

'Squaring the Circle' Cast Rehearses for Opening Date

"Squaring the Circle," written by Valentine Kataev and under the direction of Dr. Edwin Schoell, will open at the Riviera Auditorium Nov. 5 at 8:30 p.m. "Squaring the Circle" was first produced in Russia in 1928 and has gained the reputation of an hilarious comedy in the years that followed. The Russian farce is not without its serious side. It deals with one phase of life after the Russian Revolution. This is a comedy about young people, their mixed love affairs, housing and divorce under the Soviets.

"Squaring the Circle" pokes fun at petit-bourgeois notions of marriage and the family. It is not by any means a realistic picture of Russian life, but the audience does learn about the land and the people across the sea.

The cast includes some of the best talent that Santa Barbara has to offer. Members of the cast include Claire Arnold, Sydney Vilen, Paul Washburn, George Monk, Robert Vogelsang, Martha Hopkins, Jeanie McGarraghy, Catharin Stuart, Frank Crowley, Larry Drass and Fred Junker.

This hilarious comedy is to be

BOB VOGELSANG
In Comedy

presented at the Riviera Auditorium Nov. 6, 7, 8, 13 and 14 at 8:30 p.m. Tickets are now on sale at the Santa Barbara Music Co. and at the Graduate Manager's office. General admission is 90c and student tickets are 50c.

CSTA Will Hold Membership Drive

Bob LaBayne, CSTA president, has announced that a membership drive soon will be under way.

The California Student Teachers Assn. is for students majoring in education who wish to keep in close contact with the problems of the teacher and administrator. Latest developments in the education field are also made known to members.

Membership may be secured through Miss Elsie Pond and campus representatives who will appear before most education majors in department and class meetings.

Miss Elsie Pond is advisor of the club. Eleanore Koster is vice-president, Marguerite Hougasian is secretary and Gloria Jaral is treasurer.

F. W. Baker to Speak On Civil Service

Mr. F. W. Baker, a representative of the Federal Civil Service Commission and College Federal Service Council, will hold an assembly to acquaint students with the availability of positions in the federal service. He will speak in Pine Hall 100 on Thursday, Nov. 6, at 2 p.m.

Bookstore Announces New Operating Hours

New store hours for the College Bookstore have been announced by J. A. D. Muncy, business manager, effective Nov. 1.

On that date the new operating schedule will be from 7:45 a.m. to 2:15 p.m. Monday through Friday. The amount of business transacted in the late afternoon hours has not warranted keeping the store open beyond 2:15 p.m.

Noted Monologist Ruth Draper Will Appear at Lobero

Ruth Draper, noted monologist, will appear at the Lobero Theatre, Saturday afternoon, Nov. 8 at 2:30 and again Sunday evening, Nov. 9. Student attendance at Miss Draper's appearance is being fostered by "Audiences Unlimited," a group recently formed to encourage student attendance at the better plays and concerts which come to Santa Barbara.

As part of their program, members of "Audiences Unlimited" have made it possible for students to obtain tickets at a considerably reduced rate for Miss Draper's Saturday afternoon appearance.

The organization is trying to accomplish two things: letting students know when and where they will be able to find good entertainment and making it possible for students to attend by asking the theatres to give a students rate. This has been accomplished for Ruth Draper's appearance and "Audiences Unlimited" encourages students to back them in this undertaking.

Ruth Draper's ability to characterize in words and her command of mimicry have made her a solo entertainer of renown. Brooks Atkinson of the New York Times says, "Obviously, Miss Draper is a woman warmly interested in other people. As an abstract and brief chronicler of women of all stations in life, she is an artist of considerable eminence. And not because she is mistress of the odd magic that goes into the monologue . . . her quality comes from within."

It was the advice of Henry James which encouraged Miss Draper to not only set, but also write her roles. Her repertoire consists of more than forty original monologues, including at least sixty characters.

Dr. Mather Studies Teacher Education

Dr. Irving A. Mather, professor of education and director of teacher training at Santa Barbara College, is now on an extensive tour of the teacher-education institutions throughout the country.

Dr. Mather, who is on sabbatical leave this fall, is making a study of these colleges and universities to observe methods in meeting the needs of teachers-in-training. He will also make a survey of techniques used in providing character training for children. This second project involves an analysis of procedures used in educating teachers to give their pupils experiences that result in good character.

His itinerary will take him to the major institutions of the Midwest, Eastern and Southern states. He expects to visit over 30 universities and colleges and will return to Santa Barbara in December.

KOREAN VETERANS
Veterans who have enrolled in college under the new GI Bill P.L. 550 are reminded to go to the office of the Dean of Men on Nov. 1 to make out vouchers for their subsistence checks. It will be necessary to do this the first of every month while they are in training.

MOST UNIQUE FLOAT was "Plutonic C Rations," the large Pluto entered by Kappa Alpha Theta Sorority. The Sweepstakes trophy was won by Sigma Phi Epsilon for their "Prince Valiant" theme.

Mr. Dole to Speak on 'Modern Drawing'; Current Campaigns Cited by Dr. Palmer

Mr. William Dole, Assistant Professor of Art, will be the speaker in the All-College Lecture to be given today in Pine Hall 100 at 4 p.m. His subject will be "Modern Drawing."

The lecture will deal with a comparison of drawing and painting as mediums of expression, the motivation for drawing, and a comparison of some old masters' drawings and modern drawings. He will discuss, too, some modern artists in the light of "draftsmen." Mr. Dole will show some slides to complement the discussion.

Mr. Dole is well-known to students and public alike. About a year ago he had a one-man show here in Santa Barbara; from here it was taken to Salt Lake City, then to the de Young Museum in San Francisco. Also, he recently had a show at the Geddes-Martin Studios and has shown in regional and competitive exhibitions.

Campaigns Persuasive

In his lecture on "Campaign Speaking" Dr. Upton S. Palmer told his audience that the current political campaign is one of the most interesting in American history. He stated, also, that civilization rests upon persuasion, and campaign speaking is one type. He gave three ingredients which comprise a campaign speech: ethical proof (humor and emotional appeal. It has been said that civilizations are created by minorities relying on charm, what most of us would call persuasion. In this political process, the campaign speech is the chief instrument by which the charm or persuasion is accomplished.

Dr. Palmer quoted from Aristotle wherein he said "No proof is so effective as ethical proof," and by ethical proof is meant the moral character of the speaker as revealed by the speaker while speaking, while he is in front of the audience, the moral character that the speaker brings to the platform.

Emotional Appeal

Senator Nixon's speech via television was cited as a case descriptive of the emotional appeal. Dr. Palmer stated that he believed that we have never had a speech in U. S. politics greater than that, but then qualified the statement by indicating that everything after the first 14 minutes was anti-climatic.

The interest in Stevenson's wit is extremely great, and it is Dr. Palmer's belief that Stevenson will continue to use a great amount of humor, i.e. "if the Republicans will quit telling lies about me, I'll quit telling the truth about

them." This, according to Dr. Palmer, is a type of ethical proof. Various opinions of well-known speakers over the years indicated that it is a questionable fact whether or not humor in political speeches is good.

New Problems

In closing, Dr. Palmer said that campaigns now get to the people by radio and television, and modern transportation means have placed a tremendous burden on the speakers. Campaign speeches also have been made into one continuous debate. One of the problems of present-day campaigns is the preparation of the audience emotionally for what the speaker has to say. The speaker must adjust to the immediate audience and immediate area. He must adjust to the audience in order to build up the prestige to get them to accept what he has to say. Another problem of the speaker who is talking to large crowds is that he must present the material in such a way to be honest and still make the speech more acceptable to the listeners.

Research Exams Open To Senior Students

Seniors at the Santa Barbara campus wishing to get into research work may file for a state civil service examination up to Nov. 15, the State Personnel Board said today.

The beginning position, research assistant, requires only college graduation, including a course in statistics. It pays \$281 to \$325 a month.

A higher post, junior research technician, is open to graduates with one year of experience in research or statistical work. Graduate study of 12 semester units in certain fields may be substituted for the experience.

The technician job pays \$325 to \$390 a month.

Openings in both classes are chiefly in Sacramento, San Francisco and Los Angeles.

The examinations will be given Dec. 6 throughout California wherever the number of candidates warrants. Students may take them with a view to appointment at the end of the college year.

Applications and descriptive bulletins are available at the campus placement office, from all Department of Employment offices and from the State Personnel Board at Sacramento, San Francisco and Los Angeles.

ALL-CAL WEEKEND DRAWS GAUCHOS TO BERKELEY

Festivities for the fifth annual All-University Weekend get off to a running start at 11:00 a.m. on Friday, with the All-U meeting presided over by President Robert Gordon Sproul, and meetings and greetings with student body presidents, yell leaders, and glee clubs from each University campus. That afternoon marks the clash between the Bruin and Bear Frosh squads at 2:30 at Edward's Field.

All during the day, open houses, student tours and informal get-

togethers will be staged. Free coffee and doughnuts will be served in the student union. Eshleman Court will serve as "home base" during the day, with information stands, identifying cards and maps spotted around.

Pajama Rally

Friday evening, high spirit will resound in the Greek Theater in the U. C. tradition when All-U gather for yelling, singing and planned entertainment. (extra: plan an additional pair of pajamas in case a pajama rally is held.)

Saturday morning, more open-houses are planned. 11:30 a.m. is the moment of the big clash between the Aggies and the Gauchos, on the Memorial Stadium Gridiron. All students should wear white blouses, sweaters, or shirts in order to sit in the rooting section.

The tones of the Campanelle will mark the family clash between Bears and Bruins at 2:00 p.m. Later in the day, individual groups have scheduled additional activities.

All-U Dance

Charley Stern's orchestra will top off the weekend gathering for "annual family portrait," that Saturday evening when he plays for the All-U dance. \$100.00 worth of door prizes, top campus entertainment and last spring's talent show at Berkeley will be featured at the dance. With the end of the weekend, over 5,000 students will return to classes and campuses.

Sweepstakes Won by Sig Eps; Alpha Phi, Sig Pi Place First

Sigma Phi Epsilon fraternity captured the sweepstakes prize in the colorful homecoming parade held on State Street Saturday afternoon, as thousands of students, alumni, and townspeople watched the "ComiCal Caravan." Kappa Alpha Theta sorority produced the most unique entry, a large Pluto.

First place in the sorority division was taken by Alpha Phi, with "Alice in Goleta Land," while Delta Sigma Epsilon was second, and Delta Gamma placed third.

Sigma Pi made it five years in a row by again taking first place in the fraternity section, with Kappa Sigma second, and Sigma Tau Gamma third.

In the non-organization division, Industrial Arts placed first, followed by Phrateres in second, and Romans in third place.

House Decorations

Chi Omega won first prize in the House Decorations competition with a reproduction of Humphrey and his cart taking away the San Francisco Gator. Delta Tau Delta took second prize and Sigma Alpha Epsilon came in third.

Another first prize went to Sigma Pi in the Galloping Gaucho review contest, while Pi Beta Phi won the second prize, and Alpha Phi took the third.

Caricatures of comic strip characters decorated the Montecito Country Club annex, where the Homecoming dance was held after the game Saturday night. Music was furnished by Skip Wilson's orchestra.

'Give a Gaucho a Lift' Signs Posted

In conjunction with the "Give a Gaucho a Lift" policy at Santa Barbara College, the AWS has presented a new idea to the student body.

Two posters, done by Hale Tollet, have been placed in the bus shelters located near the main parking lot to remind students to give a lift to those who have to walk to and from school. This has been an old tradition at Santa Barbara and the posters have been planned to revive this policy.

STAFF MEETING

There will be an important meeting of El Gaucho staff members on Tuesday, Nov. 4, at 11 a.m. in the Gaucho staff office. Attendance is required. Important issues will be discussed.

PHOTO BY WATHEY

JODI BUCKLE

Jodi Buckle Reigns as Homecoming Queen

Jodi Buckle, chosen Homecoming queen by a board of businessmen and faculty, reigned over the weekend of Homecoming activities. She was sponsored by Delta Sigma Epsilon.

Jodi's attendants were Leontine Smith, Alpha Phi; Betty Woodhead, Kappa Alpha Theta, and Ina Zimmerman, Sigma Tau Gamma.

Thursday night's Galloping Gaucho Revue marked the debut of the queen and her court, and Friday night Jodi presented the awards for the winning house decorations and skits. Jodi and her court were presented at numerous social functions during the weekend and reigned at the SBC-San Francisco game.

Jodi, a junior, is an education major. Lee Smith, a freshman, also is an education major. Betty Woodhead is a junior art major and Ina Zimmerman is a junior under the tutorial program.

No El Gaucho Next Week; Staff to Rest

There will be no El Gaucho distributed next week since there will be no staff available to write copy because of All-Cal weekend, which is being patriotically observed by reporters and editor alike. However the following Wednesday, November 12 El Gaucho will make its usual appearance.

Copy for El Gaucho should be brought to the office the Friday before the paper comes out.

Three Propositions . . .

In the coming election, *El Gaucho* hopes that the national election will not completely obscure the important state and local elections and especially the various state propositions.

Many of the propositions directly affect us and will affect future students and generations.

Since our college has such a large proportion of education majors who aspire to teach and that we are, for the most part, products of our state's education system, *El Gaucho* takes more than a passing interest in three Constitutional amendments to the state constitution.

For this reason, *El Gaucho* would like to explain propositions 2, 3, and 24. Which will affect the state's private and public school system.

Proposition 2, an initiative constitutional amendment, sets the amount of support for public schools at one hundred and eighty dollars per year for each pupil in average daily attendance. We believe that the passage of this proposition would be a well taken step toward guaranteeing adequate financing of our school system. *El Gaucho* only hopes that the increased money spent on our schools will continue to be expended as wisely as it has been in the past.

Proposition 3 gives welfare exemption to property used exclusively for elementary, junior high, and high schools operated privately by nonprofit religious, hospital, or charitable organizations. This controversial measure has forceful arguments on both sides.

Proposition 24 directs the issuance and sale of \$185,000,000 of State bonds for the purpose of providing loans and grants to school districts of the State. The passage of this proposition, it is believed, would help alleviate the crowded class rooms, and crowded schools, and will aid in meeting the needs of the expected rise in school population.

El Gaucho hopes its readers will conscientiously consider these three propositions which are up for approval by the voters in this fall election. They are not panaceas that will cure all the evils in our educational systems, but it may well be that they are an earnest beginning to meeting the problems that face our education system.

To the Associated Students,

The biggest all University event is at the front door not only for Santa Barbara students but for all the Californians of Davis, UCLA, San Francisco, and Berkeley. Some of you may have heard of All-U weekend (we hope so). Anyway, next weekend is the most fabulous of the year, and much to our distress, many of the Santa Barbarans don't realize it.

When the Gauchos meet Davis at Berkeley, it isn't just a football game; it is the one time when the rest of California sees Santa Barbara. A lot of us don't seem to realize that we are part of the largest University in the world, and as a group we should represent those things for which we are established.

All-U weekend was an outcome of the California Club meetings some years ago. Since then the idea has grown into something rather stupendous, a time when all the branches of Cal get together in rallies, dances, games, and good old fashioned party time. It can only be successful if we go to Berkeley and really show them what we can do.

We could spend eons of time and tell you about the swell times at All-U weekends in the past, but

we feel that just the mention of the name of San Francisco will call to the memories of many students the tremendous nights they have had on the town.

The kids at Berkeley have knocked themselves out to show us a good time Oct. 31-Nov. 2, and it is only fair that we Gauchos in turn show up en masse. After the rally at school Thursday night, we are planning to lead an informal car parade to San Francisco. Anyone who can join in, is welcome. We figure that we will arrive in "ye ole city by the Golden Gate" just in time to wake it up on Friday morning. Perhaps the Rally Committee can paint some choice signs for cars such as "Berkeley or Bust" or other appropriate slogans. It would look rather fine to pour into the city decorated to the hilt.

The general idea however, is to go to All-Cal even if you have to hitch-hike (and it's been done too). How about it kids, are you with us? Let's really show those guys that even though Santa Barbara may be small, we're a mighty important part of the University of California.

MESA MEMO . . .

by Dorothy McClure

Robert L. Woodward, I.A. graduate of 1947 has been named state consultant in industrial arts. This is the top position in the industrial arts field in the State Dept. of Education. As a consultant he will act as co-ordinator for industrial arts school to the college level, through education from the elementary out the entire state.

In 1946 Woodward served as a lecturer while finishing his degree here. He is a member of Epsilon Pi Tau and contributed to I. A. publications. Upon leaving Santa Barbara he served on the faculty of North Hollywood Junior High School later becoming departmental chairman. He received his M.A. from the University of Southern California in 1948 and is continuing his doctor's at the same institution. He served on the teacher examining board for I. A. in the Los Angeles city school system.

Many students interested in printing are going on a field trip to Los Angeles during the Christmas holidays. One of the places that will be visited is Pacific Press. If you are interested in going contact Mr. Weir in M 100.

Jim Marsh wishes to express his thanks to Bill La Porte and everyone else that worked on the I. A. Club float. Although a little late the I. A. wishes to thank the Home Economics Club for their splendid

co-operation in making the beach party a success.

Epsilon Pi Tau, Alpha Field Chapter of Los Angeles initiated several new members. Wandell Hunter of Santa Barbara College was among this group. He has been called back to active duty in the Air Force and reported to duty Oct. 26. The initiation team was composed of members of the Industrial Arts faculty.

Life Insurance Man Will Hold Interviews

A representative from a large life insurance company will hold interviews for positions concerning sales management.

The interviews will be held in the conference room, Building D, no Wednesday, Nov. 12, from 10 a.m. until 2 p.m. All interested seniors should sign up in the Graduate Manager's office for appointments.

Philosophical Thought

Philosophy majors total 9, with 7 men and 2 women.

Ceremonies Held for New APO Pledges

Pledge ceremonies were held for the initiates of Alpha Phi Omega, national Scouting service fraternity, on Tuesday, Oct. 21, in the regular meeting room of the group, Mesa 207.

Pledges this semester are George Woodburn, Gordon A. Wood, Neil W. Berck, Perry McConnaughy, Lee D. Greer and John Whittemore.

Bill House, APO president, announced that service projects for the semester include martialing the homecoming parade, filling envelopes for the Tuberculosis Assn. and repairing toys for needy children. Other activities planned include a beach party and a banquet.

Basically, Women Lead

English, a "basic" subject, has 27 women majors to 8 men. Shakespeare can be fascinating, or can it?

History Club Meet to Have Elections Speech

The History Club will meet tomorrow in the AWS Room at 7:30 p.m. William Garman and Cliff Giles will discuss "The Role of the President" in conjunction with the coming election. Members, guests and any students interested in history are welcome. Refreshments will be served.

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

GAUCHOS UPSET GATORS

20-6 WIN OVER S. F. STATE CLIMAXES HOMECOMING

Playing their best game of the season, the Santa Barbara College Gauchos upset the San Francisco State Gators 20-6 at La Playa Stadium in a brilliant climax to the Homecoming weekend.

Coach Stan Williamson's crew played inspired football as the completely outclassed the vaunted San Francisco team. Sparked by fullback Dave Gorrie, who amply demonstrated his right to all conference honors, the Gauchos took charge of the ball game early in the first period and gave notice that they were not to be denied a victory.

To Meet Aggies

This weekend the Gauchos journey north to Berkeley to meet the Cal Aggies in one half of the twin All-Cal Weekend bill. The Aggies, coached by Ted Forbes should provide the Gauchos with an easy victory.

The Aggies have yet to win a game this year having been downed 41-7 by Fresno State, 22-6 by Occidental, 26-13 by Nevada, and losing 27-13 to Whittier and 40-19 to Cal Ramblers. However, one note of warning. Last year the Aggies also were rated a push-

over, but it was the Gauchos that got pushed over.

Gauchos Roll

After several bad breaks early in the first half, the Gauchos began to roll midway in the second period. Bill Davis set up the first scoring drive when he took a punt on the San Francisco 48 and moved the ball to the 24. Bob Shoup went off tackle for seven yards and then for four more to the 14. Gorrie moved up the middle to the 11. Shoup passed unsuccessfully and then Gorrie crashed through to the two. He went over on the next play.

Leading 7-0 at the half, the Gauchos got a good scare early in the third period when the Gators scored on a 17 yard pass from Quarterback Maury Duncan to End Merrill Jacobs. The play climaxed a 69 yard drive.

Morris Scores

With the Gauchos holding a narrow 7-6 lead Gary Morris took a handoff from Davis on the ensuing kickoff and raced down the sidelines for 90 yards and the Gauchos second TD. Morris's run was aided by tremendous blocking which was typical of both the Gauch line and backfield all evening. When the Gauchos hit them, they stayed hit.

The Gauchos got their final score on a 99 yard drive that was climaxed by a 28 yard pass play from Shoup to End George Mattias. Mattias took a short toss from Shoup and tight walked along the sidelines for the score.

San Francisco made one final attempt but the drive fell short when Bob Biddle intercepted a Duncan pass in the Gauch end zone.

The final gun saw the Gauchos carry Coaches Williamson, Engle, and Kelliher triumphantly off the field as they climaxed Homecoming with a well deserved victory.

S.B. Yacht Club Hosts College Sailing Club

Members of the Santa Barbara Yacht Club recently held an afternoon of sailing with the Sailing Club.

Mrs. Irene W. Roche, Mr. Wyley A. Cole, Dr. Paul Sorenson, Charles Miller and Wally Cole donated their boats for the Sunday afternoon sailing.

One of the members of the Yacht Club will be a guest speaker for the Sailing Club at one of its future meetings. Any interested person is invited by the club to attend.

Field for Men

In the Elementary Education Department the poor men are far outnumbered with only 35 men to 223 women. Sounds hard to take, doesn't it?

GLOOMY Stan Williamson put away his crying towel early in the first half of last Friday's game as the Gauchos went on to pound the San Francisco State Gators 20-6.

Intramural Football In Second Week

Intramural Football went into full swing last week with Sigma Pi, Sigma Alpha Epsilon and the Industrial Arts Club coming out on top in the first week's games.

Sigma Pi scored their win by downing Lambda Chi Alpha 12-2. SAE dropped Kappa Sigma 13-6 and the I. A. Club won by forfeit from Sigma Phi Epsilon.

This week five games are scheduled. Today the Sig Eps meet Sigma Tau Gamma. Yesterday SAE met the I. A. Club and the Lambda Chis met Delta Tau Delta. Thursday finds Sigma Pi meeting the Sig Eps and Sig Tau meeting the I. A. Club.

Intramural Bowling Canceled Tomorrow

There will be no bowling tomorrow night. Both leagues will bowl every Thursday evening beginning Nov. 6.

In the Intramural Bowling League the Faculty team and Downtown Drunks lead with seven wins and one loss. The Sleep and Eat team leads in the Coed League.

Bill Farris is chairman of the bowling league.

Tried One Lately? Bob Dunford's TWIN-BURGER DRIVE-IN 2731 De la Vina

Rally Committee Has Four Sub-Groups

The echoes that were heard last Saturday night were not repercussions of the atom bomb, but the vibrations of the successful rally. The success of this rally was due primarily to the enthusiastic new Rally Committee, consisting of 52 members, under the direction of Peggy Gilbert.

The Rally Committee, which recently has been organized, consists of four sub-committees.

The Publicity Committee is responsible for all publicity on the Mesa and Riviera campuses. Every week before the game there will be special banners nine feet long over the men's gym, announcing the time of the rally.

The Decoration Committee's chief duty is decorating the goal posts of both the teams.

The Correspondence Committee contacts all schools about future games. They secure information about the opposing team colors, its band, and if its cheer leaders plan on coming.

The Half-time Committee plans entertainment for the intermissions. Part of the credit for the success of this committee must go to the supporting band, which greatly adds interest to the program.

"With this fine group leading us, the student body should be able to show spirit so far unsurpassed. The rallies will be bigger and better than ever this year!" said Peggy.

why do we call it polo flannel . . .

Our newest long sleeve sport shirt is giving us a bad time. It's a fine brushed cotton flannel so wonderful to feel that a customer suggested we call it "Polo Flannel," then the fellow left before we could get a definition. So when people ask, "why do you call it 'Polo Flannel' " all we can do is laugh and say "That's a good question" — but they buy the shirt anyway. Tattersall Plaids and other plaids. Easy to launder and defies shrinkage.

ABOUT CAMPUS

Imagine My Surprise!

Well, well . . . Homecoming is over. The biggest and best ever as predicted by the Homecoming Committee ably headed by Ted Troy. He and his group deserve buckets of flowers. Being short of flowers this season I took the liberty of sending them several buckets of very tired crepe paper from the folats. I'm sure it was appreciated, as it was immediately thrown in the incinerator.

Speaking of Homecoming, I guess that everyone noticed the millions of alums who returned. They were all over the place. The Bakersfield gang sure was in evidence—Elaine Strobel, Tiger Mathews, Pat Welsh, Bev Purdum, to mention a few. I guess they ditched teaching for the day or something.

The game sure sounded good. The rooting section even yelled, much to my surprise and happiness. The score of the game was even better; Those San Francisco kids really took it large: I guess the school owes a big vote of thanks to the football team for playing their best game in mucho years. Did we ever look good!!!

I have a goodie now . . . For those of you who saw the GGR this will be particularly choice. The charming secretary in the Sig Ep number was none other than Ford Kaiser. One evening during practice, Ford stepped out of rehearsal to straighten his wig in the men's powder room. A janitor happened to be there as Ford walked in. Hastily the poor flustered man explained that the room Ford wanted was on the other side of the lobby. Now that is what I call excellent impersonation.

I guess some people were wondering at the unfinished appearance of some of the floats in the parade. Ask the Santa Barbara police department. Apparently some of the citizens couldn't sleep with the horrible hammering caused by the kids as they were slaving away.

Chuckles are being caused by the Alpha Phis these days—seems they are spending their time classifying people as birds, horses and muffins. A bird is an aesthetic in the true sense (about 2% of the population). A horse is a driver who wants to get ahead in the worst way and to heck with anyone else. A muffin is just blah. This charming classification includes most of the human race. I was most amused the other night to be classified as a horsy muffin. What are you? Hmmm?

Men Like Money

Economics, something every college student should be interested in, has as majors 61 men and only 8 women. Could it be that the female of the species already knows enough about that old green stuff called money?

What's Brewing?

Chemistry, one of the more "explosive" subjects, has 12 men and only 3 women majors.

The Elem-eds had a picnic at Oak Park the other night. For a change from most school dinners they served delicious chilburgers. All sorts of milk and ice cream too. The fine dinner was ended with a Lion Hunt and a monologue by one S. Stockton about a character called Abercrombie. Some people will do anything for a laugh.

I guess as a budding (?) journalist I am supposed to discuss the current news. The most current thing around this place is All-Cal. This should prove to be quite out of this world. Remember last year at UCLA? I understand several people are still wandering around in a daze missing in action. Well I hear from local Cal Club Chairman, Eileen Berkman, that a really psycho time is in the offing. I for one don't want to miss it. San Francisco and Berkeley are the greatest party towns ever. Just ask any northerner such as Pat Benko, Bobbie Gibson, Ellen Lewis, Diane Campbell, George Stockton, etc., on into the night. Follow these kids; they really know where to go . . .

I was wondering again at the Homecoming game, where is the school mascot that was introduced last year? I haven't seen the guy around very much this semester.

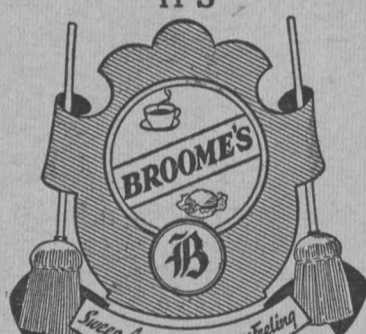

Well, time to fold up again. If I live through next weekend I shall return. Say by the way, those of you who are of voting age, don't forget to vote this year. Those goodies are mucho necessary for to win elections. You go Pogo, I go All-Cal.

Crown and Scepter to Meet at UCSBC Cabin

Crown and Scepter, the senior honorary organization at UCSBC, is planning a social meeting at the College Cabin near San Marcos Pass. The meeting will be held on the first Sunday in November and it will be potluck.

Catherine Cox, president, says the purpose of the meeting is to acquaint the members of Crown and Scepter and also other college organizations with the facilities of the College Cabin, and to plan forthcoming meetings.

Models Wanted for AWS Fashion Show

AWS will hold the first in a series of fashion shows Nov. 11 in the AWS Room. All women students are urged to participate as models for the show, according to Teddie Tye, AWS prexy.

Model applications may be obtained in the AWS Room today and tomorrow and applications must be turned in to the Dean of Women's office Friday. Try-outs will be held Nov. 3, 4 and 5 from 3 to 4:30. Twenty girls will be chosen for modeling. This show is sponsored by Lou Rose.

ECE Halloween Party Tonight at Alpha Phi's

Tonight Halloween will arrive in spirit at the Early Childhood Education Department party. The party will be held at the Alpha Phi house, 2532 State St. It will begin at 7:30 and end at 9:30.

Miss Edith Leonard and Dorothy Van Deman are advisors for the club. The officers include Ann Ford, president; Margaret Brickley, vice-president; Bettie Mills, secretary; Bea Cooper, program chairman; Caire Tompkins, publicity; Lila Linkey, music chairman, and Margie Whittemore, notifications chairman.

Delta Tau Delta Elects Bill Kindell Prexy

Bill Kindell became new president of Delta Tau Delta after special elections held recently. Bill, a senior and economics major, has been active in various campus activities, including installment of non-teacher job placement at UCSBC.

Other officers elected were Ralph Yates, corresponding secretary; Al Cox, sergeant-at-arms, and Skeeter Sicking, president of fall pledge class.

New Registration Totals Released Today Announce That Girls Are Entitled to .8 Man

By Barbara Mathis
The latest figures released by the office of the registrar shows a total enrollment of 694 men to 853 women. This doesn't sound too bad until you think of the ratios—which are .8136 man to each woman and 1.2291 women to each man. And they say it's a man's world!

The various major subjects have the following totals: Art 83, Biology 16, Botany 14, Chemistry 15, Divisional 16, Economics 69, Elementary Education 258, Junior High Education 70, Junior High & Art 1, Junior High & Zoology 1, Kindergarten Primary 75, Administration 1, Non-credential Education 8, English 35, French 8, Group 2, History 37, Home Economics 107, Industrial Arts 183, Mathematics 16, Music 68, Philosophy 9, Physical Education 121, Physical Science 21, Physics 11, Political Science 58, Psychology 34, Social Science 37, Sociology 42, Spanish 15, Speech 38, Special 4, Tutorial 5, Zoology 68, Liberal 1.

Considering the "excess" of men, wonder how our one male Home Economics major feels? Sounds interesting at least from the man's point of view. Majors that the women should look into

are Physics and Industrial Arts. The first is all male and the second has 180 men and only 3 women!

The counties leading in enrollment are Los Angeles with 632 and Santa Barbara with 409. Next highest is San Bernardino with 44, followed by Orange with 39.

Out-of-state students total 63, with Arizona leading with 7 students while Illinois is next in line with 4. There are also 21 students from foreign countries. Widely distributed over the world, they sum up as follows: Arabia 1, Canada 6, Chile 1, Cuba 1, England 1, Germany 1, Iran 2, Mexico 2, Philippine Islands 3, Poland 2 and Sweden 1.

The senior class is the only one in which the men outnumber the

Barbara Buzard Tells Of Recent Marriage

Barbara Buzard, ADPi, passed chocolates to the sorority as she announced her marriage to Carl Hawkins of Illinois. The couple were married in Yuma, Ariz., Oct. 5. Carl, stationed at Camp Cooke, is looking forward to a discharge in February, at which time the couple will settle in Santa Barbara.

women, with 281 men to 222 women; the junior class has 165 men and 183 women, the sophomore class has 126 men to 149 women and the freshman class has only 119 men to 297 women. The complete total registration numbers 1547.

For Your Portraits For Every Need

The big bad wolf, he huffed and puffed
To blow the pigs' house down.
'Twas not a Lucky Strike he puffed,
Or he'd have lost that frown.

Charles LaDue
University of Michigan

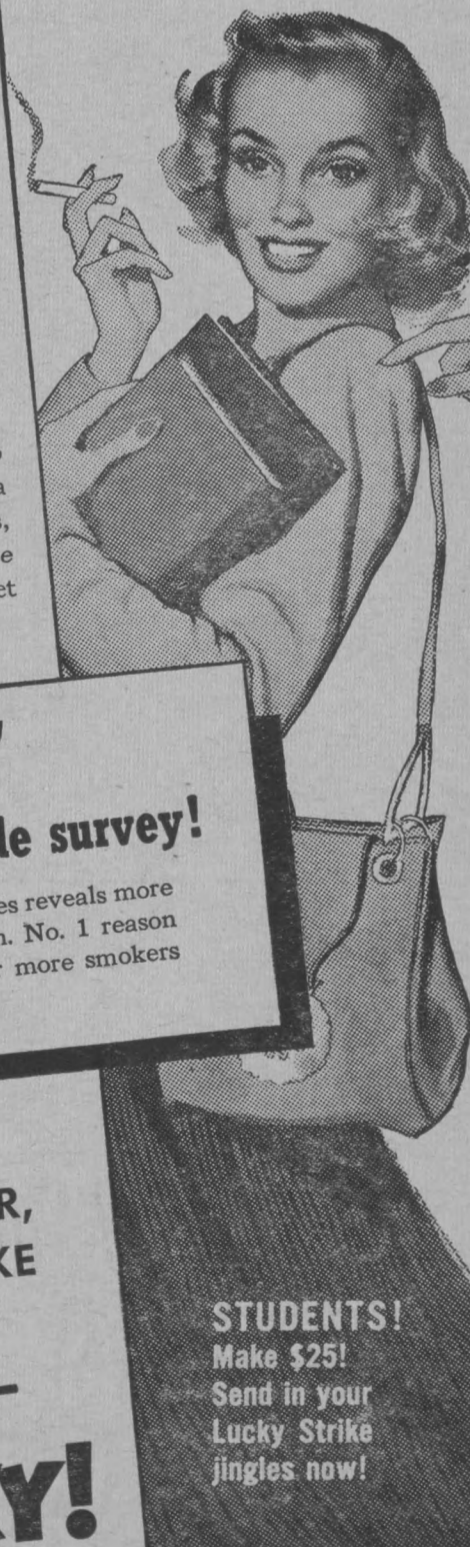

LUCKIES TASTE BETTER!

They're made better to taste cleaner, fresher, smoother!

Take a Lucky from a newly opened pack and carefully remove the paper by tearing down the seam from end to end. Be sure to start on the seam. In tearing don't crush or dig into the tobacco. Then, gently lift out the cylinder. See how free Luckies are from air spaces—"hot spots" that smoke hot, harsh and dry—from loose ends that spoil the taste. Note that Luckies' long strands of fine, mild tobacco are packed firmly to draw smoothly and evenly—to give you a cleaner, fresher, smoother smoke. Yes, Luckies are made better—to taste better! So, Be Happy—Go Lucky! Get a carton today.

When rushing season comes around
For our sorority,
The girl who always gets our bid
Knows L.S./M.F.T.

Leah Belle Korn
Pembroke College

SPECIAL NOTE!
College students prefer Luckies in nation-wide survey!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette—and by a wide margin. No. 1 reason given—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.
