

FIRST SUMMER SESSION DANCE  
SET FOR FRIDAY, JULY 15

Prepare now for the first dance of the summer session. Get those dates early and circle on your calendar the day of July 15. To be held in the scenic Beach Club across from the Mar Monte Hotel at East Beach, the dance promises to be a "smo-o-th" affair. Dancing will be stimulated by the soft, smooth rhythms of the "Men in Blue" under the baton of Newt Perry. The affair lasting from 9:30 to 12:00, will be restricted to college students. Tariff is set at a measly 60 cents, a price everyone can afford (?). Wearing apparel will be dressy sport. And remember, this dance is for YOU; be sure to set aside Friday night July 15, for this scintillating event. (Shades of the Fourth).

GLASS MENAGERIE, ALHECAMA  
DRAMA, STARTS TONIGHT

"The Glass Menagerie", Tennessee Williams' realistic story of a decadent family of the South living in New York and attempting to retain their lost traditions, will be presented for four nights, beginning tonight. This stark drama emphasises the frustrations of a mother and daughter, which are getting a hold on the son.

The lead role is portrayed by Dorothy Crawford, famous monologist; Brad Dillman, experienced Yale drama student, and brother of Dean Dillman, our local histrionics expert, will have a featured role. Two Santa Barbara speech students of campus fame, Walter Beaver and LaNor Lombard, also are in the production.

Williams' play has received the Critic's Award and has enjoyed a long run on Broadway.

Ted Hatlen, chairman of the Speech Dept., opined about the production, "Glass Menagerie should be the best acted play of the Summer Season.

DOUBLE FEATURE PROGRAM TONIGHT  
OFFERS TWILIGHT SING  
AND  
FOLK DANCEING

The second Twilight Sing will be held in the quad this evening at seven o'clock, preceding the Folk Dancing in the Women's Gym. This week "Songs of the South" will be featured and the Choral Class will present some special numbers. An enthusiastic group gathered on the steps in front of the Bookstore last week, and a larger number is expected this week. The Sings are under the direction of Helen M. Barnett, associate professor of Music, who gives a cordial invitation to all who enjoy singing.

At 7:45 pm in the Women's Gym the third weekly square dance will get under way. The program will include Western Square Dances, Circle Mixers, and Couple Dances; and as a special feature, there will be a period of instruction in the Swedish Hambo. This dance is one of the most favorite of all folk dances, but it takes a great deal of practice, because the man's and the lady's part are different. At 9:15 Miss Bellinger will help all those who would like to learn this popular dance.

Guest Square Dance Caller Herb Greggerson, of the Texas Bluebonnets, is touring this summer, giving square dance institutes. He is one of the country's leading callers, and is well known for his colorful "patter". There is the possibility that he could come here to Santa Barbara College if enough people would attend such a session, to that his appearance could be financed. If you are interested, please contact Miss Bellinger immediately, so that arrangements can be made.

## EDITORIALLY SPEAKING

From all quarters come the grumbling remarks deprecating the social life at good ol' UCSBC. "Where're all the great parties?" "What has happened to all the summer session spirit?" "Where the----- is everyone hiding out?" The nasty rumor that the academic work is tougher than ever is, unfortunately, true. However, all things being equal, one should have time fore a little relaxation and enjoyment. Don't misunderstand us; this is not a treatise on ignoring the books. This is, however, an entreaty to help further the old traditions of Santa Barbara College summer sessions. Plans on the social calendar include activities to suit every whim and fancy of the students. But in order for these activities to be a roaring success, YOU, for whom these recreational activities are planned, must do your part in joining in the fun and working with the planners. Let's bring back TGIF and MGIM (Goodness Gracious, It's Monday) Men, make a date with that lush blonde at the next table in the cafe; and girls, start fluttering your eyelashes at the tall, good-lookin' character sitting the third seat over in the next row. Let's face it. To quasi-quote Dean Sweet: College is still the greatest matrimonial bureau ever devised.

\*\*\*\*\*

"For Whom the Bell Tolls" aptly describes the disturbing NOISE THAT interrupts our quiet contemplation at ten minutes before the hour and on the hour. Is the new system of bells a good thing or is it an invidious reversion to the high school way of life? Does the raucous rumble of a blatant buzzer impress students as being a natural part of a college professing to be so firmly associated with the University of California? Does it add to the tradition of the "Picturesque Campus With a View"? Give us your views on this subject. The wonderful thing about a democratic college is that student opinion can govern the college, instead of the college governing the students.

We feel that a notification of the time of day would be effective with perhaps a chime similar to UCLA'S Campanile or even an attractively-pitched home door chime

## GOLFERS START PRACTICE DRIVE

Bill Irvine, Gaucho Golf Coach, encourages all golfers, beginners or not, to join with his class at the Goleta Golf Driving Range Friday afternoon from 1 pm on a bucket of balls for 35¢ and free coaching by Mr. Irvine. Clubs are not furnished but may be rented for a dime. This group will meet at the driving range on Monday and Friday afternoons for the next two weeks. The driving range is across from the airport at Goleta.

COLLEGE BOOKSTORE PREPARES FOR  
REMAINDER BOOK SALE

## PROFICIENCY TESTS

The College Bookstore has announced that it will conduct a remainder book sale the last week of July and, if it proves successful, will continue to hold three per year.

To better acquaint you with what the books are and how they can be sold for prices far below their regular list, Mr. Harold H. Cole, Bookstore Manager, has issued the following statement:

"Remainder books are books that are left in the hands of a publisher at the end of a sales promotion period. The number of copies may vary from one to a thousand.

To try to publicize the title to a greater extent the publisher would be unable to cover the cost of advertising even should he sell the entire lot.

"For this reason, these books are sold to remainder book buyers who compile hundreds of such remainders from many publishing houses and who can then afford to publicize the books to the entire book selling industry. The remainder buyer is given the books at so much per pound rather than at a set price per book.

"Every book is new and in the best of condition. None of them are paper bound or pamphlets. All are regular 'trade' books. None or very few of them are texts. All were sold at from \$2.50 to \$5.00 or more when first published.

"Naturally, none of them are on the present 'Best Seller' list. Each and every one of them is a book that had wide reader acceptance some months ago. This particular shipment will contain two prices of classes of books, 29¢ and 97¢. Titles will be widely diversified and there will be different numbers of the different titles.

"It is hoped that everyone will have a chance to browse the entire lot and to add a few choice books to their libraries."

When the exact dates and the location of the sale have been determined, further announcement will be made in this publication.

\*\*\*\*\*

Proficiency tests will be administered to prospective teachers receiving credentials through this institution on Saturday morning, July 9, from 9 to 12:30 o'clock. These tests are unnecessary for candidates receiving credentials direct through the State Division of Credentials or for those students who are taking undergraduate work toward the General Secondary credential.

The Tests will be held in Ridge Hall 101. Doors will only be opened at the beginning of the administering of each of the divisions. No appointment is necessary in advance.

Students taking make-up tests must present written evidence of having prepared for their particular divisions of the tests. Get a signature on the blank furnished for this purpose from your adviser, department chairman, or from Dr. I. A. Mather, if your adviser or department chairman is not on the campus this summer.

Following is the time schedule for the various divisions of these tests:

Reading Comprehension	9:00
Reading Vocabulary	9:30
Arithmetic Fundamentals	9:55
Arithmetic Problems	10:40
English	11:25
Spelling and Handwriting	12:00

Students deficient in any section of any division of the test must retake the entire division, and will be held responsible for any part taken whether passed formerly or not.

Dr. I.A. Mather  
Ed. Psychology Dept.

SAUDI-ARABIAN STUDENTS ENJOY SUMMER  
SESSION STUDY ON MESA

NOTICE TO VETERAN STUDENTS

Three students attending the summer session are a long way from home. They are Taha Krimly, Abdul Kadir-Hashim, and Mohamad Z. Yehya, Saudi-Arabian students studying in this country by means of scholarships granted by their government.

Today, Wednesday, July 6th, is the last day on which purchases may be made and charged to your public law. Both the Office of the Coordinator of Veteran Affairs and the College Bookstore urge you to check over your requirements and to make necessary purchases prior to 4:15 pm today.

Taha Krimly, 19, attended Stanford this past year and plans to study geology at UCLA next Fall. Taha is the son of a business accountant in the port city of Jidda.

\*\*\*\*\*

Abdul Kadir-Hashim, 23, attended the Ojai Prep School and plans to study medicine. He comes from the city of Medina, the second most important religious center in Saudi-Arabia.

Use the COLLEGE OUTLINE SERIES as a supplement when brushing up for those mid-terms. Complete stock of all titles is available at all times.

Mohamad Z. Yehya, 19, also attended Ojai Prep School and will follow a career in medicine. Coming from Mecca, the Capital of Saudi-Arabia, he is the son of the postmaster-general in that country.

\*\*\*\*\*

The three men agreed that they sometimes get homesick, but they admitted that Santa Barbara was a beautiful city. However, they said that this coast city was much colder than their accustomed climate.

CANCELATION OF FISHING TRIP!

At present, they are taking courses in Industrial Arts on the Mesa Campus. Dr. Monroe, chairman of the I.A. Department, said that the encouragement of the other students was helping the strangers to become familiar not only with the course of study, but also with the customs and language of the Americans.

Since so few students and guests signed up for the fishing trip we therefore had to cancel it for the present.

We hope to be able to arrange another trip soon possibly on a smaller scale.

100 people were needed, so see what you can do about gathering them together for the next trip.
