

Homecoming Queen candidates presented

QUEEN CANDIDATES -- Homecoming Queen hopefuls are, in the picture at left, Jan Swihart, Dani Shaw, Gini Burns, Judy Roberts, Kasia Stefanek, Nancy Hoskins. In the second picture, Pat Casteel, Pam Smith, Jan Snedden, Barbara Horn, Christie Dunbar, Ann Grogan. Not pictured is Lynne Allasia.

UCSB's forty-first annual Homecoming ceremonies will begin tomorrow with the preliminary judging of Homecoming Queen contestants.

The judging will narrow the number of contestants to four. The four finalists will make up the Queen and her court.

Candidates include Gini Burns, sponsored by Tahitian; Pat Casteel, sponsored by Kappa Alpha Theta; and Christie Dunbar, sponsored by Chi Omega.

Other contestants and their sponsors are Ann Grogan, Sigma Kappa; Barbara Horn, Alpha Phi; Nancy Hoskins, Tropicana Gardens; and Judy Roberts, Delta Zeta.

Completing the list are Dani Shaw, Delta Gamma; Pamela Smith, Lambda Chi Alpha; Kasia Stefanek, Sigma Phi Epsilon; Jan Snedden, Alpha Delta Pi; and Jan Linda Swihart, Phi Sigma Kappa.

Audience appeal will be the major consideration of the two judges. Students are urged to attend.

CASTRO CLOSE UP: Robert Cohen, noted film producer and lecturer, was able to take unprecedented close-up motion pictures of Fidel Castro, during his trip to Cuba which was authorized by the U.S. State Department. Mr. Cohen presents in person the first and only full-length all-color documentary on Cuba under Castro.

Castro's Cuba featured in movie

"Inside Castro's Cuba," a full-length all-color film documentary, will be presented by its producer, lecturer Robert Cohen, tomorrow at 4 p.m. in Campbell Hall.

Student admission price will be 25¢ and general admission 50¢. Tickets may be purchased at the ASB Cashier's Office and at the door.

Mr. Cohen, with the permission of the State Department,

went to Havana to produce the film.

It is the first film of this sort made by an American inside Cuba since Castro came to power.

Uncensored by the Cuban government, the film was developed in the United States, so the Cubans had no opportunity to approve or disapprove.

"Inside Castro's Cuba" depicts the Cuban people and leaders, and the many influences of Russia and China upon the island 90 miles from the shores of the United States.

WAY OF LIFE

With on-the-scene authenticity, the film portrays many aspects of the Cuban way of life seldom known by those off the island.

Cohen found Cuba "swimming" in oil from Russia processed in factories formerly belonging to Esso and Shell.

At Cardenas, the film shows Russian artillery, manned by Cubans, guarding the construction of a fleet of wooden fishing boats being built to help solve the food shortage.

Small arms are carried by an amazingly large part of the population. Even mothers carrying babies might be seen carrying a revolver in a holster.

"MODERN HOMES"

On some of the state farms are modern homes with one cold water faucet. Most farmers, however, still live in sub-stan-

dard homes, or in barrack-type buildings, one family per room, awaiting the new homes that were promised three years ago.

At the Mexican Consulate, Cubans wait in long lines for emigration papers, to join the 500,000 who have already fled the island.

One of the stories in the film centers around Cuba's great push towards cultural leadership of Latin America.

Cohen had an unusual opportunity to make close-up pictures of Castro in action, when he was appointed official photographer for negotiations between an American congressman and the Cuban government, regarding the application for release of political prisoners.

Cohen has won wide recognition for his thought-provoking lectures on problem areas of the world today. This film is part of a trilogy of full-length documentary film-lectures, the other two being "Inside Red China," and "Inside East Germany."

Miller arrives

Vice Presidential candidate Bill Miller will speak at Earl Warren Showgrounds tomorrow at 8 p.m.

Young Americans for Freedom will rally at 7:15 p.m. in front of the stadium and will greet the Republican candidate. YAF members interested in transportation and signpainting should call 8-5916.

Students plant 80 trees

Eighty trees were planted along Mountain Drive by 30 student volunteers Saturday.

About 20 students dug holes in the morning and a second group planted the trees in the afternoon. The trees were donated by the County Tree Farm, and tools by the U.S. Forest Service. A pick-up truck to provide transportation for students

was loaned by Cliff Smith, owner of an Isla Vista service station.

A small group of students also worked Sunday morning. A lunch was provided for them by Colonel and Mrs. Hilmer C. Nelson.

Trees planted were Brazilian Peppers and Monterey Pines.

● WASHINGTON MEETING

British Foreign Secretary Patrick Gordon Walker has conferred in Washington with President Johnson. The meeting at the White House followed another session with Secretary of State Rusk at which they resumed reviewing the world situation. Rusk also arranged a luncheon for Gordon Walker at which Defense Secretary McNamara was to be present. McNamara's presence indicates the three will discuss the military aspect of the Atlantic Alliance.

● NEW PRIME MINISTER

Japan's Liberal Democratic Party leaders have decided to select a successor to Prime Minister Ikeda by Nove, 10.

Ikeda's decision to resign due to ill health was approved by party leaders yesterday. The Party will also have to elect a new Party President, a position also held by Ikeda, and then present the new President's name to Parliament as its choice for Prime Minister. President Johnson sent a cable wishing speedy recovery to the ailing Ikeda.

● RED CHINA

Red China has had some things to say about the U.S. deployment of B-52 heavy bombers on the island of Guam in the Pacific. Peking says the aim is to step up a U.S. nuclear threat to Red China.

Small increases in atmospheric radiation have been de-

News Briefs

Compiled from Associated Press

tected in Alaska, Hawaii and some western and mid-western states. They appear to be a delayed trickle of fallout from Red China's Oct. 16 nuclear blast. The fallout evidence was reported today by a division of the U.S. Public Health Service in Washington. But government scientists have said the Red China test would cause no undue health hazard in the U.S. The fallout appeared on American territory over the weekend in a pattern previously forecast by the U.S. Weather Bureau.

● GOLDWATER

Police estimate more than 20,000 persons turned out at the Tri-Cities Airport near Bristol, Tennessee, to greet Republican Presidential Candidate Barry Goldwater. Goldwater said it was the biggest airport turnout he'd seen in eight weeks of campaigning. Eastern Tennessee is a traditionally Republican area.

In his remarks, Goldwater accused President Johnson of using race, religion and hardship as weapons in his campaign to stay in the White House. Johnson called the Republican program radical. The Senator said the Republican program is based upon the Constitution and he asked "Is that radical?" The crowd called back "No."

Goldwater went on to say that a week from today we're going to have probably the biggest political upset in the history of the country.

● JOHNSON

President Johnson will take up the campaign trail again with appearances in Boston and Pittsburgh, before he flies in to Evansville, Indiana. There he'll be joined by Mrs. Johnson who is wooing voters in Tulsa and McAlester, Oklahoma. The two will go on to Albuquerque, New Mexico, where they'll stay overnight.

Mrs. Johnson got an enthusiastic reception from a crowd of about 9,000 in Tulsa, Oklahoma's new civic center.

All quiet on the Goleta front

Halloween is Saturday night. This is the night that children all over the country dress up as goblins and witches, skeletons and scarecrows going from door to door yelling "Trick-r-treat!" Trick-r-Treat!"

Kindly grandmothers, with candy ready, try to guess who is hiding under the masks, then pass out candy for all.

Last Halloween was different at Santa Barbara.

Last Halloween, a housemother in the Casitas halls was knocked down and injured by a group of "virile" American college men running through a women's dorm, while hundreds of others stood around and lobbed water balloons.

This year, Halloween co-incides with All-University weekend.

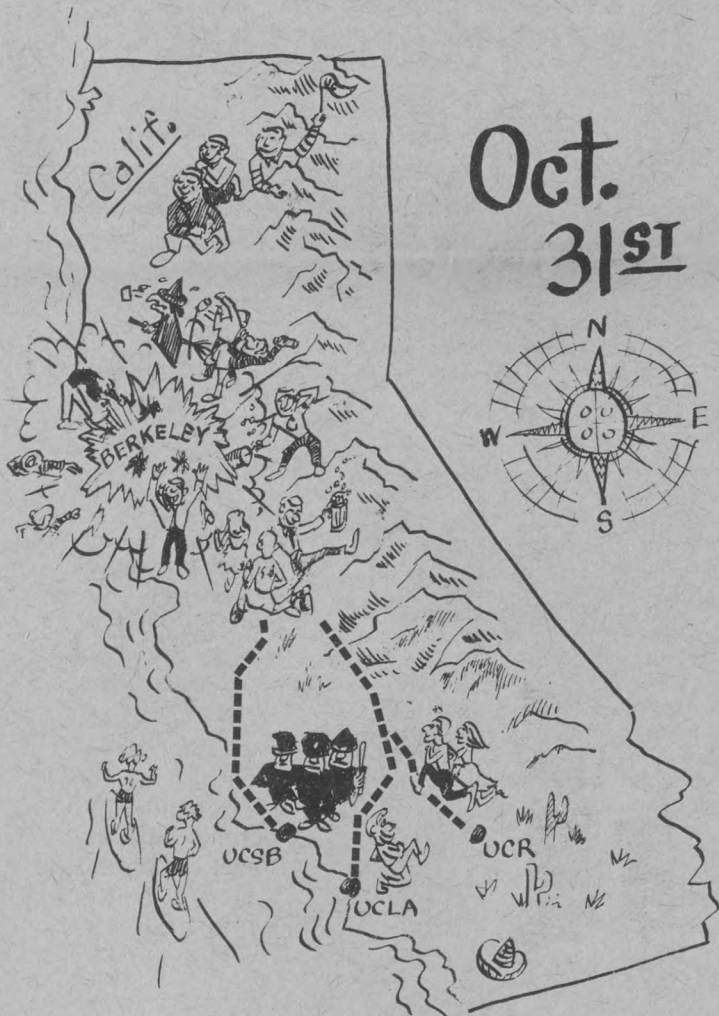

At the expense of being called 20-year old fuddy-duddies we would recommend attending any one of the planned activities on campus that evening or other entertainment-of your choice. For those who have not seen Berkeley, perhaps a trip north would be in order.

We have long held the theory that people serve their own self-interest most of the time. And certainly it is in the interest of Santa Barbara students to assume the responsibility that they have pleaded for so long.

Since the Berkeley demonstrations, earlier this month, we have said there would be ample opportunity for students to demonstrate their political maturity before the elections. This Saturday night is one of those times.

November 3rd is Tuesday.

Published three times a week on Monday, Wednesday, and Friday during the school year, except during vacations and exam periods, by the Associated Students, University of California, Santa Barbara. Distributed by the Squires, sophomore men's honorary, Rick Shepard, president. Printed in Goleta by the Campus Press, 82 Aero Camino. Entered as second-class matter on November 10, 1951, at the post office at Goleta, California, under the Act of March 3, 1879.

OPEN FORUM

Yes on Proposition 14

by NOREEN PERRY
Freshman Chemistry Major
(In answer to Art Johnson's article of Oct. 19, 1964).

Proposition 14's purpose is only to make it impossible for the state to tell the private property owner what to do or with whom to deal when managing his own property. Also, the Rumford Act makes it mandatory to deal with persons of any "race" or "color" but permits discrimination against Mr. Johnson's "brunettes, blonds, redheads, athletes, (and) non-athletes."

To Mr. Johnson's statement that the "passage of Prop. 14 will completely cut off all Federal aid to housing," one can only quote Dan Klein, an executive vice president of the San Francisco Real Estate Board. He said (according to Oct. 9's) Santa Barbara News - Press) this kind of statement to be "an attempt to frighten citizens of California" and that the best constitutional attorneys in California assure him that "this statement is "an empty scare."

Presently (in the Oct. 23rd Santa Barbara News-Press) a \$5,000 reward is being offered to the first person who can prove "that Proposition #14 to abolish the Rumford Forced Housing Act, when passed, will forever be frozen into our State Constitution" and never be

amendable. In other words, Mr. Johnson, if you can prove what you said about Proposition 14's passage -- "that its passage would freeze all further legislation toward fair housing" --- there is \$5,000 awaiting you.

The following three points are, no doubt, among the realtor's many considerations for supporting Proposition 14 along with the Los Angeles Times and the Oakland Tribune. First, there is no jury trial for the property owner, just a hearing before a group of appointed people. Secondly, the accused property owner must bear all the burden of his own hearing costs and personal injury while the complainant bears no such risks. Thirdly, the \$500 fine, which can be imposed on the property owner, does not go for the expenses of the hearing but to the complainant, thus putting the burden of the complainant's hearing costs on the tax payer.

Taking these three points into consideration, one realizes that the Rumford Act destroys the Constitutional right to a jury trial along with all the qualities which make a jury trial desirable over an appointed board. For instance, an appointed board has the undesirable qualities of the appointers having influence on their board and the board's members being chosen by one type of judg-

ment. The property owner is under continual threat of persecution from those who would accuse him so as to try to get the \$500 fine and who would not have to worry about court costs or repercussions. Meanwhile, even if the property owner has been wrongly accused, the property owner must pay court costs, suffer his "books or papers at such hearings relating to any matter under investigation" (from the Rumford Act) to be searched, and risk the loss of business concerning his property if action is enjoined on "the owner of the property from taking further action with respect to the rental, lease, or sale of the property until the commission has completed its investigation" (from the Rumford Act).

Thus by trying to mold what is acceptable to different people into a certain form, the Rumford Act has abridged that thing we call "freedom" and its safeguards. Above all else in importance is the fact that under the Rumford Act a man loses his right to freedom of choice, for is not "refusing" a part of the process of choosing? All of these points should be considered before one decides on Proposition #14.

Vote YES on Proposition #14 to repeal the Rumford Act and to restore our freedom.

OPEN FORUM

No on Proposition 14

by DAVE BLUMBERG
Spanish

One of the most vital issues the voters of California will be called on to resolve the coming general election is Proposition 14. Few ballot measures in the past have managed to arouse such overwhelming opposition from organized groups, community, state and national leaders. Virtually all religious leaders and organizations in the state have affirmed their strong opposition to the proposed amendment for the reason that it is morally wrong. Organized labor in the state has voiced its opposition because it would indirectly threaten continued economic growth and job security in the state. Large numbers of radio and television stations and newspapers, statewide, have expressed strong opposition to Proposition 14. Almost all important civic groups and local and state public bodies have called for a NO vote. With few exceptions, every elected state official has gone on record as against the proposition -- Speaker of the Assembly, President Pro Tempore of the Senate, the State Controller, the Attorney General, the Lt. Governor and the Gov., and both state Senators, to name a few. Even Vice Presidential candidate, Hubert Humphrey, recently stated that if he were a Californian, he would vote NO on 14.

An explanation for the widespread concern about the possible passage of the proposed constitutional amendment can

be found in a legal opinion and description of Proposition 14 by the following legal experts: Richard Maxwell, Dean, School of Law, UCLA; Charles Meyers, Professor of Law, Stanford University; Orrin Evans, Dean, School of Law, USC; Richard Powell, Professor of Law, Hastings College of Law; and Frank Newman, Dean, School of Law, UC-Berkeley.

The letter points out that "while the adoption of Proposition 14 would nullify some of the Rumford Act it would not nullify all of it." It also states that Proposition 14 "would exempt the real estate business from the anti-discrimination provisions of the Unruh Act... It would thus carve out an exception for the real estate business from a civil rights law that continues to apply to other business establishments 'of every kind whatsoever.'"

The letter describes how Proposition 14 "would do far more than wipe out parts of a statute; it would ... forbid the legislature from ever enacting any legislation that 'shall deny, limit or abridge, directly or indirectly, the right of any person....to decline to sell, lease or rent such property to such person or persons as he, in his absolute discretion, chooses.' Moreover, it would even prohibit the courts from creating legal remedies for those who are hurt by discriminatory actions of property owners. These are far reaching steps, which the public should know about when it

votes." Their three-page report concludes, "In our opinion, a short, accurate description is: Proposition 14 would establish constitutional immunity for those who discriminate in the sale or rental of their property and would exempt them from present and future fair housing laws."

If Proposition 14 is approved next Tuesday, California will be the only state in the United States -- indeed, the only state in the Western World -- which gives constitutional sanction to racial and religious discrimination. Let us all join with the hundreds of responsible leaders and organizations throughout the state urging the defeat of Proposition 14.

Frosh gridders amass fine record

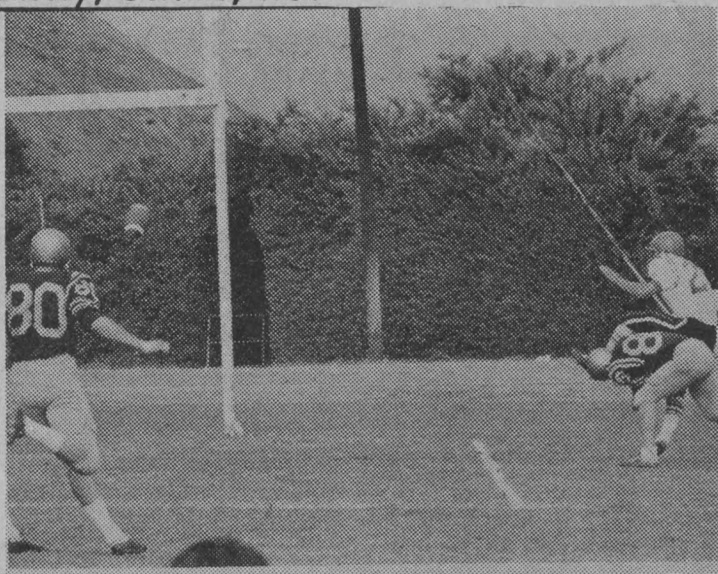

UCSB's Frosh football team will take an outstanding record to Redlands Saturday. After only four games of a six game season, the Frosh have tallied 143 points, while holding their opponents to one touchdown.

Saturday's 48-0 rout of Cal Lutheran was the highest score racked up by the team in two seasons.

Besides this, the defense has limited the opposition to 109.8 yards total offense per game.

Offensively, the Gaucho Frosh continued their massive onslaught against Cal Lutheran.

Backs Dick Burrill, Paul Velarga, and Mike Thomas rushed for 134 yards.

Bad pass and kick, aided by Scott Williams (86) gives UCSB six,

Santa Clara hosts Gaucho gridders Saturday in tough offensive battle

Journeying North to Santa Clara Saturday, UCSB's football team knocks heads with a team having a record the reverse of the Gauchos. Santa Clara has won four games while losing two, and UCSB has a two won four lost record.

Santa Clara's most recent win was a 42-0 shellacking of Colorado College. Earlier the Broncos downed the Nevada Wolfpack, 43-20. The Gauchos defeated Nevada 14-0 in their first home game.

Leading the Santa Clara attack is letterman quarterback Ray Calcagno. In last Saturday's win he sent six of 19 passes safely through the air for 143 yards and two touchdowns.

Complementing Calcagno is Bob Miranda at left halfback. Last year the speedster racked up over 1000 yards in total offense—mainly running. In the 42-0 win over Colorado College

he rambled for 60 yards in eight carries.

Miranda played on the team which lost last year to UCSB at its homecoming game, 27-14. He is aided by Tom Kennedy at right halfback, and Bow Rodgers at fullback.

Tony Orlandi at right end proved a real "sleeper" last week. Although catching only two passes for 24 yards, he scored 12 points. Also sharing pass catching chores for the Broncos are Bill Brennan and Cliff Gamble.

One thing Santa Clara showed in downing Colorado was alertness. During the space of one minute and 37 seconds they rang up three touchdowns. Occuring early in the second quarter, three straight fumble recoveries set up the barrage.

With 18 returning lettermen, the team which Head UCSB Football Coach Jack Curtice rated "real fine" last year will be tough again this year.

"It is better to light one candle than to curse the darkness."

Block 'C' innovates letterman activities

Varsity lettermen at UCSB belong to a club called Block "C". Organized in 1958, the Club now boasts 40 members. To be a member, a man must letter in a Varsity sport, either as player or manager.

Last weekend the club assisted the Gauchos Hoop Club in its Jamboree held in Santa Barbara. Purpose of the Carnival was to aid youth activities and the work-aid scholarship fund at UCSB.

Under President - Gerry Congdon, Vice-President - Dick Kezirian, Treasurer - Jack Roach, Secretary - Bill Sonnenburg, and Social Chairman - Jason Franci, the club plans three main Fall activities.

A Sports Award Banquet honoring all Fall letter winners is one. To raise money, "Cat on a Hot Tin Roof" will be shown. Final activity planned is a barbeque picnic. Usually held only in the Spring, the Banquet will be held twice this year—both Spring and Fall.

by BOB STOLL, Sports Columnist

Sorry about Y. A. Tittle... by the way, Ned, did the Rams beat the '49'ers?

All I ever hear about in football stories is offensive backfield achievements, so I decided to find out something about the offensive line that is opening holes for our explosive Frosh offensive.

I went to the man who would know, former Santa Barbara stalwart tackle, Terry Hammerschmidt. Terry is currently coaching the Frosh line in general and the offensive line in either zoology or physical education.

GUTTY LINEMEN

Terry singled out a few outstanding offensive and defensive linemen that have played good ball this year: Bill Leland, 5'9" 185 lbs. at offensive guard,

prep star and all-league in Jay-Cee has jammed his thumb and is temporarily sidelined.

Robbie Brightwell, England's hope in the 400 had a little consolation for his defeat when his fiancée copped a gold medal in the 800.

What happened to Roy Saari? Sam Adams 1964 Cross Country team is the most balanced group I have ever seen. Nobody has been first man twice in a row and four men have held the number one position at least once through the year. Little competition in the hills these days for gold, huh? I asked Coach Adams about our chances in the annual All-Cal cross country meet which includes NCAA Champs San Jose, Cal, UCLA, and Stanford, he said, "For the first time we have a chance to do really well."

WATER NOTES

Mike Schiesel, water polo mentor, sees UC Santa Barbara and UCLA as the contenders for the 1964 All-Cal Championships. The Gauchos dropped a 9-5 verdict to the Bruins in their first tilt of the year, but they had only ten days to practice and weren't ready.

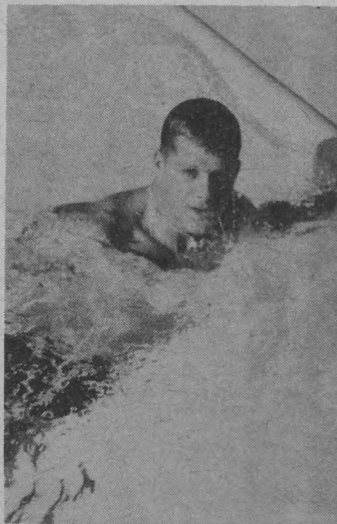

According to Schiesel, the UCLA loss was partly due to the poor condition of his team but mostly to the inability of the Gauchos to guard the hole position.

"We have worked on the guarding the hole position in practice for the last week, and we stand a good chance to win if we can be effective in defending it in the game."

AFTER-THOUGHTS

The Sig Eps will play the Deltas in what is materializing into the Frat League Championship game on the Monday after All-Cal. I hope they're ready to go.

Liston over Clay inside of five next month. . . .

DON ROTH

Frank Onorato, 5'11" 180 lbs. at offensive guard, John Swoboda, 5'10" 190 lbs. at offensive tackle, and Gary Bianchini, 5'10" 185 lbs. at offensive center.

Outstanding performers in the defensive department are Ted Maneki, 5'8" 180 lbs. at line backer and Tom Hippie, 5'11" 210 lbs. at tackle.

Hammerschmidt said that this team is smaller than last year's squad with only one man tipping the scales at 200 lbs. However, he added, "They make up for their size by playing well together and showing a real desire to go undefeated."

HENRY WOULD HAVE WON

Mike Larabee did a great job in beating the best in the world to win a gold medal in the 400 at Tokyo. I don't think he was the top quarter man in that city, however. Henry Carr would have won the race going away; he proved that when he anchored the 1600 meter relay contingent in the respectable time of 44.2.

INTRAMURAL INJURY

Beto Negrial is amazing as halfback of the Sig Apes. He's not fast, but he's got the moves. Dick Hallet, a former Samohi

ALL-CAL PREVIEW

Water Polo

Four teams will compete in All-Cal water polo. UCSB, UCLA, UC Berkeley, and UC Davis are the competitors.

Competition will begin Friday, October 30, and end Saturday, October 31. UCLA won last year, and is favored to cop the title again.

The Bruins have defeated UCSB and UC Berkeley so far this season. Against the Gauchos at the campus pool, the score was 9-5, UCLA. Last weekend UCLA defeated Cal at Berkeley. This brought the Bruin record to eight to three.

UCSB has a record of three wins and four losses going into All-Cal competition. Last year the Gauchos garnered second place. UCSB lacks experience with no Seniors this year.

Cross Country

Saturday will see the Gauchos harriers run in what is considered the climax of their season. With no league competition, this All-Cal competition takes that place.

Running for UCSB will probably be Jim Allen, Jack Roach, Jeff Rawlings, Rick Schankel, Reo Nathan, Bob Jordano, and Rollie Cavaletto. Jon Brower is a doubtful starter.

Cal at Berkeley will send Jim Weil, Clint Shock, Jim Holcombe, Jim Hill, Bob Price,

Marty Koenekamp and Lyman Schaeffer into action. UCLA is led by Dick Weeks.

INTRAMURALS

John Johnson of the Sigma Pi's is battling for the flag football scoring title with 73 points; Cypress's Conn came up with the top individual scoring spree of the third week, tallying 31 in a 71-0 rout of Birch.

The top game of this week takes place Thursday when Dos Pueblos wings B and C clash for the Las Casitas league lead which they currently share. Friday's big action will see the pace-setting Deltas and the SAE's meet in a fraternity crucial.

FIREBUGS -- Al Ellington, Tim Lyons, Betti Chapman and Andrew Middleman, from left, play starring roles in *The Firebugs*, which opens tomorrow at 8:30 p.m. in the New Theatre.

'Firebugs' opens series

"The Firebugs," under the direction of Dr. Theodore Hatlen, Dramatic Arts Department chairman, will open Thursday in the New Theatre at 8:30 p.m. It will run through Saturday night and again next Thursday, Friday, and Saturday.

Written by Max Frisch, the

play is a contemporary comic allegory about the rise of totalitarianism in an unsuspecting, complacent, bourgeois society.

Inherent in Frisch's play is the idea that man is unable to learn from experience.

Major roles are played by Tim Lyons, Betti Chapman, Sarah Hummel, Andrew Middleman, Al Ellington, Rob Tucker, and Jim Strophel.

Wagner talks to journalists

Philip Wagner, former editor of the Baltimore Sun, will speak on his experiences in the journalism profession to EL GAUCHO staff members Thursday at 3 p.m. in SH 1131.

Wagner, a syndicated public affairs columnist, is a Regents' lecturer at Santa Barbara this month. He has written several books on his experiments in adaptation of French wine grapes to conditions in the U.S.

Orchestra to play

Santa Barbara Symphony Orchestra Association is sponsoring its first concert Nov. 5 at the Granada Theater. The concert begins at 8:30 p.m.

Seasonal tickets only are available at student rates and may be bought at the AS Cashier's Office.

Student seasonal tickets are \$5 for balcony seats or \$4.50 if bought in blocks of ten. Orchestra tickets for students are \$9.00.

Dancers to perform tonight

Erick Hawkins' four-member dance company will present a program of contemporary works tonight at 8:30 p.m. at Campbell Hall.

Tickets are \$2.50 general admission and \$1 for students.

Hawkins is the choreographer for the show, composer is Lucia Dlugoszewski, and Ralph Dorazio is sculptor. Numbers included in the performance are "Early Floating", "Clown is Everyone's Ending," "Geo-

graphy of Noon," "Love Shorts itself Transparent" and "Cantilever."

The keynotes to the choreography are variety and contrast. The first step in the choreography is completed by Dorazio, followed by the dance design, Hawkins does the choreography in silence, and Miss Dlugoszewski sets it to music.

Hawkins was trained as an athlete, taught himself to play

the piano, and later trained as a concert pianist. At 15, he won a scholarship to Harvard where he majored in Greek philosophy and art. Later he completed his studies under George Balanchine and Martha Graham.

While he was the principal male dancer with Martha Graham, Agnes de Mille cast him as Curley on Broadway.

Members of the company appearing here with him are Nancy Meehan, James Tyler, and Pauline.

Glenn's directing class gives plays

A two-program series of one-act plays is the class project of Dr. Stanley Glenn's Advanced directing class.

The first program scheduled for Nov. 3 and 4 includes three plays by Tennessee Williams.

Other well-known contemporary playwrights will be featured in the second program on Nov. 10 and 11.

All performances, staged in the Little Theater, will begin at 8:30 p.m. and the public is cordially invited to attend, free of charge.
