SANTA BARBARA, CALIFORNIA, FRIDAY, OCTOBER 24, 1924

No. 6

COOLIDGE WINS IN STUDENTS' STRAW VOTE

Eighty Per Cent of Students
On Campus Cast Vote

Calvin Coolidge won by a vote of about three to one over Robert M. LaFollette in the straw vote taken at the College Monday. The results were Coolidge 191, LaFollette 66, Davis 22. One vote was cast for the prohibition candidate, Ferris.

The strong republican vote came as a surprise to many who had predicted a much stronger sentiment for LaFollette. The vote was quiet throughout the day, although the polls proved to be a popular place. Of the 355 students who were scheduled for classes on Monday, 280 cast their vote, which signifies that approximately 80% of the students on the campus were sufficiently interested to participate in the straw vote.

Voting started at eight o'clock in the morning and the polls remained open until four-thirty in the afternoon. An accurate check was kept of those who voted and the votes were counted and officially announced over the names of the following who acted as tellers: Jesse Hawley, Anna Lincoln, Barbara Dewlaney, Terence Ellsworth and Margaret Burke.

A night letter bearing the results of the straw vote was sent Monday night by the Social Science Club, which sponsored the local vote, to the Intercollegiate Straw Vote Headquarters, c/o The New Student. The returns from all the colleges and universities are to be tabulated by the New Student and syndicated to the college papers.

FRESHMAN CLASS PLANS ENTERTAINMENT PROGRAM

The Freshman entertainment committee is beginning work on a program for the first Student Body meeting in December. The Frosh are busy searching their fertile, verdant brains for novel forms of entertainment. The committee appointed at the class meeting held Thursday, is composed of Francis Peteler, Viola De Leon and Hazel Kramer.

J. W. DUTTON INSPECTS NEW BUILDING

Mr. J. W. Dutton, of the State Department of Public Works, spent several days here this week checking up the new building which was constructed by the Community Mechanics students this summer. Mr. Dutton is superintending the final details of the building, which is practically completed. Original plans for the building provided for the expenditure of \$8,000, which was expected to provide for a simple building without partitions. Due to strict economy and construction of the building by our Community Mechanics men, seating arrangements, blackboards and partitions have been put in on the upper floor within the bounds of the estimated cost of \$8,000.

MEN'S CLUB ROOM NEARS COMPLETION

During the past week men have been occupied in cleaning out the Men's Club rooms. During its unoccupied period the room had taken on the appearance of a delapidated attic in some old barn. Lumber, paper, tin cans and ordinary dirt were scattered throughout the room. Now everything is tidy and besides a large new table has been put in. The work is going along very rapidly now and by next week a big difference in appearance will be evident to all.

HOME ECONOMICS WOMEN WILL GIVE PARTY

The Home Economics Department, will hold its annual party on the 7th of November. It is to be a "good times" party for the girls and the faculty of the department.

Etta Burnett is in charge of the entertainment and Mrs. Dewlaney has charge of the refreshments. The party will probably be held in the College cafeteria. There are about sixty girls in the department and a 100% attendance is expected at the party.

HOOLIGANS WILL WALLOP SANTA MARIA JUNIOR

Game Held At Pershing Park
At 1:00 P. M. Tomorrow

The Lightweights will tangle with the varsity from the Santa Maria Junior College at Pershing Park tomorrow afternoon at 1 o'clock in a preliminary game to the S. B. H. S. S. M. H. S. contest. The babes are anxious to avenge the stinging defeat handed them by the Lompoc Bean Thrashers two weeks ago, and have had two successful scrimmages with the local Hi eleven.

Coach Gilliland expects to use all of his men, on the condition that at no time their average weight on the field shall exceed 150 pounds.

The Hooligans have put in some excellent practice at passing and will no doubt pass their opponents to death if they find themselves unable to gain thru the line.

The main game of the afternoon between the local Hi School and the Santa Maria Hi promises to be replete with thrills, for these two teams have been rivals for a number of years. Last year the Santa Maria lads handed the local Hi lads a crushing defeat, and revenge is the key-note of the game this year.

FOOTBALL RALLY HELD IN QUADRANGLE TODAY

A pep rally will be held today at 12:20 in the quadrangle on the steps. "Flip" Brotherton is to be in charge of the entertainment and Norvell Dice is to lead the cheering. Students are urged to come out and create a little pep and enthusiasm for tomorrow's game.

RELIEF FUNDS COLLECTED FOR EUROPEAN STUDENTS

Voluntary contributions to the European Students' Relief Fund were collected in the corridors yesterday. The purpose of this fund is to aid the students of Europe, most of whom are practically penniless.

The collection was in charge of the faculty-student committee composed of Dean Pyle, Dean Ashworth, and Jessica Lemmon, and a committee appointed by the Social Science Club. This committee is composed of Helen Ingalls, chairman; Marvelle Miller, and Maxwell Conklin. Posters, made by Mary Silsby and Helen Ingalls, concerning the drive had been posted around the College so that the students might better realize the significance of the fund.

MRS. CLOW RESIGNS POSITION AS SECRETARY

The College has lost a valuable assistant in Mrs. Clow, the Secretary to the President. Mrs. Clow has been with the College two years, but has withdrawn in order to take care of her personal affairs. President Phelps regrets the loss very much, as Mrs. Clow was a most capable and cheerful Secretary.

Who Are the Eight Most Beautiful Women in College?

Who are the eight most beautiful women in school? This is a question that will be decided by Coles Phillips, nationally famous artist, (if present plans mature). To settle this difficult question and at the same time obtain some valuable publicity for the College, the annual, La Cumbre, has decided to conduct this contest. The conditions of the contest have been stated by the editor of the book, Ted Ellsworth, and are as follows:

1. The contest is open to any women students of the institution of either regular or special standing.

2. Each candidate is to submit a photograph specified type and size; (6½x8½ verito press prints).

3. Final judgment will be made by some artist, preferably Coles Phillips, and the winning candidates' pictures will appear in the 1925 'Pictorial' La Cumbre.

4. No candidate will be permitted to submit more than one picture or pose, and all prints shall be standard head and shoulders portraits.

5. Prints must be accompanied by a written statement giving the full printed name of the candidate, the date that the picture was taken and a short list of the activities of the candidate in the school. (This final clause shall be of no consequence in the final

outcome of the contest, and is for an additional feature of the contest that is not to be revealed until some later date).

6. All photographs submitted shall become the property of La Cumbre.

7. The candidates shall agree to give La Cumbre full publication privileges of the photographs without reservation.

8. La Cumbre reserves the right to print, or hold from printing, any photographs. (This clause is meant as a protection to the finances of the book should difficulties arise).

The editor urges all women to enter their photographs as soon as possible, and will gladly give any additional information or explanation to any candidate. A special arrangement is being made with a local photographer to furnish these prints, as specified, at a reasonable rate.

The Beauty Contest, while an innovation at this institution, has been a regular feature in the annuals of many of the larger universities, and promises to make an attractive addition to the book.

Several girls have signified their willingness to enter their photographs already. All photographs are to be submitted, and it is to be hoped that a large number of women will enter the contest.

HEALTH BENEFIT FUND MEMBERS ORGANIZE

Members of the Health Benefit Fund held a meeting yesterday for the purpose of organizing and electing officers. Ted Ellsworth, who has been one of the chief instigators in the movement, was elected chairman and Edith Comstock was chosen secretary-treasurer.

The administrative committee consists of the above officers, the Dean of Men, Dean of Women and the president's appointee. The secretary-treasurer and the president's appointee shall be responsible for all financial affairs of the association. The chairman of the association, together with the Dean of Women (in the case of women), with the Dean of Men (in the case of men), shall approve all applications for benefits from the Health Benefit Fund.

The dues amounting to two dollars per semester are now payable to the secretary-treasurer and all members of the association are asked to pay this sum as soon as possible.

At S. B. H. S. a vote was taken on the question "Shall we have dancing in the Santa Barbara High School?" There were only thirteen negative votes cast.

COLLEGE ORCHESTRA TO BE ORGANIZED

Plans are being made for the organization of a College orchestra, which will be a new innovation in College activities. William Hartshorn, who is in charge of the movement, urges that all students interested in orchestral work sign their names on the list on the bulletin board, immediately.

The idea of having such an orchestra originated with Carl Wirths. It is probable that the orchestra will be sponsored by the Men's Glee Club, and may accompany the club on its tour. The orchestra will assist in assembly entertainments.

In order to belong to the orchestra one need not be a professional, any student playing any instrument will gladly be welcomed.

It has been reported, however, that this orchestra is not to be a jazz orchestra. Students wishing to know any other particulars regarding the orchestra may see William Hartshorn.

The Nebraska State Teachers College at Kearney, Nebraska, was entertained by Miss Rosa Ponselle, the famous primo donna soprano of the Metropolitan Opera Company.

THE NOISE

The noise in the corridors during class hours is proving disturbing to students in class rooms. The objectionable noise is not due to ordinary talking but to occasional shrieks, loud laughter, and words shouted from one end of the corridor to the other. The usual conversation carried on in reasonable tones offends no one, but loud laughter and talking is particularly annoying if examinations are being conducted within class rooms near the disturbance. An occasional shriek is distracting to those who are listening to lectures or contributing to class-room discussion.

When you are in the corridors, remember that some one else is in a class room, where he hopes that no disturbing noises will interfere with his best work. Help the other fellow by avoiding the loud laughter and talking in the corridors during class hours.

WASTE PAPERS DISFIGURE LANDSCAPE

Several complaints have been manifested in regard to the untidiness of the campus due to papers thrown carelessly upon the grounds by students. It's a little thing to drop one scrap of paper but several pieces of paper scattered about the campus give an unkept appearance. The trash thrown near the cars parked on the road back of the College is particularly objectionable, as well as papers left in the corridors.

If we want a campus with a clean, neat appearance, let's not drop discarded materials about. A campus free of all refuse is not only pleasing to the eye but is an indication of the character of the students.

COME ON, LA VERNE!

A week from Saturday the local Roadrunners tangle with La Verne in a crucial game. The result of the game will determine largely, the success or failure of the entire season. To lose this next game will be to lessen our chances of winning any of the remaining contests. The losses that the team has suffered this season have been at the hands of heavy experienced teams, and are in no way to be blamed on the members of the squad. Yet, there are certain members of the Student Body that are beginning to believe that the College has a poor team, merely because the fellows have lost two hard games.

This evidence of lessened support among the students cannot but have its effect in the spirit of the team. The game Saturday will not only be a test of the team, but of the students as well. Whole-hearted support on the part of the Student Body will be convincing proof of its desire to back up the fellows, win or lose. Give the squad a real live rooters' section, and watch them respond to your yells.

Let's all turn out and see the game with La Verne! The team is a good team, and it is working for you. Get out and show them that you are sensible to this fact; that's the least that you can do in return for all the efforts that the fellows have put forth on the part of YOUR school.

Come on, La Verne! We'll meet you with all the fight in the world, 100% strong!

GEOGRAPHY CLASS WILL HEAR TALK ON RUSSIA

Zipporah Rosenblet will give a talk on Russia before the Universal Club this Friday. Miss Rosenblet lived for some years in Russia. At the next meeting of the club, Miss Jacobson will give a talk on Sweden. The purpose of these lectures is to bring about a better understanding of countries and their peoples.

FACULTY MEMBERS INVITED TO HEAR UNIVERSITY MAN

Members of the faculty were invited to hear Professor John Eugene Harley speak at Recreation Center Thursday afternoon on "The Three Political Platforms." Professor Harley is a member of the Department of Political Science in the University of Southern California.

SHORT SURVEY MADE OF GERMAN YOUTH MOVEMENT

Students Seek Simple Life

So widespread, varied and conflicting is the so-called Youth Movement of Germany that a passing glance gives one an impression of confusion and chaos, a more thorough study, however, shows a few consistent, outstanding features which are prominent in all the various phases of the movement.

In general, the Youth Movement of Germany is a revolt against oppression and the restrictions of the older generations. Young Germany is no longer willing to accept with unquestioning fidelity the wisdom and standard of conduct which the older generation would hand down to it. Reacting more strongly because of past restrictions, the young people are asserting themselves and clamoring for greater personal liberty. Nor are they content with clamoring in the ears of those who oftentimes prove deaf to youthful demands. The young people are building up their own organizations, choosing their own leaders, and working out their own standards of conduct. What the older generation does not give them, they set about to seek for themselves.

Factions Organized

It is the spontaneous desire for organization that is dividing the Youth Movement of Germany into so many factions. So rapidly has the movement spread and so impulsively have groups been formed, there has been no carefully systematized plan of action carried out. Each group has had its limited scope and different methods and to some extent rivalry and conflict have arisen between groups.

Bruno Lasker, who has studied the Youth Movement of Germany, divides the movement roughly into three sections. The first is the Proletarian group, which consists of the majority of the Socialist party, Independent Socialists and Communists. The religious section is divided into the Catholic and Protestant groups. The third section consists of the free liberal groups and contains the largest membership.

Characteristics of Movement

Dr. F. W. Foerster in his book, "Jugendseele," gives a number of characteristics as common to all the different groups and tendencies. Through the movement, hundreds of thousands of young people are being brought into contact with nature and taught to appreciate the simple beauties of the homeland and given a taste for wholesome open-air pleasures. A desire for simpler and purer lives in food, clothing and general conduct is being aroused. Old Germany is being re-discovered in the revival of songs, dances, tales, games and manners. A sound condemnation of a national deterioration and immorality is one of the most hopeful characteristics of the movement. Self-control, responsibility and determination are among the chief virtues demanded from members of the groups. A new spirit of brotherhood is being brought about by the mingling of classes and the return to realities.

Influence Uncertain

Just what influence the Youth Movement will have upon the future of Germany is of course difficult to predict. In many instances the groups are becoming the unfortunate tools of unprincipled politicians. In such cases the spontaneous, wholesome influence

SOPHOMORES COMPLETE ELECTION OF OFFICERS

At the meeting of the Sophomore class held Thursday morning, Gretchen Ziegler was elected secretary and Francis O'Reilly, treasurer. It was voted at this meeting to assess the class members fifty cents a semester, to cover the expenses incurred throughout the year.

WITH OTHER SCHOOLS

The San Mateo Junior College gave an old-fashioned barn dance, with apples, and cider, and pies, 'n'everything. The aspect of the college was quite changed, resembling a typical barn rather than a dignified college. The guests all wore suitable country costumes.

The girls of the San Francisco State Teachers' College are looking forward to having a social room, a hospital room and a consultation room.

A most original football rally was put on by the San Pedro High School football team to arouse school spirit. In the clever skit, school spirit was pumped into the listless team from a six-foot bottle, and in the last scene the team was as full of pep and enthusiasm as any team could be.

The Frosh-Sophomore tie-up contest at the University of Southern California ended in a victory for the Frosh. At the blow of the whistle the two teams of thirty men each rushed furiously to battle. At the sounding of the last whistle ten helpless Sophomores lay in the Frosh territory, while only seven Frosh were captured by the Sophomores.

The botany class of the State Teachers College of Kearney, Nebraska, is being introduced into the mysteries of sugar-making. After attending an exhibit of the American Beet Sugar Company, to study the processes of sugar-making, the students carried on experiments in the laboratory.

ALUMNI

Mrs. Anna L. Pettis, a graduate of the Home Economics Department in '17, was recently appointed vice-principal of the Wadsworth Development School in Los Angeles.

Miss Nora Calhoun, a graduate of the Manual Arts Department in 1912, is on a concert tour. Miss Calhoun has an exceptionally fine dramatic soprano voice.

Naomi Kasten and Pearl Wynes came to Santa Barbara last week-end. They are planning to come this week-end, too. Santa Barbara must look charming to them when they get away up in Lompoc.

Leroy Rundell, '23, who is attending the University of Southern California, has just made the famous Glee Club of that campus.

is lost. At its best, says Meyerick Booth, the Youth Movement is an attempt to throw off the evil heritage of the non-moral materialism of the last 100 years of European history and to get back to the simple fundamentals from which a fresh start can be made. Only as it succeeds or fails in its best or worst aspects can the real influence of the Youth Movement of Germany be determined.

MEN'S GLEE CLUB REHEARSES DILIGENTLY

May Enter Contest

The Men's Glee Club will enter a contest of Southern California Glee Club Men, according to tentative plans which are based on an invitation to the contest received by Mrs. Barnett this summer.

Although a definite time and place have not been arranged, the contest will probably be held within the next few months somewhere in the vicinity of Los Angeles.

Members of the Men's Glee Club are practicing diligently in view of the coming contest, which will not be entered unless the Glee Club equals or surpasses the reputation made last year. The men are rehearsing some difficult chorus work and, according to Mrs. Barnett, indicate promising results.

The students of the Riverside Junior College gave a very successful "Mixer" in honor of the new students. The program included singing and dancing by several of the students and the initiation of the Frosh.

ELEMENTARY SCHOOL STUDENTS WRITE LETTER

President Phelps received the following letter this week, which was signed by twenty children in the new elementary school, on the campus:

"October 14, 1924

Dear President Phelps:

We thank you, Mr. Phelps for letting us have our new desks and chairs. We will try not to scratch them. We enjoyed your letter to us very much. It was very nice and we will try to remember not to eat too much candy."

STREET CAR SCHEDULE TO BE CHANGED

Student patrons of the street car lines will be interested to know that beginning on November first cars will leave here every twenty minutes instead of every half hour as per present schedule.

Students who have been hampered through infrequent car service will welcome heartily the change in schedule. Cars will leave the beach on the hour, twenty minutes past the hour, and twenty minutes of the hour. Cars will leave the hill five minutes past the hour, twenty-five minutes past the hour and forty-five minutes past the hour.

EPWORTH LEAGUES PLAN PICNIC AT VENTURA

About twenty College students, with an equal number of young townspeople, are chartering a special S. P. car to go to Ventura Saturday afternoon to attend a sub-district picnic of the Epworth Leagues. Members of the Epworth Leagues of Santa Barbara City and Ventura County are included in the district. William Hartshorn, member of the College and president of the local Epworth League, has made arrangements for the special car which is Santa Barbara's feature. According to reports Santa Barbara is out for the pennant awarded at the rally to the League having the largest number of people in proportion to miles travelled.

PERSONALS

Lois Fratis, '24, is going to spend the week-end with her sister, "Billie" Fratis, a member of the Freshmen class.

Florence Foy entertained a number of friends with a party last Monday night.

Mary Ratkin and Bertha Fuller were given a surprise party on their birthday a week ago Thursday night.

Zipporah Rosenblet is celebrating her birthday tomorrow afternoon with a "kid" party.

The straw vote proved we have many anxious members of the Student Body who want to do their duty, but some certainly wouldn't hurt themselves if they would look again to see how Coolidge's name is spelled. The variations were many, some quite ridiculous.

Don't forget the party and dance tomorrow night.

We had some rooters go with the football squad to the last game. Everyone start planning now to follow the team to the next one.

Miss Thyra Catlin is spending this week-end in Los Angeles visiting a friend.

Look around and see your fellow students' labors. More art works are being displayed in the corridor cases.

Edith Comstock was given a surprise party at the beach on her birthday Tuesday night.

The football squad lost another member when Joe McCormick left school this week. Joe was a valuable right half.

The students of the San Jose Teachers College are enjoying the latest style in education; that is they have installed weekly moving pictures.

DR. STOCKTON REVIEWS SYSTEM OF GRADING

In the general assembly held Tuesday morning, Dr. Stockton gave a general review of the system of grading used in the College. The talk was of interest to the upper classmen as well as to the Freshmen. Dr. Stockton explained that as only a few students can receive ones and twos, those who do not receive the superior marks, need not feel that their grades are poor. However, this does not mean, he pointed out, that one need feel satisfied until he had done the best of which he is capable.

LITERARY FORUM HOLDS FIRST REGULAR MEETING

The Literary Forum held its regular meeting last Monday night in the trustees' room at the Public Library. The feature of the evening was the reading of two plays, "The Curtain" and "Hyacinths," by Dean Ashworth.

Margaret Burke, president of the Forum, gave a short history of the organization. In 1920, Dean Ashworth organized the Literary Forum for the purpose of promoting literary interests in the school. The membership of the society is limited to a small number.

This year's program is to be very different from those of other years. Original compositions will be written by the members and be brought to the Forum for criticism. In this way the Forum will serve as a workshop for those interested in writing.

Invitations for membership will be issued sometime during the week.

The meetings will be held regularly on the first and third Mondays of the month.

MEN'S SMOKER VOTED SUCCESS

It is unfortunate that the girls could not have attended the first smoker of the Men's Club, held at the Yacht Club house on Wednesday.

Seventy of the best-looking men in the College were at the "feed." The "feed" itself would have made friends with many of the girls, for each man was allowed three or four tamales apiece. Besides this, two salads—combination and fruit—were included in the bill of fare. Coffee and dessert were served also.

The best part of the smoker came when Mr. Peters took charge of the entertainment. A call was made for twelve boys. These twelve came up one by one until about ten were in front. Immediately the fun began.

"Girls!" It was a scream to see Stubby Henderson hold one foot and then try to bend down and pick up a paper from the floor. Besides Stubby, there were eleven others, including a very popular faculty member.

Several more of these contortions were explained by Mr. Peters and acted out by the boys. Phil Brotherton proved to be the best contortionist of the evening, although he was followed closely by "Bus" Heggie.

After everyone was thoroughly tired out from performing and laughing at the performers, Mr. Ashworth entertained the men with some selected readings. These pacified the mob, and after the readings were completed, everyone agreed that the smoker was a howling success, and then everyone went his way towards home.

Maud Taylor went home to Fillmore last week-end.

HALLOWE'EN MASK GIVEN IN COLLEGE GYMNASIUM TOMORROW NIGHT

A Hallowe'en mask will be given by the Student Body in the gymnasium tomorrow night at 8 o'clock. Everyone is to appear in costume, and prizes are being offered for the most attractive and for the funniest costumes.

Every guest is sure to have a good time, according to Helen Culp, as there will be cards and Mah Jong for those who do not care to dance. There will also be amusing stunts, though no hint of what they will be has as yet escaped from the industrious committee. Student Body tickets must be shown for admittance.

Hostess: "Won't you have some more pudding?"

Guest: "Oh, just a mouthful."

Hostess: "Fill up this plate."—Ex.

"Mary isn't the least bit afraid of a mouse."

"She ought not to be with her catty disposition."—Ex.

TROJAN BABES DOWN ROADRUNNERS 46-9

Coach Gilliland's Roadrunners were snowed under by the University of Southern California Frosh last Friday in a game that was replete with thrills (for the supporters of the Southern team). On the kick-off, Santa Barbara fumbled the ball, U. S. C. recovering. On the first play, a Trojan back jumped twenty yards for a touchdown. In the next twenty minutes the S. C.'s scored four more touchdowns before the Roadrunners woke up and began to fight like—they wanted to score. In the second half, a few minutes of play made another touchdown for the Trojans, and from then on it was fight for every yard. Santa Barbara began a series of long passes, and within the shadow of the goal, fumbled the ball. A blocked kick gave the Green and White the ball once more, and three plays via the aerial route gave Santa Barbara its first and only touchdown. First it was Anderson to Vince, then Anderson to Linder, then Andy to Ed. O'Reilly and a touchdown. Foss converted.

The locals then opened up with an aerial game that held the Frosh powerless, and only several costly fumbles kept the fellows from gaining at least two more tallies. A few minutes before the whistle, Gillett, S. B. guard, threw a U. S. C. man behind the goal line for a two-point safety. U. S. C.'s

BASKETBALL WOMEN SEEK CHAMPIONSHIP

Class Captains Chosen Tuesday

The initial women's basketball game will be played during the first week in November, according to a tentative schedule worked out by Eleanor Warren, basketball manager, and Miss Weage, Physical Education Director. Since only a limited number of Sophs and Juniors have turned out, the two classes are combining in an upper class team which will meet the lower class team composed of Freshmen only. Three games will be played to decide the championship between the upper class and the lower class. The chances for victory are almost equal, if practice games may be counted as predictions. Despite the fact that the upper classmen are more experienced, the Freshmen have a larger group from which to select a team.

In a similar contest, the Freshmen team of last year emerged victorious after a hard fight. Since the upper class has lost many members of last year's winning team, its victory is not assured and the Freshmen of this year may triumph as did the lower classmen of last year.

Both the upper class team and the lower class team have organized and are practicing feverishly for the coming games. Captains were chosen Tuesday and teams will be selected immediately. Elsie Travis, who is starring as forward, was chosen leader of the Freshmen team. The upper classmen elected Etta Burnett, jumping center, as captain.

final score came as the result of a freak kick over the goal line that should have been a touchback. A Trojan fell on the ball, and the referee called it a touchdown.

The features of the game were the passes of Anderson and the punts of Foss. Linder, Keim, Capt. Vince, Baranov and Ed. O'Reilly performed stellar work in receiving passes, all totalling 200 yards over the heads of the Southerners. The passing game being developed by the Roadrunners may be a big factor in determining the outcome of the remaining games. From the results of this game, our game with La Verne should prove to be very close. La Verne took a 39-7 beating from the U. S. C. babes, while the locals compare favorably with a 46-9 defeat.

WOMEN WIN LETTERS BY POINT SYSTEM

Since many of the women students are not yet acquainted with the point system used in connection with the awarding of a school letter for participation in women's sports, a brief explanation of the point system will be given.

In order to obtain a letter, which is an English 'S', a total of 150 points is required. A position on a varsity team, an honorary team, entitles the individual to 100 points. A position on a class team gives the player 50 points. Hiking is recognized as a sport, and 25 points are given for 50 miles of hiking.

Miss Weage announces that hikes taken with the Outing Club will count toward a letter. Students taking these hikes are requested to keep a record of the mileage.

Racine Powell spent last week-end at her home in Long Beach.

GREEN AND WHITE CAPS RECEIVED BY ROOTERS

Many students are displaying their rooter's caps which arrived at the co-operative store this week. The nifty green and white caps are attracting much attention and many favorable comments are being made about them.

Students who want to order green and white rooter's caps may have a chance to do so by signing their names on the list on the bulletin board. If twenty-five or more students sign up for the hats, Allen Keim will order them.

SOCIAL SCIENCE CLUB TO DISCUSS ELECTION

Five new members will be received by the Social Science Club which will hold its third meeting Wednesday evening at 7:30 in the Directors' Room at the Chamber of Commerce.

Since time did not permit a full discussion of the presidential election at the previous meeting, prospects of the election will be under consideration next week. As several members of the club have been attending campaign meetings of the various candidates, a lively discussion is anticipated, for the club contains supporters of each candidate.

Members of the Social Science Club have discovered that one of our students, Robert Wormser, is one of the founders of the Harvard Liberal Club, which was among the first clubs of this kind to organize. Mr. Wormser was also closely connected with The National Student Forum during his residence in the East.

Irene Youngken, Junior College graduate of last year, is now attending the University of Arizona. Miss Youngken was president of the A. W. S. during the last semester.

SCHEDULE CHANGED FOR TENNIS TOURNAMENT

The women's tennis tournament, which was scheduled for next week, has been put off until after Thanksgiving, due to the large number of women students who have turned out who have never played before. It is probable that a captain for tennis will be elected within the next week.

JUNIORS ADOPT CLASS COLORS

The Junior class has adopted red and white as class colors. Pennants and pins will be made, though the design has not yet been decided on. A committee to choose suitable designs has been appointed by the president, Allen Keim.

Ella Muir, last year's graduate of the Junior College Department, is attending the Library School in Los Angeles.
