Fotech One Hour Color Labs, and Fotech Studios are divisions of Fotech Color Labs.

Fotech Film — The Choice of Professionals

(But we sell to Amateurs, too)

Test: Which Photofinisher to Use?

1. If the pictures are important and you want them to look good today and still look good next year, use Fotech:
2. If the pictures are not important, drop them at your discount supermarket and pray.

How good is Fotech quality?

We think it's the best, and thousands of Californians apparently think so too.

Can We Prove It?

Yes! But we need your help. You bring in any one of your 110-126 or 35mm color print negatives **and** the print from it you had done somewhere other than a Fotech Lab and we will reprint it for you absolutely **FREE**. We are that certain that you'll think ours is best.

ARE YOU IN PAIN?

IT COULD BE A PINCHED NERVE

Relieving the pressure on your nerve (at the site of the pinching) causes the pain to go away. That's why a Doctor of Chiropractic adjusts your spine to relieve pain from your head to your feet. The chart below shows where the nerves are located which control the various parts of your body.

If you are taking pain killers, you are covering up the pain, and the pain will usually return. If you have been unable to find long-lasting relief from pain, I urge you to try chiropractic.

This examination will include an orthopedic test, a neurological test, a spinal alignment check, and a private consultation with your doctor. If X-rays or other tests are needed to arrive at a diagnosis, you will be advised of any costs before proceeding.

Hi, I'm Dr. Mark L. Duell, Sr., Doctor of Chiropractic. Perhaps gentleness in chiropractic is a new concept to you. It was to me before I began the six years of college training necessary for my doctorate degree. During those years I learned the precise locations where light pressure can bring chiropractic relief to pain.

In addition to my doctorate, I have a bachelor's degree in Human Biology. Since college I have completed courses in Activator Nutrition and X-Ray. Even now I devote three days every month attending a nationwide seminar on chiropractic.
