SUMMER RECREATION PROGRAM

Did you get your copy of the Summer Session recreation schedule?

If you didn't pick up a copy of the bright yellow sheets at registration, there is one available for you at the Graduate Manager's Office (located on the Student Union patio). This is a complete summary of the extra-curricular activities offered during the summer term, arranged by Dr. Marilyn Flint, Women's Physical Education Department.

El Gauchito will also keep you up to date on calendar of campus events as well as letting you know about the major cultural and recreational events in town. Be certain that you pick up your copy of El Gauchito every Thursday morning in the Student Union.

TO ALL SUMMER SESSION STUDENTS

Welcome to Santa Barbara College of the University of California! On behalf of the faculty and administration I should like to express to you best wishes for a most successful summer session. I sincerely hope that you will find many courses in our summer program which will so captivate your interest and stir your imagination that you will experience the love of learning for its own sake, forgetting the gadgetry of grades and craving for credits. Much thought and effort has been expended by the various academic departments of the college in an earnest endeavor to prepare a summer curriculum adapted to the needs and interests of teachers in service and students working for degrees and credentials.

Later in the session you will be asked to assist us in finding ways to improve the program. This you can do by responding frankly and fully to a questionnaire to be distributed to all students. Your cooperation will be greatly appreciated.

You are cordially invited to participate as much as possible in the summer recreation program which has been planned very carefully for students and their families and friends by the Director of Recreation. Finally, I should like to direct your attention to the series of free public lectures sponsored by the Committee on Drama, Lectures, and Music to be given by distinguished visitors. A schedule of these lectures appears elsewhere in this issue of El Gauchito.

Please feel free to call or visit the Summer Session Office, Building 404, Room 115, campus telephone 2275, for information or assistance with regard to the summer session.

L. F. WALTON
Director of Summer Session
