a line,
 Nor all thy Tears wash out a word of it.

—which all "ghost" to show.

A prominent author, speaking to a group of historians in Los Angeles last week slapped at modern educators, declaring, "We are teaching so much that we give no time for self-expression and by the time we are seventy-five we are an upholstered inhibition." Maybe a couple-more Easter vacations a year would be good? You never know.

And I don't think it's too late to congratulate Director Dave and his proteges for the extraordinary comeback the Revue made after a mediocre Thursday night for a Friday eve performance which is believed by many to be the most finished Roadrunner show that has ever been given. The show, according to Fred Allred, was also one of the most successful financially which he can remember.

An Iowa farmer entered a barber shop and remarked, "I've got something on my mind." Apparently such was the case, for when he doffed his hat, a mouse jumped out. I understand that a number of the older men on the campus have something on their minds lately, which is hoped will evolve into one of the most useful male organizations ever to be attempted at State. Time will tell.

As the Clock-eyed students say, "It's time to go." But be on your guard. Buck Hanley rides again on Friday. Whoopee! I'm an old Cow Hand, and all that sort of stuff. To horse and away! My kingdom for a horse. I'll settle for a dime. A touching parting, no doubt.

Radio Ranglings

Here are some keyhole notes and a peek... tune in tonight to hear Ken Murray and "Oswald" in the Burns and Allen spot. They start their new series tonight and are aided by Shirley Ross of the screen and Marlyn Stuart and Lud Gluskin's orchestra. Burns and Allen have been given a new spot under a different sponsor and will go on it after a two week vacation... Helen Broderick and Victor Moore (Swingtime) started last Sunday night on a new series over Columbia at 5 o'clock in their "1937 Edition of Twin Stars." After Buddy Rogers completes a picture of Gaumont-British he will replace Lou Kosloff.

If you like Nelson Eddy you might listen to him on alternate Sundays... The March of Time will continue during the spring and summer under a new sponsor and over more stations starting April 15. It will be heard at the same time as now—Thursdays from 7:30 to 8:00 p.m.

Rubioff will continue his broadcasting from Hollywood where he starts work on "This Year's Kisses" besides changing to the west coast, he will feature famous guest stars

Phelpes Field Gets New Surface

Doc Kelliher, frosh cinder coach and field manager, announced yesterday that work would begin immediately on reconditioning the track at Phelps field. The recent rain almost destroyed the track completely, after it had been put in fair condition.

Plans are now to cover the entire oval with three or four inches of good clay that can be rolled into one of the fastest tracks north of Los Angeles. The field will be taken care of in sections so that the men who are taking their daily workouts may continue without interruption.

Although there is no provision for a gallery the new track is something that has been needed in Santa Barbara for a long time, there being none at the present time that records can be made on and be official.

and may even break his non-talking spell and speak instead of using his "Strad" to express himself.

OVER THE FENCE

(Continued from Page One)

been done. He told the pop-eyed enthusiasts in his own camp that the war would not be over in less than a year, and he has convinced Franco that Madrid cannot be had for the asking.

COURT RECONSIDERS

The nine gentlemen who compose the Supreme Court flopped over backwards in reversing a previous decision. They decided that the women's minimum wage law was constitutional after all.

Here they had been sitting in darkness since 1922 and, marvelously coincidental with Roosevelt's proposed change, saw the light. For the conservative press to perpetuate the fiction that the Supreme Court is just an impartial machine will set a new high in gullibility. The gentlemen of the bench know what is going on, and they are

willing to be good fellows to prevent it.

PORTUGAL TREMBLES

Nobody has paid much attention to Portugal until recently when it sided in with Berlin and Rome against England in the Spanish situation. This may have caused great consternation to Mr. Eden, British Foreign Secretary, for England holds Portugal's note for 150 million dollars, buys three fifths of its exports and, in fact, Portugal has existed by grace of God and Great Britain as an empire these many years.

However, the cause is not far to seek. Salzar, imitation Fascist dictator of Portugal, knows that the financial interests in London are for Franco 100 percent regardless of the dove-like words that issue from the government's lips. Also in the matter of colonies, while England growled that never would they restore any of Germany's lost African colonies now held by England.

Beta Sigs Hold Breakfast

Mar Monte Hotel Scene of Annual Easter Gathering

Beta Sigma Chi, social fraternity, held its annual Easter breakfast at the Miramar Hotel Sunday, March 28. The breakfast was preceded by an Easter egg hunt on the grounds of the hotel.

Following the morning gathering the members and guests attended various Easter services. In the afternoon the group was entertained at the fraternity house on Cheltenham Road.

Guests attending the event included Edna Arnold, Peachy Stuart, Ruth Buck, Kay Case, Eleanor Benham, Betty Thomas, Rena Sacconaghi, Mary Catherine Ward, Phyllis LaSource, Dorothy Weber, Lillian Cook, Clare Wise, Myrna Jullien, Irene Baptiste, Loraine Wilkerson, Eva McVance, Irene Minikin, Margaret Eastwood, Dorothy Darrow, Joan Moore, Barbara Sharp, Eileen Pritchard, Eva Miratti, Ann Gibson, Nancy Davins, Frances Kerrigan, Dorothy Allen, Barbara Phillips, Dorothyann Meyers, Dorothy Oakes, Margaret Duncan, Peggy Strauss, Mary Alice Halferty, Josephine Jeninez, Ruth Plambeck, Dorothy Poole, Alice Freeman, Carol Warren, Nancy Darrow, Virginia Fennel Sawyer, Alice Hilgren Kerrigan, Betty Smith Heltman and Margaret Holden Hoeffler.

Members and alumnus, Frank Hayman, Reid Prince, Bruce Heltman, Tom Lindquist, James W. Daykin, Elvin Smith, Howard Gamill, Bob Morelli, Denny Baylor, Don Follett, Hi Stanley, Kenneth Oppe, Al Scott, Jack Kitchen, Leo Butts, Dick Hawley, Chuck Edwards, Frank Merideth, Carlos Bee, Blanton Clark, Nat Johnson, Ferdie Davis, Elmer Martin, Bob Sawyer, Ed Kerrigan, Jimmy Lebeck, Warren A. Rouse, Wm. J. Pensinger, Don Stewart, Jack David, Bob Campbell, Bill Hoyt, Julius Langlo, Charles Hoeffler, Meredith Thomas, Leonard Dorn, Robert Dorn, Robert Rezzonico, Paul Westbury, Bill Russell, Bob Stuart, Gibby Martin, and Lansing Stewart.

Return of Missing Stetson Urged

A plea is made by the directors of the Roadrunner Revue that a Stetson hat borrowed by Harry Stewart be returned.

The hat, which is of little value to anyone other than the owner, was taken Friday night after the Revue. The Stetson is valued highly by the owner, as it was given as an award and has many sentimental thoughts attached to it.

It is requested that the person who took this keepsake return it as soon as possible to either Harry Stewart, Dave Pollock or Miss Helen Sweet. No questions regarding the missing headpiece will be asked.

"It is not because of the value of the hat that its return is urged, but merely that it is highly prized by its owner," stated Miss Sweet.

'Y' Members Attend Chinese Dinner

Members of the State college "Y" met last evening at the Shanghai Low cafe on East Cota St., for a dinner at 6:15 o'clock. A Chinese dinner was served to the twenty-five present.

Following the dinner a business meeting with Dick Wichman, president of the organization, in charge. Plans for the remainder of the semester were discussed. Approval of the evening type of meeting was general.

Tea Tells Troth of Former Student

The engagement of Peggy Pope, former State college student and member of Tau Gamma Sigma, to Paul Vernier, graduate of the University of California and field secretary of the Red Cross, was announced at a tea given by her mother, Saturday afternoon.

Marguerite Hansen and Ann Seymour poured at the affair, which was attended by many college students. The young couple will be married and reside in Riverside.

"Hell Week," the annual period set aside by the seven campus sororities as the final fire-and-water test for pledges, officially began Monday night as the various groups held regular meetings.

Alpha Theta Chi's pledges heard the law laid down at the meeting held at the home of Rene Sacconaghi on Medio Road. Betty Walker presided as the group elected Lucille Garman to take over the duties of pledge captain in the absence of Petie McKilney.

Friday, April 23, was selected by the Tau Omegas at their meeting Monday night, as the date for their annual formal dance to be held at the Hotel Samarkand. Plans were also discussed for a Club Chico party. Bow ties will distinguish the T.O. pledges from the common herd this week on campus.

The Sigma Alpha Kappas turned out enmasse for a spaghetti feed and regular meeting at President Bill Poole's house, 525 West Victoria street.

The actives budgeted for their formal which will be held on May 15. The arrangements were planned for the inter-fraternity beach party, April 11; the Sig Alphas will act as hosts for this affair.

The Gamma Sigma Pi fraternity adopted their pin and coat of arms at their regular meeting Monday night. David Westaway, president, appointed various committees to arrange ceremonies and improve the ritual.

The president appointed Ted Joham as historian, and was also authorized to appoint Paul Pearson as corresponding secretary.

The members discussed plans for an informal dance to be held on April 17.

Alpha Phi Omega will hold open house Tuesday, April 1, at 7:30 in the Gas company auditorium on the corner of Figurea and Anacapa. All ex-scouters and scouters on the campus are invited to attend and a short movie will be featured in the program of entertainment.

Women Attend Meet at U.S.C. Today

Ann Seymour, Miriam Turton and Petie McKinney left this morning for U.S.C. where they will attend the National Biennial Conference of Associated Students, to be held March 31 to April 3, on the Southern campus.

The general topic of the convention will be "Does This Foretell a Nobler Race?"

The entire group will meet for a joint luncheon in the women's dormitory at noon today, and will participate in discussions and short meetings during the afternoon. Dr. Rufus B. von KleinSmid, president of U.S.C. will be host to the guests at a buffet supper.

Other topics which will be discussed are "Politics and Student Government" and "Points and Award Systems for extra-curricular activities."

Jones Speaks to Dept. Members

(Continued from Page One)

errors, propaganda, good sportsmanship, in arguments, idealism, facts vs. opinions, self analysis and complication of problems. Take the word of chesty, for example. How long would it take you to discover the one other word which can be formed from those letters? Much to the surprise of his students, it took them at least 20 to 25 minutes.

Dr. Jones, who lives on Alameda Padre Serra, offered to discuss any questions raised by the audience at his home any time. He was accompanied by Mr. T. D. A. Cockrell, professor emeritus of zoology of the University of Colorado, at Boulder.

Statements by the POWERS THAT BE

All men in Frosh basketball, track, baseball, P.E. majors, golf, cross-country, and tumbling report to women's athletic field, Thursday, either third hour or noon for annual pictures.

Former Stater Marries

Hall-Cook Ceremony Performed Easter Sunday

The marriage of Dolly Hall, former student, to David Cook was solemnized Easter Sunday afternoon at the Unitarian church. Dr. Berkeley Blake performed the ceremony.

The bride was dressed in a white satin gown made on princess lines, with a small Queen Anne collar and long shirred sleeves. The tulle veil fell in cascades over the long train of the dress. The small face veil was caught on either side by a small bunch of orange blossoms. The former Miss Hall carried a bouquet of gardenias with a shower of lillies of the valley. She was given in marriage by her brother, Harold Hall.

Mrs. Harold Hart, former Stater, was the matron of honor and the bride's only attendant. Mrs. Hart wore a chartruese moire gown, with a full skirt, which ended in a train. The matron of honor carried a bouquet of pink roses and delphiniums.

Joseph Boggie served Mr. Cook as best man, while Harold Hart and Donald Hart were ushers.

Mrs. Cook attended State for two years and was feature and society editor of El Gaucho in 1935-36. Mr. Cook attended Santa Barbara High school and is employed in the post office.

A reception was held at the home of the bride's parents, 1220 Bath street following the ceremony.

Kappa Omicron Phi Pledges Four

Four girls were formally pledged to Kappa Omicron Phi, national home economics fraternity, Monday evening, March 15, at 1725 Grand avenue. Girls who accepted the invitation to join the group were Laura Rice, Ethel Wiede, Virginia Aldrich, and Martha Booker.

The ceremony was followed by a buffet supper. Members present were Evelyn Braman, Jean Henderson, Jean Goss, Dorothy Allen, Barbara Bennett, Vevalyn Ryder, Sumiye Ota, Mrs. Cochran, and Miss Florence Clark, faculty sponsor, and the pledges.
